In order to maintain exclusivity in the territory, TFG Radiant must achieve certain specified performance metrics.
- (e) TFG Radiant will pay to the Issuer a series of milestones payments in the event TFG Radiant (i) sells and ships certain quantities of CIGS PV and (ii) achieves certain target costs of production.

- (g) TFG Radiant will pay to the Issuer a license fee at the time of commissioning for each TFG Radiant Fab.

The foregoing description of the Joint Development Agreement does not purport to be complete. The Issuer intends to file a redacted copy of the Joint Development Agreement as an exhibit to a future periodic report of the Issuer and, in connection with such filing, to submit a confidential treatment request letter to the Securities and Exchange Commission.
