President's Letter

Dear Stockholder,

I am pleased to present this annual report for the Neuberger Berman Intermediate Municipal Closed-End Funds for the 12 months ended October 31, 2015. The report includes portfolio commentaries, listings of the Funds' investments and their audited financial statements for the reporting period.

Each Fund's investment objective is to provide a high level of current income exempt from regular federal income tax and, for each state-specific Fund, a high level of current income exempt from that state's personal income taxes (and, in the case of the New York Fund, New York City personal income tax).

We maintain a conservative investment philosophy and disciplined investment process in an effort to provide you with superior tax-exempt current income over the long term with less volatility and risk.

Thank you for your confidence in the Funds. We will continue to do our best to earn your trust in the years to come.

Sincerely,

ROBERT CONTI
PRESIDENT AND CEO

Neuberger Berman Intermediate Municipal Closed-End Funds Portfolio Commentaries (Unaudited)

For the 12 months ended October 31, 2015, on a net asset value (NAV) basis, all three of the Neuberger Berman Intermediate Municipal Closed-End Funds posted positive returns and outperformed their benchmark, the Barclays 10-Year Municipal Bond Index. California Intermediate Municipal Fund, Intermediate Municipal Fund and New York Intermediate Municipal Fund posted 4.37%, 4.21% and 3.70% total returns for the period, respectively, whereas the benchmark generated a 3.19% return. (Fund performance on a market basis is provided in the table immediately following this letter.) The use of leverage (typically a performance enhancer in up markets and a detractor during market retreats) contributed to the performance of each Fund given the positive return delivered by the municipal market during the reporting period.

The municipal bond market posted a positive return and outperformed the overall taxable bond market during the reporting period. Fundamentals in the municipal market generally improved along with the U.S. economy. This, coupled with declining long-term interest rates, was supportive for the tax-free market. While new supply was robust during the period, it was generally well absorbed by investor demand.

Given the steepness of the municipal yield curve and our aim to generate incremental income, we maintained a long duration for each of the Funds. This benefited performance as interest rates generally declined during the reporting period. In terms of the Funds' yield curve positioning, we maintained a barbell approach (investing in shorter and longer maturities). In contrast, the Funds' benchmark is concentrated in the eight- to 12-year portion of the curve. Yield curve positioning detracted from results as the intermediate portion of the municipal curve outperformed its short- and longer-term counterparts.

The Funds maintained a lower quality relative to that of the benchmark in an attempt to generate additional yield. This was additive for results given the outperformance of lower quality bonds during the reporting period. From a sector perspective, overweights to hospitals and housing benefited results as these higher yielding sectors outperformed the benchmark.

A number of changes were made to the Funds during the reporting period. We allowed the Funds' long durations to drift a bit shorter with the passage of time, in an effort to reduce interest rate risk. Given our quest to generate additional yield, we increased the Funds' (with the exception of the California Intermediate Municipal Fund) allocation to securities rated BBB and lower. Finally, we increased the Funds' allocations to the long end of the municipal yield curve and pared their exposure to the intermediate segment of the curve. This was done given our anticipation of a flattening of the municipal yield curve.

Looking ahead, we have a generally positive outlook for the municipal market. Fundamentally, we believe the U.S. economy will continue to expand with modest inflation. Moving forward, we see two major factors driving market performance. First, we believe the U.S. Federal Reserve is likely to pressure absolute returns as it moves off its zero-rate target. This could have an uneven impact on the yield curve, highlighting the potential benefits of active yield curve management. Second, we think the municipal market should benefit from what we think are still attractive valuations relative to taxable alternatives. This, in turn, could drive overall solid investor demand. At the same time, supply could moderate as municipalities have already aggressively taken advantage of low interest rates to refinance existing debt and lower borrowing costs. Finally, while we see an overall favorable environment for the municipal market, investment sentiment could be challenged at times by headlines surrounding the lingering effects of Puerto Rico's debt restructuring and other one-off credit events.

Sincerely,

JAMES L. ISELIN AND S. BLAKE MILLER

Closed-end funds, unlike open-end funds, are not continually offered. Generally, there is an initial public offering and, once issued, shares of common stock of closed-end funds are sold in the secondary market on a stock exchange.

The performance data quoted represent past performance and do not indicate future results. Current performance may be lower or higher than the performance data quoted. For more current performance data, please visit www.nb.com/cef-performance.

The results shown in the table reflect the reinvestment of income dividends and other distributions, if any. The results do not reflect the effect of taxes a stockholder would pay on Fund distributions or on the sale of shares of a Fund's common stock.

The investment return and market price will fluctuate and shares of a Fund's common stock may trade at prices above or below NAV. Shares of a Fund's common stock, when sold, may be worth more or less than their original cost.

Returns would have been lower if Neuberger Berman Management LLC (Management) had not waived a portion of its investment management fees during certain of the periods shown. Please see the Notes to Financial Highlights for additional information regarding fee waivers.

Description of Index

Barclays 10-Year Municipal Bond Index: The index is the 10-year (8-12 years to maturity) component of the Barclays Municipal Bond Index. The Barclays Municipal Bond Index measures the investment grade, U.S. dollar-denominated, long-term, tax-exempt bond market and has four main sectors: state and local general obligation bonds, revenue bonds, insured bonds and prerefunded bonds.

Please note that the index does not take into account any fees and expenses or any tax consequences of investing in individual securities that it tracks and that individuals cannot invest directly in any index. Data about the performance of this index are prepared or obtained by Management and include reinvestment of all income dividends and other distributions, if any. The Funds may invest in securities not included in the above described index and generally do not invest in all securities included in the index.

Notes to Schedule of Investments

† In accordance with Accounting Standards Codification (“ASC”) 820 “Fair Value Measurement” (“ASC 820”), all investments held by each of Neuberger Berman California Intermediate Municipal Fund Inc. (“California”), Neuberger Berman Intermediate Municipal Fund Inc. (“Intermediate”) and Neuberger Berman New York Intermediate Municipal Fund Inc. (“New York”) (each individually a “Fund” and collectively, the “Funds”) are carried at the value that Neuberger Berman Management LLC (“Management”) believes a Fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market for the investment under current market conditions. Various inputs, including the volume and level of activity for the asset or liability in the market, are considered in valuing the Funds’ investments, some of which are discussed below. Significant Management judgment may be necessary to value investments in accordance with ASC 820.

ASC 820 established a three-tier hierarchy of inputs to create a classification of value measurements for disclosure purposes. The three-tier hierarchy of inputs is summarized in the three broad Levels listed below.

Level 1 – quoted prices in active markets for identical investments

Level 2 – other observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, amortized cost, etc.)

Level 3 – unobservable inputs (including a Fund’s own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing an investment are not necessarily an indication of the risk associated with investing in those securities.

The value of the Funds’ investments in municipal securities is determined by Management primarily by obtaining valuations from independent pricing services based on readily available bid quotations, or if quotations are not available, by methods which include various considerations such as yields or prices of securities of comparable quality, coupon, maturity and type; indications as to values from dealers; and general market conditions (generally Level 2 inputs). Other Level 2 and 3 inputs used by independent pricing services to value municipal securities and units include current trades, bid-wanted lists (which informs the market that a holder is interested in selling a position and that offers will be considered), offerings, general information on market movement, direction, trends, appraisals, bid offers and specific data on specialty issues.

Management has developed a process to periodically review information provided by independent pricing services for all types of securities.

If a valuation is not available from an independent pricing service, or if Management has reason to believe that the valuation received does not represent the amount a Fund might reasonably expect to receive on a current sale in an orderly transaction, Management seeks to obtain quotations from brokers or dealers (generally considered Level 2 or Level 3 inputs depending on the number of quotes available). If such quotations are not readily available, the security is valued using methods the Fund’s Board of Directors (each Fund’s Board of Directors, a “Board”) has approved in the good-faith belief that the resulting valuation will reflect the fair value of the security. Numerous factors may be considered when determining the fair value of a security based on Level 2 or Level 3 inputs, including available analyst, media or other reports, trading in futures or American Depositary Receipts (“ADRs”) and whether the issuer of the security being fair valued has other securities outstanding.

Fair value prices are necessarily estimates, and there is no assurance that such a price will be at or close to the price at which the security is next quoted or next trades.

The following table presents additional information about valuation techniques and inputs used for investments that are measured at fair value and categorized within Level 3 as of October 31, 2015.

	Asset class	Fair value at 10/31/15	Valuation techniques	Unobservable input	Range per unit	Weighted average per unit	Impact valuation from decrease in input
New York	Units	\$1,731,600	Income Approach	Appraised value	\$2,750 - \$3,050	\$2,900	Decrease

As of the year ended October 31, 2015, the Funds had no transfers between Levels 1, 2 or 3 based on the beginning of period market values as of October 31, 2014.

At October 31, 2015, selected fund information on a U.S. federal income tax basis was as follows:

(000's omitted)	Cost	Gross Unrealized Appreciation	Gross Unrealized Depreciation	Net Unrealized Appreciation (Depreciation)
California	\$133,412	\$9,238	\$173	\$9,065

Notes to Financial Statements Intermediate Municipal Closed-End Funds

Note A—Summary of Significant Accounting Policies:

1 General: The Funds were organized as Maryland corporations on July 29, 2002. California and New York registered as non-diversified, closed-end management investment companies and Intermediate registered as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended (the “1940 Act”). Each Fund’s Board may classify or re-classify any unissued shares of capital stock into one or more classes of preferred stock without the approval of stockholders.

A zero balance, if any, reflects an actual amount rounding to less than \$1,000.

The assets of each Fund belong only to that Fund, and the liabilities of each Fund are borne solely by that Fund and no other.

Each Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (FASB) Accounting Standard Codification Topic 946 “Financial Services—Investment Companies.”

The preparation of financial statements in accordance with U.S. generally accepted accounting principles (“GAAP”) requires Management to make estimates and assumptions at the date of the financial statements. Actual results could differ from those estimates.

2 Portfolio valuation: Investment securities are valued as indicated in the notes following the Funds’ Schedule of Investments.

3 Securities transactions and investment income: Securities transactions are recorded on trade date for financial reporting purposes. Interest income, including accretion of discount (adjusted for original issue discount, where applicable) and amortization of premium, where applicable, is recorded on the accrual basis. Realized gains and losses from securities transactions are recorded on the basis of identified cost and stated separately in the Statements of Operations.

4 Income tax information: Each Fund is treated as a separate entity for U.S. federal income tax purposes. It is the policy of each Fund to continue to qualify for treatment as a regulated investment company (“RIC”) by complying with the requirements of the U.S. Internal Revenue Code applicable to RICs and to distribute substantially all of its net investment income and net realized capital gains to its stockholders. To the extent a Fund distributes substantially all of its net investment income and net realized capital gains to stockholders, no federal income or excise tax provision is required.

The Funds have adopted the provisions of ASC 740 “Income Taxes” (“ASC 740”). ASC 740 sets forth a minimum threshold for financial statement recognition of a tax position taken, or expected to be taken, in a tax return. The Funds recognize interest and penalties, if any, related to unrecognized tax positions as an income tax expense in the Statements of Operations. The Funds are subject to examination by U.S. federal and state tax authorities for returns filed for the tax years for which the applicable statutes of limitations have not yet expired. As of October 31, 2015, the Funds did not have any unrecognized tax positions.

Income distributions and capital gain distributions are determined in accordance with income tax regulations, which may differ from GAAP. These differences, if any, are primarily due to differing treatments of income and gains on various investment securities held by each Fund, timing differences, capital loss carryforwards expiring and differing characterization of distributions made by each Fund.

As determined on October 31, 2015, permanent differences resulting primarily from different book and tax accounting were reclassified at year end. Such differences are attributed to the tax treatment of partnership basis adjustments, prior year partnership adjustments, defaulted bonds, non-deductible Variable Rate Municipal Term Preferred Shares (“VMTPS”), and expiration of capital loss carryforwards. These reclassifications had no effect on net income, net asset value (“NAV”) or NAV per share of each Fund. For the year ended October 31, 2015, the Funds recorded the following permanent reclassifications:

	Paid-in Capital	Undistributed Net Investment Income (Loss)	Accumulated Net Realized Gains (Losses) on Investments
California	\$(29,565)	\$29,565	\$—
Intermediate	(183,884)	62,305	121,579
New York	(27,693)	50,591	(22,898)

The tax character of distributions paid during the years ended October 31, 2015 and October 31, 2014 were as follows:

	Distributions Paid From:					
	Tax-Exempt Income		Ordinary Income		Total	
	2015	2014	2015	2014	2015	2014
California	\$5,183,345	\$4,720,334	\$102,578	\$97,664	\$5,285,923	\$4,817,998
Intermediate	19,033,784	16,472,593	179,893	290,773	19,213,677	16,763,366
New York	4,234,101	4,178,249	23,910	24,603	4,258,011	4,202,852

As of October 31, 2015, the components of distributable earnings (accumulated losses) on a U.S. federal income tax basis were as follows:

	Undistributed Tax-Exempt Income	Undistributed Ordinary Income	Undistributed Long-Term Capital Gain	Undistributed Realized Appreciation (Depreciation)	Loss Carryforwards and Deferrals	Other Temporary Differences	Total
California	\$1,142,951	\$—	\$—	\$9,064,519	\$(3,927,515)	\$(440,366)	\$5,835,185
Intermediate	11,271,977	—	—	38,953,157	(18,935,668)	(1,600,446)	29,689,020
New York	368,893	—	—	4,208,848	(3,662,213)	(341,327)	5,614,201

The differences between book basis and tax basis distributable earnings are primarily due to: timing differences of distribution payments, partnership basis adjustments, capital loss carryforwards and defaulted bond income adjustments.

To the extent each Fund’s net realized capital gains, if any, can be offset by capital loss carryforwards, it is the policy of each Fund not to distribute such gains. The Regulated Investment Company Modernization Act of 2010 (the “Act”) became effective for the Funds on November 1, 2011. The Act modernizes several of the federal income and excise tax provisions related to RICs. Among the changes made are changes to the capital loss carryforward rules allowing for RICs to carry forward capital losses indefinitely and to retain the character of capital loss carryforwards as short-term or long-term (“Post-Enactment”). Rules in effect previously limited the carryforward period to eight years and all carryforwards were considered short-term in character (“Pre-Enactment”). As determined at October 31, 2015, the following Funds had unused capital loss carryforwards available for federal income tax purposes to offset net realized capital gains, if any, as follows:

Pre-Enactment

	Expiring in:			
	2016	2017	2018	2019
California	\$—	\$783,685	\$—	\$—
Intermediate	232,566	9,552,881	302,263	—
New York	269,555	1,053,807	—	7,374

34

	Post-Enactment (No Expiration Date)	
	Long-Term	Short-Term
California	\$2,799,431	\$344,399
Intermediate	7,490,081	1,357,877
New York	1,865,796	465,681

Post-Enactment capital loss carryforwards must be fully used before Pre-Enactment capital loss carryforwards; therefore, under certain circumstances, Pre-Enactment capital loss carryforwards available as of the report date may expire unused.

During the year ended October 31, 2015, Intermediate had capital loss carryforwards expire of \$126,780.

During the year ended October 31, 2015, California, Intermediate and New York utilized capital loss carryforwards of \$154,002, \$1,157,984 and \$36,561, respectively.

5 Distributions to common stockholders: Each Fund earns income, net of expenses, daily on its investments. It is the policy of each Fund to declare and pay monthly distributions to common stockholders. Distributions from net realized capital gains, if any, are normally distributed in December. Distributions to common stockholders are recorded on the ex-date. Distributions to preferred stockholders are accrued and determined as described in Note A.

On November 16, 2015, each Fund declared a monthly distribution to common stockholders payable December 15, 2015, to stockholders of record on November 30, 2015, with an ex-date of November 25, 2015 as follows:

Distribution per share	
California	\$0.068
Intermediate	0.075
New York	0.057

On December 15, 2015, each Fund declared a monthly distribution to common stockholders payable January 15, 2016, to stockholders of record on December 31, 2015, with an ex-date of December 29, 2015 as follows:

Distribution per share	
California	\$0.068
Intermediate	0.075
New York	0.057

6 Expense allocation: Certain expenses are applicable to multiple funds within the complex of related investment companies. Expenses directly attributable to a Fund are charged to that Fund. Expenses borne by the complex of related investment companies, which includes open-end and closed-end investment companies for which Management serves as investment manager, that are not directly attributable to a particular investment company (e.g., a Fund) are allocated among the Funds and the other investment companies or series thereof in the complex on the basis of relative net assets, except where a more appropriate allocation of expenses to each of the investment companies or series thereof in the complex can otherwise be made fairly.

7 Financial leverage: On October 21, 2002, the Funds re-classified unissued shares of capital stock into several series of Auction Market Preferred Shares (“AMPS”), as follows:

	Series A Shares	Series B Shares
California	1,500	1,500
Intermediate	4,000	4,000

New York	1,500	1,500
----------	-------	-------

35

On December 13, 2002, the Funds issued several series of AMPS, as follows:

	Series A Shares	Series B Shares
California	1,180	1,180
Intermediate	3,588	3,588
New York	965	965

All shares of each series of AMPS had a liquidation preference of \$25,000 per share plus any accumulated unpaid distributions, whether or not earned or declared by a Fund, but excluding interest thereon. Distributions to AMPS shareholders, which were cumulative, were accrued daily. It was the policy of each Fund to pay distributions every 7 days for each Fund's AMPS Series A and every 28 days for each Fund's AMPS Series B, unless in a special rate period.

On June 24, 2014, the Funds re-classified unissued shares of capital stock into VMTPS, Series A, as follows:

	Series A Shares
California	590
Intermediate	1,794
New York	483

On June 30, 2014, July 1, 2014 and July 2, 2014, the Funds issued VMTPS, Series A, as follows:

	Series A Shares
California	590
Intermediate	1,794
New York	483

Each Fund used the proceeds of the sale of VMTPS to redeem its outstanding AMPS. Each Fund's VMTPS have a liquidation preference of \$100,000 per share plus any accumulated unpaid distributions, whether or not earned or declared by the Fund, but excluding interest thereon ("Liquidation Value"). Distributions on the VMTPS are accrued daily and paid monthly at a floating rate. For financial reporting purposes only, the liquidation preference of the VMTPS is recognized as a liability in each Fund's Statement of Assets and Liabilities.

The distribution rate for each Fund's VMTPS is calculated based on the applicable SIFMA Municipal Swap Index plus a spread. The table below sets forth key terms of each Fund's VMTPS.

Fund	Series	Term Redemption Date	Shares Outstanding	Aggregate Liquidation Preference	Estimated Fair Value
California	Series A	6/30/2019	590	\$59,000,000	\$59,000,000
Intermediate	Series A	7/1/2019	1,794	\$179,400,000	\$179,400,000
New York	Series A	7/2/2019	483	\$48,300,000	\$48,300,000

The Funds have paid up front expenses in connection with offering the VMTPS, which are being amortized over the life of the VMTPS. The expenses are included in the Distributions to variable rate municipal term preferred shareholders and amortization of offering costs line item that is reflected in the Statements of Operations.

Each Fund may redeem VMTPS, in whole or in part, at its option after giving a minimum amount of notice to the relevant holders of its VMTPS, but will incur additional expenses if it chooses to so redeem. Each Fund is also subject to certain restrictions relating to the VMTPS. Failure to comply with these restrictions could preclude a Fund from declaring any distributions to common stockholders or repurchasing common stock and/or could trigger the

mandatory redemption of VMTPS at Liquidation Value. The holders of VMTPS are entitled to one vote per share and will vote with holders of common stock as a single class, except that the holders of VMTPS will vote separately as a class on certain matters, as required by law or the Fund's organizational documents. The holders of VMTPS, voting as a separate class, are entitled at all times to elect two Directors of the Fund, and to elect a majority of the Directors of the Fund if the Fund fails to pay distributions on VMTPS for two consecutive years.

8 Concentration of risk: The ability of the issuers of the debt securities held by the Funds to meet their obligations may be affected by economic developments, including those particular to a specific industry or region. California and New York normally invest a substantial portion of their assets in municipal bonds of issuers located in the state of California and the state of New York, respectively. The value of each of these Fund’s securities are more susceptible to adverse economic, political, regulatory or other factors affecting the issuers of such municipal bonds than a fund that does not limit its investments to such issuers.

9 Indemnifications: Like many other companies, the Funds’ organizational documents provide that their officers (“Officers”) and directors (“Directors”) are indemnified against certain liabilities arising out of the performance of their duties to the Funds. In addition, both in some of their principal service contracts and in the normal course of their business, the Funds enter into contracts that provide indemnifications to other parties for certain types of losses or liabilities. Each Fund’s maximum exposure under these arrangements is unknown as this could involve future claims against each Fund.

10 Arrangements with certain non-affiliated service providers: In order to satisfy rating agency requirements, each Fund is required to provide the rating agency that rates its VMTPS a report on a monthly basis verifying that each Fund is maintaining eligible assets having a discounted value equal to or greater than the Preferred Shares Basic Maintenance Amount, which is a minimum level set by the rating agency as one of the conditions to maintain its rating on the VMTPS. “Discounted value” refers to the fact that the rating agency requires each Fund, in performing this calculation, to discount portfolio securities below their face value, at rates determined by the rating agency. Each Fund pays a fee to State Street Bank and Trust Company (“State Street”) for the preparation of this report which is reflected in the Statements of Operations under the caption “Basic maintenance expense (Note A).”

Note B—Investment Management Fees, Administration Fees, and Other Transactions with Affiliates:

Each Fund retains Management as its investment manager under a Management Agreement. For such investment management services, each Fund pays Management a fee at the annual rate of 0.25% of its average daily Managed Assets. Managed Assets equal the total assets of the Fund, less liabilities other than the aggregate indebtedness entered into for purposes of leverage. For purposes of calculating Managed Assets, any VMTPS Liquidation Value (AMPS Liquidation Value prior to June 30, 2014, July 1, 2014 and July 2, 2014 for California, Intermediate and New York, respectively) is not considered a liability.

Each Fund retains Management as its administrator under an Administration Agreement. Each Fund pays Management an administration fee at the annual rate of 0.30% of its average daily Managed Assets under this agreement. Additionally, Management retains State Street as its sub-administrator under a Sub-Administration Agreement. Management pays State Street a fee for all services received under the agreement.

Neuberger Berman LLC (“Neuberger”) is retained by Management pursuant to a Sub-Advisory Agreement to furnish it with investment recommendations and research information without added cost to the Funds. Several individuals who are Officers and/or Directors of each Fund are also employees of Neuberger and/or Management.

Note C—Securities Transactions:

During the year ended October 31, 2015, there were purchase and sale transactions of long-term securities as follows:

(000’s omitted)	Purchases	Sales
California	\$13,044	\$14,083
Intermediate	43,703	47,435
New York	21,908	22,717

Note D—Capital:

Transactions in shares of common stock for the years ended October 31, 2015 and October 31, 2014 were as follows:

	Stock Issued on Reinvestment of Dividends and Distributions		Net Increase/(Decrease) in Common Stock Outstanding	
	2015	2014	2015	2014
California	4,619	5,192	4,619	5,192
Intermediate	—	3,131	—	3,131
New York	—	1,103	—	1,103

Note E—Legal Entity Consolidation:

On or about January 1, 2016, it is anticipated that Management and Neuberger will transfer to Neuberger Berman Fixed Income LLC (“NBFI”) their rights and obligations pertaining to all services they provide to the Funds under the Management Agreements, Sub-Advisory Agreements, and/or Administration Agreements, as applicable (the “Agreements”). Following such transfer, NBFI will be renamed Neuberger Berman Investment Advisers LLC (“NBIA”).

Management currently serves as the Funds’ investment manager and administrator and Neuberger currently serves as the Funds’ sub-adviser. Following the consolidation, the investment professionals of Management and Neuberger, who currently provide services to the Funds under the Agreements, will continue to provide the same services, except that they will provide those services in their new capacities as investment professionals of NBIA. Further, the consolidation will not result in any change in the investment processes currently employed by any Fund, the nature or level of services provided to any Fund, or the fees any Fund pays under its Agreements.

Notes to Financial Highlights Intermediate Municipal Closed-End Funds

† Total return based on per share NAV reflects the effects of changes in NAV on the performance of each Fund during each fiscal period. Total return based on per share market value assumes the purchase of shares of common stock at the market price on the first day and sale of common stock at the market price on the last day of the period indicated. Dividends and distributions, if any, are assumed to be reinvested at prices obtained under each Fund's distribution reinvestment plan. Results represent past performance and do not indicate future results. Current returns may be lower or higher than the performance data quoted. Investment returns may fluctuate and shares of common stock when sold may be worth more or less than original cost. For each Fund, total return would have been lower if Management had not waived a portion of the investment management fee during certain of the periods shown.

Represents the annualized ratios of net expenses to average daily net assets if Management had not waived a portion of the investment management fee.

‡ After waiver of a portion of the investment management fee by Management during certain of the periods shown. Each Fund is required to calculate an expense ratio without taking into consideration any expense reductions related to expense offset arrangements. Prior to January 1, 2013, each Fund had an expense offset arrangement in connection with its custodian contract. Had the Funds not received expense reductions related to expense offset arrangements, the annualized ratios of net expenses to average daily net assets applicable to common stockholders would have been:

	Year Ended October 31,		
	2013	2012	2011
California	1.43%	1.33%	1.29%
Intermediate	1.17%	1.09%	1.05%
New York	1.43%	1.34%	1.29%

@ Calculated by subtracting the Fund's total liabilities (excluding the liquidation preference of VMTPS and accumulated unpaid distributions on the VMTPS (AMPS prior to June 30, 2014, July 1, 2014 and July 2, 2014 for California, Intermediate and New York, respectively)) from the Fund's total assets and dividing by the number of VMTPS/AMPS outstanding.

†† Expense ratios do not include the effect of distributions on AMPS. Income ratios include income earned on assets attributable to the VMTPS (AMPS prior to June 30, 2014, July 1, 2014 and July 2, 2014 for California, Intermediate and New York, respectively) outstanding.

¢ Calculated based on the average number of shares of common stock outstanding during each fiscal period.

∅ Distributions on VMTPS are included in expense ratios. The annualized ratios of distributions on VMTPS to average net assets applicable to common stockholders were:

	Year Ended October 31,	
	2015	2014
California	0.89%	0.96%
Intermediate	0.77%	0.83%
New York	0.85%	0.91%

∅∅ The annualized ratios of distributions on AMPS to average net assets applicable to common stockholders were:

	Year Ended October 31,			
	2014	2013	2012	2011
California	0.05%	0.13%	0.17%	0.24%
Intermediate	0.04%	0.12%	0.15%	0.22%

New York 0.05% 0.12% 0.16% 0.22%

^ Prior to June 30, 2014, California had AMPS outstanding. On June 30, 2014, California issued 590 VMTPS and redeemed its outstanding AMPS (see Note A to Financial Statements).

^^ Prior to July 1, 2014, Intermediate had AMPS outstanding. On July 1, 2014, Intermediate issued 1,794 VMTPS and redeemed its outstanding AMPS (see Note A to Financial Statements).

^^^ Prior to July 2, 2014, New York had AMPS outstanding. On July 2, 2014, New York issued 483 VMTPS and redeemed its outstanding AMPS (see Note A to Financial Statements).

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders of:
Neuberger Berman California Intermediate Municipal Fund Inc.
Neuberger Berman Intermediate Municipal Fund Inc.
Neuberger Berman New York Intermediate Municipal Fund Inc.

We have audited the accompanying statements of assets and liabilities of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc., and Neuberger Berman New York Intermediate Municipal Fund Inc. (the "Funds"), including the schedules of investments, as of October 31, 2015, and the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Funds' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Funds' internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of October 31, 2015 by correspondence with the custodian and others or by other appropriate auditing procedures where replies from others were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc., and Neuberger Berman New York Intermediate Municipal Fund Inc., at October 31, 2015, the results of their operations for the year then ended, the changes in their net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

Distribution Reinvestment Plan for each Fund

Computershare, Inc. (the “Plan Agent”) will act as Plan Agent for stockholders who have not elected in writing to receive dividends and distributions in cash (each a “Participant”), will open an account for each Participant under the Distribution Reinvestment Plan (“Plan”) in the same name as their then-current shares of the Fund’s common stock (“Shares”) are registered, and will put the Plan into effect for each Participant as of the first record date for a dividend or capital gains distribution.

Whenever the Fund declares a dividend or distribution with respect to the Shares, each Participant will receive such dividends and distributions in additional Shares, including fractional Shares acquired by the Plan Agent and credited to each Participant’s account. If on the payment date for a cash dividend or distribution, the net asset value is equal to or less than the market price per Share plus estimated brokerage commissions, the Plan Agent shall automatically receive such Shares, including fractions, for each Participant’s account. Except in the circumstances described in the next paragraph, the number of additional Shares to be credited to each Participant’s account shall be determined by dividing the dollar amount of the dividend or distribution payable on their Shares by the greater of the net asset value per Share determined as of the date of purchase or 95% of the then-current market price per Share on the payment date.

Should the net asset value per Share exceed the market price per Share plus estimated brokerage commissions on the payment date for a cash dividend or distribution, the Plan Agent or a broker-dealer selected by the Plan Agent shall endeavor, for a purchase period lasting until the last business day before the next date on which the Shares trade on an “ex-dividend” basis, but in no event, except as provided below, more than 30 days after the payment date, to apply the amount of such dividend or distribution on each Participant’s Shares (less their pro rata share of brokerage commissions incurred with respect to the Plan Agent’s open-market purchases in connection with the reinvestment of such dividend or distribution) to purchase Shares on the open market for each Participant’s account. No such purchases may be made more than 30 days after the payment date for such dividend or distribution except where temporary curtailment or suspension of purchase is necessary to comply with applicable provisions of federal securities laws. If, at the close of business on any day during the purchase period the net asset value per Share equals or is less than the market price per Share plus estimated brokerage commissions, the Plan Agent will not make any further open-market purchases in connection with the reinvestment of such dividend or distribution. If the Plan Agent is unable to invest the full dividend or distribution amount through open-market purchases during the purchase period, the Plan Agent shall request that, with respect to the uninvested portion of such dividend or distribution amount, the Fund issue new Shares at the close of business on the earlier of the last day of the purchase period or the first day during the purchase period on which the net asset value per Share equals or is less than the market price per Share, plus estimated brokerage commissions, such Shares to be issued in accordance with the terms specified in the third paragraph hereof. These newly issued Shares will be valued at the then-current market price per Share at the time such Shares are to be issued.

For purposes of making the reinvestment purchase comparison under the Plan, (a) the market price of the Shares on a particular date shall be the last sales price on the New York Stock Exchange (or if the Shares are not listed on the New York Stock Exchange, such other exchange on which the Shares are principally traded) on that date, or, if there is no sale on such Exchange (or if not so listed, in the over-the-counter market) on that date, then the mean between the closing bid and asked quotations for such Shares on such Exchange on such date and (b) the net asset value per Share on a particular date shall be the net asset value per Share most recently calculated by or on behalf of the Fund. All dividends, distributions and other payments (whether made in cash or Shares) shall be made net of any applicable withholding tax.

Open-market purchases provided for above may be made on any securities exchange where the Fund’s Shares are traded, in the over-the-counter market or in negotiated transactions and may be on such terms as to price, delivery and otherwise as the Plan Agent shall determine. Each Participant’s uninvested funds held by the Plan Agent will not bear

interest, and it is understood that, in any event, the Plan Agent shall have no liability in connection with any inability to purchase Shares within 30 days after the initial date of such purchase as herein provided, or with the timing of any purchases effected. The Plan Agent shall have no responsibility as to the value of the Shares acquired for each

Participant's account. For the purpose of cash investments, the Plan Agent may commingle each Participant's funds with those of other stockholders of the Fund for whom the Plan Agent similarly acts as agent, and the average price (including brokerage commissions) of all Shares purchased by the Plan Agent as Plan Agent shall be the price per Share allocable to each Participant in connection therewith.

The Plan Agent may hold each Participant's Shares acquired pursuant to the Plan together with the Shares of other stockholders of the Fund acquired pursuant to the Plan in noncertificated form in the Plan Agent's name or that of the Plan Agent's nominee. The Plan Agent will forward to each Participant any proxy solicitation material and will vote any Shares so held for each Participant only in accordance with the instructions set forth on proxies returned by the Participant to the Fund.

The Plan Agent will confirm to each Participant each acquisition made for their account as soon as practicable but not later than 60 days after the date thereof. Although each Participant may from time to time have an undivided fractional interest (computed to three decimal places) in a Share, no certificates for a fractional Share will be issued. However, dividends and distributions on fractional Shares will be credited to each Participant's account. In the event of termination of a Participant's account under the Plan, the Plan Agent will adjust for any such undivided fractional interest in cash at the market value of the Shares at the time of termination, less the pro rata expense of any sale required to make such an adjustment.

Any Share dividends or split Shares distributed by the Fund on Shares held by the Plan Agent for Participants will be credited to their accounts. In the event that the Fund makes available to its stockholders rights to purchase additional Shares or other securities, the Shares held for each Participant under the Plan will be added to other Shares held by the Participant in calculating the number of rights to be issued to each Participant.

The Plan Agent's service fee for handling capital gains and other distributions or income dividends will be paid by the Fund. Participants will be charged their pro rata share of brokerage commissions on all open-market purchases.

Each Participant may terminate their account under the Plan by notifying the Plan Agent in writing. Such termination will be effective immediately if the Participant's notice is received by the Plan Agent not less than ten days prior to any dividend or distribution record date, otherwise such termination will be effective the first trading day after the payment date for such dividend or distribution with respect to any subsequent dividend or distribution. The Plan may be terminated by the Plan Agent or the Fund upon notice in writing mailed to each Participant at least 30 days prior to any record date for the payment of any dividend or distribution by the Fund.

These terms and conditions may be amended or supplemented by the Plan Agent or the Fund at any time or times but, except when necessary or appropriate to comply with applicable law or the rules or policies of the Securities and Exchange Commission or any other regulatory authority, only by mailing to each Participant appropriate written notice at least 30 days prior to the effective date thereof. The amendment or supplement shall be deemed to be accepted by each Participant unless, prior to the effective date thereof, the Plan Agent receives written notice of the termination of their account under the Plan. Any such amendment may include an appointment by the Plan Agent in its place and stead of a successor Plan Agent under these terms and conditions, with full power and authority to perform all or any of the acts to be performed by the Plan Agent under these terms and conditions. Upon any such appointment of any Plan Agent for the purpose of receiving dividends and distributions, the Fund will be authorized to pay to such successor Plan Agent, for each Participant's account, all dividends and distributions payable on Shares held in their name or under the Plan for retention or application by such successor Plan Agent as provided in these terms and conditions.

The Plan Agent shall at all times act in good faith and agrees to use its best efforts within reasonable limits to ensure the accuracy of all services performed under this Agreement and to comply with applicable law, but assumes no responsibility and shall not be liable for loss or damage due to errors unless such error is caused by the Plan Agent's

negligence, bad faith, or willful misconduct or that of its employees. These terms and conditions are governed by the laws of the State of Maryland.

45

Reinvested dividends and distributions are taxed in the same manner as cash dividends and distributions — i.e., reinvestment in additional Shares does not relieve stockholders of, or defer the need to pay, any income tax that may be payable (or that is required to be withheld) on Fund dividends and distributions. Participants should contact their tax professionals for information on how the Plan impacts their personal tax situation. For additional information about the Plan, please contact the Plan Agent at 1-866-227-2136 or P.O. Box 30170, College Station, TX 77842-3170.

Board Consideration of the Management and Sub-Advisory Agreements

On an annual basis, the Boards of Directors (each a “Board” and, collectively, the “Boards”) of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc., and Neuberger Berman New York Intermediate Municipal Fund Inc. (each a “Fund” and, collectively, the “Funds”), including the Directors who are not “interested persons” of Neuberger Berman Management LLC (“Management”) (including its affiliates) or a Fund (“Independent Fund Directors”), consider whether to continue the Funds’ management agreement with Management (the “Management Agreements”) and the sub-advisory agreements between Management and Neuberger Berman LLC (“Neuberger”) (the “Sub-Advisory Agreements” and collectively with the Management Agreement, the “Agreements”). Throughout the process, the Independent Fund Directors are advised by counsel that is experienced in Investment Company Act of 1940 matters and that is independent of Management (“Independent Counsel”). At a meeting held on September 8, 2015, each Board, including the Independent Fund Directors, approved the continuation of the Agreements.

In evaluating the Agreements, the Boards, including the Independent Fund Directors, reviewed extensive materials provided by Management in response to questions submitted by the Independent Fund Directors and Independent Counsel, and met with senior representatives of Management and Neuberger regarding their personnel, operations and financial condition as they relate to the Funds. The annual contract review extends over at least two regular meetings of the Boards to ensure that Management and Neuberger have time to respond to any questions the Independent Fund Directors may have on their initial review of the materials and that the Independent Fund Directors have time to consider those responses.

In connection with their deliberations, the Boards also considered the broad range of information relevant to the annual contract review that is provided to the Boards (including their various standing committees) at meetings throughout the year, including investment performance reports and related portfolio information for each Fund, as well as periodic reports on, among other matters, pricing and valuation; quality of portfolio trade execution; compliance and other services provided by Management, Neuberger and their affiliates. To assist the Boards in their deliberations regarding the annual contract review, the Boards have established Contract Review Committees comprised of Independent Fund Directors, as well as other committees that focus throughout the year on specific areas relevant to the annual contract review, such as Fund performance or compliance matters.

The Independent Fund Directors received from Independent Counsel a memorandum discussing the legal standards for their consideration of the proposed continuation of the Agreements. During the course of the year and during their deliberations regarding the annual contract review, the Contract Review Committees and the Independent Fund Directors met with Independent Counsel separately from representatives of Management and Neuberger.

In connection with its approval of the continuation of the Agreements for its Fund, each Board evaluated the terms of the Agreements, the overall fairness of the Agreements to its Fund and whether the Agreements were in the best interests of its Fund and Fund stockholders. Each Board considered all factors it deemed relevant with respect to its Fund, including the following factors: (1) the nature, extent, and quality of the services provided by Management and Neuberger; (2) the investment performance of the Fund compared to an appropriate market index and a peer group of investment companies; (3) the costs of the services provided and the profit realized by Management and its affiliates from their relationship with the Fund; (4) whether and to what extent economies of scale might be realized as the Fund grows; and (5) whether fee levels reflect any such potential economies of scale for the benefit of the Fund’s stockholders. Each Board’s determination to approve the continuation of the Agreements was based on a comprehensive consideration of all information provided to it throughout the year and specifically in connection with the annual contract review. The Board members did not identify any particular information or factor that was all-important or controlling, and each Director may have attributed different weights to the various factors. Each Board focused on the overall costs and benefits of the Agreements to its Fund and, through the Fund, its stockholders.

With respect to the nature, extent and quality of the services provided, each Board considered the investment philosophy and decision-making processes of Management and Neuberger, and the qualifications, experience, capabilities of, and resources available to, the portfolio management personnel of Management and Neuberger who perform services for its Fund. The Boards noted that Management also provides certain administrative services, including fund accounting and compliance oversight. The Boards also considered Management's and Neuberger's policies and practices regarding allocation of portfolio transactions and reviewed the quality of the execution services that Management had provided. The Boards also considered that Management's responsibilities include daily management of investment, operational, enterprise, legal, regulatory and compliance risks as they relate to the Funds, and considered information regarding Management's processes for managing risk. In addition, the Boards noted the positive compliance history of Management and Neuberger, as no significant compliance problems were reported to the Boards with respect to either firm. The Boards also considered the general structure of the portfolio manager compensation program and whether this structure provides appropriate incentives to act in the best interests of the Funds.

As in past years, each Board also considered the manner in which Management addressed various non-routine matters that arose during the year, some of them a result of developments in the broader fund industry or the regulations governing it. In addition, the Boards considered actions taken by Management and Neuberger in response to recent market conditions, including actions taken in response to regulatory concerns about changes in fixed-income market liquidity and potential volatility, and considered the overall performance of Management and Neuberger in this context.

With respect to investment performance, each Board considered information regarding its Fund's short-, intermediate- and long-term performance on both a market return and net asset value basis relative to its benchmark and the average performance of a composite peer group (as constructed by an independent organization) of closed-end investment companies pursuing broadly similar strategies. Considering short-, intermediate- and long-term performance enables each Board to evaluate performance in a variety of market conditions. Each Board also reviewed performance in relation to certain measures of the degree of investment risk undertaken by the portfolio managers. The Boards factored into their evaluations of the Funds' performance the limitations inherent in the methodology for constructing peer groups and determining which investment companies should be included in which peer groups. In the case of those Funds that had underperformed their benchmark index and/or peer groups over certain periods, the Boards discussed with Management each Fund's performance and steps that Management had taken, or intended to take, to improve performance. The Boards considered Management's responsiveness with respect to the Funds that experienced lagging performance. In this regard, each Board noted that performance, especially short-term performance, is only one of the factors that it deems relevant to its consideration of its Fund's Agreements and that, after considering all relevant factors, it may be appropriate to approve the continuation of the Agreements notwithstanding its Fund's recent performance.

With respect to the overall fairness of the Agreements, each Board considered the fee structure for its Fund under the Agreements as compared to a peer group of comparable funds and any fall-out benefits likely to accrue to Management or Neuberger or their affiliates from their relationship with its Fund. The Boards also considered the profitability of Management and its affiliates from their association with the Funds, profitability broken out between the investment management and administrative portions of the services provided, and year-over-year changes in each of Management's reported expense categories. Each Board reviewed a comparison of its Fund's management fee and overall expense ratio to a peer group of broadly comparable funds. With regard to the sub-advisory fee paid to Neuberger, the Boards noted that this fee is "at cost." Each Board noted that the comparative management fee analysis includes, in its Fund's management fee, the separate administrative fee paid to Management, but it was not clear whether administrative services were included in the management fees for all funds in the peer group. In addition, each Board considered the mean and median of the management fees and expense ratios of its Fund's peer group.

With regard to the investment performance of each Fund and the costs of the services provided to each Fund, the Board considered the following information.

Neuberger Berman California Intermediate Municipal Fund Inc. – The Board considered that, as compared to its peer group, the Fund’s contractual management fee was lower than the median, but the actual management fee was higher than the median. The Board considered that, as compared to its peer group, the Fund’s performance was higher

than the median for the 1-year period, but lower than the median for the 3, 5, and 10-year periods. The Board also considered that, as compared to its benchmark, the Fund's performance was higher for the 1, 3, 5, and 10-year periods.

Neuberger Berman Intermediate Municipal Fund Inc. – The Board considered that, as compared to its peer group, the Fund's contractual management fee was lower than the median, but the actual management fee was higher than the median. The Board considered that, as compared to its peer group, the Fund's performance was higher than the median for the 1, 3, 5, and 10-year periods. The Board also considered that, as compared to its benchmark, the Fund's performance was higher for the 1, 3, 5, and 10-year periods.

Neuberger Berman New York Intermediate Municipal Fund Inc. – The Board considered that, as compared to its peer group, the Fund's contractual management fee was lower than the median, but the actual management fee was higher than the median. The Board considered that, as compared to its peer group, the Fund's performance was higher than the median for the 1-year period, but lower than the median for the 3, 5, and 10-year periods. The Board also considered that, as compared to its benchmark, the Fund's performance was higher for the 1, 3, 5, and 10-year periods. The Boards also considered whether there were other funds that were advised or sub-advised by Management or Neuberger or their affiliates with investment objectives, policies and strategies that were similar to those of the Funds. Each Board compared the fees charged to its Fund to the fees charged to any such funds or accounts managed in similar styles to the Fund. Each Board considered the appropriateness and reasonableness of any differences between the fees charged to its Fund and any such funds, including any breakpoints, and determined that differences in fees and fee structures were consistent with the management and other services provided.

Each Board also evaluated any apparent or anticipated economies of scale in relation to the services Management provides to its Fund. The Boards considered that the Funds are closed-end bond funds that are not continuously offering shares and that, without daily inflows and outflows of capital, there are limited opportunities for significant economies of scale to be realized by Management in managing the Funds' assets.

In concluding that the benefits accruing to Management and its affiliates by virtue of their relationship with its Funds were reasonable in light of the costs of providing the investment advisory and other services and the benefits accruing to the Fund, each Board reviewed specific data as to Management's profit on its Fund for a recent period. The Boards also considered Management's cost allocation methodology. The Boards recognized that Management should be entitled to earn a reasonable level of profits for services it provides to the Funds and, based on their review, concluded that Management's reported level of profitability on each Fund was reasonable.

Conclusions

In approving the continuation of the Agreements, each Board concluded that the terms of each respective Agreement are fair and reasonable to its Fund and that approval of the continuation of the Agreements is in the best interests of the respective Fund and its stockholders. In reaching this determination, with respect to each Fund, the respective Board considered that Management and Neuberger could be expected to provide a high level of service to the Fund; that the performance of each Fund was satisfactory over time, or, in the case of underperforming Funds, that it retained confidence in Management's and Neuberger's capabilities to manage the Fund; that the Fund's fee structure appeared to the Board to be reasonable given the nature, extent and quality of services provided; and that the benefits accruing to Management and its affiliates by virtue of their relationship with the Fund were reasonable in light of the costs of providing the investment advisory and other services and the benefits accruing to the Fund. Each Board's conclusions may be based in part on its consideration of materials prepared in connection with the approval or continuance of the Agreements in prior years and on each Board's ongoing regular review of Fund performance and operations throughout the year, in addition to material prepared specifically for the most recent annual review of the Agreements.

Item 2. Code of Ethics.

The Board of Directors (“Board”) of Neuberger Berman California Intermediate Municipal Fund Inc. (“Registrant”) has adopted a code of ethics that applies to the Registrant’s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions (“Code of Ethics”). During the period covered by this Form N-CSR, there were no substantive amendments to the Code of Ethics and there were no waivers from the Code of Ethics granted to the Registrant’s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions.

A copy of the Code of Ethics is incorporated by reference to Neuberger Berman Income Funds’ Form N-CSR, Investment Company Act file number 811-03802 (filed January 5, 2016). The Code of Ethics is also available, without charge, by calling 1-800-877-9700 (toll-free).

Item 3. Audit Committee Financial Expert.

The Board has determined that the Registrant has two audit committee financial experts serving on its audit committee. The Registrant’s audit committee financial experts are George W. Morriss and Candace L. Straight. Mr. Morriss and Ms. Straight are independent directors as defined by Form N-CSR.

Item 4. Principal Accountant Fees and Services.

Ernst & Young LLP (“E&Y”) serves as the independent registered public accounting firm to the Registrant.

(a) Audit Fees

The aggregate fees billed for professional services rendered by E&Y for the audit of the annual financial statements or services that are normally provided by E&Y in connection with statutory and regulatory filings or engagements were \$46,325 and \$46,325 for the fiscal years ended 2014 and 2015, respectively.

(b) Audit-Related Fees

The aggregate fees billed to the Registrant for assurance and related services by E&Y that are reasonably related to the performance of the audit of the Registrant’s financial statements and that are not reported above in Audit Fees were \$0 and \$0 for the fiscal years ended 2014 and 2015, respectively. The nature of the services provided involved agreed upon procedures relating to the Preferred Shares. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2014 and 2015, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

The fees billed to other entities in the investment company complex for assurance and related services by E&Y that are reasonably related to the performance of the audit that the Audit Committee was required to approve because the engagement related directly to the operations

and financial reporting of the Registrant were \$0 and \$0 for the fiscal years ended 2014 and 2015, respectively. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2014 and 2015, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

(c) Tax Fees

The aggregate fees billed to the Registrant for professional services rendered by E&Y for tax compliance, tax advice, and tax planning were \$11,650 and \$11,950 for the fiscal years ended 2014 and 2015, respectively. The nature of the services provided includes preparation of the Federal and State tax extensions and tax returns, review of annual excise tax calculations, and preparation of form 8613, in addition to assistance with Internal Revenue Code and tax regulation requirements for fund investments. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2014 and 2015, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

The fees billed to other entities in the investment company complex for professional services rendered by E&Y for tax compliance, tax advice, and tax planning that the Audit Committee was required to approve because the engagement related directly to the operations and financial reporting of the Registrant were \$0 and \$0 for the fiscal years ended 2014 and 2015, respectively. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2014 and 2015, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

(d) All Other Fees

The aggregate fees billed to the Registrant for products and services provided by E&Y, other than services reported in Audit Fees, Audit-Related Fees, and Tax Fees were \$0 and \$0 for the fiscal years ended 2014 and 2015, respectively. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2014 and 2015, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

The fees billed to other entities in the investment company complex for products and services provided by E&Y, other than services reported in Audit Fees, Audit-Related Fees, and Tax Fees, that the Audit Committee was required to approve because the engagement related directly to the operations and financial reporting of the Registrant were \$0 and \$0 for the fiscal years ended 2014 and 2015, respectively. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2014 and 2015, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

(e) Audit Committee's Pre-Approval Policies and Procedures

(1) The Audit Committee's pre-approval policies and procedures for the Registrant to engage an accountant to render audit and non-audit services delegate to each member of the Committee the power to pre-approve services between meetings of the Committee.

(2) None of the services described in paragraphs (b) through (d) above were approved by the Audit Committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X.

(f) Hours Attributed to Other Persons

Not applicable.

(g) Non-Audit Fees

Non-audit fees billed by E&Y for services rendered to the Registrant were \$11,650 and \$11,950 for the fiscal years ended 2014 and 2015, respectively.

Non-audit fees billed by E&Y for services rendered to the Registrant's investment adviser and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the Registrant were \$0 and \$0 for the fiscal years ended 2014 and 2015, respectively.

(h) The Audit Committee of the Board considered whether the provision of non-audit services rendered to the Registrant's investment adviser and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the Registrant that were not pre-approved by the Audit Committee because the engagement did not relate directly to the operations and financial reporting of the Registrant is compatible with maintaining E&Y's independence.

Item 5. Audit Committee of Listed Registrants.

The Board has established a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended ("Exchange Act"). Its members are Howard A. Mileaf, George W. Morriss (Chair), Candace L. Straight (Vice Chair) and Peter P. Trapp.

Item 6. Schedule of Investments.

The complete schedule of investments for the Registrant is disclosed in the Registrant's Annual Report, which is included as Item 1 of this Form N-CSR.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies. As of October 31, 2015, the Board has delegated to Neuberger Berman Management LLC ("NB Management") the responsibility to vote proxies related to the securities held in the Registrant's portfolio. Under this authority, NB Management is required by the Board to vote proxies related to portfolio securities in the best interests of the Registrant and its stockholders. The Board permits NB Management to contract with a third party to obtain proxy voting and related services, including research of current issues.

NB Management has implemented written Proxy Voting Policies and Procedures (“Proxy Voting Policy”) that are designed to reasonably ensure that NB Management votes proxies prudently and in the best interest of its advisory clients for whom NB Management has voting authority, including the Registrant. The Proxy Voting Policy also describes how NB Management addresses any conflicts that may arise between its interests and those of its clients with respect to proxy voting.

NB Management’s Proxy Committee is responsible for developing, authorizing, implementing and updating the Proxy Voting Policy, overseeing the proxy voting process and engaging and overseeing any independent third-party vendor as a voting delegate to review, monitor and/or vote proxies. In order to apply the Proxy Voting Policy noted above in a timely and consistent manner, NB Management utilizes Glass, Lewis & Co. (“Glass Lewis”) to vote proxies in accordance with NB Management’s voting guidelines.

NB Management’s guidelines adopt the voting recommendations of Glass Lewis. NB Management retains final authority and fiduciary responsibility for proxy voting. NB Management believes that this process is reasonably designed to address material conflicts of interest that may arise between NB Management and a client as to how proxies are voted.

In the event that an investment professional at NB Management believes that it is in the best interests of a client or clients to vote proxies in a manner inconsistent with NB Management’s proxy voting guidelines or in a manner inconsistent with Glass Lewis recommendations, the Proxy Committee will review information submitted by the investment professional to determine that there is no material conflict of interest between NB Management and the client with respect to the voting of the proxy in that manner.

If the Proxy Committee determines that the voting of a proxy as recommended by the investment professional presents a material conflict of interest between NB Management and the client or clients with respect to the voting of the proxy, the Proxy Committee shall: (i) take no further action, in which case Glass Lewis shall vote such proxy in accordance with the proxy voting guidelines or as Glass Lewis recommends; (ii) disclose such conflict to the client or clients and obtain written direction from the client as to how to vote the proxy; (iii) suggest that the client or clients engage another party to determine how to vote the proxy; or (iv) engage another independent third party to determine how to vote the proxy.

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

(a)(1) The following Portfolio Managers have day-to-day management responsibility of the Registrant’s portfolio as of the date of the filing of this Form N-CSR.

James L. Iselin is a Senior Vice President of Neuberger Berman Investment Advisers LLC (“NBIA”). Mr. Iselin joined NBIA in 2006. Previously, Mr. Iselin was a portfolio manager for another investment adviser working in the Municipal Fixed Income group beginning in 1993.

S. Blake Miller is a Senior Vice President of NBIA. Mr. Miller joined NBIA in 2008. Prior to that time, he was the head of Municipal Fixed Income investing at another firm where he worked beginning in 1986.

(a)(2) The table below describes the other accounts for which the Registrant's Portfolio Managers have day-to-day management responsibility as of October 31, 2015.

Type of Account	Number of Accounts Managed	Total Assets Managed (\$ millions)	Number of Accounts Managed for which Advisory Fee is Performance-Based	Assets Managed for which Advisory Fee is Performance-Based (\$ millions)

S. Blake Miller***				
Registered Investment Companies*	5	849		-N/A
Other Pooled Investment Vehicles	3	203		-N/A
Other Accounts**	133	1,101		-N/A

*Registered Investment Companies include: Mutual Funds.

**Other Accounts include: Institutional Separate Accounts, Sub-Advised Accounts and Managed Accounts (WRAP Accounts).

***A portion of certain accounts may be managed by other portfolio managers; however, the total assets of such accounts are included above even though the portfolio manager listed above is not involved in the day-to-day management of the entire account.

Conflicts of Interest (as of October 31, 2015)

Actual or apparent conflicts of interest may arise when a Portfolio Manager has day-to-day management responsibilities with respect to more than one fund or other account. The management of multiple funds and accounts (including proprietary accounts) may give rise to actual or potential conflicts of interest if the funds and accounts have different or similar objectives, benchmarks, time horizons, and fees, as the Portfolio Manager must allocate his time and investment ideas across multiple funds and accounts. A Portfolio Manager may execute transactions for another fund or account that may adversely impact the value of securities held by the Registrant, and which may include transactions that are directly contrary to the positions taken by the Registrant. For example, a Portfolio Manager may engage in short sales of securities for another account that are the same type of securities in which the Registrant also invests. In such a case, a Portfolio Manager could be seen as harming the performance of the Registrant for the benefit of the account engaging in short sales if the short sales cause the market value of the securities to fall. Additionally, if a Portfolio Manager identifies a limited

investment opportunity that may be suitable for more than one fund or other account, the Registrant may not be able to take full advantage of that opportunity. If one account were to buy or sell portfolio securities shortly before another account bought or sold the same securities, it could affect the price paid or received by the second account. Securities selected for funds or accounts other than the Registrant may outperform the securities selected for the Registrant. Finally, a conflict of interest may arise if NB Management and a Portfolio Manager have a financial incentive to favor one account over another, such as a performance-based management fee that applies to one account but not the Registrant or other accounts for which the Registrant's Portfolio Manager is responsible.

NB Management, Neuberger Berman LLC and the Registrant have adopted certain compliance procedures which are designed to address these types of conflicts. However, there is no guarantee that such procedures will detect each and every situation in which a conflict arises.

(a)(3) Compensation (as of October 31, 2015)

Our compensation philosophy is one that focuses on rewarding performance and incentivizing our employees. We are also focused on creating a compensation process that we believe is fair, transparent, and competitive with the market.

Compensation for Portfolio Managers consists of fixed and variable compensation but is more heavily weighted on the variable portion of total compensation and reflects individual performance, overall contribution to the team, collaboration with colleagues across Neuberger Berman Group LLC ("NBG," and together with its consolidated subsidiaries "NB Group") and, most importantly, overall investment performance. In particular, the bonus for a Portfolio Manager is determined by using a formula and may or may not contain a discretionary component. If applicable, the discretionary component is determined on the basis of a variety of criteria, including investment performance (including the pre-tax three-year track record in order to emphasize long-term performance and in certain instances the one-year and five-year track records), utilization of central resources (including research, sales and operations/support), business building to further the longer term sustainable success of the investment team, effective team/people management, and overall contribution to the success of NB Group. In addition, compensation of portfolio managers at other comparable firms is considered, with an eye toward remaining competitive with the market. Certain Portfolio Managers may manage products other than mutual funds, such as high net worth separate accounts. For the management of these accounts, a Portfolio Manager may generally receive a percentage of pre-tax revenue determined on a monthly basis less certain deductions. The percentage of revenue a Portfolio Manager receives will vary based on certain revenue thresholds.

The terms of our long-term retention incentives are as follows:

Employee-Owned Equity. An integral part of our management buyout in 2009 was the implementation of an equity ownership structure which embodies the importance of incentivizing and retaining key investment professionals. Investment professionals have received a majority of the equity units owned by all employees. These units were subject to vesting (generally 25% vested each year at the 2nd, 3rd, 4th and 5th anniversaries of the grant).

In addition, in prior years certain employees may have elected to have a portion of their compensation delivered in the form of equity, which, in certain instances, is vested upon issuance and in other instances vesting aligns with the vesting of our Contingent Compensation Program (vesting over 3 years). For 2017 (and in some cases 2016), our Contingent Compensation Program will allow eligible employees to elect to receive 50% of deferred compensation in the form of vested equity. Eligible employees who have represented that they have sufficient direct investments in Neuberger Berman strategies in their private accounts (typically, 50% of their average three-year compensation) can elect to receive up to 100% of deferred compensation in the form of vested equity.

Further, employees may have purchased vested equity through our Capital Units Election Program offering – we anticipate a similar offering in the first quarter of 2016 through which eligible employees will be able to purchase equity, subject to allocation capacity and program terms and conditions.

In implementing these programs, Neuberger Berman has established additional ways to expand employee-owned equity while also insuring that we continue to align the interests of our employees with the interests of our clients.

For confidentiality and privacy reasons, we cannot disclose individual equity holdings or program participation.

Contingent Compensation. Neuberger Berman established the Neuberger Berman Group Contingent Compensation Plan (the “CCP”) to serve as a means to further align the interests of our employees with the success of the firm and the interests of our clients, and to reward continued employment. Under the CCP, a percentage of a participant’s total compensation is contingent and tied to the performance of a portfolio of Neuberger Berman investment strategies as specified by the firm on an employee-by-employee basis. By having a participant’s contingent compensation tied to Neuberger Berman investment strategies, each employee is given further incentive to operate as a prudent risk manager and to collaborate with colleagues to maximize performance across all business areas. In the case of Portfolio Managers, the CCP is currently structured so that such employees have exposure to the investment strategies of their respective teams as well as the broader Neuberger Berman portfolio. In addition, certain CCP participants may make an election to receive a portion of their contingent compensation in the form of equity, subject to vesting provisions and other provisions generally consistent with those of the traditional CCP. Subject to satisfaction of certain conditions of the CCP (including conditions relating to continued employment), contingent compensation amounts vest over three years. Neuberger Berman determines annually which employees participate in the program based on total compensation for the applicable year.

Restrictive Covenants. Most investment professionals, including Portfolio Managers, are subject to notice periods and restrictive covenants which include employee and client non-solicit restrictions as well as restrictions on the use of confidential information. In addition, depending on participation levels, certain senior professionals who have received equity grants have also agreed to additional notice and transition periods and, in some cases, non-compete restrictions.

(a)(4) Ownership of Securities

Set forth below is the dollar range of equity securities beneficially owned by the Registrant's Portfolio Managers in the Registrant as of October 31, 2015.

Portfolio Manager	Dollar Range of Equity Securities Owned in the Registrant
James L. Iselin	B
S. Blake Miller	A
A = None	E = \$100,001-\$500,000
B = \$1-\$10,000	F = \$500,001-\$1,000,000
C = \$10,001 - \$50,000	G = Over \$1,000,000
D = \$50,001-\$100,000	

(b) Not applicable.

Item 9. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers.
No reportable purchases for the period covered by this report.

Item 10. Submission of Matters to a Vote of Security Holders.

There were no changes to the procedures by which stockholders may recommend nominees to the Board.

Item 11. Controls and Procedures.

Based on an evaluation of the disclosure controls and procedures (as defined in Rule 30a-3(c) under the Act) as of a date within 90 days of the filing date of this report, the Chief Executive Officer and President and the Treasurer and Principal Financial and Accounting Officer of the Registrant have concluded that such disclosure controls and procedures are effectively designed to ensure that information required to be disclosed by the Registrant on Form N-CSR is accumulated and communicated to the Registrant's management to allow timely decisions regarding required disclosure.

There were no significant changes in the Registrant's internal controls over financial reporting (as defined in Rule 30a-3(d) under the Act) that occurred during the Registrant's second fiscal quarter of the period covered by this report that have materially affected, or are reasonably likely to materially affect, the Registrant's internal control over financial reporting.

Item 12. Exhibits.
