ü PROPOSAL #1 - Election of Richard M. Cashin Jr, Albert J. Febbo and Mitchell I. Quain as Class II Directors

The Board of Directors recommends that stockholders vote FOR Richard M. Cashin, Jr., Albert J. Febbo and Mitchell I. Quain as Class II Director nominees standing for election to serve until the 2011 Annual Meeting.

The Company's Bylaws provide for three classes of directors of approximately equal numbers designated as Class I, Class II and Class III. Each director is elected for a three-year term and the term of each Class expires in a different year. With the exception of the Vice Chairman (Mr. Billig), Chief Executive Officer/Chairman (Mr. Taylor) and Mr. Akers, all directors are independent as defined in the New York Stock Exchange listing standards. The Nominating/Corporate Governance Committee recommended to the Board of Directors that Richard M. Cashin Jr., Albert J. Febbo and Mitchell I. Quain stand for election as Class II directors to serve until the 2011 Annual Meeting. The Board has put forth the slate of nominees consisting of Richard M. Cashin Jr., Albert J. Febbo and Mitchell I. Quain to stand for election at the 2008 Annual Meeting. Mr. Cashin, Mr. Febbo and Mr. Quain are each current directors of the Company. Each of the nominees has consented to serve as a director if elected.

In the unexpected event that a nominee for director becomes unable to serve before the Annual Meeting, it is intended that shares represented by proxies which are executed and returned will be voted for such substitute nominees as may be appointed by the Company's existing Board of Directors, as recommended by the Nominating/Corporate Governance Committee. The following is a brief description of the business experience of each nominee for at least the past five years.

Richard M. Cashin Jr.

Mr. Cashin is managing partner of One Equity Partners LLC, which manages \$4.5 billion of investments and commitments in direct private equity transactions for JP Morgan, where he is a member of the Executive Committee. Prior to that time, Mr. Cashin was president of Citicorp Venture Capital, Ltd., where he was employed from 1980 to 2000. Mr. Cashin is also a director of Quintiles Transnational and is a Trustee of Boys Club of New York, American University in Cairo, National Rowing Foundation (Chairman), Central Park Conservancy and Jazz at Lincoln Center. Mr. Cashin, who is 54 years old, became a director of the Company in 1994. Mr. Cashin serves on the Compensation Committee.

He is also Chairman of the Board of Overseers of the University of Pennsylvania's School of Engineering and Applied Sciences and serves on the University's Board of Trustees and the executive committee of Penn Medicine. Mr. Quain, who is 56 years old, became a director of the Company in 1999. Mr. Quain meets the qualifications of a "financial expert" as defined by the Securities and Exchange Commission and has accounting or related management expertise as required by the New York Stock Exchange listing standards. Mr. Quain serves on the following committees: Compensation (Chairman), Audit and Nominating/Corporate Governance.

ü PROPOSAL #2 - Ratification of Independent Registered Public Accounting Firm of PricewaterhouseCoopers LLP

The Board of Directors recommends that stockholders vote FOR its selection of the independent registered public accounting firm, PricewaterhouseCoopers LLP, to audit the consolidated financial statements of the Company and its subsidiaries for 2008.

PricewaterhouseCoopers LLP has served the Company as independent registered public accounting firm during the year ended December 31, 2007, and has been selected by the Audit Committee to serve as the independent registered public accounting firm for the present year of 2008. If stockholders fail to ratify the selection of PricewaterhouseCoopers LLP, the Audit Committee will consider this fact when selecting an independent registered public accounting firm for the 2009 audit year. PricewaterhouseCoopers LLP has served the Company since 1983.

A representative from PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions of stockholders in attendance.

OTHER BUSINESS

The Board of Directors does not intend to present at the Annual Meeting any business other than the items stated in the "Notice of Annual Meeting of Stockholders" and does not know of any matters to be brought before the Annual Meeting other than those referred to above. If, however, any other matters properly come before the Annual Meeting requiring a stockholder vote, the persons designated as proxies will vote on each such matter in accordance with their best judgment.

COMPENSATION OF DIRECTORS

The Company can use the combination of cash and stock based incentive compensation to attract and retain qualified directors to serve on the Board. In setting director compensation, the Company considers the amount of time and skill level required by the directors in fulfilling their duties to the Company.

Each Company director, with the exception of Mr. Taylor, receives an annual payment of \$50,000 as a director fee. In lieu of this annual payment, under the Titan International, Inc. 2005 Equity Incentive Plan, each non-employee director of the Company may receive a non-discretionary grant of a stock option for 10,000 shares of the Company's common stock at the conclusion of each annual meeting of stockholders at which such director is elected, re-elected or continuing in office. Such options will vest and become exercisable immediately and expire 10 years from the date of grant. Each eligible director in 2007 elected to receive the annual cash payment of \$50,000 as their annual director fee and, therefore, received no stock options.

The Audit Committee Chairman receives an additional \$15,000 annual payment while each Chairman of the Compensation Committee and the Nominating/Corporate Governance Committee receives an additional \$10,000 annual payment for this position. Each Financial Expert receives a \$5,000 annual payment for this role. The Company pays each director, with the exception of Mr. Taylor, a fee of \$500 for each Board of Director ("Board") or committee meeting attended. Titan also reimburses out-of-pocket expenses related to the directors' attendance at such meetings.

The Company pays Mr. Billig, the Vice Chairman of the Board, an annual fee of \$100,000 to carry out his responsibilities, which include significant operational matters, as well as corporate development initiatives. The Company does not have any other consulting contracts or arrangements with any of its directors. The Company's directors are not subject to minimum Titan common stock ownership requirements. However, at December 31, 2007, the directors owned approximately 8% of the Company's common stock.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

For the second year, Titan's executive officer compensation information is presented in the new format. The new format was required by revised executive compensation disclosure rules adopted by the Securities and Exchange Commission in August 2006. The new format includes the following Compensation Discussion and Analysis.

Overview

The Compensation Committee ("the Committee") is empowered to review and approve the annual compensation package for all of the Company's executive officers, a total of four individuals. The four executive officers are as follows:

Executive officer position	Officer name
Chairman and Chief Executive Officer	Maurice M. Taylor Jr.
Executive Vice President and Chief Operating Officer	Ernie J. Rodia
Vice President of Finance and Treasurer	Kent W. Hackmack
Vice President, Secretary, and General Counsel	Cheri T. Holley

Objective

The objectives of the Company's compensation program are to attract and retain individuals with the necessary skills that are vital to the long-term success of the Company. To achieve these objectives the compensation program is designed to be fair and just to both the Company and the individual. Consideration is given to the individual's overall responsibilities, qualifications, experience and job performance. None of these items are weighted more than another.

The Committee sets all compensation with regard to the CEO of the Company. For the other executive officers of Titan, the CEO provides his compensation recommendation for these individuals to the Committee, who reviews and makes any changes as the Committee deems appropriate.

Company Performance In appraising the CEO's performance during 2007, the Committee noted the Company continued to integrate two major acquisitions regarding off-highway tire assets that related to Goodyear's North American Farm tire assets and Continental Tire North America's off-the-road (OTR) tire assets. The net sales for the Company for 2007 were approximately \$837 million, an increase of approximately 23% from the 2006 net sales of approximately \$679 million.

Common Stock Performance The Committee recognized the continued improvement in the Company's common stock performance during the past five years, which increased from a stock price of \$1.34 per common share at December 31, 2002, to \$31.26 per common share at December 31, 2007. The Company's stock price has increased over 2,300% during this five-year time period.

Compensation Committee Charter

The Committee has a charter to assist in carrying out their responsibilities. The Committee reviews the charter and the guidelines contained therein on an annual basis and makes any modifications as they deem necessary. The Compensation Committee Charter is available on our website at www.titan-intl.com.

Philosophy

The Committee recognizes other companies may use different types of calculations and matrices to numerically decide what a compensation package should contain. However, the Committee believes any package that uses such

formulas and matrices would not be a complete representation of how Titan is performing. Therefore, the Committee will use their extensive business experience and judgment to evaluate and determine the Company's executive compensation packages.

COMPENSATION DISCUSSION AND ANALYSIS (continued)

Using this process the Committee can change or adjust the compensation package rather than using exact and published formulas that would leave no room for modification. If the Committee had used a formula driven compensation package, it may have provided bonuses and stock options in prior years. Using the Committee's philosophy, no bonuses or stock options were awarded during certain of those years.

The Committee's philosophy of evaluating the overall Company performance, not just using numeric measurement criteria, allows the Committee greater flexibility in carrying out their duties. The Committee has the ability to adjust compensation packages quickly and believes this flexibility is a necessity given the rapidly changing global environment in which the Company operates. The Committee feels it is in the best interest of the stockholders to retain the current executive officers. The executive compensation packages approved by the Committee using their business judgment are considered fair to the Company and the individuals, thus retaining the executive and their talent for the Company.

Use of Compensation Consultants and Matrices The Committee uses no compensation consultants or any numeric matrix for their evaluation of such compensation. Consideration is given to the individuals overall responsibilities, qualifications, experience and job performance. None of these items are weighted more than another.

Base Salary

Base salary is determined by evaluating the responsibilities of the executive position held, the individuals past experience, current performance and competitive marketplace conditions for executive talent. None of these items are weighted more than another. Salary levels are typically considered on an annual basis and there is no set merit increases in any given year. Therefore, the executive salary may not increase each year. The executive salaries approved by the Committee for 2007 are listed under the "Summary Compensation Table."

Cash Bonus

In addition to a base salary, each executive officer is eligible for an annual cash bonus. The Committee has no set bonus amount and uses no pre-established plan or formula for determining the amount. The Committee will determine the CEO's bonus, if any, taking into account the CEO's total compensation package along with the Company's performance related to financial and non-financial information. The CEO provides his recommendations regarding the other executive officer's annual cash bonuses to the Committee, which then reviews and makes any changes they may deem appropriate. The executive discretionary cash bonuses approved by the Committee for 2007 are listed under the "Summary Compensation Table."

Stock Options

The Committee during 2007 granted no stock options to the executive officers. The Committee determined that cash awards and incentives are currently in the best interest of the Company and our stockholders. The Committee currently does not anticipate utilizing stock options at this time; however, the Committee, in the future, may grant stock options to attract or retain executive officers for the Company.

Stock Awards

The Committee during 2007 granted no stock awards to the executive officers. The Committee determined that cash awards and incentives are currently in the best interest of the Company and our stockholders. The Committee currently does not anticipate utilizing stock awards at this time.

Nonqualified Deferred Compensation

The Company does not have a nonqualified deferred compensation plan. The Committee currently does not anticipate establishing such a plan.

COMPENSATION DISCUSSION AND ANALYSIS (continued)

Employment Agreements

The Company has outstanding employment agreements with each of the four executive officers of the Company selected by the Board of Directors. These agreements provide that the individuals will not receive any separation benefits if they voluntarily leave the Company. In the event the Company proceeds with commencement of steps to affect a Change of Control (defined generally as an acquisition of 20% or more of the outstanding voting shares) these agreements allow for the executive to elect the Change of Control provision.

In the event of a termination of the individual's employment within 60 days after the Change of Control, the executive is entitled to receive for the remaining term of the agreement, which expires in April 2010, their compensation, contractual obligation regarding retirement, continuation of health, and other fringe benefits. Mr. Taylor, Mr. Hackamack and Ms. Holley are each a party to such an agreement. Mr. Rodia's employment agreement, which expires in November 2008, provides no contractual obligation regarding retirement and no health benefits.

CEO Employment Agreement

With the substantial increase in the Company's sales performance, significantly higher common stock value, and the required assistance needed for future acquisition strategies, the Committee wanted to ensure the continued services of the CEO. After negotiations, a four-year employment agreement for the current CEO was agreed to during April 2006, which expires in April 2010. This employment agreement was filed as Exhibit 10.1 to the Company's Form 10-Q filed on July 28, 2006.

CEO Employment Agreement Signing Bonus The CEO agreement included a signing bonus of \$750,000, of which, one third (\$250,000) was earned and due on the agreement date, another one third (\$250,000) was earned and paid April 2007, and the final one third (\$250,000) will be earned and payable April 2008, two years from the agreement date.

CEO Special Performance Cash Award The CEO is entitled to a special performance cash award at the end of the four-year employment agreement (April 2010). If the common stock price has increased above \$19.05 per share (the agreement date's average stock price), the difference above \$19.05 per share, if any, shall be multiplied by one million and paid to the CEO as he instructs over the four years following the April 2010 employment agreement expiration.

The Titan stock price at December 31, 2007, was \$31.26 and assuming the stock price remained unchanged as of April 1, 2010 (expiration date of Mr. Taylor's employment agreement), Mr. Taylor would be entitled to approximately \$12.2 million paid over the four year period following the April 1, 2010, date.

CEO Contractual Obligations Under the CEO's employment agreement, the Company will provide a contractual obligation to Mr. Taylor upon his expected retirement in April 2010 per the employment agreement. The amount of the contractual obligation, if any, to be paid out will be at such time the CEO elects his contractual rights regarding retirement under his employment agreement. If or when the contractual obligation were to become applicable, the calculated value at December 31, 2007, would be approximately \$4.0 million, assuming the CEO retires at the end of his agreement and receives monthly payments for an estimated 15-year period.

Other Executive Officers Employment Agreements

The Committee also wanted to ensure the continued services of the other current executive officers and therefore has employment agreements with; (i) Mr. Rodia, who holds the position of Executive Vice President and Chief Operating Officer, the agreement expires November 2008 and the agreement was filed as Exhibit 10.8 to the Company's Form 10-K filed on February 24, 2006; (ii) Mr. Hackamack, who holds the position of Vice President of Finance and Treasurer, the agreement expires April 2010, and the agreement was filed as Exhibit 10.2 to the Company's Form 10-Q filed on July 28, 2006; and (iii) Ms. Holley, who holds the position of Vice President, Secretary and General Counsel,

the agreement expires April 2010, and the agreement was filed as Exhibit 10.3 to the Company's Form 10-Q filed on July 28, 2006.

COMPENSATION DISCUSSION AND ANALYSIS (continued)

Other Executive Officers Contractual Obligations The employment agreement of Mr. Rodia, the Executive Vice President and Chief Operating Officer, does not provide for any contractual obligations regarding retirement. Under the other executive officers' employment agreements, the Company will provide for contractual obligations to Mr. Hackamack and Ms. Holley that are due upon retirement. The amount of the contractual obligation, if any, to be paid out will be at such time that Mr. Hackamack and Ms. Holley elect their contractual rights regarding retirement under their employment agreement. If, or when, the contractual obligation were to become applicable, the calculated value at December 31, 2007, assuming they retire at their respective retirement dates and each receive monthly payments for an estimated 15-year period, the contractual obligation for Mr. Hackamack would be approximately \$0.8 million and for Ms. Holley would be approximately \$1.3 million.

Potential Payments on Change of Control

The following amounts reflect the amount of compensation to each of the named executive officers of the Company in the event of a change of control as of December 31, 2007. The CEO's special performance cash awards assumes the December 31, 2007, year end \$31.26 stock price. The final amounts to be paid out can only be determined at the time of such a change of control and the individual elects their contractual rights under their respective employment agreements. The Company's executive officers would receive cash compensation and contractual obligations per the respective agreements for the (i) Chairman and Chief Executive Officer (M. Taylor); (ii) Executive Vice President and Chief Operating Officer (E. Rodia); (iii) Vice President of Finance and Treasurer (K. Hackamack); and (iv) Vice President, Secretary and General Counsel (C. REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors (the "Committee") was composed of five independent non-employee directors during 2007. The Board of Directors ("Board") has determined that the members of the Committee are independent. The Committee provides oversight of all executive compensation and benefit programs. The Committee operates under a written charter adopted January 20, 2004, which is posted on the Company's website: www.titan-intl.com.

The philosophy of the Committee as it relates to executive compensation is that the Chief Executive Officer ("CEO") and other executive officers should be compensated at competitive levels sufficient to attract, motivate and retain talented executives who are capable of leading the Company in achieving its business objectives in an industry facing increasing competition and change.

Annual compensation for the Company's executive officers consists of base salary and bonus compensation. Salary levels of the Company executives are reviewed and are normally adjusted annually, and any bonuses are normally awarded annually. In determining appropriate salaries, the Committee considers: (i) the CEO's recommendations as to compensation for all other executive officers; (ii) the scope of responsibility, experience, time and position and individual performance of each executive officer, including the CEO; and (iii) compensation levels of other executives based on the committee's own business experience and judgment. The Committee's analysis is a subjective process, which utilizes no specific weights or formulas of the aforementioned factors in determining executives' base salaries and the Committee uses no compensation consultants.

The Committee considers bonus compensation to be the primary motivational method for encouraging and rewarding outstanding individual performance, especially for the Company's executive officers, and overall performance of the Company. Bonuses are based primarily upon: (i) performance of the Company; (ii) performance of the individual; and (iii) recommendation of the CEO. The purpose of awarding bonuses is to provide a special incentive to maximize individual performance and the overall performance of the Company. There are employment contracts for the executive officers, which are also considered.

In determining the total compensation package for the CEO for 2007, the Committee considered all of the factors discussed above. Additionally, the Committee considered the Company's performance, the success of the Company's facilities in meeting their objectives, the extent and timing of the additions to the Company during the year, the quality and efficiency of the Company's staff, and certain other factors relating to the Company's performance.

The Committee discussed director compensation and made suggestions to the Board. The Committee has completed an annual evaluation and in their opinion has met the requirements of their charter. The Committee has reviewed the Compensation Committee Charter and has found it complies with requirements of the New York Stock Exchange. The Committee makes a report to the Board when appropriate and met three times during 2007.

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the Committee recommended that the Compensation Discussion and Analysis be included in this Proxy Statement and in the Company's Annual Report on Form 10-K for the year ended December 31, 2007, for filing with the Securities and Exchange Commission.

The Nominating/Corporate Governance Committee then presents qualified candidates to the full Board of Directors for consideration and selection.

The Nominating/Corporate Governance Committee will consider nominees for election to the Board that are recommended by stockholders, applying the same criteria for candidates as discussed above, provided that a description of the nominees’ qualifications for the directorship, experience and background, a written consent by a nominee to act as such, and other information specified in the Bylaws, accompany the stockholder’s recommendation. Any stockholder nominations for election as directors at the 2009 Annual Meeting must be delivered to Titan at the address set forth below, not later than December 1, 2008. All nominations must be sent to the Nominating/Corporate Governance Committee, c/o Corporate Secretary, Titan International, Inc., 2701 Spruce Street, Quincy, IL 62301.

The Company does not require its directors to attend the Annual Meeting of Stockholders. However, the directors make every attempt to attend this meeting.

The Nominating/Corporate Governance Committee of the Board of Directors (the “Committee”) was composed of four independent non-employee directors and provides guidance to the Board of Directors (“Board”) regarding corporate governance guidelines during 2007. The Committee operates under a written charter adopted January 20, 2004, and this charter is available on the Company’s website: www.titan-intl.com.

The Committee recommended to the Board that Richard M. Cashin Jr., Albert J. Febbo and Mitchell I. Quain stand for re-election as Class II directors based on approved criteria.

The Committee has accomplished the following per their charter: (i) oversight of the development and recommendation of a set of corporate governance guidelines; (ii) oversight of the evaluation of the Board and management; (iii) evaluation of the Committee and its success in meeting the requirements of the Charter; (iv) review and assurance of the adequacy of the Nominating/Corporate Governance Committee Charter; and (v) presentation of reports to the Board when appropriate. Mr. Campbell has attended the Company’s Sarbanes-Oxley 404 training and is a participant in the Company’s risk assessment meetings. The Committee met two times in 2007.

Specific due dates for these reports have been established, and the Company is required to disclose in this proxy statement any late filings during 2007. The Company sells products and pays commissions to companies controlled by persons related to the Chief Executive Officer of the Company.
