Item 1.01 Entry Into a Material Definitive Agreement.

Agreement and Plan of Merger

On January 25, 2018, Key Technology, Inc. ("Key Technology") entered into an Agreement and Plan of Merger (the "Merger Agreement") with Duravant LLC, a Delaware limited liability company ("Duravant"), and Cascade Merger Sub, Inc., a Delaware corporation and a wholly owned subsidiary of Duravant ("Merger Sub"). Pursuant to the terms of the Merger Agreement, Merger Sub will commence a tender offer (the "Offer") to acquire all of the outstanding shares of common stock, no par value, of Key Technology (the "Key Common Stock"), at a price per share of \$26.75, net to the seller in cash, without interest (the "Offer Price"), and subject to any withholding of taxes. Merger Sub is obligated to commence the Offer as promptly as practicable, and in any event within 10 business days after the date of the Merger Agreement, and the Offer will remain open for 20 business days from the date of commencement of the Offer, subject to extension in accordance with the terms of the Merger Agreement.

The consummation of the Offer is subject to customary closing conditions, including, among other things, the valid tender of shares of Key Common Stock representing at least a majority of the total outstanding shares of Key Common Stock, determined on a fully diluted basis and other conditions to the Offer set forth in Annex I to the Merger Agreement. The consummation of the Offer is not subject to any financing condition.

Key Technology has granted Merger Sub an irrevocable option, exercisable in the event more than at least a majority but less than 90% of the total outstanding shares of Key Common Stock are validly tendered to Merger Sub, to acquire directly from Key Technology at the Offer Price such number of additional shares, aggregating not more than the number of authorized and unissued shares at the time of exercise, that will permit Merger Sub to acquire one share more than 90% of the Key Common Stock. Merger Sub upon exercise of the option will pay for such shares either entirely in cash or by payment of \$0.10 per share in cash to Key Technology and delivery of a one-year, full recourse note in the principal amount of \$26.65 per share. In the event of the exercise of the option, it is expected the merger will be consummated without a Key Technology shareholder meeting.

Upon the completion of the Offer and any exercise of the option, and subject to the satisfaction or waiver of the conditions set forth in the Merger Agreement, Merger Sub will be merged with and into Key Technology, with Key Technology continuing as the surviving corporation and thereby becoming a wholly owned subsidiary of Duravant (the "Merger"). In the event the option is exercised, it is expected that the Merger will be governed by Section 60.491 of the Oregon Business Corporation Act and shall be effected by Merger Sub and Key Technology as soon as practicable following the consummation of the Offer.

At the effective time of the Merger (the "Effective Time"), each share of Key Common Stock issued and outstanding will thereupon be canceled and converted automatically into and will thereafter represent the right to receive an amount equal to the Offer Price in cash, without interest, and net of any applicable withholding taxes, payable to the holder thereof on the terms and subject to the conditions set forth in the Merger Agreement.

The Merger Agreement also provides that at the Effective Time, each award or right of any kind, contingent or accrued, to receive shares of Key Common Stock (including restricted stock) and any right measured in whole or in part by the value of a number of shares of Key Common Stock (including any right to a cash payment measured in whole or in part based on the value of a number of shares Key Common Stock), granted under any employee or director equity compensation plan, arrangement or agreement of Key Technology, whether vested or unvested, which is outstanding immediately prior to the Effective Time (each right or award, a "Key Stock-Based Award"), shall cease to represent a right or award with respect to the shares of Key Common Stock, shall become fully vested (and any performance-based vesting conditions shall be deemed to have been achieved at the target level of performance) and shall entitle the holder thereof to receive, at the Effective Time, an amount in cash, subject to any withholding tax, equal to the Offer Price in respect of each share of Key Common Stock underlying a particular Key Stock-Based Award. In addition, pursuant to the Merger Agreement, Key Technology will terminate its Restated 1996 Employee Stock Purchase Plan effective as of prior to the Effective Time.

Edgar Filing: KEY TECHNOLOGY INC - Form 8-K

Key Technology, Duravant and Merger Sub have made customary representations, warranties and covenants in the Merger Agreement. Key Technology's covenants include, among other things, covenants regarding the operation of Key Technology's business prior to the Effective Time and covenants restricting the ability of Key Technology to solicit third-party proposals relating to alternative transactions or provide information or enter into discussions in connection with alternative acquisition proposals, subject to certain exceptions to permit the board of directors of Key Technology (the "Key Board") to comply with its fiduciary duties. Notwithstanding the limitations applicable pursuant to the "no-

---

shop" restrictions set forth in the Merger Agreement, prior to the consummation of the Offer, under specified circumstances the Key Board may change its recommendation in connection with an intervening event that was not known or reasonably foreseeable as of the date of the Merger Agreement, or in connection with an alternative acquisition proposal that does not result from breach of the "no-shop" restrictions and that the Key Board determines in good faith constitutes a superior proposal (in which latter case Key Technology may also terminate the Merger Agreement to enter into an agreement with respect to such superior proposal upon payment of the termination fee, as discussed below). Before the Key Board may change its recommendation in connection with a superior proposal, or terminate the Merger Agreement to accept a superior proposal, Key Technology must provide Duravant with a four-business-day match right, subject to an additional two-business-day match right in the event of a material change to such superior proposal or to any alternative acquisition proposal the Key Board no longer considers to be a superior proposal.

The Merger Agreement also includes customary termination provisions for both Key Technology and Duravant and provides that, in connection with the termination of the Merger Agreement, under certain circumstances, Key Technology may be obligated to pay Duravant a termination fee of \$7.0 million, including due to termination of the Merger Agreement by Key Technology to accept a superior proposal, and Duravant may be obligated to pay Key Technology a termination fee of \$7.0 million due to the valid termination of the Merger Agreement by Key Technology if Merger Sub fails to accept for payment all shares of Key Common Stock validly tendered pursuant to the Offer in accordance with the terms of the Merger Agreement within five business days following the date on which Merger Sub was obligated to accept for payment such shares.

Each party is required to use its reasonable best efforts to satisfy the closing conditions relating to required governmental or third-party consents as promptly as practicable.

The foregoing summary of the Merger Agreement, the Offer and the Merger does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the Merger Agreement, a copy of which is attached hereto as Exhibit 2.1 and the terms of which are incorporated herein by reference.

The Merger Agreement has been attached hereto pursuant to applicable rules and regulations of the Securities and Exchange Commission (the "SEC") in order to provide investors and shareholders with information regarding its terms. However, it is not intended to provide any other factual information about Key Technology, Duravant, their respective subsidiaries and affiliates, or any other party. In particular, the representations, warranties and covenants contained in the Merger Agreement have been made only for the purpose of the Merger Agreement and, as such, are intended solely for the benefit of the parties to the Merger Agreement. In many cases, these representations, warranties and covenants are made as of specific dates, subject to limitations agreed upon by the parties and qualified by certain disclosures exchanged by the parties in connection with the execution of the Merger Agreement. Furthermore, many of the representations and warranties in the Merger Agreement are the result of a negotiated allocation of contractual risk among the parties and, taken in isolation, do not necessarily reflect facts about Key Technology, Duravant, their respective subsidiaries and affiliates or any other party. Likewise, any references to materiality contained in the representations and warranties may not correspond to concepts of materiality applicable to investors or shareholders. Information concerning the subject matter of the representations and warranties may change after the date of the Merger Agreement and these changes may not be fully reflected in Key Technology's public disclosures.

**AS A RESULT OF THE FOREGOING, INVESTORS AND SHAREHOLDERS ARE STRONGLY ENCOURAGED NOT TO RELY ON THE REPRESENTATIONS, WARRANTIES AND COVENANTS CONTAINED IN THE MERGER AGREEMENT, OR ON ANY DESCRIPTIONS THEREOF, AS ACCURATE CHARACTERIZATIONS OF THE STATE OF FACTS OR CONDITION OF KEY TECHNOLOGY OR ANY OTHER PARTY.**
