Item 5. Other Events.

On April 23, 2001, Terex Corporation ("Terex" or the "Company") announced that it was implementing a new organizational structure effective May 1, 2001. On May 1, 2001, the Company began operating primarily in two business segments: (i) Terex Americas and Mining and (ii) Terex Europe. Previously, the Company had reported its operations as Terex Earthmoving and Terex Lifting. On August 28, 2001, the Company announced that the Terex Americas and Mining group was being divided into two separate business segments: (i) Terex Americas and (ii) Terex Mining. Therefore, commencing in the third quarter of 2001, the Company began operating primarily in three business segments: (i) Terex Americas, (ii) Terex Europe, and (iii) Terex Mining. The industry segment information shown in Note O -- "Business Segment Information" in the Notes to the Consolidated Financial Statements contained in the Company's Annual Report on Form 10-K for the year

## Edgar Filing: TEREX CORP - Form 8-K

ended December 31, 2000, has been restated as shown below to reflect results based on the three current business segments.

Terex Americas includes the results of all business units located in North and South America, Australia and Asia, with the exception of those business units included within Terex Mining. Terex Europe includes the results of all business units located in Europe with the exception of those business units included within Terex Mining. Terex Mining includes the results of the Terex Mining operations in Tulsa, Oklahoma, and in Germany and certain sales offices in Australia, South America and Africa.

The Terex Americas and Terex Europe segments manufacture and sell telescopic mobile cranes (including rough terrain, truck and all terrain mobile cranes), tower cranes (including self-erecting, hammerhead, flat top and luffing jib tower cranes), lattice boom cranes, utility aerial devices (including digger derricks and articulated aerial devices), telescopic material handlers (including container stackers and rough terrain, telescopic boom material handlers), truck-mounted cranes (boom trucks), aerial work platforms (including scissor, articulated boom and straight telescoping aerial work platforms), loader backhoes, articulated and rigid off-highway trucks, scrapers, crushing and screening equipment, asphalt pavers, asphalt mixing plants, and related components and replacement parts. In addition, the Terex Americas and Terex Europe segments manufacture and sell various light construction equipment, including mobile and portable floodlighting systems, concrete power trowels, concrete placement systems, concrete finishing systems, concrete mixers, generators, traffic control products, and related components and replacement parts.

The Terex Mining segment manufactures and sells large hydraulic excavators and high capacity surface mining trucks.

Industry segment information is presented below (amounts in millions):
