INTRODUCTION

What is the purpose of the proxy statement?

This proxy statement relates to Grainger's 2001 annual meeting of shareholders to be held on April 25, 2001 and any adjournment of that meeting. It contains information intended to help you make your voting decisions. We are sending the proxy statement to you because Grainger's Board of Directors is soliciting your proxy to vote your shares at the meeting. The mailing of the proxy statement and other proxy soliciting material to you and other shareholders began on or about March 23, 2001.

What matters are scheduled to be presented?

The election of ten directors;

A proposal to ratify the appointment of Grant Thornton LLP as Grainger's independent auditors for the year ending December 31, 2001; and

A proposal to approve the 2001 Long Term Stock Incentive Plan.

Who is entitled to vote?

Holders of shares of common stock outstanding on Grainger's books at the close of business on March 5, 2001, the record date for the meeting, may vote. There were 93,922,529 shares of common stock outstanding at that time.

How many votes do I have?

In the election of directors you have the right to cumulative voting. This means that you have a number of votes in the election equal to the number of shares you own times the number of directors being elected. You may direct that your votes be cast for one nominee or be apportioned among two or more of them.

In any matter other than the election of directors, each of your shares is entitled to one vote.

What if I don't indicate my voting choices?

Edgar Filing: GRAINGER W W INC - Form DEF 14A

If Grainger receives your proxy in time to permit its use at the meeting, your shares will be voted in accordance with the instructions you indicate. If no instructions are indicated, your shares will be voted as recommended by Grainger's Board. More particularly, your shares will be voted FOR the election of the director nominees, FOR the proposal to ratify the appointment of independent auditors, and FOR the proposal to approve the 2001 Long Term Stock Incentive Plan.

How does discretionary voting apply?

Grainger is not aware of any matter not described in this proxy statement that will be presented for consideration at the meeting. If another matter is properly presented and your proxy does not withhold discretionary authority, your shares will be voted on the matter in accordance with the judgment of the person or persons voting the proxy.

May I revoke my proxy?

You may revoke your proxy at any time before the voting at the meeting. You can do so in one of the following ways:

1. Deliver to Grainger's Corporate Secretary written notice that you are revoking your proxy; or

1

2. Give another proxy with a later date (which can be done by telephone, by Internet, or by delivering a signed written proxy); or

3. Vote in person at the meeting.

What does it mean if I receive more than one proxy statement and request for a proxy?

Your shares are probably registered in different ways or are in more than one account. Please respond to all of the proxy requests to ensure that all your shares are voted.

What constitutes a quorum at the meeting?

A quorum is necessary for valid action to be taken at the meeting. The presence in person or by proxy of a majority of the shares entitled to vote at the meeting constitutes a quorum. Your shares will be present by proxy and count towards the quorum if you give us your proxy by telephone, by Internet, or by signing, dating, and returning a proxy form.

Who pays the costs of soliciting proxies?

Grainger will pay all the costs of soliciting proxies. Brokerage firms, custodians, nominees, fiduciaries, and other intermediaries are being asked to forward the proxy soliciting materials to beneficial owners of Grainger common stock and to obtain their authority to give proxies. Grainger will reimburse these intermediaries for their reasonable expenses in doing so.

In addition to mailing proxy soliciting materials, proxies may be solicited personally or by telephone or other means by Grainger's directors, officers, and regular employees. They will not receive additional compensation for these services, other than normal overtime pay, if applicable. Representatives of Grainger's transfer agent may also solicit proxies. Grainger additionally has employed D.F. King & Co., Inc. to help solicit proxies and will pay that firm approximately \$5,500 for its services, plus reasonable costs and expenses.

How do I submit a shareholder proposal or nominate a director?

If you wish to have a shareholder proposal included in Grainger's proxy soliciting material for the 2002 annual meeting of shareholders, please send a notice of intent to submit the proposal at that meeting to Grainger's Corporate Secretary at our headquarters. The notice, including the text of the proposal, must be in writing, signed, and in compliance with the proxy rules of the Securities and Exchange Commission (SEC). Grainger must receive the notice no later than November 24, 2001 for the proposal to be considered for inclusion in the proxy soliciting material for the meeting.

Grainger's by-laws require written notice concerning the submission of a proposal or the nomination of a person for election as a director (other than a submission or nominee at the Board's direction) at a meeting of shareholders. For the proposal or nomination to be proper, the notice must contain certain information about the proposing or nominating shareholder, and the proposal or nominee, as the case may be. For the submission of a proposal, the notice must be furnished generally not less than 90 days and not more than 120 days before the anniversary date of the last year's annual meeting. For a nomination, the notice must be furnished no later than the date calculated in accordance with the SEC requirements referred to in the preceding paragraph. A copy of the by-laws may be obtained free of charge on written request to Grainger's Corporate Secretary at our headquarters.

ELECTION OF DIRECTORS

Grainger's directors are elected each year at the annual meeting. Ten directors will be elected at this year's annual meeting. The directors will serve until the 2002 annual meeting of shareholders and their successors have been elected and qualified.

Directors are elected by a plurality of the votes cast in the election. Broker non-votes and directions to withhold authority will not count as votes cast in the election.

If any of the nominees mentioned below should be unavailable for election, a circumstance which is not expected, the person or persons voting your proxy may exercise discretion to vote for a substitute selected by the Board.

All of the nominees are currently directors. Mr. Jere D. Fluno is retiring from the Board and not standing for re-election at the meeting. MEETINGS AND COMMITTEES OF THE BOARD

Six meetings of the Board were held in 2000. In addition, the directors acted once by unanimous consent during the year.

The Board has three standing committees: Audit, Board Affairs and Nominating, and Compensation. Committee memberships are shown in the following table:

Name	Audit	Board Affairs and Nominating	Compensation
Brian P. Anderson	Member		Member
Wilbur H. Gantz	Chair		
John W. McCarter, Jr.		Member	Member
Neil S. Novich		Member	Member
James D. Slavik		Chair	
Harold B. Smith	Member	Member	
Fred L. Turner			Chair
Janiece S. Webb	Member	Member	

The Audit Committee, which met four times in 2000, makes recommendations to the Board concerning the annual appointment of the independent auditors, reviews the annual audit plan, and reviews the results of the annual audit with the independent auditors. In addition, the Audit Committee reviews the adequacy of internal controls with both the independent auditors and Grainger's internal auditors, and has oversight responsibilities for various aspects of certain employee benefit plans.

The Board Affairs and Nominating Committee, which met two times in 2000, makes recommendations regarding the make-up of the Board committees, makes periodic reviews with respect to senior management organization and corporate governance matters, and makes initial assessments regarding major issues or proposals. It also makes recommendations to the Board as to Board size, criteria for Board membership, and prospective nominees. The Board Affairs and Nominating Committee has not established any formal policy or procedure for considering nominees recommended by shareholders.

The Compensation Committee, which met four times and acted once by unanimous consent in 2000, oversees Grainger's activities in the area of compensation and benefits (generally with regard to all employees and specifically with regard to officers) and reviews and makes recommendations concerning compensation-related matters to be submitted to the Board and/or shareholders for approval. The Compensation Committee also acts as the administration committee under various stock and incentive plans.

A director who is not an employee of Grainger or any Grainger subsidiary is an alternate member of each Board committee of which the director has not been specifically appointed a member. An alternate committee member may serve for all purposes at a committee meeting in place of a specifically appointed member who is absent.

DIRECTOR COMPENSATION

Directors who are not employees of Grainger or any Grainger subsidiary receive for their services (i) a retainer fee for serving on the Board of \$35,000 per annum and (ii) a retainer fee for serving as chair of any Board committee at the rate of \$4,000 per annum. They also receive a fee of \$1,000 for each Board and Board committee meeting attended.

The retainer fee for Board service is paid to non-employee directors in the form of an annual award under the Director Stock Plan of unrestricted shares of Grainger common stock. The number of shares is equal to the retainer fee divided by the fair market value of a share of Grainger common stock at the time of award, rounded up to the next 10-share increment. Non-employee directors may elect to receive their retainer fees for serving as chair of a Board committee and/or their Board and Board committee meeting attendance fees in the form of stock units under the Director Stock Plan. These stock units, each of which is intended to be the economic equivalent of a share of Grainger common stock, are settled in cash after termination of service as a director or upon a "change in control" of Grainger. In addition, Grainger reimburses travel expenses relating to service as a director.

Non-employee directors additionally receive an annual stock option award under the Director Stock Plan to purchase shares of Grainger common stock. The number of shares covered by each option is equal to \$90,000 divided by the fair market value of a share of Grainger common stock at the time of award, rounded up to the next 10-share increment. The per-share option exercise price is 100% of that value. The options are fully exercisable upon award and have a 10-year term. Upon death, disability, or retirement after age 70 or with at least five years of Board service, the options remain exercisable for six years, but in no case beyond the original option term. If Board service terminates under any other circumstance, the options may be exercised only during the first 90 days following the termination.

Stock ownership guidelines are applicable to non-employee directors. These guidelines provide for director ownership, within five years after election, of Grainger common stock and common stock equivalents having a value of at least five times the annual retainer fee for serving on the Board. Failure to comply with the guidelines will result in ineligibility to receive awards of stock options under the Director Stock Plan until the guidelines are met. All directors subject to the guidelines are in compliance with them.

Directors who are employees of Grainger or any Grainger subsidiary do not receive any retainer fees for Board or Board committee service, Board or Board committee meeting attendance fees, or stock options or stock units under the Director Stock Plan.

In the ordinary course of business during 2000, Grainger and its subsidiaries engaged in various types of business transactions with, and with affiliates of, organizations with which Grainger directors are associated in their principal business occupations or otherwise. The transactions are not deemed material to any of the directors. Similar transactions, which are not expected to be material to any of the directors, are likely to occur in the future.

The table below shows how many shares of Grainger common stock the directors, the nominees, certain executive officers, and all directors and executive officers as a group beneficially owned as of March 5, 2001.

Beneficial ownership is a term broadly defined by the SEC. In general, a person beneficially owns securities if the person, alone or with another, has voting power (the power to vote) or investment power (the power to sell) concerning the securities. Being able to acquire that power within 60 days, such as by exercising stock options, also results in beneficial ownership of securities. Unless otherwise indicated in the footnotes following the table, each of the named persons had beneficial ownership of the indicated number of Grainger shares by sole voting and investment power.

(1) Includes amounts paid under annual cash incentive programs. Amounts shown with respect to 1999 do not reflect a special stock option award in 2000 with respect to 1999 performance.

(2) Represents the value on the date of award of shares of restricted stock awarded under the 1990 Long Term Stock Incentive Plan. Shares of restricted stock have the same rights, including dividend and voting rights, as other shares of Grainger common stock. As of December 31, 2000, Messrs. Keyser, Bielinski, Clark, Loux, and Schweig held 100,000, 40,000, 40,000, 20,000, and 20,000 shares of restricted stock, having then-current market values of \$3,650,000, \$1,460,000, \$1,460,000, \$730,000, and \$730,000, respectively. Scheduled vesting is in 2008 for the shares awarded in 1998 and in 2006 for the remaining shares, in all cases assuming continuation of employment. The 1990 Long Term Stock Incentive Plan provides for acceleration of vesting of all outstanding restricted stock in the event of the holder's death or disability or a "change in control" of Grainger. It also authorizes the Compensation Committee of the Board to accelerate vesting of outstanding restricted stock in cases of retirement or other termination of employment.

(3) Represents the value on the date of award of restricted shares of Works.com, Inc. capital stock, of which 40,000, 20,000, 5,000, and 2,500 shares were awarded to Messrs. Bielinski, Clark, Loux,

12

and Schweig, respectively. Shares of Works.com, Inc. capital stock were acquired by Grainger in connection with the combination of Grainger's OrderZone business with Works.com, Inc. Less than 0.5% of those shares were awarded by Grainger as restricted stock to certain Grainger employees who played a significant role in the transaction or who are in positions to contribute significantly to the success of the combined entity. The shares of restricted stock, which were outstanding as of December 31, 2000, are scheduled to vest no later than two years from the date of award, assuming continuation of employment with Grainger.

(4) Represents amounts accrued under Grainger's non-contributory profit sharing plan, in which most Grainger employees participate, and the related supplemental profit sharing plan.

Stock Option Grants

This table contains information about grants of stock options during the year ended December 31, 2000 to the named executive officers. The first stock option listed for each person was a special stock option granted with respect to 1999 performance.

- (1) The per-share option exercise price equals the per-share closing price of Grainger common stock reported in the Composite Tape for New York Stock Exchange listed stocks for the business day before the date of grant.
- (2) All options were granted under the 1990 Long Term Stock Incentive Plan. Those options scheduled to become exercisable on April 26, 2006 are subject to accelerated vesting if specified performance goals are achieved.
- (3) The amounts shown are based on the Black-Scholes option pricing model. Material assumptions incorporated into this model in estimating the value of the options are consistent with those

13

required by Statement of Financial Accounting Standards No. 123 (Accounting for Stock-Based Compensation) and include the following:

- a. Exercise prices based on 100% of the fair market values of the shares on the dates of grant.
- b. Expected term of 7 years.
- c. Interest rate of 6.63% in March 2000 and 6.40% in April 2000.
- d. Volatility of 20.13% for all grants.
- e. Dividend yield of 1.77% for all grants.

The actual value, if any, an executive may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised. There is no assurance the value realized by an executive will be at or near the value estimated by the Black-Scholes model.

- (1) The figures shown are the numbers of shares covered by the exercised stock options.
- (2) The amounts shown are the differences between the per-share stock option exercise prices and fair market values of Grainger common stock on the dates of exercise, multiplied by the number of shares covered by the exercised stock options.
- (3) The exercisability of unexercisable stock options is accelerated upon the optionee's death, disability or retirement, or upon a "change in control" of Grainger. The dollar amounts shown are the differences between the per-share stock option exercise prices and the closing price of Grainger common stock on December 31, 2000 of \$36.50 per share, as reported in the Composite Tape for New York Stock Exchange listed stocks, multiplied by the number of shares covered by the unexercised stock options.

Other Benefits

The Executive Deferred Compensation Plan permitted participants selected by a committee of management to elect a salary reduction of between 5% and 15% (or more with special agreement) for up to four years. Under the related Plan Agreement, a participant is entitled to 180 monthly payments, commencing at age 65, in an annual amount that is based upon the amount of the salary reduction, the

14

additional amount allocated by Grainger, and the number of years from deferment to normal retirement age. Reduced or increased payments are provided if the participant begins receiving payments before or after age 65, respectively. If Grainger reduces Plan benefits or terminates the Plan, or if there is a "change in control" of Grainger, various benefits are provided to the participant, ranging from a return of the amount of salary deferral plus interest to a lump-sum benefit equal to the present value of a projected payment stream. If a participant dies before retirement or before having received the full amount of the benefits, the balance will be paid to the participant's designated beneficiary. Although payment deferrals have not been permitted for several years, Messrs. Keyser and Bielinski and certain other key executives had elected to defer salary payments under the Plan for prior years. If Messrs. Keyser and Bielinski commence receiving payments under the Plan at age 65, their monthly payments would be \$10,509 and \$3,664, respectively.

A committee of Grainger management determines participation in Grainger's Executive Death Benefit Plan. The beneficiary of a participant who dies while employed by Grainger is generally entitled to 120 monthly payments of 50% of the participant's monthly compensation, calculated on the basis of salary and target bonus under the applicable cash incentive program. An after-tax, lump-sum benefit approximating the participant's annual salary and annual target bonus under the applicable cash incentive program is payable to a participant's designated beneficiary upon death after retirement. In the event of a "change in control" of Grainger, the Plan assumes retirement on that date if the participant is then eligible for retirement (with the participant being credited with an additional three years of age and service for this purpose). The Plan then provides for a lump-sum payment of the present value of the post-retirement benefit on the basis of the participant's death at age 80. All of the named executive officers and certain other key executives participate in the Plan.

Grainger has purchased and owns life insurance contracts to reduce its exposure relating to the Executive Deferred Compensation Plan and the Executive Death Benefit Plan.

Grainger provides a separation benefit to certain full-time employees upon termination of employment (other than for cause) at age 55 or later with at least 15 years of service. This benefit is equal to one week's regular pay for each two full years of continuous employment accrued prior to December 31, 1984, with a maximum of 13 weeks' pay. Messrs. Keyser, Clark, Loux, and Schweig joined Grainger after December 31, 1984

and will not receive the separation benefit. Had he been eligible and terminated his employment as of the date of this proxy statement, Mr. Bielinski (who is not yet eligible because of age) would have received a separation benefit of \$57,697.

All of the named executive officers and certain other key executives have entered into Change In Control Employment Agreements with Grainger. Under each Agreement, the executive is entitled to certain benefits if, within a two-year period following a "change in control" of Grainger, (a) the executive's employment is terminated other than for "cause," (b) the executive terminates employment for "good reason," or (c) in the case of the named executive officers, the executive terminates employment for any reason within the 30-day period following the one-year anniversary of the "change in control." Benefits include a lump-sum payment generally equal to a multiple of the sum of (i) the executive's annual salary, (ii) the higher of the executive's target annual bonus or the average of the executive's last three annual bonuses, and (iii) in connection with Grainger's non-contributory profit sharing plans, a percentage of annual salary and bonus equal to the greater of (x) the highest percentage of covered compensation contributed by Grainger under the plans for any of the last three fiscal years or (y) 15%. The multiple mentioned above is three in the case of the named executive officers and two in the case of most of the other key executives. Benefits additionally include continuation of health and dental benefits for a number of years equal to the applicable multiple. Each

15

Agreement further provides that the executive is to be made whole on an after-tax basis with respect to excise tax due as a consequence of payments (whether or not under the Agreement) being classified as "parachute payments" under Section 280(g) of the Internal Revenue Code of 1986, as amended. In certain cases the lump-sum payment upon termination is limited under the Agreement to an amount below which this excise tax would be due.

U.S. employees who have not entered into Change In Control Employment Agreements with Grainger are generally covered by a Change In Control Severance Policy. Under the Policy employees whose employment with Grainger is terminated other than for "cause" or who resign under certain circumstances within two years following a "change in control" of Grainger are entitled to certain benefits. These benefits are severance pay and continuation of health and dental benefits in amounts and for durations that are based upon years of service, pay, and other factors.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD

This report of the Compensation Committee of the Board (the "Committee") discusses the Company's compensation policy and programs for the Chairman and Chief Executive Officer and others who served as executive officers during the year.

The Committee administers the Company's executive compensation programs and recommends to the Board the compensation for all executive officers. In this connection, the Committee considers information and data supplied by management and by an independent compensation and benefits consultant. All members of the Committee are non-employee directors.

Executive Compensation Policy

The purposes of the executive compensation programs are to enable the Company to attract and retain qualified executives and to provide appropriate incentives, including equity incentives, to support the achievement of the Company's business goals. The overall program includes variable pay components which link total executive compensation to the creation of shareholder value over the long term.

For purposes of the Company's total compensation objective, total compensation consists of base salary, cash incentive compensation, stock options, and benefits. When Company performance is at target, the Company's objective is to pay executive officers total compensation at least at the size-adjusted median of total compensation paid to executive officers by a representative group of companies that are considered to be relevant competitors for executive talent. All elements of recurring compensation are valued to determine the Company's posture relative to these comparator companies.

Companies used for compensation comparison purposes are not the same as those in the industry indices used in the stock price performance graph to compare total shareholder return. The Company's "market" for executive talent reflects considerations in addition to industry consideration. The compensation comparator group used is representative of the types of major companies with whom the Company has historically competed for executive talent.

Base Salaries

The Committee reviews base salaries annually. Adjustments to base salaries are determined based on an evaluation of the competitive market, individual performance, experience of the executive, and internal equity issues. After evaluating the competitive market, a merit increase program for all exempt employees was approved by the Committee for 2000. Salary adjustments for executive officers that were unrelated to promotions were consistent with these salary objectives.

Cash Incentives

The Management Incentive Plan (MIP), in which executive officers and other key managers participate, provides for a cash incentive based on the achievement of three financial measures and performance under two key programs. MIP key programs for 2000 were designed to encourage management to focus on specific key imperatives. MIP financial measures for 2000 were gross profits, operating earnings, and economic earnings. These measures were chosen as they balance revenue growth with expense management and asset management. For 2000, the MIP was structured to provide an appropriate balance between short-term and long-term results and to equate the interests

17

of management with those of the shareholders by providing incentive payments that correspond with long-term improvements in shareholder value.

Target incentive awards under the MIP and similar programs are based on a review of competitive market practice and range from 10% to 90% of base salary. Actual MIP payments are a function of target incentive awards and the actual results achieved under the financial measures and the key programs. Certain of the Company's executive officers participated in the MIP only with respect to a part of their total incentive opportunity. With respect to the balance, these executive officers participated in cash incentive programs based on the performance of their respective business units.

Results for 2000 were below plan on all financial measures and were below target for the key programs. These results translated to an incentive multiple that is below the target that was established. No special cash bonuses were awarded with respect to the year 2000.

The Chairman and Chief Executive Officer participated in the Office of the Chairman Incentive Plan (OCIP) for 2000. OCIP bonuses, which are limited to an incentive fund determined by reference to the Company's reported net earnings, were calculated for the year on the same basis as cash incentives for most other executive officers were calculated.

Stock Options

The annual stock option program is considered an important means of aligning the financial interests of executive officers and other key employees to the longer-term financial interests of the shareholders. Stock options are awarded at an option price not less than the fair market value of the underlying Company common stock on the date of award. The number of option shares awarded at each level in the organization under the program is designed to provide an economic value that is competitive with awards made by other companies to those with comparable jobs.

In 2000, executive officers and substantially all other employees eligible for stock options also participated in a two-year stock option program focusing on the digital businesses. This program is designed to be an important means of aligning management with the achievement of a variety of Grainger's digital initiatives which are intended to strengthen the Company's leadership position in business-to-business MRO sales in the digital marketplace. The program provides for awards having option exercise prices equal to the fair market value of the underlying common stock on the date of the award and features performance-accelerated vesting.

Restricted Stock

Effective in November 1996, the Company awarded restricted stock (generally subject to forfeiture if employment terminates before the end of a 10-year restricted period) to executive and other officers of the Company, in each case subject to the execution of a confidentiality and non-competition agreement with the Company. Similar awards and agreements have been granted to executives who have been promoted to or otherwise assumed eligible officer positions since the original award date. The objectives of the awards and agreements are to align more closely the interests of executives with those of shareholders, to protect proprietary Company information, to preserve the Company's competitive advantages, particularly in termination of employment situations, to provide a strong executive retention incentive, and to provide for executive continuity.

In connection with the combination of the Company's OrderZone business with Works.com, Inc. during 2000, the Company awarded less than 0.5% of the Works.com shares received in the transaction to select Company employees. These employees were selected on the basis of having significantly

contributed to the creation of OrderZone, their having significantly contributed to the combination, or their being in a position to contribute significantly to the success of the future relationship of Works.com and the Company. The shares were awarded as restricted stock with vesting scheduled for two years following the award, assuming continuation of employment with the Company. Among the employees who participated in the award were certain executive officers, not including the Chairman and Chief Executive Officer.

Stock Ownership Guidelines

Ownership in Company stock can encourage executives to consider the shareholder impact of their decisions and to act to increase shareholder value. In this connection, the Company established stock ownership guidelines for its officers. The Chairman and Chief Executive Officer is required to achieve stock ownership of at least five times annualized base salary. The Group Presidents are required to achieve stock ownership of at least four times annualized base salary. Other officers are required to achieve stock ownership of at least three times or two times annualized base salary. These ownership guidelines must be met within three years after being named an officer. Officers who fail to achieve these ownership levels will not be eligible to receive any stock-based awards until such time as the ownership levels are again achieved. The Company believes that these ownership guidelines are important in aligning the interests of the executive officers of the Company and the shareholders.

Executive Death Benefits

The death benefit component of the executive compensation programs consists of the Executive Death Benefit Plan, which is discussed in an earlier section.

Other Benefits

Most other benefits, including profit sharing and various welfare benefits, provided to executives are comparable to those provided to the majority of salaried and hourly Company employees.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a federal income tax deduction to a public company for compensation over \$1 million per fiscal year paid to the company's chief executive officer and its four other most highly compensated executive officers serving at the end of that year. Not subject to the deductibility limit, however, is compensation that qualifies as "performance-based" compensation. A Company objective is to maximize the deductibility of compensation under Section 162(m) to the extent doing so is reasonable and consistent with Company strategies and goals. Awards under the OCIP and gains on exercises of stock options awarded under the 1990 Long Term Stock Incentive Plan are considered to be "performance-based" compensation not subject to the Section 162(m) deductibility limit. The proposed 2001 Long Term Stock Incentive Plan has been designed so that gains on the exercise of stock options awarded under it would be similarly considered.

This stock price performance graph compares the cumulative total return on an investment in Grainger common stock with the cumulative total return of an investment in each of the S&P 500 Stock Index, the Dow Jones Electrical Components & Equipment Index, and the Dow Jones Industrial Services Index. It covers the period commencing December 31, 1995 and ending December 31, 2000. During 2000, Dow Jones modified certain of its indices. The modification resulted in Grainger being in the Industrial Services Index rather than in the Electrical Components & Equipment Index. The graph assumes that the value for the investment in Grainger common stock and in each index was \$100 on December 31, 1995 and that all dividends were reinvested.

PROPOSAL TO RATIFY THE APPOINTMENT OF INDEPENDENT AUDITORS

As recommended by the Audit Committee, the Board has appointed Grant Thornton LLP as Grainger's independent auditors for the year ending December 31, 2001. This appointment will be submitted for ratification at the meeting. Grant Thornton LLP and its predecessors have served as Grainger's independent auditors for approximately 60 years. Representatives of Grant Thornton LLP are expected to be present at the meeting to respond to appropriate questions of shareholders and to make any desired statements.

During 2000, Grant Thornton LLP earned the following fees for the categories of services indicated:

Audit Fees	\$	494,900
Financial Information Systems Design and Implementation Fees	\$	0-
All Other Fees	\$	179,310

The Board recommends a vote FOR the proposal to ratify the appointment of independent auditors.

Approval of the proposal requires the affirmative votes of a majority of the shares of Grainger common stock represented in person or by proxy at the meeting. Broker non-votes and abstentions will have the same effect as votes against the proposal. In the event the proposal is not approved, the Board will consider the negative vote as a mandate to appoint other independent auditors for the next year.

PROPOSAL TO APPROVE THE 2001 LONG TERM STOCK INCENTIVE PLAN

Upon recommendation of the Board's Compensation Committee, the Board has adopted the 2001 Long Term Stock Incentive Plan (the "Plan"), subject to approval of the Plan by the shareholders.

The Plan is generally similar to and is intended to succeed Grainger's 1990 Long Term Stock Incentive Plan, as amended (the "1990 Plan"). Like the 1990 Plan, the Plan provides for various types of stock-based incentives. The purposes of the Plan are to enable Grainger to attract and retain highly qualified executives and other employees, to advance the interests of Grainger by giving designated employees a stake in Grainger's future growth and success, and to strengthen the alignment of interests between those employees and Grainger shareholders.

Summary Description of the Plan

The following summary of the principal features of the Plan is subject to and qualified in its entirety by the full text of the Plan, a copy of which is attached to this proxy statement as Appendix B.

Number of Shares Available. The Plan provides for the delivery of up to 6,000,000 shares of Grainger common stock in connection with awards. The awards ("Awards") may be stock options ("Options"), stock appreciation rights ("SARs"), shares of restricted stock ("Restricted Stock"), shares of Phantom Stock ("Phantom Stock"), shares of common stock ("Shares of Stock"), other stock-based awards ("Other Stock-Based Awards"), and other benefits ("Other Benefits"). The number of Shares of Stock and shares of Restricted Stock so delivered, however, may not exceed 10% of the total. In addition, the number of shares of Grainger common stock with respect to which Options or SARs may be granted to any one person may not exceed 600,000 in any calendar year.

21

The 1990 Plan will continue to be used for future grants of stock-based incentives, as long as shares of Grainger common stock remain available under it.

Administration. The Plan will be administered by a committee of the Board of Directors (the "Committee"), consisting solely of non-employee directors. The Committee may delegate certain of its duties pursuant to the conditions and limitations it may establish. Subject to the provisions of the Plan, the Committee has sole and complete authority to determine (i) the individuals to whom Awards are granted ("Participants"), (ii) the types and amounts of Awards to be granted, (iii) the timing of grants, and (iv) the terms, conditions and provisions of the Awards, which may include, among others, the assumption of non-competition, non-solicitation, and confidentiality obligations by Participants, the performance of a minimum period of service by Participants, and the achievement of specified performance criteria or goals. Each Award shall be evidenced by a certificate, notice or agreement setting forth the particulars of the Award ("Agreement").

The Committee also has final and binding authority to interpret and construe the Plan and all Agreements, to determine the content and form of all Agreements, and generally to determine all questions relating to Awards. If the Committee does not exist or cannot function for any reason, the Board may take any action that could be taken by the Committee.

Participants. All executive and other employees of Grainger and its subsidiaries are eligible to be selected to participate in the Plan. A "Subsidiary" is any corporation, partnership, joint venture, limited liability company, or other entity in which Grainger or any successor to Grainger directly or indirectly owns securities representing a majority of the aggregate voting power or profits interest. The selection of Participants from eligible persons is within the discretion of the Committee.

Types of Awards.

The Plan provides that the Committee may grant Awards of various types. A description of each of the types of Awards follows.

Options. Options are not "incentive stock options" under Section 422 of the Internal Revenue Code of 1986, as amended. Options shall be exercisable at such times and be subject to such other terms, conditions, and provisions as the Committee may impose. No Option, however, may be exercisable more than ten years after the date on which it is granted. In addition, the per-share exercise price of an Option may not be less than 100% of the closing price of a share of Grainger common stock on the New York Stock Exchange, or any other national stock exchange on which Grainger common stock is traded, on the last preceding trading day on which Grainger common stock was traded ("Fair Market Value"). The per-share exercise price must be paid in full at the time of exercise. Unless the Committee determines otherwise, the exercise price may be paid (i) in cash, (ii) in shares of Grainger common stock already owned by the Participant, valued at the shares' Fair Market Value, (iii) through participation in a "cashless exercise" procedure involving a broker, or (iv) a combination of the foregoing.

SARs. SARs may be exercised at such times and be subject to such other terms, conditions, and provisions as the Committee may impose. SARs that are granted in tandem with an Option may only be exercised upon the surrender of the right to purchase an equivalent number of shares of Grainger common stock under the related Option and may be exercised only with respect to the shares of Grainger common stock for which the related Option is then exercisable. The Committee may limit the time of exercise of an SAR to specified periods, and may establish a maximum amount per share

22

that will be payable upon exercise of an SAR. An SAR shall entitle the Participant to surrender any then exercisable portion of the SAR and, if applicable, the related Option. In exchange, the Participant would receive an amount equal to the product of (i) the excess of the Fair Market Value of a share of Grainger common stock on the date of surrender over the Fair Market Value of a share of Grainger common stock on the date the SAR was issued, or, if the SAR is related to an Option, the per-share exercise price of the Option and (ii) the number of shares of Grainger common stock subject to the SAR, and, if applicable, the related Option which is surrendered. Subject to the discretion of the Committee, payment of an SAR may be made (i) in cash, (ii) in shares of Grainger common stock, or (iii) in a combination of the two.

Restricted Stock. Restricted Stock may not be sold, transferred, pledged, assigned, or otherwise alienated until the time, or until the satisfaction of such other terms, conditions, and provisions, as the Committee may impose. When the period of restriction on Restricted Stock terminates, the Participant will receive unrestricted shares of Grainger common stock. Unless the Committee otherwise determines at the time of grant, Restricted Stock carries with it full voting rights and other rights as a shareholder, including rights to receive dividends and other distributions. If the dividends or other distributions are paid in shares of stock, the shares will be subject to the same forfeiture restrictions and restrictions on transferability as the Restricted Stock with respect to which they were paid.

Phantom Stock. Phantom Stock rights cannot be sold, transferred, pledged, assigned, or otherwise alienated until the time, or until the satisfaction of such other terms, conditions, and provisions, as the Committee may impose. Holders of Phantom Stock rights will not be deemed shareholders. Unless the Committee otherwise determines at the time of grant, holders of Phantom Stock rights will be entitled to receive dividend equivalents or cash in lieu of other distributions paid with respect to a corresponding number of shares of Grainger stock. At the time of the grant, the Committee may provide for payment in respect of Phantom Stock rights (i) in cash, (ii) in shares of Grainger common stock, (iii) in a combination of the two, or (iv) in any other manner not inconsistent with the Plan.

Shares of Stock. Shares of Stock may be granted in such number, upon such terms, and at such times as the Committee may determine.

Other Stock-Based Awards. The Committee may also grant Other Stock-Based Awards, including shares of Grainger common stock based on certain conditions, cash payments based on the performance of Grainger common stock, and shares of Grainger common stock in lieu of cash under other Grainger incentive or bonus programs.

Other Benefits. The Committee also has the authority to provide types of Awards in addition to those specifically listed utilizing shares of Grainger common stock, cash, or a combination of the two, if the Committee believes that the Awards would further the purposes for which the Plan was established.

The Committee, from time to time, also may substitute or assume outstanding awards granted by another company, whether in connection with an acquisition of the other company or otherwise. This can be accomplished by either (i) granting an Award in substitution of the other company's award or (ii) assuming the other company's award as if it had been granted under the Plan if the terms of the assumed award could be applied to an Award granted under the Plan. In either case, the exercise price and the number of shares covered by options will be adjusted pursuant to Section 424(a) of the Internal Revenue Code of 1986, as amended.

23

Other Features

Effect of Termination of Employment; Vesting. The termination of a Participant's employment will have the following effects on Awards granted to the Participant:

Retirement, Death or Disability. Unless otherwise determined by the Committee at the time of grant, if a Participant's employment is terminated due to retirement, death or disability, any Option or SAR granted to the Participant which is then outstanding may be exercised at any time prior to the expiration of the term of the Option or SAR or within six years following the Participant's termination of employment, whichever period is shorter. If the Participant retires, any Restricted Stock, Phantom Stock rights, or other Award then outstanding for which any restriction has not lapsed prior to the effective date of retirement will be forfeited. In the event of the Participant's death or disability, any

Restricted Stock, Phantom Stock rights, or other Award then outstanding will become nonforfeitable and will become transferable or payable as though any restriction had expired.

Misconduct. If a Participant's employment terminates by reason of the Participant's misconduct, any outstanding Option or SAR will cease to be exercisable on the date of the Participant's termination of employment and any Restricted Stock, Phantom Stock rights, or other Award then outstanding for which any restriction has not lapsed prior to the date of termination of employment will be forfeited.

Other. If a Participant's employment terminates for any reason other than retirement, death, disability, or misconduct, any Option or SAR granted to the Participant which is then outstanding and exercisable may, unless otherwise determined by the Committee, be exercised by the Participant at any time prior to the expiration date of the term of the Option or SAR or within three months following the Participant's termination of employment, whichever period is shorter. Any Restricted Stock, Phantom Stock rights, or other Award then outstanding for which any restriction has not lapsed prior to the date of termination of employment will be forfeited.

Re-usage and Adjustments. If shares of Grainger common stock otherwise deliverable in connection with Awards are not delivered by reason of expirations, terminations, surrenders, cancellations, forfeitures, or payments in or retentions of shares of Grainger common stock, those shares shall again be available for Awards. In addition, the Committee shall have the authority to make appropriate adjustments to the maximum number of shares of Grainger common stock that could be delivered and to outstanding Awards to reflect stock dividends, stock splits, and similar changes in capitalization.

Effect of Change in Control. In the event of a "change in control" of Grainger, as defined, then, unless otherwise provided in the Agreement relating to a particular Award, a Participant's Restricted Stock that was forfeitable shall become nonforfeitable, and any unexercised Option or SAR shall become fully exercisable.

Effect of Disposition of Facility or Operating Unit. If Grainger closes or disposes of a facility or operating unit or sells or otherwise disposes of a Subsidiary, then, with respect to Awards held by Participants employed at the facility, unit, or Subsidiary, the Committee may but need not (i) accelerate the exercisability of the Awards, (ii) remove any restrictions applicable to the Awards, and (iii) extend for up to five years the period during which the Awards may be exercised.

Nontransferability. Unless otherwise determined at the time of grant, Awards are not transferable other than by will or the laws of descent and distribution.

Withholding Tax. Grainger may withhold cash or shares of Grainger common stock in payment of any taxes required to be withheld by reason of Awards. Unless otherwise determined by the Committee, a Participant may direct Grainger to retain shares of Grainger common stock otherwise deliverable to the Participant in satisfaction of withholding tax obligations resulting from the Award.

Federal Income Tax Consequences

Grainger believes that under existing federal income tax laws, the grant of Options, SARs, Restricted Stock, and Phantom Stock generally will create no tax consequences for a Participant or Grainger. A Participant must generally recognize ordinary income (i) equal to the difference between the exercise price and the Fair Market Value of the shares of Grainger common stock received on the date of exercise of an Option, (ii) equal to the cash received or the Fair Market Value of the shares of Grainger common stock received on the date of exercise of an SAR, (iii) equal to the Fair Market Value of Restricted Stock at the time the restrictions expire, and (iv) equal to the cash or the Fair Market Value of the shares of Grainger common stock received pursuant to an exercise of Phantom Stock rights. If a Participant makes an election under Section 83(b) of the Internal Revenue Code of 1986, as amended, however, a Participant will be taxed on the Fair Market Value of Restricted Stock at the time of grant. Grainger will generally be entitled to deductions to the extent that Participants recognize ordinary income upon the exercise of Options or SARs or upon the distribution or vesting of Restricted Stock or Phantom Stock. The Plan has been designed so that the ordinary income recognized by Participants upon the exercise of Options or SARs would be "performance-based" compensation and, accordingly, not be subject to the limit on deductibility imposed by Section 162(m) of the Internal Revenue Code of 1986, as amended. Special tax rules and elections apply under certain circumstances which may affect the timing and measurement of income recognized in connection with Awards.

Amendment and Termination

Grainger's Board of Directors may amend or terminate the Plan at any time. No amendment without shareholder approval, however, may increase the number of shares of Grainger common stock deliverable, decrease the minimum per-share Option or SAR price, or permit employees of Grainger or a Subsidiary to serve on the Committee. No amendment or termination, however, may impair the rights of a

Participant with respect to Awards granted before the date of amendment or termination without the consent of the Participant.

The Board recommends a vote FOR the proposal to approve the 2001 Long Term Stock Incentive Plan.

Approval of the proposal requires the affirmative votes of a majority of the shares of Grainger common stock represented in person or by proxy at the meeting. Broker non-votes and abstentions will have the same effect as votes against the proposal.

3.3. *Adjustments.* Subject to Section 5.3, in the event of any change in the outstanding Common Stock by reason of a stock split, stock dividend, combination, reclassification or exchange of Shares, recapitalization, merger, consolidation or other similar event, the number of SARs and the number of Shares available for Options, grants of Restricted Stock, and Other Stock-Based Awards and the number of Shares subject to outstanding Options, SARs, grants of Restricted Stock, and Other Stock-Based Awards, and the price thereof, and the Fair Market Value, as applicable, shall be appropriately adjusted by the Committee in its sole discretion and any such adjustment shall be binding and conclusive on all parties. Any fractional Shares resulting from any such adjustment shall be disregarded.

B-5

Section 4. Eligibility and Participation.

The Committee may grant an Award only to an Employee who is actively employed by the Company or any Subsidiary on the date the Award is made. The granting of Awards under the terms of this Plan is made at the discretion of the Committee and does not entitle a Participant to receive future Awards. The adoption of this Plan shall not be deemed to give any Employee any right to be granted an Award, except to the extent as may be determined by the Committee.

Section 5. Administration.

5.1. *Committee.* The Plan and all Awards granted pursuant hereto shall be administered by the Committee, which has sole and absolute discretion with respect to all decisions and determinations pertaining thereto. The members of the Committee shall be appointed by and shall serve at the pleasure of the Board, which may from time to time change the Committee's membership.

5.2. *Authority.* The Committee shall have the sole and complete authority to:

- (a) determine the individuals to whom Awards are granted, the type and amounts of awards to be granted and the time of all such grants;
- (b) determine the terms, conditions and provisions of, and restrictions relating to, each Award granted;
- (c) interpret and construe the Plan and all Awards and any certificates, notices or agreements relating thereto;

- (g) maintain accounts, records and ledgers relating to Awards;

- (h) maintain records concerning its decisions and proceedings;
- (i) employ agents, attorneys, accountants or other persons for such purposes as the Committee considers necessary or desirable; and
- (j) do and perform all acts which it may deem necessary or appropriate for the administration of the Plan and to carry out the objectives of the Plan.

5.3. *Additional Terms.* The Committee may: (i) modify or restrict exercise procedures and any other Plan procedures; (ii) establish local country plans as subplans to this Plan, each of which may be attached as an Appendix hereto and to the extent that the Committee determines that the restrictions imposed by the Plan preclude the achievement of the material purposes of the Awards in jurisdictions outside the United States under such a subplan, the Committee will have the authority and discretion to modify those restrictions as the Committee determines to be necessary or appropriate to conform to applicable requirements or practices of jurisdictions outside the United States; (iii) take any action, before or after an Award is made, which it deems advisable to obtain or comply with any necessary local government regulatory exemptions or approvals; provided that the Committee may not take any action hereunder which would violate any securities law or any governing statute; and (iv) in the event of an extraordinary dividend or other distribution, merger, reorganization, consolidation, combination,

B-6

sale of assets, split up, exchange, or spin off, or other extraordinary corporate transaction, the Committee may, in such manner and to such extent (if any) as it deems appropriate and equitable make provision for a cash payment or for the substitution or exchange of any or all outstanding Awards of the cash, securities or property deliverable to the holder of any or all outstanding Awards based upon the distribution or consideration payable to holders of Common Stock upon or in respect of such event.

5.4. *Delegation.* The Committee may delegate to appropriate senior officers of the Company, or such other persons or committees as it deems appropriate, its duties under the Plan pursuant to such conditions and limitations as the Committee may establish.

5.5. *Determinations.* All determinations, interpretations, or other actions made or taken by the Committee pursuant to the provisions of the Plan shall be final, binding, and conclusive for all purposes and upon all persons. Neither the Committee nor the Board, nor any member of the Committee or the Board or anyone acting at the direction of the Committee or the Board, shall be liable for any action or determination made hereunder in good faith.

Section 6. Stock Options.

6.1. *Type of Option.* It is intended that only non-qualified stock options may be granted by the Committee under this Section 6 of the Plan.

6.2. *Grant of Option.* An Option may be granted to Participants at such time or times as shall be determined by the Committee. Each Option shall be evidenced by a certificate, notice or agreement that shall specify the exercise price, the duration of the Option, the number of Shares to which the Option applies, and such other terms and conditions not inconsistent with the Plan as the Committee shall determine.

6.3. *Option Price.* The per-share Option price shall be at least 100% of the Fair Market Value at the time the Option is granted.

6.4. *Exercise of Options.* Options awarded under the Plan shall be exercisable at such times and shall be subject to such restrictions and conditions, including the performance of a minimum period of service after the grant, as the Committee may impose, which need not be uniform for all participants; provided, however, that no Option shall be exercisable for more than ten (10) years after the date on which it is granted.

6.5. *Payment.* The Committee shall determine the procedures governing the exercise of Options, and shall require that the per-share option price be paid in full at the time of exercise. The per-share option price shall be payable in full either: (a) in cash or its equivalent (acceptable cash equivalents shall be determined by the Committee); (b) unless otherwise determined by the Committee, by tendering previously acquired shares of Common Stock having an aggregate Fair Market Value at the time of exercise equal to the total option exercise price (provided that the shares of Common Stock which are tendered must have been held by the Participant for at least six (6) months prior to their tender); (c) unless otherwise determined by the Committee, pursuant to a "cashless exercise" procedure, as permitted under United States Federal Reserve Board's Regulation T, subject to securities law restrictions; (d) by a combination of (a), (b) and (c); or (e) by any other means which the Committee determines to be consistent with the Plan's purpose and applicable law.

B-7

6.6. *Rights as a Shareholder.* Until the exercise of an Option and the delivery of the Shares in respect thereof, a Participant shall have no rights as a Shareholder with respect to the Shares covered by such Option.

Section 7. Stock Appreciation Rights.

7.1. *Grant of Stock Appreciation Rights.* Stock Appreciation Rights may be granted to Participants at such time or times as shall be determined by the Committee and shall be subject to such terms and conditions as the Committee may decide. A grant of an SAR shall be made pursuant to a certificate, notice or agreement containing such provisions not inconsistent with the Plan as the Committee shall approve.

7.2. *Exercise of SARs.* SARs may be exercised at such times and subject to such conditions, including the performance of a minimum period of service, as the Committee shall impose. SARs that are granted in tandem with an Option may only be exercised upon the surrender of the right to exercise an equivalent number of Shares under the related Option and may be exercised only with respect to the Shares for which the related Option is then exercisable. Notwithstanding any other provision of the Plan, the Committee may impose conditions on the exercise of an SAR, including, without limitation, the right of the Committee to limit the time of exercise to specified periods.

7.3. *Payment of SAR Amount.* Upon exercise of an SAR, the Participant shall be entitled to receive payment of an amount determined by multiplying:

- (a) any increase in the Fair Market Value of a Share at the date of exercise over the Fair Market Value of a Share at the date of grant, by
- (b) the number of Shares with respect to which the SAR is exercised;

provided, however, that at the time of grant, the Committee may establish, in its sole discretion, a maximum amount per Share which will be payable upon exercise of an SAR.

7.4. *Method of Payment.* Subject to the discretion of the Committee, which may be exercised at the time of grant, the time of payment, or any other time, payment of an SAR may be made in cash, Shares or any combination thereof.

Section 8. Restricted Stock or Phantom Stock.

8.1. *Grant of Restricted Stock or Phantom Stock.* The Committee may grant Shares of Restricted Stock or Phantom Stock rights to such Participants at such times and in such amounts, and subject to such other terms and conditions not inconsistent with the Plan as it shall determine. Each grant of Restricted Stock or Phantom Stock rights shall be evidenced by a certificate, notice or agreement setting forth the terms of such Award.

8.2. *Restrictions on Transferability.* Restricted Stock or Phantom Stock rights may not be sold, transferred, pledged, assigned, or otherwise alienated until such time, or until the satisfaction of such conditions as shall be determined by the Committee (including without limitation, the satisfaction of performance goals or the occurrence of such events as shall be determined by the Committee). At the end of the period of restriction applicable to any Restricted Stock, such Shares will be transferred to the Participant free of all restrictions.

8.3. *Rights as a Shareholder.* Unless otherwise determined by the Committee at the time of grant, Participants holding Restricted Stock granted hereunder may exercise full voting rights and

B-8

other rights as a Shareholder with respect to those Shares during the period of restriction. Holders of Phantom Stock rights shall not be deemed Shareholders and, except to the extent provided in accordance with the Plan, shall have no rights related to any Shares.

8.4. *Dividends and Other Distributions.* Unless otherwise determined by the Committee at the time of grant, Participants holding Restricted Stock shall be entitled to receive all dividends and other distributions paid with respect to those Shares, provided that if any such dividends or distributions are paid in shares of stock, such shares shall be subject to the same forfeiture restrictions and restrictions on transferability as apply to the Restricted Stock with respect to which they were paid. Unless otherwise determined by the Committee at the time of grant, Participants holding Phantom Stock rights shall be entitled to receive cash payments equal to any cash dividends and other distributions paid with respect to a corresponding number of Shares.

8.5. *Payment of Phantom Stock Rights.* The Committee may, at the time of grant, provide for other methods of payment in respect of Phantom Stock rights in cash, Shares, partially in cash and partially in Shares, or in any other manner not inconsistent with this Plan.

Section 9. Awards of Stock.

Subject to the provisions of the Plan, Shares of Stock may be awarded to Participants in such number, upon such terms, and at such time or times as the Committee shall determine in its discretion. Each grant of Stock may be evidenced by a certificate, notice or agreement setting forth the terms of such Award.

Section 10. Other Stock-Based Awards and Other Benefits.

10.1. *Other Stock-Based Awards.* The Committee shall have the right to grant Other Stock-Based Awards which may include, without limitation, the grant of Shares based on certain conditions, the payment of cash based on the performance of the Common Stock, and the payment of Shares in lieu of cash under other Company incentive or bonus programs. Payment under or settlement of any such Awards shall be made in such manner and at such times as the Committee may determine.

10.2. *Other Benefits.* The Committee shall have the right to provide types of Awards under the Plan in addition to those specifically listed utilizing shares of stock or cash, or a combination thereof, if the Committee believes that such Awards would further the purposes for which the Plan was established. Payment under or settlement of any such Awards shall be made in such manner and at such times as the Committee may determine.

10.3. *Substitution or Assumption of Awards.* The Committee, from time to time, also may substitute or assume outstanding awards granted by another company, whether in connection with an acquisition of such other company or otherwise, by either (a) granting an Award under the Plan in substitution of such other company's award, or (b) assuming such award as if it had been granted under the Plan if the terms of such assumed award could be applied to an Award granted under the Plan. Such substitution or assumption shall be permissible if the holder of the substituted or assumed award would have been eligible to be granted an Award under the Plan if the other company had applied the rules of the Plan to such grant. In the event the Company assumes an award granted by another company, the terms and conditions of such award shall remain unchanged, except that the exercise price and the number and nature of Shares issuable upon exercise of any such option will be adjusted pursuant to section 424(a) of the Code, notwithstanding other provisions of the Plan. In the

B-9

event the Company elects to grant a new Award rather than assuming an existing option, such new Award may be granted with a similarly adjusted exercise price.

Section 11. Amendment, Modification, and Termination of Plan.

Subject to the terms of the Plan, the Board at any time may terminate or suspend the Plan, and from time to time may amend or modify the Plan, except that no amendment or modification by the Board without shareholder approval shall increase the number of Shares available for delivery under the Plan, decrease the minimum per-share Option or SAR price or permit Employees to serve on the Committee. No amendment, modification, or termination of the Plan shall in any manner adversely affect any Award theretofore granted under the Plan to a Participant without the consent of such Participant.

Section 12. Termination of Employment.

12.1. *Termination of Employment Due to Retirement.* Unless otherwise determined by the Committee at the time of grant, in the event a Participant's employment terminates by reason of retirement, any Option or SAR granted to such Participant which is then outstanding may be exercised at any time prior to the expiration of the term of the Option or SAR or within six (6) years following the Participant's termination of employment, whichever period is shorter, and any Restricted Stock, Phantom Stock rights, or other Award then outstanding for which any restriction has not lapsed prior to the effective date of retirement shall be forfeited.

12.2. *Termination of Employment Due to Death or Disability.* Unless otherwise determined by the Committee at the time of grant, in the event a Participant's employment is terminated by reason of death or Disability, any Option or SAR granted to such Participant which is then outstanding may be exercised by the Participant or the Participant's legal representative at any time prior to the expiration date of the term of the Option or SAR or within six (6) years following the Participant's termination of employment, whichever period is shorter, and any Restricted Stock, Phantom Stock rights, or other Award then outstanding shall become nonforfeitable and shall become transferable or payable, as the case may be, as though any restriction had expired.

12.3. *Termination of Employment for Any Other Reason.* Unless otherwise determined by the Committee, whether at the time of grant or thereafter, in the event the employment of the Participant shall terminate for any reason other than misconduct or one described in Section 12.1 or 12.2, any Option or SAR granted to such Participant which is then outstanding may be exercised by the Participant at any time prior to the expiration date of the term of the Option or SAR or within three (3) months following the Participant's termination of employment, whichever period is shorter; any Restricted Stock, Phantom Stock rights, or other Award then outstanding for which any restriction has not lapsed prior to the date of termination of employment shall be forfeited upon termination of employment. If the employment of a Participant is terminated by the Company or a Subsidiary by reason of the Participant's misconduct, any outstanding Option or SAR shall terminate and cease to be exercisable on the date of the Participant's termination of employment; any Restricted Stock, Phantom Stock rights, or other Award then outstanding for which any restriction has not lapsed prior to the date of termination of employment shall be forfeited upon termination of employment. As used herein, "misconduct" means that the Participant has engaged, or intends to engage, in competition with the Company or a Subsidiary, has induced any customer of the Company or a Subsidiary to breach any contract with the Company or a Subsidiary, has made any unauthorized disclosure of any of the trade

B-10

secrets or confidential information of the Company or a Subsidiary, has committed an act of embezzlement, fraud, or theft with respect to the property of the Company or a Subsidiary, or has deliberately disregarded the rules of the Company or a Subsidiary in such a manner as to cause any loss, damage, or injury to, or otherwise endanger the property, reputation, or employees of the Company or a Subsidiary. The Committee shall determine whether a Participant's employment is terminated by reason of misconduct.

12.4. *Accrual of Right at Date of Termination.* The Participant shall have the right to exercise an Option or SAR as indicated in Section 12.3 only to the extent the Participant's right to exercise such Option or SAR had accrued at the date of termination of employment pursuant to the terms of the Award and had not previously been exercised.

Section 13. Change in Control.

Except as otherwise provided at the time of grant in the certificate, notice or agreement relating to a particular Award, if a Change in Control occurs, then:

- (i) the Participant's Restricted Stock, Phantom Stock, or Other Stock-Based Awards that were forfeitable shall thereupon become nonforfeitable; and
- (ii) any unexercised Option or SAR, whether or not exercisable on the date of such Change in Control, shall thereupon be fully exercisable and may be exercised, in whole or in part.

Section 14. Effect of Disposition of Facility or Operating Unit.

In the event that the Company or any of its Subsidiaries closes or disposes of the facility at which a Participant is located or the Company or any of its Subsidiaries diminish or eliminate ownership interests in any operating unit of the Company or any of its Subsidiaries so that such operating unit ceases to be majority owned by the Company or any of its Subsidiaries, then, with respect to Awards held by Participants who subsequent to such event will not be employees of the Company or any of its Subsidiaries, the Committee may (i) accelerate the exercisability of Awards to the extent not yet otherwise exercisable or remove any restrictions applicable to any Awards and (ii) extend the period during which Awards will be exercisable to a date subsequent to the date when such Awards would otherwise have expired by reason of the termination of such Participant's employment with the Company or any of its Subsidiaries (but in no event to a date later than the expiration date of the Awards or the fifth anniversary of the transaction in which such facility closes or operating unit ceases). If the Committee takes no special action with respect to any disposition of a facility or an operating unit, then any cessation of employment resulting from such disposition will be treated as an ordinary cessation of employment as described in Section 12.

Section 15. Miscellaneous Provisions.

15.1. *Non-transferability of Awards.* Unless otherwise determined by the Committee at the time of grant, and except as provided in Section 12, no Award granted under the Plan shall be assignable, transferable, or payable to or exercisable by anyone other than the Participant to whom it was granted.

15.2. *No Guarantee of Employment or Participation.* Nothing in the Plan shall interfere with or limit in any way the right of the Company or a Subsidiary to terminate any Participant's employment at any time, nor confer upon any Participant any right to continue in the employment of the

Company or a Subsidiary. No employee shall have a right to be selected as a Participant, or, having been so selected, to receive any future Awards.

15.3. *Tax Withholding.* The Company shall have the authority to withhold, or require a Participant to remit to the Company an amount sufficient to satisfy federal, state, and local withholding tax requirements on any Award under the Plan, and the Company may defer payment of cash or issuance of Shares until such requirements are satisfied. Unless otherwise determined by the Committee, a Participant may elect, subject to such conditions as the Committee may require, to have Shares otherwise deliverable under the Plan withheld by the Company and having a Fair Market Value sufficient to satisfy all or part of such requirements or, if so determined by the Committee, the Participant's estimated total federal, state, and local tax obligation associated with the transaction.

15.4. *Governing Law.* The Plan and all determinations made and actions taken pursuant hereto, to the extent not otherwise governed by the Code or Act, shall be governed by the law of the State of Illinois and construed in accordance therewith.

15.5. *Effectiveness of Plan.* The Plan shall become effective upon its approval by the shareholders of the Company; provided, however, that no Award requiring the delivery of Shares shall be exercised or paid out unless at the time of such exercise or payout (i) such Shares are covered by a currently effective registration statement filed under the Securities Act of 1933, as amended, if one is then required, or in the sole opinion of the Company and its counsel such issuance of Shares is otherwise exempt from the registration requirements of such act, and (ii) such Shares are listed on any securities exchange upon which the Common Stock of the Company is listed.

15.6. *Unfunded Plan.* Insofar as the Plan provides for Awards of cash, Shares, rights or a combination thereof, the Plan shall be unfunded. The Company may maintain bookkeeping accounts with respect to Participants who are entitled to Awards under the Plan, but such accounts shall be used merely for bookkeeping convenience. The Company shall not be required to segregate any assets that may at any time be represented by interests in Awards nor shall the Plan be construed as providing for any such segregation. None of the Committee, the Company or Board shall be deemed to be a trustee of any cash, Shares or rights to Awards granted under the Plan. Any liability of the Company to any Participant with respect to an Award or any rights thereunder shall be based solely upon any contractual obligations that may be created by the Plan and any Agreement, and no obligation of the Company under the Plan shall be deemed to be secured by any pledge or other encumbrance on any property of the Company.
