9:30 A.M., MOUNTAIN DAYLIGHT TIME

ALBUQUERQUE CONVENTION CENTER - KIVA AUDITORIUM (2ND FLOOR)
401 2ND ST. N. W.
ALBUQUERQUE, NEW MEXICO

May 24, 2001

Dear Shareholder:

You are cordially invited to attend the 2001 Public Service Company of New Mexico Annual Meeting of Shareholders to:

- o vote on election of three directors,
- o approve amendments to the Director Retainer Plan,
- o approve an amendment to the PNM Resources, Inc. (formerly Manzano Corporation) Omnibus Performance Equity Plan,
- o ratify amendments to the Articles of Incorporation of PNM Resources, Inc.,
- o approve appointment of Arthur Andersen LLP as independent public accountants for 2001, and
- o conduct other business properly brought up at the meeting.

Holders of PNM common stock of record at the close of business on May 14, 2001, may vote at the meeting and at any adjournment of that meeting.

Your vote is important. Whether or not you plan to attend, please sign, date, and return the enclosed proxy card in the envelope provided. If you attend the meeting and prefer to vote in person, you may do so.

This proxy statement and proxy card are being distributed on or about May 24, 2001.

We hope you will be able to attend and I look forward to seeing you at the meeting.

Sincerely,
/s/ Jeffrey E. Sterba
Jeffrey E. Sterba
Chairman of the Board, President and
Chief Executive Officer

ATTENDANCE AND VOTING MATTERS

ADMISSION TICKETS

Admission tickets will be distributed at the registration tables in the lobby of the Kiva Auditorium prior to the Annual Meeting. Attendance is limited to shareholders of record on May 14, 2001. If your shares are held in the name of your broker, bank, or other nominee, please bring an account statement or letter from the nominee indicating that you are the beneficial owner of the shares as of the record date.

VOTING METHODS

You can vote on matters to come before the meeting in two ways:

- o you can come to the Annual Meeting and cast your vote there;
or
- o you can vote by signing and returning the enclosed proxy card. If you do so, your shares will be voted in the manner you indicate. In the absence of specific instructions, proxies will be voted by those named in the proxy FOR the election of directors nominated, FOR the amendments to the Director Retainer Plan, FOR the amendment to the Omnibus Performance Equity Plan ("PEP"), FOR ratification of the amendments to the Articles of Incorporation of PNM Resources, Inc. ("PNM Resources"), FOR the approval of the selection of Arthur Andersen LLP as independent public accountants, and on all other matters in accordance with their best judgment. You can revoke your proxy at any time before it is exercised and vote your shares in person if you attend the meeting.

Each share of Public Service Company of New Mexico ("PNM") common stock you own entitles you to one vote. As of May 14, 2001, there were 39,117,799 shares of PNM common stock outstanding.

THE QUORUM REQUIREMENT

A quorum of shareholders is necessary to hold a valid meeting. If at least a majority of the outstanding common stock of PNM is represented at the Annual Meeting, in person or by proxy, a quorum will exist.

VOTE NECESSARY FOR ACTION

A quorum and the affirmative vote of the holders of a majority of the shares of PNM common stock entitled to vote at the Annual Meeting are required to approve the amendments to the Director Retainer Plan ("Retainer Plan"). Abstentions and "broker non-votes" will have the effect of a vote against this matter. A quorum and the affirmative vote of the holders of a majority of the shares of PNM common stock present, in person or by proxy, and entitled to vote at the Annual Meeting, are required to approve the amendment to the PEP, ratify the amendments to the PNM Resources Articles of Incorporation, elect directors, approve the selection of independent public accountants, and to approve other actions. Abstentions will have the effect of a vote against these matters while "broker non-votes" will not be counted in calculating voting results on these matters.

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

Further, in order to satisfy the requirements of a New Mexico law relating to director conflict of interest transactions, the Board is seeking to obtain the affirmative vote in favor of the amendments to the Retainer Plan of the holders of a majority of the shares entitled to be counted for this purpose at the Annual Meeting. For this purpose, shares owned by or voted under the control of a non-employee director are not entitled to be counted in the vote concerning the amendments to the Retainer Plan.

MATTERS RAISED AT THE MEETING NOT INCLUDED IN THIS STATEMENT

We do not know of any matters to be acted upon at the meeting other than those discussed in this proxy statement. If any other matter is presented, proxy holders will vote on the matter at their discretion. Under Securities and Exchange Commission ("SEC") rules, a proxy may confer discretionary authority to vote on a matter if PNM did not have notice of the matter at least 45 days prior to the anniversary of the date on which PNM first mailed its proxy statement for the prior year's annual meeting of stockholders (in this case, that date would be March 11, 2001), and a specific statement is made to that effect in the proxy statement.

PROPOSAL 1: ELECTION OF DIRECTORS (PROPOSAL 1 ON YOUR PROXY CARD)

STRUCTURE

The transition from PNM to the holding company structure with PNM Resources as the holding company for PNM (which is discussed in more detail below) will include a transition in board governance structure. For PNM, the terms of three directors are expiring: John T. Ackerman, Joyce A. Godwin, and Manuel Lujan, Jr. These directors are being nominated for election at this year's Annual Meeting, and it is intended that they will hold office for an abbreviated tenure until the mandatory share exchange occurs. Upon the date of the mandatory share exchange, all current PNM directors will resign, with the exception of Jeffrey E. Sterba. Following the share exchange, the PNM Board will be organized consistent with becoming a wholly-owned subsidiary of the holding company.

For PNM Resources, at the time of the mandatory share exchange, the directors will be: Robert G. Armstrong, Joyce A. Godwin, Benjamin F. Montoya,

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

Theodore F. Patlovich, Robert M. Price, Paul F. Roth, and Jeffrey E. Sterba. The PNM Resources Board is currently not a classified board; therefore, all directors are elected annually. The PNM Resources Articles of Incorporation allow for a classified board as permitted by law. Recent amendments to New Mexico law, which are effective July 1, 2001, would permit a board the size of the PNM Resources Board to be classified. Just as the PNM Board is now a classified board, the PNM Resources Board may become a classified board in the future.

If a nominee is unavailable for election, proxy holders will vote for another nominee proposed by the Board.

DIRECTORS NOMINATED THIS YEAR FOR TERMS EXPIRING IN 2004

JOHN T. ACKERMAN, 59, is a resident of Corrales, New Mexico, and has been a director since June 1990. Mr. Ackerman is Chairman Emeritus of PNM. Mr. Ackerman served as Chairman of the Board of PNM from 1991 to 1999 and as President and Chief Executive Officer of PNM from 1990 until his retirement in 1993.

JOYCE A. GODWIN, 57, is a resident of Albuquerque, New Mexico, and has been a director since May 1989. Ms. Godwin served as Vice President and Secretary of Presbyterian Healthcare Services of Albuquerque, New Mexico, from 1979 until her retirement in December 1993. Ms. Godwin also served as Chairman and President of Southwest Business Ventures, Inc., a holding company for Presbyterian Healthcare Services' for-profit ventures from 1986 until her retirement in December 1993. Other directorships include: Charter Bank, Albuquerque, New Mexico.

3

MANUEL LUJAN, JR., 73, is a resident of Albuquerque, New Mexico, and has been a director since April 1994. Mr. Lujan has been a consultant on United States governmental matters, focusing on western United States issues since 1993. Mr. Lujan served as United States Secretary of the Interior from 1989 to 1993 and in the United States House of Representatives from 1969 to 1989. Mr. Lujan has been an insurance agent with Manuel Lujan Insurance, Inc. since 1948. Other directorships include: Bank 1st, Albuquerque, New Mexico, and SODAK Gaming, Inc., Albuquerque, New Mexico.

YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THESE NOMINEES.

DIRECTORS WITH TERMS EXPIRING IN 2002

BENJAMIN F. MONTOYA, 65, is a resident of Granite Bay, California, and has been a director since October 1993. Mr. Montoya served as President and Chief Executive Officer of PNM from August 1993 to June 1999, as Chairman, President and CEO through March 2000, as Chairman and CEO from March 2000 through June 2000, and as Chairman of the Board from June 2000 through October 2000. He previously served as Senior Vice President and General Manager, Gas Supply Business Unit, Pacific Gas and Electric Company from 1991 to 1993. Other directorships include: Wells Fargo Corporation (formerly Norwest Corporation) and Furr's Supermarkets, Inc.

ROBERT M. PRICE, 70, is a resident of Edina, Minnesota, and has been a director since July 1992. Mr. Price has been President of PSV Inc., a technology consulting business located in Burnsville, Minnesota, since 1990. Between 1961 and 1990, Mr. Price served in various executive positions, including Chairman

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

and Chief Executive Officer of Control Data Corporation, a mainframe computer manufacturer and business services provider. Other directorships include: Tupperware Corporation, International Multifoods Corporation, Fourth Shift Corporation, Affinity Technology Group, Inc. and Data Link Corporation.

JEFFRY E. STERBA, 46, is a resident of Albuquerque, New Mexico, and was elected to the PNM Board of Directors in March 2000, appointed President of PNM on January 26, 2000, with an effective date of March 6, 2000, became President and CEO on June 6, 2000, and was elected Chairman of the Board on October 1, 2000. Previously, Mr. Sterba served as Executive Vice President of USEC, Inc. from January 1999 to February 2000. Mr. Sterba was responsible for leading new initiatives in USEC's revenue development, market growth and business strategy. He oversaw USEC's corporate development, marketing and sales, international trade and information technology functions. USEC is engaged in the sale of uranium fuel enrichment services for commercial nuclear power plants. Before joining USEC in January 1999, Mr. Sterba was Executive Vice President and Chief Operating Officer of PNM overseeing all of PNM's business units. During his 21 years at PNM, Mr. Sterba held various executive positions and was responsible for bulk power services, corporate strategy and asset restructuring, retail electric and water services, and electric business development and finance.

4

DIRECTORS WITH TERMS EXPIRING IN 2003

ROBERT G. ARMSTRONG, 54, is a resident of Roswell, New Mexico, and has been a director since May 1991. Mr. Armstrong is the President of Armstrong Energy Corporation, Roswell, New Mexico, an oil and gas exploration and production company.

THEODORE F. PATLOVICH, 73, is a resident of Albuquerque, New Mexico, and has been a director since June 2000. Mr. Patlovich is a businessman, entrepreneur, and teacher. He joined Loctite Corporation in 1956, serving in various executive positions, including President of the Loctite Pacific Group from 1974 to 1975, President of Loctite-Japan from 1975 to 1983, Corporate Senior Vice President from 1985 to 1991, and Vice Chairman of the Board of Directors from 1985 until his retirement in 1991. Other directorships include: SVS, Inc., Fresnel Corporation, Reflexite Corporation, and American Home Furnishings.

PAUL F. ROTH, 68, is a resident of Santa Fe, New Mexico, and has been a director since May 1991. Mr. Roth served as the President of the Dallas Chamber of Commerce, Dallas, Texas, from 1991 to 1992. Between 1956 and 1991, Mr. Roth served in various executive positions including President of the Texas Division of Southwestern Bell Telephone Company, Dallas, Texas.

DIRECTOR COMPENSATION

Of PNM's current Board members, only one, Mr. Sterba, is a salaried employee. Mr. Sterba receives no compensation for serving on the Board or its committees. Board members who are not salaried employees of PNM receive compensation for Board service which currently includes:

ANNUAL RETAINER:	\$20,000
ATTENDANCE FEES:	\$750 per Board meeting \$500 for each Board committee meeting
COMMITTEE CHAIRS:	\$200 for each Board committee meeting (in addition to attendance fees)

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

Under PNM's Retainer Plan, approved by shareholders in 1996, directors may choose to receive their annual retainer in the form of cash, restricted stock, or stock options. The restrictions on the restricted stock generally lapse one-third each year following the year of the grant. The options generally vest (become exercisable) on the date of the next annual meeting and allow the director to purchase 2,000 shares of common stock. The exercise price of the option is equal to the fair market value of the common stock on the date of grant less the annual retainer divided by 2,000, subject to a minimum exercise price.

If the shareholders approve the amendments to the Retainer Plan as proposed in this proxy statement, future Board compensation, including the compensation of the PNM Resources Board of Directors, will be based upon that plan, as amended. As described in last year's proxy statement, PNM Resources will adopt the PNM Director Retainer Plan. Please refer to the discussion under "Proposal 2: Approve Amendments to the Director Retainer Plan" for more information about the proposed amendments.

In 2000, the full Board met ten times. In addition, the outside directors met two times during 2000. Directors attended meetings of individual Board committees as shown in the above table. For the Board as a whole, attendance in 2000 at full Board and committee meetings exceeded 96.7%.

The AUDIT COMMITTEE consists entirely of non-employee directors. It assesses the work of PNM's internal auditors and independent public accountants and the effectiveness of the business control structure. It also reviews the financial statements of PNM and oversees PNM's financial reporting. The committee represents the Board of Directors in accounting and auditing related activities of PNM. It has the responsibility to make recommendations to the Board with respect to appointment of the independent public accountants, to approve the scope of the annual audit, and to monitor and review the effectiveness of PNM's management of accounting functions. The Audit Committee's charter complies with requirements recently established by the New York Stock Exchange.

The COMPENSATION AND HUMAN RESOURCES COMMITTEE consists entirely of non-employee directors. It reviews PNM's compensation policies and benefit programs and their relationship to the attainment of business goals. The committee recommends to the Board the compensation philosophy and guidelines for the entire executive and managerial group, giving emphasis to rewarding long-term results and maximizing shareholder value. The committee

8

reviews PNM's diversity program, conducts an annual performance evaluation of the chief executive officer, and ensures management continuity through annual review and approval of a management development and succession program. The committee also has oversight of PNM's code of conduct and compliance program and interacts with PNM's employee organizations.

The CUSTOMER AND PUBLIC POLICY COMMITTEE consists entirely of non-employee directors. It reviews and monitors policies that deal with PNM's responsibility to the communities in which it does business. The subject matter of policies reviewed and monitored includes: customer service, the environment, charitable contributions, government relations, and communications to various constituencies of PNM. The committee meets with public officials, the media, and other opinion leaders throughout the year to obtain an independent assessment of PNM's public reputation.

The EXECUTIVE COMMITTEE consists of the Chairman of the Board, the Chairman Emeritus and the chairs of PNM's standing Board committees. It exercises the powers of the Board during intervals between Board meetings.

The FINANCE COMMITTEE consists of a majority of non-employee directors. It reviews and recommends to the Board the capital structure and financial strategy for PNM including dividend policy. It has oversight of PNM's financial performance, investment procedures and policies, pension fund performance and funding level, large capital expenditures and risk management strategies and policies.

The NOMINATING AND GOVERNANCE COMMITTEE consists entirely of non-employee directors. It has the responsibility to make recommendations to the Board for nominees for election as directors, as well as recommendations concerning the effectiveness, structure, size, composition and compensation of the Board, including committee assignments and candidates for election as Chairman of the Board. The Nominating and Governance Committee conducts an annual evaluation of Board performance and effectiveness and, at least annually, reviews conflict of interest questionnaires submitted by directors

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

to determine whether any potential or actual conflict of interest exists. In 1995, the Board approved a Nominations Policy which describes the guidelines, procedures, and selection criteria for filling vacancies on the Board, recognizing the importance of a well-balanced Board which reflects the interests of PNM's shareholders, customers, employees, and the communities it serves. The Nominating and Governance Committee seeks potential nominees for Board membership in various ways and will consider suggestions submitted by shareholders. Suggestions, together with a description of the potential nominee's qualifications, appropriate biographical information, and the potential nominee's signed consent to serve, should be submitted to the Secretary of PNM prior to December 15, 2001, for consideration at the year 2002 Annual Meeting.

BOARD SERVICE POLICY

The Board of Directors had previously adopted a service policy addressing various aspects of board service, retirement practices, terms of office and inside directors. This policy was suspended on March 7, 2000, because of the expected transition to a holding company structure. The Board anticipates that, subsequent to formation of the holding company, an appropriate board service policy will be adopted by the new holding company board.

The following graph assumes that \$100 was invested on December 31, 1995, in PNM Common Stock, the S&P 500 Stock Index, the Philadelphia Utility Index, and the combination gas and electric peer group, and that all dividends were reinvested. This graph differs from the graphs in previous proxy statements in that it includes the Philadelphia Utility Index which PNM believes currently provides a closer comparison to PNM than the peer group comparison. Therefore, future proxy statements will include the Philadelphia Utility Index and not the peer group index. Historical performance does not necessarily predict future results.

AUDIT COMMITTEE REPORT

The Audit Committee Report and Audit Committee Charter are included in this proxy statement to comply with new Securities and Exchange Commission ("SEC") rules issued on November 21, 2000. The rules govern disclosures related to audit committee members and auditor services. The Audit Committee has prepared the following report for inclusion in this proxy statement.

The Audit Committee of PNM is composed of three directors who are "independent" under the New York Stock Exchange rules and operates under a written charter, which was most recently amended and, as amended, adopted by the Board of Directors on December 11, 2000 (Exhibit A to the proxy

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

statement). The members of the Audit Committee are Robert G. Armstrong (Chair), John T. Ackerman, and Manuel Lujan, Jr. The Audit Committee recommends to the Board of Directors, subject to stockholder ratification, the selection of PNM's independent accountants.

Management is responsible for PNM's internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of PNM's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and the independent accountants. Management represented to the Audit Committee that PNM's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

PNM's independent accountants also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants that firm's independence. This discussion and disclosure informed the Audit Committee of Arthur Andersen LLP's independence as required under Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Based on the Audit Committee's discussion with management and the independent accountants and the Committee's review of the representations of management and the report of the independent accountants to the Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in PNM's Annual Report on Form 10-K for the year ended December 31, 2000, filed with the SEC.

COMPENSATION AND HUMAN RESOURCES COMMITTEE REPORT ON EXECUTIVE COMPENSATION

COMPENSATION POLICIES

The Compensation and Human Resources Committee (the "Compensation Committee") establishes compensation guidelines and targets based upon the performance of PNM, business units within PNM, and individual executive officers. The Compensation Committee consists of four independent directors who are not PNM employees. The Compensation Committee's goal is to establish a compensation program that:

- o links the interests of management and shareholders,
- o aligns executive compensation with long-term PNM performance,
and

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

- o attracts and retains executives of high caliber and ability.

For 2000, the program consisted of base salary, short-term incentive compensation, and long-term incentive compensation.

The Compensation Committee believes the compensation program was a factor contributing to PNM's success this past year, including earnings per share of \$2.53 and operating revenues of \$1.611 billion.

BASE SALARIES

EXECUTIVE OFFICERS. Each year the Compensation Committee reviews base salaries of individual executive officers and their salary ranges. In 2000, base salaries were conservatively tied to the median base salaries of executives in comparable positions within electric and gas utilities together with general industry. Numerous compensation surveys were utilized including Edison Electric Institute, American Gas Association, William M. Mercer, Inc., and Hewitt Associates, LLC.

CHIEF EXECUTIVE OFFICER. Mr. Montoya served as President and Chief Executive Officer of PNM from 1993 until 1999 when he became Chairman, President and Chief Executive Officer. During 2000, Mr. Montoya relinquished his responsibilities as President and Chief Executive Officer, and in October, Mr. Montoya retired as Chairman of the Board.

Mr. Sterba was originally employed by PNM from June 6, 1977 to December 31, 1998, when he resigned his position as Executive Vice President and Chief Operating Officer. On February 28, 2000, Mr. Sterba rejoined PNM as President at a salary of \$350,000. Mr. Sterba was named President and Chief Executive Officer on June 6, 2000, and his salary was increased by \$50,000 to \$400,000. Mr. Sterba was elected Chairman of the Board on October 1, 2000, replacing Mr. Montoya, who retired as Chairman of the Board. In setting Mr. Sterba's salary for 2000, the Compensation Committee evaluated competitive utility and general industry practices for companies with revenues similar to PNM.

SHORT-TERM INCENTIVE COMPENSATION

EXECUTIVE OFFICERS AND CHIEF EXECUTIVE OFFICER. In 2000, executive officers, including Mr. Sterba, participated in an officer incentive plan. The plan has "at risk" cash compensation elements tied to individual performance, combined with company-wide earnings per share ("EPS") performance, and positive Total Shareholder Return ("TSR") that exceeds the Philadelphia Utility Index which is composed of similarly situated utilities. EPS and TSR goals are approved annually by the PNM Board of Directors. Mr. Sterba's 2000 individual performance goals included measurements related to formation of the new holding company and development of its board and governance, achievement and maintenance of PNM's long-term investment rating, progress on recovery of stranded costs, and certain human resources goals. Other executive officers were measured on achievement of their business unit goals for 2000 which were generally focused on customer satisfaction, cost control, operations efficiency, and business unit earnings per share, with performance targets established for threshold, stretch, and optimal achievements. 2000 company-wide EPS results were 128% of the targeted business plan goal, and TSR performance exceeded the Philadelphia Utility Index by 21.55 percentage points. Other significant achievements during 2000 include:

- o developed corporate governance policies for proposed

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

restructuring,

- o successfully negotiated and reached agreement to acquire the electric utility operations of Western Resources, Inc.,
- o provided total return to shareholders of 72.10% and increased price/earnings ratio from 8 to 10.8 times earnings,
- o accelerated the strategic and annual business planning and approval processes,
- o secured future competitiveness of San Juan power generation through re-negotiation of coal contracts,
- o achieved high wholesale profitability despite risky environment,
- o continued improvement in community acceptance and customer satisfaction indicators, and
- o identified preliminary succession plans for all officers.

Award payments were made to participants in February 2001.

Mr. Montoya retired during 2000, giving up the position of President in March, then Chief Executive Officer in June and Chairman of the Board in October. Although he was not a participant in the plan, in April 2001, the Board of Directors determined that Mr. Montoya should receive a discretionary bonus, consistent with past practice, in the amount of \$150,000 for a partial year of service to reward him for his significant contributions to PNM's successes in 2000. In addition, the Board recognized his significant accomplishments during his career with PNM and the progress made by PNM since he joined PNM in August 1993, including more than doubling the stock price, successfully guiding PNM through the seven year legislative process surrounding restructuring, positioning PNM for competition, restoring the dividend, successfully

14

protecting PNM against punitive regulatory actions, significantly increasing earnings, rebuilding trust and credibility for PNM in the community, recruiting a highly qualified successor, and facilitating a smooth transition to his successor.

LONG-TERM INCENTIVE COMPENSATION

EXECUTIVE OFFICERS AND CHIEF EXECUTIVE OFFICER. Under PNM's Performance Stock Plan ("PSP"), non-qualified stock options have been granted to all executive officers, as well as other key employees. The PSP provided that the Compensation Committee, in its sole and absolute discretion, would declare the level of options to be granted. The grant for 2000 was approved and awarded in February 2000 under the PSP. On December 31, 2000, the PSP was scheduled to expire and was to be replaced by the new management stock plan, the PEP, which was approved by shareholders in 2000 and becomes effective on formation of the proposed holding company. Due to regulatory delays that have postponed formation of the holding company, the PEP was not expected to become effective in time for the regular annual grant schedule for February 2001. Therefore, a grant was awarded in December 2000 under the PSP prior to its expiration. Both grants are reported in this proxy statement under "Option Grants in 2000".

CERTAIN TAX MATTERS

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), generally prohibits publicly held companies, such as PNM, from deducting, for federal income tax purposes, annual compensation in excess of \$1 million paid to any of certain top executives, except to the extent compensation is based upon the attainment of performance goals set by the Compensation Committee pursuant to plans approved by the shareholders. The Board of Directors, to comply with applicable tax law, is submitting an amendment to the PEP for shareholder approval at this year's Annual Meeting in order to allow certain of the compensation payable under the plan to be eligible for favorable tax treatment. The Compensation Committee endeavors to maximize the deductibility of compensation under Section 162(m) to the extent practicable, but does consider other factors as necessary to achieve the compensation program goals.

SUMMARY COMPENSATION TABLE FOOTNOTES

- (a) Amounts are less than the established reporting thresholds.
- (b) Salary for a partial year of service; Mr. Montoya retired October 13, 2000 and Mr. Sterba was hired March 1, 2000.
- (c) Bonus paid in 2001 for 2000 performance according to an Officer Incentive Plan that was created to replace executive officer participation in the broad-based employee annual incentive program, Results Pay. The officer plan ties a portion of officer compensation to company-wide earnings per share, positive corporate total shareholder return in excess of the Philadelphia Utility Index, and individual performance.
- (d) Relocation expense reimbursements plus amounts pursuant to a plan that provides executives with contribution benefits for earning more than IRS limits imposed for qualified plans.
- (e) Mr. Sterba was not employed by PNM during 1999.
- (f) Amounts include sales of accrued vacation hours during 1998 and also reflect increases in base salaries.
- (g) Incentives paid in 2000 and 1999 for prior year achievements under the broad-based employee annual incentive program, Results Pay. In addition, these amounts include any lump sum bonus granted for individual performance.
- (h) Due to Performance Stock Plan amendments approved in 1998 that changed the timing of the grants, no grants were awarded with a 1998 effective date.
- (i) Amounts are pursuant to a plan that provides executives with contribution benefits for earning more than IRS limits imposed for qualified plans.
- (j) Bonus paid in April 2001 for previous performance.
- (k) Taxable gifts, unused vacation and flexible holiday pay upon retirement, plus amounts pursuant to a plan that provides executives with contribution benefits for earning more than IRS limits imposed for qualified plans.
- (l) Bonus paid in February 2000 for 1999 performance; bonus paid in June 1998 for previous performance.
- (m) Bonus paid in March 2000 for previous performance.

 OPTION GRANTS IN 2000

Under PNM's Performance Stock Plan, non-qualified stock option grants were awarded to all executive officers, including Mr. Sterba, as well as other key employees. Annual grants for 2000 were approved and awarded in February 2000. Due to the December 31, 2000, expiration of the PSP and a delay in the effective date of the PEP, a final grant under the PSP was approved and awarded in December 2000.

RETIREMENT PLAN AND RELATED MATTERS

In December 1996, the Board of Directors approved changes to the PNM defined benefit plan ("Retirement Plan") and implementation of matching and

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

non-matching contributions to the 401(k) defined contribution plan effective January 1, 1998. PNM contributions to the 401(k) plan consist of a three percent non-matching contribution, and a 75 percent match on the first six percent contributed by the employee on a before-tax basis.

Through December 31, 1997, the Retirement Plan covered employees who had at least one year of service and had attained the age of 21. Vesting occurred after five years of service. Directors who were not employees did not participate in the Retirement Plan. PNM made no contribution in 2000 to the Retirement Plan for plan year 1999, as the Retirement Plan was adequately funded and was frozen effective December 31, 1997.

Salaries used in Retirement Plan benefit calculations were frozen as of December 31, 1997. Additional credited service can be accrued under the Retirement Plan up to a limit determined by age and years of service. PNM made contributions in 1998 to the Retirement Plan for plan year 1997 in the amount of \$185,000. The amount of any contribution with respect to any one person cannot be determined. The contribution amount is actuarially determined based upon the number of Retirement Plan participants, the participant's age, salary, and years of service.

The following table illustrates the annual benefits that would be provided under the Retirement Plan to employees who retire at the indicated compensation and year of service levels and who elect to receive the benefits, which are calculated on a straight-life annuity basis, over their remaining lives. Vesting of accrued benefits would also occur in the event of a change in control of PNM. Benefits shown are maximum annual benefits payable at age 65 to participants who retire at age 65. The table is based on the Retirement Plan. The amounts shown in the table are not subject to any deduction for Social Security benefits or other offset amounts.

- (a) For these purposes, compensation consists of base salaries and includes any amount voluntarily deferred under PNM's Master Employee Savings Plan. Generally, compensation for these purposes does not include bonuses, payments for accrued vacation, or overtime pay.
- (b) Although years of service begin accumulating from the date of employment, vesting occurs after five years of service.

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

- (c) The maximum number of years generally taken into account for purposes of calculating benefits under the non-contributory defined benefit plan. Under limited circumstances, an employee working beyond age 62 could earn an additional 3% retirement benefit.
-

Credited years of service, which can be used to calculate benefits as shown in the above table, have been accumulated by executive officers under the Retirement Plan, the Accelerated Management Performance Plan discussed below, and the supplemental employee retirement arrangements discussed below. Credited years of service computed as of December 31, 2000, are as follows: Mr. Montoya, 11 years; Mr. Sterba, 23.9 years; Mr. Flynn, 6 years; Mr. Maerki, 28.5 years; Mr. Ortiz, 10.25 years; and Mr. Real, 22.33 years. The executive officers' remuneration that would be used to calculate benefits is determined by reference to the Retirement Plan and the supplemental employee retirement arrangements discussed below. As of December 31, 2000, the remuneration used to calculate benefits was as follows: Mr. Montoya, \$373,336; Mr. Sterba, \$167,412; Mr. Flynn, \$161,163; Mr. Maerki, \$170,900; Mr. Ortiz, \$138,332; and Mr. Real, \$135,000. The remuneration used by the plan was frozen as of December 31, 1997.

Under Section 401(a) (17) of the Code there is a limitation on the amount of compensation that can be considered in determining retirement benefits under qualified retirement plans. In June 1998, the Board of Directors approved a plan to give executives with earnings in excess of the Code Section 401(a) (17) limitation (\$170,000 for 2000) an opportunity to participate in a non-qualified plan and receive the 3% company contribution and a 75 cent on the dollar match for the first 6% contributed by the employee for eligible earnings in excess of the compensation limitation. The non-qualified plan also permits executives to contribute amounts in excess of the Code Section 402(g) limitations on elective deferrals. Nine executive officers participated in the Executive Savings Plan in 2000.

In January 1981, the Board of Directors approved a non-qualified executive benefit program for a group of management employees. The Accelerated Management Performance Plan, or AMPP, was intended to attract, motivate and retain key management employees. Mr. Maerki and certain other key management employees are eligible to participate in one or more of

20

the plans in the program. Under the program, as originally adopted, key management employees had the opportunity to earn additional credit for years of service toward retirement. The AMPP, as amended and restated, phased out the accumulation of additional credits by January 1, 1990. In addition, the amended and restated plan includes a provision that allows key management employees who have not attained the maximum credits for years of service to receive a reduced benefit from the plan upon accepting early retirement. Monthly benefits received pursuant to the AMPP are offset by monthly benefits received pursuant to the Retirement Plan.

As approved by the Board of Directors in 1989, a supplemental employee retirement agreement was entered into with Mr. Maerki. Under the agreement, Mr. Maerki's retirement benefits will be computed as if he had been an employee of PNM since February 15, 1974.

As approved by the Board of Directors in 2000, supplemental employee retirement agreements were entered into with Mr. Sterba and Mr. Ortiz. Under the terms of the agreement with Mr. Sterba, he will earn additional years of credited service so that, if he remains employed by PNM until February 28,

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

2005, he will be credited with 30 years of service. Mr. Sterba's agreement also provides that, until February 28, 2005, his eligibility for retiree medical benefits will be determined as if he attained 20 years of credited service with PNM at age 45. Under the terms of the agreement with Mr. Ortiz, he will earn additional years of credited service so that, if he remains employed by PNM until January 1, 2010, he will be credited with 30 years of service. This agreement also provides that, until Mr. Ortiz reaches the age of 55, his eligibility for retiree medical benefits will be determined as if he had attained 20 years of credited service with PNM at age 45.

Under the terms of employment agreements with Mr. Montoya, he is receiving supplemental retirement benefits computed as if he had been an employee of PNM since August 1, 1990.

The Board of Directors has approved the establishment of an irrevocable grantor trust, under provisions of the Code, generally in connection with the AMPP and the supplemental retirement arrangements with Mr. Montoya, Mr. Sterba, Mr. Ortiz, Mr. Maerki, and certain former executive officers. PNM may, but is not obligated to, provide funds to the trust, which was established with an independent trustee, to aid in meeting its obligations under those arrangements. Funds in the amount of \$12.7 million have been provided to the trust since 1989. Distributions have been made from the trust since 1989. No additional funds have been provided to the trust. In connection with amendments to the Executive Retention Plan discussed below, the Executive Savings Plan and supplemental retirement arrangements would be required to be funded through the trust upon a change in control of PNM.

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL ARRANGEMENTS

The PNM Board of Directors adopted the Executive Retention Plan, or the Retention Plan, effective January 1, 1992. The Retention Plan covers executive officers and other key employees designated by the Board. The Retention Plan provides certain severance benefits should the employee be terminated from PNM as a result of a change in control of PNM, and the employee is not immediately re-employed by the successor company, if that termination is (a) for reasons other than cause, or (b) by the employee due to constructive termination. The severance benefits include: (i) lump sum severance equal to 2.5 times current base compensation

21

for executive officers; (ii) reimbursement of reasonable legal fees and expenses incurred as a result of termination of employment; (iii) certain insurance benefits that are substantially similar to those received by the employee immediately prior to termination of employment; (iv) certain other amounts; and (v) if an employee receives any payment due to a change in control that is subject to the excise tax provided in Section 4999 of the Code, then PNM will reimburse the employee in an amount equal to that which places the employee in the same after-tax position as if no excise tax had been imposed. The Retention Plan was effective for an initial term through December 31, 1992, and is to continue in effect until terminated by the Board. The Retention Plan is also subject to automatic extension, or revival if it has been terminated, for certain events relating to potential changes in control.

PNM also has a Non-union Severance Pay Plan that covers non-union employees, including executives, who are terminated due to the elimination of their positions. Executives are eligible, upon signing a release agreement, for a lump sum payment equal to one year of base salary and reimbursement for placement assistance expenses incurred during the year after being terminated

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

up to 5% of base salary. Executives are also eligible for regular severance pay in the amount of two months of base salary, plus one additional week of base salary for each year of service, continuation of certain insurances, and health care benefits for up to 12 months. Severance benefits shall not exceed the equivalent of twice the participant's annual compensation. If an employee is to receive benefits under the Retention Plan, severance benefits are not available to that employee under the Non-union Severance Pay Plan.

Certain other plans in which the named executive officers participate contain provisions that are triggered by a change in control of PNM. These include the Performance Stock Plan, under which immediate vesting of stock options occurs upon a change in control, and the PNM Resources, Inc. Omnibus Performance Equity Plan, which provides for immediate vesting upon eligible termination due to a change in control.

The terms of the change in control provisions are similar among the plans but do have some variations. The Board of Directors is considering whether a uniform definition of "change in control" should be adopted to apply to all plans.

PROPOSAL 2: APPROVE AMENDMENTS TO DIRECTOR RETAINER PLAN
(PROPOSAL 2 ON YOUR PROXY CARD)

SUMMARY

The Board of Directors has adopted amendments to the current First Restated and Amended PNM Director Retainer Plan, subject to approval by PNM's shareholders.

This amended Retainer Plan will become the PNM Resources, Inc. Director Retainer Plan upon the effective date of the mandatory share exchange. The existing plan is effective until 2002, and the majority of the 100,000 shares authorized for the Retainer Plan have been granted. The amended Retainer Plan will expand the flexibility of PNM Resources to structure appropriate retainer fees for the Board of Directors. Ownership of stock will continue to tie directors to the financial success of PNM and to the best interests of the shareholders.

The comparison below highlights the proposed amendments to the Retainer Plan:

The following is a more detailed description of the Retainer Plan, as proposed to be amended:

ELIGIBILITY. Only non-employee directors are eligible to participate in the Retainer Plan. These directors would be PNM directors until the date of the share exchange and would be PNM Resources directors thereafter. Participants would generally receive annual grants on the date of the Annual Meeting of Shareholders.

SHARES SUBJECT TO THE PLAN. Under the Retainer Plan, 200,000 shares of common stock of PNM would be granted in the aggregate. This represents an increase of 100,000 over the shares currently authorized, of which 51,199 shares have been utilized as of April 30, 2001. The common stock has no preemptive rights. Although the use of either authorized but unissued shares or shares purchased on the open market ("market shares") is permissible, it is anticipated that future grants will consist of market shares and therefore will have no

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

dilutive effect with respect to the number of outstanding shares. The number of shares is subject to adjustments for changes in capitalization or in connection with certain corporate transactions. Any shares which are forfeited may again be used for grants under the Retainer Plan subject to certain limitations.

ADMINISTRATION. The Retainer Plan is administered by the Compensation and Human Resources Committee of the Board of Directors or any other committee (as used in this section, the "Committee") as may be designated by the Board to administer the Retainer Plan, the membership of such Committee not being less than three members of the Board.

CASH. The cash award is established by the Board of Directors.

STOCK OPTIONS. The Retainer Plan allows for grants of stock options to be made to each eligible director. The exercise price of each option will be the "Fair Market Value" (as defined in the Plan) of a share of Common Stock at the date of grant.

A stock option shall generally vest and be exercisable on the immediately following Annual Meeting date subject to exceptions determined by the Committee. Vested stock options will be exercisable at any time on or before the earlier of: (i) one year following a director's termination from the Board or (ii) the tenth anniversary date of the grant date of the stock options.

Stock options shall be exercised by the director giving written notice to PNM of his or her intent to exercise options, along with the tendering of cash in the amount of the exercise price, as described above, for the options being exercised, times the number of the options being exercised. Alternatively, in lieu of cash, the exercise price may be paid by the director, in whole or in part, by assignment and delivery to PNM of vested options (other than those being exercised) owned by the director. The amount credited toward the exercise price shall equal the cumulative fair market value of all of the stock subject to the options tendered on the date of the transfer, less the exercise price of the options. The director may also tender payment by assignment and delivery of unrestricted stock. The amount credited toward the exercise price shall equal the cumulative fair market value of the stock being assigned.

Subject to the terms of the Retainer Plan, within an administratively reasonable period of time after the exercise of an option and the payment of the full exercise price, the director shall

24

receive a stock certificate evidencing his or her ownership of the stock. The director shall have none of the rights of a shareholder with respect to the stock subject to options, until the date a stock certificate is issued in the director's name. If necessary to meet the conditions of SEC Rule 16b-3, shares of stock obtained upon the exercise of any option granted under the Retainer Plan may not, in any event, be sold by a director until six months after acquisition by the director of the stock option. Options will not be transferable other than by will or by the laws of descent and distribution, and during a participant's lifetime shall be exercisable only by the director.

VESTING OF STOCK OPTIONS. Stock options cannot be exercised until they vest. Stock options granted under the Retainer Plan will generally vest on the next Annual Meeting date following the Annual Meeting date on which the stock options are granted, subject to exceptions determined by the Committee, if the director continuously remains a director during the vesting period.

The Retainer Plan provides for the acceleration of vesting of stock

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

options upon the death, disability, or retirement of a director or upon completion of his or her elected term, without reelection (regardless of the reason) or upon a change in control of PNM. If a director ceases to be a director of PNM for any other reason prior to vesting of options, the non-vested options shall automatically be forfeited.

TERMINATION, SUSPENSION OR MODIFICATION OF THE RETAINER PLAN. Subject to the following discussion, the Board of Directors may amend, terminate, or suspend the Retainer Plan at any time. If required by law or if necessary to meet the conditions of SEC Rule 16b-3, the Board of Directors will not, without authorization of PNM shareholders, effect any change (other than through adjustment or changes in capitalization or corporate transactions, as provided in the Retainer Plan) which would increase the maximum number of shares of Common Stock available for grants under the Retainer Plan, modify the requirements as to eligibility for grants under the Retainer Plan or otherwise materially increase the benefits accruing to the directors under the Retainer Plan (subject, however, to the Board's right to establish the annual retainer amount). In addition, if required by law or if necessary to meet the conditions of SEC Rule 16b-3, no amendment to the Retainer Plan that would change the amount, price, or timing of stock option grants (other than to comport with the changes in the Code or the Employee Retirement Income Security Act of 1974, as amended, or the rules and regulations thereunder) will be made more than once every six months (without regard to shareholder approval).

FEDERAL TAX CONSEQUENCES. The options granted under the Retainer Plan are not intended to be qualified (statutory) options under the Code. No taxable income will be recognized by a director upon the grant of an option. Upon exercise, the director will generally recognize ordinary income equal to the excess of the fair market value of the shares on the date of exercise over the exercise price. PNM will be entitled to a deduction of the same amount.

In the case of the exercise of an option using previously acquired shares, PNM understands that (i) with respect to the evenly exchanged shares (i.e., the new shares received are equal in number to the old shares surrendered), no gain or loss will be recognized to the optionee at the time of exercise, PNM will not be entitled to a deduction, and the basis and holding period of the equal number of new shares received in the exchange will be the same as the basis and holding period of the surrendered shares, and (ii) with respect to the additional shares received upon exercise, the optionee will be required to recognize as ordinary income in the year of exercise an amount equal to the fair market value on the date of exercise of the additional shares

25

received, less any cash paid upon exercise, and PNM will be entitled to a deduction in a corresponding amount. The basis of the additional shares received will be equal to their fair market value on the date of exercise and the holding period for such shares will begin on the date of exercise. In the payment of the exercise price of an option by assigning other existing options to PNM, the optionee, in addition to recognizing ordinary income on the options being exercised, shall also recognize ordinary income on the options being assigned by the amount that the fair market value of the stock exceeds the exercise price of the option being assigned.

SELF-EMPLOYMENT TAXES. Self-employment taxes are generally recognized and payable by the director at the same time ordinary income is recognized.

The foregoing is only a summary of the principal tax consequences to PNM and the director from the grant of stock options under the Retainer Plan, as amended.

PROPOSAL 3: APPROVE THE AMENDMENT TO
THE OMNIBUS PERFORMANCE EQUITY PLAN
(PROPOSAL 3 ON YOUR PROXY CARD)

The Manzano Corporation Omnibus Performance Equity Plan ("PEP"), a new employee stock incentive plan for the new holding company of PNM, was approved by PNM's shareholders on June 26, 2000. At that time, commitments were made by PNM to (i) reduce reserved shares from 5 million to 2.5 million, (ii) limit the grant of restricted stock rights, performance shares and units, and stock appreciation rights to 500,000 shares out of the total reserved shares, and (iii) prohibit re-pricing of stock options unless shareholder approval is obtained. The PEP will take effect upon the effectiveness of the mandatory share exchange. Recently, the PEP was amended to change the name of the PEP to the "PNM Resources, Inc. Omnibus Performance Equity Plan," and incorporate the commitments described above. This amendment also made other changes to the PEP for which shareholder approval is not required.

At this time, to comply with applicable tax law, the shareholders are being asked to approve an amendment to the PEP that would place an annual limitation of 500,000 shares to any one person, on the number of shares that may be granted to a participant in the PEP. The proposed amendment will facilitate allowing certain of the compensation payable under the PEP to be eligible for income tax deduction.

If this proposal is adopted, a new subsection 5.4 will be added to the PEP as follows:

5.4 ANNUAL LIMITATION ON NUMBER OF SHARES SUBJECT TO AWARDS. Notwithstanding any provision in the Plan to the contrary, and subject to adjustment upon the occurrence of any of the events indicated in Section 5.3, the maximum number of shares of Stock that may be granted to any one Participant during any of the Company's fiscal years with respect to one or more Awards shall be five hundred thousand (500,000).

YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.

PROPOSAL 4: RATIFY AMENDMENTS TO THE ARTICLES OF INCORPORATION
OF PNM RESOURCES, INC.
(PROPOSAL 4 ON YOUR PROXY CARD)

The Board of Directors of PNM is asking shareholders to ratify amendments to the Articles of Incorporation of its proposed holding company to conform to a similar change in PNM's bylaws permitted by a recent amendment to New Mexico law. As discussed below, the proposed amendment would lower the vote required for shareholder approval of certain specified corporate actions.

BACKGROUND. At the Annual Meeting of Shareholders in 2000, PNM's shareholders approved an agreement and plan of share exchange under which PNM will reorganize into a holding company structure. PNM had proposed the holding company structure in response to a 1999 New Mexico law that required separation of state-regulated electric and gas distribution and transmission assets and activities from competitive, deregulated businesses, primarily electric generation assets and service and other energy services. In 2001, the law was amended to delay electric utility industry restructuring, including corporate separation, by an additional five years. The amended law, however, requires the New Mexico Public Regulation Commission ("PRC") to approve a holding company, without corporate separation of generation from transmission and distribution, by July 1, 2001, subject to terms and conditions in the public interest. The amended law also allows utilities to engage in new, unregulated power generation business activities until corporate separation is implemented. The law will provide PNM with significant flexibility to pursue its growth strategy, despite the delay in restructuring.

PNM has applied to the PRC for authorization to implement the holding company structure provided for in the amended law. PNM is not able to predict the outcome of the case and whether or not the holding company proposal will be approved by the PRC with acceptable conditions. The agreement and plan of share exchange that was approved by PNM's shareholders in 2000 is the legal document that will create the holding company structure, subject to receiving regulatory approvals and meeting certain other conditions. The agreement and plan of share exchange provides that each share of PNM common stock will be exchanged for one share of holding company common stock. As a result of the share exchange, you will own holding company common stock and the holding company will own all of the outstanding shares of PNM common stock. In connection with the share exchange, PNM proposes to distribute the outstanding shares of common stock of its existing subsidiaries, including Avistar, Inc., an unregulated subsidiary of PNM engaged in providing energy and utility-related services, to the holding company. You are not being asked to vote again on the agreement and plan of share exchange.

The holding company's Articles of Incorporation were provided to shareholders in connection with the 2000 shareholder approval of the agreement and plan of share exchange. At that time, the proposed holding company was named "Manzano Corporation." However, in light of intervening events, the Board of Directors has determined that "PNM Resources, Inc." would be a more appropriate name for the holding company. The name of the proposed holding company has been changed by action of the Manzano Corporation and PNM Boards by amending the proposed holding company's Articles of Incorporation. Retaining "PNM" as part of

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

the name of the holding company allows continued trading under the "PNM" symbol and

28

avoids potential investor confusion as PNM moves forward with its pending transaction with Western Resources, Inc. The proposed holding company is therefore referred to in this proxy statement as "PNM Resources."

In connection with shareholder approval of the agreement and plan of share exchange in 2000, PNM committed that not more than 10 million shares of preferred stock would be issued by the holding company without express approval of the common shareholders. The Articles of Incorporation for PNM Resources have therefore been amended to carry out this commitment by reducing the number of shares of stock authorized from 170 million to 130 million, eliminating 40 million shares of preferred stock originally authorized so that only 10 million shares of preferred stock remain authorized for PNM Resources.

The foregoing changes in the Articles of Incorporation have been made under the authority of the respective Boards and are not being submitted to shareholders for ratification. However, additional changes in the PNM Resources Articles of Incorporation are being submitted for ratification by the PNM shareholders.

The Articles of Incorporation for PNM Resources contain supermajority voting provisions which provide that the affirmative vote of the holders of two-thirds of its outstanding common shares is required to effect a merger, consolidation or sale of all or substantially all of its assets, to amend the provisions of its Articles of Incorporation, and to effect certain exchanges of stock. These provisions are as follows:

ARTICLE VI AMENDMENTS

The affirmative vote of the holders of two-thirds of the outstanding capital stock of the Corporation entitled to vote shall be required in order to amend, alter, change or repeal any provisions of these Articles of Incorporation.

ARTICLE IX SHAREHOLDERS

The affirmative vote of the holders of two-thirds of the outstanding capital stock of the Corporation entitled to vote shall be required in order to approve any merger, consolidation, plan to exchange all the issued or outstanding shares of one or more classes of stock of this Corporation for shares of another corporation or sale of all or substantially all of the Corporation's assets.

The Board of PNM Resources has recommended, and the Board of PNM acting as sole shareholder of PNM Resources, has approved, subject to PNM shareholder ratification, amending the Articles of Incorporation of PNM Resources to eliminate the supermajority voting provisions quoted above.

Effective June 17, 1983, the New Mexico Business Corporation Act ("NMBCA") was amended to lower the voting requirements for certain corporate actions from a supermajority to a

29

majority for corporations formed on or after that date. These corporate actions included amendments to articles of incorporation, mergers and consolidations, voluntary dissolutions, sales of all or substantially all assets outside the ordinary course of business and mandatory share exchanges. The amendments reduced the voting requirement from a supermajority of two-thirds to a simple majority of shares outstanding, in the absence of an articles provision establishing a supermajority. However, the 1983 amendments regarding voting majorities did not apply to corporations already existing at that time in the absence of an articles provision adopting the 1983 amendments lowering the voting requirements. Although PNM does not have such an articles provision, the supermajority provisions still applied to it because it was formed prior to 1983.

Pursuant to legislation passed in March 2001, signed into law in April 2001, and effective July 1, 2001, the NMBCA was further amended to allow certain corporations existing on the effective date of the 1983 amendments (such as PNM) to make the lower voting requirements of the 1983 amendments applicable by means of a bylaw provision, which can only be rescinded by an amendment to the Articles of Incorporation establishing supermajority voting provisions. Accordingly, the PNM Board amended the PNM bylaws to take advantage of this revised statute, effective July 1, 2001.

THE PNM RESOURCES ARTICLES OF INCORPORATION AMENDMENTS. At the time of the submission of the agreement and plan of share exchange to the shareholders for approval, PNM had drafted the Articles of Incorporation of PNM Resources to conform to its own circumstances regarding supermajority voting requirements. However, because PNM Resources was already subject to the lower voting requirements of the 1983 amendments to the NMBCA, having been incorporated in 2000, the NMBCA required an express articles provision to impose these requirements. PNM identified these supermajority voting requirements in the PNM Resources Articles of Incorporation as "anti-takeover" provisions in the proxy statement for the 2000 meeting, at which the holding company was approved. The PNM Board has now determined to eliminate these provisions from the PNM Resources Articles of Incorporation and rely on the simple majority voting requirements contained in New Mexico law as it has done for PNM. Although technically requiring only PNM's approval as the sole shareholder of PNM Resources, the Board has determined that this change should not take effect unless ratified by the holders of a majority of the shares of PNM represented, in person or by proxy, at the annual meeting. This proposal is being submitted to PNM's shareholders under PNM's bylaws which allow the directors to submit any matter for ratification by the shareholders, even though not otherwise required to be submitted.

PNM's Board has determined, in accordance with the agreement and plan of share exchange, that the proposed change would not materially and adversely affect the rights of PNM's shareholders. The passage of the recent amendment to the NMBCA making it easier for certain corporations to elect to come under the more modern voting requirement provisions of the NMBCA signals a clear public policy in New Mexico against supermajority voting provisions unless shareholders have clearly expressed their desire for such provisions by express language in the articles. This policy choice is consistent with the notion that supermajority voting provisions thwart the will of the majority by providing veto power to a minority of shareholders. In addition, many shareholder rights proponents now advocate for the elimination of supermajority requirements as detrimental to shareholder interests for this same reason.

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

If ratified by shareholders at this annual meeting, the PNM Resources shareholder vote on the proposed combination with Western Resources, Inc., to be held at a later shareholder meeting will require a majority vote and not a supermajority vote as would be required if the Articles of PNM Resources were not amended to eliminate the supermajority voting provisions.

PROPOSAL 5: APPROVAL OF INDEPENDENT PUBLIC ACCOUNTANTS (PROPOSAL 5 ON YOUR PROXY CARD)

The Audit Committee of the Board of Directors has selected Arthur Andersen LLP to audit PNM's books of account and other corporate records for 2001. Arthur Andersen has audited PNM's books since 1993, and has advised PNM that they are independent, within the meaning of the rules and guidelines of the SEC.

Fees paid to Arthur Andersen LLP by PNM are as follows:

AUDIT FEES. The aggregate fees billed by Arthur Andersen for the year 2000 for audit services rendered were \$436,300.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES. There were no fees for financial information system design and implementation in 2000.

ALL OTHER FEES. The aggregate fees billed by Arthur Andersen for the year 2000 for all services other than those described above were \$1,599,000. The Audit Committee has considered whether the provision of these services is compatible with maintaining the principal accountant's independence.

A representative of Arthur Andersen LLP will be available at the Annual Meeting to respond to questions and to make any statement the representative may desire.

EXHIBIT A

CHARTER
AUDIT COMMITTEE
Revised 12-11-2000

STATEMENT OF PURPOSE

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

The Audit Committee (the "Committee") shall be a standing committee appointed by the Board of Directors consisting of at least three independent directors, as defined by the New York Stock Exchange Listed Company Manual. The directors shall be free of any relationships that would interfere with their exercise of independent judgment. The directors shall have a basic understanding of finance and accounting and be able to read and understand fundamental financial statements. At least one director shall have accounting or related financial management expertise. The Committee and its designees will be granted unlimited accessibility to all PNM records, property, and employees. The Committee has the authority to initiate and supervise investigations into any matters within the scope of its duties and responsibilities through the employment of any resources including outside counsel, if deemed necessary.

An annual report will be completed for the Board of Directors regarding the Committee's accomplishments. The Committee will at least annually review its charter and recommend appropriate changes to the Board of Directors. The Committee will prepare a report to shareholders as required by the SEC to be included in PNM's annual proxy statement. The Committee shall cause its charter to be published at least every three years in accordance with SEC regulations. The Committee shall meet at least four times a year, may retain independent consultants, as appropriate, and take such other actions as may be necessary in its performance of the following duties and responsibilities:

DUTIES AND RESPONSIBILITIES

A. ASSESS EXTERNAL AUDIT

1. The outside auditors are ultimately accountable to the Board and the Committee. The Board of Directors and the Committee have the authority and responsibility to select, evaluate, and where appropriate, replace the outside auditors. The Committee shall evaluate the performance of the outside auditors and annually recommend to the Board of Directors the nomination of the outside auditors for shareholder approval in the proxy statement.
 2. At least annually, the Committee shall obtain from the outside auditors a formal written statement delineating all relationships between the outside auditors and PNM. The Committee shall discuss with the outside auditors any relationships or services provided to PNM that may impact the objectivity and independence of the outside auditors. The Committee shall recommend to the Board of Directors any appropriate action to be taken in response to the reports that may be necessary to satisfy itself of the independence of the outside auditors.
- A-1
3. Discuss the scope, objectives, staffing, reliance upon management and procedures to be included in the annual audit with the outside auditors, including the coordination of audit effort with the internal audit staff.
 4. Review with financial management and the outside auditors PNM's quarterly and annual financial statements prior to filing. Discuss any significant changes to PNM's accounting principles and any items required to be communicated in accordance with Statement of Accounting Standards No. 61. In

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

particular the Committee shall review and discuss: significant accounting policies; management judgments and accounting estimates; significant audit adjustments; disagreements with management, including accounting principles, scope of audit, and disclosures; consultation with other accountants by management; the quality of the accounting principles and underlying estimates used in the preparation of PNM's financial statements; the clarity of the financial disclosure practices used or proposed by PNM; and, the outside auditors' views about the reasonableness of management's choices of accounting principles from the perspective of income, asset and liability recognition, and whether those practices are common practices or minority practices.

5. Review any restrictions placed on the outside auditors in performance of their work, and the cooperation received from Company personnel.
6. Report the results of the outside auditors' examination of PNM's financial statements to the Board of Directors.
7. Maintain a direct line of communication with the outside auditors including meeting with them without Company personnel present whenever deemed appropriate by the Committee or at the request of the outside auditors.

B. ASSESS THE BUSINESS CONTROL STRUCTURE

Review PNM's business control structure by performing the following:

1. Obtain periodic briefings by senior management regarding financial performance, business and financial risks, exposures and other issues, financial reporting issues and changes, litigation issues, internal controls, laws and regulations, and including oversight and responsibility for Senior Executive expense reimbursement. Request briefings from Senior Management on areas of operational risk that may impact Company financial health. Review and monitor risk mitigation and management methods designed to address these risks.
2. Review reports prepared by the internal and external auditors regarding risks outside the acceptable limits established by management and the Board. The Committee should consider the actions taken by management in response to the internal and external auditors' suggestions.

A-2

3. Review the effectiveness of management's program to assure compliance with the requirements of laws and regulations and all associated risks. Ensure Internal Audit is sufficiently involved in review of Company compliance with laws and regulations.

C. OVERSEE THE WORK OF THE INTERNAL AUDITORS

1. Review and approve the Audit Services Department plan for assessing and reviewing business risks and the activities and mechanisms implemented by management to keep risks within acceptable limits.

Edgar Filing: PUBLIC SERVICE CO OF NEW MEXICO - Form DEF 14A

2. Assess whether the Audit Services Department is meeting the objectives defined by the Committee and senior management to:
 - o Add value to the overall operation of PNM through review of work performed, as reflected in the audit comments issued (operational perspective and preventative nature of recommendations), and in survey results from auditees;
 - o Perform reviews in a proactive manner, evidenced by scheduled and reported involvement in key business projects company-wide (new systems in development, reengineering of significant business processes, quality initiatives, steering committees, advisory boards, etc.);
 - o Evaluate the internal audit process for continual improvement opportunities and to incorporate best practices found through research within and outside the industry, with the objective to better serve internal and external customers, as evidenced by periodic presentations by the Director of Audit Services of new methods and process changes.

3. Perform a formal evaluation of the performance of the Director of Audit Services at least annually with quarterly feedback regarding accomplishment of the mission and scope of coverage. The Committee must concur on the selection of any candidate for the position of Director of Audit Services.
