#### AMENDMENT OF CERTIFICATE OF INCORPORATION

In 1996, for the purpose of eliminating taxes on authorized but unissued shares of the Company's Common stock, the Certificate of incorporation was amended to reduce the number of authorized shares of Common stock to 15,000,000. A three-for-two stock split was effected in 1996 and the number of authorized shares was increased in 1998 to 20,000,000. It was determined that the remaining balance of authorized but unissued shares was insufficient should the Company desire to effect another stock split or for use in the event of acquisitions of other entities or product lines in which shares of stock would be used as consideration for such activity. The Board of Directors, with shareholder approval in 2002, increased the number of authorized shares from 20,000,000 to 25,000,000.

The Board of Directors of the Company has approved, subject to the stockholder approval solicited hereby, a proposal to amend the Certificate of Incorporation to effect a three-for-one stock split of the issued and outstanding shares of the Company's Common Stock and, to provide for the additional shares necessary to effect the split, to increase the number of shares which the Corporation is authorized to issue from 25,000,000 to 50,000,000. The purpose of the stock split is to increase the number of shares on the market available for trading and to further enable additional investors to acquire shares of the Common stock by reducing the market price of the stock. Daily trading volume of the Company's stock through the American Stock Exchange, Inc. in January 2002 averaged less than 26,000 shares per day. The Company believes that the proposed stock split would result in an increase in the average number of shares traded and that this would benefit shareholders by enhancing liquidity of the Company's shares.

During January, 2002, the share price of the Company's stock ranged from a high of \$51.35 per share to a low of \$45.80 per share, or an average per share price of \$48.21. While management cannot predict the ultimate share price for the Company's stock or provide any assurances with regard thereto, the proposed stock split should be reflective of the market value of the Company based on the increased number of shares outstanding.

Although it is not anticipated that trading in the higher numbers of shares will result in higher transaction, or other related costs, it is possible that shareholders may incur higher transaction costs, or other related costs, as a result of trading in higher equivalent numbers of shares.

A copy of the proposed amendment to the Certificate of Incorporation is attached hereto as Appendix A. In order to accomplish a split up of the Common shares of the Corporation, it is necessary to amend the Certificate of Incorporation of the Corporation to increase the number of shares the Corporation is authorized to issue from 25,000,000 to 50,000,000 in order to divide the shares. Such an amendment requires the majority vote of the shareholders.

The effect of this stock split is to change each presently issued and outstanding one (1) share of Common stock, no par value, into three (3) shares of Common stock, no par value, at the close of business on the date the amendment becomes effective, that is, the date the Certificate of Amendment (the "Amendment") is filed in the Office of the Secretary of State of the State of Delaware (the "Effective Date"). Thereafter, each shareholder of Record at the close of business on the Effective Date shall be entitled to receive additional share certificates representing two (2) additional shares of Common stock, no par value, for each one (1) outstanding share of Common stock held. If the proposal to so amend the Certificate of Incorporation is approved by the majority of the shareholders at the time of the meeting, it is anticipated that the additional certificates will be mailed approximately ten days thereafter. The Corporation has applied for listing of the securities to be issued on the

American Stock Exchange.

No fractional shares will be issued to shareholders in connection with the split up, but in lieu thereof, at the same time as the additional shares are mailed, cash will be distributed to each shareholder who would otherwise have been entitled to receipt of a fractional share. The amount of

3

---

cash to be distributed shall be based upon the closing stock price on the American Stock Exchange, after adjustment for the effect of the stock split, of the Corporation's Common stock, no par value, on the Effective Date.

The stock split, if approved by the shareholders, will not result in the increase or decrease in the aggregate amount of the capital account or the surplus accounts of the Corporation.

**AN AFFIRMATIVE VOTE OF AT LEAST A MAJORITY OF THE OUTSTANDING SHARES, EXCLUSIVE OF SHARES HELD BY THE CORPORATION AS TREASURY SHARES, IS NECESSARY FOR APPROVAL.**

**THE BOARD OF DIRECTORS RECOMMENDS APPROVAL OF THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION.**

**OTHER MATTERS**

The expense of preparing, printing and mailing the Notice of Meeting and Proxy material and all other expenses of soliciting proxies will be borne by the Corporation. In addition to the solicitation of proxies by use of the mails, the Directors, Officers and regular employees of the Corporation, who will receive no compensation in addition to their regular salary, if any, may solicit proxies by mail, telegraph, telephone, or personal interview. The Corporation may also reimburse brokerage firms, banks, trustees, nominees and other persons for their expenses in forwarding proxy material to the beneficial owners of shares held by them of record.

No other business will be presented for consideration at the special meeting.

By Order of the Board of Directors

William C. Stewart, Jr.
