### Report of Independent Auditors

Personnel and Compensation Committee  
Water Pik Technologies, Inc.

We have audited the accompanying statements of net assets available for benefits of the Water Pik Technologies, Inc. Retirement Plan as of December 31, 2001 and 2000, and the related statements of changes in net assets available for benefits for the year ended December 31, 2001, and for the period from April 1, 2000 (inception) to December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits at December 31, 2001 and 2000, and the changes in its net assets available for benefits for the year ended December 31, 2001, and for the period from April 1, 2000 (inception) to December 31, 2000, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2001 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's Management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**Water Pik Technologies, Inc. Retirement Plan**

**Notes to Financial Statements**

**December 31, 2001**

**1. Description of the Plan**

The Water Pik Technologies, Inc. Retirement Plan (the Plan) was established on April 1, 2000.

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan. All regularly scheduled full-time and part-time U.S. domestic employees of Water Pik Technologies, Inc. (the Company) are eligible to participate in the Plan on the date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**Contributions**

Participants may make contributions of between 1% and 15% of pretax annual compensation, as defined in the Plan, up to an annual maximum as determined by the Internal Revenue Service. Each pay period, the Company matches 50% of contributions of employees who have completed 90 days of service up to an annual maximum of the greater of 3% of compensation, as defined, or \$1,000.

Each plan year, for employees who have completed 90 days of service, the Company also contributes non-elective contributions of 2.0% of hourly active participants' compensation, as defined, and 4.5% of salaried active participants' compensation, as defined. In addition, the Company may make annual discretionary contributions in an amount to be determined at the end of the plan year by the Board of Directors. There were no discretionary contributions to the Plan at December 31, 2001 and 2000.

**Participant Accounts**

Each participant's account is credited with the participant's contributions, the Company's matching, non-elective and discretionary contributions and an allocation of the Plan's earnings. Allocations of Plan earnings are based on participant account balances. Participants are entitled to the vested balances in their accounts.

Participants direct contributions, including Company matching, non-elective and discretionary contributions, into one or more investment options offered by the Plan. Participants can choose to invest their contributions in the common stock of Water Pik Technologies and in the following Fidelity funds: Fidelity Fund, Retirement Money Market Portfolio, Managed Income Portfolio, Capital and Income Fund, U.S. Bond Index Fund, Spartan® U.S. Equity Index Fund, Aggressive Growth Fund, Dividend Growth Fund, Low-priced Stock Fund, OTC Portfolio, Diversified International Fund, Overseas Fund, Freedom Income Fund (SM), Freedom 2000 Fund (SM), Freedom 2010 Fund (SM), Freedom 2020 Fund (SM), Freedom 2030 Fund (SM) and Freedom 2040 Fund (SM).

In accordance with the Employee Benefits Agreement between the Company and Allegheny Technologies Incorporated ("ATI") pursuant to the spin-off of the Company from ATI on November 29, 1999, participants in the Plan are not allowed to direct contributions into the common stock of ATI or Teledyne Technologies, Inc. However, amounts transferred into the Plan can remain in

these funds until December 30, 2002. Participants' balances in these funds are required to be transferred into one or more of the other investment options offered by the Plan prior to December 30, 2002. Any balances remaining in these funds at December 30, 2002 will be liquidated by the Plan administrator and the proceeds reinvested in Water Pik Technologies, Inc. common stock.

### Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of (a) \$50,000 or (b) 50% of their vested account balance. Loans are repayable over periods of up to five years (ten years for loans to purchase the participant's primary residence). A participant may have only one loan outstanding at any time. Outstanding participant loans must be repaid upon the participant's termination of employment with the Company.

Loans are secured by the balance in the participant's account and bear interest at the prime interest rate as published in The Wall Street Journal on the first business day of each calendar quarter preceding the loan origination date.

### Vesting

Participants are fully vested in their contributions and all earnings thereon. All eligible employees of the Company as of March 31, 2000 are fully vested in Company matching contributions regardless of years of service. Eligible employees hired subsequent to March 31, 2000 vest in Company matching contributions under the following schedule:

Years of Service	Vesting Percentage
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Non-elective Company contributions for all participants vest in accordance with the above vesting schedule.

### Withdrawals and Distributions

The Plan allows for participants to make withdrawals from the Plan upon reaching age 59<sup>1/2</sup> or in the case of serious financial hardship, as approved by the administrator. Additionally, the value of participant's contributions and the value of all vested Company contributions are payable to participants upon death, disability, retirement or upon termination of employment with the Company. At the participant's election, payment may be made in cash as a single lump sum or in installments.

### Administrative Expenses

The Company pays administrative expenses, which include record keeping, trustee fees and expenses of the Company incurred in administering the Plan. Participants pay loan origination and servicing fees.

### Forfeited Accounts

Forfeitures of terminated participant's unvested amounts are used to reduce administrative expenses under the Plan, if any. Any remaining forfeited balances are applied to reduce future Company contributions.

## 2. Summary of Significant Accounting Policies

### Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires the Plan's administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Valuation of Investments and Investment Income**

All money market and other mutual funds are stated at fair value at December 31, 2001 as determined by the Trustee. Common stock is stated at the quoted market price as listed on the New York Stock Exchange. All participant loans are valued at cost, which approximates fair value.

**3. Plan Asset Transfers**

During the year ended December 31, 2001, the Company transferred assets of \$43,480 for nine employees to participate in the Plan.

Prior to the spin-off from ATI and through March 31, 2000, the Company's employees participated in the Teledyne 401(k) Plan sponsored by ATI. The Company's employees' account balances under that plan were transferred to the Plan effective April 1, 2000. The annual report for the Teledyne 401(k) Plan is filed by ATI.

In May 1996, the Company acquired Jandy Industries, Inc. (Jandy). Jandy's employees continued to participate in the Jandy Industries Inc. Employees Savings Plan (the Jandy Plan). Effective January 1, 1997, the Jandy Plan assets were frozen and participants were enrolled in the Teledyne 401(k) Plan. Effective July 28, 2000, the assets of the Jandy Plan were transferred into the Company's Plan. The Plan was amended to reflect and allow this asset transfer.
