Item 1. Proxy Voting Record

The report may indicate that the "meeting status" of a particular proposal was "take no action" or "unvoted". The reason for no action being taken or a security being unvoted (i.e., no vote being cast) may include, without limitation: (a) the securities were out on loan at the time of a record date, (b) administrative or operational constraints impeded the ability to cast a timely vote (e.g. late receipt of proxy voting information), (c) systems, administrative or processing errors occurred, including errors by the Adviser or third party vendors, and/or (d) the portfolio manager concluded that the potential benefit of voting was outweighed by the cost, and/or otherwise not in the best interest of the Fund. The "meeting status" of a particular proposal may also appear as "take no action" or "unvoted" in connection with contested meetings at which only one of the agendas is actually voted upon.
