CALCULATION OF FILING FEE

Transaction Valuation:
\$50,887

Amount of filing fee:
\$5.00

* This calculation is based upon 0.000092 multiplied by transaction valuation shown above. For purposes of calculation of this fee only, this transaction valuation is based on 84,811 shares, the estimated number of shares that would otherwise be converted into fractional shares as a result of the Reverse Stock Split, multiplied by \$0.60. This \$0.60 multiplier constitutes the estimated cash consideration based on the Maximum Fixed Price to be paid per share in lieu of the issuance of any fractional shares.

** The amount of the filing fee calculated in accordance with Rule 0-11 of the Securities Exchange Act of 1934.

☐ Check box if any part of the fee is offset by Rule 0-11(a)(2) and identify the filing with which the offsetting fee was previously paid. Identify the previous filing by registration statement number, or the Form or Schedule and the date of its filing.

Item 1. Summary Term Sheet. The material terms of this transaction are listed in the following:

- o Our Board of Directors has authorized a 150-for-1 reverse stock split of our Common Stock and recommends that all shareholders approve the proposal by voting for an amendment to our Articles of Incorporation. See also the information under the caption "Summary of Reverse Stock Split Proposal" in the Proxy Statement filed contemporaneously with this schedule (throughout this schedule we refer to such proxy statement as the "Proxy Statement").
- o A majority of our stockholders must vote in favor of the reverse stock split for the proposal to be implemented; however, since the members of the Board have indicated their intention to vote their shares for the approval of such proposal, and such members hold or control a majority of the votes that may be cast at the Special Meeting, approval of the proposed reverse stock split is assured. See also the information under the captions "Required Vote" and "Summary of Reverse Stock Split Proposal" in the Proxy Statement.
- o The reverse stock split will not become effective until the amendment is filed with the Florida Secretary of State's office within ten (10)

Edgar Filing: CUMBERLAND TECHNOLOGIES INC - Form SC 13E3

business days following the proposal's approval at the Special Meeting. See also the information under the caption "Summary of Reverse Stock Split Proposal" in the Proxy Statement.

- o Once the reverse stock split becomes effective, you will receive one new share of Common Stock for each 150 shares of the Common Stock that you may own at that time.
- o For those who hold less than 150 shares or those who do not hold shares in an even multiple of 150 of either class, you will receive a cash payment for those shares which would otherwise be converted into a fraction of a share of the new stock. See also the information under the caption "Summary of Reverse Stock Split Proposal" in the Proxy Statement.
- o The reverse stock split is not expected to affect our current business plan or operations. See also the information under the caption "Conduct of the Company's Business after Reverse Stock Split" in the Proxy Statement.
- o Each member of the Board of Directors has indicated that he intends to vote in favor of the reverse stock split. See also the information under the caption "Fairness of Reverse Stock Split Proposal" in the Proxy Statement.
- o If the reverse stock split is approved, we will probably be eligible to cease filing periodic reports with the SEC and we intend to cease public registration of our Common Stock. However, the Board has reserved the right to maintain registration, even after implementing the reverse stock split, if it deems that continued registration is in the best interests of the Company and the shareholders at the time. See also the information under the caption "Purpose and Reasons for the Reverse Stock Split" in the Proxy Statement.
- o Our Board of Directors did not obtain an investment bank or other financial adviser to render a report or fairness opinion in connection with the reverse stock split. See also the information under the caption "Fairness of Reverse Stock Split Proposal" in the Proxy Statement.
- o We expect that the reverse stock split should be treated as a tax-free "recapitalization" for federal income tax purposes. For those holders that receive a cash payment in lieu of fractional shares, you will need to recognize income for the difference between the amount of cash received and the portion of the aggregate tax basis in your shares of common stock which was not converted. See the information under the caption "Material Federal Income Tax Consequences" in the Proxy Statement.
- o There are no appraisal rights for any stockholder who dissents from approval of the reverse stock split under the Company's governance documents. We have also concluded that there are no appraisal rights under Florida General Corporation law. We refer you, however, to Sections 607.1302 and 607.0604 of the Florida Statutes which respectively prescribe the rights of shareholders to dissent and treatment of fractional shares. There may exist other rights or actions under state law for stockholders who are aggrieved by reverse

stock splits generally. See also the information under the caption "Appraisal Rights; Escheat Laws" in the Proxy Statement.
