Note 1. The condensed consolidated financial statements include the results of Wausau Paper Corp. and our consolidated subsidiaries. All significant intercompany transactions have been eliminated. The accompanying condensed financial statements, in the opinion of management, reflect all adjustments, which are normal, and recurring in nature and which are necessary for a fair statement of the results for the periods presented. Results for the interim period are not necessarily indicative of future results. In all regards, the financial statements have been presented in accordance with accounting principles generally accepted in the United States of America. Refer to notes to the financial statements, which appear in the Annual Report on Form 10-K for the year ended December 31, 2004, for the Company's accounting policies and other disclosures, which are pertinent to these statements.

Net loss or earnings include provisions, or credits, for certain stock-based compensation plans calculated by using the average price of the Company's stock at the close of each calendar quarter as if all grants under such plans had been exercised on that day. In addition, fixed compensation expense is recognized for certain stock-based compensation plans over the remaining service or vesting period of the grant. For the three months ended September 30, 2005, the provision for stock-based compensation plans on a pretax basis was \$0.3 million. In December 2004, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 123 (revised 2004), "Share-Based Payment" ("SFAS 123R"), which was to be effective for the Company on July 1, 2005. On April 14, 2005, the Securities and Exchange Commission ("SEC") announced the adoption of a rule that defers the effective date of SFAS 123R. The Company plans to adopt SFAS 123R in the first quarter of 2006 and is currently evaluating which method of adoption will be utilized. As a result, the Company is unable to disclose the impact that adopting this statement will have on its financial position and results of operations when adopted.

As of September 30, 2005, the Company has made payments of \$11.9 million to its pension plans. The Company previously reported that it expected to contribute \$4.1 million directly to post-retirement plans. As of September 30, 2005, the Company has contributed \$3.8 million to its post-retirement plans and now expects to contribute, in total, approximately \$5.2 million to post-retirement plans for 2005.

Note 8. Pulp Mill Closure

In July 2005, the Company announced plans to permanently close the sulfite pulp mill at its Brokaw, Wisconsin, papermaking facility. The pulp mill closure is expected to be substantially completed by the end of 2005 and will result in the elimination of approximately 60 permanent jobs, or 11% of the facility's total workforce. The related

Edgar Filing: WAUSAU PAPER CORP. - Form 10-Q

long-lived assets will be abandoned. The cost of products sold for the three month and nine month periods ended September 30, 2005, as reflected in the Condensed Consolidated Statements of Operations include \$20.6 million and \$29.9 million, respectively, in pre-tax charges for accelerated depreciation, an adjustment of pulp mill inventory to net realizable value, and a third quarter revision to the original pulp mill inventory value based upon additional usage of inventories. Pre-tax restructuring expense related to certain assets disposed as a direct result of the closure and other associated costs were \$0.2 million and \$0.4 million for the three months and nine months ended September 30, 2005, respectively. Additional pre-tax closure charges of approximately \$12.1 million are expected to be recognized over the next three quarters, with \$11.5 million in the fourth quarter of 2005, and \$0.6 million in the first half of 2006.

Note 9. Interim Segment Information

The Company has reclassified certain prior-year interim segment information to conform to the 2005 presentation. The reclassification is the result of a change in the management of two converting facilities from the Printing & Writing segment to the Specialty Products segment.

FACTORS USED TO IDENTIFY REPORTABLE SEGMENTS

The Company's operations are classified into three principal reportable segments: Specialty Products, Printing & Writing, and Towel & Tissue, each providing different products. Separate management of each segment is required because each business unit is subject to different marketing, production, and technology strategies.

PRODUCTS FROM WHICH REVENUE IS DERIVED

Specialty Products produces specialty papers at its manufacturing facilities in Rhinelander, Wisconsin; Mosinee, Wisconsin; and Jay, Maine. Specialty Products also includes two converting facilities that produce laminated roll wrap and related specialty finishing and packaging products. Printing & Writing produces a broad line of premium printing and writing grades at manufacturing facilities in Brokaw, Wisconsin; Groveton, New Hampshire; and Brainerd, Minnesota. Printing & Writing also includes a converting facility which converts printing and writing grades. Towel & Tissue produces a complete line of towel and tissue products that are marketed along with soap and dispensing systems for the "away-from-home" market. Towel & Tissue operates a paper mill in Middletown, Ohio, and a converting facility in
