**ITEM 7.01. Regulation FD Disclosure**

During the third quarter ended October 30, 2010, American Eagle Outfitters, Inc. (the "Company") liquidated 95% of its auction rate securities and auction rate preferred securities (collectively "ARS") investment portfolio, with the last sale occurring on October 29, 2010. The ARS investment portfolio was originally purchased as highly liquid short-term instruments. Due to the deterioration of the ARS market and ARS investments experiencing failed auctions or long-term auction resets, the Company's ARS investment portfolio was subsequently classified as long-term, with a weighted average contractual maturity of approximately 26 years. This liquidation allowed the Company to convert substantially all of its ARS investment portfolio to short-term liquid assets.

As a result of the liquidation referenced above, the Company received proceeds of \$149.6 million, plus accrued interest. The Company will recognize an expense in its consolidated statements of operations for the third quarter ended October 30, 2010 of \$24.2 million, or \$0.12 per diluted share.

The Company's remaining ARS investments consist of three issues of municipal bond ARS with \$9.2 million of par value, a weighted average maturity of less than two years and an estimated fair value of \$9.2 million.
