## PART I

## Forward-Looking Statements

This Form 10-K contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Our actual results could differ materially from those set forth in each forward-looking statement. Certain factors that might cause such a difference are discussed in this report, including in the section entitled "Forward Looking Statements" on page 53 of this Form 10-K.

## Item 1. Business

## The Company

Home Properties, Inc. ("Home Properties" or the "Company") is a self-administered and self-managed real estate investment trust ("REIT") that owns, operates, acquires, develops and rehabilitates apartment communities. The Company's properties are regionally focused, primarily in selected Northeast, Mid-Atlantic and Southeast Florida markets along the East Coast of the United States. The Company was formed in November 1993 to continue and expand the operations of Home Leasing Corporation ("Home Leasing"). The Company completed an initial public offering of 5,408,000 shares of common stock (the "IPO") on August 4, 1994.

The Company conducts its business through Home Properties, L.P. (the "Operating Partnership"), a New York limited partnership and a management company – Home Properties Resident Services, Inc. ("HPRS"), which is a Maryland corporation. At December 31, 2007, the Company held 70.8% (71.4% at December 31, 2006) of the limited partnership units in the Operating Partnership ("UPREIT Units"). Formerly, a portion of the Company's business was also conducted by Home Properties Management, Inc. ("HP Management"), also a Maryland corporation, which was merged into HPRS on November 21, 2006.

Home Properties, through its affiliates described above, as of December 31, 2007, operated 125 communities with 38,646 apartment units. Of these, 37,496 units in 123 communities are owned outright (the "Owned Properties"), 868 units in one community are managed and partially owned by the Company as general partner, and 282 units in one community are managed for other owners (collectively, the "Managed Properties").

The Owned Properties and the Managed Properties (collectively, the "Properties") are concentrated in the following market areas:

Market Area	Apts. Owned	Apts. Managed		Apt. Totals
		As General Partner	Apts. Fee Managed	
Suburban Washington, D.C.	8,988	-	-	8,988
Suburban New York City	8,535	-	-	8,535
Baltimore, MD	7,346	-	282	7,628
Philadelphia, PA	6,452	-	-	6,452
Boston, MA	2,382	-	-	2,382
Chicago, IL	2,242	-	-	2,242
Southeast Florida	836	-	-	836
Portland, ME	715	-	-	715
Columbus, OH	-	868	-	868
Total Number of Units	37,496	868	282	38,646
Total Number of Communities	123	1	1	125

The Company's mission is to maximize long-term shareholder value by acquiring, repositioning, developing and managing market-rate apartment communities while enhancing the quality of life for its residents and providing employees with opportunities for growth and accomplishment. Our vision is to be a prominent owner and manager of market-rate apartment communities, located in selected high barrier, high growth, East Coast markets. The areas we have targeted for growth are the Baltimore, Boston, New York City, Philadelphia, Southeast Florida and

Washington, D.C. regions. We expect to maintain or grow portfolios in markets that profitably support our mission as economic conditions permit.

The Company's business strategies include: (i) aggressively managing and improving its communities to achieve increased net operating income; (ii) acquiring additional apartment communities with attractive returns at prices that provide a positive spread over the Company's long-term cost of capital; (iii) developing new apartment communities on raw land, on land adjacent to existing owned communities, and where there are density opportunities to replace existing garden apartments with mid- or high-rise structures; (iv) disposing of properties that have reached their potential, are less efficient to operate, or are located in markets where growth has slowed to a pace below the markets targeted for acquisition; and (v) maintaining a strong and flexible capital structure with cost-effective access to the capital markets.

### Structure

The Company was formed in November 1993 as a Maryland corporation and is the general partner of the Operating Partnership. On December 31, 2007, it held a 70.8% partnership interest in the Operating Partnership comprised of: 1) a 1.0% interest as sole general partner; and 2) a 69.8% limited partner interest through its wholly owned subsidiary, Home Properties I, LLC, which owns 100% of Home Properties Trust, which is the limited partner. The holders of the remaining 29.2% of the UPREIT Units are certain individuals and entities who received UPREIT Units as consideration for their interests in entities owning apartment communities purchased by the Operating Partnership, including certain officers and directors of the Company.

The Operating Partnership is a New York limited partnership formed in December 1993. Holders of UPREIT Units in the Operating Partnership may redeem an UPREIT Unit for one share of the Company's common stock or cash equal to the fair market value at the time of the redemption, at the option of the Company. Management expects that it will continue to utilize UPREIT Units as a form of consideration for a portion of its acquisition properties when it is economical to do so.

HPRS is and HP Management was, prior to its merger into HPRS in November 2006, a wholly owned subsidiary of the Company, and as a result, the accompanying consolidated financial statements include the accounts of both companies. HPRS is and HP Management was, a taxable REIT subsidiary under the Tax Relief Extension Act of 1999. HP Management was formed in January 1994 and HPRS was formed in December 1995. Both companies managed, for a fee, certain of the commercial, residential and development activities of the Company and provided construction, development and redevelopment services for the Company. After the Company's sale and transfers of its affordable management properties and commercial management contracts, the amount of activity in HPRS and HP Management was minimal in 2006 and HP Management therefore was merged into HPRS.

In September 1997, Home Properties Trust ("QRS") was formed as a Maryland real estate trust and as a qualified REIT subsidiary. The QRS is wholly owned by Home Properties I, LLC which is owned 100% by the Company. The QRS is a limited partner of the Operating Partnership and holds all of the Company's interest in the Operating Partnership, except for the 1% held directly by the Company as sole general partner.

The Company currently has approximately 1,200 employees and its executive offices are located at 850 Clinton Square, Rochester, New York 14604. Its telephone number is (585) 546-4900.

### Operating Strategies

The Company will continue to focus on enhancing investment returns by: (i) developing new apartments and acquiring apartment communities and repositioning those apartment communities for long-term growth at prices that provide a positive spread over the Company's long-term cost of capital; (ii) recycling assets by disposing of properties in low growth markets and those that have reached their potential or are less efficient to operate due to size or remote location; (iii) balancing its decentralized property management philosophy with the efficiencies of centralized support functions and accountability including rent optimization and volume purchasing; (iv) enhancing the quality of living for the Company's residents by improving the service and physical amenities available at each community every year; (v) adopting new technology so that the time and cost spent on administration can be minimized while the time spent attracting and serving residents can be maximized; (vi) continuing to utilize its

written "Pledge" of customer satisfaction that is the foundation on which the Company has built its brand recognition; and (vii) focusing on reducing expenses while constantly improving the level of service to residents.

The Company has a strategy of acquiring and repositioning mature C to B- apartment properties. Since its 1994 IPO, the Company has acquired and repositioned 195 communities, containing more than 53,000 units. The rehabilitation and revitalization process requires a minimum 9% return on repositioning investments which is often greatly exceeded. Extensive experience and expertise in repositioning has helped the Company build significant internal design and construction management skills. The complete initial repositioning of a community can take place over a five to seven year period. The comprehensive process typically begins with improvements in landscaping, signage and common areas. This increases curb appeal and marketability of the property. Deferred maintenance is corrected which can include new HVAC systems, roofs, new balconies and windows. At many properties, community centers and swimming pools are added or upgraded. Apartment interiors are renovated when residents move out with the most significant investments made in upgrading kitchens and baths. Complete remodeling of dated kitchens and bathrooms typically include new appliances, flooring, counters, cabinets, lighting, tile, fixtures, sinks, bathtubs and toilets. It may include the removal of kitchen walls to open up the living area. Where feasible, in-unit washers and dryers are added. Repositioning efforts upgrade properties that were C to B- level when acquired to the B to B+ level, which over time significantly increases the property's rental income, net operating income and market value.

#### Acquisition and Sale Strategies

The Company's strategy is to grow primarily through acquisitions in the suburbs of major metropolitan markets that have significant barriers to new construction, limited new apartment supply, easy access to the Company's headquarters and enough apartments available for acquisition to achieve a critical mass. Targeted markets also possess other characteristics, including acquisition opportunities below replacement costs, a mature housing stock, high average single-family home prices, a favorable supply/demand relationship, stable or moderate job growth, reduced vulnerability to economic downturns and large prime renter populations including immigrants, Echo Boomers (the children of the Baby Boomers born from 1977 to 1994) and seniors (> 55 years old). The Company currently expects that its growth will be focused primarily within suburban sub-markets of selected metropolitan areas within the Northeast, Mid-Atlantic and Southeast Florida regions of the United States where it has already established a presence. The largest metropolitan areas the Company will focus on include Baltimore, Boston, New York City, Philadelphia, Southeast Florida, and Washington, D.C. The Company may expand into new markets that possess the characteristics described above. Continued geographic specialization is expected to have a greater impact on operating efficiencies versus widespread accumulation of properties. The Company will continue to pursue the acquisition of individual properties as well as multi-property portfolios. It may also consider strategic investments in other apartment companies, as well as strategic alliances, such as joint ventures. The Company has anticipated closing on acquisitions of \$150 million in its budget for 2008.

During 2007, the Company acquired five communities with a total of 1,541 units for an aggregate consideration of \$161.5 million, or an average of approximately \$104,800 per apartment unit. The weighted average expected first year capitalization rate for the acquired communities was 5.9%. Capitalization rate ("cap rate") is defined as the rate of interest used to convert the first year expected net operating income ("NOI") less a 3.0% management fee into a single present value. NOI is defined by the Company as rental income and property other income less operating and maintenance expenses. The acquisitions were concentrated in Boston, Baltimore and New Jersey.

During 2007, the Company completed the sale of five communities with a total of 1,084 units for an aggregate consideration of \$129.5 million, at a weighted average expected first-year cap rate of 5.9%. The Company reinvested the net proceeds from those properties of approximately \$119.2 million, which were expected to produce a weighted average unleveraged internal rate of return ("IRR") of 5.1%, with the purchase of properties expected to produce an

unleveraged IRR of 8.1%. IRR is defined as the discount rate at which the present value of the future cash flows of the investment is equal to the cost of the investment. Two of the properties sold were originally acquired through transactions where the sellers received UPREIT Units as consideration in order to provide them with the opportunity to defer tax obligations. We refer to these transactions as "UPREIT transactions." Generally, in UPREIT transactions, the Company has made certain commitments to the sellers regarding the Company's sale of the property. As a result, a tax deferred Section 1031 exchange was used to continue to defer taxable gains of the UPREIT investor on one of the properties. On the other property, a tax indemnity payment of approximately \$195,000 will be made to the UPREIT investor.

The Company has targeted additional communities for sale and will continue to evaluate the sale of other of its communities. Typically, a property will be targeted for sale if management is of the opinion that it has reached its potential or if it is located in a slower growth market or is less efficient to operate. A certain number of the properties may originally have been acquired through UPREIT transactions. Therefore, those sales will have to be matched with suitable acquisitions using a tax deferred exchange. The Company has anticipated closing on sales of \$180 million in its budget for 2008.

#### Financing and Capital Strategies

The Company intends to adhere to the following financing policies: (i) maintaining a ratio of debt-to-total market capitalization (total debt of the Company as a percentage of the market value of outstanding diluted common stock (including the common stock equivalents of the UPREIT Units) plus total debt) of approximately 55% or less; (ii) utilizing primarily fixed rate debt; (iii) varying debt maturities to avoid significant exposure to interest rate changes upon refinancing; and (iv) maintaining a line of credit so that it can respond quickly to acquisition opportunities.

On December 31, 2007, the Company's debt was approximately \$2.2 billion and the debt-to-total market capitalization ratio was 51.3% based on the year-end closing price of the Company's common stock of \$44.85. The weighted average interest rate on the Company's mortgage debt as of December 31, 2007 was 5.7% and the weighted average maturity was approximately six and one-half years. Debt maturities are staggered, ranging from January 2008, through January 2042. As of December 31, 2007, the Company had an unsecured line of credit facility from M&T Bank of \$140 million. This facility is available for acquisition and other corporate purposes and bears an interest rate at 0.75% over the one-month LIBOR rate. As of December 31, 2007, the one-month LIBOR rate was 4.6% and there was \$2.5 million outstanding on the line of credit.

Management expects to continue to fund a portion of its continued growth by taking advantage of its UPREIT structure and using UPREIT Units as currency in acquisition transactions. During 2007 and 2006, the Company issued \$36.3 million and \$20.4 million worth of UPREIT Units as partial consideration for three and two acquired properties, respectively. It is difficult to predict the level of demand from sellers for this type of transaction. In periods when the Company's stock price is trading at a discount to estimated net asset value ("NAV"), it is unlikely that management would engage in UPREIT transactions.

During periods when the Company's shares are trading at a premium to its estimate of NAV, it is unlikely that management would engage in share repurchases. In such circumstances, it is more likely that management would pursue issuing equity in order to raise capital to be used to pay down existing indebtedness. This should be neutral to both earnings per share and NAV, increase the level of unencumbered assets and better position the Company to fund future acquisition and development pipeline needs.

In 1997, the Company's Board of Directors approved a stock repurchase program under which the Company can repurchase shares of its outstanding common stock and UPREIT Units. Shares or units may be repurchased through the open market or in privately-negotiated transactions. The Company's strategy is to opportunistically repurchase shares at a discount to its underlying NAV, thereby continuing to build value for long-term shareholders. At December 31, 2005, there was approval remaining to purchase 3,220,195 shares. During 2006, the Company repurchased 2,613,747 shares of its outstanding common stock at a cost of \$142.5 million at a weighted average price of \$54.53 per share. On October 27, 2006, the Board of Directors approved an additional 2,000,000-share increase in the stock repurchase program. During 2007, the Company repurchased 1,243,700 shares of its outstanding common stock at a cost of \$58.3 million at a weighted average price of \$46.86 per share, resulting in a remaining authorization level of 1,362,748 shares as of December 31, 2007. At the present time, the 2008 guidance assumes \$50 million of stock buy-back.

## Competition

The Company's properties are primarily located in developed areas where there are other multifamily properties which directly compete for residents. There is also competition from single family homes and condominiums for sale or rent. The competitive environment may have a detrimental effect on the Company's ability to lease apartments at existing and at newly developed properties, as well as on rental rates.

In addition, the Company competes with other real estate investors in seeking property for acquisition and development. These competitors include pension and investment funds, insurance companies, private investors, local owners and developers, and other apartment REITs. This competition could increase prices for properties that the Company would like to purchase and impact the Company's ability to achieve its long-term growth targets.

The Company believes, however, that it is well-positioned to compete effectively for both residents and properties as a result of its:

- focus on service and resident satisfaction, as evidenced by both The Home Properties Pledge, which provides a money-back service guarantee and lease flexibility, and by its resident turnover ratio which is consistently below the industry average;
- ability to issue UPREIT Units in purchase transactions, which provides sellers with the opportunity to defer taxes; and
- unique repositioning strategy that differentiates the Company from its competitors.

#### Market Environment

The markets in which Home Properties operates could be characterized as stable, with moderate levels of job growth. For 2007, there is a trend of slightly stronger job growth in the Company's markets of 1.0% compared to 0.9% for the country. Although, this trend is an improvement over the 2006 figures of 1.2% for the Company's markets compared to 1.7% for the entire country, the percentage of job growth declining year over year for both the Company's markets and country might suggest a slight weakening of the stable economic climate that has been enjoyed since 2004.

The information on the Market Demographics and Multifamily Supply and Demand tables on Pages 10 and 11 were compiled by the Company from the sources indicated on the tables. The methods used include estimates and, while the Company feels that the estimates are reasonable, there can be no assurance that the estimates are accurate. There can also be no assurance that the historical information included on the table will be consistent with future trends.

New construction in the Company's markets is low relative to the existing multifamily housing stock and compared to other regions of the country. In 2007, Home Properties' markets represented 27.7% of the total estimated existing U.S. multifamily housing stock, but only 17.2% of the country's estimated net new supply of multifamily housing units.

An analysis of future multifamily supply compared to projected multifamily demand can indicate whether a particular market is tightening, softening or in equilibrium. The fourth to last column in the Multifamily Supply and Demand table on Page 11 reflects current estimated net new multifamily supply as a percentage of new multifamily demand for the Company's markets and the United States. In 2007, net new multifamily supply as a percent of net new multifamily demand in Home Properties' markets was approximately 57%, compared to a national average of 111%. The Home Properties' markets seem to be tightening on a measurement of supply/demand equilibrium, while the country as a whole experienced a measurable swing towards oversupply. In 2006, these same percentages were 65% and 68% for the Company and the country, respectively.

The third to the last column in the Multifamily Supply and Demand table on Page 11 shows the estimated net new multifamily supply as a percent of existing multifamily housing stock. In the Company's markets, net new supply only represents 0.4% of the existing multifamily housing stock. This compares to the national average net new multifamily supply estimates at 0.7% of the multifamily housing stock.

(6) Estimated 2007 New Supply of Multifamily = Multifamily permits (2007 figures U.S. Census Bureau, Mfg. & Constr. Div., 5+ permits only) adjusted by the average % of permits resulting in a construction start (estimated at 95%).

(7) Estimated 2007 Multifamily Obsolescence = 0.5% of Estimated 2007 Multifamily Housing Stock.

(8) Estimated 2007 Net New Multifamily Supply = Estimated 2007 New Supply of Multifamily - Estimated 2007 Multifamily Obsolescence.

(9) Estimated 2007 New Multifamily Household Demand = Trailing 12 month job growth (Nonfarm, not seasonally adjusted payroll employment figures) (12/31/2006-12/31/2007) multiplied by the expected % of new household formations resulting from new jobs (66.7%) and the % of multifamily households in each market (based on Claritas estimates).

(10) Expected Excess Demand = Estimated 2007 New Multifamily Household Demand - Estimated 2007 Net New Multifamily Supply.

(11) Expected Excess Revenue Growth = Expected Excess Demand divided by 2007 Multifamily Housing Stock. This percentage is expected to reflect the relative impact that changes in the supply and demand for multifamily housing units will have on occupancy rates and/or rental rates in each market, beyond the impact caused by broader economic factors, such as inflation and interest rates.

## Environmental Matters

As a current or prior owner, operator and developer of real estate, the Company is subject to various federal, state and local environmental laws, regulations and ordinances and also could be liable to third parties as a result of environmental contamination or noncompliance at its properties. See the discussion under the caption, "We may incur costs due to environmental contamination or non-compliance" in Item 1A, Risk Factors, for information concerning the potential effect of environmental regulations on the Company's operations.

## Available Information

The Company's annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and other reports required by Sections 13(a) and 15(d) of the Securities Exchange Act of 1934, as amended, are electronically filed with the Securities and Exchange Commission ("SEC"). The public may read and copy any materials the Company files with the SEC at the SEC's Public Reference Room at 100 F Street NE, Washington, DC 20549-2521. Please call the SEC at 1-800-SEC-0330 for further information on the operation of the Public Reference Room. The SEC maintains a Web site at [www.sec.gov](http://www.sec.gov) that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC.

## Company Web Site

The Company maintains an Internet Web site at [www.homeproperties.com](http://www.homeproperties.com). The Company provides free of charge access to its reports filed with the SEC, and any amendments thereto, through this Web site. These reports are available as soon as reasonably practicable after the reports are filed electronically with the SEC and are found under "Investors/Financials/SEC Filings." In addition, paper copies of annual and periodic reports filed with the SEC may be obtained at no charge by contacting the Corporate Secretary, Home Properties, Inc., 850 Clinton Square, Rochester, New York 14604. The address is also included within the SEC filings or under "Investors/Shareholder Services/Contact Information," on the Company's Web site.

Current copies of the Company's Code of Business Conduct and Ethics, Code of Ethics for Senior Financial Officers, Corporate Governance Guidelines and Charters for the Audit, Compensation, Corporate Governance/Nominating and Real Estate Investment Committees of the Board of Directors are also available on the Company's Web site under the heading "Investors/Corporate Governance/Highlights." Copies of these documents are also available at no charge upon request addressed to the Corporate Secretary at Home Properties, Inc., 850 Clinton Square, Rochester, New York 14604. The address is also included on the Company's Web site under "Investors/Shareholder Services/Contact Information".

The reference to our Web site does not incorporate by reference the information contained in the Web site and such information should not be considered a part of this report.

## Item 1A. Risk Factors

As used in this section, references to "we" or "us" or "our" refer to the Company, the Operating Partnership, and HPRS.

The following risks apply to Home Properties, the Operating Partnership, and HPRS, in addition to other risks and factors set forth elsewhere in this Form 10-K.

## Real Estate Investment Risks

We are subject to risks that are part of owning real estate.

Real property investments are subject to varying degrees of risk. If our communities do not generate revenues sufficient to meet operating expenses, including debt service and capital expenditures, our cash flow and ability to make distributions to our stockholders will be adversely affected. A multifamily apartment community's revenues and value may be adversely affected by general economic conditions; local economic conditions; local real estate considerations (such as oversupply of or reduced demand for apartments); the perception by prospective residents of the safety, convenience and attractiveness of the communities or neighborhoods in which they are located and the

quality of local schools and other amenities; and increased operating costs (including real estate taxes and utilities). Certain significant fixed expenses are generally not reduced when circumstances cause a reduction in income from the investment.

We depend on rental income for cash flow to pay expenses and make distributions.

We are dependent on rental income to pay operating expenses and to generate cash to enable us to make distributions to our stockholders. If we are unable to attract and retain residents or if our residents are unable, due to an adverse change in the economic condition of the region or otherwise, to pay their rental obligations, our ability to make expected distributions will be adversely affected. In addition, the weather and other factors outside of our control can result in an increase in the operating expenses for which we are responsible.

Acquisitions may fail to meet expectations.

We intend to continue to acquire apartment communities. However, there are risks that acquisitions will fail to meet our expectations. Our estimates of future income, expenses and the costs of improvements or redevelopment that are necessary to allow us to market an acquired property as originally intended may prove to be inaccurate.

Real estate investments are relatively illiquid, and we may not be able to respond to changing conditions quickly.

Real estate investments are relatively illiquid and, therefore, we have limited ability to adjust our portfolio quickly in response to changes in economic or other conditions. In addition, the prohibition in the Internal Revenue Code (the "Code") on REITs holding property for sale and related regulations may affect our ability to sell properties without adversely affecting distributions to stockholders. A significant number of our Properties were acquired using UPREIT Units and are subject to certain agreements which restrict our ability to sell such Properties in transactions that would create current taxable income to the former owners.

Our business is subject to competition.

We plan to continue to acquire additional multifamily residential properties in the Northeast, Mid-Atlantic and Southeast Florida regions of the United States. There are a number of multifamily developers and other real estate companies that compete with us in seeking properties for acquisition, prospective residents and land for development. Most of our Properties are in developed areas where there are other properties of the same type. Competition from other properties may affect our ability to attract and retain residents, to increase rental rates and to minimize expenses of operation. Competition for the acquisition of properties could increase prices for the types of properties we would like to pursue and adversely affect our financial performance.

Repositioning and development risks could affect our profitability.

A key component of our strategy is to acquire properties and to reposition them for long-term growth. In addition, we have developed and are in the process of developing new apartment units. We plan to continue to expand our development activities. Development projects generally require various governmental and other approvals, which have no assurance of being received. Our repositioning and development activities generally entail certain risks, including the following:

- funds may be expended and management's time devoted to projects that may not be completed due to a variety of factors, including without limitation, the inability to obtain necessary zoning or other approvals;
- construction costs of a project may exceed original estimates, possibly making the project economically unfeasible;

- development projects may be delayed due to delays in obtaining necessary zoning and other approvals, adverse weather conditions, labor shortages, or other unforeseen complications;
  - occupancy rates and rents at a completed project may be less than anticipated; and
  - the operating expenses at a completed development may be higher than anticipated.

These risks may reduce the funds available for distribution to our stockholders. Further, the repositioning and development of properties is also subject to the general risks associated with real estate investments.

Short-term leases expose us to the effects of declining market conditions.

Virtually all of the leases for our Properties are short-term leases (generally, one year or less). Typically, our residents can leave after the end of a one-year lease term. As a result, our rental revenues are impacted by declines in market conditions more quickly than if our leases were for longer terms.

A significant uninsured property or liability loss could adversely affect us in a material way.

The Company carries comprehensive liability, fire, extended and rental loss insurance for each of the Properties. There are however certain types of extraordinary losses, such as losses for terrorism and natural catastrophes, for which the Company may not have insurance coverage. If an uninsured loss occurred, we could lose our investment in, and cash flow from, the affected property, and could be required to repay any indebtedness secured by that property and related taxes and other charges.

Changes in applicable laws, or noncompliance with applicable laws, could adversely affect our operations or expose us to liability.

We must operate our Properties in compliance with numerous federal, state and local laws and regulations, including landlord tenant laws and other laws generally applicable to business operations. Noncompliance with laws could expose us to liability.

Compliance with changes in: (i) laws increasing the potential liability for environmental conditions existing on Properties or the restrictions on discharges or other conditions; (ii) rent control or rent stabilization laws; or (iii) other governmental rules and regulations or enforcement policies affecting the use and operation of our communities, including changes to building codes and fire and life-safety codes, may result in lower revenue growth or significant unanticipated expenditures.

We may incur costs and increased expenses to repair property damage resulting from inclement weather.

Particularly in the Northeast and Chicago, we are exposed to risks associated with inclement winter weather, including increased costs for the removal of snow and ice. In addition, in Southeast Florida, we have exposure to severe storms which could also increase the need for maintenance and repair of our communities in that region.

We may incur costs due to environmental contamination or non-compliance.

Under various federal, state and local environmental laws, regulations and ordinances, we may be required, regardless of knowledge or responsibility, to investigate and remediate the effects of hazardous or toxic substances at our Properties and may be held liable under these laws or common law to a governmental entity or to third parties for property, personal injury or natural resources damages and for investigation and remediation costs incurred as a result of the contamination. These damages and costs may be substantial. The presence of such substances, or the failure to properly remediate the contamination, may adversely affect our ability to borrow against, sell or rent the affected property.

The development, construction and operation of our communities are subject to regulations and permitting under various federal, state and local laws, regulations and ordinances, which regulate matters including wetlands protection, storm water runoff and wastewater discharge. Noncompliance with such laws and regulations may subject us to fines and penalties. We do not currently anticipate that we will incur any material liabilities as a result of noncompliance with these laws.

Certain federal, state and local laws, regulations and ordinances govern the removal, encapsulation or disturbance of asbestos containing materials (“ACMs”) when such materials are in poor condition or in the event of renovation or demolition of a building. These laws and the common law may impose liability for release of ACMs and may allow third parties to seek recovery from owners or operators of real properties for personal injury associated with exposure to ACMs. ACMs are present at several of our communities. We implement an operations and maintenance program at each of the communities at which ACMs are detected. We do not currently anticipate that we will incur any material liabilities as a result of the presence of ACMs at our communities.

We are aware that some of our communities have lead paint and have implemented an operations and maintenance program at each of those communities. We do not currently anticipate that we will incur any material liabilities as a result of the presence of lead paint at our communities.

All of the Owned Properties and all of the communities that we are currently developing have been subjected to at least a Phase I or similar environmental assessment, which generally does not involve invasive techniques such as soil or ground water sampling. These assessments, together with subsurface assessments conducted on some Properties, have not revealed, and we are not otherwise aware of, any environmental conditions that we believe would have a material adverse effect on our business, assets, financial condition or results of operation. There is no assurance that Phase I assessments would reveal all environmental liabilities or that environmental conditions not known to the Company may exist now or in the future which would result in liability to the Company for remediation or fines, either under existing laws and regulations or future changes to such requirements.

Mold growth may occur when excessive moisture accumulates in buildings or on building materials, particularly if the moisture problem remains undiscovered or is not addressed over a period of time. Although the occurrence of mold at multifamily and other structures, and the need to remediate such mold, is not a new phenomenon, there has been increased awareness in recent years that certain molds may in some instances lead to adverse health effects, including allergic or other reactions. There have been only limited cases of mold identified to us. We do not currently anticipate that we will incur any material liabilities relating to mold.

Additionally, we occasionally have been involved in managing, leasing and operating various properties for third parties. Consequently, we may be considered to have been an operator of such properties and, therefore, potentially liable for removal or remediation costs or other potential costs which could relate to hazardous or toxic substances. We are not aware of any material environmental liabilities with respect to properties managed by us for such third parties.

Financing and compliance requirements could limit our income and the ability to raise rents.

As a requirement relating to some of our financing, or, in some instances, relating to zoning or other municipal approvals, we have committed to make some of the apartments in a community available to households whose income does not exceed certain thresholds and/or to limit rent increases. As of December 31, 2007, approximately 9% of our apartment units were under some form of such limitations. These commitments typically expire after a period of time, and may limit our ability to raise rents aggressively and, in consequence, can also limit increases in the value of the communities subject to these restrictions.

#### Real Estate Financing Risks

There are general risks related to debt.

We are subject to the customary risks associated with debt financing including the potential inability to refinance existing mortgage indebtedness upon maturity on favorable terms. If a property is mortgaged to secure payment of indebtedness and we are unable to meet its debt service obligations, the property could be foreclosed upon. This could adversely affect our cash flow and, consequently, the amount available for distributions to stockholders. As of December 31, 2007, approximately 99% of our indebtedness was at fixed rates. This limits exposure to changes in interest rates. Prolonged interest rate increases, however, could negatively affect our ability to make acquisitions and develop properties and our ability to refinance existing borrowings at acceptable rates.

There is no legal limit on the amount of debt we can incur.

The Board of Directors has adopted a policy of limiting our indebtedness to approximately 55% of our total market capitalization (with the equity component of total market capitalization based on the per share net asset value presented to our Board of Directors at its most recent Board meeting), but our organizational documents do not contain any limitation on the amount or percentage of indebtedness we may incur. Accordingly, the Board of Directors could alter or eliminate its current policy on borrowing. If this policy were changed, we could become more highly leveraged, resulting in an increase in debt service that could adversely affect our ability to make expected distributions to stockholders and increase the risk of default on our indebtedness. Our net asset value fluctuates based on a number of factors. Our line of credit agreement limits the amount of indebtedness we may incur.

We may not be able to refinance our debt when it matures.

We are subject to the risks normally associated with debt financing, including the risk that our cash flow will be insufficient to meet the required payments of principal and interest. Because a significant amount of the financing is not fully self-amortizing, we anticipate that only a portion of the principal of our indebtedness will be repaid prior to maturity. So, we will need to refinance debt. Accordingly, there is a risk that we will not be successful in refinancing existing indebtedness or that the terms of such refinancing will not be as favorable as the terms of the existing indebtedness. We aim to stagger our debt maturities with the goal of minimizing the amount of debt which must be refinanced in any year.

Financing may not be available and issuing equity could dilute our stockholders' interests.

Our ability to execute our business strategy depends on our access to an appropriate blend of debt financing, including unsecured lines of credit and other forms of secured and unsecured debt, and equity financing, including common and preferred equity. Debt or equity financing may not be available in sufficient amounts, or on favorable terms or at all. If we issue additional equity securities to finance developments and acquisitions instead of incurring debt, the interests of our existing stockholders could be diluted.

#### Federal Income Tax Risks

There is no assurance that we will continue to qualify as a REIT.

We believe that we have been organized and have operated in such manner so as to qualify as a REIT under the Internal Revenue Service Code, commencing with our taxable year ended December 31, 1994. A REIT generally is not taxed at the corporate level on income it currently distributes to its shareholders as long as it distributes currently at least 90% of its taxable income (excluding net capital gain). No assurance can be provided, however, that we have qualified or will continue to qualify as a REIT or that new legislation, Treasury Regulations, administrative interpretations or court decisions will not significantly change the tax laws with respect to our qualification as a REIT or the federal income tax consequences of such qualification.

We are required to make certain distributions to qualify as a REIT, and there is no assurance that we will have the funds necessary to make the distributions.

In order to continue to qualify as a REIT, we currently are required each year to distribute to our stockholders at least 90% of our taxable income (excluding net capital gain). In addition, we will be subject to a 4% nondeductible excise tax on the amount, if any, by which certain distributions made by us with respect to the calendar year are less than the sum of 85% of our ordinary income, 95% of our capital gain net income for that year, and any undistributed taxable income from prior periods. We intend to make distributions to our stockholders to comply with the 90% distribution requirement and to avoid the nondeductible excise tax and will rely for this purpose on distributions from the Operating Partnership. However, differences in timing between taxable income and cash available for distribution could require us to borrow funds or to issue additional equity to enable us to meet the 90% distribution requirement (and, therefore, to maintain our REIT qualification) and to avoid the nondeductible excise tax. The Operating Partnership is required to pay (or reimburse us, as its general partner, for) certain taxes and other liabilities and expenses that we incur, including any taxes that we must pay in the event we were to fail to qualify as a REIT. In addition, because we are unable to retain earnings (resulting from REIT distribution requirements), we will generally be required to refinance debt that matures with additional debt or equity. There can be no assurance that any of these sources of funds, if available at all, would be available to meet our distribution and tax obligations.

Our failure to qualify as a REIT would have adverse consequences.

If we fail to qualify as a REIT, we will be subject to federal income tax (including any applicable alternative minimum tax) on our taxable income at regular corporate rates. In addition, unless entitled to relief under certain statutory provisions, we will be disqualified from treatment as a REIT for the four taxable years following the year during which REIT qualification is lost. The additional tax burden on us would significantly reduce the cash available for distribution by us to our stockholders. Our failure to qualify as a REIT could reduce materially the value of our common stock and would cause all our distributions to be taxable as ordinary income to the extent of

our current and accumulated earnings and profits (although, subject to certain limitations under the Code, corporate distributees may be eligible for the dividends received deduction with respect to these distributions).

The Operating Partnership intends to qualify as a partnership but there is no guaranty that it will qualify.

We believe that the Operating Partnership qualifies as a partnership for federal income tax purposes. No assurance can be provided, however, that the Internal Revenue Service (the “IRS”) will not challenge its status as a partnership for federal income tax purposes, or that a court would not sustain such a challenge. If the IRS were to be successful in treating the Operating Partnership as an entity that is taxable as a corporation, we would cease to qualify as a REIT because the value of our ownership interest in the Operating Partnership would exceed 5% of our assets and because we would be considered to hold more than 10% of the voting securities of another corporation. Also, the imposition of a corporate tax on the Operating Partnership would reduce significantly the amount of cash available for distribution to its limited partners. Finally, the classification of the Operating Partnership as a corporation would cause its limited partners to recognize gain (upon the event that causes the Operating Partnership to be classified as a corporation) at least equal to their “negative capital accounts” (and possibly more, depending upon the circumstances).

#### Other Risks

The ability of our stockholders to effect a change of control is limited by certain provisions of our Articles of Incorporation as well as by Maryland law and our Executive Retention Plan.

Our Articles of Amendment and Restatement of the Articles of Incorporation, as amended (the “Articles of Incorporation”), authorize the Board of Directors to issue up to a total of 80 million shares of common stock, 10 million shares of excess stock and 10 million shares of preferred stock and to establish the rights and preferences of any shares issued. Further, under the Articles of Incorporation, the stockholders do not have cumulative voting rights.

In order for us to maintain our qualification as a REIT, not more than 50% in value of our outstanding stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include certain entities) at any time during the last half of its taxable year. We have limited ownership of the issued and outstanding shares of common stock by any single stockholder to 8.0% of the aggregate value of our outstanding shares.

The percentage ownership limit described above, the issuance of preferred stock in the future and the absence of cumulative voting rights could have the effect of: (i) delaying or preventing a change of control of us even if a change in control were in the stockholders’ interest; (ii) deterring tender offers for our common stock that may be beneficial to the stockholders; or (iii) limiting the opportunity for stockholders to receive a premium for their common stock that might otherwise exist if an investor attempted to assemble a block of our common stock in excess of the percentage ownership limit or otherwise to effect a change of control of us.

As a Maryland corporation, we are subject to the provisions of the Maryland General Corporation Law. Maryland law imposes restrictions on some business combinations and requires compliance with statutory procedures before some mergers and acquisitions may occur, which may delay or prevent offers to acquire us or increase the difficulty of completing any offers, even if they are in our stockholders’ best interests. In addition, other provisions of the Maryland General Corporation Law permit the Board of Directors to make elections and to take actions without stockholder approval (such as classifying our Board such that the entire Board is not up for re-election annually) that, if made or taken, could have the effect of discouraging or delaying a change in control.

Also, to assure that our management has appropriate incentives to focus on our business and Properties in the face of a change of control situation, we have adopted an executive retention plan which provides some key employees with salary, bonus and some benefits continuation in the event of a change of control.

Potential conflicts of interest could affect some directors' decisions.

Unlike persons acquiring common stock, certain of our directors, who constitute less than a majority of the Board of Directors, own a significant portion of their interest in us through UPREIT Units. As a result of their status as holders of UPREIT Units, those directors and other limited partners may have interests that conflict with

Page 17

---

stockholders with respect to business decisions affecting us and the Operating Partnership. In particular, those directors may suffer different or more adverse tax consequences than us upon the sale or refinancing of some of the Properties as a result of unrealized gain attributable to those Properties. Thus, those directors and the stockholders may have different objectives regarding the appropriate pricing and timing of any sale or refinancing of Properties. In addition, those directors, as limited partners of the Operating Partnership, have the right to approve certain fundamental transactions such as the sale of all or substantially all of the assets of the Operating Partnership, merger or consolidation or dissolution of the Operating Partnership and certain amendments to the Operating Partnership Agreement.

The future sale of shares may negatively impact our stock price.

Sales of substantial amounts of shares of common stock in the public market or the perception that such sales might occur could adversely affect the market price of the common stock. As of December 31, 2007, the Operating Partnership has issued and outstanding approximately 13.4 million UPREIT Units held by persons other than us or the Trust. The UPREIT Units may be exchanged on a one-for-one basis for shares of Common Stock under certain circumstances. In addition, Home Properties has granted options to purchase shares of stock to certain directors, officers and employees of Home Properties, of which, as of December 31, 2007, 2.7 million options remained outstanding and unexercised.

#### Item 1B. Unresolved Staff Comments

None.

#### Item 2. Properties

As of December 31, 2007, the Owned Properties consisted of 123 multifamily residential communities containing 37,496 apartment units. In 2007, Home Properties acquired 1,541 apartment units in five communities for a total purchase price of \$161.5 million. Also in 2007, the Company sold five communities with a total of 1,084 units for total consideration of \$129.5 million.

The Owned Properties are generally located in established markets in suburban neighborhoods and are well maintained and well leased. Average physical occupancy at the Owned Properties was 94.7% for 2007. Occupancy is defined as total possible rental income, net of vacancy; as a percentage of total possible rental income. Total possible rental income is determined by valuing occupied units at contract rates and vacant units at market rents. The Owned Properties are typically two- and three-story garden style apartment buildings in landscaped settings and a majority are of brick or other masonry construction. The Company believes that its strategic focus on appealing to middle income residents and the quality of the services it provides to such residents results in lower resident turnover. Average turnover at the Owned Properties was approximately 41% for 2007, which is significantly below the national average of approximately 60% for garden-style apartments.

Resident leases are generally for a one year term. Security deposits equal to one month's rent or less are generally required.

Certain of the Owned Properties collateralize mortgage loans. See Schedule III contained herein (pages 99 to 102).

The table on the following pages illustrates certain of the important characteristics of the Owned Properties as of December 31, 2007.

(1) "Core Communities" represents the 32,600 apartment units owned consistently throughout 2007 and 2006.

(2) "Resident Turnover" reflects, on an annual basis, the number of moveouts divided by the total number of apartment units.

(3) "Average % Occupancy" is the average physical occupancy for the years ended December 31, 2007 and 2006.

(4) For communities acquired during 2007 and 2006, this is the average occupancy from the date of acquisition.

(5) Trexler Park West is under construction. Upon completion there will be a total of 216 apartment units. As of December 31, 2007, 168 apartment units were in service.

## Property Development

The Company has the ability to develop new market-rate communities. It plans to engage in development activity only in markets in which it currently is doing business to add net asset value and supplement future earnings and growth. It expects to develop new apartment communities on raw land and on land adjacent to existing Owned Properties, as well as to increase the density of units at some communities currently owned.

The Company is developing a 216 unit apartment community in Allentown, Pennsylvania, adjacent to a market-rate community purchased in 2000. At year-end 2007, 168 units were completed at a cost of \$21.1 million. The entire project is expected to be completed in the third quarter of 2008. The total construction cost for this development is anticipated to be \$26.1 million upon completion. The costs associated with construction in progress for this development were \$0.3 million as of December 31, 2007.

A project at 1200 East West Highway in Silver Spring, Maryland was also under construction during 2007. It is a 14-story high rise with 247 apartments and 10,600 square feet of retail or nonresidential space that is expected to be completed in the fourth quarter of 2009 at a total cost of \$74 million. The property is approximately three blocks south of Home Properties' Falkland Chase apartment community. The costs associated with construction in progress for this development were \$17.5 million as of December 31, 2007.

The Company had two projects in the pre-construction phase during 2007. The Courts at Huntington Station is a podium design with 421 units adjacent to the Huntington Metro station just south of Old Town Alexandria in Fairfax County, Virginia and consists of four, four-story buildings. Construction is expected to begin in 2008 with completion in 2011 at a total cost of \$123 million. The costs associated with construction in progress for this development were \$36.3 million as of December 31, 2007.

The other project in pre-construction is the redevelopment of Falkland Chase, located in Silver Spring, Maryland, with 450 garden apartments constructed between 1936 and 1939. The Company acquired the property in 2003 for \$58.7 million. The property is located within walking distance of the metro line into Washington, D. C. and is near seven million square feet of office space. The Company is planning on redeveloping the North parcel, which will be renamed Falkland North. The Company has submitted plans to redevelop this parcel into 1,059 units in four high-rise buildings with a community center, exercise room, swimming pool, convenience retail shops and a major supermarket. If approved, construction is expected to start in 2010, with completion anticipated in 2014 at a total cost of \$317.7 million. The pre-construction costs associated with this project were \$1.2 million as of December 31, 2007.

During 2007, the Company added to the Development Division staff which now has a total of seven employees with additional staff planned in 2008. As a compliment to the Development Division staff, the managers of the Company's extensive property portfolio and its acquisition staff also are a source of identifying potential new development opportunities.

## Property Management

As of December 31, 2007, the Managed Properties consist of two multifamily communities, one 868 unit community managed as general partner in Columbus, Ohio and one fee-managed 282 unit community in Annapolis, Maryland.

The Company may pursue the management of additional properties not owned by the Company, but will only do so when such additional properties can be effectively and efficiently managed in conjunction with other properties owned or managed by Home Properties, or where the Company views the properties as potential acquisitions in desirable markets.

Supplemental Property Information

At December 31, 2007, none of the Properties have an individual net book value equal to or greater than ten percent of the total assets of the Company or would have accounted for ten percent or more of the Company's aggregate gross revenues for 2007. There is no resident who has one or more leases which, in the aggregate, account for more than 10% of the aggregate gross revenues for the year ended December 31, 2007.

## Item 3. Legal Proceedings

The Company is subject to a variety of legal actions for personal injury or property damage arising in the ordinary course of its business, most of which are covered by liability insurance. Various claims of employment and resident discrimination are also periodically brought. While the resolution of these matters cannot be predicted with certainty, management believes that the final outcome of such legal proceedings and claims will not have a material adverse effect on the Company's liquidity, financial position or results of operations.

## Item 4. Submission of Matters to Vote of Security Holders

None.

## Item 4A. Executive Officers

The following table sets forth, as of February 22, 2008, the nine executive officers of the Company, together with their respective ages, positions and offices.

Name	Age	Position
Edward J. Pettinella	56	President and Chief Executive Officer of Home Properties and HPRS Executive Vice President and Chief Financial Officer of
David P. Gardner	52	Home Properties and HPRS Executive Vice President, General Counsel and Secretary of
Ann M. McCormick	51	Home Properties and HPRS
Lisa M. Critchley	46	Senior Vice President, Human Resources of Home Properties Senior Vice President, Property Management of Home Properties and
Scott A. Doyle	46	HPRS Senior Vice President and Chief Administrative/Information Officer of
Johanna A. Falk	43	Home Properties and HPRS
Donald R. Hague	56	Senior Vice President, Development of Home Properties Senior Vice President, Chief Accounting Officer and Treasurer of
Robert J. Luken	43	Home Properties and HPRS Senior Vice President and Chief Investment Officer of Home Properties
John E. Smith	57	and HPRS

Information regarding Edward J. Pettinella is set forth below under "Directors" in Item 10.

David P. Gardner has served as Executive Vice President of the Company since 2004 and a Vice President and Chief Financial Officer of the Company since its inception. He holds the same titles in HPRS. Mr. Gardner joined Home Leasing Corporation in 1984 as Vice President and Controller. In 1989, he was named Treasurer of Home Leasing and Chief Financial Officer in December 1993. From 1977 until joining Home Leasing, Mr. Gardner was an accountant at Cortland L. Brovitz & Co. Mr. Gardner is a graduate of the Rochester Institute of Technology and is a Certified Public Accountant.

Ann M. McCormick has served as Executive Vice President since 2004 and a Vice President, General Counsel and Secretary of the Company since its inception. She holds the same titles in HPRS. Mrs. McCormick joined Home Leasing in 1987 and was named Vice President, Secretary and General Counsel in 1991. Prior to joining Home Leasing, she was an associate with the law firm of Nixon Peabody LLP. Mrs. McCormick is a graduate of

Colgate University and holds a Juris Doctor from Cornell University. She is on the Board of Directors of Greater Rochester Housing Partnership, Flower City Habitat for Humanity, and St. Ann's of Greater Rochester, Inc.

Lisa M. Critchley has served as Senior Vice President since joining the Company in June 2007. Prior to joining the Company, she was employed by ALSTOM Signaling, Inc. as Director of Human Resources since 2004. She was an Assistant Dean at the William E. Simon School of Business Administration from 1999 until 2004. Mrs. Critchley is a graduate of the St. John Fisher College.

Scott A. Doyle has served as a Senior Vice President since 2000, and, from 1997 until 2000, was a Vice President of the Company. He holds the same title in HPRS. He joined Home Properties in 1996 as a Regional Property Manager. Mr. Doyle has been in property management for more than 20 years and is a Certified Property Manager (CPM) as designated by the Institute of Real Estate Management. Prior to joining Home Properties, he worked with CMH Properties, Inc., Rivercrest Realty Associates and Arcadia Management Company. Mr. Doyle serves on the Advisory Board of the Residential Property Management Program at Virginia Tech. He is a graduate of State University at Plattsburgh, New York.

Johanna A. Falk has served as Senior Vice President since 2000 and as Chief Administrative/Information Officer since 2003. She had been a Vice President of the Company since 1997. She holds the same titles in HPRS. She joined the Company in 1995 as an investor relations specialist, was responsible for the Information Systems Department through 2002, and was promoted to Chief Administrative/Information Officer in February 2003. Prior to joining the Company, Mrs. Falk was employed as a marketing manager at Bausch & Lomb Incorporated and Champion Products, Inc. and as a financial analyst at Kidder Peabody. She is a graduate of Cornell University and holds an MBA from the Wharton School of The University of Pennsylvania. She is the step-daughter of Nelson B. Leenhouts, a director of the Company.

Donald R. Hague joined the Company in 2006 as a Vice President. He was elected a Senior Vice President effective January 1, 2008. Prior to joining the Company, Mr. Hague was a Vice President of KSI Services, Inc. since 2000. He is a graduate of Davidson College and holds an MBA from George Washington University.

Robert J. Luken has served as Senior Vice President since 2004, and as Chief Accounting Officer since January, 2005. He has been the Company's Treasurer since 2000 and became a Vice President in 1997. He holds the same title in HPRS. He joined the Company in 1996, serving as its Controller. Prior to joining the Company, he was the Controller of Bell Corp. of Rochester and an Audit Supervisor for PricewaterhouseCoopers LLP. Mr. Luken is a graduate of St. John Fisher College and is a Certified Public Accountant. He is on the Board of Directors of St. Joseph's Villa of Rochester.

John E. Smith has served as Chief Investment Officer of the Company since January, 2006, and as Senior Vice President since 2001. From 1998 until 2001, he was a Vice President of the Company. He holds the same title in HPRS. Prior to joining the Company in 1997, Mr. Smith was general manager for Direct Response Marketing, Inc. and Executive Vice President for The Equity Network, Inc. Mr. Smith was Director of Investment Properties at Hunt Commercial Real Estate for 20 years. He has been a Certified Commercial Investment Member (CCIM) since 1982, a New York State Certified Instructor and has taught accredited commercial real estate courses at various institutions in four states.

## PART II

## Item 5. Market for the Registrant's Common Stock and Related Stockholder Matters and Issuer Purchases of Equity Securities

## Market Information, Holders and Dividends

The Common Stock has been traded on the New York Stock Exchange ("NYSE") under the symbol "HME" since July 28, 1994. The following table sets forth for the previous two years the quarterly high and low sales prices per share reported on the NYSE, as well as all dividends paid with respect to the common stock.

	High	Low	Dividends
2007			
First Quarter	\$ 64.97	\$ 51.59	\$ .65
Second Quarter	\$ 58.49	\$ 50.55	\$ .65
Third Quarter	\$ 56.90	\$ 45.01	\$ .65
Fourth Quarter	\$ 56.65	\$ 41.10	\$ .66
2006			
First Quarter	\$ 52.47	\$ 41.70	\$ .64
Second Quarter	\$ 55.51	\$ 47.24	\$ .64
Third Quarter	\$ 58.98	\$ 53.79	\$ .64
Fourth Quarter	\$ 63.52	\$ 57.36	\$ .65

As of February 22, 2008, the Company had approximately 3,910 shareholders of record, 32,619,928 common shares (plus 13,444,166 UPREIT Units convertible into 13,444,166 common shares) were outstanding, and the closing price was \$46.27. It is the Company's policy to pay dividends. The Company has historically paid dividends on a quarterly basis in the months of February, May, August and November.

## Securities Authorized for Issuance Under Equity Compensation Plans

The following table provides information as of December 31, 2007, with respect to shares of our common stock that may be issued under the Stock Benefit Plans:

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options	Weighted Average Price of Outstanding Options	Number of Securities Remaining Available for Future Issuance
Options:

## Performance Graph

The following graph compares the cumulative return on the Company's common stock during the five year period ended December 31, 2007 to the cumulative return of the NAREIT All Equity REIT Index and the Standard and Poor's 500 Index for the same period. The total return assumes that dividends were reinvested quarterly at the same price as provided under the Company's Dividend Reinvestment and Direct Stock Purchase Plan (with a discount for 2002 through 2004, and without a discount for 2005 through 2007) and is based on a \$100 investment on December 31, 2002. Stockholders should note that past performance does not predict future results.

	12/31/2002	12/31/2003	12/31/2004	12/31/2005	12/31/2006	12/31/2007
HME	\$ 100.00	\$ 125.63	\$ 142.36	\$ 143.60	\$ 218.84	\$ 174.19
NAREIT Equity	\$ 100.00	\$ 137.13	\$ 180.43	\$ 202.38	\$ 273.34	\$ 230.45
S&P 500	\$ 100.00	\$ 128.70	\$ 142.69	\$ 149.69	\$ 173.34	\$ 182.86

Our future filings with the SEC may "incorporate information by reference," including this Form 10-K. Unless we specifically state otherwise, this Performance Graph shall not be deemed to be incorporated by reference and shall not constitute soliciting material or otherwise be considered filed under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

## Issuer Purchases of Equity Securities

In 1997, the Company's Board of Directors approved a stock repurchase program under which the Company may repurchase shares of its outstanding common stock and UPREIT Units. The shares/units may be repurchased through open market or privately negotiated transactions at the discretion of Company management. The Board's action does not establish a specific target stock price or a specific timetable for share repurchase. In addition, participants in the Company's Stock Benefit Plan can use common stock of the Company that they already own to pay all or a portion of the exercise price payable to the Company upon the exercise of an option. In such event, the common stock used to pay the exercise price is returned to authorized but unissued status, and for purposes of this table is deemed to have been repurchased by the Company. At December 31, 2006, the Company had authorization to repurchase 2,606,448 shares of common stock and UPREIT Units under the stock repurchase program. During 2007, the Company repurchased 1,243,700 shares at a cost of \$58,285,262, resulting in a remaining authorization level of 1,362,748 shares as of December 31, 2007.

The following table summarizes the total number of shares (units) repurchased by the Company during the year ended December 31, 2007:

Period	Total shares/units purchased (1)	Average price per share/unit	Total shares/units Purchased under Company Program	Board approved increase under Company Program	Maximum shares/units available under the Company Program
Balance January 1, 2007:					2,606,448
January, 2007	-	-	-	-	2,606,448
February, 2007	-	-	-	-	2,606,448
March, 2007	113,372	\$ 55.11	109,000	-	2,497,448
April, 2007	-	-	-	-	2,497,448
May, 2007	3,777	55.50	-	-	2,497,448
June, 2007	-	-	-	-	2,497,448
July, 2007	-	-	-	-	2,497,448
August, 2007	-	-	-	-	2,497,448
September, 2007	320,184	49.59	317,700	-	2,179,748
October, 2007	1,330	52.46	-	-	2,179,748
November, 2007	832,515	44.70	817,000	-	1,362,748
December, 2007	1,022	44.93	-	-	1,362,748
Balance December 31, 2007:	1,272,200	\$ 46.90	1,243,700	-	1,362,748

(1) During 2007, and as permitted by the Company's stock option plans, 10,597 shares of common stock already owned by option holders were used by those holders to pay the exercise price associated with their option exercise. These shares were returned to the status of authorized but unissued shares. In addition, the Company repurchased 17,903 shares of common stock through share repurchase by the transfer agent in the open market in connection with the Company's Dividend Reinvestment and Direct Stock Purchase Plan.

## Item 6. Selected Financial and Operating Information

The following table sets forth selected financial and operating data on a historical basis for the Company and should be read in conjunction with the financial statements appearing elsewhere in this Form 10-K (amounts in thousands, except per share and unit data).

	2007	2006	2005	2004	2003
<b>Revenues:</b>					
Rental income	\$ 464,324	\$ 408,119	\$ 365,854	\$ 336,445	\$ 299,681

Page 29

---

- 1) Other income includes property other income, interest income and other income.
- (2) Redeemable preferred stock was redeemable solely at the option of the Company.
- (3) Pursuant to the revised definition of Funds From Operations (“FFO”) adopted by the Board of Governors of the National Association of Real Estate Investment Trusts (“NAREIT”), FFO is defined as net income (computed in accordance with accounting principles generally accepted in the United States of America (“GAAP”)) excluding gains or losses from sales of property, minority interest and extraordinary items plus depreciation from real property including adjustments for unconsolidated partnerships and joint ventures less dividends from non-convertible preferred shares. In 2007, 2006 and 2003, the Company added back debt extinguishment costs which were incurred as a result of repaying property specific debt triggered upon sale as a gain or loss on sale of the property. Because of the limitations of the FFO definition as published by NAREIT as set forth above, the Company has made certain interpretations in applying the definition. The Company believes all adjustments not specifically provided for are consistent with the definition.

FFO falls within the definition of “non-GAAP financial measure” set forth in Regulation S-K and as a result the Company is required to include in this report a statement disclosing the reasons why management believes that presentation of this measure provides useful information to investors. Management believes that in order to facilitate a clear understanding of the combined historical operating results of the Company, FFO should be considered in conjunction with net income as presented in the consolidated financial statements included elsewhere herein. Management believes that by excluding gains or losses related to dispositions of property and excluding real estate depreciation (which can vary among owners of similar assets in similar condition based on historical cost accounting and useful life estimates), FFO can help one compare the operating performance of a company’s real estate between periods or as compared to different companies. The Company also uses this measure to compare its performance to that of its peer group. FFO does not represent cash generated from operating activities in accordance with generally accepted accounting principles and is not necessarily indicative of cash available to fund cash needs. FFO should not be considered as an alternative to net income as an indication of the Company's performance or to cash flow as a measure of liquidity.

(3) (continued)

The following table sets forth the calculation of FFO and Adjusted Funds From Operations ("AFFO") for the previous five years, beginning with "net income available to common shareholders" from the Company's audited financial statements prepared in accordance with GAAP:

	2007	2006	2005	2004	2003
Net income available to common shareholders	\$ 58,352	\$ 105,085	\$ 75,233	\$ 39,429	\$ 30,458
Convertible preferred dividends(a)	-	-	880	2,194	5,939
Depreciation from real property(b)	110,536	99,421	97,686	91,564	79,577
Impairment on general partner investment	-	-	-	945	1,785
Loss from sale of property	-	-	-	50	260
Minority interest	10,824	8,847	7,852	8,187	7,974
Minority interest – discontinued operations	542	2,714	2,605	5,370	7,376
Impairment of real property	-	-	-	-	423
Gain from sale of discontinued operations	(30,077)	(78,748)	(46,650)	(21,107)	(2,599)
Cumulative effect of change in accounting principle	-	-	-	321	-
FFO – Diluted, as defined by NAREIT	150,177	137,319	137,606	126,953	131,193
Loss from early extinguishment of debt in connection with sale of real estate	890	9,770	-	-	1,610
FFO – Diluted, as adjusted by the Company	151,067	147,089	137,606	126,953	132,803
Reserve(4)	(28,638)	(21,559)	(21,886)	(22,166)	(21,783)
Adjusted Funds From Operations	\$ 122,429	\$ 125,530	\$ 115,720	\$ 104,787	\$ 111,020
Weighted average common shares/units outstanding (in thousands):					
Basic	46,520.7	47,262.7	47,714.3	48,675.0	45,276.7
Diluted(a)	47,185.2	47,902.4	48,411.3	49,910.5	47,873.8
FFO as adjusted by the Company per share diluted (a)	\$ 3.20	\$ 3.07	\$ 2.84	\$ 2.54	\$ 2.77

(a) The calculation of FFO and FFO per share assumes the conversion of dilutive common stock equivalents and convertible preferred stock. Therefore, the convertible preferred dividends are added to FFO, and the common stock equivalent is included in both the basic and diluted weighted average common shares/units outstanding. The convertible preferred stock had an anti-dilutive effect in 2004 on the per-share calculation; therefore, the convertible preferred dividends of \$2,194 are not included in FFO for the 2004 diluted calculation. The weighted average common shares/units outstanding assumes conversion of all UPREIT Units to common shares. The diluted shares/units for the year ended December 31, 2004 used for Diluted FFO are 49,910.5 instead of the regular diluted shares/units of 49,077.1.

(b) Includes amounts passed through from unconsolidated investments.

All REITs may not be using the same definition for FFO. Accordingly, the above presentation may not be comparable to other similarly titled measures of FFO of other REITs.

(4) Adjusted Funds From Operations is defined as Funds from Operations less an annual reserve for anticipated recurring, non-revenue generating capitalized costs ("Reserve") of \$760 in 2007 and \$525 in 2006, 2005, 2004 and 2003, per apartment unit (weighted average units owned during the year). The adjustment from FFO to AFFO only

takes into account this reserve level as previously described. The NAREIT definition of FFO or AFFO does not take into account any additional costs of capital improvements and capitalized interest that also are incurred. The total level of capital improvements and capitalized interest (including the amount defined as reserve) for the five years are as follows: 2007 - \$105,450; 2006 - \$101,723; 2005 - \$100,013; 2004 - \$102,700; and 2003 - \$106,346.

## Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

## Overview

Management's Discussion and Analysis of Financial Condition and Results of Operations is intended to facilitate an understanding of the Company's business and results of operations. It should be read in conjunction with the Consolidated Financial Statements, the accompanying Notes to Consolidated Financial Statements and the selected financial data included elsewhere in this Form 10-K. This Form 10-K, including the following discussion, contains forward-looking statements regarding future events or trends as described more fully under "Forward-Looking Statements" on page 54. Actual results could differ materially from those projected in such statements as a result of the risk factors described in Item 1A, "Risk Factors," of this Form 10-K.

The Company is engaged in the ownership, management, acquisition, rehabilitation and development of residential apartment communities primarily in selected Northeast, Mid-Atlantic and Southeast Florida markets. As of December 31, 2007, the Company operated 125 apartment communities with 38,646 apartments. Of this total, the Company owned 123 communities, consisting of 37,496 apartments, managed as general partner one partnership that owned 868 apartments, and fee managed one property with 282 apartments for a third party.

## Executive Summary

The Company operated during 2006 and 2007 in an improving economic environment. For historical reference, Home Properties' markets, as well as the country as a whole, experienced flat job growth for 2003. For 2004, 2005, 2006 and 2007, both the Company's markets and the country as a whole experienced positive job growth; 1.0%, 1.1%, 1.2% and 1.0% for the Company, and 1.7%, 1.5%, 1.7% and 0.9% for the country, respectively. An increase in job growth leads to household formations, which creates an increase in demand for rental housing. In addition, during 2006 and continuing through 2007, the increasing home mortgage interest rate environment and subsequent sub-prime lending crisis issues made it more challenging for potential residents who considered making the switch to home ownership. After years of home ownership being the number one reason our residents give for moving out of our communities, it dropped down to the number two reason. In 2003, home purchases represented 19.6% of our move-outs, 19.5% for 2004 and 19.4% in 2005. In 2006 and 2007, we experienced the first significant drop in years, with the percentage reducing to 18.5% and 15.5%, respectively. A continued uncertainty in the mortgage lending industry could push this level down further, which should positively affect our turnover rates, rental rates and improve occupancy. As referenced in our Market Demographics table on Page 10 of this report, job growth for our markets improved in 2007 with 1.0% growth over 2006, on top of the approximate 1.2% growth in 2006 and 1.0% in both 2005 and 2004. This growth followed negative to flat job growth in 2001 through 2003. As there is usually a lag between job growth and household formation, this recovery did not create a measurable increased demand for our apartments until the second half of 2005, culminating with 2006 Core Properties revenue growth of 5%. This figure dropped slightly to a healthy 4% Core Property revenue growth for the year ended 2007.

The reason for using rent concessions, and the ultimate level of those concessions, has changed over the past few years. In 2004, we were able to maintain and improve occupancies while reducing concessions (to 87 basis points of rent potential) as the economy improved. In 2005, the overall level of concessions (105 basis points) increased to help soften the much more aggressive rental increases and significant use of water and sewer expense recovery which the Company started to pass through to the residents during 2005. The levels of concessions in 2006 (94 basis points) were affected by two main components – our geographic repositioning efforts and the utility recovery programs. With the Detroit and Upstate New York regions sold in 2006 and out of the Core Property pool, concessions reduced as these were our two weakest markets needing support from concessions. At the same time, the natural gas portion of the utility recovery program was rolled out in 2006, leading to significant increases for the recovery dollars in property other income and increased concession activity for rents to counteract these aggressive increases. The utility

recovery program rollout was completed in August of 2007. During 2007, the Company has converted to a new property management operating system that includes a Lease Rent Optimizer that no longer uses concessions to set market rents. Concessions continued in the legacy operating system but were phased out during the year upon converting properties to the new system. Under the new system rents are set to market daily, based on our available to rent, local supply and demand of units and pricing.

The Company owned 108 communities with 32,600 apartment units throughout 2006 and 2007 where comparable operating results are available for the years presented (the "2007 Core Properties"). Occupancies at the 2007 Core

Properties increased slightly by 10 basis points, from 94.7% to 94.8%. Occupancies in the fourth quarter of 2007 averaged 94.6%, compared to 94.4% a year ago. The Company uses a measurement referred to as Available to Rent, or ATR. This is a leading indicator to assess future occupancy rates by reference to units which will be available for rent, based upon leases signed or termination notices received relating to future move in/move out dates. As of the end of January, 2008, our ATR was 6.1%, compared to the same time period a year ago when ATR was 6.5%. For 2008, we are projecting physical occupancy averaging 0.1% better than 2007.

Total Core Properties rental revenue growth for 2007 was projected to be 3.4%, consisting of 3.6% in rental rate growth, 0.1% in economic occupancy improvement, partially offset by a 0.3% increase to concessions. Actual results were 2.5% in rental rate growth, and 0.1% decrease in economic occupancy, totaling 2.4% total rental revenue growth, or 1.0% behind the guidance. It is difficult to compare rental growth without including the utility recovery revenue which is classified as property other income. The Company recorded \$16.6 million of recovery revenue in 2007 versus only \$8.6 million in 2006. Actual results, including utility recovery revenue, were 4.4% in rental rate growth and 0.1% decrease in economic occupancy, totaling 4.3% total rental revenue growth including utility recovery income.

The guidance for 2008 Core Properties (apartment units owned throughout 2007 and 2008, the "2008 Core Properties") revenue growth is 3.8%. Rental rates are projected to increase 3.1%, including above-average rental increases at certain communities resulting from the continued efforts to upgrade the properties. Economic occupancies are expected to increase 0.2% for the year, such that rental revenues are projected to increase 3.3%. Property other income is expected to increase substantially year over year, increasing the 3.3% rental revenue growth to 3.8% total revenue growth. The item driving the property other income growth is a \$3.1 million increase from utility recovery income.

Expenses for 2008 Core Properties are projected to increase 4.5%. See below under "Results of Operations" for more details on expense comparisons.

These revenue and expense projections result in 2008 Core Properties net operating income ("NOI") growth of 3.3% at the mid-point of 2008 guidance. Markets where the Company expects above average NOI growth include: Philadelphia 5.5%; Baltimore 4.8%; and Washington, D.C. 3.9%. Markets with below average expectations include: Florida and Boston 2.2%; New York City Metro area 1.6%; Maine 0.8%; and Chicago -1.1%. Certain historical demographic information for these markets may be found in the tables on Pages 10 and 11 of this report.

Of the two items making up NOI – revenue and operating expenses, the revenue component is likely to be more volatile. The present economy could create higher demand for rental housing above that projected. An economic recession that creates little new job growth could put pressure on the Company's ability to reach the mid-point of guidance. The Company has given FFO guidance for 2008 with a range of \$3.31 to \$3.47 per share.

The Company has anticipated closing on acquisitions of \$150 million in its budget for 2008. The Company is committed to a disciplined approach to acquisitions, but at the same time recognizes that the continued long term low interest rate levels allow the Company flexibility to adjust hurdle rates and bids to reflect market conditions. The Company is also targeting \$180 million in dispositions from properties that have reached their potential.

During 2006 and 2007, the Company continued its stock buy-back activity, repurchasing approximately 3.9 million shares at a weighted price of approximately \$52.00 per share. The Company's strategy is to opportunistically repurchase shares at a discount to its underlying NAV, thereby continuing to build value for shareholders. At the present time, the 2008 guidance assumes \$50 million of stock buy-back. The Company will continue to monitor stock prices, the development pipeline and acquisition alternatives to determine the current best use of capital between stock buy-back, acquisitions and debt levels. During periods when our common shares are trading at a premium, we are not

likely to repurchase shares. In such circumstances, it would be more likely that we would issue equity in order to raise capital in order to pay down existing debt. This should be neutral to both NAV and earnings per share, increase the level of unencumbered assets, and better position the Company to fund future acquisition and development pipeline needs. During 2008, the Company will target leverage of approximately 51.3% (equal to the level at year end 2007) of debt-to-total market capitalization in order to meet its above-described goals.

Results of Operations (dollars in thousands, except unit and per unit data)

Comparison of year ended December 31, 2007 to year ended December 31, 2006.

The Company owned 108 communities with 32,600 apartment units throughout 2006 and 2007 where comparable operating results are available for the years presented (the "2007 Core Properties"). For the year ended December 31, 2007, the 2007 Core Properties showed an increase in total revenues of 4.0% and a net operating income increase of 5.0% over the 2006 period. Property level operating expenses increased 2.8%. Average physical occupancy for the 2007 Core Properties increased from 94.7% to 94.8%, with average monthly rental rates increasing 2.5% to \$1,101 per apartment unit.

A summary of the 2007 Core Properties NOI is as follows:

	2007	2006	\$ Change	% Change
Rent	\$ 404,594	\$ 395,140	\$ 9,454	2.4%
Utility recovery revenue	16,565	8,610	7,955	92.4%
Rent including recoveries	421,159	403,750	17,409	4.3%
Other income	17,559	17,919	(360)	(2.0%)
Total revenue	438,718	421,669	17,049	4.0%
Operating and maintenance	(183,738)	(178,769)	(4,969)	(2.8%)
Net operating income	\$ 254,980	\$ 242,900	\$ 12,080	5.0%

NOI may fall within the definition of "non-GAAP financial measure" set forth in Regulation S-K and, as a result, Home Properties may be required to include in this report a statement disclosing the reasons why management believes that presentation of this measure provides useful information to investors. Home Properties believes that NOI is helpful to investors as a supplemental measure of the operating performance of a real estate company because it is a direct measure of the actual operating results of the Company's apartment communities. In addition, the apartment communities are valued and sold in the market by using a multiple of NOI. The Company also uses this measure to compare its performance to that of its peer group.

During 2007, the Company acquired/developed a total of 1,625 apartment units in six communities (the "2007 Acquisition Communities"). In addition, the Company experienced full-year results for the 3,271 apartment units in ten apartment communities (the "2006 Acquisition Communities") acquired/developed during 2006. The inclusion of these acquired communities generally accounted for the significant changes in operating results for the year ended December 31, 2007. In addition, the reported income from operations include the consolidated results of one investment where the Company is the managing general partner that has been determined to be a Variable Interest Entity ("VIE").

A summary of the NOI from continuing operations for the Company as a whole is as follows:

	2007	2006	\$ Change	% Change
Rent	\$ 464,324	\$ 408,119	\$ 56,205	13.8%
Utility recovery revenue	17,965	8,668	9,297	107.3%
Rent including recoveries	482,289	416,787	65,502	15.7%
Other income	19,812	18,209	1,603	8.8%
Total revenue	502,101	434,996	67,105	15.4%
Operating and maintenance	(211,126)	(184,860)	(26,266)	(14.2%)
Net operating income	\$ 290,975	\$ 250,136	\$ 40,839	16.3%

During 2007, the Company disposed of five properties with a total of 1,084 units, which had partial results for 2007 and full year results for 2006 (the "2007 Disposed Communities"). During 2006, the Company disposed of 39 properties with a total of 9,705 units, which had partial results for 2006 and full year results for 2005 (the "2006 Disposed Communities"). The results of these disposed properties have been reflected in discontinued operations and are not included in the table above.

For the year ended December 31, 2007, income from operations (income before minority interest, and discontinued operations) increased by \$5,835 when compared to the year ended December 31, 2006. The increase was primarily attributable to the following factors: an increase in rental income of \$56,205 and an increase in property other income of \$10,900. These changes were partially offset by a decrease in interest and other income of \$2,142, an increase in operating and maintenance expense of \$26,266, an increase in general and administrative expense of \$787, an increase in interest expense of \$14,648, and an increase in depreciation and amortization of \$17,427. Each of the items are described in more detail below.

Of the \$65,502 increase in rental income including utility recoveries, \$34,671 is attributable to the 2006 Acquisition Communities, \$13,527 is attributable to the 2007 Acquisition Communities partially offset by a \$105 decrease attributable to the consolidation of the VIE. The balance of \$17,409 relates to a 4.3% increase from the 2007 Core Properties due primarily to an increase of 2.5% in weighted average rental rates, accompanied by a decrease in average economic occupancy from 94.0% to 93.9%, resulting in 2.4% rental growth before utility recovery revenue. Included in the Core increase is \$7,955 which represents increased utility recovery revenue compared to 2006 attributable to the Company's water & sewer, heat, and electric recovery programs, which were initiated in the second quarter of 2005 and phased in through the early part of the third quarter of 2007.

In the current economic environment, it is very difficult to project rental rate and occupancy results. The Company has provided guidance for 2008, which, at the mid-point of the range, anticipates Core Properties revenue growth of 3.8%, including utility recovery and above-average rental increases from the continued efforts to upgrade the properties. Physical occupancy levels are expected to slightly improve from the level at the end of the fourth quarter of 2007, producing an expected average for 2008 Core Properties of 94.9%, 10 basis points higher than all of 2007.

The remaining property other income, which consists primarily of income from operation of laundry facilities, late charges, administrative fees, garage and carport rentals, revenue from corporate apartments, cable revenue, pet charges, and miscellaneous charges to residents, increased in 2007 by \$1,603. Of this increase, \$1,314 is attributable to the 2006 Acquisition Communities, \$667 is attributable to the 2007 Acquisition Communities and partially offset by a \$360 decrease in the 2007 Core Properties and an \$18 decrease attributable to the VIE. The decrease in the 2007 Core Properties is due to a reduction of corporate apartment revenue.

Interest income increased \$202 due to a higher level of invested excess cash on hand available from sale proceeds of the 2006 Disposed Communities and proceeds from exchangeable senior notes awaiting reinvestment into replacement property, both occurring in the first quarter of 2007; plus sale proceeds of the 2007 Disposed Communities occurring in the third and fourth quarters of 2007.

Other income, which primarily reflects management and other real estate service fees recognized by the Company, decreased by \$2,344. This is primarily due to a reduction in management fee income resulting from the acquisition of Mount Vernon Square at the end of 2006, which was previously being managed by the Company and a decrease in post closing consultation fees earned in connection with the significant second and fourth quarter 2006 property dispositions.

Of the \$26,266 increase in operating and maintenance expenses, \$14,309 is attributable to the 2006 Acquisition Communities, \$6,809 is attributable to the 2007 Acquisition Communities and a \$179 increase attributable to the

consolidation of the VIE. The balance for the 2007 Core Properties, a \$4,969 increase in operating expenses or 2.8%, is primarily a result of increases in personnel, property insurance, real estate taxes, water & sewer and snow removal costs. These increases were offset in part by reductions in repairs & maintenance and gas heating costs.

The breakdown of operating and maintenance costs for the 2007 Core Properties by line item is listed below:

	2007	2006	\$ Variance	% Variance
Electricity	\$ 7,417	\$ 7,130	\$ (287)	(4.0%)
Gas	19,862	20,205	343	1.7%
Water & sewer	12,234	11,645	(589)	(5.1%)
Repairs & maintenance	25,300	27,034	1,734	6.4%
Personnel expense	40,342	37,228	(3,114)	(8.4%)
Advertising	4,265	4,176	(89)	(2.1%)
Legal & professional	1,362	1,224	(138)	(11.3%)
Office & telephone	5,315	5,482	167	3.0%
Property insurance	8,973	7,076	(1,897)	(26.8%)
Real estate taxes	41,594	40,445	(1,149)	(2.8%)
Snow	999	612	(387)	(63.2%)
Trash	2,842	2,603	(239)	(9.2%)
Property management G&A	13,233	13,909	676	4.9%
Total	\$ 183,738	\$ 178,769	\$ (4,969)	(2.8%)

Personnel expenses were up \$3,114 or 8.4% over 2006. Of the increase, \$1,383 is reflective of changes in health and workers compensation expense between periods. In 2007, reserves were increased by \$385 as compared to 2006, where we were able to decrease these reserves by \$998. The swing in the reserves between periods reflects the variable nature of health and workers compensation claims. The balance of the increase in personnel costs after reserve changes was \$1,731, or 4.6%, which includes a 3.1% salary and wage increase between periods. The guidance for 2008 reflects an increase of 3.6%.

The normal increase of property insurance costs was \$2,300 or 32.5%, which is due to a general increase in our property and general liability insurance coverages. Insurance costs have continued to climb due to catastrophe rate increases and higher reinsurance rates. The coverage increases were partially offset by \$403 lower self-insurance reserve increases in 2007 over 2006, resulting in a net increase of \$1,897, or 26.8% over 2006. The guidance for 2008 reflects an increase of 6.5%.

Real estate taxes were up \$1,149, or 2.8%. The contributing factor was \$555 in refunds received in 2006 from successful tax assessment appeals which did not occur in the 2007 period. Without the impact of refunds, taxes would have been up only \$594, or 1.5%, which reflects continued efforts in 2007 to reduce assessments. The Company expects real estate taxes to increase 5.2% in 2008 as additional assessment reductions are not anticipated, although the Company will continue initiatives to challenge assessments and obtain cost reductions.

Water & sewer costs were up \$589, or 5.1% from a year ago due to general cost increases being assessed by local municipalities; however, the water & sewer recovery program, which became fully phased in during 2006, enables the Company to recapture much of these cost increases from our residents. The guidance for 2008 reflects an increase of 5.3%.

Snow removal costs were up \$387 or 63.2%. The year 2006 produced below normal snowfalls compared to above normal snowfalls in 2007. Snow removal costs are anticipated to decrease to normal levels in 2008.

The decrease in repairs and maintenance of \$1,734, or 6.4% is mainly attributed to non-recurring \$1,302 reductions in 2007 due to cost reimbursements from fire losses. After factoring the fire reimbursement, the 2007 decrease was only \$432, or 1.6%, which is due in part to two large properties that were acquired in late 2005 that required significant

work in the early part of 2006 to bring them up to Company standards. This was not repeated in 2007. The Company has provided guidance for 2008 which anticipates a 6.6% increase in repairs and maintenance.

Natural gas heating costs were down \$343, or 1.7%, primarily as a result of having fixed contracts for our natural gas usage at a lower cost than last year. For 2007, we had fixed contracts for 93% of our natural gas usage at a weighted average cost of \$8.94 per decatherm. The cost for 2006 was \$9.29 per decatherm, or 3.9% higher than experienced this year. The saving on the commodity coupled with savings realized through a full year impact of conservation measures implemented during 2006 were partially offset by a slight increase in consumption during

2007, as the 2006 period included above average temperatures and the 2007 heating season was closer to the thirty-year average for degree days.

As of December 31, 2007, the Company had fixed-price contracts covering approximately 94% of its natural gas exposure for the balance of the 2007/2008 heating season. Risk is further diversified by staggering contract term expirations. For the balance of the 2007/2008 heating season, the Company estimates the average price per decatherm will be approximately \$8.28. For calendar year 2008, where the Company has coverage for 73% of its exposure, the Company's negotiated average price per decatherm was approximately \$8.36, with an all-in weighted expectation of \$8.47 including an estimate for the 27% variable portion. The Company has provided guidance for 2008 which anticipates a 5.2% increase in natural gas heating costs. This is based on the thirty-year average for the number of degrees days for 2008. Even though the cost per decatherm is expected to go down slightly, usage is expected to increase to normal levels. For guidance, the portion of the calendar year not covered by fixed price contracts (27%) is assumed to be priced at a level that reflects twelve month strip pricing as of February, 2008.

The operating expense ratio (the ratio of operating and maintenance expense compared to rental and property other income) for the 2007 Core Properties was 41.9% and 42.4% for 2007 and 2006, respectively. This 0.5% decrease resulted from the 4.0% increase in total revenue achieved through ongoing efforts to upgrade and reposition properties for maximum potential and a full year impact of the Company's roll out of its heating cost recovery program, which began in 2006; partially offset by the 2.8% increase in operating and maintenance expense. In general, the Company's operating expense ratio is higher than that experienced in other parts of the country due to relatively high real estate taxes and heating costs in its markets.

General and administrative expenses ("G&A") increased in 2007 by \$787 or 3.5% from \$22,626 in 2006 to \$23,413 in 2007. G&A as a percentage of total revenues (including discontinued operations) were 4.6% for 2007 as compared to 4.4% for 2006. If not for \$520 in one-time uncompleted transaction costs expensed in the third quarter of 2007, the G&A as a percentage of total revenues would have been 4.5% in 2007. Additionally, the ramp-up of the development department accounted for a \$453 increase. A decrease of \$264, or 15.1%, was realized in the external costs incurred for auditing, tax and consultation expense, including costs to comply with Section 404 of Sarbanes-Oxley. The Company has provided guidance for 2008 which anticipates a 4.4% increase in G&A, with the development department accounting for 38% of the increase.

Interest expense increased in 2007 by \$14,648 as a result of a full year of interest expense for the 2006 Acquisition Communities, interest expense on the exchangeable senior notes and the increased borrowings in connection with the acquisition of the 2007 Acquisition Communities partially offset by lower interest on the line of credit, and a \$2,354 increase in interest capitalized in connection with development activities. In addition, amortization from deferred charges relating to the financing of properties totaled \$2,929 and \$2,389, and was included in interest expense for 2007 and 2006, respectively.

Depreciation and amortization expense increased \$17,427 due to the additional depreciation expense on the 2007 Acquisition Communities and a full year of depreciation expense for the 2006 Acquisition Communities, as well as the incremental depreciation on the capital expenditures for additions and improvements to the Core Properties in 2007 and 2006 of \$71,634 and \$72,576, respectively.

Minority interest increased \$1,977 as a direct result of the increase in income from operations, plus an increase in the minority interest percentage over the prior year.

Included in discontinued operations for 2007 are the operating results, net of minority interest, of the 2007 Disposed Communities. Included in discontinued operations for 2006 are the operating results, net of minority interest, of the

2007 Disposed Communities and the 2006 Disposed Communities. For purposes of the discontinued operations presentation, the Company only includes interest expense and losses from early extinguishment of debt associated with specific mortgage indebtedness of the properties that are sold or held for sale.

Included in the \$30,077 gain on disposition of property reported for the year 2007 is the sale of five apartment communities where the Company has recorded a combined gross gain on sale of \$42,126, net of minority interest of \$12,049.

Included in the \$78,748 net gain on disposition of property for 2006 is the sale of 39 apartment communities where the Company recorded a combined gross gain on sale of \$110,514, net of minority interest of \$31,766.

Net income decreased \$48,941 primarily due to the decrease in gain on sale of discontinued operations of \$48,671 and a decrease of \$4,128 in the income from discontinued operations in 2007 compared to 2006; partially offset by \$3,858 higher income from continuing operations in 2007 compared to 2006.

Comparison of year ended December 31, 2006 to year ended December 31, 2005.

The Company owned 101 communities with 30,169 apartment units throughout 2005 and 2006 where comparable operating results are available for the years presented (the "2006 Core Properties"). For the year ended December 31, 2006, the 2006 Core Properties showed an increase in total revenues of 5.1% and a net operating income increase of 6.8% over the 2005 period. Property level operating expenses increased 2.8%. Average physical occupancy for the 2006 Core Properties increased from 94.4% to 94.8%, with average monthly rental rates increasing 3.2% to \$1,073 per apartment unit.

A summary of the 2006 Core Properties NOI is as follows:

	2006	2005	\$ Change	% Change
Rent	\$ 365,419	\$ 353,259	\$ 12,160	3.4%
Utility recovery revenue	7,868	2,792	5,076	181.8%
Rent including recoveries	373,287	356,051	17,236	4.8%
Other income	17,268	15,696	1,572	10.0%
Total revenue	390,555	371,747	18,808	5.1%
Operating and maintenance	(166,335)	(161,870)	(4,465)	(2.8%)
Net operating income	\$ 224,220	\$ 209,877	\$ 14,343	6.8%

During 2006, the Company acquired/developed a total of 3,271 apartment units in ten communities (the "2006 Acquisition Communities"). In addition, the Company experienced full-year results for the 2,430 apartment units in seven apartment communities (the "2005 Acquisition Communities") acquired during 2005. The inclusion of these acquired communities generally accounted for the significant changes in operating results for the year ended December 31, 2006. In addition, the reported income from operations include the consolidated results of one investment where the Company is the managing general partner that has been determined to be a Variable Interest Entity ("VIE").

A summary of the NOI from continuing operations for the Company as a whole is as follows:

	2006	2005	\$ Change	% Change
Rent	\$ 408,119	\$ 365,854	\$ 42,265	11.6%
Utility recovery revenue	8,668	2,852	5,816	203.9%
Rent including recoveries	416,787	368,706	48,081	13.0%
Other income	18,209	16,052	2,157	13.4%
Total revenue	434,996	384,758	50,238	13.1%
Operating and maintenance	(184,860)	(169,015)	(15,845)	(9.4%)
Net operating income	\$ 250,136	\$ 215,743	\$ 34,393	15.9%

During 2005, the Company sold four properties with a total of 816 units, which had partial results for 2005 (the "2005 Disposed Communities"). The results of the 2005 Disposed Communities, along with the 2007 and 2006 Disposed Communities, have been reflected in discontinued operations and are not included in the table above.

Table of Contents

For the year ended December 31, 2006, income from operations (income before minority interest and discontinued operations) increased by \$5,011 when compared to the year ended December 31, 2005. The increase was primarily attributable to the following factors: an increase in rental income of \$42,265, an increase in property other income of \$7,973, an increase in interest and other income of \$2,625, and a decrease in impairment of assets held as general partner of \$400. These changes were partially offset by an increase in operating and maintenance expense of \$15,845, an increase in general and administrative expense of \$2,974, an increase in interest expense of \$14,656, and an increase in depreciation and amortization of \$14,777. Each of the items are described in more detail below.

Of the \$42,265 increase in rental income, \$21,578 is attributable to the 2005 Acquisition Communities, \$8,228 is attributable to the 2006 Acquisition Communities and \$299 is attributable to the consolidation of the VIE. The balance of \$12,160 relates to a 3.4% increase from the 2006 Core Properties due primarily to an increase of 3.2% in weighted average rental rates, accompanied by an increase in average physical occupancy from 94.4% to 94.8%.

Property other income, which consists primarily of income from utility recovery charges, operation of laundry facilities, late charges, administrative fees, garage and carport rentals, revenue from corporate apartments, cable revenue, pet charges, and miscellaneous charges to residents, increased in 2006 by \$7,973. Of this increase, \$1,097 is attributable to the 2005 Acquisition Communities, \$259 is attributable to the 2006 Acquisition Communities and partially offset by a \$31 decrease attributable to the VIE. The balance of \$6,648 represents a 36.0% increase attributable to the 2006 Core Properties. Included in the 2006 Core Properties increase is \$5,076, which represents increased utility recovery revenue compared to 2005.

Interest income increased \$1,180 due to a higher level of invested excess cash on hand available from sale proceeds of the 2006 Disposed Communities and proceeds from exchangeable senior notes awaiting reinvestment into replacement property.

Other income, which primarily reflects management and other real estate service fees recognized by the Company, increased in 2006 by \$1,445. This is due primarily to the post closing consultation fees earned in connection with the 2006 Disposed Communities.

Of the \$15,845 increase in operating and maintenance expenses, \$8,521 is attributable to the 2005 Acquisition Communities, \$2,969 is attributable to the 2006 Acquisition Communities partially offset by a \$173 decrease attributable to the VIE. The balance for the 2006 Core Properties, a \$4,465 increase in operating expenses or 2.8%, is primarily a result of increases in gas heating costs, repairs & maintenance and property insurance. These increases were offset in part by reductions in personnel, advertising, and snow removal costs.

The breakdown of operating and maintenance costs for the 2006 Core Properties by line item is listed below:

	2006	2005	\$ Variance	% Variance
Electricity	\$ 6,812	\$ 6,271	\$ (541)	(8.6%)
Gas	19,281	18,045	(1,236)	(6.8%)
Water & sewer	10,814	10,154	(660)	(6.5%)
Repairs & maintenance	24,761	23,589	(1,172)	(5.0%)
Personnel expense	34,530	35,132	602	1.7%
Advertising	3,974	4,386	412	9.4%
Legal & professional	1,100	841	(259)	(30.8%)
Office & telephone	5,199	5,307	108	2.0%
Property insurance	6,613	5,559	(1,054)	(19.0%)
Real estate taxes	37,453	37,277	(176)	(0.5%)

Edgar Filing: HOME PROPERTIES INC - Form 10-K

Snow	588	1,166	578	49.6%
Trash	2,349	2,381	32	1.3%
Property management G&A	12,861	11,762	(1,099)	(9.3%)
Total	\$ 166,335	\$ 161,870	\$ (4,465)	(2.8%)

With a \$1,236 increase, natural gas heating costs were up 6.8% over 2005 reflecting significant increases in the cost of natural gas per decatherm. For calendar year 2006, the Company's average price per decatherm was \$9.29. A year ago, the average commodity cost for the year was \$6.98. Both the winter of the first quarter and fourth quarter of 2006 were mild, partially offsetting the 33% increase in commodity cost.

The increase in repairs and maintenance of \$1,172, or 5.0%, is mainly attributed to a non-recurring \$618 reduction in 2005 due to cost reimbursements from fire losses. After factoring the fire reimbursement, the 2006 increase was only \$554, or 2.3%.

Personnel expenses were down \$602, or 1.7% in 2006 versus 2005. The Company experienced favorable variances in workers compensation and health insurance, which were down \$322, or 10%. As with heating costs described above, the more mild winter in 2006 produced lower snowfall which reduces labor costs.

Advertising costs were down \$412, or 9.4%, as a result of property management decreasing spending on major newspaper ads and focusing instead on internet advertising and resident referral programs.

Legal and professional fees were up \$259, or 30.8%, due in part to increased efforts for property tax assessment appeals.

Property insurance costs were up \$1,054, or 19.0% over 2005, primarily due to a general increase in our property and general liability insurance premiums. Insurance costs have continued to climb due to catastrophe rate increases and higher reinsurance rates.

Real estate taxes were up only \$176, or 0.5% in 2006, reflecting general increased assessments and rates as tax authorities struggle to raise revenues in many regions of the country, mostly offset by selected successful property tax appeals which resulted in \$555 savings in 2006.

Snow removal costs were down \$578 or 49.6%. The year 2006 produced below normal snowfalls compared to normal snowfall in 2005.

The operating expense ratio (the ratio of operating and maintenance expense compared to rental and property other income) for the 2006 Core Properties was 42.6% and 43.5% for 2006 and 2005, respectively. This 0.9% decrease resulted from the 5.1% increase in total revenue achieved through ongoing efforts to upgrade and reposition properties for maximum potential and the Company's roll out of its heating cost recovery program in 2006, offset by the 2.8% increase in operating and maintenance expense. In general, the Company's operating expense ratio is higher than that experienced in other parts of the country due to relatively high real estate taxes and heating costs in its markets.

General and administrative expenses ("G&A") increased in 2006 by \$2,974 or 15% from \$19,652 in 2005 to \$22,626 in 2006. G&A as a percentage of total revenues (including discontinued operations) were 4.4% for 2006 as compared to 4.0% for 2005. The accounting rules effecting stock options and restricted stock enacted in 2006, SFAS 123R, required the Company to recognize compensation costs in 2006 for retirement-eligible and near-retirement-eligible employees and directors over a shorter vesting period than 2005, coupled with a significantly higher stock price, resulting in \$879 higher expense for 2006. Part of the increase, \$1,667, is the direct result of the increase in corporate incentive compensation bonus accrued in 2006, partially offset by a \$1,331 reduction in external costs incurred for auditing, tax and consultation expense, including costs to comply with Section 404 of Sarbanes-Oxley. G&A for 2006 also included \$505 for the development department which was non-existent in 2005. A significant portion of the costs in 2005 related to the non-recurring first year efforts for Section 404 compliance.

Interest expense increased in 2006 by \$14,656 as a result of a full year of interest expense for the 2005 Acquisition Communities, the increased borrowings in connection with acquisition of the 2006 Acquisition Communities and interest expense on the exchangeable senior notes, partially offset by lower interest on line of credit expenses. In addition, amortization from deferred charges relating to the financing of properties totaled \$2,389 and \$1,975, and was included in interest expense for 2006 and 2005, respectively.

Included in 2005 interest expense are prepayment penalties of \$147 in connection with the refinancing or payoff of certain mortgages not in connection with a sale of any property.

Depreciation and amortization expense increased \$14,777 due to the additional depreciation expense on the 2006 Acquisition Communities and a full year of depreciation expense for the 2005 Acquisition Communities, as well as

Page 40

---

the incremental depreciation on the capital expenditures for additions and improvements to the Core Properties in 2006 and 2005 of \$64,000 and \$67,276, respectively.

The Company has sold virtually all of the assets associated with its general partner interests in the affordable properties in order to focus solely on the direct ownership and management of market rate apartment communities. During 2005, the Company recorded impairment charges of \$400, which pertains to an impairment charge taken on the one remaining VIE to reduce its investment to fair market value.

Minority interest increased \$995 as a direct result of the increase in income from operations, partially offset by a decrease in the minority interest percentage over the prior year.

Included in discontinued operations for 2006 are the operating results, net of minority interest, of the 2007 and 2006 Disposed Communities. Included in discontinued operations for 2005 are the operating results, net of minority interest, of the 2007, 2006 and 2005 Disposed Communities. For purposes of the discontinued operations presentation, the Company only includes interest expense and losses from early extinguishment of debt associated with specific mortgage indebtedness of the properties that are sold or held for sale.

Included in the \$78,748 net gain on disposition of property for 2006 is the sale of 39 apartment communities where the Company recorded a combined gross gain on sale of \$110,514, net of minority interest of \$31,766.

Included in the \$53,975 gain on disposition of property reported for the year 2005 is the sale of four apartment communities where the Company has recorded a combined gross gain on sale of \$73,022, net of minority interest of \$24,227. In addition, the Company recorded a \$7,686 gain, net of minority interest of \$2,506, during the year related to the disposal of two affordable partnerships.

Net income increased \$28,973 primarily due to the increase in gain on sale of discontinued operations of \$24,773 in 2006 compared to 2005; plus \$4,016 higher income from continuing operations in 2006 compared to 2005.

#### Liquidity and Capital Resources

The Company's principal liquidity demands are expected to be distributions to the common stockholders and holders of UPREIT Units, capital improvements and repairs and maintenance for the properties, acquisition and development of additional properties, debt repayments and stock repurchases. The Company may also acquire equity ownership in other public or private companies that own and manage portfolios of apartment communities. Management anticipates the acquisition of communities of approximately \$150 million in 2008, although there can be no assurance that additional acquisitions will actually occur.

The Company intends to meet its short-term liquidity requirements through net cash flows provided by operating activities and its existing bank line of credit, described below. The Company considers its ability to generate cash to be adequate to meet all operating requirements, including availability to pay dividends to its stockholders and make distributions to its Unitholders in accordance with the provisions of the Internal Revenue Code, as amended, applicable to REITs.

As of December 31, 2007, the Company had an unsecured line of credit agreement with M&T Bank of \$140 million which expires September 1, 2008 and can be extended one year upon satisfaction of certain conditions. The Company has had no occurrences of default through December 31, 2007. The Company had \$2.5 million outstanding as of December 31, 2007. Borrowings under the line of credit bear interest at 0.75% over the one-month LIBOR rate of 4.60% at December 31, 2007. Accordingly, increases in interest rates will increase the Company's interest expense and as a result will affect the Company's results of operations and financial condition.

The Company plans to explore increasing substantially the level of the line of credit above the current \$140 million limit either later in 2008 or 2009. The Company has been very successful in increasing the percentage of unencumbered assets of the total property pool. At the end of 2006, unencumbered assets were 11% of the property portfolio. At the end of 2007, this had grown to over 16%. Based on projection of activity during 2008, the Company estimates that this level will grow to over 21% by year-end 2008. This higher level adds flexibility as the unencumbered pool is estimated by year-end 2008 to support unsecured borrowing in excess of a half billion dollars, compared to outstanding unsecured debt at year-end 2007 of \$202.5 million.

To the extent that the Company does not satisfy its long-term liquidity requirements through net cash flows provided by operating activities and its unsecured credit facility, it intends to satisfy such requirements through property debt financing, proceeds from the sale of properties, the issuance of UPREIT Units, proceeds from its Dividend Reinvestment and Direct Stock Purchase Plan ("DRIP"), or the issuance of additional debt and equity securities. At December 31, 2007, the Company owned 27 properties with 5,812 apartment units which were unencumbered by debt.

On April 4, 2007, the Company filed a Form S-3 universal shelf registration statement with the SEC that registers the issuance, from time to time, of common stock, preferred stock or debt securities. The Company may offer and sell securities issued pursuant to the universal shelf registration statement after a prospectus supplement, describing the type of security and amount being offered, is filed with the SEC.

During 2007, the Company sold five communities, with a total of 1,084 units, for \$129.5 million. A gain on sale of approximately \$42.1 million, before the allocation of minority interest, was realized from these sales. The weighted average first year capitalization rate projected on these dispositions is 5.9%.

Management has included in its operating plan that the Company will strategically dispose of assets totaling approximately \$180 million in 2008, \$65 million of which were closed during the first two months of 2008, although there can be no assurance that additional dispositions will actually occur.

During 2006, the Company sold 39 communities for a total sales price of \$495.3 million. The Company was able to sell these properties at an average capitalization rate of 7.6% and reinvest in the acquisition of properties with more growth potential at an expected first year cap rate of 6.4%.

The issuance of UPREIT Units for property acquisitions continues to be a source of capital for the Company. During 2007, the Company issued \$36.3 million in 634,863 UPREIT Units as partial consideration for three acquired properties. During 2006, the Company issued \$20.4 million in 343,393 UPREIT Units as partial consideration for two acquired properties.

The Company's DRIP provides the stockholders of the Company an opportunity to automatically invest their cash dividends in additional shares of common stock. In addition, eligible participants may make monthly payments or other voluntary cash investments in shares of common stock. The maximum monthly investment permitted without prior Company approval is currently \$10,000. The Company meets share demand under the DRIP through share repurchases by the transfer agent in the open market on the Company's behalf or new share issuance. From January 1, 2006 through December 26, 2006, the Company met demand through share repurchases by the transfer agent in the open market on the Company's behalf. From December 27, 2006 through September 25, 2007, the Company met demand by issuing new shares. As of September 26, 2007, the Company switched to meeting demand through share repurchases by the transfer agent in the open market on the Company's behalf.

Management monitors the relationship between the Company's stock price and its estimated NAV. During times when the difference between these two values is small, resulting in little "dilution" of NAV by common stock issuances, the Company can choose to issue new shares. At times when the gap between NAV and stock price is greater, the Company has the flexibility to satisfy the demand for DRIP shares with stock repurchased in the open market. In addition, the Company can issue waivers to DRIP participants to provide for investments in excess of the \$10,000 maximum monthly investment. No such waivers were granted during 2007 or 2006.

In October 2006, the Company issued \$200 million of exchangeable senior notes with a coupon rate of 4.125%, which generated net proceeds of \$195.8 million. The net proceeds were used to repurchase 933,000 shares of common stock for a total of \$58 million, pay down \$70 million on the line of credit, with the balance used for redemption of the

Series F Preferred Shares and property acquisitions. The exchange terms and conditions are more fully described under "Contractual Obligations and Other Commitments", below.

In March 2002, the Company issued 2,400,000 shares of its 9.00% Series F Cumulative Redeemable Preferred Stock ("Series F Preferred Shares"), with a \$25.00 liquidation preference per share. This offering generated net proceeds of approximately \$58.1 million. The net proceeds were used to fund the Series B preferred stock repurchase, property acquisitions, and property upgrades. Each Series F Preferred share received an annual dividend equal to 9.00% of the liquidation preference per share (equivalent to a fixed annual amount of \$2.25 per share). The Series F

Preferred Shares were redeemed by the Company on March 26, 2007 at a redemption price of \$25.00 per share, plus accrued and unpaid dividends of \$0.4 million. In accordance with the SEC's clarification of EITF Abstracts, Topic No. D-42, The Effect on the Calculation of Earnings per Share for the Redemption or Induced Conversion of Preferred Stock, the initial offering costs of \$1.9 million associated with the issuance of the Series F Preferred Shares were written-off in the first quarter of 2007, and are reflected as a reduction of net income available to common stockholders in determining earnings per share for the year ended December 31, 2007.

In 1997, the Company's Board of Directors approved a stock repurchase program under which the Company may repurchase shares of its common stock or UPREIT Units ("Company Program"). The shares/units may be repurchased through open market or privately negotiated transactions at the discretion of Company management. The Board's action did not establish a target stock price or a specific timetable for repurchase. At December 31, 2005, there was approval remaining to purchase 3,220,195 shares. During 2006, the Company repurchased 2,613,747 shares of its outstanding common stock at a cost of \$142.5 million at a weighted average price of \$54.53 per share. On October 27, 2006, the Board of Directors approved an additional 2,000,000-share increase in the stock repurchase program. During 2007, the Company repurchased 1,243,700 shares of its outstanding common stock at a cost of \$58.3 million at a weighted average price of \$46.86 per share, resulting in a remaining authorization level of 1,362,748 shares as of December 31, 2007. The Company will continue to monitor stock prices, the net asset value, and acquisition/development alternatives to determine the current best use of capital between the two major uses of capital – stock buybacks and acquisitions/development. At the present time, the 2008 guidance assumes \$50 million of stock buy-back.

In 2000, the Company obtained an investment grade rating from Fitch, Inc. The rating in effect at December 31, 2007 (no change from initial rating) is a corporate credit rating of "BBB" (Triple-B).

As of December 31, 2007, the weighted average rate of interest on the Company's total indebtedness of \$2.2 billion was 5.6% with staggered maturities averaging approximately seven and two-thirds years. Approximately 99% of total indebtedness is at fixed rates. This limits the exposure to changes in interest rates, minimizing the effect of interest rate fluctuations on the Company's results of operations and cash flows.

The Company's net cash flow from operating activities decreased from \$163 million in 2006, to \$162 million in 2007. The small decrease was principally due to improved operating performance of the 2007 Core Properties offset by changes in accounts payable and accrued liabilities, cash held in escrow and other assets. The decreases in cash held in escrows and accounts payable were due to normal timing differences in accounts payable and real estate tax payments and lower accrued liabilities were due to lower accrued bonuses in 2007 as compared to 2006. The decrease in other assets was principally due to the use of funds that were on deposit in 2006 for the acquisition of properties that closed in 2007.

Cash flows from investing activities changed from net cash provided of \$160 million in 2006 to cash used of \$88 million in 2007. The significant change of \$248 million between years is attributable to the unusually high \$488 million proceeds from 2006 Disposed Communities as compared to a more typical \$127 million proceeds from the 2007 Disposed Communities. In 2006 funds from 2006 Disposed Communities were added to escrow of \$39 million compared to the withdrawal of \$42 million in 2007 used for 2007 Acquisition Communities.

Cash flows used in financing activities were \$210 million in 2006 compared to \$187 million in 2007. The lower use of cash in 2007 was due to \$85 million lower common stock buybacks, \$84 million lower paydowns on the line of credit, combined with \$123 million more cash provided by mortgage financings, offset by \$17 million lower proceeds from stock option exercises, the redemption of the Series F preferred stock for \$60 million in 2007 and the exchangeable senior notes in 2006 which generated net proceeds of \$196 million.

Edgar Filing: HOME PROPERTIES INC - Form 10-K

On February 11, 2008, the Board of Directors declared a dividend of \$0.66 per share for the quarter ended December 31, 2007. This is the equivalent of an annual distribution of \$2.64 per share. The dividend is payable February 29, 2008 to shareholders of record on February 22, 2008.

Critical Accounting Policies– (dollars in thousands, except unit and per unit data)

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions in certain circumstances that affect

Page 43

---

amounts reported in the accompanying consolidated financial statements and related notes. In preparing these financial statements, management has utilized information available including industry practice and its own past history in forming its estimates and judgments of certain amounts included in the financial statements, giving due consideration to materiality. It is possible that the ultimate outcome as anticipated by management in formulating its estimates inherent in these financial statements may not materialize. However, application of the accounting policies below involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. In addition, other companies may utilize different estimates which may impact comparability of the Company's results of operations to those of companies in similar businesses.

#### Revenue Recognition

The Operating Partnership leases its residential apartment units under leases with terms generally one year or less. Rental income is recognized on a straight-line basis over the related lease term. As a result, deferred rents receivable are created when rental income is recognized during the concession period of certain negotiated leases and amortized over the remaining term of the lease. In accordance with SFAS No. 141, Business Combinations ("SFAS 141"), the Company recognizes rental revenue of acquired in-place "above and below" market leases at their fair value over the weighted average remaining lease term. Property other income, which consists primarily of income from operation of laundry facilities, utility recovery, administrative fees, garage and carport rentals and miscellaneous charges to residents, is recognized when earned (when the services are provided, or when the resident incurs the charge).

Property management fees are recognized when earned based on a contractual percentage of net monthly cash collected on rental income.

#### Real Estate

Real estate is recorded at cost. Costs related to the acquisition, development, construction and improvement of properties are capitalized. Recurring capital replacements typically include carpeting and tile, appliances, HVAC equipment, new roofs, site improvements and various exterior building improvements. Non-recurring upgrades include, among other items, community centers, new appliances, new windows, kitchens and bathrooms. Interest costs are capitalized until construction is substantially complete. There was \$3,441, \$1,087 and \$1,096 of interest capitalized in 2007, 2006 and 2005, respectively. Salaries and related costs capitalized for 2007, 2006 and 2005 were \$1,967, \$2,097 and \$2,135, respectively. When retired or otherwise disposed of, the related asset cost and accumulated depreciation are cleared from the respective accounts and the net difference, less any amount realized from disposition, is reflected in income. Ordinary repairs and maintenance that do not extend the life of the asset are expensed as incurred.

Management reviews its long-lived assets used in operations for impairment when, in accordance with SFAS No. 144, Accounting for the Impairment or Disposal of Long Lived Assets ("SFAS 144"), there is an event or change in circumstances that indicates an impairment in value. An asset is considered impaired when the undiscounted future cash flows are not sufficient to recover the asset's carrying value. If such impairment is present, an impairment loss is recognized based on the excess of the carrying amount of the asset over its fair value. The Company records impairment losses and reduces the carrying amounts of assets held for sale when the carrying amounts exceed the estimated selling proceeds less the costs to sell.

The Company accounts for its acquisitions of investments in real estate in accordance with SFAS 141, which requires the fair value of the real estate acquired to be allocated to the acquired tangible assets, consisting of land, building, and personal property and identified intangible assets and liabilities, consisting of the value of above market and below-market leases, value of in-place leases and value of resident relationships, based in each case on their fair

values. The Company considers acquisitions of operating real estate assets to be businesses as that term is defined in Emerging Issues Task Force Issue No. 98-3, Determining Whether a Nonmonetary Transaction Involves Receipt of Productive Assets or of a Business.

The Company allocates purchase price to the fair value of the tangible assets of an acquired property (which includes the land, building, and personal property) determined by valuing the property as if it were vacant. The as-if-vacant value is allocated to land, buildings, and personal property based on management's determination of the relative fair values of these assets.

Above-market and below-market in-place lease values for acquired properties are recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining non-cancelable term of the lease. The capitalized above-market lease values are included in other assets and are amortized as a reduction of rental income over the remaining non-cancelable terms of the respective leases. The capitalized below-market lease values are included in accrued expenses and other liabilities and are amortized as an increase to rental income over the initial term of the respective leases.

Other intangible assets acquired include amounts for in-place lease values that are based upon the Company's evaluation of the specific characteristics of the leases. Factors considered in these analyses include an estimate of carrying costs during hypothetical expected lease-up periods considering current market conditions, and costs to execute similar leases. The Company also considers information obtained about each property as a result of its pre-acquisition due diligence, marketing and leasing activities in estimating the fair value of the tangible and intangible assets acquired. In estimating carrying costs, management also includes real estate taxes, insurance and other operating expenses and estimates of lost rentals at market rates during the expected lease-up periods depending on the property acquired.

The total amount of other intangible assets acquired is further allocated to resident relationships, which includes intangible values based on management's evaluation of the specific characteristics of the residential leases and the Company's resident retention history.

The value of in-place leases and resident relationships are amortized and included in depreciation and amortization expense over the initial term of the respective leases.

The acquisitions of minority interests for shares of the Company's common stock are recorded under the purchase method with assets acquired reflected at the fair market value of the Company's common stock on the date of acquisition. The acquisition amounts are allocated to the underlying assets based on their estimated fair values. There were 478,318 and 3,769,733 shares of UPREIT Units converted to common stock, during 2007 and 2006, respectively. The Company made adjustments in the amount of \$16,475 and \$124,631, during 2007 and 2006, respectively, to record the fair market value of the conversions.

#### Discontinued Operations

The Company reports its property dispositions as discontinued operations as prescribed by the provisions of SFAS 144. Pursuant to the definition of a component of an entity in SFAS 144, assuming no significant continuing involvement by the former owner after the sale, the sale of an apartment community is considered a discontinued operation. In addition, apartment communities classified as held for sale are also considered a discontinued operation. The Company generally considers assets to be held for sale when all significant contingencies surrounding the closing have been resolved, which often corresponds with the actual closing date.

Included in discontinued operations for the three years ended December 31, 2007 are the operating results, net of minority interest, of 48 apartment community dispositions (5 sold in 2007, 39 sold in 2006 and 4 sold in 2005). In addition, discontinued operations for the year ended December 31, 2005 includes the operating results of four VIEs sold during 2005. For purposes of the discontinued operations presentation, the Company only includes interest expense associated with specific mortgage indebtedness of the properties that are considered discontinued operations.

#### Capital Improvements

The Company has a policy to capitalize costs related to the acquisition, development, rehabilitation, construction, and improvement of properties. Capital improvements are costs that increase the value and extend the useful life of an asset. Ordinary repair and maintenance costs that do not extend the useful life of the asset are expensed as incurred. Costs incurred on a lease turnover due to normal wear and tear by the resident are expensed on the turn. Recurring capital improvements typically include: appliances, carpeting and flooring, HVAC equipment, kitchen/bath cabinets, new roofs, site improvements and various exterior building improvements. Non-recurring upgrades include, among other items: community centers, new windows, and kitchen/bath apartment upgrades. The

Company capitalizes interest and certain internal personnel costs related to the communities under rehabilitation and construction.

The Company is required to make subjective assessments as to the useful lives of its properties and improvements for purposes of determining the amount of depreciation to reflect on an annual basis. These assessments have a direct impact on the Company's net income.

#### Federal Income Taxes

The Company has elected to be taxed as a real estate investment trust ("REIT") under the Internal Revenue Code of 1986, as amended, commencing with the taxable year ended December 31, 1994. As a result, the Company generally is not subject to Federal or State income taxation at the corporate level to the extent it distributes annually at least 90% of its REIT taxable income to its shareholders and satisfies certain other requirements. For the years ended December 31, 2007, 2006 and 2005, the Company distributed in excess of 100% of its taxable income; accordingly, no provision has been made for federal income taxes in the accompanying consolidated financial statements. Stockholders of the Company are taxed on dividends and must report distributions from the Company as either ordinary income, capital gains, or as return of capital.

Included in total assets on the Consolidated Balance Sheets are deferred tax assets of \$10,149 and \$10,079 as of December 31, 2007 and 2006, respectively. The deferred tax assets were a result of the net losses associated with the affordable property portfolio sales during 2004 and 2003. Management does not believe it is more likely than not that these deferred assets will be used, and accordingly has recorded a reserve against the deferred tax assets of \$10,149 and \$10,078 for the years ended December 31, 2007 and 2006, respectively. The deferred tax assets are associated with HPRS who performs certain of the residential and development activities of the Company. HPRS historically provided commercial management services and provided loan advances to affordable housing entities owned through general partnership interests. As these activities are no longer provided, Management does not currently believe there is a source for future material taxable earnings for HPRS that would give rise to value for the deferred tax assets.

#### Variable Interest Entities

Effective March 31, 2004, the Company adopted FASB Interpretation No. 46R, Consolidation of Variable Interest Entities, an interpretation of ARB No. 51 – Consolidated Financial Statements. The interpretation addresses consolidation by businesses of special purpose entities (variable interest entities, "VIE").

The Company is currently the general partner in one VIE with a total of 868 units syndicated using low income housing tax credits under Section 42 of the Internal Revenue Code. As general partner, the Company manages the day-to-day operations of this partnership for a management fee. In addition, the Company has certain operating deficit and tax credit guarantees to its limited partner. The Company is responsible for funding operating deficits to the extent there are any and can receive operating incentive awards if cash flows reach certain levels. The effect on the consolidated balance sheets of including this VIE as of December 31, 2007 and 2006 includes total assets of \$19,241 and \$20,473, total liabilities of \$17,703 and \$17,892, and minority interest of \$1,538 and \$2,581, respectively. The VIE is included in the Consolidated Statement of Operations for the years ended December 31, 2007, 2006 and 2005.

#### Acquisitions and Dispositions (dollars in thousands, except unit and per unit data)

In 2007, the Company acquired a total of five communities with a total of 1,541 units for total consideration of \$161,500, or an average of approximately \$104,800 per unit. For the same time period, the Company sold five properties with a total of 1,084 units for total consideration of \$129,500, or an average of \$119,500 per unit. The

weighted average expected first year cap rate of the 2007 Acquisition Communities was 5.9% and of the 2007 Disposed Communities was 5.9%. The weighted average unleveraged IRR during the Company's ownership for the properties sold was 12.0%.

In 2006, the Company acquired a total of eight communities with a total of 3,067 units for total consideration of \$360,100, or an average of approximately \$117,400 per unit. For the same time period, the Company sold 39 properties with a total of 9,705 units for total consideration of \$495,300, or an average of approximately \$51,000 per

unit. The weighted average expected first year cap rate of the 2006 Acquisition Communities was 6.7% and of the 2006 Disposed Communities was 7.6%. The weighted average unleveraged IRR during the Company's ownership for the properties sold was 9.3%.

#### Contractual Obligations and Other Commitments

The primary obligations of the Company relate to its borrowings under the line of credit, exchangeable senior notes and mortgage notes payable. The Company's line of credit matures in September 2008, and had \$2.5 million outstanding at December 31, 2007. The \$2.0 billion in mortgage notes payable have varying maturities ranging from 1 to 34 years. The principal payments on the mortgage notes payable for the years subsequent to December 31, 2007, are set forth in the table below as "Long-term debt."

In October 2006, the Company issued \$200 million of exchangeable senior notes with a coupon rate of 4.125%. The notes are exchangeable into cash equal to the principal amount of the notes and, at the Company's option, cash or common stock for the exchange value, to the extent that the market price of common stock exceeds the initial exchange price of \$73.34 per share, subject to adjustment. The adjusted exchange price at December 31, 2007 was \$73.25 per share. Upon an exchange of the notes, the Company will settle any amounts up to the principal amount of the notes in cash and the remaining exchange value, if any, will be settled, at the Company's option, in cash, common stock or a combination of both. The notes are not redeemable at the option of the Company for five years, except to preserve the status of the Company as a REIT. Holders of the notes may require the Company to repurchase the notes upon the occurrence of certain designated events. In addition, prior to November 1, 2026, the holders may require the Company to repurchase the notes on November 1, 2011, 2016 and 2021. The notes will mature on November 1, 2026, unless previously redeemed, repurchased or exchanged in accordance with their terms prior to that date.

The Company leases its corporate office space from an affiliate and the office space for its regional offices from third parties. The corporate and regional office space requires an annual base rent plus a pro-rata portion of property improvements, real estate taxes, and common area maintenance. These leases are set forth in the table below as "Operating leases."

Purchase obligations represent those costs that the Company is contractually obligated to pay in the future. The significant components of this caption are costs for capital improvements at the Company's properties, as well as costs for normal operating and maintenance expenses at the site level that are tied to contracts such as utilities, landscaping and grounds maintenance and advertising. The purchase obligations include amounts tied to contracts, some of which expire in 2008. It is the Company's intention to renew these normal operating contracts; however, there has been no attempt to estimate the length or future costs of these contracts.

#### Tabular Disclosure of Contractual Obligations:

Contractual Obligations	Payments Due by Period (in thousands)						
	Total	2008	2009	2010	2011	2012	Thereafter
Long-term debt (1)	\$ 1,986,789	\$ 121,461	\$ 69,327	\$ 367,173	\$ 285,716	\$ 182,142	\$ 960,970
Exchangeable senior notes (1)	200,000	-	-	-	200,000	-	-

Purchase obligations

Total (2)	\$ 2,203,076	\$ 133,497	\$ 72,338	\$ 367,930	\$ 486,006	\$ 182,335	\$ 960,970
-----------	--------------	------------	-----------	------------	------------	------------	------------

(1) Amounts include principal payments only. The Company will pay interest on outstanding indebtedness based on the rates and terms summarized in Notes 4, 5 and 6 to the Consolidated Financial Statements.

(2) The contractual obligations and other commitments in the table are set forth as required by Item 303(a)(5) of Regulation S-K promulgated by the SEC in January of 2003 and are not prepared in accordance with generally-accepted accounting principles.

As discussed in the section entitled "Variable Interest Entities," the Company, through its general partnership interest in an affordable property limited partnership, has guaranteed certain low income housing tax credits to limited partners in this partnership totaling approximately \$3 million. With respect to the guarantee of the low income housing tax credits, the Company believes the property's operations conform to the applicable requirements and does not anticipate any payment on the guarantee. In addition, the Company, acting as general partner in this partnership, is obligated to advance funds to meet partnership operating deficits.

Capital Improvements (dollars in thousands, except unit and per unit data)

Effective January 1, 2007, the Company updated its estimate of the amount of recurring, non-revenue enhancing capital expenditures incurred on an annual basis for a standard garden style apartment. The Company now estimates that the annual amount is \$760 per apartment unit compared to \$525 in the prior five years. This new amount better reflects current actual costs and the effects of inflation since the last update.

The Company's policy is to capitalize costs related to the acquisition, development, rehabilitation, construction and improvement of properties. Capital improvements are costs that increase the value and extend the useful life of an asset. Ordinary repair and maintenance costs that do not extend the useful life of the asset are expensed as incurred. Costs incurred on a lease turnover due to normal wear and tear by the resident are expensed on the turn. Recurring capital improvements typically include: appliances, carpeting and flooring, HVAC equipment, kitchen/bath cabinets, new roofs, site improvements and various exterior building improvements. Non-recurring, revenue generating capital improvements include, among other items: community centers, new windows, and kitchen/bath apartment upgrades. Revenue generating capital improvements will directly result in rental earnings or expense savings. The Company capitalizes interest and certain internal personnel costs related to the communities under rehabilitation and construction.

The table below is a list of the items that management considers recurring, non-revenue enhancing capital and maintenance expenditures for a standard garden style apartment. Included are the per unit replacement cost and the useful life that management estimates the Company incurs on an annual basis.

Category	Capitalized Cost per Unit	Useful Life(1)	Capitalized Expenditure Per Unit Per Year(2)	Maintenance Expense Cost per Unit Per Year(3)	Total Cost per Unit Per Year
Appliances	\$ 1,368	10	\$ 137	\$ 5	\$ 142
Blinds/shades	135	3	45	6	51
Carpets/cleaning	840	4	210	97	307
Computers, equipment, misc.(4)	120	5	24	29	53
Contract repairs	-	-	-	102	102
Exterior painting (5)	84	3	28	1	29
Flooring	250	7	36	-	36
Furnace/air (HVAC)	765	24	32	43	75
Hot water heater	260	7	37	-	37
Interior painting	-	-	-	138	138
Kitchen/bath cabinets	1,100	25	44	-	44
Landscaping	-	-	-	106	106
New roof	800	24	33	-	33
Parking lot	540	15	36	-	36
Pool/exercise facility	105	16	7	23	30
Windows	1,505	28	54	-	54
Miscellaneous (6)	555	15	37	40	77
Total	\$ 8,427		\$ 760	\$ 590	\$ 1,350

- (1) Estimated weighted average actual physical useful life of the expenditure capitalized.
- (2) This amount is not necessarily incurred each and every year. Some years will be higher, or lower depending on the timing of certain longer life expenditures.
- (3) These expenses are included in the Operating and maintenance line item of the Consolidated Statement of Operations. Maintenance labor costs are not included in the \$590 per unit estimate. All personnel costs for site supervision, leasing agents, and maintenance staff are combined and disclosed in the Company's Core Properties expense detail schedule.
- (4) Includes computers, office equipment/furniture, and maintenance vehicles.
- (5) The level of exterior painting may be lower than other similar titled presentations as the Company's portfolio has a significant amount of brick exteriors. In addition, the other exposed surfaces are most often covered in aluminum or vinyl.
- (6) Includes items such as balconies, siding, and concrete/sidewalks.

In reviewing the breakdown of costs above, one must consider the Company's unique strategy in operating apartments which has been to improve every property every year regardless of age. Another part of its strategy is to purchase older properties and rehab and reposition them to enhance internal rates of return. This strategy results in higher costs of capital expenditures and maintenance costs which is more than justified by higher revenue growth, higher net operating income growth and a higher rate of property appreciation.

The Company estimates that approximately \$760 and \$525 per unit was spent on recurring capital expenditures in 2007 and 2006, respectively. The table below summarizes the breakdown of capital improvements by major categories between recurring and non-recurring, revenue generating capital improvements as follows:

	For the year ended December 31, 2007				2006			
	Recurring Cap Ex	(a) Non-recurring Per Unit	Cap Ex	(a) Per Unit	Total Capital Improvements	(a) Per Unit	Total Capital Improvements	(a) Per Unit
New buildings	\$ -	\$ -	\$ 2,067	\$ 56	\$ 2,067	\$ 56	\$ 2,392	\$ 72
Major bldg improvements	4,368	119	13,036	355	17,404	474	16,936	512
Roof replacements	1,211	33	2,810	77	4,021	110	3,357	101
Site improvements	1,578	43	8,514	232	10,092	275	8,114	245
Apartment upgrades	4,350	119	16,485	449	20,835	568	15,476	467
Appliances	3,945	107	4	-	3,949	107	3,524	106
Carpeting/flooring	9,029	246	2,598	71	11,627	317	9,197	278
HVAC/mechanicals	2,533	69	9,636	263	12,169	332	11,128	336
Miscellaneous	881	24	2,125	58	3,006	82	3,014	91
Totals	\$ 27,895	\$ 760	\$ 57,275	\$ 1,561	\$ 85,170	\$ 2,321	\$ 73,138	\$ 2,208

(a) Calculated using the weighted average number of units owned, including 32,600 core units, 2006 acquisition units of 3,067, and 2007 acquisition units of 1,036 for the year ended December 31, 2007 and 32,600 core units and 2006 acquisition units of 505 for the year ended December 31, 2006.

The schedule below summarizes the breakdown of total capital improvements between core and non-core as follows:

	For the year ended December 31, 2007				2006			
	Recurring Cap Ex	(a) Non-recurring Per Unit	Cap Ex	(a) Per Unit	Total Capital Improvements	(a) Per Unit	Total Capital Improvements	(a) Per Unit
Core Communities	\$ 24,776	\$ 760	\$ 46,858	\$ 1,437	\$ 71,634	\$ 2,197	\$ 72,576	\$ 2,226
2007 Acquisition Communities	787	760	2,563	2,474	3,350	3,234	-	-
2006 Acquisition Communities	2,332	760	7,854	2,561	10,186	3,321	562	1,113
Subtotal	27,895	760	57,275	1,561	85,170	2,321	73,138	2,208
2007 Disposed Communities	562	760	1,317	1,782	1,879	2,542	3,787	3,494
2006 Disposed Communities	-	-	-	-	-	-	7,067	1,044
Corporate office expenditures (1)	-	-	-	-	3,281	-	3,560	-
Totals	\$ 28,457	\$ 760	\$ 58,592	\$ 1,565	\$ 90,330	\$ 2,325	\$ 87,552	\$ 2,051

(1) No distinction is made between recurring and non-recurring expenditures for corporate office. Corporate office expenditures include principally computer hardware, software and office furniture and fixtures.

#### Environmental Issues

Phase I environmental site assessments have been completed on substantially all of the Owned Properties. As of December 31, 2007, there were no recorded amounts resulting from environmental liabilities as there were no known contingencies with respect thereto. Furthermore, no condition is known to exist that would give rise to a material liability for site restoration or other costs that may be incurred with respect to the sale or disposal of a property.

During the past few years, there has been media attention given to the subject of mold in residential communities. The Company has responded to this attention by providing to its community management the Company's Operation and Maintenance Plan for the Control of Moisture ("O&M Plan"). The O&M Plan, designed to analyze and manage all exposures to mold, has been implemented at all of the Company's communities. There have been only limited cases of mold identified to management due to the application and practice of the O&M Plan. No condition is known to exist that would give rise to a material liability for site restoration or other costs that may be incurred with respect to mold.

## Recent Accounting Pronouncements

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements ("SFAS 157"). SFAS 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS 157 applies under other accounting pronouncements that require or permit fair value measurements; the FASB having previously concluded in those accounting pronouncements that fair value is the relevant measurement attribute. Accordingly, SFAS 157 does not require any new fair value measurements. This statement is effective in fiscal years beginning after November 15, 2007, except for non-financial assets and non-financial liabilities that are not recognized or disclosed at fair value on a recurring basis, for which the effective date is fiscal years beginning after November 15, 2008. The Company is currently evaluating the impact and believes that the adoption of SFAS 157 will not have a material effect on its financial position and results of operations.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities Including an Amendment of FASB Statement No. 115 ("SFAS 159"). SFAS 159 is effective for financial statements issued for fiscal years beginning after November 15, 2007. Under SFAS 159, entities are now permitted to measure many financial instruments and certain other assets and liabilities at fair value on an instrument-by-instrument basis under a fair value option granted in SFAS 159. Excluded from the scope of SFAS 159 are real estate assets and interests in variable interest entities. The Company is currently evaluating the impact and believes that the adoption of SFAS 159 will not have a material effect on its financial position and results of operations.

In December 2007, the FASB issued SFAS No. 141(R), Business Combinations ("SFAS 141R"), which establishes principles and requirements for how the acquirer shall recognize and measure in its financial statements the identifiable assets acquired, liabilities assumed, any non-controlling interest in the acquiree and goodwill acquired in a business combination. This statement is effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The Company is currently assessing the potential impact that the adoption of SFAS 141R will have on its financial position and results of operations.

In December 2007, the FASB issued SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51 ("SFAS 160"), which establishes and expands accounting and reporting standards for minority interests, which will be re-characterized as non-controlling interests, in a subsidiary and the deconsolidation of a subsidiary. SFAS 160 is effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. This statement is effective for fiscal years beginning on or after December 15, 2008. The Company is currently assessing the potential impact that the adoption of SFAS 160 will have on its financial position and results of operations.

## Economic Conditions

Substantially all of the leases at the communities are for a term of one year or less, which enables the Company to seek increased rents upon renewal of existing leases or commencement of new leases. These short-term leases minimize the potential adverse effect of inflation on rental income, although residents may leave without penalty at the end of their lease terms and may do so if rents are increased significantly.

Historically, real estate has been subject to a wide range of cyclical economic conditions, which affect various real estate sectors and geographic regions with differing intensities and at different times. Starting in 2001 and continuing into 2004 many regions of the United States had experienced varying degrees of economic recession and certain recessionary trends, such as a temporary reduction in occupancy and reduced pricing power limiting the ability to

aggressively raise rents. Starting in the second half on 2004 and continuing into 2007, we have seen a reversal of these recessionary trends. However, in the fourth quarter of 2007 and into 2008, the sub-prime issue has put significant pressure on the mortgage lending industry. The Company has not had any unfavorable outcomes from this issue and has continued to receive favorable financing at market rates of interest. In light of this, we will continue to review our business strategy; however, we believe that given our property type and the geographic regions in which we are located, we do not anticipate any changes in our strategy or material effects on financial performance.

## Contingencies

The Company is not a party to any legal proceedings which are expected to have a material adverse effect on the Company's liquidity, financial position or results of operations. The Company is subject to a variety of legal actions for personal injury or property damage arising in the ordinary course of its business, most of which are covered by liability and property insurance. Various claims of employment and resident discrimination are also periodically brought. While the resolution of these matters cannot be predicted with certainty, management believes that the final outcome of such legal proceedings and claims will not have a material adverse effect on the Company's liquidity, financial position or results of operations.

## Forward Looking Statements

This Form 10-K contains "forward-looking statements" within the meaning of Section 27A of the Securities Exchange Act of 1933 and Section 21E of the Securities Exchange Act of 1934, both as amended. Some examples of forward-looking statements include statements related to acquisitions (including any related pro forma financial information), future capital expenditures, potential development and redevelopment opportunities, projected costs and rental rates for development and redevelopment projects, financing sources and availability, and the effects of environmental and other regulations. Although the Company believes that the expectations reflected in those forward-looking statements are based upon reasonable assumptions, it can give no assurance that its expectations will be achieved. Factors that may cause actual results to differ include general economic and local real estate conditions, the weather and other conditions that might affect operating expenses, the timely completion of repositioning activities and development within anticipated budgets, the actual pace of future development, acquisitions and sales, and continued access to capital to fund growth. For this purpose, any statements contained in this Form 10-K that are not statements of historical fact should be considered to be forward-looking statements. Some of the words used to identify forward-looking statements include "believes", "anticipates", "plans", "expects", "seeks", "estimates", and similar expressions. Readers should exercise caution in interpreting and relying on forward-looking statements since they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond the Company's control and could materially affect the Company's actual results, performance or achievements.

## Item 7A. Quantitative and Qualitative Disclosures About Market Risk

The Company's primary market risk exposure is interest rate risk. At December 31, 2007 and December 31, 2006, approximately 99% of the Company's debt bore interest at fixed rates for both periods. At December 31, 2007 and December 31, 2006, approximately 89% of the Company's debt was secured and bore interest at fixed rates with a weighted average maturity of approximately 6 years, for both periods, and a weighted average interest rate of approximately 5.76% and 5.77%, respectively, including the \$28 million of secured debt which was swapped to a fixed rate at December 31, 2006. The remainder of the Company's secured debt bore interest at variable rates with a weighted average maturity of approximately 20 and 21 years and a weighted average interest rate of 4.63% and 4.95%, for 2007 and 2006, respectively. The Company does not intend to utilize a significant amount of permanent variable rate debt to acquire properties in the future. On occasion, the Company may use its line of credit in connection with a property acquisition or stock repurchase with the intention to refinance at a later date. The Company believes, however, that in no event would increases in interest expense as a result of inflation significantly impact the Company's distributable cash flow.

At December 31, 2007 and December 31, 2006, the fair value of the Company's fixed and variable rate secured debt, including the \$28 million of secured debt which was swapped to a fixed rate at December 31, 2006, amounted to a liability of \$2.02 billion and \$1.93 billion, respectively, compared to its carrying amount of \$1.99 billion and \$1.92 billion, respectively. The Company estimates that a 100 basis point increase in market interest rates at December 31, 2007 would have changed the fair value of the Company's fixed and variable rate secured debt to a liability of

\$1.93 billion.

The Company intends to continuously monitor and actively manage interest costs on its variable rate debt portfolio and may enter into swap positions based upon market fluctuations. In addition, the Company believes that it has the ability to obtain funds through additional debt and/or equity offerings and/or the issuance of UPREIT Units. Accordingly, the cost of obtaining such interest rate protection agreements in relation to the Company's access to capital markets will continue to be evaluated. The Company has not, and does not plan to, enter into any derivative

Page 52

---

financial instruments for trading or speculative purposes. As of December 31, 2007, the Company had no other material exposure to market risk.

Additional disclosure about market risk is incorporated herein by reference to the discussion under the heading "Results of Operations" in Item 7: Managements Discussion and Analysis of Financial Condition and Results of Operations.

Item 8. Financial Statements and Supplementary Data

The financial statements and supplementary data are listed under Item 15(a) and filed as part of this report on the pages indicated.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None.

Item 9A. Controls and Procedures

Disclosure Controls and Procedures.

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the reports filed or submitted by the Company under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to the officers who certify the Company's financial reports and to the other members of senior management and the Board of Directors.

The principal executive officer and principal financial officer evaluated, as of December 31, 2007, the effectiveness of the disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act") and have determined that such disclosure controls and procedures are effective.

Management's Annual Report on Internal Control Over Financial Reporting

The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rule 13a-15(f). Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. The Company's internal control over financial reporting is a process designed under the supervision of the Company's principal executive officer and principal financial officer to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Company's financial statements for external reporting purposes in accordance with the United States of America generally accepted accounting principles.

Under the supervision and with the participation of management, including the Company's principal executive officer and principal financial officer, the Company conducted an evaluation of the effectiveness of its internal control over financial reporting based on the framework in Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on its evaluation under that framework, management concluded that the Company's internal control over financial reporting was effective as of December 31, 2007. In addition, management has not identified any material weaknesses in the Company's internal controls.

The effectiveness of the Company's internal control over financial reporting as of December 31, 2007 has been audited by PricewaterhouseCoopers LLP, an independent registered public accounting firm, as stated in their report which appears herein.

Changes in Internal Control Over Financial Reporting

There were no changes in the internal controls over financial reporting that occurred during the fourth quarter of the year ended December 31, 2007 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Item 9B. Other Information

None.

Page 54

---

## PART III

## Item 10. Directors and Executive Officers of the Registrant

## Directors

The Board of Directors (the "Board") currently consists of eleven members. The terms for all of the directors of Home Properties expire at the 2008 Shareholders' Meeting. All of the directors have agreed to stand for re-election at the 2008 Stockholders Meeting, except for Thomas S. Summer, who has notified the Company that he will not stand for re-election because of responsibilities associated with a new employment position.

The information sets forth, as of February 22, 2008, for each director of the Company such director's name, experience during the last five years, other directorships held, age and the year such director was first elected as director of the Company.

Name of Director	Age	Year First Elected Director
Josh E. Fidler	52	2004
Alan L. Gosule	67	1996
Leonard F. Helbig, III	62	1994
Roger W. Kober	74	1994
Nelson B. Leenhouts	72	1993
Norman Leenhouts	72	1993
Edward J. Pettinella	56	2001
Clifford W. Smith, Jr.	61	1994
Paul L. Smith	72	1994
Thomas S. Summer	54	2004
Amy L. Tait	49	1993

Josh E. Fidler has been a director of the Company since August, 2004. Mr. Fidler is a Founding Partner of Boulder Ventures, Ltd., a manager of venture capital funds, which has been in operation since 1995. Since 1985, he has also been a principal in a diversified real estate development business known as The Macks Group. In 1999, the Company acquired 3,297 apartment units from affiliates of The Macks Group. Mr. Fidler was also a principal of the entity which owned a 240 unit apartment community which the Company purchased in 2004. He is a graduate of Brown University and received a law degree from New York University. Mr. Fidler is a member of the Maryland Region Advisory Board of SunTrust Bank, the Board of Johns Hopkins Medicine and President of the Board of Trustees of The Park School.

Alan L. Gosule, has been a director of the Company since 1996. Mr. Gosule has been a partner in the New York Office of the law firm of Clifford Chance US LLP (successor to Rogers & Wells) since August 1991 and prior to that time was a partner in the law firm of Gaston & Snow. Mr. Gosule is a graduate of Boston University and its Law School and received an LLM in Taxation from Georgetown University. Mr. Gosule also serves on the Boards of Directors of MFA Mortgage Investments, Inc. and F.L. Putnam Investment Management Company. He also serves on the Board of Trustees of Ursuline Academy.

Leonard F. Helbig, III has been a director of the Company since 1994. Since September 2002 he has served as a Director of Integra Realty Advisors in Philadelphia. Between 1980 and 2002 he was employed with Cushman & Wakefield, Inc. From 1990 until 2002, Mr. Helbig served as President, Financial Services for Cushman & Wakefield, Inc. Prior to that and since 1984, Mr. Helbig was the Executive Managing Director of the Asset Services and

Edgar Filing: HOME PROPERTIES INC - Form 10-K

Financial Services Groups. He was a member of that firm's Board of Directors and Executive Committee. Mr. Helbig is a member of the Urban Land Institute, the Pension Real Estate Association and the International Council of Shopping Centers. Mr. Helbig is a graduate of LaSalle University and holds the MAI designation of the American Institute of Real Estate Appraisers.

Roger W. Kober has been a director of the Company since 1994. He was employed by Rochester Gas and Electric Corporation from 1965 until his retirement on January 1, 1998. From March 1996 until January 1, 1998, Mr. Kober served as Chairman and Chief Executive Officer of Rochester Gas and Electric Corporation. He is a Trustee

Emeritas of Rochester Institute of Technology. Mr. Kober is a graduate of Clarkson College and holds a Masters Degree in Engineering from Rochester Institute of Technology.

Nelson B. Leenhouts has served as Board Co-Chair since his retirement as Co-Chief Executive Officer effective January 1, 2004. He had served as Co-Chief Executive Officer, President and a director of the Company since its inception in 1993. Since its formation, he has also served as a director of HPRS, for which he had also served in various officer capacities prior to his retirement. Mr. Leenhouts also served as a Senior Advisor to the Company pursuant to an Employment Agreement with a term that expired on December 31, 2006. In addition, Nelson Leenhouts was employed by the Company to fulfill additional responsibilities with respect to the Company's development activities pursuant to a Development Agreement, the term of which also expired on December 31, 2006. Mr. Leenhouts subsequently entered into an Employment Agreement with a term that expired on December 31, 2007. He continues as an employee of the Company working as a liaison to the development team, but he no longer has an employment agreement. Nelson Leenhouts was the founder, and a co-owner, together with Norman Leenhouts, of Home Leasing, and has continued to serve as President of Home Leasing since 1967. He is a member of the Board of Directors of the Genesee Valley Trust Company. Nelson Leenhouts is a graduate of the University of Rochester. He is the twin brother of Norman Leenhouts, the uncle of Amy L. Tait and the step-father of executive officer, Johanna A. Falk.

Norman P. Leenhouts has served as Board Co-Chair since his retirement as Co-Chief Executive Officer effective January 1, 2004. He had served as Board Chair, Co-Chief Executive Officer and a director of the Company since its inception in 1993. Since its formation, he has also served as a director of HPRS. Mr. Leenhouts also served as a Senior Advisor to the Company pursuant to an Employment Agreement with a term that expired on December 31, 2006. Prior to January 1, 2006, Norman Leenhouts was a co-owner, together with Nelson Leenhouts, of Home Leasing, where he had served as Board Chair since 1971. He is currently the Chairman of Broadstone Ventures, LLC and Broadstone Real Estate, LLC, formed to contain the property management business of Home Leasing and of Broadstone Net Lease, Inc., which is a private REIT that invests in net lease properties, as well as Broadstone Asset Management, LLC. He is a member of the Board of Trustees of the University of Rochester and The Charles E. Finney School, where he also serves as Board Chair. He is a graduate of the University of Rochester and is a certified public accountant. He is the twin brother of Nelson Leenhouts and the father of Amy L. Tait.

Edward J. Pettinella has served as President and Chief Executive Officer of the Company since January 1, 2004. He is also a director. He joined the Company in 2001 as an Executive Vice President and director. He is also the President and Chief Executive Officer of HPRS. From 1997 until February 2001, Mr. Pettinella served as President, Charter One Bank of New York and Executive Vice President of Charter One Financial, Inc. From 1980 through 1997, Mr. Pettinella served in several managerial capacities for Rochester Community Savings Bank, Rochester, NY, including the positions of Chief Operating Officer and Chief Financial Officer. Mr. Pettinella serves on the Board of Directors of Rochester Business Alliance, United Way of Greater Rochester, The Lifetime Healthcare Companies, National Multi Housing Counsel, Syracuse University School of Business and the Genesee Foundation Board. He is also a member of Urban Land Institute. Mr. Pettinella is a graduate of the State University at Genesee and holds an MBA Degree in finance from Syracuse University.

Clifford W. Smith, Jr. has been a director of the Company since 1994. Mr. Smith is the Epstein Professor of Finance of the William E. Simon Graduate School of Business Administration of the University of Rochester, where he has been on the faculty since 1974. He has written numerous books and articles on a variety of financial, capital markets and risk management topics and has held editorial positions for a variety of journals. Mr. Smith is a graduate of Emory University and has a PhD from the University of North Carolina at Chapel Hill.

Paul L. Smith has been a director of the Company since 1994. Mr. Smith was a director, Senior Vice President and the Chief Financial Officer of the Eastman Kodak Company from 1983 until he retired in 1993. He was a member of

the Financial Accounting Standards Advisory Council. He is currently a director of Constellation Brands, Inc. He is also a member of the Board of Trustees of the George Eastman House and Ohio Wesleyan University. Mr. Smith is a graduate of Ohio Wesleyan University and holds an MBA Degree in finance from Northwestern University.

Thomas S. Summer has been a director of the Company since August, 2004. Mr. Summer was the Executive Vice President and Chief Financial Officer of Constellation Brands, Inc. until May 15, 2007. Prior to his employment by Constellation Brands, he held various positions in financial management with Cardinal Health, Inc., PepsiCo, Inc.,

and Inland Steel Industries. As of January 22, 2008, Mr. Summer is the Chief Financial Officer of Advance Publications, Inc. and the President of Advance Financial Group, LLC. As a result of these new positions, Mr. Summer has notified the Company that he will not stand for re-election at the 2008 Stockholders Meeting. He is currently a member of the Board of Greatbatch, Inc., but will not stand for re-election at their next stockholders meeting. Mr. Summer is a graduate of Harvard University and holds an MBA degree in finance and accounting from the University of Chicago.

Amy L. Tait has served as a director of the Company since its inception in 1993. Effective February 15, 2001, Mrs. Tait resigned her full-time position as Executive Vice President of the Company and as a director of HP Management. She continued as a consultant to the Company pursuant to a consulting agreement that terminated on February 15, 2002. She founded Tait Realty Advisors, LLC in 2001, and is currently the Chief Executive Officer and a director of Broadstone Ventures, LLC, Broadstone Real Estate, LLC, Broadstone Net Lease, Inc. and Broadstone Asset Management, LLC where she also serves as Secretary. Mrs. Tait joined Home Leasing in 1983 and held several positions with the Company, including Senior and Executive Vice President and Chief Operating Officer. She currently serves on the M & T Bank Regional Advisory Board and the boards of the United Way of Rochester, Center for Governmental Research, Allendale Columbia School, Monroe County Center for Civic Entrepreneurship and the Simon School Executive Advisory Committee. Mrs. Tait is a graduate of Princeton University and holds an MBA from the William E. Simon Graduate School of Business Administration of the University of Rochester. She is the daughter of Norman Leenhouts and the niece of Nelson B. Leenhouts.

See Item 4A in Part I hereof for information regarding executive officers of the Company.

#### Section 16(a) Beneficial Ownership Reporting Compliance.

Section 16(a) of the Securities Exchange Act of 1934, as amended, (the "Exchange Act") requires the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange. Officers, directors and greater than 10% shareholders are required to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company and written representations that no other reports were required during the fiscal year ended December 31, 2007, all Section 16(a) filing requirements applicable to its executive officers, directors and greater than 10% beneficial owners were satisfied on a timely basis, except as follows. The purchase of 2,000 shares of Common Stock by Leonard F. Helbig, III was reported late as a result of a delay related to a new filing software system used by the Company. The accrual of phantom stock units under the Company's Deferred Bonus Plan (to be converted into common shares at the end of the deferral period) into the deferred bonus accounts of the following executive officers was reported late as was the deposit of additional shares into those accounts pursuant to the dividend reinvestment feature of the Deferred Bonus Plan: Johanna Falk: 479 phantom units on initial deferral/14 phantom units on dividend reinvestment; Robert J. Luken: 392 phantom units on initial deferral/5 phantom units on dividend reinvestment; Ann M. McCormick: 833 phantom units on initial deferral/44 phantom units on dividend reinvestment; and Scott Doyle: 1,198 phantom units on initial deferral/22 phantom units on dividend reinvestment. All of the above transactions were subsequently reported on a Form 4.

#### Audit Committee, Audit Committee Independence and Financial Expert

The information required by this item is incorporated herein by reference to the Company's proxy statement to be issued in connection with the Annual Meeting of Stockholders of the Company to be held on May 1, 2008 under "Board Matters/Board Committees/Audit Committee." The proxy statement will be filed within 120 days after the end

of the Company's fiscal year.

Stockholder Nominations to Board

The information required by this item is incorporated herein by reference to the Company's Proxy Statement to be issued in connection with the Annual Meeting of Stockholders of the Company to be held on May 1, 2008 under "Board Matters/Stockholder Nominees." The proxy statement will be filed within 120 days after the end of the Company's fiscal year.

## Code of Ethics

The Company has adopted a Code of Business Conduct and Ethics and a Code of Ethics for Senior Financial Officers, both which apply to the Company's Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer, Treasurer and Controller. Both codes are available on the Company's Web site at [www.homeproperties.com](http://www.homeproperties.com) under the heading "Investors/Corporate Governance/Highlights." In addition, the Company will provide a copy of the codes to anyone without charge, upon request addressed to the Corporate Secretary at Home Properties, Inc., 850 Clinton Square, Rochester, New York 14604.

The Company intends to disclose any amendment to its Code of Business Conduct and Ethics and its Code of Ethics for Senior Financial Officers on its Web site. In addition, in the event that the Company waives compliance by any of its directors and executive officers with the Code of Business Conduct and Ethics or compliance by any of the individuals subject to the Code of Ethics for Senior Financial Officers with that Code of Ethics, the Company will post on its Web site within four business days the nature of the waiver in satisfaction of its disclosure requirement under Item 5.05 of Form 8-K.

## Corporate Guidelines and Committee Charters

The Board of Directors has adopted corporate Governance Guidelines and revised charters in compliance with applicable law and NYSE listing standards for the Company's Audit, Compensation, Corporate Governance/Nominating and Real Estate Investment Committees. The Guidelines and Charters are available on the Company's Web site, [www.homeproperties.com](http://www.homeproperties.com), and by request addressed to the Corporate Secretary at Home Properties, Inc., 850 Clinton Square, Rochester, New York 14604.

## Item 11. Executive Compensation

The information required by this Item is incorporated herein by reference to the Company's proxy statement to be issued in connection with the Annual Meeting of the Stockholders of the Company to be held on May 1, 2008 under "Executive Compensation" and "Board Matters/Compensation Committee Interlocks and Insider Participation." The proxy statement will be filed within 120 days after the end of the Company's fiscal year.

## Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

The information required by this Item, including Equity Compensation Plan Information, is incorporated herein by reference to the Company's proxy statement to be issued in connection with the Annual Meeting of Stockholders of the Company to be held on May 1, 2008 under "Security Ownership of Certain Beneficial Owners and Management" and under "Equity Compensation Plan Information." The proxy statement will be filed within 120 days after the end of the Company's fiscal year.

## Item 13. Certain Relationships and Related Transactions, and Director Independence

The information required by this Item is incorporated herein by reference to the Company's proxy statement to be issued in connection with the Annual Meeting of Stockholders of the Company to be held on May 1, 2008 under "Transactions with Related Persons, Promoters and Certain Control Persons" and "Board Matters/Board Independence." The proxy statement will be filed within 120 days after the end of the Company's fiscal year.

## Item 14. Principal Accounting Fees and Services

The information required by this Item is incorporated herein by reference to the Company's proxy statement to be issued in connection with the Annual Meeting of Stockholders of the Company to be held on May 1, 2008 under "Report of the Audit Committee" and "Principal Accounting Fees and Services." The proxy statement will be filed within 120 days after the end of the Company's fiscal year.

## Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders  
of Home Properties, Inc.:

In our opinion, the consolidated financial statements listed in the index appearing under Item 15(a)(1) present fairly, in all material respects, the financial position of Home Properties, Inc. and its subsidiaries (the "Company") at December 31, 2007 and 2006, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2007 in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statement schedules listed in the index appearing under Item 15(a)(2) present fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2007, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Company's management is responsible for these financial statements and financial statement schedules, for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in Management's Annual Report on Internal Control Over Financial Reporting under Item 9A. Our responsibility is to express opinions on these financial statements, on the financial statement schedules, and on the Company's internal control over financial reporting based on our integrated audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## HOME PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Dollars in thousands, except share and per share data)

## 1 ORGANIZATION AND BASIS OF PRESENTATION

## Organization

Home Properties, Inc. (the "Company ") was formed in November 1993, as a Maryland corporation and is engaged primarily in the ownership, management, acquisition, rehabilitation and development of residential apartment communities primarily in select Northeast, Mid-Atlantic and Southeast Florida regions of the United States. The Company conducts its business through Home Properties, L.P. (the "Operating Partnership"), a New York limited partnership. As of December 31, 2007, the Company operated 125 apartment communities with 38,646 apartments. Of this total, the Company owned 123 communities, consisting of 37,496 apartments, managed as general partner one partnership that owned 868 apartments, and fee managed one community, consisting of 282 apartments, for a third party.

## Basis of Presentation

The accompanying consolidated financial statements include the accounts of the Company and its ownership of 70.8% of the limited partnership units in the Operating Partnership ("UPREIT Units") at December 31, 2007 (71.4% at December 31, 2006). The remaining 29.2% is reflected as Minority Interest in these consolidated financial statements at December 31, 2007 (28.6% at December 31, 2006). The Company owns a 1.0% general partner interest in the Operating Partnership and the remainder indirectly as a limited partner through its wholly owned subsidiary, Home Properties I, LLC, which owns 100% of Home Properties Trust, which is the limited partner. Home Properties Trust was formed in September 1997, as a Maryland real estate trust and as a qualified REIT subsidiary ("QRS") and owns the Company's share of the limited partner interests in the Operating Partnership. For financing purposes, the Company has formed a limited liability company (the "LLC") and a partnership (the "Financing Partnership"), which beneficially own certain apartment communities encumbered by mortgage indebtedness. The LLC is wholly owned by the Operating Partnership. The Financing Partnership is owned 99.9% by the Operating Partnership and 0.1% by the QRS.

The accompanying consolidated financial statements include the accounts of Home Properties Management, Inc. ("HPM") and Home Properties Resident Services, Inc. ("HPRS"), (altogether, the "Management Companies"). The Management Companies are wholly owned subsidiaries of the Company. On November 21, 2006, HPM was merged into HPRS, with HPRS the surviving entity. All significant inter-company balances and transactions have been eliminated in these consolidated financial statements.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## Real Estate

Real estate is recorded at cost. Costs related to the acquisition, development, construction and improvement of properties are capitalized. Recurring capital replacements typically include carpeting and tile, appliances, HVAC equipment, new roofs, site improvements and various exterior building improvements. Non-recurring upgrades include, among other items, community centers, new appliances, new windows, kitchens and bathrooms. Interest costs are capitalized until construction is substantially complete. There was \$3,441, \$1,087 and \$1,096 of interest capitalized in 2007, 2006 and 2005, respectively. Salaries and related costs capitalized for the years ended December

31, 2007, 2006 and 2005 were \$1,967, \$2,097 and \$2,135, respectively. When retired or otherwise disposed of, the related asset cost and accumulated depreciation are cleared from the respective accounts and the net difference, less any amount realized from disposition, is reflected in income. Ordinary repairs and maintenance that do not extend the life of the asset are expensed as incurred.

## HOME PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Dollars in thousands, except share and per share data)

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Real Estate (Continued)

Management reviews its long-lived assets used in operations for impairment when, in accordance with SFAS No. 144, Accounting for the Impairment or Disposal of Long Lived Assets (“SFAS 144”), there is an event or change in circumstances that indicates an impairment in value. An asset is considered impaired when the undiscounted future cash flows are not sufficient to recover the asset's carrying value. If such impairment is present, an impairment loss is recognized based on the excess of the carrying amount of the asset over its fair value. The Company records impairment losses and reduces the carrying amounts of assets held for sale when the carrying amounts exceed the estimated selling proceeds less the costs to sell.

The Company accounts for its acquisitions of investments in real estate in accordance with SFAS No. 141, Business Combinations (“SFAS 141”), which requires the fair value of the real estate acquired to be allocated to the acquired tangible assets, consisting of land, building, and personal property and identified intangible assets and liabilities, consisting of the value of above-market and below-market leases, value of in-place leases and value of resident relationships, based in each case on their fair values. The Company considers acquisitions of operating real estate assets to be businesses as that term is contemplated in Emerging Issues Task Force Issue No. 98-3, Determining Whether a Nonmonetary Transaction Involves Receipt of Productive Assets or of a Business.

The Company allocates purchase price to the fair value of the tangible assets of an acquired property (which includes the land, building, and personal property) determined by valuing the property as if it were vacant. The as-if-vacant value is allocated to land, buildings, and personal property based on management's determination of the relative fair values of these assets.

Above-market and below-market in-place lease values for acquired properties are recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining non-cancelable term of the lease. The capitalized above-market lease values are included in other assets and are amortized as a reduction of rental income over the remaining non-cancelable terms of the respective leases. The capitalized below-market lease values are included in accrued expenses and other liabilities and are amortized as an increase to rental income over the initial term of the respective leases.

Other intangible assets acquired include amounts for in-place lease values that are based upon the Company's evaluation of the specific characteristics of the leases. Factors considered in these analyses include an estimate of carrying costs during hypothetical expected lease-up periods considering current market conditions, and costs to execute similar leases. The Company also considers information obtained about each property as a result of its pre-acquisition due diligence, marketing and leasing activities in estimating the fair value of the tangible and intangible assets acquired. In estimating carrying costs, management also includes real estate taxes, insurance and other operating expenses and estimates of lost rentals at market rates during the expected lease-up periods depending on the property acquired.

The total amount of other intangible assets acquired is further allocated to resident relationships, which includes intangible values based on management's evaluation of the specific characteristics of the residential leases and the Company's resident retention history.

The value of in-place leases and resident relationships are amortized and included in depreciation and amortization expense over the initial term of the respective leases.

## HOME PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Dollars in thousands, except share and per share data)

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Real Estate (Continued)

The exchange of minority interests for shares of the Company's common stock are recorded under the purchase method with assets acquired reflected at the fair market value of the Company's common stock on the date of exchange. The acquisition amounts are allocated to the underlying assets based on their estimated fair values. During 2007 and 2006, there were 478,318 and 3,769,733 shares of UPREIT Units converted to common stock, respectively. The Company made an adjustment in the amount of \$16,475 and \$124,631, respectively, to record the fair market value of the conversions.

## Depreciation

Properties are depreciated using a straight-line method over the estimated useful lives of the assets as follows:

Land improvements	3-20 years
Buildings and improvements	3-40 years
Furniture, fixtures and equipment	5-10 years
Computer software	5 years

Depreciation expense charged to operations was \$107,987, \$90,929 and \$77,327 from continuing operations and \$2,255, \$8,778 and \$21,984 from discontinued operations for the years ended December 31, 2007, 2006 and 2005, respectively.

## Cash and Cash Equivalents

Cash and cash equivalents include all cash and highly liquid investments purchased with original maturities of three months or less. The Company estimates that the fair value of cash equivalents approximates the carrying value due to the relatively short maturity of these instruments.

## Cash in Escrows

Cash in escrows consists of cash restricted under the terms of various loan agreements to be used for the payment of property taxes and insurance as well as required replacement reserves, resident security deposits for residential properties and funds held in escrow from tax-free exchanges.

## Accounts Receivable and Allowance for Doubtful Receivables

Accounts receivable are generally comprised of amounts receivable from residents and other miscellaneous receivables from non-affiliated entities. We evaluate the collectibility of accounts receivable from residents and establish an allowance, after the application of security deposits, for accounts greater than 60 days past due for current residents and all receivables due from former residents. The allowance for doubtful receivables was \$1,699, \$984 and

\$513 as of December 31, 2007, 2006 and 2005, respectively.

Deferred Charges

Costs relating to the financing of properties are deferred and amortized over the life of the related financing agreement. The straight-line method, which approximates the effective interest method, is used to amortize all financing costs; such amortization is reflected as interest expense in the consolidated statement of operations. The financing agreement terms range from 1-18 years. Accumulated amortization was \$9,148, \$7,421 and \$5,832, as of December 31, 2007, 2006 and 2005, respectively.

## HOME PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Dollars in thousands, except share and per share data)

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Intangible Assets

Intangible assets of \$8,994, \$8,080 and \$5,080 at December 31, 2007, 2006 and 2005, respectively, included in Other Assets, consist primarily of intangible assets recorded in connection with SFAS 141. Intangible assets associated with SFAS 141 are amortized on the straight-line basis over their estimated useful lives of 5 months to 3 years. Accumulated amortization of intangible assets was \$7,038, \$4,714 and \$2,797 as of December 31, 2007, 2006 and 2005, respectively. Amortization expense charged to operations was \$2,342, \$1,973 and \$798 from continuing operations and \$1, \$15 and \$6 from discontinued operations for the years ended December 31, 2007, 2006 and 2005, respectively. The carrying value of intangible assets is periodically reviewed by the Company and impairments are recognized when the expected future operating cash flows derived from such intangible assets are less than their carrying value.

## Revenue Recognition

The Operating Partnership leases its residential apartment units under leases with terms generally one year or less. Rental income is recognized on a straight-line basis over the related lease term. As a result, deferred rents receivable are created when rental income is recognized during the concession period of certain negotiated leases and amortized over the remaining term of the lease. In accordance with SFAS 141, the Company recognizes rental revenue of acquired in-place "above and below" market leases at their fair value over the weighted average remaining lease term. Property other income, which consists primarily of income from operation of laundry facilities, utility recovery, administrative fees, garage and carport rentals and miscellaneous charges to residents, is recognized when earned (when the services are provided, or when the resident incurs the charge).

Property management fees are recognized when earned based on a contractual percentage of net monthly cash collected on rental income.

## Other Income

Other income for the years ended December 31, 2007, 2006 and 2005 primarily reflects management and other real estate service fees.

## Gains on Real Estate Sales

Gains on disposition of properties are recognized using the full accrual method in accordance with the provisions of SFAS No. 66, Accounting for Real Estate Sales, provided that various criteria relating to the terms of sale and any subsequent involvement by the Company with the properties sold are met.

## Advertising

Advertising expenses are charged to operations during the year in which they were incurred. Advertising expenses incurred and charged to operations were \$4,983, \$4,337 and \$4,514 from continuing operations, and \$139, \$1,335 and \$2,094 from discontinued operations, for the years ended December 31, 2007, 2006 and 2005, respectively.

## HOME PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Dollars in thousands, except share and per share data)

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Federal Income Taxes

The Company has elected to be taxed as a real estate investment trust ("REIT") under the Internal Revenue Code of 1986, as amended, commencing with the taxable year ended December 31, 1994. As a result, the Company generally is not subject to Federal or State income taxation at the corporate level to the extent it distributes annually at least 90% of its REIT taxable income to its shareholders and satisfies certain other requirements. For the years ended December 31, 2007, 2006 and 2005, the Company distributed in excess of 100% of its taxable income; accordingly, no provision has been made for federal income taxes in the accompanying consolidated financial statements. Stockholders of the Company are taxed on dividends and must report distributions from the Company as either ordinary income, capital gains, or as return of capital (Note 8).

The Company adopted the provisions of FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes ("FIN 48") on January 1, 2007. FIN 48 addresses the recognition and measurement of assets and liabilities associated with tax positions taken or expected to be taken in a tax return. As a result of the adoption of FIN 48, the Company reviewed its potential uncertain tax positions that would qualify under FIN 48 and made no adjustments to its existing financial and tax accounting treatment.

SFAS No. 109, Accounting for Income Taxes, requires a public enterprise to disclose the aggregate difference in the basis of its net assets for financial and tax reporting purposes. The tax basis of assets is less than the amounts reported in the accompanying consolidated financial statements by approximately \$580,925 and \$554,000 at December 31, 2007 and 2006, respectively.

The following table reconciles net income to taxable income for the years ended December 31, 2007, 2006 and 2005:

	2007	2006	2005
Net income	\$ 61,544	\$ 110,485	\$ 81,512
Add back: Net loss of taxable REIT Subsidiaries included in net income above	122	243	172
Deduct: Net income of taxable REIT subsidiaries included in net income above	-	(39)	(27)
Net income from REIT operations	61,666	110,689	81,657
Add: Book depreciation and amortization	78,369	75,151	68,814
Less: Tax depreciation and amortization	(79,880)	(68,874)	(68,426)
Book/tax difference on gains/losses from capital transactions	12,579	(49,691)	(45,906)
Other book/tax differences, net	(7,292)	(14,094)	(6,450)
Adjusted taxable income subject to 90% REIT dividend requirement	\$ 65,442	\$ 53,181	\$ 29,689

The Company made actual distributions in excess of 100% of taxable income before capital gains. All adjustments to net income from REIT operations are net of amounts attributable to minority interest and the taxable REIT subsidiary, HPRS.

Included in total assets on the Consolidated Balance Sheets are deferred tax assets of \$10,149 and \$10,079 as of December 31, 2007 and 2006, respectively. Management does not believe it is more likely than not that these deferred assets will be used, and accordingly has recorded a reserve against the deferred tax asset of \$10,149 and \$10,078 as of December 31, 2007 and 2006, respectively. The deferred tax assets are associated with HPRS who performs certain of the residential and development activities of the Company. HPRS historically provided commercial management services and provided loan advances to affordable housing entities owned through general partnership interests. As these activities are no longer provided, Management does not currently believe there is a source for future material taxable earnings for HPRS that would give rise to value for the deferred tax assets.

## HOME PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Dollars in thousands, except share and per share data)

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Earnings Per Share

Basic Earnings Per Share ("EPS") is computed as net income available to common shareholders divided by the weighted average number of common shares outstanding for the period. Diluted EPS reflects the potential dilution that could occur from common shares issuable through stock-based compensation including stock options (using the treasury stock method) and the conversion of any cumulative convertible preferred stock. The exchange of an UPREIT Unit for common stock will have no effect on diluted EPS as unitholders and stockholders effectively share equally in the net income of the Operating Partnership.

Income from continuing operations is the same for both the basic and diluted EPS calculation. The reconciliation of the basic and diluted earnings per share for the years ended December 31, 2007, 2006 and 2005, is as follows:

	2007	2006	2005
Income from continuing operations	\$ 30,113	\$ 26,255	\$ 22,239
Less: Preferred dividends	(1,290)	(5,400)	(6,279)
Less: Preferred stock issuance costs write-off	(1,902)	-	-
Basic and Diluted – Income from continuing operations			
applicable to common shareholders	26,921	20,855	15,960
Discontinued operations	31,431	84,230	59,273
Net income available to common shareholders	\$ 58,352	\$ 105,085	\$ 75,233
Basic weighted average number of shares outstanding	33,130,067	32,697,794	31,962,082
Effect of dilutive stock options	537,703	593,308	324,268
Effect of phantom and restricted shares	126,756	46,455	41,755
Diluted weighted average number of shares outstanding	33,794,526	33,337,557	32,328,105

## Basic earnings per share data:

Income from continuing operations	\$ 0.81	\$ 0.64	\$ 0.50
Discontinued operations	0.95	2.57	1.85
Net income available to common shareholders	\$ 1.76	\$ 3.21	\$ 2.35

## Diluted earnings per share data:

Income from continuing operations	\$ 0.80	\$ 0.62	\$ 0.49
Discontinued operations	0.93	2.53	1.84
Net income available to common shareholders	\$ 1.73	\$ 3.15	\$ 2.33

Unexercised stock options to purchase 1,028,597, 18,900 and 539,500 shares of the Company's common stock were not included in the computations of diluted EPS because the options' exercise prices were greater than the average market price of the Company's stock during the years ended December 31, 2007, 2006 and 2005, respectively. For the year ended December 31, 2005 (until the date of the conversion), the 833,333 common stock equivalents on an as-converted basis of the Series D Convertible Cumulative Preferred Stock had an antidilutive effect and are not included in the computation of diluted EPS. To the extent the preferred stock was converted, the common shares would be included in outstanding shares from the date of conversion. In conjunction with the issuance of the Exchangeable Senior Notes, there are 490,880 potential shares issuable under certain circumstances, of which none

are considered dilutive as of December 31, 2007 and 2006.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Recent Accounting Pronouncements

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements ("SFAS 157"). SFAS 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS 157 applies under other accounting pronouncements that require or permit fair value measurements; the FASB having previously concluded in those accounting pronouncements that fair value is the relevant measurement attribute. Accordingly, SFAS 157 does not require any new fair value measurements. This statement is effective in fiscal years beginning after November 15, 2007, except for non-financial assets and non-financial liabilities that are not recognized or disclosed at fair value on a recurring basis, for which the effective date is fiscal years beginning after November 15, 2008. The Company is currently evaluating the impact and believes that the adoption of SFAS 157 will not have a material effect on its financial position and results of operations.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities Including an Amendment of FASB Statement No. 115 ("SFAS 159"). SFAS 159 is effective for financial statements issued for fiscal years beginning after November 15, 2007. Under SFAS 159, entities are now permitted to measure many financial instruments and certain other assets and liabilities at fair value on an instrument-by-instrument basis under a fair value option granted in SFAS 159. Excluded from the scope of SFAS 159 are real estate assets and interests in variable interest entities. The Company is currently evaluating the impact and believes that the adoption of SFAS 159 will not have a material effect on its financial position and results of operations.

In December 2007, the FASB issued SFAS No. 141(R), Business Combinations ("SFAS 141R"), which establishes principles and requirements for how the acquirer shall recognize and measure in its financial statements the identifiable assets acquired, liabilities assumed, any non-controlling interest in the acquiree and goodwill acquired in a business combination. This statement is effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The Company is currently assessing the potential impact that the adoption of SFAS 141R will have on its financial position and results of operations.

In December 2007, the FASB issued SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51 ("SFAS 160"), which establishes and expands accounting and reporting standards for minority interests, which will be re-characterized as non-controlling interests, in a subsidiary and the deconsolidation of a subsidiary. SFAS 160 is effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. This statement is effective for fiscal years beginning on or after December 15, 2008. The Company is currently assessing the potential impact that the adoption of SFAS 160 will have on its financial position and results of operations.

## 3 VARIABLE INTEREST ENTITIES

Effective March 31, 2004, the Company adopted FASB Interpretation No. 46R, Consolidation of Variable Interest Entities, an interpretation of ARB No. 51 – Consolidated Financial Statements. The Company had made the determination that all 41 of the remaining limited partnerships at the time were VIEs.

The Company determined that it was not the primary beneficiary in seven partnerships syndicated under U.S. Department of Housing and Urban Development subsidy programs, all of which had been sold as of December 31, 2005. These investments were accounted for under the equity method through their sale. The Company recorded its allocable share of the respective partnership's income or loss based on the terms of the agreements. To the extent it was determined that the LPs could not absorb their share of the losses, if any, the GP recorded the LPs share of such losses. The Company absorbed such losses to the extent the Company had outstanding loans or advances and the limited partner had no remaining capital account.

The Company had further determined that it was the primary beneficiary in 34 of the VIEs and, therefore, consolidated these entities effective March 31, 2004. During 2005, the Company closed on the sale of all but one VIE. The one remaining VIE is not considered held for sale and is included in the Consolidated Statement of Operations for the years ended December 31, 2007, 2006 and 2005. The effect on the Consolidated Balance Sheets of including this VIE as of December 31, 2007 and 2006 includes total assets of \$19,241 and \$20,473, total liabilities of \$17,703 and \$17,892 and minority interest of \$1,538 and \$2,581, respectively.

As general partner, the Company manages the day-to-day operations of this partnership for a management fee. In addition, the Company has certain operating deficit and tax credit guarantees to its limited partner. The Company is responsible to fund operating deficits to the extent there are any and can receive operating incentive awards when cash flow reaches certain levels.

In December, 2004, the Company recorded an obligation to repurchase the limited partner's interests in two VIEs in satisfaction of any tax credit guarantees or other obligations to that partner for \$5,700, resulting in a loss of \$5,000 included in "gain on disposition of property" as part of "Discontinued operations." The transfer of the partnership interests was effective in January, 2005. In connection with the Company's decision to dispose of the property through a transfer of deed in lieu of foreclosure, the Company performed a valuation analysis on the underlying real estate, and as a result, recorded a \$7,300 impairment of real estate during the first quarter of 2005 to adjust the net book value of the property to the Company's estimated fair market value. This impairment is included as part of "Discontinued operations" in "Income from operations." Finally, on September 30, 2005, the deed was transferred to the new mortgage holder in lieu of foreclosure resulting in a gain on sale of real estate of \$7,700, included in "gain on disposition of property" as part of "Discontinued operations."

At the time the property was marketed for sale, based upon the Company's estimate of fair market value, a \$400 investment impairment charge was recorded and included in "Impairment of assets held as general partner" in the period ended December 31, 2005 for this one remaining VIE.

## HOME PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Dollars in thousands, except share and per share data)

## 4 MORTGAGE NOTES PAYABLE

The Company's mortgage notes payable are summarized as follows:

	2007	2006
Fixed rate mortgage notes payable	\$ 1,958,104	\$ 1,895,448
Variable rate mortgage notes payable	28,685	28,865
Mortgage notes payable	\$ 1,986,789	\$ 1,924,313

For 2007 and 2006, mortgage notes payable are collateralized by certain apartment communities. The mortgage notes payable outstanding as of December 31, 2007 mature at various dates from 2008 through 2042, with a weighted average remaining term of six and one-half years. The weighted average interest rate of the Company's fixed rate notes was 5.76% and 5.77% at December 31, 2007 and 2006, respectively. The weighted average interest rate of the Company's variable rate notes was 4.63% and 4.95% at December 31, 2007 and 2006, respectively.

Principal payments on the mortgage notes payable for years subsequent to December 31, 2007 are as follows:

2008	\$ 121,461
2009	69,327
2010	367,173
2011	285,716
2012	182,142
Thereafter	960,970
	\$ 1,986,789

The Company determines the fair value of the mortgage notes payable based on the discounted future cash flows at a discount rate that approximates the Company's current effective borrowing rate for comparable loans. Based on this analysis, the Company has determined that the fair value of the mortgage notes payable approximates \$2,017,469 and \$1,930,555 at December 31, 2007 and 2006, respectively.

At December 31, 2007 and 2006, the consolidated mortgage balance of \$1,986,789 and \$1,924,313, respectively, included mortgage notes payable related to the Company's VIE consolidated in connection with the Company's adoption of FIN 46R, in the amount of \$16,524 and \$16,763, respectively.

Prepayment penalties of \$759, \$8,621 and \$147 were incurred for the years ended December 31, 2007, 2006 and 2005, respectively. For 2007, a prepayment penalty of \$754 was incurred in connection with the sale of a property and is included in discontinued operations. A penalty of \$5 was incurred in connection with the repayment of a mortgage and is included in interest expense. For 2006, the prepayment penalties were incurred in connection with the sale of property and are included in discontinued operations. For 2005, a prepayment penalty was incurred in connection with the repayment of a mortgage and is included in interest expense.

## HOME PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Dollars in thousands, except share and per share data)

## 5 EXCHANGEABLE SENIOR NOTES

In October 2006, the Company issued \$200,000 of exchangeable senior notes under an Indenture Agreement (the "Indenture"), with a coupon rate of 4.125%. The notes are exchangeable into cash equal to the principal amount of the notes and, at the Company's option, cash or common stock for the exchange value, to the extent that the market price of common stock exceeds the initial exchange price of \$73.34 per share, subject to adjustment. The exchange price is adjusted for payments of dividends in excess of the reference dividend per the Indenture of \$0.64 per share. The adjusted exchange price at December 31, 2007 was \$73.25 per share. Upon an exchange of the notes, the Company will settle any amounts up to the principal amount of the notes in cash and the remaining exchange value, if any, will be settled, at the Company's option, in cash, common stock or a combination of both. The notes are not redeemable at the option of the Company for five years, except to preserve the status of the Company as a REIT. Holders of the notes may require the Company to repurchase the notes upon the occurrence of certain designated events. In addition, prior to November 1, 2026, the holders may require the Company to repurchase the notes on November 1, 2011, 2016 and 2021. The notes will mature on November 1, 2026, unless previously redeemed, repurchased or exchanged in accordance with their terms prior to that date.

Noteholders may also require an exchange of the notes subsequent to December 31, 2006 if the closing sale price of common stock exceeds 130% of the exchange price for a certain period of time or if the trading price on the notes be less than 98% of the product of the closing sales price of common stock multiplied by the applicable exchange rate for a certain period of time.

The notes are structurally subordinated to the secured indebtedness of the Company. The Company is not subject to any financial covenants under the Indenture. In addition, the Indenture will not restrict the ability to pay distributions, incur debt or issue or repurchase securities.

## 6 LINE OF CREDIT

As of December 31, 2007, the Company had an unsecured line of credit of \$140,000 with an outstanding balance of \$2,500, which expires September 1, 2008 and can be extended one year upon satisfaction on certain conditions. The Company has had no occurrences of default through December 31, 2007. The line of credit is led by Manufacturers and Traders Trust Company, as Administrative Agent, with three other participants: Citizens Bank of Rhode Island, Chevy Chase Bank, and Comerica Bank. Borrowings under the line of credit bear interest at 0.75% over the one-month LIBOR. The one-month LIBOR was 4.60% at December 31, 2007.

Increases in interest rates will raise the Company's interest expense on any outstanding balances and as a result would affect the Company's results of operations and financial condition. The credit agreement relating to this line of credit requires the Company to maintain certain financial ratios and measurements. The Company was in compliance with these financial covenants for the years ended December 31, 2007 and 2006.

## HOME PROPERTIES, INC.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Dollars in thousands, except share and per share data)

## 7 MINORITY INTEREST

Minority interest in the Company relates to the interest in the Operating Partnership and affordable limited partnership not owned by Home Properties, Inc. Holders of UPREIT Units may redeem a unit for one share of the Company's common stock or cash equal to the fair market value at the time of the redemption, at the option of the Company.

For 2007, 2006 and 2005, the effect of consolidating the affordable limited partnerships (Note 3) in connection with FIN 46R has been reflected in the change in minority interest for the year. The changes in minority interest for the years ended December 31, 2007, 2006 and 2005 are as follows:

	2007	2006	2005
Balance, beginning of year	\$ 282,542	\$ 323,269	\$ 310,775
Net income	23,415	43,327	37,190
Accumulated other comprehensive income (loss)	(35)	(2)	278
Issuance of UPREIT Units associated with property acquisitions	36,290	20,397	55,598
Exchange of UPREIT Units for Common Shares	(10,025)	(71,157)	(4,010)
Adjustment between minority interest and stockholders' equity	(18,589)	2,511	(33,856)
Distributions	(34,537)	(35,779)	(39,279)
Effect of consolidating affordable limited partnerships under FIN 46R	-	(24)	(3,427)
Balance, end of year	\$ 279,061	\$ 282,542	\$ 323,269

## 8 PREFERRED STOCK AND STOCKHOLDERS' EQUITY

## Preferred Stock

On May 26, 2005, all 250,000 shares of the Series D Preferred Shares were converted into 833,333 shares of Common stock. The conversion of the Series D Preferred Shares to Common Shares did not have an effect on the reported results of operations. As of December 31, 2005, there were no Series D Preferred Shares outstanding. In June 2000, the Company privately placed 250,000 of its 8.78% Series D convertible cumulative preferred stock ("Series D Preferred Shares"), \$100 liquidation preference per share. This offering generated net proceeds of approximately \$25,000. The net proceeds were used to fund Company acquisitions and property upgrades. The Series D Preferred Shares were convertible at any time by the holder into Common Shares at a conversion price of \$30.00 per Common Share, equivalent to a conversion ratio of 3.333 Common Shares for each Series D Preferred share (equivalent to 833,333 Common Shares assuming 100% converted) and were non-callable for five years. Each Series D Preferred share received the greater of a quarterly distribution of \$2.195 per share or the dividend paid on a share of common stock on an as-converted basis.

The Series F Preferred Shares were redeemed by the Company on March 26, 2007 at a redemption price of \$25.00 per share, plus accrued and unpaid dividends of \$390. In accordance with the SEC's clarification of EITF Abstracts, Topic No. D-42, The Effect on the Calculation of Earnings per Share for the Redemption or Induced Conversion of Preferred Stock, the initial offering costs of \$1,902 associated with the issuance of the Series F Preferred Shares were written-off in the first quarter of 2007, and are reflected as a reduction of net income available to common stockholders in determining earnings per share for the year ended December 31, 2007. In March 2002, the Company issued 2,400,000 shares of its 9.00% Series F Cumulative Redeemable Preferred Stock ("Series F Preferred Shares"), with a \$25.00 liquidation preference per share. This offering generated net proceeds of approximately \$58,098. Each

Series F Preferred share received an annual dividend equal to 9.00% of the liquidation preference per share (equivalent to a fixed annual amount of \$2.25 per share).

## HOME PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Dollars in thousands, except share and per share data)

## 8 PREFERRED STOCK AND STOCKHOLDERS' EQUITY (Continued)

## Common Stock

In 1997, the Company's Board of Directors approved a stock repurchase program under which the Company may repurchase shares of its outstanding common stock and UPREIT Units ("Company Program"). The shares/units may be repurchased through open market or privately negotiated transactions at the discretion of Company management. The Board's action did not establish a target price or a specific timetable for repurchase. At December 31, 2004 the Company had authorization to repurchase 2,000,000 shares of common stock and UPREIT Units under the Company Program. On each of February 16, 2005, November 4, 2005 and October 27, 2006, the Board of Directors approved 2,000,000-share increases in the stock repurchase program. During 2007, 2006 and 2005 the Company repurchased 1,243,700, 2,613,747 and 2,779,805 additional shares at a cost of \$58,285, \$142,533 and \$111,700, respectively. The Company has authorization to repurchase 1,362,748 shares/units as of December 31, 2007.

## Dividend Reinvestment Plan

The Company has a Dividend Reinvestment Plan (the "DRIP"). The DRIP provides the stockholders of the Company an opportunity to automatically invest their cash dividends in common stock. In addition, eligible participants may make monthly payments or other voluntary cash investments in shares of common stock. The maximum monthly investment without prior Company approval is currently \$10. There is no discount offered on the investment. The Company meets share demand under the DRIP through share repurchases by the transfer agent in the open market on the Company's behalf or new share issuance. From January 1, 2006 through December 26, 2006, the Company met demand through share repurchases by the transfer agent in the open market on the Company's behalf. From December 27, 2006 through September 25, 2007, the Company met demand by issuing new shares. As of September 26, 2007, the Company switched to meeting demand through share repurchases by the transfer agent in the open market on the Company's behalf.

## Dividends

Stockholders are taxed on dividends and must report such dividends as either ordinary income, capital gains, or as return of capital. The Company has declared a \$2.61 distribution per common share (CUSIP 437306103) during its most recent fiscal year and a \$0.725 distribution per Series F preferred share (CUSIP 437306509) for a portion of its most recent fiscal year when the Series F Preferred stock was outstanding. Pursuant to Internal Revenue Code Section 857 (b) (3) (C), for the years ended December 31, 2007, 2006 and 2005, the Company designates the taxable composition of the following cash distributions to holders of common and preferred shares in the amounts set forth in the tables below:

Declaration Dates	Record Dates	Common Payable Dates	Common Distributions Per Share	Distribution Type			Return of Capital	Long-Term Capital Gain	Unrecaptured Sec. 1250 Gain

## 9 STOCK BENEFIT PLAN

## Description of Stock Benefit Plan

The Company's 1994 Stock Benefit Plan (the "1994 Plan") was adopted by the Company at the time of its initial public offering. On February 1, 2000, the Company adopted the 2000 Stock Benefit Plan, which was subsequently amended (the "2000 Plan"). On May 6, 2003, the Company adopted the 2003 Stock Benefit Plan and on May 6, 2005, the shareholders approved the Amended and Restated 2003 Stock Benefit Plan (the "2003 Plan"). No additional options will be issued under the 1994 Plan and the 2000 Plan. Participants in each of the above referenced plans (the "Stock Plans") include officers, non-employee directors, and key employees of the Company. The Stock Plans allow for the grant of options, stock appreciation rights and restricted stock awards. No stock appreciation rights have been granted. The 1994 Plan provided for the issuance of up to 1,596,000 options to officers and employees and 154,000 options to non-employee directors. The 2000 Plan limits the number of shares issuable under the plan to 2,755,000, of which 205,000 were to be available for issuance to the non-employee directors. The 2003 Plan limits the number of shares issuable under the plan to 2,859,475, of which 249,475 are to be available for issuance to the non-employee directors. Under the 1994 Plan, 1,542,381 shares have been granted to employees and 153,654 shares have been granted to non-employee directors. Awards for 2,451,922 shares have been granted to employees and awards for 166,460 shares have been granted to non-employee directors under the 2000 Plan. Under the 2003 Plan and as of December 31, 2007, 2,833,964 awards for shares have been issued to employees and 246,658 awards for shares have been issued to non-employee directors and 162,331 and 2,817 common shares are available for future grant of awards under the 2003 Plan for officers and employees and non-employee directors, respectively. Options granted under the Stock Plans vest 20% for each year of service until 100% vested on the fifth anniversary, except that options issued to certain officers (276,000) and all of the options issued to non-employee directors under the 1994 Plan and 2000 Plan vested immediately upon grant. The exercise price per share for stock options issued under all of the Stock Plans may not be less than 100% of the fair market value of a share of common stock on the date the stock option is granted. Options granted to non-employee directors under the 1994 Plan and the 2000 Plan expire after five years from the date of grant. All other options expire after ten years from the date of grant. Restricted stock awards granted to directors vest 100% on the fifth anniversary of the date of grant. All of the 43,756, 53,066 and 49,500 restricted stock awards granted to employees during 2007, 2006 and 2005 vest 25% on each anniversary of the date of grant for a period of four years. The Company has a policy of issuing new shares upon the exercise of stock options and upon the lapsing of restrictions with respect to restricted stock.

On January 1, 2006, the Company adopted Statement of Financial Accounting Standards No. 123R, Share Based Payments ("SFAS 123R"). The statement is a revision of SFAS No. 123 Accounting for Stock-Based Compensation. SFAS 123R supersedes APB Opinion No. 25 Accounting for Stock Issued to Employees and its related implementation guidance. SFAS 123R requires that entities recognize the cost of employee services received in exchange for awards of equity instruments (i.e., stock options) based on the grant-date fair value of those awards. Prior to January 1, 2006, the Company applied the provisions of SFAS No. 148 Accounting for Stock-Based Compensation – Transition and Disclosure, an Amendment to SFAS No. 123 ("SFAS 148"). Under SFAS 148, the Company recognized compensation cost related to stock option grants, based on the fair value on the date of the grant, over the expected service period of the employee receiving the award.

## HOME PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Dollars in thousands, except share and per share data)

## 9 STOCK BENEFIT PLAN (Continued)

## Stock Options

The Company uses the Black-Scholes formula to estimate the fair value of stock options granted to employees for both SFAS 123R and SFAS 148. SFAS 123R and SFAS 148 require the estimation of forfeitures when recognizing compensation expense and that this estimate of forfeitures be adjusted over the requisite service period should actual forfeitures differ from such estimates. Changes in estimated forfeitures are recognized through a cumulative catch-up adjustment, which is recognized in the period of change and which impacts the amount of unamortized compensation expense to be recognized in future periods. For options granted prior to January 1, 2006, the Company used the nominal vesting period approach. For option grants on or after January 1, 2006, the Company applies the non-substantive vesting period approach which resulted in \$724 of additional compensation costs in the year of adoption for retirement eligible employees and directors than what would have been recognized under SFAS 148. As a result of the adoption of SFAS 123R, the Company began capitalizing stock-based compensation costs as a component of employee compensation that is capitalized as part of self-constructed fixed assets which amounted to \$87 and \$36 for the years ended December 31, 2007 and 2006, respectively. The Company applied the modified prospective application in adopting SFAS 123R.

A summary of stock option activity for the year ended December 31, 2007 is as follows:

	Number of Options	Weighted Average Exercise Price Per Option	Weighted Average Remaining Contractual Term in Years	Aggregate Intrinsic Value
Options outstanding at December 31, 2006	2,348,014	\$ 40.24		
Granted	543,305	55.35		
Exercised	(167,529)	37.56		
Cancelled	(72,268)	46.71		
Options outstanding at December 31, 2007	2,651,522	\$ 43.33	6.9	\$ 4,030
Options exercisable at December 31, 2007	1,198,489	\$ 36.83	5.4	\$ 9,612

The total cash received from the exercise of options was \$6,293, \$25,070 and \$7,029 during the years ended December 31, 2007, 2006 and 2005, respectively. The weighted-average grant-date fair value of options granted during the years 2007, 2006 and 2005 was \$6.79, \$6.69 and \$3.52, respectively. The total intrinsic value of options exercised was \$2,971, \$14,419 and \$2,367 during the years ended December 31, 2007, 2006 and 2005, respectively.

A summary of unvested stock option activity for the year ended December 31, 2007 is as follows:

Number of Options	Weighted Average Exercise Price
----------------------	---------------------------------------

Edgar Filing: HOME PROPERTIES INC - Form 10-K

			Per Option
Unvested stock options at December 31, 2006	1,435,494	\$	43.85
Granted	543,305		55.35
Vested	(453,498)		41.68
Cancelled	(72,268)		46.71
Unvested stock options at December 31, 2007	1,453,033	\$	48.69

Page 87

---

## HOME PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Dollars in thousands, except share and per share data)

## 9 STOCK BENEFIT PLAN (Continued)

## Stock Options (Continued)

As of December 31, 2007, there was \$4,303 of total unrecognized compensation cost related to unvested stock options; that cost is expected to be recognized over a weighted-average period of 2.09 years. The total fair value of options vested during the years ended December 31, 2007, 2006 and 2005 was \$1,687, \$1,279 and \$987, respectively.

The fair value of each option grant was estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted average assumptions for the years ended December 31, 2007, 2006 and 2005 as follows:

Assumption	2007	2006	2005
Expected dividend yields	5.27%	5.26%	6.55%
Expected volatility	19.25%	18.73%	18.76%
Expected lives of the options with a lifetime of ten years	5.7 Years	6.5 Years	7.5 Years
Expected lives of the options with a lifetime of five years	4.6 Years	5.0 Years	5.0 Years
Risk free interest rate	4.59%	5.09%	4.10%

The expected dividend yield was based on the historical dividend growth rates and the historical annual dividends. The expected volatility was based on the historical volatility of the Company's common stock. In 2007 the weighted average expected option lives, for both options with a lifetime of ten and five years, was based on the Company's historical data for prior period stock option exercise and cancellation activity. In 2006, the expected lives of the options was determined by applying the "simplified method" approach (median between the average vesting term and the contractual term) for plain vanilla option grants made during 2006, as prescribed by Staff Accounting Bulletin No. 107, Share-Based Payment ("SAB 107"). Prior to 2006, the median point between the final vesting date and expiration date was used. The risk-free interest rates for the expected life of the options were based on the implied U.S. Treasury yield curve.

In 2007, 2006 and 2005, the Company recognized \$1,938, \$1,793 and \$872, respectively, in stock compensation costs related to its outstanding stock options.

## Restricted Stock

A summary of restricted stock activity for the year ended December 31, 2007 is as follows:

	Number of Shares	Weighted Average Grant Date Fair Value Per Share
Restricted stock outstanding and unvested at December 31, 2006	270,405	\$ 39.94
Granted	52,216	55.70
Vested and issued	(104,167)	38.65
Cancelled	(2,555)	42.96

Restricted stock outstanding and unvested at December 31, 2007	215,899	\$	44.34
--	---------	----	-------

## HOME PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Dollars in thousands, except share and per share data)

## 9 STOCK BENEFIT PLAN (Continued)

## Restricted Stock (Continued)

In 2007, 2006 and 2005, the Company granted a total of 52,216, 62,066 and 57,375 shares of restricted stock to both employees and directors, respectively. The directors' grants included above for 2007, 2006 and 2005 were 8,460, 9,000 and 7,875 shares, respectively. The restricted stock outstanding at December 31, 2007, 2006 and 2005 was 215,899, 270,405 and 277,822 shares, respectively.

Effective January 1, 2006, the Company began recognizing expense for the restricted stock grants based on the expected service period of the grantee. For grant recipients that have met or exceeded the retirement eligible age (59.5 for employees and 75 for directors), the expense is recognized upon grant. For recipients approaching retirement, the expense is recognized ratably over the lesser of the term between the grant date and the expected retirement date or the vesting period. All other restricted stock grants are expensed ratably over the vesting period of 5 and 4 years for director and employee grants, respectively. Prior to 2006, restricted stock grants were expensed ratably over the vesting period of 5 and 4 years for director and employee grants, respectively.

The restricted shares were granted during 2007, 2006 and 2005 at a weighted average price of \$55.70, \$51.00 and \$41.47 per share, respectively. The total fair value of restricted shares vested during 2007, 2006 and 2005 was \$6,032, \$3,562 and \$1,629, respectively. Total compensation cost recorded for 2007, 2006 and 2005 for the restricted share grants was \$2,592, \$2,883 and \$1,660, respectively. As of December 31, 2007, there was \$4,439 of total unrecognized compensation cost related to unvested restricted stock; that cost is expected to be recognized over a weighted-average period of 2.67 years.

## 10 SEGMENT REPORTING

The Company is engaged in the ownership and management of market rate apartment communities. Each apartment community is considered a separate operating segment. Each segment on a stand alone basis is less than 10% of the revenues, profit or loss, and assets of the combined reported operating segments and meets all of the aggregation criteria under SFAS 131. The operating segments are aggregated as Core and Non-core properties.

Non-segment revenue to reconcile to total revenue consists of interest and dividend income and other income. Non-segment assets to reconcile to total assets include cash and cash equivalents, cash in escrows, accounts receivable, prepaid expenses, deferred charges, and other assets.

Core properties consist of all apartment communities owned throughout 2006 and 2007 where comparable operating results are available. Therefore, the Core Properties represent communities owned as of January 1, 2006. Non-core properties consist of apartment communities acquired during 2006 and 2007, such that full year comparable operating results are not available. In addition, the core properties segment does not include assets held for sale as of December 31, 2005.

The Company assesses and measures segment operating results based on a performance measure referred to as net operating income. Net operating income is defined as total revenues less operating and maintenance expenses. The accounting policies of the segments are the same as those described in Notes 1 and 2.

## HOME PROPERTIES, INC.

## 10 SEGMENT REPORTING (Continued)

The revenues and net operating income for each of the reportable segments are summarized as follows for the years ended December 31, 2007, 2006 and 2005.

	2007	2006	2005
<b>Revenues</b>			
<b>Apartments owned</b>			
Core properties	\$ 438,718	\$ 421,669	\$ 384,758
Non-core properties	63,383	13,327	-
Reconciling items	3,087	5,229	2,604
<b>Total revenues</b>	<b>\$ 505,188</b>	<b>\$ 440,225</b>	<b>\$ 387,362</b>
<b>Net operating income</b>			
<b>Apartments owned</b>			
Core properties	\$ 254,980	\$ 242,900	\$ 215,743
Non-core properties	35,995	7,236	-
Reconciling items	3,087	5,229	2,604
<b>Net operating income</b>	<b>294,062</b>	<b>255,365</b>	<b>218,347</b>
<b>General &amp; administrative expenses</b>	<b>(23,413)</b>	<b>(22,626)</b>	<b>(19,652)</b>
<b>Interest expense</b>	<b>(119,383)</b>	<b>(104,735)</b>	<b>(90,079)</b>
<b>Depreciation and amortization</b>	<b>(110,329)</b>	<b>(92,902)</b>	<b>(78,125)</b>
<b>Impairment of assets held as general partner</b>	<b>-</b>	<b>-</b>	<b>(400)</b>
<b>Minority interest in operating partnership</b>	<b>(10,824)</b>	<b>(8,847)</b>	<b>(7,852)</b>
<b>Income from continuing operations</b>	<b>\$ 30,113</b>	<b>\$ 26,255</b>	<b>\$ 22,239</b>

The assets for each of the reportable segments are summarized as follows as of December 31, 2007 and 2006:

Assets	2007	2006
<b>Apartments owned</b>		
Core properties	\$ 2,490,561	\$ 2,495,622
Non-core properties	645,677	506,011
Reconciling items	80,185	238,785
<b>Total assets</b>	<b>\$ 3,216,423</b>	<b>\$ 3,240,418</b>

## 11 DERIVATIVE FINANCIAL INSTRUMENTS

At December 31, 2007, the Company had no outstanding interest rate swap agreements; however, during 2007 the Company had four interest rate swaps that effectively converted variable rate debt to fixed rate debt. The notional amount amortized in conjunction with the principal payments of the hedged items. The terms were as follows:

Original Notional Amount	Fixed Interest Rate	Variable Interest Rate	Scheduled Maturity Date
\$ 16,384,396		5.35% LIBOR + 1.50%	June 25, 2007

Edgar Filing: HOME PROPERTIES INC - Form 10-K

10,000,000	5.39% LIBOR + 1.50%	June 25, 2007
3,000,000	8.22% LIBOR + 1.40%	June 25, 2007
4,625,000	8.40% LIBOR + 1.40%	June 25, 2007

## HOME PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Dollars in thousands, except share and per share data)

## 11 DERIVATIVE FINANCIAL INSTRUMENTS (Continued)

On May 29, 2007, these interest rate swaps were terminated and the Company received a termination fee of \$27. The accumulated other comprehensive income of \$84 was reclassified into earnings. The related variable rate debt was repaid on June 13, 2007. For the entire term of these interest rate swap agreements, as the critical terms of the interest rate swaps and the hedged items were the same, no ineffectiveness was recorded in the consolidated statements of operations. All components of the interest rate swaps were included in the assessment of hedge effectiveness.

The Company has entered into interest rate swaps to minimize significant unplanned fluctuations in earnings that are caused by interest rate volatility. The Company does not utilize these arrangements for trading or speculative purposes. The principal risk to the Company through its interest rate hedging strategy is the potential inability of the financial institutions from which the interest rate protection was purchased to cover all of their obligations. To mitigate this exposure, the Company purchases its interest rate swaps from either the institution that holds the debt or from institutions with a minimum A- credit rating.

All derivatives, which have historically been limited to interest rates swaps designated as cash flow hedges, are recognized on the balance sheet at their fair value in accordance with SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities ("SFAS 133"). On the date that the Company enters into an interest rate swap, it designates the derivative as a hedge of the variability of cash flows that are to be received or paid in connection with a recognized liability. To the extent effective, subsequent changes in the fair value of a derivative designated as a cash flow hedge are recorded in other comprehensive income, until earnings are affected by the variability of cash flows of the hedged transaction. Any hedge ineffectiveness will be reported in interest expense in the consolidated statement of operations. The fair value of the interest rate swaps is based upon the estimate of amounts the Company would receive or pay to terminate the contract at the reporting date and is estimated using interest rate market pricing models.

The Company formally documents all relationships between hedging instruments and hedged items, as well as its risk-management objective and strategy for undertaking various hedge transactions. The Company formally assesses (both at the hedge's inception and on an ongoing basis) whether the derivatives that are used in hedging transactions have been highly effective in offsetting changes in the cash flows of the hedged items and whether those derivatives may be expected to remain highly effective in future periods. Should it be determined that a derivative is not (or has ceased to be) highly effective as a hedge, the Company will discontinue hedge accounting prospectively.

## 12 TRANSACTIONS WITH AFFILIATES

The Company and the HPRS recognized management and development fee revenue, interest income and other miscellaneous income from affiliated entities of \$24, \$59 and \$230 for the years ended December 31, 2007, 2006 and 2005, respectively.

On January 1, 2004, the Company sold certain assets of its commercial property management division to Home Leasing, LLC, which was owned by Nelson and Norman Leenhouts and is now owned by Nelson Leenhouts. This division managed approximately 2.2 million square feet of gross leasable area, as well as certain planned communities. Subsequently, some of the assets were sold to Broadstone Real Estate LLC ("Broadstone"), which is owned in part by Norman Leenhouts, Amy L. Tait and Mrs. Tait's spouse. The initial amount received was \$82. In addition to the initial amount, the Company was entitled to receive a percentage of the management fee

received by Broadstone in connection with the management of one of the commercial properties for a period not to exceed 36 months. The expected monthly fee as outlined in the contract was approximately \$4.6 or \$55 per year and was adjusted to \$3.4, or \$40 per year after the first year. Broadstone continued to manage the property for three years, and accordingly, the Company received a total additional deferred purchase price of \$139, of which \$44 has been received for the year ended December 31, 2006. The cumulative gain recognized on the sale of these assets through December 31, 2006 amounted to \$108.

## HOME PROPERTIES, INC.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Dollars in thousands, except share and per share data)

## 12 TRANSACTIONS WITH AFFILIATES (Continued)

The Company leases its corporate office space from an affiliate. The lease requires an annual base rent of \$895 for the years ended 2006 through 2009. The lease also requires the Company to pay a pro rata portion of property improvements, real estate taxes and common area maintenance. Rental expense was \$1,711, \$1,699 and \$1,693 for the years ended December 31, 2007, 2006 and 2005 respectively.

## 13 COMMITMENTS AND CONTINGENCIES

## Property Lease

On December 1, 2004, the Company entered in to a lease agreement with a third party owner to manage the operations of one of their communities with 1,387 apartment units. The lease had a term of five years, but after two years (from the 24th month to the 36th month), the owner could require the Company to buy the property. From the 36th month to the end of the lease term, the Company had the right to require the owner to sell the property to the Company. The agreement required an initial deposit of \$5,000, a deposit in 2005 of \$1,230, with an additional \$2,081 deposit requirement during 2006, representing capital improvements paid by the owner. The net operating income of the property (as defined in the lease agreement) was remitted back to the owner as rent on a monthly basis. In exchange for services, the Company was entitled to receive monthly; a management fee equal to 5% of collected income, as defined in the lease, an incentive fee of \$25, and interest payments equal to 3% annual interest on the outstanding deposit. On December 27, 2006, the Company closed on the acquisition of the property. The acquisition price of the property was \$144,768. Including interest, the total income recognized by the Company amounted to \$1,451 and \$1,278, for the years ended December 31, 2006 and 2005, respectively.

## Ground Lease

The Company had a non-cancelable operating ground lease for one of its properties. Effective December 2006, the ground lease was sold to an unrelated party. The lease had an expiration date of May 1, 2020, with options to extend the term of the lease for two successive terms of twenty-five years each. The lease provided for contingent rental payments based on certain variable factors. The lease also required the Company to pay real estate taxes, insurance and certain other operating expenses applicable to the leased property. Ground lease expense was \$194 and \$210, including contingent rents of \$130 and \$140, for the years ended December 31, 2006 and 2005, respectively.

## 401(k) Savings Plan

The Company sponsors a contributory savings plan. Under the plan, the Company will match 75% of the first 4% of participant contributions. The matching expense under this plan was \$794, \$832 and \$802 for the years ended December 31, 2007, 2006 and 2005, respectively.

## Incentive Compensation Plan

The Incentive Compensation Plan provides that eligible officers and key employees may earn a cash bonus based upon two performance measures: the percentage of growth in the Company's funds from operations ("FFO") on a per share/unit diluted basis from the previous year and the percentage of growth in same store net operating income from

the previous year as compared to industry peers. The bonus expense charged to operations was \$4,341, \$4,983 and \$2,582 for the years ended December 31, 2007, 2006 and 2005, respectively.

HOME PROPERTIES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Dollars in thousands, except share and per share data)

13 COMMITMENTS AND CONTINGENCIES (Continued)

Contingencies

In connection with various UPREIT transactions, the Company has agreed to maintain certain levels of nonrecourse debt for a period of 5 to 10 years associated with the contributed properties acquired. In addition, the Company is restricted in its ability to sell certain contributed properties (53% of the owned portfolio) for a period of 7 to 15 years except through a tax deferred Internal Revenue Code Section 1031 like-kind exchange. The remaining terms on the sale restrictions range from 1 to 8 years.

Debt Covenants

The line of credit loan agreement contains restrictions which, among other things, require maintenance of certain financial ratios (Note 6).

In connection with the issuance of the Series F Preferred Stock, the Company was required to maintain for each fiscal quarterly period a fixed charge coverage ratio, as defined in the Series F Cumulative Redeemable Preferred Stock Article Supplementary, of 1.75 to 1.0. The Company was in compliance with the fixed charge coverage ratio for each quarterly period. The Series F Preferred Shares were redeemed by the Company on March 26, 2007.

Guarantees

As of December 31, 2007, the Company, through its general partnership interest in an affordable property limited partnership, has guaranteed certain low income housing tax credits to limited partners totaling approximately \$3,000. As of December 31, 2007, there were no known conditions that would make such payments necessary relating to these guarantees. In addition, the Company, acting as general partner in this partnership, is obligated to advance funds to meet partnership operating deficits.

Executive Retention Plan

Effective February 2, 1999, the Executive Retention Plan provides for severance benefits and other compensation to be received by certain employees in the event of a change in control of the Company and a subsequent termination of their employment without cause or voluntarily with good cause.

(1) Properties fee-managed by the Company prior to acquisition.

During 2006, the Company completed construction and placed into service a 120 unit apartment community located in Portland, ME (Liberty Commons) at a total cost of \$14,598.

During 2006, the Company completed construction and placed into service 84 units of the expected 216 unit apartment community located in Allentown, PA (Trexler Park West). During 2007, the Company completed construction and placed into service an additional 84 units. The total cost through December 2007 for these 168 units placed in service was \$21,062. The remaining 48 units are expected to be completed and placed in service in the third quarter of 2008.

During 2007, the Company started construction on a project in Silver Spring, Maryland, a 14-story high rise with 247 apartment units and 10,600 square feet of retail space that is expected to be completed in the fourth quarter of 2009 at a total cost of \$74,000. The costs associated with construction in progress for this development were \$17,468 as of December 31, 2007.

During 2007, the Company entered the pre-construction phase for a project located in Fairfax County, Virginia, consisting of four, four-story buildings with 421 units. Construction is expected to begin in 2008 with completion in 2011 at a total cost of \$123,000. The costs associated with construction in progress for this development were \$36,263 as of December 31, 2007.

## 15 DISCONTINUED OPERATIONS

The Company reports its property dispositions as discontinued operations as prescribed by the provisions of SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets (“SFAS 144”). Pursuant to the definition of a component of an entity in SFAS 144, assuming no significant continuing involvement by the former owner after the sale, the sale of an apartment community is considered a discontinued operation. In addition, apartment communities classified as held for sale are also considered a discontinued operation. The Company generally considers assets to be held for sale when all significant contingencies surrounding the closing have been resolved, which often corresponds with the actual closing date.

Included in discontinued operations for the three years ended December 31, 2007 are the operating results, net of minority interest, of 48 apartment community dispositions (5 sold in 2007, 39 sold in 2006 and 4 sold in 2005). In addition, discontinued operations for the year ended December 31, 2005 includes the operating results of four VIEs sold during 2005. For purposes of the discontinued operations presentation, the Company only includes interest expense associated with specific mortgage indebtedness of the properties that are considered discontinued operations.

A summary of community dispositions is as follows:

Year	Number of Disposed Communities	Number of Disposed Units	Number of Transactions	Total Sales Price	Sales Price Per Unit	Total Gain On Sale (before minority interest)
2007	5	1,084	5	\$ 129,500	\$ 119	\$ 42,126
2006	39	9,705	3	495,300	51	110,514
2005	4	816	3	142,600	175	73,022

The operating results of discontinued operations are summarized as follows for the years ended December 31, 2007, 2006 and 2005:

	2007	2006	2005
<b>Revenues:</b>			
Rental income	\$ 9,142	\$ 69,011	\$ 104,552
Property other income	621	7,396	8,049

## 17 QUARTERLY FINANCIAL STATEMENT INFORMATION (UNAUDITED)

Quarterly financial information for the years ended December 31, 2007 and 2006 are as follows:

	2007			
	First	Second	Third	Fourth
Total revenue	\$ 125,075	\$ 126,429	\$ 125,719	\$ 127,965
Net income available to common shareholders	5,078	8,702	28,615	15,957
Basic earnings per share data:				
Net income available to common shareholders	0.15	0.26	0.86	0.49
Diluted earnings per share data:				
Net income available to common shareholders	0.15	0.26	0.84	0.48
	2006			
	First	Second	Third	Fourth
Total revenue	\$ 105,392	\$ 107,732	\$ 111,821	\$ 115,280
Net income available to common shareholders	4,138	11,003	10,361	79,583
Basic earnings per share data:				
Net income available to common shareholders	0.13	0.33	0.31	2.39
Diluted earnings per share data:				
Net income available to common shareholders	0.13	0.33	0.30	2.33

The sum of the quarterly earnings per common share amounts may not equal the annual earnings per common share amounts due primarily to changes in the number of common shares outstanding quarter to quarter. The quarterly reports for the years ended December 31, 2007 and 2006 have been reclassified to reflect discontinued operations in accordance with SFAS 144.

## 18 SUBSEQUENT EVENTS

On January 31, 2008, the Company sold Carriage Hill Apartments, with a total of 140 units, located in Hudson Valley, New York for \$15,085. A gain on sale of approximately \$8,800 (before the allocation of minority interest) will be recorded in the first quarter 2008 related to this sale.

On February 1, 2008, the Company sold five apartment communities, with a total of 363 units, located in Long Island, New York for \$42,017. A gain on sale of approximately \$16,600 (before the allocation of minority interest) will be recorded in the first quarter 2008 related to this sale.

On February 11, 2008, the Board of Directors declared a dividend of \$0.66 per share for the quarter ended December 31, 2007. This is the equivalent of an annual distribution of \$2.64 per share. The dividend is payable February 29, 2008 to shareholders of record on February 22, 2008.

On February 21, 2008, the Company sold Mill Company Gardens, with a total of 95 units, located in Portland, Maine for \$7,386. A gain on sale of approximately \$3,700 (before the allocation of minority interest) will be recorded in the first quarter 2008 related to this sale.

CERTIFICATION OF CHIEF EXECUTIVE OFFICER  
PURSUANT TO RULE 13a-14 PROMULGATED BY  
THE SECURITIES AND EXCHANGE COMMISSION  
(Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002)

I, Edward J. Pettinella, certify that:

1. I have reviewed this annual report on Form 10-K of Home Properties, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations, and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f) for the registrant and have:
  - (a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
  - (a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION OF CHIEF FINANCIAL OFFICER  
PURSUANT TO RULE 13a-14 PROMULGATED BY  
THE SECURITIES AND EXCHANGE COMMISSION  
(Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002)

I, David P. Gardner, certify that:

1. I have reviewed this annual report on Form 10-K of Home Properties, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations, and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f) for the registrant and have:
  - (a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
  - (a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
