PROXY STATEMENT

ABOUT THE MEETING

Why am I receiving this Proxy Statement?

This Proxy Statement contains information related to the solicitation of proxies for use at our 2001 annual meeting of stockholders, to be held on Thursday, May 3, 2001, at 9:30 a.m., Eastern Daylight Savings Time, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This solicitation is made on behalf of our Board of Directors. "We," "our," "us" and "CarrAmerica" refer to CarrAmerica Realty Corporation and its subsidiaries and affiliates. This Proxy Statement, the enclosed form of proxy and the 2000 Annual Report to Stockholders are being mailed to stockholders beginning on or about April 2, 2001.

Who is entitled to vote at the annual meeting?

Only holders of record of our common stock at the close of business on

Edgar Filing: CARRAMERICA REALTY CORP - Form DEF 14A

March 8, 2001 are entitled to receive notice of the annual meeting and to vote the shares of common stock held by them on that date at the meeting. Our common stock constitutes the only class of securities entitled to vote at the meeting.

What are the voting rights of stockholders?

Each share of common stock entitles its holder to cast one vote on each matter on which a vote may be taken.

What will constitute a quorum at the annual meeting?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock outstanding on March 8, 2001 will constitute a quorum, permitting the stockholders to conduct business at the meeting. We will include abstentions and broker non-votes (i.e., shares held by a broker or nominee which are represented at the meeting, but with respect to which the broker or nominee is not voting on a particular proposal) in the calculation of the number of shares considered to be present at the meeting.

At the close of business on March 8, 2001, there were 65,294,227 shares of our common stock outstanding.

How do I vote?

You may vote either by filling out and returning the accompanying proxy card or by filling out a written ballot at the annual meeting.

How are proxy card votes counted?

If the accompanying proxy card is properly signed and returned to us (and not revoked), it will be voted as directed by you. Unless contrary instructions are given, the persons designated as proxy holders on the proxy card will vote FOR the election of all nominees for our Board of Directors named herein, AGAINST instatement of the election of directors annually and as recommended by our Board of Directors with regard to any other matters, or, if no such recommendation is given, in their own discretion.

May I change my vote after I return my proxy card?

Yes. You may revoke a previously granted proxy at any time before it is exercised by filing with our Corporate Secretary a notice of revocation or a duly executed proxy bearing a later date. Additionally, the powers of the proxy holders will be suspended regarding any person who executed a proxy but then attends the meeting in person and so requests. Attendance at the meeting will not, in itself, constitute revocation of a previously granted proxy.

Committees of the Board of Directors; Meetings

Among the committees of our Board of Directors are a standing Audit Committee, Executive Compensation Committee, Nominating Committee, Executive Committee and Investment Committee. Additionally, during 2000 our Ad Hoc Compensation Committee, which previously had been established by our Board of Directors, was reconvened. The functions performed by these committees are described below.

Audit Committee. Our Board's Audit Committee makes recommendations concerning the engagement of independent public accountants, reviews with the independent public accountants the plans and results of the audit engagement, approves professional services provided by the independent public accountants, reviews the independence of the independent public accountants, considers the range of audit and non-audit fees of the independent public accountants, and reviews the adequacy of our internal accounting controls. The Audit Committee met five times in 2000. All of the members of the Audit Committee are independent of CarrAmerica (as defined in Sections 303.01(B)(2)(a) and (3) of the New York Stock Exchange's listing standards). Our Board of Directors has adopted a written charter for the Audit Committee, a copy of which is attached hereto as Appendix A.

Executive Compensation Committee and Ad Hoc Compensation Committee. Our Board's Executive Compensation Committee is comprised entirely of non-employee directors, and is responsible for implementing and/or recommending to the Board of Directors compensation policies applicable to our executive officers and for monitoring compliance with such policies. The Committee determines the Chief Executive Officer's compensation and approves compensation recommendations for our other executive officers upon the recommendation of the Chief Executive Officer. It also administers our employee stock option plan. The Ad Hoc Compensation Committee was a committee comprised solely of directors who qualified as "outside directors" under Section 162(m) of the Internal Revenue Code. We established the Ad Hoc Compensation Committee to consider and make grants of options that otherwise would be subject to a limitation on deductibility under the Internal Revenue Code. The Executive Compensation Committee met three times in 2000. The Ad Hoc Compensation Committee met one time in 2000.

Nominating Committee. Our Board's Nominating Committee was established to consider and make recommendations to the Board of Directors regarding nominees for election as members of the Board of Directors. In addition, the Nominating Committee has the authority to review and approve compensation, benefits and other forms of remuneration for non-employee directors. The Nominating Committee is willing to consider nominees recommended by stockholders. Stockholders who wish to suggest qualified candidates must comply with the advance notice provisions and other requirements of Section 3.11 of our by-laws. The Nominating Committee did not meet in 2000.

Edgar Filing: CARRAMERICA REALTY CORP - Form DEF 14A

Executive Committee. Our Board's Executive Committee may exercise the full authority of our Board of Directors, except that the Executive Committee may not amend our charter or by-laws, adopt a plan of merger or consolidation, recommend to stockholders the sale or lease of all or substantially all of our assets, elect any of our directors, elect or remove any of our officers or establish compensation for any of our executive officers. The Executive Committee did not meet in 2000.

Investment Committee. Our Board's Investment Committee has the authority to approve and authorize expenditures, agreements and other actions relating to the acquisition and/or disposition of assets by us, the incurrence of indebtedness by us or other encumbrances on our assets or other matters treated as capital items and involving less than \$100 million for any single transaction or series of related transactions, so long as such matters are consistent with our annual budget (as to amount and type of transaction). The Investment Committee met four times in 2000.

Our Board of Directors held seven meetings during 2000. None of our directors attended fewer than 75% of the aggregate number of meetings of the Board of Directors held during the period he or she served on our Board and the number of meetings of committees of the Board of Directors on which he or she served during the period of service in 2000.

Compensation of Directors

We pay an annual retainer of \$20,000 to directors who are not our employees. We also pay each such non-employee director a fee (plus out-of-pocket expenses) for attendance (in person or by telephone) at each meeting of our Board of Directors and for each committee meeting held on a non-Board meeting day. Our Board of Directors meeting fee is \$1,000 and the committee meeting fee is \$500. In addition, the chairman of each committee receives an additional annual fee of \$1,000.

We also compensate our directors through our 1997 Stock Option and Incentive Plan (the "1997 Plan"). Each non-employee director receives options to purchase 3,000 shares of our common stock upon such non-employee director's initial election to our Board. In addition, each continuing non-employee director receives a grant of options to purchase 7,500 shares of our common stock immediately following the election of directors at each annual meeting of our stockholders. Both employee directors and non-employee directors are eligible to receive other grants under the 1997 Plan, which grants are provided at the discretion of our Executive Compensation Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission and the New York Stock Exchange. Such executive officers, directors and greater than ten percent stockholders are required by the SEC to furnish us with copies of all Forms 3, 4 and 5 they file.

Based on our review of the copies of such forms we have received and on written representations from certain reporting persons that they were not required to file a Form 5 for the fiscal year, we believe that our executive officers, directors and greater than ten percent stockholders complied with the Section 16(a) filing requirements applicable to them with respect to transactions during 2000, with the exception that one late filing was made in 2000 by Mr. Oliver Carr regarding shares of our common stock purchased in February 2000.

Vote Required and Recommendation

When a quorum is present, the affirmative vote of a majority of the votes present at the annual meeting will be required for the election of directors. A properly executed proxy marked "Withhold Authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Accordingly, abstentions or broker non-votes as to the election of directors will have the effect of a vote against the election of the candidates.

Our Board of Directors recommends a vote FOR the candidates named in this Proxy Statement as directors to hold office until the expiration of the terms for which they have been nominated and until their successors are elected and qualified. Should any one or more of these nominees become unable to serve for any reason before the annual meeting, our Board of Directors may designate a substitute nominee or nominees, in which event the persons designated as proxy holders on the enclosed proxy will vote for the election of such substitute nominee or nominees, or may reduce the number of members of our Board of Directors.

STOCKHOLDER PROPOSAL RELATING TO
INSTATEMENT OF THE ELECTION
OF DIRECTORS ANNUALLY
(Proposal 2)

Mrs. Evelyn Y. Davis, 2600 Virginia Ave., N.W., Suite 215, Washington, DC 20037, holding 200 shares of our common stock, has given notice of her intention to propose the following resolution at the 2001 Annual Meeting of Stockholders:

"RESOLVED: "That the stockholders of CarrAmericaRealty [sic] recommend that the Board of Directors take the necessary steps to instate the election of directors ANNUALLY, instead of the stagger system which was recently adopted."

Mrs. Davis submitted to us the following statement in support of the resolution:

"The great majority of New York Stock Exchange listed corporations elect all their directors each year.

This insures that ALL directors will be more accountable to ALL shareholders each year and to a certain extent prevents the self-perpetuation of the Board.

Last year the owners of 15,292,274 shares, representing approximately 26.1% of shares voting, voted FOR this proposal.

If you AGREE, please mark your proxy FOR this resolution."

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE "AGAINST" PROPOSAL 2.

Our current system of electing directors to staggered three-year terms has been in place since we completed the initial public offering of our common stock in February 1993. Under this method, currently one-third of our directors are

Edgar Filing: CARRAMERICA REALTY CORP - Form DEF 14A

elected annually by our stockholders, dividing our Board of Directors into three equal classes.

Our Board of Directors believes that this board classification provides us and our stockholders with significant continuity and stability, factors which are of vital importance to our business. At all times, we benefit from having at least two-thirds of our Board of Directors experienced with our long-term business strategy and operations. This enables our Board of Directors to build on past experience and plan for a reasonable time into the future. Board classification provides an effective balance between the need for continuity and experience on the Board and the need for revalidation of the stockholder mandate through the election process.

Our Board believes that directors elected to a classified Board are no less accountable to stockholders than they would be if elected annually. Our directors are continually accountable to stockholders by virtue of state law fiduciary duties and their ongoing legal obligations to serve the best interests of all stockholders. Accountability is not affected by the length of a director's term.

In addition, the classified Board is intended to encourage persons who may seek to acquire control of us to initiate such action through negotiations with our Board. At least two meetings of our stockholders would generally be required to replace a majority of our Board. Board classification reduces the risk to us and our stockholders of the uncertainty and instability resulting from a

8

precipitous change in the majority control of our Board. By reducing the threat of an abrupt change in the composition of the entire Board, classification of directors would give our Board sufficient time to review any takeover proposal, study appropriate alternatives and achieve the best results for all of our stockholders. Our Board believes that although a classified board enhances the ability to negotiate favorable terms with a proponent of an unfriendly or unsolicited proposal, it does not necessarily discourage takeover offers.

Adoption of this proposal would not in itself eliminate the classified Board. The proposal simply recommends that our Board of Directors take steps to instate the election of directors annually. Further action by our stockholders would be necessary to amend our by-laws with a vote of a majority of the votes cast at a meeting of our stockholders at which a quorum is present.

Finally, our Board notes that similar proposals regarding declassification of our Board of Directors were not approved by our stockholders at our 1996 and 2000 annual meetings.

Our Board believes that a classified Board is in our best interests as well as the best interests of our stockholders, and that you should oppose efforts to eliminate it.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE "AGAINST" PROPOSAL 2.

The following table provides information on options granted to the Named Executive Officers during our last fiscal year. All such options are exercisable at the fair market value of a share of our common stock on the date of grant. The options have no value unless our stock price appreciates and the holder satisfies all applicable vesting requirements. All the options granted to the Named Executive Officers and to our other executive officers during 2000 vest 25% per year over four years. Options we granted to other employees during 2000 also vest 25% per year over four years.

Employment Contracts

Change-in-Control Arrangements. We have entered into change-in-control agreements with each of Thomas A. Carr, Philip L. Hawkins, Richard F. Katchuk and Karen B. Dorigan. These agreements generally provide that if within three years from the date of a "change in control" (as defined below), the employment of the executive with CarrAmerica is terminated without cause, or in the event that the executive terminates his or her employment with us based on a change in or diminishment of his or her responsibilities or a reduction in salary, such executive will be entitled to severance pay, including an amount equal to two times the executive's base annual salary and bonus compensation with us. Additionally, the executive will be eligible for certain continued benefits from us during the ensuing two-year period. Each of the agreements with Messrs. Carr, Hawkins and Katchuk initially is in effect until May 6, 2002, and thereafter may be extended automatically for additional one-year periods. The agreement with Ms. Dorigan initially is in effect until February 6, 2004, and thereafter may be extended automatically for additional one-year periods.

For purposes of each of these agreements, a "change in control" generally means any of the following events: (i) the consummation of a reorganization, merger or consolidation involving CarrAmerica, unless all or substantially all of the individuals or entities who were the beneficial owners of our voting securities continue to own at least 60% of the outstanding voting securities of the surviving entity in substantially the same proportions; (ii) individuals who currently constitute our Board of Directors (including individuals who subsequently become directors whose nomination or election was approved by at least a majority of the directors constituting our Board of Directors as of the respective dates of the agreements) cease for any reason to constitute a majority of our Board of Directors; (iii) the approval by our stockholders of a reorganization, merger or consolidation in which we are not the surviving entity; or (iv) the approval by our stockholders of our complete liquidation or dissolution or the sale or other disposition of more than 50% of our operating assets.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE AND AD HOC COMPENSATION COMMITTEE

Our Board's Executive Compensation Committee and Ad Hoc Compensation Committee present this report on our compensation policies as they affected the compensation reported above for our executive officers for fiscal year 2000. In performing their responsibilities, these committees had the benefit of reports prepared by our outside compensation consultant. The outside consultant provided information and advice on competitive compensation policies and practices and on the reasonableness of the compensation paid to our executives.

Executive Compensation Philosophy

CarrAmerica's executive officer compensation policies incorporate a variety of objectives. Executive officers are rewarded commensurate with CarrAmerica's performance, providing competitive compensation opportunities that recognize individual performance and responsibility that assists us in attracting and retaining a highly motivated, performance-oriented executive management team. We believe that the use of such objectives to determine compensation for our executive officers serves as an important part of the foundation for enhancement of our stockholders' value. We implemented our executive officer compensation policies for 2000 with a compensation program based on the total direct compensation package of each executive officer. We evaluated each officer's package as a whole and in terms of two components: an annual component, which includes base salary and a cash bonus opportunity; and a long-term incentive component.

In assessing the competitiveness of CarrAmerica's executive officer compensation, the Executive Compensation Committee periodically reviews materials brought to its attention by our outside compensation consultant. During a recent review, the consultant reported on the compensation practices of 20 comparable publicly-traded office REITs with median market capitalizations of approximately \$2.1 billion and of 30 other large publicly-traded non-REIT organizations with median market capitalizations of approximately \$1.5 billion. Our current capitalization is approximately \$2.0 billion. The REITs whose compensation practices were reviewed constitute only a portion of the REITs included in the NAREIT Equity Index, which is used in the Performance Graph above to compare stockholder returns. The Executive Compensation Committee believes that in competing for executive talent competitors are not necessarily

Edgar Filing: CARRAMERICA REALTY CORP - Form DEF 14A

companies included in the NAREIT Equity Index, most of which have smaller capitalizations than ours.

Annual Component

Base Salaries. We established base salary ranges for our executive officers for fiscal year 2000 after a review of base salaries by the Executive Compensation Committee, taking into consideration information previously provided by our outside compensation consultant. The principal elements that entered into our determination to set base salaries to the levels reported for 2000 were the competitiveness of our base salaries compared to those paid by other large office REITs and other comparable for-profit corporations outside the real estate area, the roles and responsibilities of the individual, the contributions of the individual to our business, the requirements of the individual's job and the individual's prior experience and accomplishments.

Cash Bonuses. We use annual cash bonuses as a primary method of rewarding executive officers commensurate with the Company's performance and individual performance. Early in fiscal year 2000, we established a target bonus amount for each executive officer equal to a percentage of the executive officer's base salary, after review of the proposed targets by the Executive Compensation Committee. The target bonus amounts for the Named Executive Officers were equal to 50% to 100% of their base salaries. Payment of the target bonus amounts was to be based primarily on three factors, contingent upon the adequacy of our cash and capital resources: (i) our attainment of a specific target in terms of funds from

14

operations (FFO) per share; (ii) each officer's achievement of individualized quantitative financial and operational goals related to the activities he or she managed; and (iii) a qualitative component at our management's discretion. We retain the discretion to increase or decrease annual bonuses in any given year above or below target amounts to take into account extraordinary performance or events.

Long-Term Incentive Component

We use two forms of long-term incentive compensation - stock options and restricted stock units - as methods of aligning the financial interests of executive officers more closely with those of CarrAmerica's stockholders. The Executive Compensation Committee believes that recognizing executive officer retention as an important component will maintain and improve our performance. In particular, we increased long-term incentive compensation to make executive compensation more competitive with levels at companies competing with us for executive talent. In general, we attempted to set total direct compensation for our executive officers competitive with those for executive officers of peer group REITs and peer group public companies based on capitalization.

Upon the Executive Compensation Committee's recommendation, our Board of Directors concluded that our long-term incentive opportunities for executive officers should be assessed on an annual basis. A compensation mix weighted more heavily towards long-term incentive compensation better aligns the interests of our executive officers at levels with those of our stockholders, because long-term incentive compensation is more closely linked to long-term performance and stock price.

Stock Options. We include grants of stock options among the long-term incentives afforded to our executive officers. We believe that the interests of stockholders are best served by giving key employees the opportunity to participate in the appreciation of our common stock. To encourage our employees

Edgar Filing: CARRAMERICA REALTY CORP - Form DEF 14A

to seek long-term appreciation in the value of our common stock, stock options vest over a specified period of time. Accordingly, an employee generally must remain with CarrAmerica for a period of years to enjoy the full economic benefit of a stock option.

Restricted Stock Units. Since 1998, we have made grants of restricted stock units to our executive officers as another form of long-term incentive compensation. Our outside consultant had reported that it had detected a trend in our REIT peer group towards granting restricted stock or restricted stock units. The Executive Compensation Committee believes that these restricted stock unit grants bring our overall long-term incentive compensation payable to our executive officers more in line with the compensation arrangements that have been implemented by our competitors for executive talent.

Chief Executive Officer Compensation

The Executive Compensation Committee has determined that the compensation reported for our Chief Executive Officer for 2000 was substantially in conformity with the policies described above for all of our other executive officers. The Committee, however, provided that a greater percentage of the CEO's total compensation would be payable through annual bonus and other incentive compensation, rather than through base salary. The Committee granted the CEO a bonus equal to approximately 130% of his base salary after the end of the year based on his exceptional performance, as demonstrated by us exceeding our target FFO, the effective implementation of our strategic plan, the continued development of our management team and the successful implementation of our capital and business plans during 2000.

Deductibility of Executive Officer Compensation

Section 162(m) of the Internal Revenue Code denies a deduction for compensation in excess of \$1 million paid to certain executive officers, unless certain performance, disclosure, and

15

stockholder approval requirements are met. Our stock option grants to our executive officers in 2000 are intended to qualify as "performance-based" compensation not subject to the Section 162(m) deduction limitation. Our restricted stock unit grants in 2000 are subject to the \$1 million deduction limitation because they vest over time and are not considered "performance-based" within the meaning of Section 162(m). The Executive Compensation Committee believes that a substantial portion of the compensation awarded to our executive officers as annual cash bonuses would be exempted from the \$1 million deduction limitation. The Committee's present intention is to qualify, to the extent reasonable, a substantial portion of each executive officer's compensation for deductibility under applicable tax laws.

Report of the Audit Committee

The Audit Committee has reviewed and discussed the audited consolidated financial statements of CarrAmerica for fiscal year 2000 with CarrAmerica's management, and also has discussed with KPMG LLP, CarrAmerica's independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61. The Audit Committee has received both the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1, and has discussed with KPMG LLP the independence of KPMG LLP from CarrAmerica. In addition, the Audit Committee has considered whether the provision of services by KPMG LLP falling under the heading "All Other Fees" (see "Independent Auditors" below) is compatible with maintaining the independence of KPMG LLP from CarrAmerica (services falling under the heading "Financial Systems Design and Implementation Fees" being inapplicable, as there were no such services provided by KPMG LLP for the last fiscal year).

Based on the foregoing, the Audit Committee recommended to CarrAmerica's Board of Directors that CarrAmerica's audited consolidated financial statements for fiscal year 2000 be included in CarrAmerica's Annual Report on Form 10-K for the year ended December 31, 2000.
