PROSPECTUS SUPPLEMENT SUMMARY

The following summary highlights information contained elsewhere or incorporated by reference in this prospectus supplement and the accompanying prospectus. It may not contain all of the information that is important to you. Before making a decision to invest in our Series D Preferred Stock, you should read carefully this entire prospectus supplement and the accompanying prospectus, including the risks set forth under the caption "Risk Factors" in this prospectus supplement, the accompanying prospectus and our Annual Report on Form 10-K for the fiscal year ended December 31, 2011, which are incorporated by reference in this prospectus supplement and the accompanying prospectus. This summary is qualified in its entirety by the more detailed information and financial statements, including the notes thereto, appearing elsewhere or incorporated by reference in this prospectus supplement and the accompanying prospectus. All references to we, our and us in this prospectus supplement mean Annaly Capital Management, Inc. and all entities owned by us except where it is made clear that the term means only the parent company. The term you refers to a prospective investor. The following defines certain of the commonly used terms in this prospectus supplement: Agency refers to a federally chartered corporation, such as Fannie Mae or Freddie Mac, or an agency of the U.S. Government, such as Ginnie Mae; and Agency mortgage-backed securities refers to residential mortgage-backed securities that are issued or guaranteed by an Agency. Unless otherwise indicated, the information in this prospectus supplement assumes that the underwriters over-allotment option is not exercised.

The Company

We own, manage, and finance a portfolio of real estate related investments, including mortgage pass-through certificates, collateralized mortgage obligations, Agency callable debentures, and other securities representing interests in or obligations backed by pools of mortgage loans. Our principal business objective is to generate net income for distribution to our stockholders from the spread between the interest income on our assets and the cost of borrowings to finance our acquisition of assets and from dividends we receive from our subsidiaries. Our wholly-owned subsidiaries offer diversified real estate, asset management and other financial services.

We are a Maryland corporation that commenced operations on February 18, 1997. We are self-advised and self-managed. We have elected and believe that we are organized and have operated in a manner that enables us to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (or the Code). If we qualify for taxation as a REIT, we generally will not be subject to federal income tax on our taxable income that is distributed to our stockholders. Therefore, substantially all of our assets, other than Fixed Income Discount Advisory Company (or FIDAC), Merganser Capital Management, Inc. and RCap Securities, Inc. (or RCap), which are our taxable REIT subsidiaries, consist of qualified REIT real estate assets (of the type described in Section 856(c)(5)(B) of the Code). We have financed our purchases of Agency mortgage-backed securities and Agency debentures with the net proceeds of equity offerings and borrowings under repurchase agreements whose interest rates adjust based on changes in short-term market interest rates.

To ensure we qualify as a REIT, no person may own more than 9.8% of the outstanding shares of any class of our common stock or any series of our preferred stock, unless our Board of Directors waives this limitation.

Recent Developments

Repurchase of 4% Convertible Notes

We recently repurchased approximately \$280.7 million of the outstanding \$600.0 million of our 4.00% Convertible Senior Notes Due 2015 (the 4% Convertible Senior Notes). Interest on our 4% Convertible Senior Notes is paid semi-annually at a rate of 4% per year and our 4% Convertible Senior Notes will mature on February 15, 2015 unless repurchased or converted earlier. The conversion rate for each \$1,000 principal amount of our 4% Convertible Senior Notes is currently 66.5527 of our common shares, which is equivalent to a conversion price of approximately \$15.0257 per common share, subject to adjustment in certain circumstances. There is no limit on the total number of shares of common stock that we would be required to issue upon a conversion.

Dividends

On August 13, 2012, our Board of Directors declared a third quarter 2012 7.875% Series A Cumulative Redeemable Preferred Stock dividend of \$0.492188 per share. This dividend is payable on October 1, 2012 to 7.875% Series A Cumulative Redeemable Preferred Stock holders of record as of September 4, 2012.

If we liquidate, dissolve or wind up, holders of the Series D Preferred Stock will have the right to receive \$25.00 per share, plus any accumulated and unpaid dividends to, but not including, the date of payment, before any payment is made to the holders of our common stock. Please see the section entitled Description of the Series D Preferred Stock Liquidation Preference.

Ranking

The Series D Preferred Stock will rank, with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up, (1) senior to all classes or series of our common stock and to all other equity securities issued by us other than equity securities referred to in clauses (2) and (3); (2) on a parity with our 7.875% Series A Cumulative Redeemable Preferred Stock (or Series A Preferred Stock), our 7.625% Series C Cumulative Redeemable Preferred Stock (or Series C Preferred Stock) and all equity securities issued by us with terms specifically providing that those equity securities rank on a parity with the Series D Preferred Stock with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up; (3) junior to all equity securities issued by us with terms specifically providing that those equity securities rank senior to the Series D Preferred Stock with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up; and (4) effectively junior to all of our existing and future indebtedness, including

S-5

indebtedness convertible to our common stock or preferred stock, and to the indebtedness of our existing subsidiaries and any future subsidiaries. Please see the section entitled "Description of the Series D Preferred Stock Ranking."

Voting Rights

Holder of Series D Preferred Stock will generally have no voting rights. However, if we do not pay dividends on the Series D Preferred Stock for six or more quarterly dividend periods (whether or not consecutive), the holders of the Series D Preferred Stock (voting separately as a class with all other classes or series of our preferred stock we may issue upon which like voting rights have been conferred and are exercisable (including holders of our Series A Preferred Stock and Series C Preferred Stock, if applicable) and which are entitled to vote as a class with the Series D Preferred Stock in the election referred to below) will be entitled to vote for the election of two additional directors to serve on our board of directors until we pay, or declare and set aside funds for the payment of, all dividends that we owe on the Series D Preferred Stock, subject to certain limitations described in the section entitled "Description of the Series D Preferred Stock Voting Rights." In addition, the affirmative vote of the holders of at least two-thirds of the outstanding shares of Series D Preferred Stock and all other series of parity preferred stock that we may issue upon which similar voting rights have been conferred and are exercisable, voting separately as a class, is required for us to authorize or issue any class or series of stock ranking senior to the Series D Preferred Stock with respect to the payment of dividends or the distribution of assets on liquidation, dissolution or winding up, to amend any provision of our charter so as to materially and adversely affect any rights of the Series D Preferred Stock or to take certain other actions. If any such amendments to our charter would be material and adverse to holders of the Series D Preferred Stock and some but not all of the other series of parity preferred stock that we may issue upon which similar voting rights have been conferred and are exercisable (excluding our Series A Preferred Stock and our Series C Preferred Stock), a vote of at least two-thirds of the outstanding shares of Series D Preferred Stock and shares of future applicable series materially and adversely affected would be required. Please see the section entitled "Description of the Series D Preferred Stock Voting Rights."

Information Rights

During any period in which we are not subject to Section 13 or 15(d) of the Exchange Act and any shares of Series D Preferred Stock are outstanding, we will use our best efforts to (i) transmit by mail (or other permissible means under the Exchange Act) to all holders of Series D Preferred Stock, as their names and addresses appear on our record books and without cost to such holders, copies of the annual reports on Form 10-K and quarterly reports on Form 10-Q that we would have been required to file with the SEC pursuant to Section 13 or 15(d) of the

S-6

Exchange Act if we were subject thereto (other than any exhibits that would have been required) and (ii) promptly, upon request, supply copies of such reports to any holders or prospective holder of Series D Preferred Stock, subject to certain exceptions described in this prospectus supplement. We will use our best effort to mail (or otherwise provide) the information to the holders of the Series D Preferred Stock within 15 days after the respective dates by which a periodic report on Form 10-K or Form 10-Q, as the case may be, in respect of such information would have been required to be filed with the SEC, if we were subject to Section 13 or 15(d) of the Exchange Act, in each case, based on the dates on which we would be required to file such periodic reports if we were a non-accelerated filer within the meaning of the Exchange Act.

Listing

No current market exists for the Series D Preferred Stock. We intend to file an application to list the Series D Preferred Stock on the NYSE. If approved for listing, we expect that trading on the NYSE will commence within 30 days after the date of initial issuance of the Series D Preferred Stock. The underwriters have advised us that they intend to make a market in the Series D Preferred Stock prior to the commencement of any trading on the NSYE, but they are not obligated to do so and may discontinue market making at any time without notice. We cannot assure you that a market for the Series D Preferred Stock will develop prior to commencement of trading on the NYSE or, if developed, will be maintained or will provide you with adequate liquidity.

Use of Proceeds

We intend to use the net proceeds of this offering to purchase mortgage-backed securities. We then intend to increase our investment assets by borrowing against these mortgage-backed securities and using the proceeds of such borrowings to acquire additional mortgage-backed securities. We also may use net proceeds from this offering for general corporate purposes, which may include the retirement of our long-term indebtedness, additional investments and repayment of short term indebtedness. See Use of Proceeds.

Restrictions on Ownership and Transfer

Our charter contains restrictions on the number of shares of our capital stock that a person may own that are intended to assist us in maintaining the qualification as a REIT. Among other things, our charter provides that, subject to exceptions, no person may beneficially or constructively own shares of any class of our capital stock in excess of 9.8% in value or number, whichever is more restrictive, of our outstanding shares of such class of capital stock, excluding shares not treated as outstanding for U.S. federal income tax purposes. In addition, our charter, subject to exceptions, prohibits any person from beneficially owning our shares of capital stock to the extent that such ownership of shares would result in failing to qualify as a REIT. For more information about these

S-7

restrictions, see Description of the Series D Preferred Stock Restrictions on Ownership and Transfer in this prospectus supplement and Restrictions on Ownership and Transfer in the accompanying prospectus.

Federal Income Tax Considerations

For a discussion of the Federal income tax consequences of purchasing, owning and disposing of the Series D Preferred Stock and any common stock received upon conversion of the Series D Preferred Stock, please see the section entitled Additional Material U.S. Federal Income Tax Considerations.

Book-Entry and Form

The Series D Preferred Stock will be represented by one or more global certificates in definitive, fully registered form deposited with a custodian for, and registered in the name of, a nominee of The Depository Trust Company.

Risk factors

Investing in our Series D Preferred Stock involves significant risks. See Risk Factors in this prospectus supplement, in the accompanying prospectus and in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011, which is incorporated by reference herein, for a discussion of risks you should carefully consider before deciding to invest in our common stock.

S-8

RISK FACTORS

Investing in the Series D Preferred Stock involves risks. You should carefully review the following risk factors and the risks discussed under the caption Risk Factors in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011, which are incorporated by reference in this prospectus supplement, or any similar caption in the documents that we subsequently file with the SEC that are deemed to be incorporated by reference in this prospectus supplement. You should also carefully review the other risks and uncertainties discussed in this prospectus supplement and the accompanying prospectus and the documents incorporated and deemed to be incorporated by reference in this prospectus supplement. The risks and uncertainties discussed below and in the documents referred to above, as well as other matters discussed in this prospectus supplement and in those documents, could materially and adversely affect our business, financial condition, liquidity and results of operations and the market price of the Series D Preferred Stock and the common stock into which the Series D Preferred Stock, in certain circumstances, are convertible. Moreover, the risks and uncertainties discussed below and in the foregoing documents are not the only risks and uncertainties that we face, and our business, financial condition, liquidity and results of operations and the market price of the Series D Preferred Stock and our shares of common stock could be materially adversely affected by other matters that are not known to us or that we currently do not consider to be material risks to our business.

Risks Related to the Series D Preferred Stock and this Offering

The Series D Preferred Stock ranks junior to all of our indebtedness and other liabilities and is effectively junior to all indebtedness and other liabilities of our subsidiaries.

In the event of our bankruptcy, liquidation, dissolution or winding-up of our affairs, our assets will be available to pay obligations on the Series D Preferred Stock only after all of our indebtedness and other liabilities have been paid. The rights of holders of the Series D Preferred Stock to participate in the distribution of our assets will rank junior to the prior claims of our current and future creditors and any future series or class of preferred stock we may issue that ranks senior to the Series D Preferred Stock. In addition, the Series D Preferred Stock effectively ranks junior to all existing and future indebtedness and other liabilities of (as well as any preferred equity interests held by others in) our existing subsidiaries and any future subsidiaries. Our existing subsidiaries are, and any future subsidiaries would be, separate legal entities and have no legal obligation to pay any amounts to us in respect of dividends due on the Series D Preferred Stock. If we are forced to liquidate our assets to pay our creditors, we may not have sufficient assets to pay amounts due on any or all of the Series D Preferred Stock then outstanding. Thus, the Series D Preferred Stock will be effectively subordinated to all of our indebtedness, which includes our repurchase agreements, interest rate swaps, and other financing arrangements, as well as our 4.00% Convertible Senior Notes due 2015 and 5.00% Convertible Senior Notes due 2015. Consequently, in the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding with respect to us, the holders of any indebtedness will be entitled to payment prior to our obligations on the Series D Preferred Stock. As of June 30, 2012, we had outstanding \$96.8 billion of repurchase agreements, with weighted average remaining maturities of 205 days, with investment securities and U.S. Treasury Securities with an estimated fair value of \$102.2 billion pledged as collateral on our outstanding repurchase agreements and interest rate swaps. As of June 30, 2012, we also had a total of \$1.4 billion of principal outstanding on our 4.00% Convertible Senior Notes due 2015 and our 5.00% Convertible Senior Notes due 2015. In August 2012, we repurchased approximately \$280.7 million of our outstanding 4.00% Convertible Senior Notes Due 2015. As of June 30, 2012, our total consolidated indebtedness related to interest-bearing liabilities was approximately \$101.0 billion.

Future offerings of debt or senior equity securities may adversely affect the market price of the Series D Preferred Stock. If we decide to issue debt or senior equity securities in the future, it is possible that these securities will be governed by an indenture or other instrument containing covenants restricting our operating flexibility. Additionally, any convertible or exchangeable securities that we issue in the future may have rights, preferences and privileges more favorable than those of the Series D Preferred Stock and may result in dilution to owners of the Series D Preferred Stock. We and, indirectly, our stockholders, will bear the cost of issuing and servicing such securities. Because our decision to issue debt or equity securities in any future offering will depend on market conditions and other factors beyond our control, we cannot predict or estimate the amount, timing or nature of our

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

future offerings. Thus holders of the Series D Preferred Stock will bear the risk of our future offerings reducing the market price of the Series D Preferred Stock and diluting the value of their holdings in us.

The Series D Preferred Stock has not been rated.

We have not sought to obtain a rating for the Series D Preferred Stock, and the Series D Preferred Stock may never be rated. It is possible, however, that one or more rating agencies might independently determine to assign a rating to the Series D Preferred Stock or that we may elect to obtain a rating of our Series D Preferred Stock in the future. Furthermore, we may elect to issue other securities for which we may seek to obtain a rating. If any ratings are assigned to the Series D Preferred Stock in the future or if we issue other securities with a rating, such ratings, if they are lower than market expectations or are subsequently lowered or withdrawn, could adversely affect the market for or the market value of the Series D Preferred Stock.

Ratings only reflect the views of the issuing rating agency or agencies and such ratings could at any time be revised downward or withdrawn entirely at the discretion of the issuing rating agency. Further, a rating is not a recommendation to purchase, sell or hold any particular security, including the Series D Preferred Stock. In addition, ratings do not reflect market prices or suitability of a security for a particular investor and any future rating of the Series D Preferred Stock may not reflect all risks related to us and our business, or the structure or market value of the Series D Preferred Stock.

We may issue additional shares of Series D Preferred Stock and additional series of preferred stock that rank on parity with the Series D Preferred Stock as to dividend rights, rights upon liquidation or voting rights.

We are allowed to issue additional shares of Series D Preferred Stock and additional series of preferred stock that would rank equally to the Series D Preferred Stock as to dividend payments and rights upon our liquidation, dissolution or winding up of our affairs pursuant to our articles of amendment and restatement of articles of incorporation (or, our charter) and the articles supplementary for the Series D Preferred Stock (or, the articles supplementary) without any vote of the holders of the Series D Preferred Stock. The issuance of additional shares of Series D Preferred Stock and additional series of parity preferred stock could have the effect of reducing the amounts available to the Series D Preferred Stock issued in this offering upon our liquidation or dissolution or the winding up of our affairs. It also may reduce dividend payments on the Series D Preferred Stock issued in this offering if we do not have sufficient funds to pay dividends on all Series D Preferred Stock outstanding and other classes of stock with equal priority with respect to dividends.

In addition, although holders of Series D Preferred Stock are entitled to limited voting rights, as described in Description of the Series D Preferred Stock Voting Rights, with respect to such matters, the Series D Preferred Stock will generally vote separately as a class along with all other series of our preferred stock that we may issue upon which like voting rights have been conferred and are exercisable (including our Series A Preferred Stock and Series C Preferred Stock, if applicable). As a result, the voting rights of holders of Series D Preferred Stock may be significantly diluted, and the holders of such other series of preferred stock that we may issue may be able to control or significantly influence the outcome of any vote. Future issuances and sales of parity preferred stock, or the perception that such issuances and sales could occur, may cause prevailing market prices for the Series D Preferred Stock and our common stock to decline and may adversely affect our ability to raise additional capital in the financial markets at times and prices favorable to us.

You may not be able to exercise conversion rights upon a Change of Control and, if exercisable, the change of control conversion rights described in this prospectus supplement may not adequately compensate you.

Upon the occurrence of a Change of Control, each holder of the Series D Preferred Stock will have the right (unless, prior to the Change of Control Conversion Date, we have provided notice of our election to redeem some or all of the shares of Series D Preferred Stock held by such holder as described under Description of the Series D Preferred Stock Redemption Optional Redemption or Special Optional Redemption, in which case such holder will have the right only with respect to shares of Series D Preferred Stock that are not called for redemption) to convert some or all of such holder's Series D Preferred Stock into our shares of common stock (or under specified circumstances, the Alternative Conversion Consideration, as defined herein). Notwithstanding that we generally may not redeem the Series D Preferred Stock prior to September 1, 2017, we have a special optional redemption right

to redeem the Series D Preferred Stock in the event of a Change of Control, and holders of the Series D Preferred Stock will not have the right to convert any shares that we have elected to redeem prior to the Change of Control Conversion Date. Please see the sections entitled Description of the Series D Preferred Stock Redemption Special Optional Redemption and Description of the Series D Preferred Stock Conversion Rights.

If we do not elect to redeem the Series D Preferred Stock prior to the Change of Control Conversion Date, then upon an exercise of the conversion rights provided for in this prospectus supplement, the holders of Series D Preferred Stock will be limited to a maximum number of shares of our common stock (or, if applicable, the Alternative Conversion Consideration (as defined herein)) equal to _____, referred to as the Share Cap, multiplied by the number of shares of Series D Preferred Stock converted. If the Common Stock Price is less than \$ _____ (which is approximately _____ % of the per share closing sale price of our common stock reported on the NYSE on September _____, 2012), subject to adjustment in certain circumstances, the holders of the Series D Preferred Stock will receive a maximum of _____ shares of our common stock per share of Series D Preferred Stock, which may result in a holder receiving shares of common stock (or Alternative Conversion Consideration, as applicable) with a value that is less than the liquidation preference of the Series D Preferred Stock plus any accumulated and unpaid dividends.

The Change of Control conversion rights may also make it more difficult for a party to acquire us or discourage a party from acquiring us.

The Change of Control conversion feature of the Series D Preferred Stock may have the effect of discouraging a third party from making an acquisition proposal for us or of delaying, deferring or preventing certain of our change of control transactions under circumstances that otherwise could provide the holders of our common stock and Series D Preferred Stock with the opportunity to realize a premium over the then-current market price of such stock or that stockholders may otherwise believe is in their best interests.

As a holder of Series D Preferred Stock, you will have extremely limited voting rights.

Your voting rights as a holder of Series D Preferred Stock will be limited. Our shares of common stock are the only class of our securities that carry full voting rights. Voting rights for holders of Series D Preferred Stock exist primarily with respect to the ability to elect, voting together with the holders of any other series of our preferred stock having similar voting rights (including holders of our Series A Preferred Stock and Series C Preferred Stock, if applicable), two additional directors to our board of directors, subject to limitations described in the section entitled Description of the Series D Preferred Stock Voting Rights, in the event that six quarterly dividends (whether or not consecutive) payable on the Series D Preferred Stock are in arrears, and with respect to voting on amendments to our charter or articles supplementary relating to the Series D Preferred Stock that materially and adversely affect the rights of the holders of Series D Preferred Stock or authorize, increase or create additional classes or series of our shares that are senior to the Series D Preferred Stock. Other than the limited circumstances described in this prospectus supplement, holders of Series D Preferred Stock will not have any voting rights. Please see the section entitled Description of the Series D Preferred Stock Voting Rights.

The Series D Preferred Stock is a new issue of securities and does not have an established trading market, which may negatively affect its value and your ability to transfer and sell your shares.

The Series D Preferred Stock is a new issue of securities and currently no market exists for the Series D Preferred Stock. We intend to file an application to list the Series D Preferred Stock on the NYSE. However, we cannot assure you that the Series D Preferred Stock will be approved for listing on the NYSE. Even if so approved, trading of the Series D Preferred Stock on the NYSE is not expected to begin until some time during the period ending 30 days after the date of initial issuance of the Series D Preferred Stock and, in any event, a trading market on the NYSE for the Series D Preferred Stock may never develop or, even if one develops, may not be maintained and may not provide you with adequate liquidity. Certain of the underwriters have advised us that they intend to make a market in the Series D Preferred Stock prior to the commencement of any trading on the NYSE, but are not obligated to do so and may discontinue market making at any time without notice. The liquidity of any market for the Series D Preferred Stock that may develop will depend on a number of factors, including prevailing interest rates, the dividend rate on our common stock, our financial condition and operating results, the number of holders of the Series D Preferred Stock, the market for similar securities and the interest of securities dealers in making a

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

market in the Series D Preferred Stock. As a result, the ability to transfer or sell the Series D Preferred Stock and the amount you receive upon any sale or transfer of the Series D Preferred Stock could be adversely affected.

The trading price of the Series D Preferred Stock may be volatile.

If the Series D Preferred Stock is approved for listing, the trading price of the Series D Preferred Stock may depend on many factors, including, without limitation:

prevailing interest rates;

the market price of our common stock, our Series A preferred stock and our Series C Preferred Stock;

the market for similar securities;

additional issuances by us of common shares;

additional issuances by us of other series or classes of preferred shares;

government action or regulation;

general economic conditions; and

our financial condition, performance and prospects.

Each of these factors, among others, may cause the trading price of the Series D Preferred Stock to fall below the offering price, which could have a material adverse effect on your investment in the Series D Preferred Stock.

If our common stock is delisted, your ability to transfer or sell your shares of the Series D Preferred Stock may be limited and the market value of the Series D Preferred Stock will likely be materially adversely affected.

Other than in connection with a Change of Control, the Series D Preferred Stock does not contain provisions that are intended to protect you if our common stock is delisted from the NYSE. Since the Series D Preferred Stock has no stated maturity date, you may be forced to hold your shares of the Series D Preferred Stock and receive stated dividends on the Series D Preferred Stock when, as and if authorized by our board of directors and paid by us with no assurance as to ever receiving the liquidation value thereof. In addition, if our common stock is delisted from the NYSE, it is likely that the Series D Preferred Stock will be delisted from the NYSE as well. Accordingly, if our common stock is delisted from the NYSE, your ability to transfer or sell your shares of the Series D Preferred Stock may be limited and the market value of the Series D Preferred Stock will likely be materially adversely affected.

Our charter and the articles supplementary thereto establishing the terms of the Series D Preferred Stock contain restrictions upon ownership and transfer of the Series D Preferred Stock, which may impair the ability of holders to convert Series D Preferred Stock into our common stock upon a Change of Control.

Our charter and the articles supplementary establishing the terms of the Series D Preferred Stock contain restrictions on ownership and transfer of the Series D Preferred Stock intended to assist us in maintaining our qualification as a REIT for federal income tax purposes. For example, to assist us in qualifying as a REIT, our charter prohibits anyone from acquiring or holding, directly or constructively, ownership of a number of shares of any class of our capital stock in excess of 9.8% of the outstanding shares of such class. For this purpose the term ownership generally means either direct ownership or constructive ownership in accordance with the constructive ownership provisions of Section 544 of the Code, as modified in Section 856(h) of the Code. See Description of the Series D Preferred Stock Restrictions on Ownership and Transfer in this prospectus supplement. You should consider these ownership limitations prior to your purchase of the Series D Preferred Stock. In addition, the articles supplementary provide that, notwithstanding any other provision of the Series D Preferred Stock, no holder of Series

D Preferred Stock will be entitled to convert such stock into our common stock to the extent that receipt of our common stock would cause the holder to exceed the ownership limitations contained in our charter, which may limit your ability to convert the Series D Preferred Stock into our common stock upon a Change of Control. The restrictions could also have anti-takeover effects and could reduce the possibility that a third party will attempt to acquire control of us, which could adversely affect the market price of the Series D Preferred Stock.

Our ability to pay dividends is limited by the requirements of Maryland law.

Our ability to pay dividends on our Series D Preferred Stock is limited by the laws of Maryland. Under applicable Maryland law, a Maryland corporation may not make a distribution if, after giving effect to the distribution, the corporation would not be able to pay its debts as the debts become due in the usual course of business, or the corporation's total assets would be less than the sum of its total liabilities plus the amount that would be needed, if the corporation were dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of stockholders whose preferential rights are superior to those receiving the distribution. Accordingly, we may not make a distribution on our Series D Preferred Stock if, after giving effect to the distribution, we would not be able to pay our debts as they become due in the usual course of business or our total assets would be less than the sum of our total liabilities plus the amount that would be needed to satisfy the preferential rights upon dissolution of the holders of shares of any series of preferred stock then outstanding, if any, with preferences senior to those of our Series D Preferred Stock.

Risks Related to Our Business

We are dependent on our key personnel.

We are dependent on the efforts of our key officers and employees, including Michael A. J. Farrell, our Chairman of the board of directors, Chief Executive Officer and President, Wellington J. Denahan-Norris, our Vice Chairman, Chief Operating Officer and Chief Investment Officer, and Kathryn F. Fagan, our Chief Financial Officer and Treasurer. The loss of any of their services could have an adverse effect on our operations. Although we have employment agreements with each of them, we cannot assure you they will remain employed with us. In January 2012, we announced Mr. Farrell was undergoing chemotherapy for cancer. In May 2012, we announced that he had completed his treatment program and that his cancer was in remission. Since August 2012, Mr. Farrell has undergone additional treatment related to his diagnosis. He will continue to receive appropriate medical review and treatments as warranted.

USE OF PROCEEDS

We expect that the aggregate net proceeds to us from this offering of our Series D Preferred Stock (after deducting estimated offering expenses) will be approximately \$ million (or approximately \$ million if the underwriters' overallotment option is exercised in full).

We intend to use the net proceeds from this offering as follows:

to purchase mortgage-backed securities. We then intend to increase our investment assets by borrowing against these mortgage-backed securities and using the proceeds of such borrowings to acquire additional mortgage-backed securities; and

for general corporate purposes, which may include the retirement of our long-term indebtedness, additional investments and repayment of short term indebtedness.

RATIOS OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED DIVIDENDS

(1) The ratios of earnings to combined fixed charges and preferred stock dividends were computed by dividing the sum of fixed charges and preferred stock dividends by earnings. For these purposes, earnings consist of net income from continuing operations and fixed charges. Fixed charges consist of our interest expense and estimated interest within rental expense. Preferred dividends consist of pre-tax amounts required to pay dividends in respect of our Series A Preferred Stock, our 6.00% Series B Cumulative Convertible Preferred Stock and our Series C Preferred Stock.

The registrar, transfer agent and dividend and redemption price disbursing agent in respect of the Series D Preferred Stock will be Computershare Shareowner Services LLC. The principal business address for Computershare is 480 Washington Blvd, 29th Floor, Jersey City, NJ 07310. The articles supplementary will provide that we will maintain an office or agency where shares of Series D Preferred Stock may be surrendered for payment (including redemption), registration of transfer or exchange.

Maturity

The Series D Preferred Stock has no stated maturity and will not be subject to any sinking fund or mandatory redemption. Shares of the Series D Preferred Stock will remain outstanding indefinitely unless we decide to redeem or otherwise repurchase them or they become convertible and are converted as described below under Conversion Rights. We are not required to set aside funds to redeem the Series D Preferred Stock.

Ranking

The Series D Preferred Stock will rank, with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up:

(1) senior to all classes or series of our common stock and to all other equity securities issued by us other than equity securities referred to in clauses (2) and (3) below;

(2) on a parity with our Series A Preferred Stock, our Series C Preferred Stock and all equity securities issued by us with terms specifically providing that those equity securities rank on a parity with the Series D Preferred Stock with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up;

(3) junior to all equity securities issued by us with terms specifically providing that those equity securities rank senior to the Series D Preferred Stock with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up (please see the section entitled "Voting Rights" below); and

(4) effectively junior to all of our existing and future indebtedness (including indebtedness convertible to our common stock or preferred stock), including under our repurchase agreements, our 4.00% Convertible Senior Notes due 2015 and our 5.00% Convertible Senior Notes due 2015, and to the indebtedness of our existing subsidiaries and any future subsidiaries.

As of June 30, 2012, our total consolidated indebtedness related to interest-bearing liabilities was approximately \$101.0 billion, all of which ranks effectively senior to the Series D Preferred Stock, and we had outstanding 7,412,500 shares of our Series A Preferred Stock and 12,000,000 shares of our Series C Preferred Stock, ranking on parity with the Series D Preferred Stock.

Dividends

Holders of shares of the Series D Preferred Stock are entitled to receive, when, as and if declared by our board of directors, out of funds legally available for the payment of dividends, cumulative cash dividends at the rate of $\frac{1}{4}$ % of the \$25.00 per share liquidation preference per annum (equivalent to \$ $\frac{1}{4}$ per annum per share). Dividends on the Series D Preferred Stock shall accrue daily and be cumulative from, and including, the date of original issue and shall be payable quarterly in arrears on March 31, June 30, September 30 and December 31 of each year (each, a dividend payment date); provided that if any dividend payment date is not a business day, as defined in the articles supplementary, then the dividend which would otherwise have been payable on that dividend payment date may be paid on the next succeeding business day and no interest, additional dividends or other sums will accrue on the amount so payable for the period from and after that dividend payment date to that next succeeding business day. The first dividend on the Series D Preferred Stock is scheduled to be paid on December 31, 2012 in the amount of \$ $\frac{1}{4}$ per share (which will reflect the accrual of dividends since September 30, 2012), and that dividend will be paid to the persons who are the holders of record of the Series D Preferred Stock at the close of business on the corresponding record date, which will be December 1, 2012. Any dividend payable on the Series D Preferred Stock, including dividends payable for any partial dividend period, will be computed on the basis of a 360-day year consisting of twelve 30-day months. Dividends will be payable to holders of record as they appear in our stock records for the Series D Preferred Stock at the close of business on the applicable record date, which shall be the first day of the calendar month, whether or not a business day, in which the applicable dividend payment date falls (each, a dividend record date).

No dividends on shares of Series D Preferred Stock shall be authorized by our board of directors or paid or set apart for payment by us at any time when the terms and provisions of any agreement of ours, including any agreement relating to our indebtedness, prohibit the authorization, payment or setting apart for payment thereof or provide that the authorization, payment or setting apart for payment thereof would constitute a breach of the agreement or a default under the agreement, or if the authorization, payment or setting apart for payment shall be restricted or prohibited by law. You should review the information appearing above under "Risk Factors" Our ability to pay dividends is limited by the requirements of Maryland law for information as to, among other things, other circumstances under which we may be unable to pay dividends on the Series D Preferred Stock.

Notwithstanding the foregoing, dividends on the Series D Preferred Stock will accrue whether or not we have earnings, whether or not there are funds legally available for the payment of those dividends and whether or not those dividends are declared. No interest, or sum in lieu of interest, will be payable in respect of any dividend payment or payments on the Series D Preferred Stock which may be in arrears, and holders of the Series D Preferred Stock will not be entitled to any dividends in excess of full cumulative dividends described above. Any dividend payment made on the Series D Preferred Stock shall first be credited against the earliest accumulated but unpaid dividend due with respect to those shares.

Future distributions on our common stock and preferred stock, including the Series D Preferred Stock offered pursuant to this prospectus supplement, will be at the discretion of our board of directors and will depend on, among other things, our results of operations, cash flow from operations, financial condition and capital requirements, the

annual distribution requirements under the REIT provisions of the Code, any debt service requirements and any other factors our board of directors deems relevant. Accordingly, we cannot guarantee that we will be able to make cash distributions on our preferred stock or what the actual distributions will be for any future period.

Unless full cumulative dividends on the Series D Preferred Stock have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof is set apart for payment for all past dividend periods, no dividends (other than in shares of common stock or in shares of any series of preferred stock that we may issue ranking junior to the Series D Preferred Stock as to dividends and upon liquidation) shall be declared or paid or set aside for payment upon shares of our common stock or preferred stock that we may issue ranking junior to or on a parity with the Series D Preferred Stock (including our Series A Preferred Stock and Series C Preferred Stock) as to dividends or upon liquidation. Nor shall any other distribution be declared or made upon shares of our common stock or preferred stock that we may issue ranking junior to or on a parity with the Series D Preferred Stock (including our Series A Preferred Stock and Series C Preferred Stock) as to dividends or upon liquidation. In addition, any shares of our common stock or preferred stock that we may issue ranking junior to or on a parity with the Series D Preferred Stock (including our Series A Preferred Stock and Series C Preferred Stock) as to dividends or upon liquidation shall not be redeemed, purchased or otherwise acquired for any consideration (or any moneys be paid to or made available for a sinking fund for the redemption of any such shares) by us (except by conversion into or exchange for our other capital stock that we may issue ranking junior to the Series D Preferred Stock as to dividends and upon liquidation and except for transfers made pursuant to the provisions of our charter relating to restrictions on ownership and transfers of our capital stock).

When dividends are not paid in full (or a sum sufficient for such full payment is not so set apart) upon the Series D Preferred Stock, our Series A Preferred Stock, our Series C Preferred Stock and the shares of any other series of preferred stock that we may issue ranking on a parity as to dividends with the Series D Preferred Stock, all dividends declared upon the Series D Preferred Stock and any other series of preferred stock ranking on a parity that we may issue as to dividends with the Series D Preferred Stock shall be declared pro rata so that the amount of dividends declared per share of Series D Preferred Stock and such other series of preferred stock that we may issue shall in all cases bear to each other the same ratio that accrued dividends per share on the Series D Preferred Stock and such other series of preferred stock that we may issue (which shall not include any accrual in respect of unpaid dividends for prior dividend periods if such preferred stock does not have a cumulative dividend) bear to each other. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on the Series D Preferred Stock which may be in arrears.

Liquidation Preference

In the event of our voluntary or involuntary liquidation, dissolution or winding up, the holders of shares of Series D Preferred Stock will be entitled to be paid out of the assets we have legally available for distribution to our stockholders, subject to the preferential rights of the holders of any class or series of our stock we may issue ranking senior to the Series D Preferred Stock with respect to the distribution of assets upon liquidation, dissolution or winding up, a liquidation preference of \$25.00 per share, plus an amount equal to any accumulated and unpaid dividends to, but not including, the date of payment, before any distribution of assets is made to holders of our common stock or any other class or series of our stock we may issue that ranks junior to the Series D Preferred Stock as to liquidation rights.

In the event that, upon any such voluntary or involuntary liquidation, dissolution or winding up, our available assets are insufficient to pay the amount of the liquidating distributions on all outstanding shares of Series D Preferred Stock, our Series A Preferred Stock, our Series C Preferred Stock and the corresponding amounts payable on all shares of other classes or series of our capital stock that we may issue ranking on a parity with the Series D Preferred Stock in the distribution of assets, then the holders of the Series D Preferred Stock, our Series A Preferred Stock, our Series C Preferred Stock and all other such classes or series of capital stock shall share ratably in any such distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

Holders of Series D Preferred Stock will be entitled to written notice of any such liquidation no fewer than 30 days and no more than 60 days prior to the payment date. After payment of the full amount of the liquidating distributions to which they are entitled, the holders of Series D Preferred Stock will have no right or claim to any of

our remaining assets. The consolidation or merger of us with or into any other corporation, trust or entity or of any other entity with or into us, or the sale, lease, transfer or conveyance of all or substantially all of our property or business, shall not be deemed to constitute a liquidation, dissolution or winding up of us (although such events may give rise to the special optional redemption and contingent conversion rights described below).

Redemption

The Series D Preferred Stock is not redeemable by us prior to September , 2017, except as described below under Special Optional Redemption and except that, as provided in the articles supplementary, we may purchase or redeem shares of the Series D Preferred Stock prior to that date in order to preserve our qualification as a REIT. Please see the section entitled Restrictions on Ownership and Transfer in the accompanying prospectus.

Optional Redemption. On and after September , 2017, we may, at our option, upon not less than 30 nor more than 60 days written notice, redeem the Series D Preferred Stock, in whole or in part, at any time or from time to time, for cash at a redemption price of \$25.00 per share, plus any accumulated and unpaid dividends thereon to, but not including, the date fixed for redemption. If we elect to redeem any shares of Series D Preferred Stock as described in this paragraph, we may use any available cash to pay the redemption price, and we will not be required to pay the redemption price only out of the proceeds from the issuance of other equity securities or any other specific source.

Special Optional Redemption. Upon the occurrence of a Change of Control, we may, at our option, upon not less than 30 nor more than 60 days written notice, redeem the Series D Preferred Stock, in whole or in part, within 120 days after the first date on which such Change of Control occurred, for cash at a redemption price of \$25.00 per share, plus any accumulated and unpaid dividends thereon to, but not including, the date fixed for redemption. If, prior to the Change of Control Conversion Date, we have provided notice of our election to redeem some or all of the shares of Series D Preferred Stock (whether pursuant to our optional redemption right described above under Optional Redemption or this special optional redemption right), the holders of Series D Preferred Stock will not have the Change of Control Conversion Right (as defined below) described below under Conversion Rights with respect to the shares called for redemption. If we elect to redeem any shares of the Series D Preferred Stock as described in this paragraph, we may use any available cash to pay the redemption price, and we will not be required to pay the redemption price only out of the proceeds from the issuance of other equity securities or any other specific source.

A Change of Control is deemed to occur when, after the original issuance of the Series D Preferred Stock, the following have occurred and are continuing:

the acquisition by any person, including any syndicate or group deemed to be a person under Section 13(d)(3) of the Securities Exchange Act of 1934, as amended (or Exchange Act), of beneficial ownership, directly or indirectly, through a purchase, merger or other acquisition transaction or series of purchases, mergers or other acquisition transactions of our stock entitling that person to exercise more than 50% of the total voting power of all our stock entitled to vote generally in the election of our directors (except that such person will be deemed to have beneficial ownership of all securities that such person has the right to acquire, whether such right is currently exercisable or is exercisable only upon the occurrence of a subsequent condition); and

following the closing of any transaction referred to in the bullet point above, neither we nor the acquiring or surviving entity has a class of common securities (or American Depositary Receipts representing such securities) listed on the NYSE, the NYSE Amex or Nasdaq, or listed or quoted on an exchange or quotation system that is a successor to the NYSE, the NYSE Amex or Nasdaq.

Redemption Procedures. In the event we elect to redeem Series D Preferred Stock, the notice of redemption will be mailed to each holder of record of Series D Preferred Stock called for redemption at such holder's address as it appears on our stock transfer records and will state the following:

the redemption date;

the number of shares of Series D Preferred Stock to be redeemed;

the redemption price;

the place or places where certificates (if any) for the Series D Preferred Stock are to be surrendered for payment of the redemption price;

that dividends on the shares to be redeemed will cease to accumulate on the redemption date;

whether such redemption is being made pursuant to the provisions described above under Optional Redemption or Special Optional Redemption ;

if applicable, that such redemption is being made in connection with a Change of Control and, in that case, a brief description of the transaction or transactions constituting such Change of Control; and

if such redemption is being made in connection with a Change of Control, that the holders of the shares of Series D Preferred Stock being so called for redemption will not be able to tender such shares of Series D Preferred Stock for conversion in connection with the Change of Control and that each share of Series D Preferred Stock tendered for conversion that is called, prior to the Change of Control Conversion Date (as defined below), for redemption will be redeemed on the related date of redemption instead of converted on the Change of Control Conversion Date.

If less than all of the Series D Preferred Stock held by any holder are to be redeemed, the notice mailed to such holder shall also specify the number of shares of Series D Preferred Stock held by such holder to be redeemed. No failure to give such notice or any defect thereto or in the mailing thereof shall affect the validity of the proceedings for the redemption of any shares of Series D Preferred Stock except as to the holder to whom notice was defective or not given.

Holders of Series D Preferred Stock to be redeemed shall surrender the Series D Preferred Stock at the place designated in the notice of redemption and shall be entitled to the redemption price and any accumulated and unpaid dividends payable upon the redemption following the surrender. If notice of redemption of any shares of Series D Preferred Stock has been given and if we have irrevocably set aside the funds necessary for redemption in trust for the benefit of the holders of the shares of Series D Preferred Stock so called for redemption, then from and after the redemption date (unless default shall be made by us in providing for the payment of the redemption price plus accumulated and unpaid dividends, if any), dividends will cease to accrue on those shares of Series D Preferred Stock, those shares of Series D Preferred Stock shall no longer be deemed outstanding and all rights of the holders of those shares will terminate, except the right to receive the redemption price plus accumulated and unpaid dividends, if any, payable upon redemption. If any redemption date is not a business day, then the redemption price and accumulated and unpaid dividends, if any, payable upon redemption may be paid on the next business day and no interest, additional dividends or other sums will accrue on the amount payable for the period from and after that redemption date to that next business day. If less than all of the outstanding Series D Preferred Stock is to be redeemed, the Series D Preferred Stock to be redeemed shall be selected pro rata (as nearly as may be practicable without creating fractional shares).

Immediately prior to any redemption of Series D Preferred Stock, we shall pay, in cash, any accumulated and unpaid dividends through and including the redemption date, unless a redemption date falls after a dividend record date and prior to the corresponding dividend payment date, in which case each holder of Series D Preferred Stock at the close of business on such dividend record date shall be entitled to the dividend payable on such shares on the corresponding dividend payment date notwithstanding the redemption of such shares before such dividend payment date. Except as provided above, we will make no payment or allowance for unpaid dividends, whether or not in arrears, on shares of the Series D Preferred Stock to be redeemed.

Unless full cumulative dividends on all shares of Series D Preferred Stock shall have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof has been or

contemporaneously is set apart for payment for all past dividend periods, no shares of Series D Preferred Stock shall be redeemed unless all outstanding shares of Series D Preferred Stock are simultaneously redeemed and we shall not purchase or otherwise acquire directly or indirectly any shares of Series D Preferred Stock (except by exchanging it for our capital stock ranking junior to the Series D Preferred Stock as to dividends and upon liquidation); provided, however, that the foregoing shall not prevent the purchase or acquisition by us of shares of Series D Preferred Stock to preserve our REIT status or pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of Series D Preferred Stock.

Subject to applicable law, we may purchase shares of Series D Preferred Stock in the open market, by tender or by private agreement. Any shares of Series D Preferred Stock that we acquire may be retired and re-classified as authorized but unissued shares of preferred stock, without designation as to class or series, and may thereafter be reissued as any class or series of preferred stock.

Conversion Rights

Upon the occurrence of a Change of Control, each holder of Series D Preferred Stock will have the right (unless, prior to the Change of Control Conversion Date, we have provided notice of our election to redeem some or all of the shares of Series D Preferred Stock held by such holder as described above under Redemption Optional Redemption or Redemption Special Optional Redemption, in which case such holder will have the right only with respect to shares of Series D Preferred Stock that are not called for redemption) to convert some or all of the Series D Preferred Stock held by such holder (the Change of Control Conversion Right) on the Change of Control Conversion Date into a number of shares of our common stock per share of Series D Preferred Stock (the Common Stock Conversion Consideration) equal to the lesser of:

the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference per share of Series D Preferred Stock plus the amount of any accumulated and unpaid dividends thereon to, but not including, the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a dividend record date and prior to the corresponding dividend payment date for the Series D Preferred Stock, in which case no additional amount for such accrued and unpaid dividends will be included in this sum) by (ii) the Common Stock Price, as defined below (such quotient, the Conversion Rate); and

(the Share Cap), subject to certain adjustments as described below.

Anything in the articles supplementary to the contrary notwithstanding and except as otherwise required by law, the persons who are the holders of record of shares of Series D Preferred Stock at the close of business on a dividend record date will be entitled to receive the dividend payable on the corresponding dividend payment date notwithstanding the conversion of those shares after such dividend record date and on or prior to such dividend payment date and, in such case, the full amount of such dividend shall be paid on such dividend payment date to the persons who were the holders of record at the close of business on such dividend record date. Except as provided above, we will make no allowance for unpaid dividends that are not in arrears on the shares of Series D Preferred Stock to be converted.

The Share Cap is subject to pro rata adjustments for any share splits (including those effected pursuant to a distribution of our common stock to existing holders of our common stock), subdivisions or combinations (in each case, a Share Split) with respect to our common stock as follows: the adjusted Share Cap as the result of a Share Split will be the number of shares of our common stock that is equivalent to the product obtained by multiplying (i) the Share Cap in effect immediately prior to such Share Split by (ii) a fraction, the numerator of which is the number of shares of our common stock outstanding immediately after giving effect to such Share Split and the denominator of which is the number of shares of our common stock outstanding immediately prior to such Share Split.

For the avoidance of doubt, subject to the immediately succeeding sentence, the aggregate number of shares of our common stock (or equivalent Alternative Conversion Consideration (as defined below), as applicable) issuable or deliverable, as applicable, in connection with the exercise of the Change of Control Conversion Right will not exceed _____ shares of our common stock (or equivalent Alternative Conversion Consideration, as

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

applicable), subject to proportionate increase to the extent the underwriters' over-allotment option to purchase additional shares of Series D Preferred Stock is exercised, not to exceed _____ shares of our common stock in total (or equivalent Alternative Conversion Consideration, as applicable) (the Exchange Cap). The Exchange Cap is subject to pro rata adjustments for any Share Splits on the same basis as the corresponding adjustment to the Share Cap.

In the case of a Change of Control pursuant to which our common stock is or will be converted into cash, securities or other property or assets (including any combination thereof) (the Alternative Form Consideration), a holder of Series D Preferred Stock will receive upon conversion of such Series D Preferred Stock the kind and amount of Alternative Form Consideration which such holder would have owned or been entitled to receive upon the Change of Control had such holder held a number of shares of our common stock equal to the Common Stock Conversion Consideration immediately prior to the effective time of the Change of Control (the Alternative Conversion Consideration; the Common Stock Conversion Consideration or the Alternative Conversion Consideration, whichever shall be applicable to a Change of Control, is referred to as the Conversion Consideration).

If the holders of our common stock have the opportunity to elect the form of consideration to be received in the Change of Control, the Conversion Consideration in respect of such Change of Control will be deemed to be the kind and amount of consideration actually received by holders of a majority of the outstanding shares of our common stock that made or voted for such an election (if electing between two types of consideration) or holders of a plurality of the outstanding shares of our common stock that made or voted for such an election (if electing between more than two types of consideration), as the case may be, and will be subject to any limitations to which all holders of our common stock are subject, including, without limitation, pro rata reductions applicable to any portion of the consideration payable in such Change of Control.

We will not issue fractional shares of our common stock upon the conversion of the Series D Preferred Stock in connection with a Change of Control. Instead, we will make a cash payment equal to the value of such fractional shares based upon the Common Stock Price used in determining the Common Stock Conversion Consideration for such Change of Control.

Within 15 days following the occurrence of a Change of Control, provided that we have not then exercised our right to redeem all shares of Series D Preferred Stock pursuant to the redemption provisions described above, we will provide to holders of Series D Preferred Stock a notice of occurrence of the Change of Control that describes the resulting Change of Control Conversion Right. This notice will state the following:

the events constituting the Change of Control;

the date of the Change of Control;

the last date on which the holders of Series D Preferred Stock may exercise their Change of Control Conversion Right;

the method and period for calculating the Common Stock Price;

the Change of Control Conversion Date;

that if, prior to the Change of Control Conversion Date, we have provided notice of our election to redeem all or any shares of Series D Preferred Stock, holders will not be able to convert the shares of Series D Preferred Stock called for redemption and such shares will be redeemed on the related redemption date, even if such shares have already been tendered for conversion pursuant to the Change of Control Conversion Right;

if applicable, the type and amount of Alternative Conversion Consideration entitled to be received per share of Series D Preferred Stock;

the name and address of the paying agent, transfer agent and conversion agent for the Series D Preferred Stock;

the procedures that the holders of Series D Preferred Stock must follow to exercise the Change of Control Conversion Right (including procedures for surrendering shares for conversion through the facilities of a Depositary (as defined below)), including the form of conversion notice to be delivered by such holders as described below; and

the last date on which holders of Series D Preferred Stock may withdraw shares surrendered for conversion and the procedures that such holders must follow to effect such a withdrawal.

Under such circumstances, we will also issue a press release containing such notice for publication on Dow Jones & Company, Inc., Business Wire, PR Newswire or Bloomberg Business News (or, if these organizations are not in existence at the time of issuance of the press release, such other news or press organization as is reasonably calculated to broadly disseminate the relevant information to the public), and post a notice on our website, in any event prior to the opening of business on the first business day following any date on which we provide the notice described above to the holders of Series D Preferred Stock.

To exercise the Change of Control Conversion Right, the holders of Series D Preferred Stock will be required to deliver, on or before the close of business on the Change of Control Conversion Date, the certificates (if any) representing the shares of Series D Preferred Stock to be converted, duly endorsed for transfer (or, in the case of any shares of Series D Preferred Stock held in book-entry form through a Depositary (as defined below), to deliver, on or before the close of business on the Change of Control Conversion Date, the shares of Series D Preferred Stock to be converted through the facilities of such Depositary), together with a written conversion notice in the form provided by us, duly completed, to our transfer agent. The conversion notice must state:

the relevant Change of Control Conversion Date;

the number of shares of Series D Preferred Stock to be converted; and

that the Series D Preferred Stock is to be converted pursuant to the applicable provisions of the Series D Preferred Stock.

The Change of Control Conversion Date is the date the Series D Preferred Stock is to be converted, which will be a business day selected by us that is no fewer than 20 days nor more than 35 days after the date on which we provide the notice described above to the holders of Series D Preferred Stock.

The Common Stock Price is (i) if the consideration to be received in the Change of Control by the holders of our common stock is solely cash, the amount of cash consideration per share of our common stock or (ii) if the consideration to be received in the Change of Control by holders of our common stock is other than solely cash (x) the average of the closing sale prices per share of our common stock (or, if no closing sale price is reported, the average of the closing bid and ask prices per share or, if more than one in either case, the average of the average closing bid and the average closing ask prices per share) for the ten consecutive trading days immediately preceding, but not including, the date on which such Change of Control occurred as reported on the principal U.S. securities exchange on which our common stock is then traded, or (y) the average of the last quoted bid prices for our common stock in the over-the-counter market as reported by Pink OTC Markets Inc. or similar organization for the ten consecutive trading days immediately preceding, but not including, the date on which such Change of Control occurred, if our common stock is not then listed for trading on a U.S. securities exchange.

Holders of Series D Preferred Stock may withdraw any notice of exercise of a Change of Control Conversion Right (in whole or in part) by a written notice of withdrawal delivered to our transfer agent prior to the close of business on the business day prior to the Change of Control Conversion Date. The notice of withdrawal delivered by any holder must state:

the number of withdrawn shares of Series D Preferred Stock;

S-22

if certificated Series D Preferred Stock has been surrendered for conversion, the certificate numbers of the withdrawn shares of Series D Preferred Stock; and

the number of shares of Series D Preferred Stock, if any, which remain subject to the holder's conversion notice.

Notwithstanding the foregoing, if any shares of Series D Preferred Stock are held in book-entry form through The Depository Trust Company (or DTC) or a similar depository (each, a Depository), the conversion notice and/or the notice of withdrawal, as applicable, must comply with applicable procedures, if any, of the applicable Depository.

Series D Preferred Stock as to which the Change of Control Conversion Right has been properly exercised and for which the conversion notice has not been properly withdrawn will be converted into the applicable Conversion Consideration in accordance with the Change of Control Conversion Right on the Change of Control Conversion Date, unless prior to the Change of Control Conversion Date we have provided notice of our election to redeem some or all of the shares of Series D Preferred Stock, as described above under Redemption Optional Redemption or Redemption Special Optional Redemption, in which case only the shares of Series D Preferred Stock properly surrendered for conversion and not properly withdrawn that are not called for redemption will be converted as aforesaid. If we elect to redeem shares of Series D Preferred Stock that would otherwise be converted into the applicable Conversion Consideration on a Change of Control Conversion Date, such shares of Series D Preferred Stock will not be so converted and the holders of such shares will be entitled to receive on the applicable redemption date the redemption price described above under Redemption Optional Redemption or Redemption Special Optional Redemption, applicable.

We will deliver all securities, cash and any other property owing upon conversion no later than the third business day following the Change of Control Conversion Date. Notwithstanding the foregoing, the persons entitled to receive any shares of our common stock or other securities delivered on conversion will be deemed to have become the holders of record thereof as of the Change of Control Conversion Date.

In connection with the exercise of any Change of Control Conversion Right, we will comply with all federal and state securities laws and stock exchange rules in connection with any conversion of Series D Preferred Stock into shares of our common stock or other property. Notwithstanding any other provision of the Series D Preferred Stock, no holder of Series D Preferred Stock will be entitled to convert such Series D Preferred Stock into shares of our common stock to the extent that receipt of such common stock would cause such holder (or any other person) to exceed the applicable share ownership limitations contained in our charter and the articles supplementary, unless we provide an exemption from this limitation to such holder. Please see the section entitled Restrictions on Ownership and Transfer below and Restrictions on Ownership and Transfer in the accompanying prospectus.

The Change of Control conversion feature may make it more difficult for a third party to acquire us or discourage a party from acquiring us. See Risk Factors You may not be able to exercise conversion rights upon a Change of Control and, if exercisable, the change of control conversion rights described in this prospectus supplement may not adequately compensate you and Risk Factors Our charter and the articles supplementary thereto establishing the terms of the Series D Preferred Stock will contain restrictions upon ownership and transfer of the Series D Preferred Stock, which may impair the ability of holders to convert Series D Preferred Stock into our common stock upon a Change of Control.

Except as provided above in connection with a Change of Control, the Series D Preferred Stock is not convertible into or exchangeable for any other securities or property.

Voting Rights

Holders of the Series D Preferred Stock will not have any voting rights, except as set forth below or as otherwise required by law.

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

Whenever dividends on any shares of Series D Preferred Stock are in arrears for six or more quarterly dividend periods, whether or not consecutive, the number of directors constituting our board of directors will be automatically increased by two (if not already increased by two by reason of the election of directors by the holders of any other class or series of our preferred stock we may issue upon which like voting rights have been conferred and are exercisable and with which the Series D Preferred Stock is entitled to vote as a class with respect to the election of those two directors) and the holders of Series D Preferred Stock (voting separately as a class with all other classes or series of preferred stock we may issue upon which like voting rights have been conferred and are exercisable (including holders of our Series A Preferred Stock and Series C Preferred Stock, if applicable) and which are entitled to vote as a class with the Series D Preferred Stock in the election of those two directors) will be entitled to vote for the election of those two additional directors at a special meeting called by us at the request of the holders of record of at least 25% of the outstanding shares of Series D Preferred Stock or by the holders of any other class or series of preferred stock upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series D Preferred Stock in the election of those two directors (unless the request is received less than 90 days before the date fixed for the next annual or special meeting of stockholders, in which case, such vote will be held at the earlier of the next annual or special meeting of stockholders), and at each subsequent annual meeting until all dividends accumulated on the Series D Preferred Stock for all past dividend periods and the then current dividend period shall have been fully paid or declared and a sum sufficient for the payment thereof set aside for payment. In that case, the right of holders of the Series D Preferred Stock to elect any directors will cease and, unless there are other classes or series of our preferred stock upon which like voting rights have been conferred and are exercisable, any directors elected by holders of the Series D Preferred Stock shall immediately resign and the number of directors constituting the board of directors shall be reduced accordingly. In no event shall the holders of Series D Preferred Stock be entitled pursuant to these voting rights to elect a director that would cause us to fail to satisfy a requirement relating to director independence of any national securities exchange or quotation system on which any class or series of our stock is listed or quoted. For the avoidance of doubt, in no event shall the total number of directors elected by holders of the Series D Preferred Class (voting separately as a class with all other classes or series of preferred stock we may issue upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series D Preferred Stock in the election of such directors) pursuant to these voting rights exceed two.

If a special meeting is not called by us within 30 days after request from the holders of Series D Preferred Stock as described above, then the holders of record of at least 25% of the outstanding Series D Preferred Stock may designate a holder to call the meeting at our expense.

On each matter on which holders of Series D Preferred Stock are entitled to vote, each share of Series D Preferred Stock will be entitled to one vote, except that when shares of any other class or series of our preferred stock have the right to vote with the Series D Preferred Stock as a single class on any matter, the Series D Preferred Stock and the shares of each such other class or series will have one vote for each \$25.00 of liquidation preference (excluding accumulated dividends).

So long as any shares of Series D Preferred Stock remain outstanding, we will not, without the affirmative vote or consent of the holders of at least two-thirds of the shares of the Series D Preferred Stock outstanding at the time, given in person or by proxy, either in writing or at a meeting (voting together as a class with our Series A Preferred Stock, our Series C Preferred Stock and all series of parity preferred that we may issue upon which like voting rights have been conferred and are exercisable), (a) authorize or create, or increase the authorized or issued amount of, any class or series of capital stock ranking senior to the Series D Preferred Stock with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up or reclassify any of our authorized capital stock into such shares, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any such shares; or (b) amend, alter or repeal the provisions of our charter, whether by merger, consolidation or otherwise, so as to materially and adversely affect any right, preference, privilege or voting power of the Series D Preferred Stock (each, an Event); provided, however, with respect to the occurrence of any Event set forth in (b) above, so long as the Series D Preferred Stock remains outstanding with the terms thereof materially unchanged, taking into account that, upon an occurrence of an Event, we may not be the surviving entity, the occurrence of any such Event shall not be deemed to materially and adversely affect such rights, preferences, privileges or voting power of holders of the Series D Preferred Stock; provided further, that if an Event set forth in (b) above affects materially and adversely any right, preference, privilege or voting power of the Series D Preferred Stock but not all of the series of parity preferred stock that we may issue upon which similar voting rights have been

conferred and are exercisable (excluding our Series A Preferred Stock and our Series C Preferred Stock), the vote or consent that is required will be the vote or consent of the holders of at least two-thirds of the outstanding shares of the Series D Preferred Stock and all shares of future applicable series so affected; and, provided further, that any increase in the amount of the authorized preferred stock, including the Series D Preferred Stock, or the creation or issuance of any additional Series D Preferred Stock or other series of preferred stock that we may issue, or any increase in the amount of authorized shares of such series, in each case ranking on a parity with or junior to the Series D Preferred Stock that we may issue with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up, shall not be deemed to materially and adversely affect such rights, preferences, privileges or voting powers.

The foregoing voting provisions will not apply if, at or prior to the time when the act with respect to which such vote would otherwise be required shall be effected, all outstanding shares of Series D Preferred Stock shall have been redeemed or called for redemption upon proper notice and sufficient funds shall have been deposited in trust to effect such redemption.

Except as expressly stated in the articles supplementary or as may be required by applicable law, the Series D Preferred Stock will not have any relative, participating, optional or other special voting rights or powers and the consent of the holders thereof shall not be required for the taking of any corporate action.

Information Rights

During any period in which we are not subject to Section 13 or 15(d) of the Exchange Act and any shares of Series D Preferred Stock are outstanding, we will use our best efforts to (i) transmit by mail (or other permissible means under the Exchange Act) to all holders of Series D Preferred Stock, as their names and addresses appear on our record books and without cost to such holders, copies of the annual reports on Form 10-K and quarterly reports on Form 10-Q that we would have been required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act if we were subject thereto (other than any exhibits that would have been required) and (ii) promptly, upon request, supply copies of such reports to any holders or prospective holder of Series D Preferred Stock. We will use our best effort to mail (or otherwise provide) the information to the holders of the Series D Preferred Stock within 15 days after the respective dates by which a periodic report on Form 10-K or Form 10-Q, as the case may be, in respect of such information would have been required to be filed with the SEC, if we were subject to Section 13 or 15(d) of the Exchange Act, in each case, based on the dates on which we would be required to file such periodic reports if we were a non-accelerated filer within the meaning of the Exchange Act.

Restrictions on Ownership and Transfer

To assist us in qualifying as a REIT, our charter and articles supplementary establishing the terms of the Series D Preferred Stock prohibit anyone from acquiring or holding, directly or constructively, ownership of a number of shares of any class of our capital stock in excess of 9.8% of the outstanding shares. For this purpose the term ownership generally means either direct ownership or constructive ownership in accordance with the constructive ownership provisions of Section 544 of the Code, as modified in Section 856(h) of the Code.

The constructive ownership provisions of Section 544 of the Code generally attribute ownership of securities owned by a corporation, partnership, estate or trust proportionately to its stockholders, partners or beneficiaries; attribute ownership of securities owned by family members to other members of the same family; and set forth rules for attributing securities constructively owned by one person to another person. To determine whether a person holds or would hold capital stock in excess of the 9.8% ownership limit, a person will be treated as owning not only shares of capital stock actually owned, but also any shares of capital stock attributed to that person under the attribution rules described above. Accordingly, a person who individually owns less than 9.8% of the shares outstanding may nevertheless be in violation of the 9.8% ownership limit.

Any transfer of shares of Series D Preferred Stock that would cause us to be disqualified as a REIT or that would (a) create a direct or constructive ownership of shares of Series D Preferred Stock in excess of the 9.8% ownership limit, or (b) result in the shares of our capital stock being beneficially owned (within the meaning of Section 856(a) of the Code) by fewer than 100 persons (determined without reference to any rules of attribution), or (c) result in us being closely held within the meaning of Section 856(h) of the Code, will be null and void, and the

intended transferee (the purported transferee) will acquire no rights to those shares. In addition, no holder of Series D Preferred Stock will be entitled to convert the Series D Preferred Stock into our common stock upon a Change of Control to the extent that receipt of our common stock would cause the holder to actually or constructively own stock exceeding either of the 9.8% ownership thresholds unless we provide an exemption from these ownership limitations to such holder at our sole discretion. These restrictions on transferability and ownership will not apply if our Board of Directors determines that it is no longer in our best interests to continue to qualify as a REIT.

Any purported transfer of shares of Series D Preferred Stock or conversion of Series D Preferred Stock into shares of our common stock upon a Change of Control that would, if effective, result in a purported transferee owning (directly or constructively) shares of capital stock in excess of the 9.8% ownership limit due to the unenforceability of the transfer restrictions described above will constitute excess securities. Excess securities will be transferred by operation of law to a trust that we will establish for the exclusive benefit of a charitable organization, until such time as the trustee of the trust retransfers the excess securities. The trustee will be a banking institution designated by us that is not affiliated with the purported transferee or us. While the excess securities are held in trust, the purported transferee will not be entitled to vote or to share in any dividends or other distributions with respect to the securities. Subject to the 9.8% ownership limit, excess securities may be transferred by the trust to any person (if such transfer would not result in excess securities) at a price not to exceed the price paid by the purported transferee (or, if no consideration was paid by the purported transferee, the fair market value of the excess securities on the date of the purported transfer), at which point the excess securities will automatically cease to be excess securities.

Upon a purported transfer of excess securities, the purported transferee shall cease to be entitled to distributions, voting rights and other benefits with respect to the shares of capital stock except the right to payment of the purchase price for the shares of capital stock on the retransfer of securities as provided above. Any dividend or distribution paid to a purported transferee on excess securities prior to our discovery that shares of capital stock have been transferred in violation of our charter shall be repaid to us upon demand. If these transfer restrictions are determined to be void, invalid or unenforceable by a court of competent jurisdiction, then the purported transferee of any excess securities may be deemed, at our option, to have acted as an agent on our behalf in acquiring the excess securities and to hold the excess securities on our behalf.

Any person who acquires shares in violation of our charter and the articles supplementary, or any person who is a purported transferee such that excess securities results, must immediately give written notice or, in the event of a proposed or attempted transfer that would be void as set forth above, give at least 15 days prior written notice to us of such event and shall provide us such other information as we may request in order to determine the effect, if any, of the transfer on our qualification as a REIT. In addition, every record owner of 5.0% or more (during any period in which the number of record stockholders is 2,000 or more) or 1.0% or more (during any period in which the number of record stockholders is greater than 200 but less than 2,000) or 1/2% or more (during any period in which the number of record stockholders is 200 or less) of the number or value of our outstanding shares must send us an annual written notice by January 30 stating the name and address of the record owner and the number of shares held and describing how the shares are held. Further, each stockholder is required to disclose to us in writing information with respect to the direct and constructive ownership of shares as the Board of Directors deems reasonably necessary to comply with the REIT provisions of the Code, to comply with the requirements of any taxing authority or governmental agency or to determine any such compliance.

Our Board of Directors may increase or decrease the 9.8% ownership limit. In addition, to the extent consistent with the REIT provisions of the Code, our Board of Directors may, pursuant to our charter and the articles supplementary, waive the 9.8% ownership limit for a purchaser of our stock. In connection with any such waiver, we may require that the stockholder requesting the waiver enter into an agreement with us providing that we may repurchase shares from the stockholder under certain circumstances to ensure compliance with the REIT provisions of the Code. The repurchase would be at fair market value as set forth in the agreement between us and the stockholder. The consideration received by the stockholder in the repurchase might be characterized as the receipt by the stockholder of a dividend from us, and any stockholder entering into an agreement with us should consult its tax advisor. At present, we do not intend to waive the 9.8% ownership limit for any purchaser.

Preemptive Rights

No holders of the Series D Preferred Stock will, as holders of Series D Preferred Stock, have any preemptive rights to purchase or subscribe for our common stock or our any other security.

Book-Entry Procedures

DTC will act as securities depository for the Series D Preferred Stock. We will issue one or more fully registered global securities certificates in the name of DTC's nominee, Cede & Co. These certificates will represent the total aggregate number of shares of Series D Preferred Stock. We will deposit these certificates with DTC or a custodian appointed by DTC. We will not issue certificates to you for the shares of Series D Preferred Stock that you purchase, unless DTC's services are discontinued as described below.

Title to book-entry interests in the Series D Preferred Stock will pass by book-entry registration of the transfer within the records of DTC in accordance with its procedures. Book-entry interests in the securities may be transferred within DTC in accordance with procedures established for these purposes by DTC. Each person owning a beneficial interest in shares of the Series D Preferred Stock must rely on the procedures of DTC and the participant through which such person owns its interest to exercise its rights as a holder of the Series D Preferred Stock.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered under the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants (Direct Participants) deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. Access to the DTC system is also available to others such as securities brokers and dealers, including the underwriters, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (Indirect Participants). The rules applicable to DTC and its Direct and Indirect Participants are on file with the SEC.

When you purchase shares of Series D Preferred Stock within the DTC system, the purchase must be by or through a Direct Participant. The Direct Participant will receive a credit for the Series D Preferred Stock on DTC's records. You will be considered to be the beneficial owner of the Series D Preferred Stock. Your beneficial ownership interest will be recorded on the Direct and Indirect Participants' records, but DTC will have no knowledge of your individual ownership. DTC's records reflect only the identity of the Direct Participants to whose accounts shares of Series D Preferred Stock are credited.

You will not receive written confirmation from DTC of your purchase. The Direct or Indirect Participants through whom you purchased the Series D Preferred Stock should send you written confirmations providing details of your transactions, as well as periodic statements of your holdings. The Direct and Indirect Participants are responsible for keeping an accurate account of the holdings of their customers like you.

Transfers of ownership interests held through Direct and Indirect Participants will be accomplished by entries on the books of Direct and Indirect Participants acting on behalf of the beneficial owners.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

We understand that, under DTC's existing practices, in the event that we request any action of the holders, or an owner of a beneficial interest in a global security, such as you, desires to take any action which a holder is entitled to

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

take under our charter (including the articles supplementary designating the Series D Preferred Stock), DTC would authorize the Direct Participants holding the relevant shares to take such action, and those Direct Participants and any Indirect Participants would authorize beneficial owners owning through those Direct and Indirect Participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Any redemption notices with respect to the Series D Preferred Stock will be sent to Cede & Co. If less than all of the outstanding shares of Series D Preferred Stock are being redeemed, DTC will reduce each Direct Participant's holdings of shares of Series D Preferred Stock in accordance with its procedures.

In those instances where a vote is required, neither DTC nor Cede & Co. itself will consent or vote with respect to the shares of Series D Preferred Stock. Under its usual procedures, DTC would mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants whose accounts the shares of Series D Preferred Stock are credited to on the record date, which are identified in a listing attached to the omnibus proxy.

Dividends on the Series D Preferred Stock will be made directly to DTC's nominee (or its successor, if applicable). ADDITIONAL MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion supplements the discussion under the heading "Material Federal Income Tax Considerations" in the accompanying prospectus. Terms used in this section but not defined in this section have the meanings ascribed to them elsewhere in this prospectus supplement or in "Material Federal Income Tax Considerations" in the accompanying prospectus. You should refer to the discussion in the accompanying prospectus under "Material Federal Income Tax Considerations" for a discussion of the tax consequences of our election to be taxed as a REIT and the tax consequences to Owners of shares of our common stock. The following is a summary of certain material U.S. federal income tax considerations relates to the acquisition, ownership and disposition of Series D Preferred Stock.

This discussion does not purport to be a complete analysis of all the potential tax considerations relating to the acquisition, ownership and disposition of Series D Preferred Stock and our common stock into which the Series D Preferred Stock may be converted. The discussion is based on the Code, current, temporary and proposed Treasury Regulations, the legislative history of the Code, current administrative interpretations and practices of the IRS, including its practices and policies as endorsed in private letter rulings, which are not binding on the IRS (except with respect to the taxpayer that received the ruling), and existing court decisions. Future legislation, regulations, administrative interpretations, and court decisions could change current law or adversely affect existing interpretations of current law. Any change could apply retroactively. The IRS could challenge the statements in this discussion, which do not bind the IRS or the courts.

This summary applies to you only if you are a beneficial owner of Series D Preferred Stock and you acquire the Series D Preferred Stock in this offering. This summary deals only with Series D Preferred Stock and common shares held as "capital assets" (within the meaning of Section 1221 of the Code) and does not address tax considerations applicable to an investor's particular circumstances or to investors that may be subject to special tax rules, including, without limitation:

dealers in securities or currencies;

traders in securities;

Domestic Owners whose functional currency is not the United States dollar;

persons holding Series D Preferred Stock or common stock as part of a conversion, constructive sale, wash sale or other integrated transaction or a hedge, straddle, or synthetic security;

persons subject to the alternative minimum tax;

certain United States expatriates;

financial institutions;

insurance companies;

controlled foreign corporations, passive foreign investment companies and regulated investment companies, and shareholders of such corporations;

entities that are tax-exempt from U.S. federal income tax, such as retirement plans, individual retirement accounts, and tax-deferred accounts; and

pass-through entities, including partnerships and entities and arrangements classified as partnerships for U.S. federal tax purposes, and beneficial owners of pass-through entities.

If you are a partnership (or an entity or arrangement classified as a partnership for U.S. federal income tax purposes) holding Series D Preferred Stock or common stock, or a partner in such a partnership, the U.S. federal income tax treatment of a partner in the partnership generally will depend on the status of the partner and the activities of the partnership, and you are encouraged to consult your own tax advisor regarding the U.S. federal income and estate tax consequences of purchasing, owning and disposing of the Series D Preferred Stock and the common stock.

You are encouraged to consult your own tax advisor before you purchase Series D Preferred Stock regarding the particular U.S. federal, state and local and non-U.S. income and other tax consequences of purchasing, owning, and disposing of the Series D Preferred Stock and the common stock that may be applicable to you in light of your particular circumstances.

Taxation of Owners of Series D Preferred Stock Generally

The accompanying prospectus, under the heading "Material Federal Income Tax Considerations - Taxation of Owners" describes in general the tax treatment of distributions that we make in respect of shares of our capital stock and the tax consequences that arise from the sale or disposition of shares of our capital stock. The discussion below supplements the discussion set out in the accompanying prospectus with respect to an investment in Series D Preferred Stock.

Redemption of Series D Preferred Stock

The treatment accorded to any redemption by us for cash (as distinguished from a sale, exchange or other disposition) of Series D Preferred Stock can only be determined on the basis of particular facts as to each Owner at the time of redemption. In general, an Owner of Series D Preferred Stock will recognize capital gain or loss measured by the difference between the amount received upon the redemption (less any portion thereof attributable to dividend arrearage, which will be taxable as a dividend to the extent of our current or accumulated earnings and profits) and such Owner's adjusted tax basis in the Series D Preferred Stock redeemed (provided the Series D Preferred Stock is held as a capital asset) if such redemption (i) results in a complete termination of the Owner's interest in all classes of our stock under Section 302(b)(3) of the Code, (ii) is substantially disproportionate with respect to the Owner's interest in our stock under Section 302(b)(2) of the Code (which will not be the case if only Series D Preferred Stock is redeemed, since it generally does not have voting rights), or (iii) is not essentially equivalent to a dividend with respect to the Owner of Series D Preferred Stock under Section 302(b)(1) of the Code.

In applying these tests, there must be taken into account not only the Series D Preferred Stock owned by the Owner, but also such Owner's ownership of our common stock and any options (including stock purchase rights) to acquire any of the foregoing. The Owner of Series D Preferred Stock also must take into account any such securities (including options) which are considered to be owned by such Owner by reason of the constructive ownership rules set forth in Sections 318 and 302(c) of the Code. If a particular Owner of Series D Preferred Stock owns (actually or constructively) none of our common stock or an insubstantial percentage of our outstanding common stock, then based upon current law, it is probable that the redemption of Series D Preferred Stock from such an Owner would be considered not essentially equivalent to a dividend. However, whether a redemption is not essentially equivalent to a dividend depends on all of the facts and circumstances, and an Owner of Series D Preferred Stock intending to rely on any of these tests at the time of redemption should consult the Owner's own tax advisor to determine their application to the Owner's particular situation.

If the redemption does not meet any of the tests under Section 302 of the Code, then the redemption proceeds received from the Series D Preferred Stock will be treated as a dividend on the Series D Preferred Stock to the extent of our current or accumulated earnings and profits. If the redemption proceeds are taxed as a dividend, the Owner's adjusted tax basis in the Series D Preferred Stock will be transferred to any other stock held by the Owner. If the Owner of Series D Preferred Stock owns none of our other stock, under certain circumstances, such basis may be transferred to a related person, or it may be lost entirely.

Proposed Treasury Regulations would alter the method for recovering an Owner's adjusted tax basis in any of our Series D Preferred Stock redeemed in a dividend equivalent redemption. Under the Proposed Treasury

Regulations, an Owner would be treated as realizing a capital loss on the date of the dividend equivalent redemption of all of our Series D Preferred Stock actually owned by the Owner equal to the adjusted tax basis of such stock redeemed, subject to adjustments. The recognition of such loss would generally be deferred until the occurrence of specified events, such as, for example, the Owner's ceasing to actually or constructively own any of our stock.

Conversion of Series D Preferred Stock

Subject to the discussion below, assuming that Series D Preferred Stock will not be converted at a time when there are distributions in arrears, in general, no gain or loss will be recognized for U.S. federal income tax purposes upon the conversion of our Series D Preferred Stock into common stock. Thus, the basis that an Owner will have for tax purposes in the common stock received will be equal to the adjusted basis the Owner had in the Series D Preferred Stock converted (but the basis will be reduced by the portion of adjusted tax basis allocated to any fractional share exchanged for cash) and, provided that the Series D Preferred Stock was held as a capital asset, the holding period for the common stock received will include the holding period for the Series D Preferred Stock redeemed or converted. An Owner will generally recognize gain or loss on the receipt of cash in lieu of a fractional common share in an amount equal to the difference between the amount of cash received and the Owner's adjusted basis in such fractional share.

If a conversion occurs when there is a dividend arrearage on the Series D Preferred Stock and the fair market value of the common stock exceeds the issue price of the Series D Preferred Stock, a portion of the common stock received might be treated as a dividend distribution taxable as ordinary income.

A Foreign Owner generally will not recognize gain or loss upon the conversion of the Series D Preferred Stock into our common stock, provided the Series D Preferred Stock does not constitute a USRPI. Even if the Series D Preferred Stock does constitute a USRPI, provided our common stock also constitutes a USRPI, a Foreign Owner generally will not recognize gain or loss upon a conversion of the Series D Preferred Stock into our common stock provided certain FIRPTA-related reporting requirements are satisfied. If the Series D Preferred Stock does constitute a USRPI and such requirements are not satisfied, however, a conversion of Series D Preferred Stock for our common stock will be treated as a taxable exchange. Such a taxable exchange will be subject to tax under FIRPTA at the rate of tax, including any applicable capital gains rates, that would apply to a domestic holder of the same type (e.g., an individual or a corporation, as the case may be) on the excess, if any, of the fair market value of such Foreign Owner's common stock received over such Foreign Owner's adjusted basis in its Series D Preferred Stock. Collection of such tax will be enforced by a refundable withholding tax at a rate of 10% of the value of our common stock received. We do not expect that our capital stock will constitute a USRPI.

Recent Tax Law Changes

Medicare Tax. For taxable years beginning after December 31, 2012, certain taxable Domestic Owners who are individuals, estates or trusts will be subject to a 3.8% tax on all or a portion of their net investment income, which may include all or a portion of their dividends on Series D Preferred Stock and net gains from the taxable disposition of their Series D Preferred Stock. Domestic Owners that are individuals, estates or trusts should consult their tax advisors regarding the applicability of the Medicare tax to any of their income or gains in respect of the Series D Preferred Stock.

Reporting and Withholding on Foreign Financial Accounts. On March 18, 2010, the President signed the Hiring Incentives to Restore Employment Act (the HIRE Act) into law. This law imposes a 30% U.S. federal withholding tax on dividends on, and the gross proceeds from the sale or other disposition of, the Series D Preferred Stock to a foreign financial institution or non-financial foreign entity, unless (i) in the case of a foreign financial institution, such institution enters into an agreement with the U.S. government to withhold on certain payments and to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution (which includes certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with U.S. owners) and to withhold on certain payments and (ii) in the case of a non-financial foreign entity, such entity provides the withholding agent with a certification identifying the direct and indirect U.S. owners of the entity. Although the withholding tax provisions of the HIRE Act were to have been effective beginning in 2013, the IRS has provided for a phased-in implementation of these provisions. Withholding on dividends, but not gross proceeds from the sale or other disposition of the Series D Preferred Stock, generally is to begin after December 31,

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

2013. Withholding on gross proceeds is generally to begin after December 31, 2014. Under certain circumstances, a Foreign Owner might be eligible for refunds or credits of such taxes. Prospective investors should consult their tax advisors regarding the possible implications of this recently enacted legislation on the acquisition, ownership and disposition of the Series D Preferred Stock.

Extension of Reduced Tax Rates. On December 17, 2010, the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (the Job Creation Act) was enacted. Among other things, the Job Creation Act extended until December 31, 2012 certain reduced tax rates that had been scheduled to expire after December 31, 2010, including the reduced 15% maximum rate of tax on capital gains, the reduced 35% maximum rate of tax on ordinary income, and the application of the capital gains tax rate to certain qualified dividend income discussed in the accompanying prospectus.

Settlement

We expect that delivery of the Series D Preferred Stock will be made to investors on or about _____, 2012, which will be the fifth Business Day following the date of this prospectus supplement (such settlement being referred to as "T+5"). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Series D Preferred Stock prior to _____, 2012 will be required, by virtue of the fact that the Series D Preferred Stock will initially settle in T+5, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the Series D Preferred Stock who wish to trade the Series D Preferred Stock prior to their date of delivery hereunder should consult their advisors.

Overallotment Option

We have granted an option to the underwriters to purchase up to _____ additional shares of Series D Preferred Stock at the public offering price appearing on the cover page of this prospectus supplement, less the underwriting discount, solely to cover overallotments. To the extent this option is exercised, each underwriter will become obligated, subject to conditions, to purchase a number of additional shares of Series D Preferred Stock approximately proportionate to its initial purchase commitment. The underwriters may exercise this option for 30 days from the date of this prospectus supplement. No Sales of Series D Preferred Stock

We have agreed for a period from the date of this prospectus supplement through and including the date 30 days after the date hereof that we will not, without the prior written consent of Morgan Stanley & Co. LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, UBS Securities LLC, J.P. Morgan Securities LLC and RBC Capital Markets, LLC, offer, sell, contract to sell or otherwise dispose of any of our securities that are substantially similar to the Series D Preferred Stock, including any securities that are convertible into or exchangeable for, or that represent rights to receive, Series D Preferred Stock or substantially similar securities.

New York Stock Exchange Listing

If listing is approved, we expect trading to commence within 30 days after the initial delivery of the Series D Preferred Stock. Certain of the underwriters have advised us that they intend to make a market in the Series D Preferred Stock before commencement of trading on the NYSE. They will have no obligation to make a market in the Series D Preferred Stock, however, and may cease market-making activities, if commenced, at any time.

Price Stabilization and Short Positions

Until the distribution of the Series D Preferred Stock is completed, SEC rules may limit the ability of the underwriters to bid for or purchase the Series D Preferred Stock. However, the representatives may engage in transactions that have the effect of stabilizing the price of the Series D Preferred Stock, such as purchases that peg, fix or maintain that price.

If the underwriters create a short position in the Series D Preferred Stock in connection with this offering, i.e., if they sell more Series D Preferred Stock than are listed on the cover page of this prospectus supplement, the underwriters may reduce that short position by purchasing Series D Preferred Stock in the open market. The underwriters may also elect to reduce any short position by exercising all or part of the overallotment option.

described above. Purchases of Series D Preferred Stock that stabilize the per share price or to reduce a short position may cause the price of the Series D Preferred Stock to be higher than it might be in the absence of those purchases.

Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the Series D Preferred Stock. In addition, neither we nor the underwriters make any representation that the underwriters will engage in those transactions or that those transactions, once commenced, will not be discontinued without notice.

Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Series D Preferred Stock offered hereby. Any such short positions could adversely affect future trading prices of the Series D Preferred Stock offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

ABOUT ANNALY CAPITAL MANAGEMENT, INC.

General

We own, manage, and finance a portfolio of investment securities, including mortgage pass-through certificates, collateralized mortgage obligations (or CMOs), agency callable debentures, and other securities representing interests in or obligations backed by pools of mortgage loans. Our principal business objective is to generate net income for distribution to our stockholders from the spread between the interest income on our investment securities and the cost of borrowings to finance our acquisition of investment securities, and from dividends we receive from our subsidiaries. We are a Maryland corporation that commenced operations on February 18, 1997. We are self-advised and self-managed.

We have financed our purchases of investment securities with the net proceeds of equity offerings and borrowings under repurchase agreements whose interest rates adjust based on changes in short-term market interest rates. We have elected to be taxed as a real estate investment trust (or REIT) under the Internal Revenue Code of 1986, as amended (or the Code) and believe that we are organized and have operated in a manner that qualifies us to be taxed as a REIT. If we qualify for taxation as a REIT, we generally will not be subject to federal income tax on our taxable income that is distributed to our stockholders. Therefore, substantially all of our assets, other than our taxable REIT subsidiaries, consist of qualified REIT real estate assets (of the type described in Section 856(c)(5)(B) of the Code).

Stock Listing

Our common stock is traded on the New York Stock Exchange under the symbol `NLY` and our 7.875% Series A Cumulative Redeemable Preferred Stock (which we refer to as our Series A Preferred Stock) is traded on the New York Stock Exchange under the symbol `NLY PrA`. Our 6% Series B Cumulative Convertible Preferred Stock (which we refer to as our Series B Preferred Stock) is not listed on a national securities exchange or the National Association of Securities Dealers Automated Quotation system.

Principal Executive Offices and Telephone Number

Our principal executive offices are located at 1211 Avenue of the Americas, Suite 2902, New York, New York 10036. Our telephone number is (212) 696-0100.

RISK FACTORS

Investing in our securities involves risks. You should carefully consider the risks described under **Risk Factors** in our most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q (which descriptions are incorporated by reference herein), as well as the other information contained or incorporated by reference in this prospectus or in any prospectus supplement hereto before making a decision to invest in our securities. See **Where You Can Find More Information On Annaly**, below.

USE OF PROCEEDS

Unless otherwise indicated in an accompanying prospectus supplement, we intend to use the net proceeds from the sale of the securities offered by this prospectus and the related accompanying prospectus supplement for the purchase of mortgage-backed securities and for general corporate purposes. We then intend to increase our investment assets by borrowing against these mortgage-backed securities and using the proceeds to acquire additional mortgage-backed securities.

RATIOS OF EARNINGS TO FIXED CHARGES AND OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

The following table sets forth our ratios of earnings to fixed charges and of earnings to combined fixed charges and preferred stock dividends for periods indicated.

	Nine Months Ended	Fiscal Years Ended December 31,				
	September 30, 2009	2008	2007	2006	2005	2004
Ratio of earnings to fixed charges	2.24x	1.20x	1.22x	1.10x	1.00x	1.94x
Ratio of earnings to combined fixed charges and preferred stock dividends	2.21x	1.18x	1.21x	1.08x	0.98x	1.88x

The ratios of earnings to combined fixed charges and preferred stock dividends were computed by dividing earnings as adjusted by fixed charges and preferred stock dividends (where applicable). For this purpose, earnings consist of net income from continuing operations and fixed charges. Fixed charges consist of interest expense and preferred stock dividends paid on our outstanding shares of Series A Preferred Stock and Series B Preferred Stock.

DESCRIPTION OF EQUITY SECURITIES**General**

Common Stock

All shares of common stock offered hereby will be duly authorized, fully paid and nonassessable. The statements below describing the common stock are in all respects subject to and qualified in their entirety by reference to our articles of incorporation, as amended, by-laws, as amended and restated, and any articles supplementary to our articles of incorporation, as amended.

Voting

Each of our common stockholders is entitled to one vote for each share held of record on each matter submitted to a vote of common stockholders.

Our by-laws, as amended and restated, provide that annual meetings of our stockholders will be held each calendar year on the date determined by our Board of Directors, and special meetings may be called by a majority of our Board of Directors, our Chairman, a majority of our independent directors, our President or generally by stockholders entitled to cast at least 25% of the votes which all stockholders are entitled to cast at the meeting. Our articles of incorporation, as amended, may be amended in accordance with Maryland law.

Dividends; Liquidation; Other Rights

Common stockholders are entitled to receive dividends when declared by our Board of Directors out of legally available funds. The right of common stockholders to receive dividends is subordinate to the rights of preferred stockholders or other senior stockholders. If we have a liquidation, dissolution or winding up, our common stockholders will share ratably in all of our assets remaining after the payment of all of our liabilities and the payment of all liquidation and other preference amounts to preferred stockholders and other senior stockholders. Common stockholders have no preemptive or other subscription rights, and there are no conversion rights, or redemption or sinking fund provisions, relating to the shares of common stock.

Classification or Reclassification of Common Stock or Preferred Stock

Our articles of incorporation, as amended, authorize our Board of Directors to reclassify any unissued shares of common or preferred stock into other classes or series of shares, to establish the number of shares in each class or series and to set the preferences, conversion and other rights, voting powers, restrictions, limitations, and restrictions on ownership, limitations as to dividends or other distributions, qualifications, and terms or conditions of redemption for each class or series.

Preferred Stock

The following description sets forth general terms and provisions of the preferred stock to which any prospectus supplement may relate. the date on which the right to exercise such securities warrants shall commence and the expiration date on which such right shall expire;

any other material terms of such securities warrants.

Holders of future securities warrants, if any, will not be entitled by virtue of being such holders, to vote, to consent, to receive dividends, to receive notice with respect to any meeting of stockholders for the election of our directors or any other matter, or to exercise any rights whatsoever as stockholders of Annaly.

If securities warrants for the purchase of preferred stock are offered, the applicable prospectus supplement will also describe the terms of the preferred stock into which the securities warrants are exercisable as described under **Description of Equity Securities Preferred Stock**.

Debt securities may be issued as original issue discount securities to be sold at a substantial discount below their principal amount. Certain U.S. federal income tax considerations applicable to original issue discount securities will be described in the applicable prospectus supplement.

If the purchase price of any debt securities is payable in a foreign currency or if the principal of, or premium, if any, or interest, if any, on any debt securities is payable in a foreign currency, the specific terms of those debt securities and the applicable foreign currency will be specified in the prospectus supplement relating to those debt securities.

The terms of the debt securities of any series may differ from the terms of the debt securities of any other series, and the terms of particular debt securities within any series may differ from each other. Unless otherwise expressly provided in the prospectus supplement relating to any series of debt securities, we may, without the consent of the holders of the debt securities of any series, reopen an existing series of debt securities and issue additional debt securities of that series.

Unless otherwise described in a prospectus supplement relating to any series of debt securities and except to the limited extent set forth below under Merger, Consolidation and Transfer of Assets, the indenture does not contain any provisions that would limit our ability or the ability of any of our subsidiaries to incur indebtedness or other liabilities or that would afford holders of debt securities protection in the event of a business combination, takeover, recapitalization or highly leveraged or similar transaction involving us. Accordingly, we and our subsidiaries may in the future enter into transactions that could increase the amount of our consolidated indebtedness and other liabilities or otherwise adversely affect our capital structure or credit rating without the consent of the holders of the debt securities of any series.

Registration, Transfer and Payment

Unless otherwise indicated in the applicable prospectus supplement, each series of debt securities will be issued in registered form only, without coupons. The indenture, however,

provides that we may also issue a series of debt securities in bearer form only, or in both registered and bearer form.

Unless otherwise indicated in the applicable prospectus supplement, registered debt securities will be issued in denominations of \$1,000 or any integral multiples of \$1,000, and bearer debt securities will be issued in denominations of \$5,000.

Unless otherwise indicated in the applicable prospectus supplement, the debt securities will be payable and may be surrendered for registration of transfer or exchange and, if applicable, for conversion into or exchange for other securities or property, at an office or agency maintained by us in the United States of America. However, we, at our option, may make payments of interest on any registered debt security by check mailed to the address of the person entitled to receive that payment or by wire transfer to an account maintained by the payee with a bank located in the United States of America. Unless otherwise indicated in the applicable prospectus supplement, no service charge shall be made for any registration of transfer or exchange, redemption or repayment of debt securities, or for any conversion or exchange of debt securities for other securities or property, but we may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with that transaction.

Unless otherwise indicated in the applicable prospectus supplement, payment of principal, premium, if any, and interest, if any, on bearer debt securities will be made, subject to any applicable laws and regulations, at an office or agency outside the United States. Unless otherwise indicated in the applicable prospectus supplement, payment of interest due on bearer debt securities on any interest payment date will be made only against surrender of the coupon relating to that interest payment date. Unless otherwise indicated in the applicable prospectus supplement, no payment of principal, premium, if any, or interest, if any, with respect to any bearer debt security will be made at any office or agency in the United States or by check mailed to any address in the United States or by wire transfer to an account maintained with a bank located in the United States. However, if any bearer debt securities are payable in U.S. dollars, payments on those bearer securities may be made at the corporate trust office of the relevant trustee or at any office or agency designated by us in the United States of America if, but only if, payment of the full amount due on the bearer debt securities for principal, premium, if any, or interest, if any, at all offices outside of the United States maintained for that purpose by us is illegal or effectively precluded by exchange controls or similar restrictions.

Unless otherwise indicated in the applicable prospectus supplement, we will not be required to:

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before any selection of debt securities of that series of like tenor and terms to be redeemed and ending at the close of business on the day of that selection;

register the transfer of or exchange any registered debt security, or portion of any registered debt security, selected for redemption, except the unredeemed portion of any registered debt security being redeemed in part;

exchange any bearer debt security selected for redemption, except to exchange a bearer debt security for a registered debt security of that series of like tenor and terms that is simultaneously surrendered for redemption; or

issue, register the transfer of or exchange a debt security which has been surrendered for repayment at the option of the holder, except the portion, if any, of the debt security not to be repaid.

Book-entry Debt Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global debt securities. Global debt securities will be deposited with, or on behalf of, a depository which, unless otherwise specified in the applicable prospectus supplement relating to the series, will be DTC. Global debt securities may be issued in either registered or bearer form and in either temporary or permanent form. Unless and until it is exchanged in whole or in part for individual certificates evidencing debt securities, a global debt security may not be transferred except as a whole by the depository to its nominee or by the nominee to the depository, or by the depository or its nominee to a successor depository or to a nominee of the successor depository.

We anticipate that global debt securities will be deposited with, or on behalf of, DTC and that global debt securities will be registered in the name of DTC's nominee, Cede & Co. All interests in global debt securities deposited with, or on behalf of, DTC will be subject to the operations and procedures of DTC and, in the case of any interests in global debt securities held through Euroclear Bank S.A./N.V. (Euroclear) or Clearstream Banking, société anonyme (Clearstream, Luxembourg), the operations and procedures of Euroclear or Clearstream, Luxembourg, as the case may be. We also anticipate that the following provisions will apply to the depository arrangements with respect to global debt securities. Additional or differing terms of the depository arrangements may be described in the applicable prospectus supplement.

DTC has advised us that it is:

a limited-purpose trust company organized under the New York Banking Law;

a banking organization within the meaning of the New York Banking Law;

a member of the Federal Reserve System;

a clearing corporation within the meaning of the New York Uniform Commercial Code; and

a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934.

DTC holds securities that its participants deposit with DTC. DTC also facilitates the settlement among its participants of securities transactions, including transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

accounts, which eliminates the need for physical movement of securities certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations. Access to the DTC system is also available to others, sometimes referred to in this prospectus as indirect participants, that clear transactions through or maintain a custodial relationship with a direct participant either directly or indirectly. Indirect participants include securities brokers and dealers, banks and trust companies. The rules applicable to DTC and its participants are on file with the Securities and Exchange Commission.

Purchases of debt securities within the DTC system must be made by or through direct participants, which will receive a credit for the debt securities on DTC's records. The ownership interest of the actual purchaser or beneficial owner of a debt security is, in turn, recorded on the direct and indirect participants' records. Beneficial owners will not receive written confirmation from DTC of their purchases, but beneficial owners are expected to receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the direct or indirect participants through which they purchased the debt securities. Transfers of ownership interests in debt securities are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in the debt securities, except under the limited circumstances described below.

To facilitate subsequent transfers, all debt securities deposited by participants with DTC will be registered in the name of DTC's nominee, Cede & Co. The deposit of debt securities with DTC and their registration in the name of Cede & Co. will not change the beneficial ownership of the debt securities. DTC has no knowledge of the actual beneficial owners of the debt securities. DTC's records reflect only the identity of the direct participants to whose accounts the debt securities are credited. Those participants may or may not be the beneficial owners. The participants are responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct and indirect participants to beneficial owners will be governed by arrangements among them, subject to any legal requirements in effect from time to time.

Redemption notices shall be sent to DTC or its nominee. If less than all of the debt securities of a series are being redeemed, DTC will reduce the amount of the interest of each direct participant in the debt securities under its procedures.

In any case where a vote may be required with respect to the debt securities of any series, neither DTC nor Cede & Co. will give consents for or vote the global debt securities. Under its usual procedures, DTC will mail an omnibus proxy to us after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those direct participants to whose accounts the debt securities are credited on the record date identified in a listing attached to the omnibus proxy.

Principal and premium, if any, and interest, if any, on the global debt securities will be paid to Cede & Co., as nominee of DTC. DTC's practice is to credit direct participants' accounts on the relevant payment date unless DTC has reason to believe that it will not receive payments

on the payment date. Payments by direct and indirect participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in street name. Those payments will be the responsibility of DTC's direct and indirect participants and not of DTC, us, any trustee or any underwriters or agents involved in the offering or sale of any debt securities. Payment of principal, premium, if any, and interest, if any, to DTC is our responsibility, disbursement of payments to direct participants is the responsibility of DTC, and disbursement of payments to the beneficial owners is the responsibility of direct and indirect participants.

Except under the limited circumstances described below, beneficial owners of interests in a global debt security will not be entitled to have debt securities registered in their names and will not receive physical delivery of debt securities. Accordingly, each beneficial owner must rely on the procedures of DTC to exercise any rights under the debt securities and the indenture.

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of securities in definitive form. These laws may impair the ability to transfer or pledge beneficial interests in global debt securities.

DTC is under no obligation to provide its services as depository for the debt securities of any series and may discontinue providing its services at any time. Neither we nor any trustee nor any underwriters or agents involved in the offering or sale of any debt securities will have any responsibility for the performance by DTC or its participants or indirect participants under the rules and procedures governing DTC. As noted above, beneficial owners of interests in global debt securities generally will not receive certificates representing their ownership interests in the debt securities. However, if

DTC notifies us that it is unwilling or unable to continue as a depository for the global debt securities of any series or if DTC ceases to be a clearing agency registered under the Securities Exchange Act of 1934 (if so required by applicable law or regulation) and a successor depository for the debt securities of such series is not appointed within 90 days of the notification to us or of our becoming aware of DTC's ceasing to be so registered, as the case may be,

we determine, in our sole discretion, not to have the debt securities of any series represented by one or more global debt securities, or

an Event of Default under the indenture has occurred and is continuing with respect to the debt securities of any series,

We will prepare and deliver certificates for the debt securities of that series in exchange for beneficial interests in the global debt securities of that series. Any beneficial interest in a global debt security that is exchangeable under the circumstances described in the preceding sentence will be exchangeable for debt securities in definitive certificated form registered in the names and in the authorized denominations that the depository shall direct. It is expected that these directions will be based upon directions received by the depository from its participants with respect to ownership of beneficial interests in the global debt securities.

Clearstream, Luxembourg and Euroclear hold interests on behalf of their participating organizations through customers' securities accounts in Clearstream, Luxembourg's and Euroclear's names on the books of their respective depositories, which hold those interests in customers' securities accounts in the depositories' names on the books of DTC. At the present time, Citibank, N.A. acts as U.S. depository for Clearstream, Luxembourg and JPMorgan Chase Bank, N.A. acts as U.S. depository for Euroclear (the "U.S. Depositories").

Clearstream, Luxembourg holds securities for its participating organizations ("Clearstream Participants") and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream, Luxembourg provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing.

Clearstream, Luxembourg is registered as a bank in Luxembourg, and as such is subject to regulation by the Commission de Surveillance du Secteur Financier and the Banque Centrale du Luxembourg, which supervise and oversee the activities of Luxembourg banks. Clearstream Participants are financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations, and may include any underwriters or agents involved in the offering or sale of any debt securities or their respective affiliates. Indirect access to Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with a Clearstream Participant. Clearstream, Luxembourg has established an electronic bridge with Euroclear as the operator of the Euroclear System (the "Euroclear Operator") in Brussels to facilitate settlement of trades between Clearstream, Luxembourg and the Euroclear Operator.

Distributions with respect to global debt securities held beneficially through Clearstream, Luxembourg will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depository for Clearstream, Luxembourg.

Euroclear holds securities and book-entry interests in securities for participating organizations ("Euroclear Participants") and facilitates the clearance and settlement of securities transactions between Euroclear Participants, and between Euroclear Participants and participants of certain other securities intermediaries through electronic book-entry changes in accounts of such participants or other securities intermediaries. Euroclear provides Euroclear Participants, among other things, with safekeeping, administration, clearance and settlement, securities lending and borrowing, and related services. Euroclear Participants are investment banks, securities brokers and dealers, banks, central banks, supranationals, custodians, investment managers, corporations, trust companies and certain other organizations, and may include any underwriters or agents involved in the offering or sale of any debt securities or their respective affiliates. Non-participants in Euroclear may hold and transfer beneficial interests in a global debt security through accounts with a participant in the Euroclear System or any other securities intermediary that holds a book-entry interest in a global debt security through one or more securities intermediaries standing between such other securities intermediary and Euroclear.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the Terms and Conditions). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no record of or relationship with persons holding through Euroclear Participants.

Distributions on interests in global debt securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. Depository for Euroclear.

Transfers between Euroclear Participants and Clearstream Participants will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Cross-market transfers between direct participants in DTC, on the one hand, and Euroclear Participants or Clearstream Participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, Luxembourg, as the case may be, by its U.S. Depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, Luxembourg, as the case may be, by the counterparty in such system in accordance with the applicable rules and procedures and within the established deadlines (European time) of such system. Euroclear or Clearstream, Luxembourg, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depository to take action to effect final settlement on its behalf by delivering or receiving interests in global debt securities in DTC, and making or receiving payment in accordance with normal procedures for same-day fund settlement applicable to DTC. Euroclear Participants and Clearstream Participants may not deliver instructions directly to their respective U.S. Depositories.

Due to time zone differences, the securities accounts of a Euroclear Participant or Clearstream Participant purchasing an interest in a global debt security from a direct participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear Participant or Clearstream Participant, during the securities settlement processing day (which must be a business day for Euroclear or Clearstream, Luxembourg) immediately following the settlement date of DTC. Cash received in Euroclear or Clearstream, Luxembourg as a result of sales of interests in a global debt security by or through a Euroclear Participant or Clearstream Participant to a direct participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream, Luxembourg cash account only as of the business day for Euroclear or Clearstream, Luxembourg following DTC's settlement date.

Euroclear and Clearstream, Luxembourg are under no obligation to perform or to continue to perform the foregoing procedures and such procedures may be discontinued at any time without notice. Neither we nor any trustee nor any underwriters or agents involved in the offering or sale of any debt securities will have any responsibility for the performance by

Euroclear or Clearstream, Luxembourg or their respective participants of their respective obligations under the rules and procedures governing their operations.

The information in this section concerning DTC, Euroclear and Clearstream, Luxembourg and their book-entry systems has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy of that information.

Redemption and Repurchase

The debt securities of any series may be redeemable at our option or may be subject to mandatory redemption by us as required by a sinking fund or otherwise. In addition, the debt securities of any series may be subject to repurchase or repayment by us at the option of the holders. The applicable prospectus supplement will describe the terms, the times and the prices regarding any optional or mandatory redemption by us or any repurchase or repayment at the option of the holders of any series of debt securities, if any.

Conversion and Exchange

The terms, if any, on which debt securities of any series are convertible into or exchangeable for our common shares or any other securities or property will be set forth in the applicable prospectus supplement. Such terms may include provisions for conversion or exchange, either mandatory, at the option of the holders or at our option. Unless otherwise expressly stated in the applicable prospectus supplement or the context otherwise requires, references in this prospectus and any prospectus supplement to the conversion or exchange of debt securities of any series for other securities or property shall be deemed not to refer to or include any exchange of any debt securities of a series for other debt securities of the same series.

Secured Debt Securities

The debt securities of any series may be secured by collateral. The applicable prospectus supplement will describe any such collateral and the terms of such secured debt securities.

Merger, Consolidation and Transfer of Assets

The indenture provides that we will not, in any transaction or series of related transactions, consolidate with, or sell, lease or convey all or substantially all of our property and assets to, or merge with or into, any person unless:

either (1) we shall be the continuing person (in the case of a merger) or (2) the successor person (if other than us) formed by or resulting from the consolidation or merger or which shall have received the transfer of assets shall be an entity organized and existing under the laws of the United States of America, any state thereof or the District of Columbia and shall expressly assume the due and punctual payment of the principal of, premium, if any, and interest, if any, on all the debt securities outstanding under the indenture and the due and punctual performance and observance of all covenants and conditions in such outstanding debt securities and the indenture to be performed or satisfied by us (including, without limitation, the

obligation to convert or exchange any debt securities that are convertible into or exchangeable for other securities or property in accordance with the provisions of such debt securities and the indenture) by a supplemental indenture reasonably satisfactory in form to the trustee;

immediately after giving effect to the transaction described above, no Event of Default under the indenture, and no event which, after notice or lapse of time or both would become an Event of Default under the indenture, shall have occurred and be continuing; and

the trustee shall have received the officers' certificate and opinion of counsel called for by the indenture.

In the case of any such consolidation, sale, lease, conveyance or merger in which we are not the continuing entity and upon execution and delivery by the successor person of the supplemental indenture described above, such successor person shall succeed to, and be substituted for, us and may exercise every right and power of ours under the indenture with the same effect as if such successor person had been named as us therein, and we shall be automatically released and discharged from all obligations and covenants under the indenture and the debt securities issued under that indenture.

Events of Default

Unless otherwise specified in the applicable prospectus supplement, an Event of Default with respect to the debt securities of any series is defined in the indenture as being:

- (1) default in payment of any interest, if any, on, or any Additional Amounts, if any, payable in respect of any interest, if any, on, any of the debt securities of that series when due, and continuance of such default for a period of 30 days;
- (2) default in payment of any principal of or premium, if any, on, or any Additional Amounts, if any, payable in respect of any principal of or premium, if any, on, any of the debt securities of that series when due (whether at maturity, upon redemption, upon repayment or repurchase at the option of the holder or otherwise and whether payable in cash or in our common shares or other securities or property);
- (3) default in the deposit of any sinking fund payment or payment under any analogous provision when due with respect to any of the debt securities of that series;
- (4) default in the delivery when due of any securities, cash or other property (including, without limitation, any of our common shares) when required to be delivered upon conversion of any convertible debt security of that series or upon the exchange of any debt security of that series which is exchangeable for our common shares or other securities or property (other than an exchange of debt securities of that series for other debt securities of the same series);
- (5) default in the performance, or breach, of any other covenant or warranty applicable to us in the indenture or in any debt security of that series other than a covenant or

warranty included in the indenture solely for the benefit of a series of debt securities other than that series, and continuance of that default or breach (without that default or breach having been cured or waived in accordance with the indenture) for a period of 60 days after notice to us by the trustee or the holders of not less than 25% in aggregate principal amount of the debt securities of that series then outstanding;

- (6) default after the expiration of any applicable grace period in the payment of principal when due, or resulting in acceleration of, other indebtedness (other than Non-recourse Debt) of us or any Significant Subsidiary of ours for borrowed money where the aggregate principal amount with respect to which the default or acceleration has occurred exceeds \$60.0 million and such indebtedness has not been discharged, or such default in payment or acceleration has not been cured or rescinded, prior to written notice of acceleration of the debt securities of that series;
- (7) failure by us or any of our Subsidiaries to pay final judgments or decrees entered by a court or courts of competent jurisdiction aggregating in excess of \$60.0 million, which judgments are not paid, discharged or stayed for a period of 30 calendar days after such judgments become final and non-appealable;
- (8) specified events of bankruptcy, insolvency or reorganization with respect to us or any Significant Subsidiary of ours; or
- (9) any other Event of Default established for the debt securities of that series.

No Event of Default with respect to any particular series of debt securities necessarily constitutes an Event of Default with respect to any other series of debt securities. The indenture provides that, within 90 days after the occurrence of any default with respect to the debt securities of any series, the trustee will mail to all holders of the debt securities of that series notice of that default if known to the trustee, unless that default has been cured or waived. However, the indenture provides that the trustee may withhold notice of a default with respect to the debt securities of that series, except a default in payment of principal, premium, if any, interest, if any, Additional Amounts, if any, or sinking fund payments, if any, if the trustee considers it in the best interest of the holders to do so. As used in this paragraph, the term "default" means any event which is, or after notice or lapse of time or both would become, an Event of Default with respect to the debt securities of any series.

The indenture provides that if an Event of Default (other than an Event of Default specified in clause (8) of the second preceding paragraph with respect to us) occurs and is continuing with respect to any series of debt securities, either the trustee or the holders of at least 25% in principal amount of the debt securities of that series then outstanding may declare the principal of, or if debt securities of that series are original issue discount securities, such lesser amount as may be specified in the terms of that series of debt securities, and accrued and unpaid interest, if any, on all the debt securities of that series to be due and payable immediately. The indenture also provides that if an Event of Default specified in clause (8) of the second preceding paragraph with respect to us occurs with respect to any series of debt securities, then the principal of, or if debt securities of that series are original issue discount securities, such lesser amount as may be specified in the terms of that series of debt securities, and accrued and unpaid

interest, if any, on all the debt securities of that series will automatically become and be immediately due and payable without any declaration or other action on the part of the trustee or any holder of the debt securities of that series. However, upon specified conditions, the holders of a majority in principal amount of the debt securities of a series then outstanding may rescind and annul an acceleration of the debt securities of that series and its consequences. For purposes of clarity, references to an Event of Default specified in clause (8) of the second preceding paragraph with respect to us shall not include any Event of Default specified in clause (8) of the second preceding paragraph with respect to any Significant Subsidiary of ours.

Subject to the provisions of the Trust Indenture Act of 1939 requiring the trustee, during the continuance of an Event of Default under the indenture, to act with the requisite standard of care, the trustee is under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of debt securities of any series unless those holders have offered the trustee indemnity reasonably satisfactory to the trustee against the costs, fees and expenses and liabilities which might be incurred in compliance with such request or direction. Subject to the foregoing, holders of a majority in principal amount of the outstanding debt securities of any series issued under the indenture have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the indenture with respect to that series. The indenture requires the annual filing by us with the trustee of a certificate which states whether or not we are in default under the terms of the indenture.

No holder of any debt securities of any series shall have any right to institute any proceeding, judicial or otherwise, with respect to the indenture, or for the appointment of a receiver or trustee, or for any other remedy under the indenture, unless

such holder has previously given written notice to the trustee of a continuing Event of Default with respect to the debt securities of such series;

the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of such series shall have made written request to the trustee to institute proceedings in respect of such Event of Default in its own name as trustee under the indenture;

such holder or holders have offered to the trustee indemnity reasonably satisfactory to the trustee against the costs, fees and expenses and liabilities which might be incurred in compliance with such request;

the trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding; and

no direction inconsistent with such written request has been given to the trustee during such 60 day period by the holders of a majority in principal amount of the outstanding debt securities of such series.

Notwithstanding any other provision of the indenture, the holder of a debt security will have the right, which is absolute and unconditional, to receive payment of the principal of and

premium, if any, and interest, if any, on that debt security on the respective due dates for those payments and, in the case of any debt security which is convertible into or exchangeable for other securities or property, to convert or exchange, as the case may be, that debt security in accordance with its terms, and to institute suit for the enforcement of those payments and any right to effect such conversion or exchange, and this right shall not be impaired without the consent of the holder.

Modification, Waivers and Meetings

The indenture permits us and the trustee, with the consent of the holders of a majority in principal amount of the outstanding debt securities of each series issued under the indenture and affected by a modification or amendment, to modify or amend any of the provisions of the indenture or of the debt securities of the applicable series or the rights of the holders of the debt securities of that series under the indenture. However, the consent of the holder of each debt security affected will be required for any modification or amendment that, among other things:

changes the stated maturity of the principal of, or premium, if any, or any installment of interest, if any, on or any Additional Amounts, if any, with respect to any debt securities issued under the indenture;

reduces the principal of or any premium on any debt securities or reduce the rate of interest on any debt securities or reduce the price payable upon the redemption of any debt security, whether such redemption is mandatory or at our option, or upon the repurchase of any debt security at the option of the holder, or reduce any Additional Amounts with respect to any debt securities, or change our obligation to pay Additional Amounts;

reduces the amount of principal of any original issue discount securities that would be due and payable upon an acceleration of the maturity thereof;

adversely affects any right of repayment or repurchase of any debt securities at the option of any holder;

changes any place where or the currency in which debt securities are payable;

impairs the holder's right to institute suit to enforce the payment of any debt securities on or after their stated maturity or, in the case of any debt security which is convertible into or exchangeable for other securities or property, to institute suit to enforce the right to convert or exchange that debt security in accordance with its terms;

makes any change that adversely affects the right, if any, to convert or exchange any debt securities for other securities or property;

reduces the percentage of debt securities of any series issued under the indenture whose holders must consent to any modification or amendment or any waiver of

compliance with specific provisions of such indenture or specified defaults under the indenture and their consequences; or

reduces the requirements for a quorum or voting at a meeting of holders of the applicable debt securities.

The indenture also contains provisions permitting us and the trustee, without the consent of the holders of any debt securities issued under the indenture, to modify or amend the indenture, among other things:

to evidence the succession of another person to us and the assumption by that successor of our covenants contained in the indenture and in the debt securities;

to add to our covenants for the benefit of the holders of all or any series of debt securities issued under the indenture or to surrender any right or power conferred upon us with respect to all or any series of debt securities issued under the indenture;

to add to or change any provisions of the indenture to facilitate the issuance of bearer securities;

to establish the form or terms of debt securities of any series and any related coupons, including, without limitation, conversion and exchange provisions applicable to debt securities which are convertible into or exchangeable for other securities or property, and to establish any provisions with respect to any security or other collateral for such debt securities, and to make any deletions from or additions or changes to the indenture in connection with any of the matters referred to in this bullet point so long as those deletions, additions and changes are not applicable to any other series of debt securities then outstanding;

to evidence and provide for the acceptance of the appointment of a successor trustee in respect of the debt securities of one or more series;

to cure any ambiguity or correct or supplement any provision in such indenture which may be defective or inconsistent with other provisions in the indenture, or to make any other provisions with respect to matters or questions arising under the indenture which shall not adversely affect the interests of the holders of the debt securities of any series then outstanding in any material respect;

to add any additional Events of Default with respect to all or any series of debt securities;

to supplement any of the provisions of the indenture to permit or facilitate defeasance, covenant defeasance and/or satisfaction and discharge of any series of debt securities, provided that such action shall not adversely effect the interest of any holder of a debt security of such series or any other debt security in any material respect;

to secure or, if applicable, to provide additional security for all or any debt securities issued under the indenture and to provide for any and all matters relating thereto, and to provide for the release of any collateral as security for all or any debt securities in accordance with the terms of the indenture;

to add to or change or eliminate any provision of the indenture as is necessary or desirable in accordance with any amendment to the Trust Indenture Act;

to make any change to the indenture, or any supplemental indenture, or any debt securities to conform the terms thereof to any provision of the description of a series of any debt securities in any prospectus (including this prospectus), prospectus supplement, offering memorandum or similar offering document used in connection with the initial offering or sale of any debt securities to the extent that such provision in such description was intended to be a substantially verbatim recitation of a provision of the indenture or debt securities;

in the case of any series of debt securities which are convertible into or exchangeable for our common shares or other securities or property, to provide for the conversion or exchange rights of those debt securities in the event of any reclassification or change of our common shares or any of our other securities into which such debt securities are convertible or for which such debt securities are exchangeable or any similar transaction if expressly required by the terms of that series of debt securities; or

to amend or supplement any provision contained in the indenture or in any debt securities, provided that such amendment or supplement does not apply to any outstanding debt securities issued prior to the date of such supplemental indenture and entitled to the benefits of such provisions.

The holders of a majority in aggregate principal amount of the outstanding debt securities of any series may waive our compliance with the provisions described above under Merger, Consolidation and Transfer of Assets and certain other provisions of the indenture and, if specified in the prospectus supplement relating to such series of debt securities, any additional covenants applicable to the debt securities of such series. The holders of a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of all holders of debt securities of that series, waive any past default under the indenture with respect to debt securities of that series and its consequences, except a default in the payment of the principal of, or premium, if any, or interest, if any, on debt securities of that series or, in the case of any debt securities which are convertible into or exchangeable for other securities or property, a default in any such conversion or exchange, or a default in respect of a covenant or provision which cannot be modified or amended without the consent of the holder of each outstanding debt security of the affected series.

The indenture contains provisions for convening meetings of the holders of a series of debt securities if (and only if) debt securities of such series are issued or issuable, in whole or in part, in the form of bearer debt securities. A meeting may be called at any time by the trustee, and also upon our request or the request of holders of at least 33 1/3% in principal amount of the

outstanding debt securities of a series. Notice of a meeting must be given in accordance with the provisions of the indenture. Except for any consent which must be given by the holder of each outstanding debt security affected in the manner described above, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum, as described below, is present may be adopted by the affirmative vote of the holders of a majority in principal amount of the outstanding debt securities of that series. However, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action which the indenture provides may be made, given or taken by the holders of a specified percentage, which is less or more than a majority, in principal amount of the outstanding debt securities of a series may be adopted at a meeting or adjourned meeting duly reconvened at which a quorum is present by the affirmative vote of the holders of that specified percentage in principal amount of the outstanding debt securities of that series. Any resolution passed or decision taken at any meeting of holders of debt securities of any series duly held in accordance with the indenture will be binding on all holders of debt securities of that series and the related coupons, if any. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons entitled to vote a majority in principal amount of the outstanding debt securities of a series, or, if any action is to be taken at a meeting with respect to any request, demand, authorization, direction, notice, consent, waiver or other action which the indenture provides may be given by holders of a greater percentage in principal amount of outstanding debt securities of a series, the persons entitled to vote at such greater percentage in principal amount of the outstanding debt securities of such series.

Discharge, Defeasance and Covenant Defeasance

Unless otherwise provided in the applicable prospectus supplement, upon our direction, the indenture shall cease to be of further effect with respect to any series of debt securities issued under the indenture specified by us, subject to the survival of specified provisions of the indenture (including the obligation to pay Additional Amounts to the extent described below and the obligation, if applicable, to exchange or convert debt securities of that series into other securities or property in accordance with their terms) when:

either

- (A) all outstanding debt securities of that series and, in the case of bearer securities, all related coupons, have been delivered to the trustee for cancellation, subject to exceptions, or
- (B) all debt securities of that series and, if applicable, any related coupons have become due and payable or will become due and payable at their stated maturity within one year or are to be called for redemption within one year and we have deposited with the trustee, in trust, funds in U.S. dollars or in the foreign currency in which the debt securities of that series are payable in an amount sufficient to pay the entire indebtedness on the debt securities of that series in respect of principal, premium, if any, and interest, if any (and, to the extent that (x) the debt securities of that series provide for the payment of Additional Amounts upon the occurrence of specified events of taxation, assessment or governmental charge with respect to payments on the debt securities and (y) the amount of any Additional Amounts which are or will

be payable is at the time of deposit reasonably determinable by us, in the exercise of our sole and absolute discretion, those Additional Amounts) to the date of such deposit, if the debt securities of that series have become due and payable, or to the maturity or redemption date of the debt securities of that series, as the case may be;

we have paid all other sums payable under the indenture with respect to the debt securities of that series; and

the trustee has received an officers certificate and an opinion of counsel called for by the indenture.

Unless otherwise provided in the applicable prospectus supplement, we may elect with respect to any series of debt securities either:

to defease and be discharged from all of our obligations with respect to that series of debt securities (defeasance), except for:

- (1) the obligation to pay Additional Amounts, if any, upon the occurrence of specified events of taxation, assessment or governmental charge with respect to payments on that series of debt securities to the extent (and only to the extent) that those Additional Amounts exceed the amount deposited in respect of those Additional Amounts as provided below,
- (2) the obligation, if applicable, to exchange or convert debt securities of that series into other securities or property in accordance with their terms, and
- (3) certain other limited obligations.

to be released from our obligations with respect to the debt securities of such series under such covenants as may be specified in the applicable prospectus supplement, and any omission to comply with those obligations shall not constitute a default or an Event of Default with respect to that series of debt securities (covenant defeasance), in either case upon the irrevocable deposit with the trustee, or other qualifying trustee, in trust for that purpose, of an amount in U.S. dollars or in the foreign currency in which those debt securities are payable at stated maturity or, if applicable, upon redemption, and/or Government Obligations which through the payment of principal and interest in accordance with their terms will provide money, in an amount sufficient to pay the principal of and any premium and any interest on (and, to the extent that (x) the debt securities of that series provide for the payment of Additional Amounts and (y) the amount of the Additional Amounts which are or will be payable is at the time of deposit reasonably determinable by us, in the exercise of our sole and absolute discretion, the Additional Amounts with respect to) that series of debt securities, and any mandatory sinking fund or analogous payments on that series of debt securities, on the due dates for those payments.

The defeasance or covenant defeasance described above shall only be effective if, among other things:

it shall not result in a breach or violation of, or constitute a default under, the indenture;

in the case of defeasance, we shall have delivered to the trustee an opinion of independent counsel reasonably acceptable to the trustee confirming that (A) we have received from or there has been published by the Internal Revenue Service a ruling or (B) since the date of the indenture there has been a change in applicable U.S. federal income tax law, in either case to the effect that, and based on this ruling or change the opinion of counsel shall confirm that, the holders and beneficial owners of the debt securities of the applicable series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance had not occurred;

in the case of defeasance, we shall provide money in an amount sufficient in the written opinion of a nationally recognized firm of independent public accountants to pay the principal of, premium, if any, and each installment of interest on the debt securities;

in the case of covenant defeasance, we shall have delivered to the trustee an opinion of independent counsel reasonably acceptable to the trustee to the effect that the holders and beneficial owners of the debt securities of the applicable series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the covenant defeasance had not occurred;

if the cash and Government Obligations deposited are sufficient to pay the outstanding debt securities of that series provided those debt securities are redeemed on a particular redemption date, we shall have given the trustee irrevocable instructions to redeem those debt securities on that date; and

no Event of Default or event which with notice or lapse of time or both would become an Event of Default with respect to debt securities of that series shall have occurred and be continuing on the date of the deposit into trust; and, solely in the case of defeasance, no Event of Default arising from specified events of bankruptcy, insolvency or reorganization with respect to us or event which with notice or lapse of time or both would become such an Event of Default with respect to us shall have occurred and be continuing during the period through and including the 91st day after the date of the deposit into trust.

The applicable prospectus supplement may further describe the provisions, if any, permitting or restricting satisfaction and discharge, defeasance or covenant defeasance with respect to the debt securities of a particular series.

Definitions

As used in the indenture, the following terms have the meanings specified below:

The term **Corporation** includes corporations, partnerships, associations, limited liability companies and other companies and business trusts. The term **corporation** means a corporation and does not include partnerships, associations, limited liability companies or other companies or business trusts.

Non-recourse Debt means any indebtedness the terms of which provide that the claim for repayment of such indebtedness by the holder thereof is limited solely to a claim against the property or assets (including, without limitation, securities or interests in securities) that secure such indebtedness; provided, however, that any obligations or liabilities of the debtor or obligor or any other person solely for indemnities, covenants or breaches of warranties, representations or covenants or similar matters in respect of any indebtedness will not prevent such indebtedness from constituting Non-recourse Debt.

Person or **person** means any individual, Corporation, joint venture, joint-stock company, trust, unincorporated organization or government or any agency or political subdivision thereof.

Significant Subsidiary means, as of any date of determination, a Subsidiary of ours that would constitute a significant subsidiary as such term is defined under Rule 1-02(w) of Regulation S-X of the Securities and Exchange Commission as in effect on the date of the indenture.

Subsidiary means, with respect to any Person, (i) any corporation, association or other business entity of which more than 50% of the total voting power of shares of capital stock or other equity interests entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof is at the time owned or controlled, directly or indirectly, by such Person or one or more of the other Subsidiaries of such Person (or a combination thereof) and (ii) any partnership (a) the sole general partner or managing general partner of which is such Person or a Subsidiary of such Person or (b) the only general partners of which are such Person or one or more Subsidiaries of such Person (or any combination thereof).

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York, without regard to conflicts of laws principles thereof.

Regarding the Trustees

The Trust Indenture Act of 1939 limits the rights of a trustee, if the trustee becomes a creditor of us, to obtain payment of claims or to realize on property received by it in respect of those claims, as security or otherwise. Any trustee is permitted to engage in other transactions with us and our subsidiaries from time to time. However, if a trustee acquires any conflicting interest it must eliminate the conflict upon the occurrence of an Event of Default under the applicable indenture or resign as trustee.

Wells Fargo Bank, National Association may act as trustee under one or more of the indentures. Wells Fargo Bank, National Association provides commercial banking services to us in the ordinary course of business

RESTRICTIONS ON OWNERSHIP AND TRANSFER

To assist us in qualifying as a REIT, our articles of incorporation, as amended, prohibit anyone from acquiring or holding, directly or constructively, ownership of a number of shares of any class of our capital stock in excess of 9.8% of the outstanding shares. For this purpose the term ownership generally means either direct ownership or constructive ownership in accordance with the constructive ownership provisions of Section 544 of the Code, as modified in Section 856(h) of the Code.

The constructive ownership provisions of Section 544 of the Code generally attribute ownership of securities owned by a corporation, partnership, estate or trust proportionately to its stockholders, partners or beneficiaries; attribute ownership of securities owned by family members to other members of the same family; and set forth rules for attributing securities constructively owned by one person to another person. To determine whether a person holds or would hold capital stock in excess of the 9.8% ownership limit, a person will be treated as owning not only shares of capital stock actually owned, but also any shares of capital stock attributed to that person under the attribution rules described above. Accordingly, a person who individually owns less than 9.8% of the shares outstanding may nevertheless be in violation of the 9.8% ownership limit.

Any transfer of shares of capital stock that would cause us to be disqualified as a REIT or that would (a) create a direct or constructive ownership of shares of capital stock in excess of the 9.8% ownership limit, or (b) result in the shares of capital stock being beneficially owned (within the meaning of Section 856(a) of the Code) by fewer than 100 persons (determined without reference to any rules of attribution), or (c) result in us being closely held within the meaning of Section 856(h) of the Code, will be null and void, and the intended transferee (the purported transferee) will acquire no rights to those shares. These restrictions on transferability and ownership will not apply if our Board of Directors determines that it is no longer in our best interests to continue to qualify as a REIT.

Any purported transfer of shares of capital stock that would result in a purported transferee owning (directly or constructively) shares of capital stock in excess of the 9.8% ownership limit due to the unenforceability of the transfer restrictions described above will constitute excess securities. Excess securities will be transferred by operation of law to a trust that we will establish for the exclusive benefit of a charitable organization, until such time as the trustee of the trust retransfers the excess securities. The trustee will be a banking institution designated by us that is not affiliated with the purported transferee or us. While the excess securities are held in trust, the purported transferee will not be entitled to vote or to share in any dividends or other distributions with respect to the securities. Subject to the 9.8% ownership limit, excess securities may be transferred by the trust to any person (if such transfer would not result in excess securities) at a price not to exceed the price paid by the purported transferee (or, if no consideration was paid by the purported transferee, the fair market value of the excess

securities on the date of the purported transfer), at which point the excess securities will automatically cease to be excess securities.

Upon a purported transfer of excess securities, the purported transferee shall cease to be entitled to distributions, voting rights and other benefits with respect to the shares of capital stock except the right to payment of the purchase price for the shares of capital stock on the retransfer of securities as provided above. Any dividend or distribution paid to a purported transferee on excess securities prior to our discovery that shares of capital stock have been transferred in violation of our articles of incorporation, as amended, shall be repaid to us upon demand. If these transfer restrictions are determined to be void, invalid or unenforceable by a court of competent jurisdiction, then the purported transferee of any excess securities may be deemed, at our option, to have acted as an agent on our behalf in acquiring the excess securities and to hold the excess securities on our behalf.

All certificates representing shares of capital stock will bear a legend referring to the restrictions described above.

Any person who acquires shares in violation of our articles of incorporation, as amended, or any person who is a purported transferee such that excess securities results, must immediately give written notice or, in the event of a proposed or attempted transfer that would be void as set forth above, give at least 15 days prior written notice to us of such event and shall provide us such other information as we may request in order to determine the effect, if any, of the transfer on our qualification as a REIT. In addition, every record owner of 5.0% or more (during any period in which the number of record stockholders is 2,000 or more) or 1.0% or more (during any period in which the number of record stockholders is greater than 200 but less than 2,000) or 1/2% or more (during any period in which the number of record stockholders is 200 or less) of the number or value of our outstanding shares must send us an annual written notice by January 30 stating the name and address of the record owner and the number of shares held and describing how the shares are held. Further, each stockholder is required to disclose to us in writing information with respect to the direct and constructive ownership of shares as the Board of Directors deems reasonably necessary to comply with the REIT provisions of the Code, to comply with the requirements of any taxing authority or governmental agency or to determine any such compliance.

Our Board of Directors may increase or decrease the 9.8% ownership limit. In addition, to the extent consistent with the REIT provisions of the Code, our Board of Directors may, pursuant to our articles of incorporation, as amended, waive the 9.8% ownership limit for a purchaser of our stock. In connection with any such waiver, we may require that the stockholder requesting the waiver enter into an agreement with us providing that we may repurchase shares from the stockholder under certain circumstances to ensure compliance with the REIT provisions of the Code. The repurchase would be at fair market value as set forth in the agreement between us and the stockholder. The consideration received by the stockholder in the repurchase might be characterized as the receipt by the stockholder of a dividend from us, and any stockholder entering into an agreement with us should consult its tax advisor. At present, we do not intend to waive the 9.8% ownership limit for any purchaser.

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

The provisions described above may inhibit market activity, and may delay, defer or prevent a change in control or other transaction and the resulting opportunity for the holders of our capital stock to receive a premium for their shares that might otherwise exist in the absence of such provisions. Such provisions also may make us an unsuitable investment vehicle for any person seeking to obtain ownership of more than 9.8% of the outstanding shares of our capital stock.

CERTAIN PROVISIONS OF MARYLAND LAW AND OF OUR CHARTER AND BYLAWS

We have summarized certain terms and provisions of the Maryland General Corporation Law and our charter and bylaws. This summary is not complete and is qualified by the provisions of our charter and bylaws, and the Maryland General Corporation Law. See Where You Can Find More Information on Annaly. For restrictions on ownership and transfer of our capital stock contained in our charter, see Restrictions on Ownership and Transfer.

Classification of Board of Directors, Vacancies and Removal of Directors

Our by-laws, as amended and restated, provide for a staggered Board of Directors. Our by-laws, as amended and restated, provide for between three and fifteen directors divided into three classes, with terms of three years each. The number of directors in each class and the expiration of each class term is as follows:

Class I	3 Directors	Expires 2012
Class II	2 Directors	Expires 2010
Class III	3 Directors	Expires 2011

At each annual meeting of our stockholders, successors of the class of directors whose term expires at that meeting will be elected for a three-year term and the directors in the other two classes will continue in office. A classified Board of Directors may delay, defer or prevent a change in control or other transaction that might involve a premium over the then prevailing market price for our common stock or other attributes that our stockholders may consider desirable. In addition, a classified Board of Directors could prevent stockholders who do not agree with the policies of our Board of Directors from replacing a majority of the Board of Directors for two years, except in the event of removal for cause.

Our by-laws, as amended and restated, provide that any vacancy on our Board of Directors may be filled by a majority of the remaining directors. Any individual so elected director will hold office for the unexpired term of the director he or she is replacing. Our by-laws, as amended and restated, provide that a director may be removed at any time only for cause upon the affirmative vote of at least two-thirds of the votes entitled to be cast in the election of directors, but only by a vote taken at a stockholder meeting. These provisions preclude stockholders from removing incumbent directors, except for cause and upon a substantial affirmative vote, and filling the vacancies created by such removal with their own nominees.

Indemnification

Our articles of incorporation, as amended, obligate us to indemnify our directors and officers and to pay or reimburse expenses for them before the final disposition of a proceeding to the maximum extent permitted by Maryland law. The Corporations and Associations Article of the Annotated Code of Maryland (or the Maryland General Corporation Law) permits a corporation to indemnify its present and former directors and officers against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made a party by reason of their service in those or other capacities, unless it is established that (1) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (a) was committed in bad faith, or (b) was the result of active and deliberate dishonesty, or (2) the director or officer actually received an improper personal benefit in money, property or services, or (3) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

Limitation of Liability

The Maryland General Corporation Law permits the charter of a Maryland corporation to include a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages, except to the extent that (1) it is proved that the person actually received an improper benefit or profit in money, property or services, or (2) a judgment or other final adjudication adverse to the person is entered in a proceeding based on a finding that the person's action, or failure to act, was the result of active and deliberate dishonesty and was material to the cause of action adjudicated in the proceeding. Our articles of incorporation, as amended, provide for elimination of the liability of our directors and officers to us or our stockholders for money damages to the maximum extent permitted by Maryland law from time to time.

Maryland Business Combination Act

The Maryland General Corporation Law establishes special requirements for business combinations between a Maryland corporation and interested stockholders unless exemptions are applicable. An interested stockholder is any person who beneficially owns 10% or more of the voting power of our then outstanding voting stock. Among other things, the law prohibits for a period of five years a merger and other similar transactions between us and an interested stockholder unless the Board of Directors approved the transaction prior to the party becoming an interested stockholder. The five-year period runs from the most recent date on which the interested stockholder became an interested stockholder. The law also requires a supermajority stockholder vote for such transactions after the end of the five-year period. This means that the transaction must be approved by at least:

80% of the votes entitled to be cast by holders of outstanding voting shares; and

two-thirds of the votes entitled to be cast by holders of outstanding voting shares other than shares held by the interested stockholder or an affiliate of the interested stockholder with whom the business combination is to be effected.

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

As permitted by the Maryland General Corporation Law, we have elected not to be governed by the Maryland business combination statute. We made this election by opting out of this statute in our articles of incorporation, as amended. If, however, we amend our articles of incorporation, as amended, to opt back in to the statute, the business combination statute could have the effect of discouraging offers to acquire us and of increasing the difficulty of consummating any such offers, even if our acquisition would be in our stockholders' best interests.

Maryland Control Share Acquisition Act

Maryland law provides that control shares of a Maryland corporation acquired in a control share acquisition have no voting rights except to the extent approved by a vote of the other stockholders. Two-thirds of the shares eligible to vote must vote in favor of granting the control shares voting rights. Control shares are shares of stock that, taken together with all other shares of stock the acquirer previously acquired, would entitle the acquirer to exercise voting power in electing directors within one of the following ranges of voting power:

one-tenth or more but less than one-third of all voting power;

one-third or more but less than a majority of all voting power; or

a majority or more of all voting power.

Control shares do not include shares of stock the acquiring person is entitled to vote as a result of having previously obtained stockholder approval. A control share acquisition means the acquisition of control shares, subject to certain exceptions.

If a person who has made (or proposes to make) a control share acquisition satisfies certain conditions (including agreeing to pay expenses), he may compel our Board of Directors to call a special meeting of stockholders to consider the voting rights of the shares. If such a person makes no request for a meeting, we have the option to present the question at any stockholders' meeting.

If voting rights are not approved at a meeting of stockholders then, subject to certain conditions and limitations, we may redeem any or all of the control shares (except those for which voting rights have previously been approved) for fair value. We will determine the fair value of the shares, without regard to the absence of voting rights, as of the date of either:

the last control share acquisition; or

the meeting where stockholders considered and did not approve voting rights of the control shares.

If voting rights for control shares are approved at a stockholders' meeting and the acquirer becomes entitled to vote a majority of the shares of stock entitled to vote, all other stockholders may obtain rights as objecting stockholders and, thereunder, exercise appraisal rights. This means that you would be able to force us to redeem your stock for fair value. Under Maryland law, the fair value may not be less than the highest price per share paid in the control

share acquisition. Furthermore, certain limitations otherwise applicable to the exercise of dissenters' rights would not apply in the context of a control share acquisition. The control share acquisition statute would not apply to shares acquired in a merger, consolidation or share exchange if we were a party to the transaction. The control share acquisition statute could have the effect of discouraging offers to acquire us and of increasing the difficulty of consummating any such offers, even if our acquisition would be in our stockholders' best interests.

MATERIAL FEDERAL INCOME TAX CONSIDERATIONS

This section summarizes the material federal income tax considerations that you, as an Owner (as defined in the immediately succeeding paragraph) of shares of capital stock, may consider relevant. K&L Gates LLP has acted as our tax counsel, has reviewed this section and is of the opinion that the discussion contained herein accurately describes the federal income tax considerations that are likely to be material to an Owner of our shares of capital stock. Because this section is a summary, it does not address all aspects of taxation that may be relevant to particular Owners of our capital stock in light of their personal investment or tax circumstances, or to certain types of Owners that are subject to special treatment under the federal income tax laws, such as insurance companies, tax-exempt organizations (except to the extent discussed in "Taxation of Owners," "Taxation of Tax-Exempt Owners" below), regulated investment companies, partnerships and other pass-through entities (including entities classified as partnerships for federal income tax purposes), financial institutions or broker-dealers, and non-U.S. individuals and foreign corporations (except to the extent discussed in "Taxation of Owners," "Taxation of Foreign Owners" below) and other persons subject to special tax rules.

You should be aware that in this section, when we use the term:

Code, we mean the Internal Revenue Code of 1986, as amended;

Disqualified organization, we mean any organization described in section 860E(e)(5) of the Code, including:

- i. the United States;
- ii. any state or political subdivision of the United States;
- iii. any foreign government;
- iv. any international organization;
- v. any agency or instrumentality of any of the foregoing;
- vi. any charitable remainder trust or other tax-exempt organization, other than a farmer's cooperative described in section 521 of the Code, that is exempt both from income taxation and from taxation under the unrelated business taxable income provisions of the Code; and
- vii. any rural electrical or telephone cooperative;

Domestic Owner, we mean an Owner that is a U.S. Person;

Foreign Owner, we mean an Owner that is not a U.S. Person;

IRS, we mean the Internal Revenue Service;

Owner, we mean any person having a beneficial ownership interest in shares of our capital stock, or, where applicable, a person having a beneficial ownership interest in debt securities or other securities that we issue;

TMP, we mean a taxable mortgage pool as that term is defined in section 7701(i)(2) of the Code;

TRS, we mean a taxable REIT subsidiary described under Requirements for Qualification Taxable REIT Subsidiaries below;

U.S. Person, we mean (i) a citizen or resident of the United States; (ii) a corporation (or entity treated as a corporation for federal income tax purposes) created or organized in the United States or under the laws of the United States or of any state thereof, including, for this purpose, the District of Columbia; (iii) a partnership (or entity treated as a partnership for tax purposes) organized in the United States or under the laws of the United States or of any state thereof, including, for this purpose, the District of Columbia (unless provided otherwise by future Treasury regulations); (iv) an estate whose income is includible in gross income for federal income tax purposes regardless of its source; or (v) a trust, if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. Persons have authority to control all substantial decisions of the trust. Notwithstanding the preceding clause, to the extent provided in Treasury regulations, certain trusts that were in existence on August 20, 1996, that were treated as U.S. Persons prior to such date, and that elect to continue to be treated as U.S. Persons, also are U.S. Persons.

The statements in this section and the opinion of K&L Gates LLP are based on the current federal income tax laws. We cannot assure you that new laws, interpretations of law or court decisions, any of which may take effect retroactively, will not cause any statement in this section to be inaccurate. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of the tax consequences described below. We have not sought and will not seek an advance ruling from the IRS regarding any matter in this prospectus.

This summary provides general information only and is not tax advice. We urge you to consult your tax advisor regarding the specific tax consequences to you of the purchase, ownership and sale of our capital stock and of our election to be taxed as a REIT. Specifically, you should consult your tax advisor regarding the federal, state, local, foreign, and other tax consequences of such purchase, ownership, sale and election, and regarding potential changes in applicable tax laws.

Taxation of Our Company

We have elected to be taxed as a REIT under Sections 856 through 860 of the Code commencing with our taxable year ended on December 31, 1997. We believe that we were organized and have operated and will continue to operate in such a manner as to qualify for taxation as a REIT under the federal income tax laws, but no assurances can be given that we will operate in a manner so as to qualify or remain qualified as a REIT. This section discusses

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

the laws governing the federal income tax treatment of a REIT and the owners of REIT stock. These laws are highly technical and complex.

In the opinion of K&L Gates LLP, our counsel, we have qualified to be taxed as a REIT beginning with our taxable year ended on December 31, 1997, and our organization and current and proposed method of operation will enable us to continue to meet the requirements for qualification and taxation as a REIT. Investors should be aware that K&L Gates LLP's opinion is based upon customary assumptions, is conditioned upon certain representations made by us as to factual matters, including representations regarding the nature of our assets and the conduct of our business, and is not binding upon the IRS or any court.

In addition, K&L Gates LLP's opinion is based on existing federal income tax law governing qualification as a REIT, which is subject to change either prospectively or retroactively. Moreover, our qualification and taxation as a REIT depend upon our ability to meet on a continuing basis, through actual annual operating results, certain qualification tests set forth in the federal income tax laws. Those qualification tests involve the percentage of income that we earn from specified sources, the percentage of our assets that falls within specified categories, the diversity of our stock ownership, and the percentage of our earnings that we distribute. K&L Gates LLP will not review our compliance with those tests on a continuing basis. Accordingly, no assurance can be given that our actual results of operations for any particular taxable year will satisfy such requirements. For a discussion of the tax consequences of our failure to qualify as a REIT, see Failure to Qualify.

If we qualify as a REIT, we generally will not be subject to federal income tax on our taxable income that we currently distribute to our stockholders, but taxable income generated by our domestic TRSs will be subject to regular federal (and applicable state and local) corporate income tax. However, we will be subject to federal tax in the following circumstances:

We will pay federal income tax on our taxable income, including net capital gain, that we do not distribute to stockholders during, or within a specified time period after, the calendar year in which the income is earned.

We may be subject to the alternative minimum tax.

We will pay federal income tax at the highest corporate rate on:

- o net income from the sale or other disposition of property acquired through foreclosure, which we refer to as foreclosure property, that we hold primarily for sale to customers in the ordinary course of business, and
- o other non-qualifying income from foreclosure property.

We will pay a 100% tax on net income earned from sales or other dispositions of property, other than foreclosure property, that we hold primarily for sale to customers in the ordinary course of business.

If we fail to satisfy the 75% gross income test or the 95% gross income test, as described below under Gross Income Tests, but nonetheless continue to qualify as a REIT because we meet other requirements, we will be subject to a 100% tax on:

- o the greater of the amount by which we fail the 75% gross income test or the 95% gross income test, multiplied, in either case, by
- o a fraction intended to reflect our profitability.

If we fail to satisfy the asset tests by more than a de minimis amount, as described below under Asset Tests, as long as the failure was due to reasonable cause and not to willful neglect, we dispose of the assets or otherwise comply with such asset tests within six months after the last day of the quarter in which we identify such failure and we file a schedule with the IRS describing the assets that caused such failure, we will pay a tax equal to the greater of \$50,000 or 35% of the net income from the non-qualifying assets during the period in which we failed to satisfy such asset tests.

If we fail to satisfy one or more requirements for REIT qualification, other than the gross income tests and the asset tests, and such failure was due to reasonable cause and not due to willful neglect, we will be required to pay a penalty of \$50,000 for each such failure.

We may be required to pay monetary penalties to the IRS in certain circumstances, including if we fail to meet recordkeeping requirements intended to monitor our compliance with rules relating to the composition of a REIT's stockholders, as described below in Requirements for Qualification.

If we fail to distribute during a calendar year at least the sum of: (i) 85% of our REIT ordinary income for the year, (ii) 95% of our REIT capital gain net income for the year and (iii) any undistributed taxable income from earlier periods, we will pay a 4% nondeductible excise tax on the excess of the required distribution over the sum of the amount we actually distributed and any retained amounts on which income tax has been paid at the corporate level.

We may elect to retain and pay federal income tax on our net long-term capital gain. In that case, a Domestic Owner would be taxed on its proportionate share of our undistributed long-term capital gain (to the extent that we make a timely designation of such gain to the stockholder) and would receive a credit or refund for its proportionate share of the tax we paid.

We will be subject to a 100% excise tax on transactions between us and any of our TRSs that are not conducted on an arm's-length basis.

If (a) we recognize excess inclusion income for a taxable year as a result of our ownership of a 100% equity interest in a TMP or our ownership of a REMIC residual interest and (b) one or more Disqualified Organizations is the record owner of shares of our capital stock during that year, then we will be subject to tax at the highest corporate federal income tax rate on the portion of the excess inclusion income that is allocable to the Disqualified Organizations. We do not anticipate owning REMIC residual interests or residual interests in TMPs. See Taxable Mortgage Pools.

If we acquire any asset from a C corporation, or a corporation that generally is subject to full corporate-level tax, in a merger or other transaction in which we acquire a basis in the asset that is determined by reference either to the C corporation's basis in

the asset or to another asset, we will pay tax at the highest corporate federal income tax rate if we recognize gain on the sale or disposition of the asset during the 10-year period after we acquire the asset. The amount of gain on which we will pay tax (so called built-in-gain) is the lesser of:

- o the amount of gain that we recognize at the time of the sale or disposition, and
- o the amount of gain that we would have recognized if we had sold the asset at the time we acquired it, assuming that the C corporation will not elect in lieu of this treatment to an immediate tax when the asset is acquired.

In addition, notwithstanding our qualification as a REIT, we may also have to pay certain state and local income taxes because not all states and localities treat REITs in the same manner that they are treated for federal income tax purposes. Moreover, as further described below, any domestic TRS in which we own an interest will be subject to federal, state and local corporate income tax on its taxable income. We could also be subject to tax in situations and on transactions not presently contemplated.

Requirements for Qualification

A REIT is a corporation, trust, or association that meets each of the following requirements:

1. It is managed by one or more trustees or directors.
2. Its beneficial ownership is evidenced by transferable shares or by transferable certificates of beneficial interest.
3. It would be taxable as a domestic corporation, but for the REIT provisions of the federal income tax laws.
4. It is neither a financial institution nor an insurance company subject to special provisions of the federal income tax laws.
5. At least 100 persons are beneficial owners of its shares or ownership certificates.
6. Not more than 50% in value of its outstanding shares or ownership certificates is owned, directly or indirectly, by five or fewer individuals, which the federal income tax laws define to include certain entities, during the last half of any taxable year. For purposes of this requirement, indirect ownership will be determined by applying attribution rules set out in section 544 of the Code, as modified by section 856(h) of the Code.
7. It elects to be taxed as a REIT, or has made such election for a previous taxable year, and satisfies all relevant filing and other administrative requirements that must be met to elect and maintain REIT qualification.
8. It meets certain other qualification tests, described below, regarding the nature of its income and assets.

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

We must meet requirements 1 through 4 during our entire taxable year and must meet requirement 5 during at least 335 days of a taxable year of twelve months, or during a proportionate part of a taxable year of less than twelve months. If we comply with all the requirements for ascertaining the ownership of our outstanding stock in a taxable year and have no reason to know that we violated requirement 6, we will be deemed to have satisfied requirement 6 for that taxable year. For purposes of determining share ownership under requirement 6, an individual generally includes a supplemental unemployment compensation benefits plan, a private foundation, or a portion of a trust permanently set aside or used exclusively for charitable purposes. An individual generally does not include a trust that is a qualified employee pension or profit sharing trust under the federal income tax laws, however, and beneficiaries of such a trust will be treated as owning our stock in proportion to their actuarial interests in the trust for purposes of requirement 6.

We believe that we have always had and will continue to have sufficient diversity of ownership to satisfy requirements 5 and 6. In addition, our charter restricts the ownership and transfer of our stock so that we should continue to satisfy these requirements. The provisions of our charter restricting the ownership and transfer of our capital stock are described in *Description of Capital Stock Restrictions on Ownership and Transfer*.

To monitor compliance with the share ownership requirements, we generally are required to maintain records regarding the actual ownership of our shares. To do so, we must demand written statements each year from the record holders of significant percentages of our stock pursuant to which the record holders must disclose the actual owners of the shares (i.e., the persons required to include our dividends in their gross income). We must maintain a list of those persons failing or refusing to comply with this demand as part of our records. We could be subject to monetary penalties if we fail to comply with these record keeping requirements. If you fail or refuse to comply with the demands, you will be required by Treasury Regulations to submit a statement with your tax return disclosing your actual ownership of our shares and other information. In addition, we must satisfy all relevant filing and other administrative requirements that must be met to elect and maintain REIT qualification and use a calendar year for federal income tax purposes. We intend to continue to comply with these requirements.

Qualified REIT Subsidiaries

A corporation that is a qualified REIT subsidiary is not treated as a corporation separate from its parent REIT. All assets, liabilities, and items of income, deduction and credit of a qualified REIT subsidiary are treated as assets, liabilities, and items of income, deduction and credit of the REIT. A qualified REIT subsidiary is a corporation, other than a TRS, all of the capital stock of which is owned, directly or indirectly, by the REIT. Thus, in applying the requirements described herein, any qualified REIT subsidiary that we own will be ignored, and all assets, liabilities, and items of income, deduction and credit of such subsidiary will be treated as our assets, liabilities, and items of income, deduction and credit.

Other Disregarded Entities and Partnerships

An unincorporated domestic entity, such as a partnership, limited liability company, or trust that has a single owner generally is not treated as an entity separate from its parent for

federal income tax purposes. An unincorporated domestic entity with two or more owners generally is treated as a partnership for federal income tax purposes. In the case of a REIT that is a partner in a partnership that has other partners, the REIT is treated as owning its proportionate share of the assets of the partnership and as earning its allocable share of the gross income of the partnership for purposes of the applicable REIT qualification tests. For purposes of the 10% value test (see Asset Tests), our proportionate share is based on our proportionate interest in the equity interests and certain debt securities issued by the partnership. For all of the other asset and income tests, our proportionate share is based on our proportionate interest in the capital interests in the partnership. Our proportionate share of the assets, liabilities, and items of income of any partnership, joint venture or limited liability company that is treated as a partnership for federal income tax purposes in which we acquire an interest, directly or indirectly, will be treated as our assets and gross income for purposes of applying the various REIT qualification requirements.

If a disregarded subsidiary of ours ceases to be wholly-owned for example, if any equity interest in the subsidiary is acquired by a person other than us or another disregarded subsidiary of ours the subsidiary's separate existence would no longer be disregarded for federal income tax purposes. Instead, the subsidiary would have multiple owners and would be treated as either a partnership or a taxable corporation. Such an event could, depending on the circumstances, adversely affect our ability to satisfy the various asset and gross income requirements applicable to REITs, including the requirement that REITs generally may not own, directly or indirectly, more than 10% of the securities of another corporation. See Asset Tests and Gross Income Tests.

Taxable REIT Subsidiaries

A REIT is permitted to own up to 100% of the stock of one or more TRSs. A TRS is a fully taxable corporation that may earn income that would not be qualifying income if earned directly by the parent REIT. The subsidiary and the REIT must jointly elect to treat the subsidiary as a TRS. A corporation with respect to which a TRS directly or indirectly owns more than 35% of the voting power or value of the stock will automatically be treated as a TRS. We generally may not own more than 10%, as measured by voting power or value, of the securities of a corporation that is not a qualified REIT subsidiary unless we and such corporation elect to treat such corporation as a TRS. Overall, no more than 25% of the value of a REIT's assets may consist of stock or securities of one or more TRSs.

The separate existence of a TRS or other taxable corporation, unlike a qualified REIT subsidiary or other disregarded subsidiary as discussed above, is not ignored for U.S. federal income tax purposes. Accordingly, a domestic TRS would generally be subject to federal (and applicable state and local income tax) corporate income tax on its earnings, which may reduce the cash flow generated by us and our subsidiaries in the aggregate and our ability to make distributions to our stockholders.

A REIT is not treated as holding the assets of a TRS or other taxable subsidiary corporation or as receiving any income that the subsidiary earns. Rather, the stock issued by the subsidiary is an asset in the hands of the REIT, and the REIT generally recognizes as income the dividends, if any, that it receives from the subsidiary. This treatment can affect the gross income

and asset test calculations that apply to the REIT, as described below. Because a parent REIT does not include the assets and income of such subsidiary corporations in determining the parent's compliance with the REIT requirements, such entities may be used by the parent REIT to undertake indirectly activities that the REIT rules might otherwise preclude it from doing directly or through pass-through subsidiaries or render commercially unfeasible (for example, activities that give rise to certain categories of income such as non-qualifying hedging income or inventory sales).

Certain restrictions imposed on TRSs are intended to ensure that such entities will be subject to appropriate levels of U.S. federal income taxation. If a TRS that has for any taxable year both (i) a debt-to-equity ratio in excess of 1.5 to 1, and (ii) accrued interest expense in excess of accrued interest income, then the TRS may be denied an interest expense deduction for a portion of the interest expense accrued on indebtedness owed to the parent REIT (although the TRS can carry forward the amount disallowed to subsequent taxable years). In addition, if amounts are paid to a REIT or deducted by a TRS due to transactions between the REIT and a TRS that exceed the amount that would be paid to or deducted by a party in an arm's-length transaction, the REIT generally will be subject to an excise tax equal to 100% of such excess. We intend to scrutinize all of our transactions with any of our subsidiaries that are treated as a TRS in an effort to ensure that we do not become subject to this excise tax; however, we cannot assure you that we will be successful in avoiding this excise tax.

Gross Income Tests

We must satisfy two gross income tests annually to maintain qualification as a REIT. First, at least 75% of our gross income for each taxable year must consist of defined types of income that we derive from investments relating to real property or mortgages on real property, or from qualified temporary investments. Qualifying income for purposes of the 75% gross income test generally includes:

rents from real property;

interest on debt secured by a mortgage on real property or on interests in real property;

dividends or other distributions on, and gain from the sale of, shares in other REITs;

gain from the sale of real estate assets;

any amount includible in gross income with respect to a regular or residual interest in a REMIC, unless less than 95% of the REMIC's assets are real estate assets, in which case only a proportionate amount of such income will qualify; and

income derived from certain temporary investments.

Second, in general, at least 95% of our gross income for each taxable year must consist of income that is qualifying income for purposes of the 75% gross income test, other types of interest and dividends, gain from the sale or disposition of stock or securities (provided that such stock or securities are not inventory property, i.e., property held primarily for sale to customers in the ordinary course of business) or any combination of these.

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

Gross income from the sale of inventory property is excluded from both the numerator and the denominator in both income tests. Income and gain from hedging transactions that we enter into to hedge indebtedness incurred or to be incurred to acquire or carry real estate assets will generally be excluded from both the numerator and the denominator for purposes of the 95% gross income test and the 75% gross income test. We intend to monitor the amount of our non-qualifying income and manage our investment portfolio to comply at all times with the gross income tests but we cannot assure you that we will be successful in this effort.

Interest

The term interest, as defined for purposes of both gross income tests, generally excludes any amount that is based in whole or in part on the income or profits of any person. However, interest generally includes the following: (i) an amount that is based on a fixed percentage or percentages of gross receipts or sales and (ii) an amount that is based on the income or profits of a borrower, where the borrower derives substantially all of its income from the real property securing the debt by leasing substantially all of its interest in the property, but only to the extent that the amounts received by the borrower would be qualifying rents from real property if received directly by a REIT.

If a loan contains a provision that entitles a REIT to a percentage of the borrower's gain upon the sale of the real property securing the loan or a percentage of the appreciation in the property's value as of a specific date, income attributable to that loan provision will be treated as gain from the sale of the property securing the loan, which generally is qualifying income for purposes of both gross income tests.

Interest, including any original issue discount or market discount, on mortgage-backed securities in which we have invested and in which we propose to invest is qualifying income both for purposes of the 75% gross income test and the 95% gross income test. Interest income that we have accrued and will accrue in the future on other debt securities that are not secured by mortgages on real property is qualifying income for purposes of the 95% gross income test.

Fee Income

We may receive various fees in connection with our operations. The fees will be qualifying income for purposes of both the 75% gross income and 95% gross income tests if they are received in consideration for entering into an agreement to make a loan secured by a mortgage on real property or an interest in real property and the fees are not determined by income or profits of any person. Other fees are not qualifying income for purposes of either gross income test. Any fees earned by our TRS will not be included for purposes of the gross income tests.

Dividends

Our share of any dividends received from any corporation (including any TRS that we own, but excluding any REIT or any qualified REIT subsidiary) in which we own an equity interest will qualify for purposes of the 95% gross income test but not for purposes of the 75% gross income test. Our share of any dividends received from any other REIT in which we own an equity interest will be qualifying income for purposes of both gross income tests.

Hedging Transactions

We may, from time to time, enter into hedging transactions with respect to the interest rate risk associated with our borrowings. To the extent that we enter into a contract to hedge interest rate risk on indebtedness incurred to acquire or carry real estate assets, any income and gain from such hedging transaction will be excluded from gross income for purposes of the 95% gross income test and the 75% gross income test. To the extent that we hedge for certain other purposes, the resultant income or gain will be treated as income that does not qualify under the 95% gross income test or the 75% gross income test. We intend to structure any hedging transaction in a manner that does not jeopardize our status as a REIT but we cannot assure you that we will be successful in this regard. We may conduct some or all of our hedging activities through a TRS, the income from which may be subject to federal income tax, rather than participating in the arrangements directly or through a partnership, qualified REIT subsidiary or other disregarded subsidiary. No assurance can be given, however, that our hedging activities will not give rise to income that does not qualify for purposes of either or both of the REIT gross income tests, and will not adversely affect our ability to satisfy the REIT qualification requirements.

Failure to Satisfy Gross Income Tests

We intend to monitor the amount of our non-qualifying income and manage our assets to comply with the gross income tests for each taxable year for which we seek to maintain our status as a REIT. We cannot assure you, however, that we will be able to satisfy the gross income tests. If we fail to satisfy one or both of the gross income tests for any taxable year, we may nevertheless qualify as a REIT for such year if we qualify for relief under certain provisions of the Code. These relief provisions will be generally available if (i) our failure to meet such tests was due to reasonable cause and not due to willful neglect, and (ii) we file with the IRS a schedule describing the sources of our gross income in accordance with Treasury Regulations. We cannot predict, however, whether in all circumstances, we would qualify for the benefit of these relief provisions. In addition, as discussed above under Taxation of Our Company, even if the relief provisions apply, a tax would be imposed upon the amount by which we fail to satisfy the particular gross income test.

Asset Tests

To qualify as a REIT, we also must satisfy the following asset tests at the end of each quarter of each taxable year. First, at least 75% of the value of our total assets must consist of some combination of real estate assets, cash, cash items, government securities, and, under some circumstances, stock or debt instruments purchased with new capital. For this purpose, the term real estate assets includes interests in real property (including leaseholds and options to acquire real property and leaseholds), stock of other corporations that qualify as REITs and interests in mortgage loans secured by real property (including certain types of mortgage backed securities). Assets that do not qualify for purposes of the 75% test are subject to the additional asset tests described below.

Second, the value of our interest in any one issuer's securities (other than debt and equity securities issued by any of our TRSs, qualified REIT subsidiaries, any other entity that is

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

disregarded as an entity separate from us, and any equity interest we may hold in a partnership) may not exceed 5% of the value of our total assets. Third, we may not own more than 10% of the voting power or 10% of the value of any one issuer's outstanding securities (other than debt and equity securities issued by any of our TRSs, qualified REIT subsidiaries, any other entity that is disregarded as an entity separate from us, and any equity interest we may hold in a partnership). Fourth, no more than 25% of the value of our total assets may consist of the securities of one or more TRSs. For purposes of the 10% value test, the term securities does not include certain straight debt securities.

Notwithstanding the general rule that, for purposes of the gross income and asset tests, a REIT is treated as owning its proportionate share of the underlying assets of a partnership in which it holds a partnership interest, if a REIT holds indebtedness issued by a partnership, the indebtedness will be subject to, and may cause a violation of the asset tests, unless it is a qualifying mortgage asset or otherwise satisfies the rules for straight debt. Similarly, although stock of another REIT qualifies as a real estate asset for purposes of the REIT asset tests, non-mortgage debt issued by another REIT may not so qualify.

Any regular or residual interest that we own in a REMIC will generally qualify as real estate assets. However, if less than 95% of the assets of a REMIC consist of assets that qualify as real estate assets, then we will be treated as holding directly our proportionate share of the assets of such REMIC for purposes of the asset tests.

We believe that the mortgage-backed securities that we hold and those we expect to hold will be qualifying assets for purposes of the 75% asset test. However, our investment in other asset-backed securities, bank loans and other instruments that are not secured by mortgages on real property will not be qualifying assets for purposes of the 75% asset test.

We have monitored and will continue to monitor the status of our assets for purposes of the various asset tests and will seek to manage our portfolio to comply at all times with such tests. There can be no assurance, however, that we will be successful in this effort. In this regard, to determine our compliance with these requirements, we will need to estimate the value of our assets to ensure compliance with the asset tests. We will not obtain independent appraisals to support our conclusions concerning the values of our assets, and we will generally rely on representations and warranties of sellers from whom we acquire mortgage loans concerning the loan-to-value ratios for such mortgage loans. Moreover, some of the assets that we may own may not be susceptible to precise valuation. Although we will seek to be prudent in making these estimates, there can be no assurance that the IRS will not disagree with these determinations and assert that a different value is applicable, in which case we might not satisfy the 75% asset test and the other asset tests and would fail to qualify as a REIT.

Failure to Satisfy Asset Tests

If we fail to satisfy the asset tests as the end of a quarter, we will not lose our REIT qualification if:

we satisfied the asset tests at the end of the preceding calendar quarter; and

the discrepancy between the value of our assets and the asset test requirements arose from changes in the market values of our assets and was not wholly or partly caused by the acquisition of one or more non-qualifying assets.

If we did not satisfy the condition described in the second bullet above, we still could avoid disqualification by eliminating any discrepancy within 30 days after the close of the calendar quarter in which it arose.

If we violate the 5% value test, 10% voting test or 10% value test described above at the end of any calendar quarter, we will not lose our REIT qualification if (i) the failure is de minimis (up to the lesser of 1% of our total assets or \$10 million) and (ii) we dispose of these assets or otherwise comply with the asset tests within six months after the last day of the quarter. In the event of a more than de minimis failure of any of the asset tests, as long as the failure was due to reasonable cause and not to willful neglect, we will not lose our REIT qualification if we (i) file with the IRS a schedule describing the assets that caused the failure, (ii) dispose of these assets or otherwise comply with the asset tests within six months after the last day of the quarter and (iii) pay a tax equal to the greater of \$50,000 per failure or an amount equal to the product of the highest corporate income tax rate (currently 35%) and the net income from the non-qualifying assets during the period in which we failed to satisfy the asset tests.

Annual Distribution Requirements

To qualify as a REIT, we are required to distribute dividends (other than capital gain dividends) to our stockholders in an amount at least equal to:

(A) the sum of

(i) 90% of our REIT taxable income (computed without regard to the dividends paid deduction and our net capital gains), and

(ii) 90% of the net income (after tax), if any, from foreclosure property (as described below), minus

(B) the sum of certain items of non-cash income.

In addition, if we were to recognize built-in-gain, we would be required to distribute at least 90% of the built-in-gain recognized net of the tax we would pay on such gain.

Such distributions must be paid in the taxable year to which they relate, or in the following taxable year if either (i) we declare the distribution before we file a timely federal income tax return for the year and pay the distribution with or before the first regular dividend payment after such declaration or (ii) we declare the distribution in October, November or December of the taxable year, payable to stockholders of record on a specified day in any such month, and we actually pay the dividends before the end of January of the following year. The distributions under clause (i) are taxable to the Owners of our capital stock in the year in which paid, and the distributions in clause (ii) are treated as paid on December 31 of the prior taxable year. In both instances, these distributions relate to our prior taxable year for purposes of the 90% distribution requirement.

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

We will pay federal income tax at corporate tax rates on our taxable income, including net capital gain, that we do not distribute to stockholders. Furthermore, if we fail to distribute during each calendar year, or by the end of January following the calendar year in the case of distributions with declaration and record dates falling in the last three months of the calendar year, at least the sum of (i) 85% of our REIT ordinary income for such year, (ii) 95% of our REIT capital gain income for such year and (iii) any undistributed taxable income from prior periods, we will be subject to a 4% nondeductible excise tax on the excess of such required distribution over the amounts actually distributed. We generally intend to make timely distributions sufficient to satisfy the annual distribution requirements and to avoid corporate federal income tax and the 4% nondeductible excise tax.

We may elect to retain, rather than distribute, our net capital gain and pay tax on such gains. In this case, we could elect to have our stockholders include their proportionate share of such undistributed capital gains in income and to receive a corresponding credit or refund, as the case may be, for their share of the tax paid by us. Stockholders would then increase the adjusted basis of their stock by the difference between the designated amounts of capital gains from us that they include in their taxable income, and the tax paid on their behalf by us with respect to that income.

To the extent that a REIT has available net operating losses carried forward from prior tax years, such losses may reduce the amount of distributions that it must make to comply with the REIT distribution requirements. Such losses, however, will generally not affect the character, in the hands of stockholders, of any distributions that are actually made by the REIT, which are generally taxable to stockholders to the extent that the REIT has current or accumulated earnings and profits. See Taxation of Stockholders, Taxation of Taxable Domestic Stockholders.

We may find it difficult or impossible to meet distribution requirements in certain circumstances. Due to the nature of the assets in which we will invest, we may be required to recognize taxable income from those assets in advance of our receipt of cash flow on or proceeds from disposition of such assets. For instance, we may be required to accrue interest and discount income on mortgage-backed securities and other types of debt securities or interests in debt securities before we receive any payments of interest or principal on such assets. Thus, for any taxable year, we may be required to fund distributions in excess of cash flow received from our investments. If such circumstances arise, then to fund our distribution requirement and maintain our status as a REIT we may have to sell assets at unfavorable prices, borrow at unfavorable terms, make taxable stock dividends, or pursue other strategies. We cannot be assured, however, any such strategy would be successful if our cash flow were to become insufficient to make the required distributions.

Under certain circumstances, we may be able to rectify a failure to meet the distribution requirement for a year by paying deficiency dividends to stockholders in a later year, which may be included in our deduction for dividends paid for the earlier year. Thus, we may be able to avoid being taxed on amounts distributed as deficiency dividends; however, we will be required to pay interest and a penalty to the IRS based on the amount of any deduction taken for deficiency dividends.

Failure to Qualify

If we fail to satisfy one or more requirements for REIT qualification, other than the gross income tests and the asset tests, we could avoid disqualification if our failure is due to reasonable cause and not to willful neglect and we pay a penalty of \$50,000 for each such failure. In addition, there are relief provisions for a failure of the gross income tests and asset tests, as described in **Gross Income Tests** and **Asset Tests**.

If we fail to qualify for taxation as a REIT in any taxable year, and the relief provisions do not apply, we will be subject to tax (including any applicable alternative minimum tax) on our taxable income at regular federal corporate income tax rates. Distributions to stockholders in any year in which we fail to qualify will not be deductible by us nor will they be required to be made. In such event, to the extent of current and accumulated earnings and profits, all distributions to stockholders will be taxable as ordinary income, and, subject to certain limitations of the Code, corporate stockholders may be eligible for the dividends received deduction, and individual stockholders and other non-corporate stockholders may be eligible to be taxed at the reduced 15% rate currently applicable to qualified dividend income (through 2010). Unless entitled to relief under specific statutory provisions, we will also be disqualified from taxation as a REIT for the four taxable years following the year during which qualification was lost. We cannot predict whether in all circumstances we would be entitled to such statutory relief.

Prohibited Transactions

Net income derived by a REIT from a prohibited transaction is subject to a 100% excise tax. The term **prohibited transaction** generally includes a sale or other disposition of property (other than foreclosure property) that is held primarily for sale to customers in the ordinary course of a trade or business. Although we do not expect that our assets will be held primarily for sale to customers or that a sale of any of our assets will be in the ordinary course of our business, these terms are dependent upon the particular facts and circumstances, and we cannot assure you that we will never be subject to this excise tax. The 100% tax does not apply to gains from the sale of property that is held through a TRS or other taxable corporation, although such income will be subject to tax in the hands of the corporation at regular federal corporate income tax rates.

Foreclosure Property

A REIT is subject to tax at the maximum corporate rate (currently 35%) on any income from foreclosure property, including gain from the disposition of such foreclosure property, other than income that otherwise would be qualifying income for purposes of the 75% gross income test. Foreclosure property is real property and any personal property incident to such real property (i) that is acquired by a REIT as result of the REIT having bid on such property at foreclosure, or having otherwise reduced the property to ownership or possession by agreement or process of law, after there was a default (or default was imminent) on a lease of such property or a mortgage loan held by the REIT and secured by the property, (ii) for which the related loan or lease was acquired by the REIT at a time when default was not imminent or anticipated and (iii) for which such REIT makes a proper election to treat the property as foreclosure property.

Any gain from the sale of property for which a foreclosure election has been made will not be subject to the 100% excise tax on gains from prohibited transactions described above, even if the property would otherwise constitute inventory or dealer property in the hands of the selling REIT. We have not received any income from foreclosure property and we do not expect to receive income from foreclosure property.

Taxable Mortgage Pools

An entity, or a portion of an entity, may be classified as a TMP under the Code if (i) substantially all of its assets consist of debt obligations or interests in debt obligations, (ii) more than 50% of those debt obligations are real estate mortgage loans, interests in real estate mortgage loans or interests in certain mortgage-backed securities as of specified testing dates, (iii) the entity has issued debt obligations that have two or more maturities and (iv) the payments required to be made by the entity on its debt obligations bear a relationship to the payments to be received by the entity on the debt obligations that it holds as assets. Under Treasury Regulations, if less than 80% of the assets of an entity (or a portion of an entity) consist of debt obligations, these debt obligations are considered not to comprise substantially all of its assets, and therefore the entity would not be treated as a TMP.

We do not intend to structure or enter into securitization or financing transactions that will cause us to be viewed as owning interests in one or more TMPs. Generally, if an entity or a portion of an entity is classified as a TMP, then the entity or portion thereof is treated as a taxable corporation and it cannot file a consolidated federal income tax return with any other corporation. If, however, a REIT owns 100% of the equity interests in a TMP, then the TMP is a qualified REIT subsidiary and, as such, ignored as an entity separate from the REIT.

If, notwithstanding our intent to avoid having the issuing entity in any of our securitization or financing transactions classified as a TMP, one or more of such transactions was so classified, then as long as we owned 100% of the equity interests in the issuing entity, all or a portion of the income that we recognize with respect to our investment in the issuing entity will be treated as excess inclusion income. Section 860E(c) of the Code defines the term *excess inclusion* with respect to a residual interest in a REMIC. The IRS, however, has yet to issue guidance on the computation of excess inclusion income on equity interests in a TMP held by a REIT. Generally, however, excess inclusion income with respect to our investment in any TMP and any taxable year will equal the excess of (i) the amount of income we accrue on our investment in the TMP over (ii) the amount of income we would have accrued if our investment were a debt instrument having an issue price equal to the fair market value of our investment on the day we acquired it and a yield to maturity equal to 120% of the long-term applicable federal rate in effect on the date we acquired our interest. The term *applicable federal rate* refers to rates that are based on weighted average yields for treasury securities and are published monthly by the IRS for use in various tax calculations. If we undertake securitization transactions that are TMPs, the amount of excess inclusion income we recognize in any taxable year could represent a significant portion of our total taxable for that year.

Although we intend to structure our securitization and financing transactions so that we will not recognize any excess inclusion income, we cannot assure you that we will always be successful in this regard. If, notwithstanding our intent, we recognized excess inclusion income,

then under guidance issued by the IRS we would be required to allocate the excess inclusion income proportionately among the dividends we pay to our stockholders and we must notify our stockholders of the portion of our dividends that represents excess inclusion income. The portion of any dividend you receive that is treated as excess inclusion income is subject to special rules. First, your taxable income can never be less than the sum of your excess inclusion income for the year; excess inclusion income cannot be offset with net operating losses or other allowable deductions. Second, if you are a tax-exempt organization and your excess inclusion income is subject to the unrelated business income tax, then the excess inclusion portion of any dividend you receive will be treated as unrelated business taxable income. Third, dividends paid to Foreign Owners who hold stock for investment and not in connection with a trade or business conducted in the United States will be subject to United States federal withholding tax without regard to any reduction in rate otherwise allowed by any applicable income tax treaty.

If we recognize excess inclusion income, and one or more Disqualified Organizations are record holders of shares of capital stock, we will be taxable at the highest federal corporate income tax rate on the portion of any excess inclusion income equal to the percentage of our stock that is held by Disqualified Organizations. In such circumstances, we may reduce the amount of our distributions to a Disqualified Organization whose stock ownership gave rise to the tax. To the extent that our capital stock owned by Disqualified Organizations is held by a broker/dealer or other nominee, the broker/dealer or other nominee would be liable for a tax at the highest corporate tax rate on the portion of our excess inclusion income allocable to our capital stock held by the broker/dealer or other nominee on behalf of the Disqualified Organizations.

If we own less than 100% of the equity interests in a TMP, the foregoing rules would not apply. Rather, the entity would be treated as a corporation for federal income tax purposes and would potentially be subject to federal corporate income tax. This could adversely affect our compliance with the REIT gross income and asset tests described above. We currently do not have, and currently do not intend to enter into any securitization or financing transaction that is a TMP in which we own some, but less than all, of the equity interests, and we intend to monitor the structure of any TMPs in which we have an interest to ensure that they will not adversely affect our status as a REIT. We cannot assure you that we will be successful in this regard.

Taxation of Owners

Taxation of Taxable Domestic Owners

Distributions. As long as we qualify as a REIT, distributions we make to our taxable Domestic Owners out of current or accumulated earnings and profits (and not designated as capital gain dividends) will be taken into account by them as ordinary income. Dividends we pay to a corporation will not be eligible for the dividends received deduction. In addition, distributions we make to individuals and other Owners that are not corporations generally will not be eligible for the 15% reduced rate of tax currently (through 2010) in effect for qualified dividend income. However, provided certain holding period and other requirements are met, an individual or other non-corporate Owner will be eligible for the 15% reduced rate with respect to (i) distributions attributable to dividends we receive from certain C corporations, such as our

TRSs, and (ii) distributions attributable to income upon which we have paid corporate income tax.

Distributions that we designate as capital gain dividends will be taxed as long-term capital gains (to the extent that they do not exceed our actual net capital gain for the taxable year) without regard to the period for which you have owned our capital stock. However, corporate Owners may be required to treat up to 20% of certain capital gain dividends as ordinary income. Long-term capital gains are generally taxable at maximum federal rates of 15% (through 2010) in the case of individuals, trusts and estates, and 35% in the case of corporations.

Rather than distribute our net capital gains, we may elect to retain and pay the federal income tax on them, in which case you will (i) include your proportionate share of the undistributed net capital gains in income, (ii) receive a credit for your share of the federal income tax we pay and (iii) increase the basis in your capital stock by the difference between your share of the capital gain and your share of the credit.

Distributions in excess of our current and accumulated earnings and profits will not be taxable to you to the extent that they do not exceed your adjusted tax basis in our capital stock you own, but rather, will reduce your adjusted tax basis in your capital stock. Assuming that the capital stock you own is a capital asset, to the extent that such distributions exceed your adjusted tax basis in the capital stock you own, you must include them in income as long-term capital gain (or short-term capital gain if the capital stock has been held for one year or less).

If we declare a dividend in October, November or December of any year that is payable to stockholders of record on a specified date in any such month, but actually distribute the amount declared in January of the following year, then you must treat the January distribution as though you received it on December 31 of the year in which we declared the dividend. In addition, we may elect to treat other distributions after the close of the taxable year as having been paid during the taxable year, but you will be treated as having received these distributions in the taxable year in which they are actually made.

To the extent that we have available net operating losses and capital losses carried forward from prior tax years, such losses may reduce the amount of distributions that we must make to comply with the REIT distribution requirements. See Annual Distribution Requirements. Such losses, however, are not passed through to you and do not offset your income from other sources, nor would they affect the character of any distributions that you receive from us; you will be subject to tax on those distributions to the extent that we have current or accumulated earnings and profits.

Although we do not expect to recognize any excess inclusion income, if we did recognize excess inclusion income, we would identify a portion of the distributions that we make to you as excess inclusion income. Your taxable income can never be less than the sum of your excess inclusion income for the year; excess inclusion income cannot be offset with net operating losses or other allowable deductions. See Taxable Mortgage Pools.

Dispositions of Our Stock. Any gain or loss you recognize upon the sale or other disposition of our capital stock will generally be capital gain or loss for federal income tax

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

purposes, and will be long-term capital gain or loss if you held the capital stock for more than one year. In addition, any loss you recognize upon a sale or exchange of our capital stock that you have owned for six months or less (after applying certain holding period rules) will generally be treated as a long-term capital loss to the extent of distributions received from us that you are required to treat as long-term capital gain.

If you recognize a loss upon a disposition of our capital stock in an amount that exceeds a prescribed threshold, it is possible that the provisions of recently adopted Treasury Regulations involving reportable transactions could apply, with a resulting requirement to separately disclose the loss-generating transaction to the IRS. While these regulations are directed towards tax shelters, they are written quite broadly, and apply to transactions that would not typically be considered tax shelters. In addition, recently enacted legislation imposes significant penalties for failure to comply with these requirements. You should consult your tax advisor concerning any possible disclosure obligation with respect to the receipt or disposition of our capital stock, or transactions that might be undertaken directly or indirectly by us. Moreover, you should be aware that we and other participants in the transactions involving us (including our advisors) may be subject to disclosure or other requirements pursuant to these regulations.

Amounts that you are required to include in taxable income with respect to our capital stock you own, including taxable distributions and the income you recognize with respect to undistributed net capital gain, and any gain recognized upon your disposition of our capital stock, will not be treated as passive activity income. You may not offset any passive activity losses you may have, such as losses from limited partnerships in which you have invested, with income you recognize with respect to our shares of capital stock. Generally, income you recognize with respect to our capital stock will be treated as investment income for purposes of the investment interest limitations.

Information Reporting and Backup Withholding. We will report to you and to the IRS the amount of distributions on our capital stock or interest on debt securities we pay during each calendar year and the amount of tax we withhold, if any. Under the backup withholding rules, you may be subject to backup withholding at a current rate of 28% with respect to such distributions or interest unless you:

are a corporation or come within certain other exempt categories and, when required, demonstrate this fact; or

provide a taxpayer identification number, certify as to no loss of exemption from backup withholding, and otherwise comply with the applicable requirements of the backup withholding rules.

Any amount paid as backup withholding will be creditable against your federal income tax liability. For a discussion of the backup withholding rules as applied to foreign owners, see *Taxation of Foreign Owners*.

Taxation of Tax-Exempt Owners

Tax-exempt entities, including qualified employee pension and profit sharing trusts and individual retirement accounts, are generally exempt from federal income taxation. However,

they are subject to taxation on their unrelated business taxable income (UBTI). Provided that a tax-exempt Owner (i) has not held our capital stock as debt financed property within the meaning of the Code and (ii) has not used our capital stock in an unrelated trade or business, amounts that we distribute to tax-exempt Owners generally should not constitute UBTI. However, a tax-exempt Owner's allocable share of any excess inclusion income that we recognize will be subject to tax as UBTI. See Taxable Mortgage Pools. We intend to structure our securitization and financing transactions so that we will avoid recognizing any excess inclusion income.

Tax-exempt Owners that are social clubs, voluntary employee benefit associations, supplemental unemployment benefit trusts and qualified group legal services plans, exempt from taxation under special provisions of the federal income tax laws, are subject to different UBTI rules, which generally will require them to characterize distributions that they receive from us as UBTI.

In certain circumstances, a qualified employee pension trust or profit sharing trust that owns more than 10% of our stock could be required to treat a percentage of the dividends that it receives from us as UBTI if we are a pension-held REIT. We will not be a pension-held REIT unless either (a) one pension trust owns more than 25% of the value of our stock or (b) a group of pension trusts individually holding more than 10% of our stock collectively owns more than 50% of the value of our stock. However, the restrictions on ownership and transfer of our stock, as described under Description of Capital Stock Restrictions on Ownership and Transfer are designed among other things to prevent a tax-exempt entity from owning more than 10% of the value of our stock, thus making it unlikely that we will become a pension-held REIT.

Taxation of Foreign Owners

The following is a summary of certain U.S. federal income and estate tax consequences of the ownership and disposition of our capital stock applicable to a Foreign Owner.

If a partnership, including for this purpose any entity that is treated as a partnership for U.S. federal income tax purposes, holds our capital stock, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. An investor that is a partnership having Foreign Owners as partners should consult its tax advisors about the U.S. federal income tax consequences of the acquisition, ownership and disposition of our capital stock.

The discussion is based on current law and is for general information only. The discussion addresses only certain and not all aspects of U.S. federal income and estate taxation.

Ordinary Dividend Distributions. The portion of dividends received by a Foreign Owner payable out of our current and accumulated earnings and profits that are not attributable to our capital gains and that are not effectively connected with a U.S. trade or business of the Foreign Owner will be subject to U.S. withholding tax at the rate of 30% (unless reduced by an applicable income tax treaty). In general, a Foreign Owner will not be considered engaged in a U.S. trade or business solely as a result of its ownership of our capital stock. In cases where the dividend income from a Foreign Owner's investment in our capital stock is (or is treated as)

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

effectively connected with the Foreign Owner's conduct of a U.S. trade or business, the Foreign Owner generally will be subject to U.S. tax at graduated rates, in the same manner as Domestic Owners are taxed with respect to such dividends (and may also be subject to the 30% branch profits tax in the case of a foreign owner that is a foreign corporation). If a Foreign Owner is the record holder of shares of our capital stock, we plan to withhold U.S. income tax at the rate of 30% on the gross amount of any distribution paid to a Foreign Owner unless:

a lower income treaty rate applies and the Foreign Owner provides us with an IRS Form W-8BEN evidencing eligibility for that reduced rate; or

the Foreign Owner provides us with an IRS Form W-8ECI certifying that the distribution is effectively connected income.

Under some income tax treaties, lower withholding tax rates do not apply to ordinary dividends from REITs. Furthermore, reduced treaty rates are not available to the extent that distributions are treated as excess inclusion income. See Taxable Mortgage Pools. We intend to structure our securitization and financing transactions so that we will avoid recognizing any excess inclusion income.

Non-Dividend Distributions. Distributions we make to a Foreign Owner that are not considered to be distributions out of our current and accumulated earnings and profits will not be subject to U.S. federal income or withholding tax unless the distribution exceeds the Foreign Owner's adjusted tax basis in our capital stock at the time of the distribution and, as described below, the Foreign Owner would otherwise be taxable on any gain from a disposition of our capital stock. If it cannot be determined at the time a distribution is made whether or not such distribution will be in excess of our current and accumulated earnings and profits, the entire distribution will be subject to withholding at the rate applicable to dividends. A Foreign Owner may, however, seek a refund of such amounts from the IRS if it is subsequently determined that the distribution was, in fact, in excess of our current and accumulated earnings and profits, provided the proper forms are timely filed with the IRS by the Foreign Owner.

Capital Gain Dividends. Distributions that we make to Foreign Owners that are attributable to our disposition of U.S. real property interests (USRPI, which term does not include interests in mortgage loans and mortgage backed securities) are subject to U.S. federal income and withholding taxes pursuant to the Foreign Investment in Real Property Act of 1980, or FIRPTA, and may also be subject to branch profits tax if the Foreign Owner is a corporation that is not entitled to treaty relief or exemption. Although we do not anticipate recognizing any gain attributable to the disposition of USRPI, as defined by FIRPTA, Treasury Regulations interpreting the FIRPTA provisions of the Code could be read to impose a withholding tax at a rate of 35% on all of our capital gain dividends (or amounts we could have designated as capital gain dividends) paid to Foreign Owners, even if no portion of the capital gains we recognize during the year are attributable to our disposition of USRPI. However, in any event, the FIRPTA rules will not apply to distributions to a Foreign Owner with respect to any class of our capital stock so long as (i) such class of stock is regularly traded (as defined by applicable Treasury Regulations) on an established securities market, and (ii) the Foreign Owner owns (actually or constructively) no more than 5% of such class of stock at any time during the one-year period ending with the date of the distribution.

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

Dispositions of Our Stock. Unless our capital stock constitutes a USRPI, a sale of our capital stock by a Foreign Owner generally will not be subject to U.S. federal income tax under FIRPTA. We do not expect that our capital stock will constitute a USRPI. Our capital stock will not constitute a USRPI if less than 50% of our assets throughout a prescribed testing period consist of interests in real property located within the United States, excluding, for this purpose, interest in real property solely in the capacity as a creditor. Even if the foregoing test is not met, our capital stock will not constitute a USRPI if we are a domestically controlled REIT. A domestically controlled REIT is a REIT in which, at all times during a specified testing period, less than 50% in value of its shares is held directly or indirectly by foreign owners. We do not intend to maintain records to determine whether we are a domestically controlled REIT for this purpose.

Even if we do not constitute a domestically controlled REIT, a Foreign Owner's sale of a class of our capital stock generally will still not be subject to tax under FIRPTA as a sale of a USRPI provided that (i) such class of stock is regularly traded (as defined by applicable Treasury Regulations) on an established securities market and (ii) the selling Foreign Owner has owned (actually or constructively) 5% or less of such class of stock at all times during a specified testing period.

If gain on the sale of our capital stock were subject to taxation under FIRPTA, the Foreign Owner would generally be subject to the same treatment as a Domestic Owner with respect to such gain (subject to applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals) and the purchaser of the capital stock could be required to withhold 10% of the purchase price and remit such amount to the IRS.

Capital gains not subject to FIRPTA will nonetheless be taxable in the United States to a Foreign Owner in two cases. First, if the Foreign Owner's investment in our capital stock is effectively connected with a U.S. trade or business conducted by such Foreign Owner, the Foreign Owner will generally be subject to the same treatment as a Domestic Owner with respect to such gain. Second, if the Foreign Owner is a nonresident alien individual who was present in the United States for 183 days or more during the taxable year and has a tax home in the United States, the nonresident alien individual will be subject to a 30% tax on the individual's capital gain.

Estate Tax. Our capital stock owned or treated as owned by an individual who is not a citizen or resident of the United States (as specially defined for U.S. federal estate tax purposes) at the time of death will be includible in the individual's gross estate for U.S. federal estate tax purposes, unless an applicable estate tax treaty provides otherwise. Such individual's estate may be subject to U.S. federal estate tax on the property includible in the estate for U.S. federal estate tax purposes.

Information Reporting and Backup Withholding. Under current Treasury Regulations, information reporting and backup withholding will not apply to payments on the debt securities or our capital stock made by us or our paying agent (in its capacity as such) to you if you have provided the required certification that you are a Foreign Owner provided that neither we nor our paying agent has actual knowledge or reason to know that you are a Domestic Owner. However, we or our paying agent may be required to report to the IRS and you payments of interest on the

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

debt securities or dividends on our capital stock and the amount of tax, if any, withheld with respect to those payments. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which you reside under the provisions of a treaty or agreement. The gross proceeds from the disposition of your debt securities or capital stock may be subject to information reporting and backup withholding tax (currently at a maximum rate of 28%). If you sell your debt securities or capital stock outside the United States through a non-U.S. office of a non-U.S. broker and the sales proceeds are paid to you outside the United States, then the U.S. information reporting and backup withholding requirements generally will not apply to that payment. However, U.S. information reporting, but not backup withholding, will apply to a payment of sales proceeds, even if that payment is made outside the United States, if you sell your debt securities or capital stock through a non-U.S. office of a broker that:

is a U.S. person;

derives 50% or more of its gross income in specific periods from the conduct of a trade or business in the United States;

is a controlled foreign corporation for U.S. federal income tax purposes; or

is a foreign partnership, if at any time during its tax year:

o one or more of its partners are U.S. persons who in the aggregate hold more than 50% of the income or capital interests in the partnership; or

o the foreign partnership is engaged in a U.S. trade or business,

unless the broker has documentary evidence in its files that you are a Foreign Owner and certain other conditions are met or you otherwise establish an exemption.

If you receive payment of the proceeds of a sale of your debt securities or capital stock to or through a U.S. office of a broker, the payment is subject to both U.S. backup withholding and information reporting unless you provide an IRS Form W-8BEN certifying that you are a Foreign Owner or you otherwise establish an exemption, provided that the broker does not have actual knowledge or reason to know that you are not a Foreign Owner or the conditions of any other exemption are not, in fact, satisfied.

You are encouraged to consult your own tax advisor regarding application of backup withholding in your particular circumstance and the availability of and procedure for obtaining an exemption from backup withholding under current Treasury Regulations. Any amounts withheld under the backup withholding rules from a payment to you will be allowed as a refund or credit against your U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

Other Tax Consequences

Possible Legislative or Other Actions Affecting Tax Consequences. Prospective investors should recognize that the present federal income tax treatment of an investment in our capital stock may be modified by legislative, judicial or administrative action at any time, and that any such action may affect investments and commitments previously made. The rules dealing with

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

federal income taxation are constantly under review by persons involved in the legislative process and by the IRS and Treasury Department, resulting in revisions of regulations and revised interpretations of established concepts as well as statutory changes. Revisions in federal tax laws and interpretations thereof could adversely affect the tax consequences of an investment in our capital stock.

State and Local Taxes. We and our stockholders may be subject to state or local taxation in various state or local jurisdictions, including those in which we or they transact business or reside. The state and local tax treatment may not conform to the federal income tax consequences discussed above. Consequently, prospective investors should consult their own tax advisors regarding the effect of state and local tax laws on an investment in our capital stock.

PLAN OF DISTRIBUTION

We may sell the securities offered pursuant to this prospectus and any accompanying prospectus supplements to or through one or more underwriters or dealers or we may sell the securities to investors directly or through agents. Each prospectus supplement, to the extent applicable, will describe the number and terms of the securities to which such prospectus supplement relates, the name or names of any underwriters or agents with whom we have entered into arrangements with respect to the sale of such securities, the public offering or purchase price of such securities, the net proceeds we will receive from such sale and any discounts or concessions allowed or reallocated or paid to dealers. Any underwriter or agent involved in the offer and sale of the securities will be named in the applicable prospectus supplement. We may sell securities directly to investors on our own behalf in those jurisdictions where we are authorized to do so.

Underwriters may offer and sell the securities at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to the prevailing market prices or at negotiated prices. We also may, from time to time, authorize dealers or agents to offer and sell these securities upon such terms and conditions as may be set forth in the applicable prospectus supplement. In connection with the sale of any of these securities, underwriters may receive compensation from us in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the securities for whom they may act as agent. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for which they may act as agents.

Shares may also be sold in one or more of the following transactions: (a) block transactions (which may involve crosses) in which a broker-dealer may sell all or a portion of the shares as agent but may position and resell all or a portion of the block as principal to facilitate the transaction; (b) purchases by a broker-dealer as principal and resale by the broker-dealer for its own account pursuant to a prospectus supplement; (c) a special offering, an exchange distribution or a secondary distribution in accordance with applicable New York Stock Exchange or other stock exchange rules; (d) ordinary brokerage transactions and transactions in which a broker-dealer solicits purchasers; (e) sales at the market to or through a market maker or into an existing trading market, on an exchange or otherwise, for shares; and (f) sales in other ways not involving market makers or established trading markets, including direct sales to purchasers. Broker-dealers may also receive compensation from purchasers of the shares which is not expected to exceed that customary in the types of transactions involved.

Any underwriting compensation paid by us to underwriters or agents in connection with the offering of these securities, and any discounts or concessions or commissions allowed by underwriters to participating dealers, will be set forth in the applicable prospectus supplement. Dealers and agents participating in the distribution of the securities may be deemed to be underwriters, and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions.

Underwriters, dealers and agents may be entitled, under agreements entered into with us, to indemnification against and contribution toward certain civil liabilities, including liabilities

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form 424B3

under the Securities Act of 1933. Unless otherwise set forth in the accompanying prospectus supplement, the obligations of any underwriters to purchase any of these securities will be subject to certain conditions precedent.

In connection with the offering of the securities hereby, certain underwriters, and selling group members and their respective affiliates, may engage in transactions that stabilize, maintain or otherwise affect the market price of the applicable securities. These transactions may include stabilization transactions effected in accordance with Rule 104 of Regulation M promulgated by the SEC pursuant to which these persons may bid for or purchase securities for the purpose of stabilizing their market price.

The underwriters in an offering of securities may also create a short position for their account by selling more securities in connection with the offering than they are committed to purchase from us. In that case, the underwriters could cover all or a portion of the short position by either purchasing securities in the open market following completion of the offering of these securities or by exercising any over-allotment option granted to them by us. In addition, the managing underwriter may impose penalty bids under contractual arrangements with other underwriters, which means that they can reclaim from an underwriter (or any selling group member participating in the offering) for the account of the other underwriters, the selling concession for the securities that are distributed in the offering but subsequently purchased for the account of the underwriters in the open market. Any of the transactions described in this paragraph or comparable transactions that are described in any accompanying prospectus supplement may result in the maintenance of the price of the securities at a level above that which might otherwise prevail in the open market. None of the transactions described in this paragraph or in an accompanying prospectus supplement are required to be taken by any underwriters and, if they are undertaken, may be discontinued at any time.

Our common stock is listed on the New York Stock Exchange under the symbol NLY and our Series A Preferred Stock is listed on the New York Stock Exchange under the symbol NLY PrA. Except for our common stock or as otherwise described in the applicable prospectus supplement, all other securities will be new issues of securities with no established trading market and may or may not be listed on a national securities exchange. Any underwriters or agents to or through which securities are sold by us may make a market in the securities, but these underwriters or agents will not be obligated to do so and any of them may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of or trading market for any securities sold by us.

Underwriters, dealers and agents may engage in transactions with, or perform services for, us and our affiliates in the ordinary course of business. Underwriters have from time to time in the past provided, and may from time to time in the future provide, investment banking services to us for which they have in the past received, and may in the future receive, customary fees.
