This document is in two parts. The first part is this prospectus supplement, which describes the specific terms of this offering and certain other matters. The second part, the prospectus, gives more general information about securities we may offer from time to time. Generally, when we refer to the prospectus, we are referring to both parts of this document combined. You should read both this prospectus supplement and the accompanying prospectus, together with additional information described under the headings "Where You Can Find Additional Information" and "Incorporation by Reference". To the extent the description of our securities in this prospectus supplement differs from the description of our securities in the accompanying prospectus, you should rely on the information in this prospectus supplement.

You should rely only on the information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus. We have not, and the underwriters have not, authorized anyone to provide you with different information. The distribution of this prospectus and sale of these securities in certain jurisdictions may be restricted by law. Persons in possession of this prospectus supplement or the accompanying prospectus are required to inform themselves about and observe any such restrictions. We are not making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus supplement is accurate as of the date on the front cover of this prospectus supplement only. Our business, financial condition, results of operations and prospects may have changed since that date.

It is expected that delivery of the shares of Series E Preferred Stock will be made on or about the closing date specified on the cover page of this prospectus supplement, which will be the third business day following the date of pricing of the Series E Preferred Stock (this settlement cycle being referred to as T+3). Under Rule 15c6-1 of the Securities Exchange Act of 1934, trades in the secondary market generally are required to settle in two business days, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Series E Preferred Stock on the initial pricing date of the Series E Preferred Stock will be required, by virtue of the fact that the Series E Preferred Stock initially will settle in T+3, to specify alternative settlement arrangements at the time of any such trade to prevent a failed settlement and should consult their own advisor.

We use the term twenty foot equivalent unit, or TEU, the international standard measure of containers, in describing the capacity of our containerships.

Before making your investment decision, you should carefully read the prospectus and the documents referred to in Where You Can Find Additional Information and Incorporation by Reference for information about us, including our financial statements.

Unless otherwise indicated, all references to currency amounts in this prospectus supplement and the accompanying prospectus are in U.S. dollars.

Unless otherwise indicated, all data regarding our fleet and the terms of our charters is as of January 24, 2018 and references to our fleet at future dates assume there have been no additional acquisitions, including acquisitions pursuant to the Framework Deed dated as of May 15, 2013 and as amended and restated on May 18, 2015 (the Framework Deed) between the Company and its wholly-owned subsidiary, Costamare Ventures Inc. (Costamare Ventures), on the one hand, and York Capital Management Global Advisors LLC and an affiliated fund (collectively, together with the funds it manages or advises, York), on the other, by vessel-owning joint venture entities in which we hold a minority equity interest (any such jointly-owned vessel, including any vessel under construction, referred to as a Joint Venture vessel) and no dispositions.

Our Company

We are an international owner of containerships, chartering our vessels to many of the world's largest liner companies. As of January 24, 2018, we had a fleet of 71 containerships with a total capacity of approximately 466,000 TEU, making us one of the largest public containership companies in the world based on total TEU capacity. At that date, our fleet consisted of (i) 70 vessels in the water, aggregating approximately 462,000 TEU and (ii) one newbuild vessel of 3,800 TEU that is scheduled to be delivered to us during the second quarter of 2018, based on the current shipyard schedule. Eighteen of our containerships, including one newbuild on order, have been acquired pursuant to the Framework Deed with York by vessel-owning joint venture entities in which we hold a minority equity interest.

Costamare Inc. was incorporated in the Republic of The Marshall Islands on April 21, 2008 under the Marshall Islands Business Corporations Act. We are controlled by members of the Konstantakopoulos family, which has a long history of operating and investing in the international shipping industry, including a long history of vessel ownership. We were founded in 1974 and initially owned and operated drybulk carrier vessels. In 1984 we became the first

Greek-owned company to enter the containership market and, since 1992, we have focused exclusively on containerships. After assuming management of our company in 1998, Konstantinos Konstantakopoulos has concentrated on building a large, modern and reliable containership fleet run and supported by highly skilled, experienced and loyal personnel. Under Konstantinos

S-1

Konstantakopoulos's leadership, we have continued to foster a company culture focusing on excellent customer service, industry leadership and innovation.

In November 2010, we completed an initial public offering of our common stock in the United States and our common stock began trading on the NYSE on November 4, 2010 under the ticker symbol **CMRE**. On March 27, 2012 and October 19, 2012, we completed two follow-on public offerings of our common stock. On August 7, 2013, we completed a public offering of our Series B Preferred Stock, on January 21, 2014, we completed a public offering of our Series C Preferred Stock and on May 13, 2015, we completed a public offering of our Series D Preferred Stock. On July 6, 2016, we implemented a Dividend Reinvestment Plan that offers holders of our common stock the opportunity to purchase additional shares by having their cash dividends automatically reinvested in our common stock at a discount to current market price. On December 5, 2016, we completed a follow-on public offering of our common stock. On May 31, 2017, we completed an additional follow-on public offering of our common stock.

Under the Framework Deed, entered into in May 2013 and amended and restated in May 2015, we have agreed with York to invest in newbuild and secondhand container vessels through jointly held companies, thereby increasing our ability to expand our operations while diversifying our risk. The joint venture established by the Framework Deed is expected to be each party's exclusive joint venture for the acquisition of vessels in the containership industry during the commitment period ending May 18, 2020, unless terminated earlier in certain circumstances (although we may acquire vessels outside the joint venture where York rejects on a vessel acquisition opportunity). If York decides to participate in a new vessel acquisition, we will hold a 25% to 75% equity interest in such vessel.

As of January 24, 2018, the joint venture had executed transactions with capital expenditure commitments of approximately \$1.2 billion. As of January 24, 2018, the remaining installment for the remaining newbuild ordered under the Framework Deed with York was approximately \$30.6 million, out of which debt and lease financing had been committed for \$28.4 million. The Company's portion relating to the remaining commitments at that time was \$1.07 million. As part of the Framework Deed, we hold a minority stake in the existing Joint Venture vessels and expect to hold a stake of 25% to 75% in future Joint Venture vessels. For more information on the Company's capital expenditures and divestitures see Note 9 to our unaudited consolidated financial statements included in our Form 6-K furnished to the SEC on November 1, 2017, and incorporated by reference into this prospectus.

Our Fleet and Newbuilds

The tables below provide additional information, as of January 24, 2018, about our fleet of containerships, including our newbuild on order, the vessels acquired pursuant to the Framework Deed and those vessels subject to sale and leaseback agreements. Each vessel is a cellular containership, meaning it is a dedicated container vessel.

Our Competitive Strengths

We believe that we possess a number of competitive strengths that will allow us to capitalize on growth opportunities in the containership sector, including:

Track Record of Navigating Through Strong and Weak Containership Markets.

Consistent with our strategy of actively managing the size of our fleet through timely acquisitions and dispositions, we grew our fleet from 21 containerships with an aggregate capacity of 43,735 TEU in 2000 to a peak of 53 containerships of 227,778 TEU in 2008, followed by a proactive decrease in response to market conditions in 2009 and the first half of 2010 to a fleet of 42 containerships with a total capacity of 213,348 TEU as of June 30, 2010. Since the time of our initial public offering in November 2010, we have paid or committed to pay approximately \$1.8 billion in vessel acquisitions and newbuilds, including investments under the Framework Deed. As a result, through the date of this prospectus supplement, we have grown our fleet to 71 containerships with a total capacity of approximately 466,000 TEU, including one newbuild on order. Eighteen of our containerships, including one newbuild, have been acquired pursuant to the Framework Deed by vessel-owning Joint Venture entities in which we hold a minority equity interest. We believe that the financial flexibility, together with our experience, reputation, quality of services and long-standing relationships with container shipping industry participants and major financial institutions, position us to continue to renew and expand our fleet, including through our joint venture with York, with further acquisitions of newbuild and high-quality secondhand vessels at attractive prices.

Base of Contracted Cash Flows Through Fixed-Duration Charter Coverage with Staggered Charter Expiration Dates.

The containership market has been improving since the end of 2016 and we believe that the fixed-duration and fixed-rate nature of most of our charters, arranged at different points in the shipping cycle, will continue to provide us with a stable base of contracted future revenue. As of January 24, 2018, the average (weighted by TEU capacity) remaining time-charter duration for our fleet of 71 containerships was approximately 2.9 years (adjusted for our ownership percentage on the existing Joint Venture vessels), based on the remaining fixed terms and assuming the exercise of any owner's extension options and the non-exercise of any charterer's extension options under our containerships' charters. The staggered maturities of the charters for vessels that expire in the next few years mean that we may conduct our re-chartering activity in varying rate environments and may have the opportunity to tailor our charter terms accordingly. As of September 30, 2017, fixed-term charters represented an aggregate of \$1.3 billion of contracted revenue, assuming the exercise of any owner's extension options and the non-exercise of any charterer's extension options under our containerships' charters and 365 revenue days per annum per containership (which amount includes our ownership percentage of contracted revenue for the existing Joint Venture vessels). Ten of these charters include an option exercisable by either party to extend the term: five vessels for two one-year periods at the same charter rate, which represents an additional \$152.4 million of potential contracted revenue, and five Joint Venture vessels for a three-year period and a subsequent two-year period at the same charter rate, which represents an additional \$170.5 million of potential contracted revenue that is attributable to our participation in the relevant vessel-owning entities.

Large, Diversified High-Quality Fleet.

Our fleet of 71 containerships, which includes one newbuild on order and the 17 vessels in the water acquired pursuant to the Framework Deed with York, consists of containerships of various sizes and has been assembled to

meet our customers' needs and is able to operate on East-West, North-South and Intra-regional trade routes, giving us increased flexibility in re-chartering our containerships. We believe our containerships are built to high standards by reputable shipyards and

S-5

have been carefully maintained by our managers. We also believe that the reliability of our fleet has been a critical factor in retaining our active and long-standing relationships with the leading liner companies. We believe that owning a large, high-quality and diverse fleet provides us with a competitive advantage in securing future employment for our containerships.

Experienced Management Team.

Our company and founders have a long history of operating and investing in the container shipping industry beginning in 1984. Our managers' senior management teams have a combined average of approximately 40 years of experience in the shipping industry. We believe that we are able to secure attractive fixed duration charters with leading liner companies because of, among other things, our operating track record and our high level of service and support.

Long-Standing Relationships with Leading Charterers.

Though our business is affected by changes in global and regional economic activity and by developments in the containership industry, we believe that by chartering our containerships to leading liner companies, including those we perceive to be most financially and operationally sound, we reduce our potential charter counterparty risk. We currently charter containerships to A.P. Moller-Maersk A/S, Mediterranean Shipping Company, S.A., members of the Evergreen Group, Hapag Lloyd Aktiengesellschaft, Hamburg Süd, Zim Integrated Shipping Services, Sea Consortium Pte Ltd., CMA CGM, Pacific International Lines (Pte) Ltd., Sea Consortium, OOCL, NileDutch, APL and Cosco Container Lines Co., Ltd.

Access to Capital to Meet Existing Capital Requirements for our Newbuilds and Potential Growth Plans.

Since the time of our initial public offering in November 2010, we have arranged debt financing of approximately \$2.3 billion to fund our newbuilding program and vessel acquisitions, including the investments under the Framework Deed with York. As of January 24, 2018, the Joint Venture entities had committed financing for one remaining newbuild contract. In addition, as of September 30, 2017, we had \$233.7 million of cash liquidity, consisting of cash, cash equivalents and restricted cash and three unencumbered vessels, all three of which are Joint Venture vessels. We believe that our available liquidity and our access to diversified sources of capital, including debt, equity and our joint venture with York will help us to weather adverse market conditions, meet our existing capital requirements and make additional selective vessel acquisitions as they become available.

Our Business Strategies

Our primary objectives are to profitably grow our business, increase earnings and distributable cash flow per share and maximize value to our stockholders by pursuing the following strategies:

Invest in Vessels at an Attractive Point in the Container Shipping Cycle.

Given our broad and established customer relationships and financial flexibility, we believe we are well-positioned to take advantage of opportunities that may materialize to acquire newbuild and secondhand vessels at attractively low prices. As an established owner of containerships with significant experience and relationships in the containership sector, we believe we will have ready access to vessel acquisition opportunities from shipyards, our liner company customers, other shipowners, financial institutions and shipbrokers; chartering opportunities with leading liner companies; and available financing alternatives that will facilitate the further renewal and expansion of our fleet.

We expect to continue expanding our fleet at the appropriate point in the cycle by acquiring additional containerships at favorable prices through our joint venture with York or on our own using our available resources, which include

cash, the net proceeds of this offering and, as necessary and available, borrowings under new credit facilities. To this end, we continually evaluate potential transactions and enter into relevant negotiations for the acquisition of newbuilds and secondhand

S-6

vessels. However, there can be no assurance that we will complete any vessel acquisitions and we may choose to instead reduce our fleet with regard to the perceived market direction.

Actively Manage Portfolio of Charters Through the Shipping Cycle.

We believe that a focus on high-quality charterers and a carefully managed charter expiry profile are critical to our business strategy. Our largest customers for the nine months ended September 30, 2017, were MSC, Evergreen and A.P. Moller-Maersk, which we perceive to be among the most creditworthy liner companies. We intend to continue chartering our containerships to high-quality charterers and further expand the number of leading liner companies chartering our vessels in order to diversify further our portfolio of time charters from customer, geographic and maturity perspectives. We expect that our strategy will also allow us to re-charter our containerships during various points in the charter market cycle. While we believe that diversifying our customer base is important in order to reduce our revenue concentration and moderate our exposure to any one customer, we will also continue to focus our chartering on high quality, financially strong counterparties. However, there can be no assurance that we may be able to obtain new charters or that our counterparties will continue to honor their contractual obligations.

Continue to Manage Our Balance Sheet and Access to Capital.

We believe that management of our balance sheet, including management of cash and capital commitments, will continue to give us financial flexibility. We believe that we have taken advantage of opportunities at attractive points of the container shipping cycle and that we are well-positioned to continue to do so. As of September 30, 2017, we had \$233.7 million of cash liquidity, consisting of cash, cash equivalents and restricted cash and three unencumbered vessels, all three of which are Joint Venture vessels. As of January 24, 2018, we had outstanding commitments relating to our remaining one contracted newbuild, which has been ordered under the Framework Deed with York, aggregating approximately \$30.6 million payable in installments until the vessel is delivered, out of which \$28.4 million will be funded through committed financing. As of January 24, 2018, our remaining equity commitments in the relevant jointly-owned entities amount to \$1.07 million.

Provide High-Quality Customer Service.

We seek to provide high-quality customer service that allows our customers to implement integrated logistics solutions in the marketplace. Our managers' ship management approach is to tailor their services by vessel type and age, which we believe has helped to differentiate us with our charterers and extend our charters and the useful lives of our containerships. We believe that having both affiliated and third-party management companies allows us to have a deep pool of operational management in multiple locations with market-specific experience and relationships, as well as the geographic flexibility needed to manage and crew our large and diverse fleet so as to provide a high level of service, while remaining cost-effective. We also believe that our focus on customer service and reliability enhances our relationships with our charterers. In the past decade, we have had successful chartering relationships with the majority of the top 20 liner companies by TEU capacity.

RISK FACTORS

Any investment in our Series E Preferred Stock involves a high degree of risk. You should carefully consider the important factors set forth under the heading **Risk Factors** starting on page 3 of our Annual Report on Form 20-F, which was filed with the SEC on March 14, 2017 and incorporated herein by reference, before investing in our Series E Preferred Stock. For further details, see the sections entitled **Where You Can Find Additional Information** and **Incorporation by Reference**.

Any of the risk factors referred to above or provided below could significantly and negatively affect our business, results of operations or financial condition, which may reduce our ability to pay dividends and lower the trading price of our common stock as well as the trading price of our Series E Preferred Stock, which may be listed on the NYSE. The risks referred to above are not the only ones that may exist. Additional risks not currently known by us or that we deem immaterial may also impair our business operations. You may lose all or a part of your investment. In addition, potential investors should consider the following risks and uncertainties with respect to your investment in the Series E Preferred Stock.

Risks Related to the Series E Preferred Stock

We may not have sufficient cash from our operations to enable us to pay dividends on or to redeem our Series E Preferred Stock following the payment of expenses.

We will pay quarterly dividends on our Series E Preferred Stock from funds legally available for such purpose when, as and if declared by our board of directors. Although dividends on the Series E Preferred Stock are cumulative, our board of directors must declare the actual payment of those dividends. We may not have sufficient cash available each quarter to pay dividends, and our board of directors can elect at any time or from time to time, for an indefinite duration, not to pay any or all accumulated dividends. In addition, we may have insufficient cash available to redeem our Series E Preferred Stock. The amount of dividends we can pay or the amount we can use to redeem Series E Preferred Stock depends upon the amount of cash we generate from and use in our operations, which may fluctuate significantly based on, among other things:

- the charter-hire payments we obtain from our charters as well as our ability to re-charter the vessels and the rates obtained upon the expiration of our existing charters;
- the due performance by our charterers of their obligations;
- our fleet expansion strategy and associated uses of our cash and our financing requirements;
- delays in the delivery of newbuild vessels and the beginning of payments under charters relating to those vessels;
- the level of our operating costs, such as the costs of crew, lubricants and insurance;
- the number of unscheduled off-hire days for our fleet and the timing of, and number of days required for, scheduled dry-docking of our containerships;
- prevailing global and regional economic and political conditions;
- changes in interest rates;
- the effect of governmental regulations and maritime self-regulatory organization standards on the conduct of our business;
- changes in the basis of taxation of our activities in various jurisdictions;
- modification or revocation of our dividend policy by our board of directors;
- the dividend policy adopted by Costamare Ventures and the vessel-owning entities for the Joint Venture vessels; and
- the amount of any cash reserves established by our board of directors.

The amount of cash we generate from our operations may differ materially from our net income or loss for the period, which will be affected by non-cash items. We may incur other expenses or liabilities that could reduce or eliminate the cash available for distribution as dividends.

In addition, our credit facilities and other financing agreements prohibit the payment of dividends, if an event of default has occurred and is continuing or would occur as a result of the payment of such dividends.

The Series E Preferred Stock represents perpetual equity interests.

The Series E Preferred Stock represents perpetual equity interests in us and, unlike our indebtedness, will not give rise to a claim for payment of a principal amount at a particular date. As a result, holders of the Series E Preferred Stock may be required to bear the financial risks of an investment in the Series E Preferred Stock for an indefinite period of time.

The Series E Preferred Stock is a new issuance and do not have an established trading market, which may negatively affect their market value and your ability to transfer or sell your shares. In addition, the lack of a fixed redemption date for the Series E Preferred Stock will increase your reliance on the secondary market for liquidity purposes.

The Series E Preferred Stock is a new issue of securities with no established trading market. In addition, since the securities have no stated maturity date, investors seeking liquidity will be limited to selling their shares in the secondary market absent redemption by us. We intend to apply to list the Series E Preferred Stock on the NYSE, but there can be no assurance that the NYSE will accept the Series E Preferred Stock for listing. Even if the Series E Preferred Stock is approved for listing by the NYSE, an active trading market on the NYSE for the shares may not develop or, even if it develops, may not last, in which case the trading price of the shares of Series E Preferred Stock could be adversely affected and your ability to transfer your shares will be limited. Furthermore, trading in the securities may be negatively affected by the fact that only a small number of shares of Series E Preferred Stock will be issued. If an active trading market does develop on the NYSE, our Series E Preferred Stock may trade at prices lower than the offering price. The trading price of our Series E Preferred Stock will depend on many factors, including:

- prevailing interest rates;
- the market for similar securities;
- general economic and financial market conditions;
- our subsequent issuance of debt or preferred equity securities; and
- our financial condition, results of operations and prospects.

We have been advised by the underwriters that they intend to make a market in the shares of our Series E Preferred Stock pending any listing of the shares on the NYSE, but they are not obligated to do so and may discontinue market-making at any time without notice.

The Series E Preferred Stock has not been rated, and ratings of any other of our securities may affect the trading price of the Series E Preferred Stock.

We have not sought to obtain a rating for the Series E Preferred Stock, and the shares may never be rated. It is possible, however, that one or more rating agencies might independently determine to assign a rating to the Series E Preferred Stock or that we may elect to obtain a rating of our Series E Preferred Stock in the future. In addition, we may elect to issue other securities for which we may seek to obtain a rating. If any ratings are assigned to the Series E Preferred Stock in the future or if we issue other securities with a rating, such ratings, if they are lower than market expectations or are subsequently lowered or withdrawn, or if ratings for such other securities would imply a lower relative value for the Series E Preferred Stock, could adversely affect the market for, or the market value of, the Series

E Preferred Stock. Ratings only reflect the views of the issuing rating agency or agencies and such ratings could at any time be revised downward or withdrawn entirely at the discretion of the issuing rating agency. A rating is not a recommendation to purchase,

S-17

sell or hold any particular security, including the Series E Preferred Stock. Ratings do not reflect market prices or suitability of a security for a particular investor and any future rating of the Series E Preferred Stock may not reflect all risks related to us and our business, or the structure or market value of the Series E Preferred Stock.

Our Series E Preferred Stock is subordinated to our debt obligations and pari passu with our Series B Preferred Stock, Series C Preferred Stock and Series D Preferred Stock, and your interests could be diluted by the issuance of additional shares of preferred stock, including additional Series B, Series C, Series D and Series E Preferred Stock, and by other transactions.

Our Series E Preferred Stock is subordinated to all of our existing and future indebtedness. As of September 30, 2017, we had outstanding indebtedness, including our lease obligations, of approximately \$1.3 billion. Our existing indebtedness restricts, and our future indebtedness may include restrictions on, our ability to pay dividends to preferred stockholders. Our charter currently authorizes the issuance of up to 100 million shares of preferred stock in one or more classes or series. Of this preferred stock, 80 million shares remain available for issuance after giving effect to the designation of 10 million shares as Series A Participating Preferred Stock in connection with our adoption of a stockholder rights plan, the issuance of two million shares as Series B Preferred Stock, the issuance of four million shares as Series C Preferred Stock and the issuance of four million shares as Series D Preferred Stock. The issuance of additional preferred stock on a parity with or senior to our Series E Preferred Stock would dilute the interests of the holders of our Series E Preferred Stock, and any issuance of preferred stock senior to or on a parity with our Series E Preferred Stock or of additional indebtedness could affect our ability to pay dividends on, redeem or pay the liquidation preference on our Series E Preferred Stock. No provisions relating to our Series E Preferred Stock protect the holders of our Series E Preferred Stock in the event of a highly leveraged or other transaction, including a merger or the sale, lease or conveyance of all or substantially all our assets or business, which might adversely affect the holders of our Series E Preferred Stock.

Our Series E Preferred Stock ranks *pari passu* with our existing Series B Preferred Stock, Series C Preferred Stock, Series D Preferred Stock and any other class or series of capital stock established after the original issue date of the Series E Preferred Stock that is not expressly subordinated or senior to the Series E Preferred Stock as to the payment of dividends and amounts payable upon liquidation or reorganization. If less than all dividends payable with respect to the Series E Preferred Stock and any Parity Stock are paid, any partial payment shall be made pro rata with respect to share of Series E Preferred Stock and any Parity Stock entitled to a dividend payment at such time in proportion to the aggregate amounts remaining due in respect of such shares at such time.

Market interest rates may adversely affect the value of our Series E Preferred Stock.

One of the factors that will influence the price of our Series E Preferred Stock will be the dividend yield on the Series E Preferred Stock (as a percentage of the price of our Series E Preferred Stock) relative to market interest rates. An increase in market interest rates may lead prospective purchasers of our Series E Preferred Stock to expect a higher dividend yield, and higher interest rates would likely increase our borrowing costs and potentially decrease funds available for distribution. Accordingly, higher market interest rates could cause the market price of our Series E Preferred Stock to decrease.

As a holder of Series E Preferred Stock you have extremely limited voting rights.

Your voting rights as a holder of Series E Preferred Stock will be extremely limited. Our common stock is the only class of our stock carrying full voting rights. Holders of the Series E Preferred Stock generally have no voting rights. However, if and whenever dividends payable on the Series E Preferred Stock are in arrears for six or more quarterly periods, whether or not consecutive, holders of Series E Preferred Stock (voting together as a class with all other classes or series of Parity Stock upon which like voting rights have been conferred and are exercisable, including

holders of our Series B Preferred Stock, Series C Preferred Stock and Series D Preferred

S-18

Stock) will be entitled to elect one additional director to serve on our board of directors, and the size of our board of directors will be increased as needed to accommodate such change (unless the size of our board of directors already has been increased by reason of the election of a director by holders of Parity Stock upon which like voting rights have been conferred and with which the Series E Preferred Stock voted as a class for the election of such director). The right of such holders of Series E Preferred Stock to elect a member of our board of directors will continue until such time as all accumulated and unpaid dividends on the Series E Preferred Stock have been paid in full. Certain other limited protective voting rights are described in this prospectus under [Description of Series E Preferred Stock Voting Rights](#) .

Our ability to pay dividends on and to redeem our Series E Preferred Stock is limited by the requirements of Marshall Islands law.

Marshall Islands law provides that we may pay dividends on and redeem the Series E Preferred Stock only to the extent that assets are legally available for such purposes. Legally available assets generally are limited to our surplus, which essentially represents our retained earnings and the excess of consideration received by us for the sale of shares above the par value of the shares. In addition, under Marshall Islands law we may not pay dividends on or redeem Series E Preferred Stock if we are insolvent or would be rendered insolvent by the payment of such a dividend or the making of such redemption.

Our operations and results may be adversely affected by the Framework Deed or by a default by our partner under the Framework Deed.

The joint venture governed by the Framework Deed is the exclusive joint venture of the Company for the acquisition of new vessels during a commitment period ending May 18, 2020, unless terminated earlier in certain circumstances (although we may acquire vessels outside the joint venture where York rejects a vessel acquisition opportunity). If York decides to participate in a new vessel acquisition, we will hold a 25% to 75% equity interest in such vessel.

The operation of the Framework Deed may increase our administrative burden, delay decision-making, and make it more difficult to obtain debt financing or complicate the operation of the vessels acquired under the Framework Deed. For example, the Framework Deed requires that decisions regarding the Joint Venture vessels acquisition be made jointly by Costamare and York. If York fails to cooperate in the acquisition process, we may not be able to consummate the acquisition in a timely and cost-effective manner. In addition, our managers may face conflicts of interest in the course of managing both our wholly-owned vessels and the Joint Venture vessels, the outcome of which may favor the Joint Venture vessels.

Furthermore, if York was to delay or default in meeting its commitments under the Framework Deed to provide equity or under any guarantee it provides to support a shipbuilding contract, a charter or a financing agreement, or if York fails to provide any supplemental funding that may be required under the Framework Deed or otherwise due to adverse economic conditions, our commercial relations with shipbuilders, charterers and financial institutions could be adversely affected. Under such circumstances, we may be required to provide additional funding, we may have to unwind a Joint Venture investment at an unfavorable price or we may have to terminate the Framework Deed.

The amount of your liquidation preference is fixed and you will have no right to receive any greater payment regardless of the circumstances.

The payment due upon a liquidation is fixed at the redemption preference of \$25.00 per share plus accumulated and unpaid dividends to the date of liquidation. If, in the case of our liquidation, there are remaining assets to be distributed after payment of this amount, you will have no right to receive or to participate in these amounts. Furthermore, if the market price for your Series E Preferred Stock is greater than the liquidation preference, you will

have no right to receive the market price from us upon our liquidation.

S-19

The Series E Preferred Stock is redeemable at our option.

We may, at our option, redeem all or, from time to time, part of the Series E Preferred Stock on or after January 30, 2023. If we redeem your Series E Preferred Stock, you will be entitled to receive a redemption price equal to \$25.00 per share plus accumulated and unpaid dividends to the date of redemption. It is likely that we would choose to exercise our optional redemption right only when prevailing interest rates have declined, which would adversely affect your ability to reinvest your proceeds from the redemption in a comparable investment with an equal or greater yield to the yield on the Series E Preferred Stock had the shares of the Series E Preferred Stock not been redeemed. We may elect to exercise our partial redemption right on multiple occasions.

Tax Risks

In addition to the following risk factors, you should read [Material U.S. Federal Income Tax Considerations](#) and [Non-U.S. Tax Considerations](#) for a more complete discussion of the expected material U.S. Federal and non-U.S. income tax considerations relating to us and the ownership and disposition of our Series E Preferred Stock.

We may have to pay tax on U.S.-source income, which would reduce our earnings.

Under the U.S. Internal Revenue Code of 1986, as amended (the [Code](#)), the U.S.-source gross transportation income of a ship-owning or chartering corporation, such as ourselves, is subject to a 4% U.S. Federal income tax without allowance for deduction, unless that corporation qualifies for exemption from tax under Section 883 of the Code and the Treasury Regulations promulgated thereunder. U.S.-source gross transportation income consists of 50% of the gross shipping income that is attributable to transportation that begins or ends, but that does not both begin and end, in the United States.

We believe that we have qualified for a statutory exemption from such tax and we currently intend to continue to qualify for a statutory exemption from such tax for the foreseeable future. However, no assurance can be given that this will be the case. If we or our subsidiaries are not entitled to this exemption under Section 883 for any taxable year, we or our subsidiaries would be subject for those years to a 4% U.S. Federal income tax on our U.S.-source gross transportation income. The imposition of this taxation could have a negative effect on our business and would result in decreased earnings available for distribution to our stockholders. Some of our time charters contain provisions pursuant to which charterers undertake to reimburse us for the 4% gross basis tax on our U.S.-source gross transportation income. For a more detailed discussion, see [Material U.S. Federal Income Tax Considerations Taxation of Our Shipping Income](#).

If we were treated as a passive foreign investment company, certain adverse U.S. Federal income tax consequences could result to U.S. stockholders.

A foreign corporation will be treated as a passive foreign investment company (PFIC) for U.S. Federal income tax purposes if at least 75% of its gross income for any taxable year consists of certain types of passive income, or at least 50% of the average value of the corporation's assets produce or are held for the production of those types of passive income. For purposes of these tests, passive income includes dividends, interest, and gains from the sale or exchange of investment property and rents and royalties other than rents and royalties that are received from unrelated parties in connection with the active conduct of a trade or business. For purposes of these tests, income derived from the performance of services does not constitute passive income. U.S. stockholders of a PFIC are subject to a disadvantageous U.S. Federal income tax regime with respect to the income derived by the PFIC, the distributions they receive from the PFIC, and the gain, if any, they derive from the sale or other disposition of their shares in the PFIC. If we are treated as a PFIC for any taxable year, we will provide information to U.S. stockholders who request such information to enable them to make certain elections to alleviate certain of the adverse U.S. Federal income tax

consequences that would arise as a result of holding an interest in a PFIC.

S-20

Based on our proposed method of operation, we do not believe that we will be a PFIC with respect to any taxable year. In this regard, we intend to treat the gross income we derive or are deemed to derive from our time chartering activities as services income, rather than rental income. Accordingly, we believe that our income from our time chartering activities does not constitute passive income, and the assets that we own and operate in connection with the production of that income do not constitute passive assets. Our counsel, Cravath, Swaine & Moore LLP, is of the opinion that we should not be a PFIC based on certain assumptions made by them as well as certain representations we made to them regarding the composition of our assets, the source of our income, the composition of our shareholder base, and the nature of our operations.

There is, however, no legal authority under the PFIC rules addressing our proposed method of operation. Accordingly, no assurance can be given that the U.S. Internal Revenue Service (the IRS), or a court of law will accept our position, and there is a risk that the IRS or a court of law could determine that we are a PFIC. Moreover, no assurance can be given that we would not constitute a PFIC for any future taxable year if there were to be changes in the nature and extent of our operations.

If the IRS were to find that we are or have been a PFIC for any taxable year, U.S. stockholders would face adverse tax consequences. Under the PFIC rules, unless those stockholders make certain elections available under the Code, such stockholders would be liable to pay U.S. Federal income tax at the then prevailing income tax rates on ordinary income plus interest upon excess distributions and upon any gain from the disposition of our common stock, as if the excess distribution or gain had been recognized ratably over the stockholder's holding period. See Material U.S. Federal Income Tax Considerations Taxation of U.S. Holders PFIC Status for a more detailed discussion of the U.S. Federal income tax consequences to U.S. stockholders if we are treated as a PFIC.

USE OF PROCEEDS

We estimate that the net proceeds from this offering, after deducting the underwriting discount and estimated expenses relating to this offering payable by us, will be approximately \$111,223,750. This amount assumes no exercise of the underwriters' option to purchase additional shares. We plan to use the net proceeds of this offering for general corporate purposes, which may include vessel acquisitions or investments and repayments of indebtedness.

Ratio of earnings to fixed charges ⁽¹⁾	2.00	2.18	2.33	2.84	2.09	2.12
Ratio of earnings to fixed charges and preferred stock dividends ⁽¹⁾	2.00	2.14	2.06	2.32	1.63	1.67

⁽¹⁾ For purposes of calculating the ratios above:

earnings consist of pre-tax income from continuing operations before adjustment for equity investees (which include non-cash unrealized gains and losses on derivative financial instruments) plus fixed charges, net of capitalized interest and capitalized amortization of deferred financing fees, amortization of capitalized interest, distributed income of equity investees, less loss from equity investees with guaranteed debt;

fixed charges represent interest incurred (whether expensed or capitalized), interest expense of loss-making, equity investees with guaranteed debt and amortization of deferred financing costs (whether expensed or capitalized) and accretion of discount. Costamare is guarantor for the debt (including sale and leaseback transactions) of certain equity investees; and

As such, the Series C Preferred Stock ranks junior to all of our indebtedness and other liabilities with respect to assets available to satisfy claims against us, and *pari passu* with the Series B Preferred Stock, Series D Preferred Stock and Series E Preferred Stock. Upon any liquidation and dissolution of us, holders of the Series C Preferred Stock will generally be entitled to receive the cash value of the liquidation preference of the Series C Preferred Stock, plus an amount equal to accumulated and unpaid dividends, after satisfaction of all liabilities to our creditors, but before any distribution is made to or set aside for the holders of junior stock, including common stock. The Series C Preferred Stock is not convertible into common stock or other of our securities, do not have exchange rights and are not entitled to preemptive or similar rights. Upon any liquidation and dissolution of us, holders of the Series D Preferred Stock will generally be entitled to receive the cash value of the liquidation preference of the Series D Preferred Stock, plus an amount equal to accumulated and unpaid dividends, after satisfaction of all liabilities to our creditors, but before any distribution is made to or set aside for the holders of junior stock, including common stock. DESCRIPTION OF SERIES E PREFERRED STOCK

The following description of the Series E Preferred Stock does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of our Articles of Incorporation, including the Statement of Designation designating the Series E Preferred Stock (the Statement of Designation), and setting forth the rights, preferences and limitations of the Series E Preferred Stock. We will file the Statement of Designation with the Registrar of Corporations of the Republic of The Marshall Islands. A copy of the Statement of Designation may be obtained from us as described under Where You Can Find Additional Information.

General

The Series E Preferred Stock offered hereby is a new series of preferred shares. Upon completion of this offering, there will be 5,286,000 shares of Series E Preferred Stock authorized, and 4,600,000 issued and outstanding (or 5,286,000 shares of Series E Preferred Stock issued and outstanding if the underwriters exercise their option to purchase additional shares in full). We may, without notice to or consent of the holders of the then-outstanding shares of Series E Preferred Stock, authorize and issue additional Series E Preferred Stock as well as Parity Stock and Junior Stock (each as defined under Summary The Offering Ranking) and, subject to the further limitations described under Voting Rights, Senior Stock (as defined under Summary The Offering Ranking).

The holders of our common stock are entitled to receive, to the extent permitted by law, such dividends as may from time to time be declared by our board of directors. Upon any liquidation, dissolution or winding up of our affairs, whether voluntary or involuntary, the holders of our common stock are entitled to receive distributions of our assets, after we have satisfied or made provision for our debts and other obligations and for payment to the holders of shares of any class or series of capital stock (including the Series E Preferred Stock) having preferential rights to receive distributions of our assets. See Description of Capital Stock.

The Series E Preferred Stock will entitle the holders thereof to receive cumulative cash dividends when, as and if declared by our board of directors out of legally available funds for such purpose. When issued and paid for in the manner described in this prospectus supplement, the Series E Preferred Stock offered hereby will be fully paid and nonassessable. Each share of Series E Preferred Stock will have a fixed liquidation preference of \$25.00 per share plus an amount equal to accumulated and unpaid dividends thereon to the date fixed for payment, whether or not declared. See Liquidation Rights.

The Series E Preferred Stock will represent perpetual equity interests in us and, unlike our indebtedness, will not give rise to a claim for payment of a principal amount at a particular date. As such, the Series E Preferred Stock will rank junior to all of our indebtedness and other liabilities with respect to assets available to satisfy claims against us.

All shares of Series E Preferred Stock offered hereby will be represented by a single certificate issued to the Securities Depository (as defined below) and registered in the name of its nominee and, so long as a Securities Depository has been appointed and is serving, no person acquiring Series E Preferred Stock will be entitled to receive a certificate representing such shares unless applicable law otherwise requires or the Securities Depository resigns or is no longer eligible to act as such and a successor is not appointed. See Book-Entry System.

The Series E Preferred Stock will not be convertible into common stock or other of our securities and will not have exchange rights or be entitled or subject to any preemptive or similar rights. The Series E Preferred Stock will not be subject to mandatory redemption or to any sinking fund requirements. The Series E Preferred Stock will be subject to redemption, in whole or from time to time in part, at our option commencing on January 30, 2023. See Redemption.

S-31

Ranking

Prior to this offering, we have established four other series of preferred shares.

As of September 30, 2017, there are no shares of Series A Preferred Stock issued and outstanding, although 10,000,000 shares have been designated Series A Participating Preferred Stock in connection with our adoption of a stockholder rights plan.

As of September 30, 2017, a total of 2,000,000 shares of our 7.625% Series B Preferred Stock were issued and outstanding.

As of September 30, 2017, a total of 4,000,000 shares of our 8.5% Series C Preferred Stock were issued and outstanding.

As of September 30, 2017, a total of 4,000,000 shares of our 8.75% Series D Preferred Stock were issued and outstanding.

The rights, preferences and limitations of the Series B Preferred Stock, Series C Preferred Stock and Series D Preferred Stock are described in more detail under "Description of Capital Stock" above.

The Series E Preferred Stock will, with respect to dividend distributions and distributions upon the liquidation, winding-up and dissolution of our affairs, rank:

senior to the Junior Stock;
on a parity with the Parity Stock; and
junior to the Senior Stock.

The Series E Preferred Stock ranks junior to all of our indebtedness and other liabilities with respect to assets available to satisfy claims against us, and *pari passu* with the Series B Preferred Stock, Series C Preferred Stock and Series D Preferred Stock.

Liquidation Rights

The holders of outstanding shares of Series E Preferred Stock will be entitled, in the event of any liquidation, dissolution or winding up of our affairs, whether voluntary or involuntary, to receive the liquidation preference of \$25.00 per share in cash plus an amount equal to accumulated and unpaid dividends thereon to the date fixed for payment of such amount (whether or not declared), and no more, before any distribution will be made to the holders of our common stock or any other Junior Stock. A consolidation or merger of us with or into any other entity, individually or in a series of transactions, will not be deemed a liquidation, dissolution or winding up of our affairs for this purpose. In the event that our assets available for distribution to holders of the outstanding Series E Preferred Stock and any Parity Stock are insufficient to permit payment of all required amounts, our assets then remaining will be distributed among the Series E Preferred Stock and any Parity Stock, as applicable, ratably on the basis of their relative aggregate liquidation preferences. After payment of all required amounts to the holders of the outstanding shares of Series E Preferred Stock and Parity Stock, our remaining assets and funds will be distributed among the holders of the common stock and any other Junior Stock then outstanding according to their respective rights.

Voting Rights

The Series E Preferred Stock will have no voting rights except as set forth below or as otherwise provided by Marshall Islands law. In the event that six quarterly dividends, whether consecutive or not, payable on the Series E Preferred Stock are in arrears, the holders of the Series E Preferred Stock, will have the right, voting as a class together with holders of any Parity Stock upon which like voting rights have been conferred and are exercisable, including holders of our Series B Preferred Stock, Series C Preferred Stock and Series D Preferred Stock, at the next meeting of stockholders called for the election of directors, to elect one member of our board of directors, and the size of our

board of directors will be increased as needed to accommodate such change (unless the size of our board of directors already has been increased by reason of the

S-32

election of a director by holders of Parity Stock upon which like voting rights have been conferred and with which the Series E Preferred Stock voted as a class for the election of such director). The right of such holders of Series E Preferred Stock to elect a member of our board of directors will continue until such time as all dividends accumulated and in arrears on the Series E Preferred Stock have been paid in full, at which time such right will terminate, subject to reverting in the event of each and every subsequent failure to pay six quarterly dividends as described above. Upon any termination of the right of the holders of the Series E Preferred Stock and any other Parity Stock to vote as a class for directors, the term of office of all directors then in office elected by such holders voting as a class will terminate immediately. Any director elected by the holders of the Series E Preferred Stock and any other Parity Stock shall each be entitled to one vote on any matter before our board of directors.

Unless we have received the affirmative vote or consent of the holders of at least two-thirds of the outstanding Series E Preferred Stock, voting as a single class, we may not adopt any amendment to our Articles of Incorporation that adversely alters the preferences, powers or rights of the Series E Preferred Stock.

Under the Statement of Designation, we may issue additional common stock and other Junior Stock from time to time in one or more series without the consent of the holders of the Series E Preferred Stock. Our board of directors has the authority to determine the preferences, powers, qualifications, limitations, restrictions and special or relative rights or privileges, if any, of any such series before the issuance of any shares of that series. Our board of directors will also determine the number of shares constituting each series of securities. Our ability to issue additional Parity Stock or Senior Stock is limited as described under Voting Rights.

In addition, unless we have received the affirmative vote or consent of the holders of at least two-thirds of the outstanding shares of Series E Preferred Stock, voting as a class together with holders of any other Parity Stock upon which like voting rights have been conferred and are exercisable, we may not:

- issue any Parity Stock if the cumulative dividends payable on outstanding Series E Preferred Stock are in arrears;
- or
- create or issue any Senior Stock.

On any matter described above in which the holders of the Series E Preferred Stock are entitled to vote as a class, such holders will be entitled to one vote per share. The Series E Preferred Stock held by us or any of our subsidiaries or affiliates will not be entitled to vote. As of January 24, 2018, there were 2,000,000 shares of Series B Preferred Stock outstanding, 4,000,000 shares of Series C Preferred Stock outstanding and 4,000,000 shares of Series D Preferred Stock outstanding. Accordingly, after the issuance of 4,600,000 shares of Series E Preferred Stock in this offering (assuming the underwriters do not exercise their option to purchase additional shares), the Series E Preferred Stock will represent approximately 31.50% of the total voting power of the Series B Preferred Stock, Series C Preferred Stock, Series D Preferred Stock and the Series E Preferred Stock. Assuming that we issue 5,286,000 shares of Series E Preferred Stock in this offering (assuming the underwriters exercise their option to purchase additional shares in full), the Series E Preferred Shares will represent approximately 34.58% of the total voting power of the Series B Preferred Stock, Series C Preferred Stock, Series D Preferred Stock and the Series E Preferred Stock.

No vote or consent of holders of Series E Preferred Stock shall be required for (i) the creation or incurrence of any indebtedness, (ii) the authorization or issuance of any common stock or other Junior Stock or (iii) except as provided above, the authorization or issuance of any preferred stock of any series of the Company.

Dividends

General

Holders of Series E Preferred Stock will be entitled to receive, when, as and if declared by our board of directors out of legally available funds for such purpose, cumulative cash dividends from January 30, 2018.

Dividend Rate

Dividends on Series E Preferred Stock will be cumulative, commencing on January 30, 2018, and payable on each Dividend Payment Date, commencing April 15, 2018, when, as and if declared by our board of directors or any authorized committee thereof out of legally available funds for such purpose. Dividends on the Series E Preferred Stock will accrue at a rate of 8.875% per annum per \$25.00 stated liquidation preference per share of Series E Preferred Stock. The dividend rate is not subject to adjustment.

Dividend Payment Dates

The Dividend Payment Dates for the Series E Preferred Stock will be each January 15, April 15, July 15 and October 15, commencing April 15, 2018. Dividends will accumulate in each dividend period from and including the preceding Dividend Payment Date or the initial issue date, as the case may be, to but excluding the applicable Dividend Payment Date for such dividend period. If any Dividend Payment Date otherwise would fall on a day that is not a Business Day, declared dividends will be paid on the immediately succeeding Business Day without the accumulation of additional dividends. Dividends on the Series E Preferred Stock will be payable based on a 360-day year consisting of twelve 30-day months.

Business Day means a day on which The New York Stock Exchange is open for trading and which is not a Saturday, a Sunday or other day on which banks in New York City are authorized or required by law to close.

Payment of Dividends

Not later than the close of business, New York City time, on each Dividend Payment Date, we will pay those dividends, if any, on the Series E Preferred Stock that have been declared by our board of directors to the holders of such shares as such holders' names appear on our stock transfer books maintained by the Registrar and Transfer Agent on the applicable Record Date. The applicable record date (the Record Date), will be the Business Day immediately preceding the applicable Dividend Payment Date, except that in the case of payments of dividends in arrears, the Record Date with respect to a Dividend Payment Date will be such date as may be designated by our board of directors in accordance with our bylaws then in effect and the Statement of Designation.

So long as the Series E Preferred Stock is held of record by the Securities Depository or its nominee, declared dividends will be paid to the Securities Depository in same-day funds on each Dividend Payment Date. The Securities Depository will credit accounts of its participants in accordance with the Securities Depository's normal procedures. The participants will be responsible for holding or disbursing such payments to beneficial owners of the Series E Preferred Stock in accordance with the instructions of such beneficial owners.

No dividend may be declared or paid or set apart for payment on any Junior Stock (other than a dividend payable solely in shares of Junior Stock) unless full cumulative dividends have been or contemporaneously are being paid or provided for on all outstanding shares of Series E Preferred Stock and any Parity Stock through the most recent respective Dividend Payment Date. Accumulated dividends in arrears for any past dividend period may be declared by our board of directors and paid on any date fixed by our board of directors, whether or not a Dividend Payment Date,

to holders of the Series E Preferred Stock on the record date for such payment, which may not be more than 60 days, nor less than 5 days, before such payment date. Subject to the next

S-34

succeeding sentence, if all accumulated dividends in arrears on all outstanding Series E Shares and any Parity Stock have not been declared and paid, or sufficient funds for the payment thereof have not been set apart, payment of accumulated dividends in arrears will be made in order of their respective Dividend Payment Dates, commencing with the earliest. If less than all dividends payable with respect to all Series E Preferred Stock and any Parity Stock are paid, any partial payment will be made pro rata with respect to the Series E Preferred Stock and any Parity Stock (including the Series B Preferred Stock, the Series C Preferred Stock and the Series D Preferred Stock) entitled to a dividend payment at such time in proportion to the aggregate amounts remaining due in respect of such shares at such time. Holders of the Series E Preferred Stock will not be entitled to any dividend, whether payable in cash, property or stock, in excess of full cumulative dividends. No interest or sum of money in lieu of interest will be payable in respect of any dividend payment which may be in arrears on the Series E Preferred Stock.

Redemption

Optional Redemption

Commencing on January 30, 2023, we may redeem, at our option, in whole or from time to time in part, the Series E Preferred Stock at a redemption price in cash equal to \$25.00 per share plus an amount equal to all accumulated and unpaid dividends thereon to the date of redemption, whether or not declared. Any such optional redemption shall be effected out of any funds available for such purpose.

Redemption Procedures

We will give notice of any redemption by mail, postage prepaid, not less than 30 days and not more than 60 days before the scheduled date of redemption, to the holders of any shares to be redeemed as such holders' names appear on our stock transfer books maintained by the Registrar and Transfer Agent at the address of such holders shown therein. Such notice shall state: (1) the redemption date, (2) the number of Series E Preferred Stock to be redeemed and, if less than all outstanding shares of Series E Preferred Stock are to be redeemed, the number (and the identification) of shares to be redeemed from such holder, (3) the redemption price, (4) the place where the Series E Preferred Stock is to be redeemed and shall be presented and surrendered for payment of the redemption price therefor and (5) that dividends on the shares to be redeemed will cease to accumulate from and after such redemption date.

If fewer than all of the outstanding shares of Series E Preferred Stock are to be redeemed, the number of shares to be redeemed will be determined by us, and such shares will be redeemed pro rata or by lot as the Securities Depository shall determine, with adjustments to avoid redemption of fractional shares. So long as all shares of Series E Preferred Stock are held of record by the Securities Depository or its nominee, we will give notice, or cause notice to be given, to the Securities Depository of the number of shares of Series E Preferred Stock to be redeemed, and the Securities Depository will determine the number of shares of Series E Preferred Stock to be redeemed from the account of each of its participants holding such shares in its participant account. Thereafter, each participant will select the number of shares to be redeemed from each beneficial owner for whom it acts (including the participant, to the extent it holds Series E Preferred Stock for its own account). A participant may determine to redeem Series E Preferred Stock from some beneficial owners (including the participant itself) without redeeming Series E Preferred Stock from the accounts of other beneficial owners.

So long as the Series E Preferred Stock is held of record by the Securities Depository or its nominee, the redemption price will be paid by the Paying Agent to the Securities Depository on the redemption date. The Securities Depository's normal procedures provide for it to distribute the amount of the redemption price in same-day funds to its participants who, in turn, are expected to distribute such funds to the persons for whom they are acting as agent.

If we give or cause to be given a notice of redemption, then we will deposit with the Paying Agent funds sufficient to redeem the Series E Preferred Stock as to which notice has been given by

S-35

the close of business, New York City time, no later than the Business Day immediately preceding the date fixed for redemption, and will give the Paying Agent irrevocable instructions and authority to pay the redemption price to the holder or holders thereof upon surrender or deemed surrender (which will occur automatically if the certificate representing such shares is issued in the name of the Securities Depository or its nominee) of the certificates therefor. If notice of redemption shall have been given, then from and after the date fixed for redemption, unless we default in providing funds sufficient for such redemption at the time and place specified for payment pursuant to the notice, all dividends on such shares will cease to accumulate and all rights of holders of such shares as our stockholders will cease, except the right to receive the redemption price, including an amount equal to accumulated and unpaid dividends through the date fixed for redemption, whether or not declared. We will be entitled to receive from the Paying Agent the interest income, if any, earned on such funds deposited with the Paying Agent (to the extent that such interest income is not required to pay the redemption price of the shares to be redeemed), and the holders of any shares so redeemed will have no claim to any such interest income. Any funds deposited with the Paying Agent hereunder by us for any reason, including, but not limited to, redemption of Series E Preferred Stock, that remain unclaimed or unpaid after two years after the applicable redemption date or other payment date, shall be, to the extent permitted by law, repaid to us upon our written request, after which repayment the holders of the Series E Preferred Stock entitled to such redemption or other payment shall have recourse only to us.

If only a portion of the Series E Preferred Stock represented by a certificate has been called for redemption, upon surrender of the certificate to the Paying Agent (which will occur automatically if the certificate representing such shares is registered in the name of the Securities Depository or its nominee), the Paying Agent will issue to the holder of such shares a new certificate (or adjust the applicable book-entry account) representing the number of shares of Series E Preferred Stock represented by the surrendered certificate that have not been called for redemption.

Notwithstanding any notice of redemption, there will be no redemption of any Series E Preferred Stock called for redemption until funds sufficient to pay the full redemption price of such shares, including all accumulated and unpaid dividends to the date of redemption, whether or not declared, have been deposited by us with the Paying Agent.

We and our affiliates may from time to time purchase the Series E Preferred Stock, subject to compliance with all applicable securities and other laws. Neither we nor any of our affiliates has any obligation, or any present plan or intention, to purchase any Series E Preferred Stock. Any shares repurchased and cancelled by us will revert to the status of authorized but unissued preferred shares, undesignated as to series.

Notwithstanding the foregoing, in the event that full cumulative dividends on the Series E Preferred Stock and any Parity Stock have not been paid or declared and set apart for payment, we may not repurchase, redeem or otherwise acquire, in whole or in part, any Series E Preferred Stock or Parity Stock except pursuant to a purchase or exchange offer made on the same terms to all holders of Series E Preferred Stock and any Parity Stock. Common stock and any other Junior Stock may not be redeemed, repurchased or otherwise acquired unless full cumulative dividends on the Series E Preferred Stock and any Parity Stock for all prior and the then-ending dividend periods have been paid or declared and set apart for payment.

No Sinking Fund

The Series E Preferred Stock will not have the benefit of any sinking fund.

Book-Entry System

All Series E Preferred Stock offered hereby will be represented by a single certificate issued to The Depository Trust Company (and its successors or assigns or any other securities depository selected by us), or the Securities Depository, and registered in the name of its nominee (initially, Cede & Co.). The Series E Preferred Stock offered hereby will

continue to be represented by a single certificate registered in the name of the Securities Depository or its nominee, and no holder of the

S-36

Series E Preferred Stock offered hereby will be entitled to receive a certificate evidencing such shares unless otherwise required by law or the Securities Depository gives notice of its intention to resign or is no longer eligible to act as such and we have not selected a substitute Securities Depository within 60 calendar days thereafter. Payments and communications made by us to holders of the Series E Preferred Stock will be duly made by making payments to, and communicating with, the Securities Depository. Accordingly, unless certificates are available to holders of the Series E Preferred Stock, each purchaser of Series E Preferred Stock must rely on (1) the procedures of the Securities Depository and its participants to receive dividends, distributions, any redemption price, liquidation preference and notices, and to direct the exercise of any voting or nominating rights, with respect to such Series E Preferred Stock and (2) the records of the Securities Depository and its participants to evidence its ownership of such Series E Preferred Stock.

So long as the Securities Depository (or its nominee) is the sole holder of the Series E Preferred Stock, no beneficial holder of the Series E Preferred Stock will be deemed to be a stockholder of us. The Depository Trust Company, the initial Securities Depository, is a New York-chartered limited purpose trust company that performs services for its participants, some of whom (and/or their representatives) own The Depository Trust Company. The Securities Depository maintains lists of its participants and will maintain the positions (*i.e.*, ownership interests) held by its participants in the Series E Preferred Stock, whether as a holder of the Series E Preferred Stock for its own account or as a nominee for another holder of the Series E Preferred Stock.

Investors in the Series E Preferred Stock who are not direct participants in The Depository Trust Company may hold their interests therein indirectly through organizations (including Euroclear System (Euroclear) and Clearstream Banking, N.A. (Clearstream)) which are direct participants. Euroclear and Clearstream will hold interests in the Series E Preferred Stock on behalf of their participants through customers' securities accounts in their respective names on the books of their respective depositories, which are Euroclear Bank S.A./N.V., as operator of Euroclear, and Citibank, N.A., as operator of Clearstream. All interests in the Series E Preferred Stock, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of The Depository Trust Company or any successor Securities Depository. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems.

Cross-market transfers between direct participants in The Depository Trust Company, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through The Depository Trust Company in accordance with The Depository Trust Company's rules on behalf of Euroclear or Clearstream, as the case may be, by their respective depositories; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the Series E Preferred Stock in The Depository Trust Company, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to The Depository Trust Company. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in the single certificate representing the Series E Preferred Stock from a direct participant in The Depository Trust Company will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of The Depository Trust Company. The Depository Trust Company has advised the issuer that cash received in Euroclear or Clearstream as a result of sales of interests in the single certificate representing the Series E Preferred Stock by or through a Euroclear or Clearstream participant to a direct participant in The Depository Trust Company will be received with value on the settlement date of The

Depository Trust Company but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following The Depository Trust Company's settlement date.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion of U.S. Federal income tax matters is based on the Code, judicial decisions, administrative pronouncements, and existing and proposed regulations issued by the U.S. Department of the Treasury, all of which are subject to change, possibly with retroactive effect. This discussion does not address any U.S. state or local tax matters. You are encouraged to consult your own tax advisor regarding the particular U.S. federal, state and local and foreign income and other tax consequences of acquiring, owning and disposing of our Series E Preferred Stock that may be applicable to you.

Taxation of Our Shipping Income

Subject to the discussion of effectively connected income below, unless exempt from U.S. Federal income tax under the rules contained in Section 883 of the Code and the Treasury Regulations promulgated thereunder, a non-U.S. corporation is, under the rules of Section 887 of the Code, subject to a 4% U.S. Federal income tax in respect of its U.S.-source gross transportation income (without the allowance for deductions).

For this purpose, U.S.-source gross transportation income includes 50% of the shipping income that is attributable to transportation that begins or ends (but that does not both begin and end) in the United States. Shipping income attributable to transportation exclusively between non-U.S. ports is generally not subject to any U.S. Federal income tax.

Shipping income means income that is derived from:

- (a) the use of vessels;
 - (b) the hiring or leasing of vessels for use on a time, operating or bareboat charter basis;
 - (c) the participation in a pool, partnership, strategic alliance, joint operating agreement or other joint venture it directly or indirectly owns or participates in that generates such income;
- or

- (d) the performance of services directly related to those uses.

Under Section 883 of the Code and the Treasury Regulations promulgated thereunder, a non-U.S. corporation will be exempt from U.S. Federal income tax on its U.S.-source gross transportation income if:

- (a) it is organized in a foreign country (or the country of organization) that grants an equivalent exemption to U.S. corporations; and
- (b) either
 - (i) more than 50% of the value of its stock is owned, directly or indirectly, by individuals who are residents of our country of organization or of another foreign country that grants an equivalent exemption to U.S. corporations; or
 - (ii) its stock is primarily and regularly traded on an established securities market in its country of organization, in another country that grants an equivalent exemption to U.S. corporations, or in the United States.

We believe that we have qualified and currently intend to continue to qualify for this statutory tax exemption for the foreseeable future. However, no assurance can be given that this will be the case in the future. If we or our subsidiaries are not entitled to this exemption under Section 883 for any taxable year, we or our subsidiaries would be subject for those years to a 4% U.S. Federal income tax on our U.S.-source gross transportation income, subject to the discussion of effectively connected income below. Since we expect that no more than 50% of our gross shipping income would be treated as U.S.-source gross transportation income, we expect that the effective rate of U.S. Federal income tax on our gross transportation income would not exceed 2%. Many of our time charters contain provisions pursuant to which charterers undertake to reimburse us for the 4% gross basis tax on our U.S.-source gross transportation income.

To the extent exemption under Section 883 is unavailable, our U.S.-source gross transportation income that is considered to be effectively connected with the conduct of a U.S. trade or business would be subject to the U.S. corporate income tax currently imposed at a rate of 21% (net of

applicable deductions). In addition, we may be subject to the 30% U.S. branch profits tax on earnings effectively connected with the conduct of such trade or business, as determined after allowance for certain adjustments, and on certain interest paid or deemed paid attributable to the conduct of our U.S. trade or business.

Our U.S.-source gross transportation income would be considered effectively connected with the conduct of a U.S. trade or business only if:

- (a) we had, or were considered to have, a fixed place of business in the United States involved in the earning of U.S.-source gross transportation income; and
- (b) substantially all of our U.S.-source gross transportation income was attributable to regularly scheduled transportation, such as the operation of a vessel that followed a published schedule with repeated sailings at regular intervals between the same points for voyages that begin or end in the United States.

We believe that we will not meet these conditions because we will not have, or permit circumstances that would result in us having, such a fixed place of business in the United States or any vessel sailing to or from the United States on a regularly scheduled basis.

In addition, income attributable to transportation that both begins and ends in the United States is not subject to the tax rules described above. Such income is subject to either a 30% gross-basis tax or to U.S. corporate income tax on net income at a rate of 21% (and the branch profits tax discussed above). Although there can be no assurance, we do not expect to engage in transportation that produces shipping income of this type.

Taxation of Gain on Our Sale of Assets

Regardless of whether we qualify for the exemption under Section 883 of the Code, we will not be subject to U.S. Federal income taxation with respect to gain realized on a sale of a vessel, provided the sale is considered to occur outside of the United States (as determined under U.S. tax principles). In general, a sale of a vessel will be considered to occur outside of the United States for this purpose if title to the vessel (and risk of loss with respect to the vessel) passes to the buyer outside of the United States. We expect that any sale of a vessel will be so structured that it will be considered to occur outside of the United States.

Taxation of U.S. Holders

You are a U.S. holder if you are a beneficial owner of our Series E Preferred Stock and you are a U.S. citizen or resident, a U.S. corporation (or other U.S. entity taxable as a corporation), an estate the income of which is subject to U.S. Federal income taxation regardless of its source, or a trust (i) if a court within the United States is able to exercise primary jurisdiction over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of that trust or (ii) the trust has a valid election in effect to be treated as a U.S. person for U.S. Federal income tax purposes.

If a partnership holds our Series E Preferred Stock, the tax treatment of a partner will generally depend upon the status of the partner and upon the activities of the partnership. If you are a partner in a partnership holding our Series E Preferred Stock, you should consult your tax advisor.

Distributions on Our Series E Preferred Stock

Subject to the discussion of passive foreign investment companies below, any distributions with respect to our Series E Preferred Stock that you receive from us will generally constitute dividends, which may be taxable as ordinary income or qualified dividend income as described below, to the extent of our current or accumulated earnings and profits (as determined under U.S. tax principles). Distributions in excess of our earnings and profits will be treated

first as a nontaxable return of capital to the extent of your tax basis in our Series E Preferred Stock (on a dollar-for-dollar basis) and thereafter as capital gain.

S-39

Because we are not a U.S. corporation, if you are a U.S. corporation (or a U.S. entity taxable as a corporation), you will not be entitled to claim a dividends-received deduction with respect to any distributions you receive from us.

Dividends paid with respect to our Series E Preferred Stock will generally be treated as passive category income for purposes of computing allowable foreign tax credits for U.S. foreign tax credit purposes.

If you are an individual, trust or estate, dividends you receive from us should be treated as qualified dividend income, provided that:

- (a) the Series E Preferred Stock is readily tradable on an established securities market in the United States (such as the New York Stock Exchange);
- (b) we are not a PFIC for the taxable year during which the dividend is paid or the immediately preceding taxable year (see the discussion below under PFIC Status);
- (c) you own our Series E Preferred Stock for more than 60 days in the 121-day period beginning 60 days before the date on which the Series E Preferred Stock becomes ex-dividend;
- (d) you are not under an obligation to make related payments with respect to positions in substantially similar or related property; and
- (e) certain other conditions are met.

Qualified dividend income is taxed at a preferential maximum rate of 15% or 20%, depending on the income level of the taxpayer.

Special rules may apply to any extraordinary dividend. Generally, an extraordinary dividend is a dividend with respect to a share of our Series E Preferred Stock in an amount that is equal to (or in excess of) 5% of your adjusted tax basis (or fair market value in certain circumstances) in such Series E Preferred Stock. If we pay an extraordinary dividend on our Series E Preferred Stock that is treated as qualified dividend income and if you are an individual, estate or trust, then any loss derived by you from a subsequent sale or exchange of such Series E Preferred Stock will be treated as long-term capital loss to the extent of such dividend.

There is no assurance that dividends you receive from us will be eligible for the preferential rates applicable to qualified dividend income. Dividends you receive from us that are not eligible for the preferential rates will be taxed at the ordinary income rates.

Sale, Exchange or Other Disposition of Series E Preferred Stock

Provided that we are not a PFIC for any taxable year, you generally will recognize taxable gain or loss upon a sale, exchange or other disposition of our Series E Preferred Stock in an amount equal to the difference between the amount realized by you from such sale, exchange or other disposition and your tax basis in such stock. Such gain or loss will be treated as long-term capital gain or loss if your holding period is greater than one year at the time of the sale, exchange or other disposition. Such capital gain or loss will generally be treated as U.S.-source income or loss, as applicable, for U.S. foreign tax credit purposes. Your ability to deduct capital losses against ordinary income is subject to limitations.

Unearned Income Medicare Contribution Tax

Each U.S. holder who is an individual, estate or trust will generally be subject to a 3.8% Medicare tax on the lesser of (i) such U.S. holder's net investment income for the relevant taxable year, and (ii) the excess of such U.S. holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's circumstances). For this purpose, net investment income generally includes dividends on and capital gains from the sale, exchange or other disposition of our Series E

Preferred Stock, subject to certain exceptions. You are encouraged to consult your own tax advisor

S-40

regarding the applicability of the Medicare tax to your income and gains from your ownership or disposition of our Series E Preferred Stock.

PFIC Status

Special U.S. Federal income tax rules apply to you if you hold stock in a non-U.S. corporation that is classified as a passive foreign investment company for U.S. Federal income tax purposes. In general, we will be treated as a PFIC in any taxable year in which, after applying certain look-through rules, either:

- (a) at least 75% of our gross income for such taxable year consists of passive income (e.g., dividends, interest, capital gains and rents derived other than in the active conduct of a rental business); or
- (b) at least 50% of the average value of our assets during such taxable year consists of passive assets (i.e., assets that produce, or are held for the production of, passive income).

For purposes of determining whether we are a PFIC, we will be treated as earning and owning our proportionate share of the income and assets, respectively, of any of our subsidiary corporations in which we own at least 25% of the value of the subsidiary's stock. Income we earned, or are deemed to earn, in connection with the performance of services will not constitute passive income. By contrast, rental income will generally constitute passive income (unless we are treated under certain special rules as deriving our rental income in the active conduct of a trade or business).

There are legal uncertainties involved in determining whether the income derived from time chartering activities constitutes rental income or income derived from the performance of services. In *Tidewater Inc. v. United States*, 565 F.2d 299 (5th Cir. 2009), the Fifth Circuit held that income derived from certain time chartering activities should be treated as rental income rather than services income for purposes of a foreign sales corporation provision of the Code. In a recent published guidance, however, the IRS states that it disagrees with the holding in *Tidewater*, and specifies that time charters should be treated as service contracts. Since we have chartered all our vessels to unrelated charterers on the basis of time charters and since we expect to continue to do so, we believe that we are not now and have never been a PFIC. Our counsel, Cravath, Swaine & Moore LLP, has provided us with an opinion that we should not be a PFIC based on certain representations we made to them, including the representation that Costamare Shipping, which manages the Company's vessels, is not related to any charterer of the vessels, and of certain assumptions made by them, including the assumption that time charters of the Company will be arranged in a manner substantially similar to the terms of its existing time charters. However, we have not sought, and we do not expect to seek, an IRS ruling on this matter. As a result, the IRS or a court could disagree with our position. No assurance can be given that this result will not occur. In addition, although we intend to conduct our affairs in a manner to avoid, to the extent possible, being classified as a PFIC with respect to any taxable year, we cannot assure you that the nature of our operations will not change in the future, or that we can avoid PFIC status in the future.

As discussed below, if we were to be treated as a PFIC for any taxable year, you generally would be subject to one of three different U.S. Federal income tax regimes, depending on whether or not you make certain elections. Additionally for each year during which you own our Series E Preferred Stock, and we are a PFIC and the total value of all PFIC stock that you directly or indirectly own exceeds certain thresholds, you will be required to file IRS Form 8621 with your U.S. Federal income tax return to report your ownership of our Series E Preferred Stock.

The PFIC rules are complex, and you are encouraged to consult your own tax advisor regarding the PFIC rules, including the annual PFIC reporting requirement.

Taxation of U.S. Holders That Make a Timely QEF Election

If we were a PFIC and if you make a timely election to treat us as a Qualifying Electing Fund for U.S. Federal income tax purposes (a QEF Election), you would be required to report each year your pro rata share of our ordinary earnings

and our net capital gain for our taxable year that ends with or within your taxable year, regardless of whether we make any distributions to you.

S-41

Such income inclusions would not be eligible for the preferential tax rates applicable to qualified dividend income. Your adjusted tax basis in our Series E Preferred Stock would be increased to reflect such taxed but undistributed earnings and profits. Distributions of earnings and profits that had previously been taxed would result in a corresponding reduction in your adjusted tax basis in our Series E Preferred Stock and would not be taxed again once distributed. You would generally recognize capital gain or loss on the sale, exchange or other disposition of our Series E Preferred Stock. Even if you make a QEF Election for one of our taxable years, if we were a PFIC for a prior taxable year during which you held our Series E Preferred Stock and for which you did not make a timely QEF Election, you would also be subject to the more adverse rules described below under *Taxation of U.S. Holders That Make No Election*. Additionally, to the extent any of our subsidiaries is a PFIC, your election to treat us as a *Qualifying Electing Fund* would not be effective with respect to your deemed ownership of the stock of such subsidiary and a separate QEF Election with respect to such subsidiary is required.

You would make a QEF Election by completing and filing IRS Form 8621 with your U.S. Federal income tax return for the year for which the election is made in accordance with the relevant instructions. If we were to become aware that we were to be treated as a PFIC for any taxable year, we would notify all U.S. holders of such treatment and would provide all necessary information to any U.S. holder who requests such information in order to make the QEF Election described above with respect to us and the relevant subsidiaries.

Taxation of U.S. Holders That Make a Timely Mark-to-Market Election

Alternatively, if we were to be treated as a PFIC for any taxable year and, as we believe, our Series E Preferred Stock is treated as *marketable stock*, you would be allowed to make a *mark-to-market* election with respect to our Series E Preferred Stock, provided you complete and file IRS Form 8621 with your U.S. Federal income tax return for the year for which the election is made in accordance with the relevant instructions. If that election is made, you generally would include as ordinary income in each taxable year the excess, if any, of the fair market value of our Series E Preferred Stock at the end of the taxable year over your adjusted tax basis in our Series E Preferred Stock. You also would be permitted an ordinary loss in respect of the excess, if any, of your adjusted tax basis in our Series E Preferred Stock over the fair market value of such shares at the end of the taxable year (but only to the extent of the net amount previously included in income as a result of the *mark-to-market* election). Your tax basis in our Series E Preferred Stock would be adjusted to reflect any such income or loss amount. Gain realized on the sale, exchange or other disposition of our Series E Preferred Stock would be treated as ordinary income, and any loss realized on the sale, exchange or other disposition of the Series E Preferred Stock would be treated as ordinary loss to the extent that such loss does not exceed the net *mark-to-market* gains previously included by you. However, to the extent any of our subsidiaries is a PFIC, your *mark-to-market* election with respect to our Series E Preferred Stock would not apply to your deemed ownership of the stock of such subsidiary.

Taxation of U.S. Holders That Make No Election

Finally, if we were treated as a PFIC for any taxable year and if you did not make either a QEF Election or a *mark-to-market* election for that year, you would be subject to special rules with respect to (a) any excess distribution (that is, the portion of any distributions received by you on our Series E Preferred Stock in a taxable year in excess of 125% of the average annual distributions received by you in the three preceding taxable years, or, if shorter, your holding period for our Series E Preferred Stock) and (b) any gain realized on the sale, exchange or other disposition of our Series E Preferred Stock. Under these special rules:

- (i) the excess distribution or gain would be allocated ratably over your aggregate holding period for our Series E Preferred Stock;
- (ii) the amount allocated to the current taxable year would be taxed as ordinary income; and

- (iii) the amount allocated to each of the other taxable years would be subject to tax at the highest rate of tax in effect for the applicable class of taxpayer for that year, and an interest charge for the deemed deferral benefit would be imposed with respect to the resulting tax attributable to each such other taxable year.

If you died while owning our Series E Preferred Stock, your successor generally would not receive a step-up in tax basis with respect to such shares for U.S. Federal income tax purposes.

Taxation of Non-U.S. Holders

You are a non-U.S. holder if you are a beneficial owner of our Series E Preferred Stock (other than a partnership for U.S. Federal income tax purposes) and you are not a U.S. holder.

Distributions on Our Series E Preferred Stock

You generally will not be subject to U.S. Federal income or withholding taxes on a distribution received from us with respect to our Series E Preferred Stock, unless the income arising from such distribution is effectively connected with your conduct of a trade or business in the United States. If you are entitled to the benefits of an applicable income tax treaty with respect to that income, such income generally is taxable in the United States only if it is attributable to a permanent establishment maintained by you in the United States.

Sale, Exchange or Other Disposition of Our Series E Preferred Stock

You generally will not be subject to U.S. Federal income tax or withholding tax on any gain realized upon the sale, exchange or other disposition of our Series E Preferred Stock, unless:

- (a) the gain is effectively connected with your conduct of a trade or business in the United States; if you are entitled to the benefits of an applicable income tax treaty with respect to that gain, that gain generally is taxable in the United States only if it is attributable to a permanent establishment maintained by you in the United States; or
- (b) you are an individual who is present in the United States for 183 days or more during the taxable year of disposition and certain other conditions are met.

Gain that is effectively connected with the conduct of a trade or business in the United States (or so treated) generally will be subject to U.S. Federal income tax, net of certain deductions, at regular U.S. Federal income tax rates. If you are a corporate non-U.S. holder, your earnings and profits that are attributable to the effectively connected income (subject to certain adjustments) may be subject to an additional U.S. branch profits tax at a rate of 30% (or such lower rate as may be specified by an applicable tax treaty).

United States Backup Withholding and Information Reporting

In general, if you are a non-corporate U.S. holder, dividend payments (or other taxable distributions) made within the United States will be subject to information reporting requirements and backup withholding tax if you:

- (1) fail to provide us with an accurate taxpayer identification number;
- (2) are notified by the IRS that you have failed to report all interest or dividends required to be shown on your Federal income tax returns; or
- (3) in certain circumstances, fail to comply with applicable certification requirements.

If you are a non-U.S. holder, you may be required to establish your exemption from information reporting and backup withholding by certifying your status on IRS Form W-8BEN, W-8BEN-E, W-8ECI or W-8IMY, as applicable.

If you sell our Series E Preferred Stock to or through a U.S. office or broker, the payment of the sales proceeds is subject to both U.S. backup withholding and information reporting unless you certify that you are a non-U.S. person,

under penalties of perjury, or you otherwise establish an

S-43

exemption. If you sell our Series E Preferred Stock through a non-U.S. office of a non-U.S. broker and the sales proceeds are paid to you outside the United States, then information reporting and backup withholding generally will not apply to that payment.

However, U.S. information reporting requirements (but not backup withholding) will apply to a payment of sales proceeds, even if that payment is made outside the United States, if you sell our Series E Preferred Stock through a non-U.S. office of a broker that is a U.S. person or has certain other connections with the United States.

Backup withholding tax is not an additional tax. Rather, you generally may obtain a refund of any amounts withheld under backup withholding rules that exceed your income tax liability by accurately completing and timely filing a refund claim with the IRS.

U.S. individuals who hold certain specified foreign assets with values in excess of certain dollar thresholds are required to report such assets on IRS Form 8938 with their U.S. Federal income tax return, subject to certain exceptions (including an exception for foreign assets held in accounts maintained by U.S. financial institutions). Stock in a foreign corporation, including our Series E Preferred Stock, is a specified foreign asset for this purpose. Penalties apply for failure to properly complete and file Form 8938. You are encouraged to consult with your tax advisor regarding the filing of this form.

NON-U.S. TAX CONSIDERATIONS

Marshall Islands Tax Considerations

We are a non-resident domestic Marshall Islands corporation. Because we do not, and we do not expect that we will, conduct business or operations in the Marshall Islands, under current Marshall Islands law we are not subject to tax on income or capital gains and our stockholders (so long as they are not citizens or residents of the Marshall Islands) will not be subject to Marshall Islands taxation or withholding on dividends and other distributions (including upon a return of capital) we make to our stockholders. In addition, so long as our stockholders are not citizens or residents of the Marshall Islands, our stockholders will not be subject to Marshall Islands stamp, capital gains or other taxes on the purchase, holding or disposition of our Series E Preferred Stock, and our stockholders will not be required by the Republic of the Marshall Islands to file a tax return relating to our Series E Preferred Stock.

Each stockholder is urged to consult their tax counselor or other advisor with regard to the legal and tax consequences, under the laws of pertinent jurisdictions, including the Marshall Islands, of their investment in our Series E Preferred Stock. Further, it is the responsibility of each stockholder to file all state, local and non-U.S., as well as U.S. Federal, tax returns that may be required of them.

Liberian Tax Considerations

The Republic of Liberia enacted a new income tax act effective as of January 1, 2001 (the New Act). In contrast to the income tax law previously in effect since 1977, the New Act does not distinguish between the taxation of non-resident Liberian corporations, such as our Liberian subsidiaries, which conduct no business in Liberia and were wholly exempt from taxation under the prior law, and resident Liberian corporations, which conduct business in Liberia and are (and were under the prior law) subject to taxation.

The New Act was amended by the Consolidated Tax Amendments Act of 2011, which was published and became effective on November 1, 2011 (the Amended Act). The Amended Act specifically exempts from taxation non-resident Liberian corporations such as our Liberian subsidiaries that engage in international shipping (and are not engaged in shipping exclusively within Liberia) and that do not engage in other business or activities in Liberia other than those specifically enumerated in the Amended Act. In addition, the Amended Act made such exemption from taxation retroactive to the effective date of the New Act.

If, however, our Liberian subsidiaries were subject to Liberian income tax under the Amended Act, they would be subject to tax at a rate of 35% on their worldwide income. As a result, their, and subsequently our, net income and cash flow would be materially reduced. In addition, as the ultimate stockholder of the Liberian subsidiaries, we would be subject to Liberian withholding tax on dividends paid by our Liberian subsidiaries at rates ranging from 15% to 20%.

These lock-up provisions apply to shares of our Series E Preferred Stock or substantially similar security and to securities convertible into or exchangeable or exercisable for or repayable with our Series E Preferred Stock or substantially similar security.

Our Series E Preferred Stock is a new issue of securities with no established trading market. We intend to apply to list the shares of Series E Preferred Stock on the NYSE under the symbol `CMRE PR E`. If the application is approved, trading of the shares of Series E Preferred Stock on the NYSE is expected to begin within 30 days after the date of initial delivery of the Series E Preferred Stock. The underwriters have advised us that they intend to make a market in shares of Series E Preferred Stock before commencement of trading on the NYSE. They will have no obligation to make a market in shares of Series E Preferred Stock, however, and may cease market-making activities, if commenced, at any time. Accordingly, an active trading market on the NYSE for shares of Series E Preferred Stock may not develop or, even if one develops, may not last, in which case the liquidity and market price of the shares of Series E Preferred Stock could be adversely affected, the difference between bid and asked prices could be substantial and your ability to transfer shares of Series E Preferred Stock at the time and price desired will be limited.

In order to facilitate the offering of the shares of our Series E Preferred Stock, the underwriters may engage in transactions that affect the price of our Series E Preferred Stock. Specifically, the underwriters may sell more shares than they are obligated to purchase under the underwriting agreement, creating a short position. A short sale is covered if the short position is no greater than the number of shares available for purchase by the underwriters under their option to purchase additional shares. The underwriters can close out a covered short sale by exercising their option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out a covered short sale, the underwriters will consider, among other things, the open market price of shares compared to the price available under their option to purchase additional shares. The underwriters may also sell shares in excess of their option to purchase additional shares, creating a naked short position. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of our Series E Preferred Stock in the open market after pricing that could adversely affect investors who purchase in this offering. As an additional means of facilitating this offering, the underwriters may bid for, and purchase, shares of our Series E Preferred Stock in the open market that have the effect of stabilizing the price of our Series E Preferred Stock. These activities may also raise or maintain the market price of our Series E Preferred Stock above independent market levels or prevent or retard

a decline in the market price of our Series E Preferred Stock. The underwriters are not required to engage in these activities and may end any of these activities at any time.

We and the underwriters have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act.

A prospectus in electronic format may be made available on websites maintained by one or more underwriters, or selling group members, if any, participating in this offering. The underwriters may agree to allocate a number of shares of our Series E Preferred Stock for sale to their online brokerage account holders. Internet distributions will be allocated by the underwriters for Internet distributions on the same basis as other allocations.

We expect that delivery of shares of Series E Preferred Stock will be made to investors on January 30, 2018, which will be the third business day following the date of pricing of the shares of Series E Preferred Stock (such settlement being referred to as T+3). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade their shares of Series E Preferred Stock on the initial pricing date of the Series E Preferred Stock will be required, by virtue of the fact that the Series E Preferred Stock initially will settle in T+3, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement and should consult their advisors.

The underwriters and their respective affiliates are full-service financial institutions and have, from time to time, performed, and may in the future perform, various financial advisory, commercial banking and investment banking services for us, for which they received or will receive customary fees and commissions. Charlotte Stratos, who is a member of our board of directors, is a consulting Senior Advisor to the Investment Banking Division of Morgan Stanley & Co. LLC, one of the underwriters of this offering. Credit Suisse AG, an affiliate of Credit Suisse Securities (USA) LLC, is a lender under one of our loan facilities.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the shares of Series E Preferred Stock offered hereby. Any such short positions could adversely affect future trading prices of the shares of Series E Preferred Stock offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Unless we otherwise specify, when used in this prospectus the terms "Costamare", "the Company", "we", "our", "us" or similar terms refer to Costamare Inc. and its subsidiaries and/or any one of them. We use the term "twenty foot equivalent unit" or "TEU", the international standard measure of containers, in describing the capacity of our containerships.

THE COMPANY

We are an international owner of containerships, chartering our vessels to many of the world's largest liner companies. As of October 24, 2016, we had a fleet of 71 containerships with a total capacity of approximately 464,000 TEU, including six newbuilds on order, making us one of the largest public containership companies in the world based on total TEU capacity. At that date, our fleet consisted of (i) 65 vessels in the water, aggregating approximately 412,480 TEU and (ii) six newbuild vessels aggregating approximately 51,640 TEU that are scheduled to be delivered to us through the second quarter of 2018, based on the current shipyard schedule. Eighteen of our containerships, including six newbuilds on order, have been acquired pursuant to the Framework Deed with York Capital Management by vessel-owning joint venture entities in which we hold a minority equity interest.

Costamare Inc. was incorporated in the Republic of The Marshall Islands on April 21, 2008 under the Marshall Islands Business Corporations Act, for the purpose of completing a reorganization of 53 ship-owning companies then owned by our chief executive officer and other members of the Konstantakopoulos family under a single corporate holding company. We are controlled by members of the Konstantakopoulos family, which has a long history of operating and investing in the international shipping industry, including a long history of vessel ownership. We were founded in 1974 and initially owned and operated drybulk carrier vessels. In 1984 we became the first Greek-owned company to enter the containership market and, since 1992, we have focused exclusively on containerships. After assuming management of our company in 1998, Konstantinos Konstantakopoulos has concentrated on building a large, modern and reliable containership fleet run and supported by highly skilled, experienced and loyal personnel. He founded the management company Shanghai Costamare in 2005, and the manning agency C-Man Maritime Inc. in 2006. Under Konstantinos Konstantakopoulos's leadership, we have continued to foster a company culture focusing on excellent customer service, industry leadership and innovation.

In November 2010, we completed an initial public offering of shares of our common stock and have since offered additional shares of common stock through two follow-on offerings. In August 2013, we completed an offering of shares of 7.625% Series B Cumulative Redeemable Perpetual Preferred Stock (Series B Preferred Stock). In January 2014, we completed an offering of shares of 8.50% Series C Cumulative Redeemable Perpetual Preferred Stock (Series C Preferred Stock). In May 2015, we completed an offering of shares of 8.75% Series D Cumulative Redeemable Perpetual Preferred Stock (Series D Preferred Stock). Our common stock, Series B Preferred Stock, Series C Preferred Stock and Series D Preferred Stock are listed on the New York Stock Exchange. If any securities are to be listed or quoted on any other securities exchange or quotation system, the applicable prospectus supplement will so state.

RISK FACTORS

Investing in the securities to be offered pursuant to this prospectus may involve a high degree of risk. You should carefully consider the important factors set forth under the heading **Risk Factors** in our most recent Annual Report on Form 20-F filed with the SEC and incorporated herein by reference and in the accompanying prospectus supplement for such issuance before investing in any securities that may be offered. For further details, see the section entitled **Where You Can Find Additional Information** .

Any of the risk factors referred to above could significantly and negatively affect our business, results of operations or financial condition, which may reduce our ability to pay dividends and lower the trading price of our securities. The risks referred to above are not the only ones that may exist. Additional risks not currently known by us or risks that we deem immaterial may also impair our business operations. You may lose all or a part of your investment.

SERVICE OF PROCESS AND ENFORCEMENT OF LIABILITIES

We are a Marshall Islands corporation and our principal executive offices are located outside of the United States in Monaco. All of our directors and officers and some of the experts in this prospectus reside outside the United States. In addition, all or a substantial portion of our assets and the assets of our directors, officers and experts are located outside of the United States. As a result, you may have difficulty serving legal process within the United States upon us or any of these persons. You may also have difficulty enforcing, both in and outside of the United States, judgments you may obtain in U.S. courts against us or these persons in any action, including actions based upon the civil liability provisions of U.S. Federal or state securities laws.

Furthermore, there is uncertainty as to whether the courts of the Marshall Islands, Monaco or other countries where our directors may reside would enter judgments in original actions brought in those courts predicated on U.S. Federal or state securities laws.

DESCRIPTION OF PREFERRED STOCK

Our articles of incorporation authorize our board of directors to establish one or more series of preferred stock and to determine, with respect to any series of preferred stock, the terms and rights of that series. The issuance of shares of preferred stock may have the effect of discouraging, delaying or preventing a change of control of us or the removal of our management. The issuance of shares of preferred stock with voting and conversion rights may adversely affect the voting power of the holders of shares of our common stock. For those shares of preferred stock, if any, that are deposited in an American Depositary Receipt facility pursuant to a deposit agreement, to be entered into with the depositary, the depositary or its nominee is deemed the shareholder (for additional details, see Description of American Depositary Shares).

The applicable prospectus supplement will describe the following terms of any series of preferred shares in respect of which this prospectus is being delivered:

- the designation of the series;
- the number of shares in the series, which our board of directors may, except where otherwise provided in the preferred shares designation, increase or decrease, but not below the number of shares then outstanding;
- whether dividends, if any, will be cumulative or non-cumulative and the dividend rate of the series;
- the dates at which dividends, if any, will be payable;
- the redemption rights and price or prices, if any, for shares of the series;
- the terms and amounts of any sinking fund provided for the purchase or redemption of shares of the series;
- the amounts payable on shares of the series in the event of any voluntary or involuntary liquidation, dissolution or winding-up of the affairs of our company;
- whether the shares of the series will be convertible into shares of any other class or series, or any other security, of our company or any other corporation, and, if so, the specification of the other class or series or other security, the conversion price or prices or rate or rates, any rate adjustments, the date or dates as of which the shares will be convertible and all other terms and conditions upon which the conversion may be made;
- restrictions on the issuance of shares of the same series or of any other class or series; and
- the voting rights, if any, of the holders of the series.

On August 7, 2013, we issued 2,000,000 shares of our Series B Preferred Stock. The terms of the statement of designation allow us to issue additional shares of the Series B Preferred Stock.

On January 21, 2014, we issued 4,000,000 shares of our Series C Preferred Stock. The terms of the statement of designation allow us to issue additional shares of the Series C Preferred Stock.

On May 13, 2015, we issued 4,000,000 shares of our Series D Preferred Stock. The terms of the statement of designation allow us to issue additional shares of the Series D Preferred Stock.

The description in the applicable prospectus supplement of any preferred stock we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable statement of designation or specimen stock certificate, which will be filed with the SEC if we offer preferred stock. For more information on how you can obtain copies of any statement of designation or specimen stock certificate if we offer preferred stock, see Where You Can Find Additional

Information beginning on page 4 of this prospectus. We urge you to read the applicable statement of designation, the applicable specimen stock certificate and any applicable prospectus supplement in their entirety.

DESCRIPTION OF DEBT SECURITIES

We may offer debt securities. The following description of debt securities sets forth the material terms and provisions of the debt securities to which any prospectus supplement may relate. Our debt securities would be issued under an indenture between us and a trustee. The debt securities we may offer may be convertible into common stock or other securities. The indenture, a form of which is included as an exhibit to the registration statement of which this prospectus is a part, will be executed at the time we issue any debt securities. Any supplemental indentures will be filed with the SEC on a Form 6-K or by a post-effective amendment to the registration statement of which this prospectus is a part.

The particular terms of the debt securities offered by any prospectus supplement, and the extent to which the general provisions described below may apply to the offered debt securities, will be described in the applicable prospectus supplement. The indenture will be qualified under the Trust Indenture Act of 1939, as amended (the Trust Indenture Act). The terms of the debt securities will include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act.

Because the following summaries of the material terms and provisions of the indenture and the related debt securities are not complete, you should refer to the form of the indenture and the debt securities for complete information on some of the terms and provisions of the indenture, including definitions of some of the terms used below, and the debt securities.

General

The provisions of the indenture do not limit the aggregate principal amount of debt securities which may be issued thereunder. Unless otherwise provided in a prospectus supplement, the debt securities will be our direct, unsecured and unsubordinated general obligations and will have the same rank in liquidation as all of our other unsecured and unsubordinated debt. The debt securities may be convertible into common stock or other securities if specified in the applicable prospectus supplement.

Payments

We may issue debt securities from time to time in one or more series. The provisions of the indenture allow us to reopen a previous issue of a series of debt securities and issue additional debt securities of that series. The debt securities may be denominated and payable in U.S. dollars or other currencies. We may also issue debt securities from time to time with the principal amount or interest payable on any relevant payment date to be determined by reference to one or more currency exchange rates, securities or baskets of securities, commodity prices or indices. Holders of these types of debt securities will receive payments of principal or interest that depend upon the value of the applicable currency, security or basket of securities, commodity or index on the relevant payment dates.

Debt securities may bear interest at a fixed rate, which may be zero, a floating rate, or a rate which varies during the lifetime of the debt security. Debt securities bearing no interest or interest at a rate that at the time of issuance is below the prevailing market rate may be sold at a discount below their stated principal amount.

Terms Specified in the Applicable Prospectus Supplement

The applicable prospectus supplement will contain, where applicable, the following terms of, and other information relating to, any offered debt securities:

the specific designation;

any limit on the aggregate principal amount of the debt securities, their purchase price and denomination;
the currency in which the debt securities are denominated and/or in which principal, premium, if any, and/or interest, if any, is payable;
the date of maturity;
the interest rate or rates or the method by which the calculation agent will determine the interest rate or rates, if any;
the interest payment dates, if any;
the place or places for payment of the principal of and any premium and/or interest on the debt securities;
any repayment, redemption, prepayment or sinking fund provisions, including any redemption notice provisions;
whether we will issue the debt securities in registered form or bearer form or both and, if we are offering debt securities in bearer form, any restrictions applicable to the exchange of one form for another and to the offer, sale and delivery of those debt securities in bearer form;
whether we will issue the debt securities in definitive form and under what terms and conditions;
the terms on which holders of the debt securities may convert or exchange these securities into or for common stock or other securities, any specific terms relating to the adjustment of the conversion or exchange feature and the period during which the holders may make the conversion or exchange;
information as to the methods for determining the amount of principal or interest payable on any date and/or the currencies, securities or baskets of securities, commodities or indices to which the amount payable on that date is linked;
any agents for the debt securities, including trustees, depositaries, authenticating or paying agents, transfer agents or registrars;
whether and under what circumstances we will pay additional amounts on debt securities for any tax, assessment or governmental charge withheld or deducted and, if so, whether we will have the option to redeem those debt securities rather than pay the additional amounts;
any material United States federal income tax or other income tax consequences, including, but not limited to: tax considerations applicable to any discounted debt securities or to debt securities issued at par that are treated as having been issued at a discount for United States federal income tax purposes; and
tax considerations applicable to any debt securities denominated and payable in non-United States currencies;
whether certain payments on the debt securities will be guaranteed under a financial insurance guarantee policy and the terms of that guarantee;
whether the debt securities will be secured;
any applicable selling restrictions; and
any other specific terms of the debt securities, including any modifications to or additional events of default, covenants or modified or eliminated acceleration rights, and any terms required by or advisable under applicable laws or regulations.

Some of the debt securities may be issued as original issue discount securities. Original issue discount securities bear no interest or bear interest at below-market rates and may be sold at a discount below their stated principal amount. The applicable prospectus supplement will contain information relating to income tax, accounting, and other special considerations applicable to original issue discount securities.

Registration and Transfer of Debt Securities

Holders may present debt securities for exchange, and holders of registered debt securities may present these securities for transfer, in the manner, at the places and subject to the restrictions stated in the debt securities and described in the applicable prospectus supplement. We will provide these services without charge except for any tax or other governmental charge payable in connection with these services and subject to any limitations or requirements provided in the indenture or the supplemental indenture or issuer order under which that series of debt securities is issued. Holders may transfer debt securities in bearer form and/or the related coupons, if any, by delivery to the transferee. If any of the securities are held in global form, the procedures for transfer of interests in those securities will depend upon the procedures of the depository for those global securities.

Events of Default

The indenture provides holders of debt securities with remedies if we fail to perform specific obligations, such as making payments on the debt securities, or if we become bankrupt. Holders should review these provisions and understand which actions trigger an event of default and which actions do not. The indenture permits the issuance of debt securities in one or more series, and, in many cases, whether an event of default has occurred is determined on a series-by-series basis.

An event of default is defined under the indenture, with respect to any series of debt securities issued under the indenture, as any one or more of the following events, subject to modification in a supplemental indenture, each of which we refer to in this prospectus as an event of default, having occurred and be continuing:

- default is made for more than 30 days in the payment of interest, premium or principal in respect of the securities;
- we fail to perform or observe any of our other obligations under the securities and this failure has continued for the period of 60 days next following the service on us of notice requiring the same to be remedied;
- our bankruptcy, insolvency or reorganization under any applicable bankruptcy, insolvency or insolvency related reorganization law;
- an order is made or an effective resolution is passed for the winding up or liquidation of us; or
- any other event of default provided in the supplemental indenture or issuer order, if any, under which that series of debt securities is issued.

Acceleration of Debt Securities Upon an Event of Default

The indenture provides that, unless otherwise set forth in a supplemental indenture:

- if an event of default occurs due to the default in payment of principal of, or any premium or interest on, any series of debt securities issued under the indenture, or due to the default in the performance or breach of any other covenant or warranty of us applicable to that series of debt securities but not applicable to all outstanding debt securities issued under the indenture occurs and is continuing, either the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of each affected series, voting as one class, by notice in writing to us may declare the principal of and accrued interest on the debt securities of such affected series (but not any other debt securities issued under the indenture) to be due and payable immediately;
- if an event of default occurs due to specified events of bankruptcy, insolvency or reorganization of us, the principal of all debt securities and interest accrued on the debt securities to be due and payable immediately; and
- if an event of default due to a default in the performance of any other of the covenants or agreements in the indenture applicable to all outstanding debt securities issued under the indenture occurs and is continuing, either the trustee or the holders of not less than 25% in

aggregate principal amount of all outstanding debt securities issued under the indenture for which any applicable supplemental indenture does not prevent acceleration under the relevant circumstances, voting as one class, by notice in writing to us may declare the principal of all debt securities and interest accrued on the debt securities to be due and payable immediately.

Annulment of Acceleration and Waiver of Defaults

In some circumstances, if any and all events of default under the indenture, other than the non-payment of the principal of the securities that has become due as a result of an acceleration, have been cured, waived or otherwise remedied, then the holders of a majority in aggregate principal amount of all series of outstanding debt securities affected, voting as one class, may annul past declarations of acceleration or waive past defaults of the debt securities.

Indemnification of Trustee for Actions Taken on Your Behalf

The indenture provides that the trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the holders of debt securities issued under the indenture relating to the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred upon the trustee. In addition, the indenture contains a provision entitling the trustee, subject to the duty of the trustee to act with the required standard of care during a default, to be indemnified to its satisfaction by the holders of debt securities issued under the indenture before proceeding to exercise any right or power at the request of holders. Subject to these provisions and specified other limitations, the holders of a majority in aggregate principal amount of each series of outstanding debt securities of each affected series, voting as one class, may direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee.

Limitation on Actions by You as an Individual Holder

The indenture provides that no individual holder of debt securities may institute any action against us under the indenture, except actions for payment of overdue principal and interest, unless the following actions have occurred:

- the holder must have previously given written notice to the trustee of the continuing default;
- the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of each affected series, treated as one class, must have:
 - requested the trustee to institute that action; and
 - offered the trustee indemnity satisfactory to it;
- the trustee must have failed to institute that action within 60 days after receipt of the request referred to above; and
- the holders of a majority in principal amount of the outstanding debt securities of each affected series, voting as one class, must not have given directions to the trustee inconsistent with those of the holders referred to above.

The indenture contains a covenant that we will file annually with the trustee a certificate of no default or a certificate specifying any default that exists.

Discharge, Defeasance and Covenant Defeasance

We have the ability to eliminate most or all of our obligations on any series of debt securities prior to maturity if we comply with the following provisions:

Discharge of Indenture. We may discharge all of our obligations, other than as to transfers and exchanges, under the indenture after we have:

paid or caused to be paid the principal of and interest on all of the outstanding debt securities in accordance with their terms;
delivered to the trustee for cancellation all of the outstanding debt securities; or
irrevocably deposited with the trustee cash or, in the case of a series of debt securities payable only in U.S. dollars, U.S. government obligations in trust for the benefit of the holders of any series of debt securities issued under the indenture that have either become due and payable, or are by their terms due and payable, or are scheduled for redemption, within one year, in an amount certified to be sufficient to pay on each date that they become due and payable, the principal of and interest on, and any mandatory sinking fund payments for, those debt securities.
However, the deposit of cash or U.S. government obligations for the benefit of holders of a series of debt securities that are due and payable, or are scheduled for redemption, within one year will discharge obligations under the indenture relating only to that series of debt securities.

Defeasance of a Series of Securities at Any Time. We may also discharge all of our obligations, other than as to transfers and exchanges, under any series of debt securities at any time, which we refer to as defeasance in this prospectus. We may be released with respect to any outstanding series of debt securities from the obligations imposed by any covenants and elect not to comply with those covenants without creating an event of default. Discharge under those procedures is called covenant defeasance.

Defeasance or covenant defeasance may be effected only if, among other things:

we irrevocably deposit with the trustee cash or, in the case of debt securities payable only in U.S. dollars, U.S. government obligations, as trust funds in an amount certified to be sufficient to pay on each date that they become due and payable, the principal of and interest on, and any mandatory sinking fund payments for, all outstanding debt securities of the series being defeased; and
we deliver to the trustee an opinion of counsel to the effect that:
the holders of the series of debt securities being defeased will not recognize income, gain or loss for United States federal income tax purposes as a result of the defeasance or covenant defeasance;
the defeasance or covenant defeasance will not otherwise alter those holders' United States federal income tax treatment of principal and interest payments on the series of debt securities being defeased; and
in the case of a defeasance, this opinion must be based on a ruling of the Internal Revenue Service or a change in United States federal income tax law occurring after the date of this prospectus, since that result would not occur under current tax law.

Modification of the Indenture

Modification without Consent of Holders. We and the trustee may enter into supplemental indentures without the consent of the holders of debt securities issued under the indenture to:

secure any debt securities;
evidence the assumption by a successor corporation of our obligations;
add covenants for the protection of the holders of debt securities;
cure any ambiguity or correct any inconsistency;
establish the forms or terms of debt securities of any series; or
evidence the acceptance of appointment by a successor trustee.

Modification with Consent of Holders. We and the trustee, with the consent of the holders of not less than a majority in aggregate principal amount of each affected series of outstanding debt securities, voting as one class, may add any provisions to, or change in any manner or eliminate any of the provisions of, the indenture or modify in any manner the rights of the holders of those debt

securities. However, we and the trustee may not make any of the following changes to any outstanding debt security without the consent of each holder that would be affected by the change:

- extend the final maturity of the security;
- reduce the principal amount;
- reduce the rate or extend the time of payment of interest;
- reduce any amount payable on redemption;
- change the currency in which the principal, including any amount of original issue discount, premium, or interest on the security is payable;
- modify or amend the provisions for conversion of any currency into another currency;
- reduce the amount of any original issue discount security payable upon acceleration or provable in bankruptcy;
- alter the terms on which holders of the debt securities may convert or exchange debt securities for common stock or other securities, other than in accordance with the antidilution provisions or other similar adjustment provisions included in the terms of the debt securities;
- impair the right of any holder to institute suit for the enforcement of any payment on any debt security when due;
- or
- reduce the percentage of debt securities the consent of whose holders is required for modification of the indenture.

Form of Debt Security

Each debt security will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Both certificated securities in definitive form and global securities may be issued either:

- in registered form, where our obligation runs to the holder of the security named on the face of the security; or
- in bearer form, where our obligation runs to the bearer of the security.

Definitive securities name you or your nominee as the owner of the security, other than definitive bearer securities, which name the bearer as owner, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable.

Global securities name a depository or its nominee as the owner of the debt securities represented by these global securities, other than global bearer securities, which name the bearer as owner. The depository maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

Global Securities

Registered Global Securities. We may issue the debt securities in the form of one or more fully registered global securities that will be deposited with a depository or its nominee identified in the applicable prospectus supplement and registered in the name of that depository or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depository for the registered global security, the nominees of the depository or any successors of the depository or those nominees. If not described below, any specific terms of the depository arrangement with respect to any securities to be represented by a registered global

security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depositary arrangements:

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depositary or persons that may hold interests through participants. Upon the issuance of a registered global security, the depositary will credit, on its book-entry registration and transfer system, the participants accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or selling agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depositary, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some jurisdictions may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities. So long as the depositary, or its nominee, is the registered owner of a registered global security, that depositary or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the indenture.

Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the indenture. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depositary for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the indenture. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the indenture, the depositary for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities represented by a registered global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the registered global security. None of us, the trustee or any other agent of us or agent of the trustee will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests. We expect that the depositary for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of those participants.

If the depositary for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered under the Exchange Act, and a successor depositary registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depositary. In addition, we may, at any time and in our sole discretion, decide not to have any of the securities represented by one or

more registered global securities. If we make that decision, we will issue securities in definitive form in

exchange for all of the registered global security or securities representing those securities. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depository gives to the relevant trustee or other relevant agent of ours or theirs. It is expected that the depository's instructions will be based upon directions received by the depository from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depository.

Bearer Global Securities. The securities may also be issued in the form of one or more bearer global securities that will be deposited with a common depository for the Euroclear System and Clearstream Banking, *société anonyme* or with a nominee for the depository identified in the prospectus supplement relating to those securities. The specific terms and procedures, including the specific terms of the depository arrangement, with respect to any securities to be represented by a bearer global security will be described in the prospectus supplement relating to those securities.

New York Law to Govern

The indenture and the debt securities will be governed by the laws of the State of New York.

DESCRIPTION OF THE UNITS

We may issue units consisting of common stock, preferred stock, warrants, rights and debt securities, or in combination thereof. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time, or at any time before a specified date.

The applicable prospectus supplement relating to any series of units will describe the terms of the units, including, where applicable, the following:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;

In effecting sales, brokers or dealers engaged by us may arrange for other brokers or dealers to participate.

Broker-dealer transactions may include:

- purchases of the securities by a broker-dealer as principal and resales of the securities by the broker-dealer for its account pursuant to this prospectus;
- ordinary brokerage transactions; or
- transactions in which the broker-dealer solicits purchasers.

In addition, we may sell any securities covered by this prospectus in private transactions or under Rule 144 of the Securities Act rather than pursuant to this prospectus.

In connection with the sale of securities covered by this prospectus, broker-dealers may receive commissions or other compensation from us in the form of commissions, discounts or concessions. Broker-dealers may also receive compensation from purchasers of the securities for whom they act as agents or to whom they sell as principals or both. Compensation as to a particular broker-dealer may be in excess of customary commissions or in amounts to be negotiated. In connection with any underwritten offering, underwriters may receive compensation in the form of discounts, concessions or commissions from us or from purchasers of the securities for whom they act as agents. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or

commissions from the purchasers for whom they may act as agents. Any underwriters, broker-dealers or agents that participate in the distribution of the securities may be deemed to be underwriters within the meaning of the Securities Act and any profit on the sale of the securities by them and any discounts, commissions or concessions received by any of those underwriters, broker-dealers or agents may be deemed to be underwriting discounts and commissions under the Securities Act.

In connection with the distribution of the securities covered by this prospectus or otherwise, we may enter into hedging transactions with broker-dealers or other financial institutions. In connection with such transactions, broker-dealers or other financial institutions may engage in short sales of our securities in the course of hedging the positions they assume with us. We may also sell securities short and deliver the securities offered by this prospectus to close out our short positions. We may also enter into option or other transactions with broker-dealers or other financial institutions, which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus, as supplemented or amended to reflect such transaction. We may also from time to time pledge securities pursuant to the margin provisions of any customer agreements with brokers. Upon default, the broker may offer and sell such pledged securities from time to time pursuant to this prospectus, as supplemented or amended to reflect such transaction.

At any time a particular offer of the securities covered by this prospectus is made, a revised prospectus or prospectus supplement, if required, will be distributed which will set forth the aggregate amount of securities covered by this prospectus being offered and the terms of the offering, including the expected issue price or method of determining the price, the time period during which the offer will be open and whether the purchase period may be extended or shortened, the method and time limits for paying up and delivering securities, name or names of any underwriters, dealers, brokers or agents, any discounts, commissions, concessions and other items constituting compensation from us and any discounts, commissions or concessions allowed or reallocated or paid to dealers. In order to comply with the securities laws of certain states, if applicable, the securities sold under this prospectus may only be sold through registered or licensed broker-dealers. In addition, in some states the securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from registration or qualification requirements is available and is complied with.

In connection with an underwritten offering, we would execute an underwriting agreement with an underwriter or underwriters. Unless otherwise indicated in the revised prospectus or applicable prospectus supplement, such underwriting agreement would provide that the obligations of the underwriter or underwriters are subject to certain conditions precedent and that the underwriter or underwriters with respect to a sale of the covered securities will be obligated to purchase all of the covered securities if any such securities are purchased. We may grant to the underwriter or underwriters an option to purchase additional securities at the public offering price, as may be set forth in the revised prospectus or applicable prospectus supplement. If we grant any such option, the terms of the option will be set forth in the revised prospectus or applicable prospectus supplement.

Pursuant to a requirement by the Financial Industry Regulatory Authority, or FINRA, if more than five percent of the net proceeds of any offering of securities made under this prospectus will be received by any FINRA member participating in the offering or by affiliates or associated persons of such FINRA member or any participating member who otherwise would have a conflict of interest under FINRA Rules, the offering will be conducted in accordance with FINRA Rule 5121.

Underwriters, agents, brokers or dealers may be entitled, pursuant to relevant agreements entered into with us, to indemnification by us against certain civil liabilities, including liabilities under the Securities Act that may arise from any untrue statement or alleged untrue statement of a material fact, or any omission or alleged omission to state a

material fact in this prospectus, any supplement or amendment hereto, or in the registration statement of which this prospectus forms a
