PROXY STATEMENT

This Proxy Statement and accompanying Proxy Card are being furnished by the Board of Directors of Airtech International Group, Inc., a Wyoming corporation (the "Corporation"), in connection with the solicitation of proxies for use at a Special Meeting of Stockholders to be held at the Homewood Suites, 4451 Belt Line Road, Addison, Texas 75001, on Friday, May 18, 2001 at 9:00 A.M., Dallas time, and at any adjournments thereof (the "Special Meeting"). This Proxy Statement, with the accompanying Proxy Card, is first being mailed to holders of the Corporation's Common Stock, \$0.05 par value (the "Common Stock"), on or about April 23, 2001.

The purpose and business of the meeting is:

1. To amend the Restated Articles of Incorporation of the Corporation (the "Articles of Incorporation") to increase the number of authorized shares of the Corporation's Common Stock, \$0.05 par value, from 50,000,000 authorized shares to 100,000,000 authorized shares (the "Amendment Proposal"); and
2. To transact such other business as may properly come before the Special Meeting and any adjournments thereof.

Only stockholders of record of the Common Stock at the close of business on April 16, 2001, will be entitled to vote at the Special Meeting. As of the close of business on such date, there were outstanding and entitled to vote 30,991,573 shares of Common Stock. Each share of Common Stock is entitled to one vote. The presence, in person or by proxy, of the holders of a majority of the votes represented by the outstanding shares of Common Stock entitled to vote at the Special Meeting is necessary to constitute a quorum for the conduct of business at the Special Meeting. Shares held by persons who abstain from voting on a proposal will be counted in determining whether a quorum is present, but will not be counted as voting either for or against such proposal. If a broker

Edgar Filing: AIRTECH INTERNATIONAL GROUP INC - Form DEF 14A

indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter. Assuming the presence of a quorum, Proposal 1 will

1

be approved if the votes cast by stockholders in favor of the Amendment Proposal exceed the number of votes cast by stockholders opposing the Amendment Proposal.

If a quorum is not obtained, or fewer shares are voted in favor of the Amendment Proposal than the number required for the approval of the Amendment Proposal, it is expected that the Special Meeting will be postponed or adjourned for the purpose of allowing additional time for obtaining additional proxies or votes, and at any subsequent reconvening of the Special Meeting, all proxies will be voted in the same manner as such proxies would have been voted at the original convening of the Special Meeting (except for any proxies which have theretofore effectively been revoked or withdrawn). An automated system administered by the Corporation's transfer agent will tabulate the votes.

Where a specific designation is given in the Proxy with respect to a vote on the Amendment Proposal, the Proxy will be voted in accordance with such designation. If no such designation is made, the Proxy will be voted FOR the

Amendment Proposal. Any stockholder giving a Proxy may revoke it at any time before it is voted at the Special Meeting by delivering to the Secretary of the Corporation a written notice of revocation or duly executed Proxy bearing a later date or by appearing at the Special Meeting and revoking his or her Proxy and voting in person. Attendance at the Special Meeting will not of itself revoke a Proxy.

AMENDMENT PROPOSAL TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

Summary of Amendment

The Corporation is requesting authority to amend the Articles of Incorporation of the Corporation to increase the number of authorized shares of the Corporation's Common Stock, \$0.05 par value, from 50,000,000 shares to 100,000,000 shares. The newly authorized shares of Common Stock will be identical in all respects to the shares of the Corporation's Common Stock which are currently authorized and outstanding. The form of the proposed Articles of Amendment is attached as Exhibit "A" to this Proxy Statement. The Board of Directors has unanimously approved the increase in the authorized shares of the Corporation's Common Stock as set forth in the Articles of Amendment. The Articles of Amendment will be formally implemented, assuming approval by the stockholders, by its filing with the Secretary of State of Wyoming.

Description of Common Stock

The shares of the Corporation's Common Stock are not redeemable, do not have any conversion rights and are not subject to call. Holders of shares of Common Stock have no preemptive, redemption, conversion or other subscription rights and are entitled to one vote per share on any matter submitted to a vote of the Corporation's stockholders. Cumulative voting is prohibited in the election of the Corporation's directors.

The holders of the shares of the Corporation's Common Stock are entitled to receive dividends, if any, as and when declared from time to time by the Board of Directors, out of legally

available funds, but subject to the prior payment, if any, of dividends to the holders of any outstanding shares of preferred stock. Subject to the rights of the holders of preferred stock, if any, upon liquidation, dissolution or winding up of the Corporation's affairs, the holders of shares of Common Stock will be entitled to participate equally and ratably, in proportion to the number of shares held, in the Corporation's net assets available for distribution to holders of all shares of the Corporation's Common Stock. All of the shares of the Corporation's Common Stock currently outstanding are validly issued, fully paid and nonassessable.

Transactions in which Common Stock May be Issued

On March 30, 2001, the Corporation entered into a securities purchase agreement to raise up to \$1,000,000 through the sale of the Corporation's 12% Secured Convertible Debentures (the "12% Debentures"). The 12% Debentures are convertible at the option of the holder into shares of the Corporation's Common Stock. The conversion price and number of shares of Common Stock issued on conversion are determined from a formula which relates to the average trading price of the Corporation's Common Stock on the OTC Bulletin Board during the 20 trading days prior to the date of conversion (the "Conversion Price").

Upon execution of the securities purchase agreement, the investors under the agreement purchased \$800,000 in principal amount of the 12% Debentures with attached warrants (the "Warrants") to purchase 500,000 shares of the Corporation's Common Stock. The purchase of the remaining \$200,000 in principal amount of the 12% Debentures is subject to the registration by the Corporation pursuant to a registration rights agreement of the shares of Common Stock issued to the holders of the 12% Debentures upon conversion.

Under the terms of the 12% Debentures, the Corporation is required to use its best efforts to reserve for issuance at all times a number of shares of Common Stock equal to no less than two times the number of shares from time to time actually issuable upon conversion of \$1,000,000 in principal amount of the 12% Debentures and exercise of all of the Warrants. As of April 13, 2001, the Corporation has reserved for issuance 16,800,000 shares of Common Stock for conversion of the 12% Debentures and exercise of the Warrants. Depending upon the Conversion Price, the Corporation may not have a sufficient number of authorized shares of Common Stock in the future to reserve for issuance upon conversion of the 12% Debentures and exercise of the Warrants or upon the actual conversion of the 12% Debentures and exercise of the Warrants. Therefore, the Corporation is requesting that the stockholders approve the proposed increase in the number of authorized shares of Common Stock to ensure an adequate number of authorized shares, if necessary, for reservation or upon conversion of the 12% Debentures and exercise of the Warrants. Any newly authorized shares of Common Stock which are not issued upon conversion of the 12% Debentures or exercise of the Warrants will be designated by the Corporation as authorized but unissued shares.

If, at any time, the Corporation does not have sufficient authorized but unissued shares of Common Stock to effect a requested conversion of the 12% Debentures, the Corporation is required to pay to the holders of the 12% Debentures a conversion penalty equal to the remaining principal amount of the 12% Debentures not converted plus accrued interest multiplied by 0.24 and then multiplied by the number of days divided by 365 that the 12% Debenture remains unconverted because of an insufficient amount of authorized shares. In addition, the failure of the Corporation to reserve two times the number of shares for issuance upon conversion of the 12% Debentures and exercise of the Warrants is an event of default under the terms of the 12% Debentures and Warrants.

Edgar Filing: AIRTECH INTERNATIONAL GROUP INC - Form DEF 14A

As of April 13, 2001, \$800,000 in principal amount of 12% Debentures were issued and outstanding. The 12% Debentures are convertible into the number of shares of Common Stock determined by dividing the outstanding principal amount of the 12% Debentures by the then current Conversion Price. If converted on April 13, 2001, the 12% Debentures would have converted into approximately 8,421,000 shares of Common Stock representing approximately 21% of the total issued and outstanding shares of Common Stock of the Corporation. This number of shares of Common Stock could be greater in the event of a decrease in the trading price of the Corporation's Common Stock as quoted on the OTC Bulletin Board or the purchase by the investors of the additional \$200,000 in principal amount of 12% Debentures. Under the terms of the 12% Debentures, at no time are the holders of the 12% Debentures entitled to own more than 4.9% of the outstanding shares of Common Stock of the Corporation without 30 days prior written notice to the Corporation.

The issuance by the Corporation of the newly authorized shares upon conversion of the 12% Debentures could dilute the value of a stockholder's investment in the Corporation. In the absence of a proportionate increase in the Company's earnings and book value, an increase in the aggregate number of outstanding shares of the Company's Common Stock caused by the issuance of shares upon conversion of the 12% Debentures would dilute the earnings per share and book value of all outstanding shares of the Company's Common Stock. If such factors were reflected in the trading price per share of the Company's Common Stock, the potential realizable value of a stockholder's investment could be adversely affected.

The Corporation will not solicit any further authorization from the stockholders of the Corporation prior to the issuance of the newly authorized shares of Common Stock, unless such authorization is required by applicable laws or rules of any stock exchange on which the Corporation's securities may then be listed. The Board of Directors has no current plan, understanding or arrangement to issue any of the additional shares of Common Stock in any merger or other business combination.

THE BOARD OF DIRECTORS OF THE CORPORATION RECOMMENDS THAT YOU
VOTE FOR THE AMENDMENT PROPOSAL.
