ANNUAL MEETING OF SHAREHOLDERS
PROXY STATEMENT

Date, Time and Place of the Annual Meeting

The annual meeting will be held on July ____, 2002 at 10:00 a.m., Central Time at our corporate offices located at 1049 Avenue H East, Arlington, Texas 76011.

Edgar Filing: FRESH AMERICA CORP - Form PRER14A

Matters to be Considered at the Annual Meeting

The purpose of the annual meeting is to consider and vote upon:

- . an amendment to our articles of incorporation to increase the number of authorized shares of our common stock from 10 million to 250 million and to decrease the stated par value of our common stock from \$.01 to \$.0001;
- . the election of four directors by the holders of our Series D preferred stock, voting as a separate class, and the election of one director by the holders of our common stock, voting as a separate class;
- . the ratification of the selection of KPMG, LLP as the Company's independent auditors for fiscal 2002; and
- . the transaction of any other business that may properly come before the meeting.

Proxy Solicitation

Our board of directors is soliciting your proxy for use at the annual meeting to be held on July __, 2002, or at any continuation, adjournment or postponement thereof, for the purposes set forth herein and in the Notice of Annual Meeting of Shareholders. We will pay all expenses incurred in connection with solicitation of the enclosed proxy. Our officers, directors and regular employees may solicit proxies in person or by telephone. They will receive no additional compensation for their services. We have requested brokers and nominees who hold stock in their names to furnish this proxy statement to their customers, and we will reimburse these brokers and nominees for their related out-of-pocket expenses. This proxy statement and the accompanying proxy card are being mailed to shareholders on or about June __, 2002.

Record Date and Quorum Requirement

Our common stock, par value \$.01 per share (the "Common Stock"), and our Series D Cumulative Redeemable Preferred Stock, \$1.00, par value per share (the "Preferred Stock"), are our only outstanding securities eligible to vote with respect to matters to be considered at the annual meeting. The shares of Common Stock and the shares of Preferred Stock together are referred to as the "Voting Shares." Our board has fixed the close of business on [June 14, 2002] as the record date for the determination of shareholders entitled to notice of, and to vote at, the annual meeting and any adjournments or postponements of the annual meeting. At the close of business on the record date, there were [8,410,098] shares of our Common Stock issued and outstanding, and there were 77,000 shares of our Preferred Stock issued and outstanding.

The holders of a majority of the outstanding Common Stock and the outstanding Preferred Stock, each considered as a separate class, must be present in person or represented by proxy to constitute a quorum for the transaction of business. Abstentions are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. In the event that there are not sufficient votes for a quorum or to approve or ratify any proposal at the time of the annual meeting, the annual meeting may be adjourned in order to permit the further

Edgar Filing: FRESH AMERICA CORP - Form PRER14A

solicitation of proxies.

Voting Procedures

Assuming the presence of a quorum:

- . Approval of the amendment to our articles of incorporation will require (1) the affirmative vote of two-thirds of the combined voting power of the Voting Shares, voting together as a combined class, outstanding on the record date, and (2) the affirmative vote of two-thirds of the shares of Preferred Stock, voting as a separate class.
- . Election of four directors will require the affirmative votes of a plurality of the shares of our Preferred Stock cast, voting as a separate class, and the election of one director will require the affirmative votes of a plurality of the shares of our Common Stock cast, voting as a separate class. Election by the vote of a plurality of shares requires that a nominee for director receive more votes than any other nominee (or, in the case of the election of four directors by the holders of our Preferred Stock, more votes than the person receiving the fifth most votes) but does not require that a nominee receive a majority of votes cast.
- . Ratification of the selection of KPMG, LLP as the Company's independent auditors for fiscal 2002 will require (1) the affirmative votes of a majority of the combined voting power of the Voting Shares cast, voting together as a combined class, and (2) the affirmative votes of a majority of the shares of our Preferred Stock cast, voting as a separate class.

Abstentions will have a neutral effect on the election of directors and the ratification of auditors. However, abstentions or the failure to vote on the amendment to our articles of incorporation will have the same effect as votes cast against approval of the proposal.

Because the holders of Preferred Stock vote together with the holders of Common Stock on the amendment to our articles of incorporation and the ratification of accountants, with respect to such proposals, each share of Preferred Stock is entitled to 250 votes per share, and each share of Common Stock is entitled to one vote per share. Therefore, the Preferred Stock represents 70% of the combined voting power of the Company's Voting Shares and holds a sufficient number of shares needed to approve these two proposals without any other shareholder vote in favor of such proposals. The Company believes that the holders of the Preferred Stock currently intend to vote their shares in favor of these two proposals.

Your broker and, in many cases, your nominee will not have discretionary power to vote on the amendment to our articles of incorporation. They will have discretionary power to vote on the other matters to be voted on at the annual meeting described in this proxy statement. Accordingly, you should instruct your broker or nominee how to vote any shares of our Voting Shares that they hold in your name or on your behalf. A broker non-vote occurs if a broker or other nominee does not have discretionary authority and has not received instructions with respect to a particular item. A broker non-vote will have the same effect as an abstention on the election of directors and the ratification of auditors and a vote against the amendment to our articles of incorporation.

Edgar Filing: FRESH AMERICA CORP - Form PRER14A

Voting and Revocation of Proxies

You may revoke your proxy at any time before it is exercised by:

- . filing with our Secretary an instrument revoking it;
- . submitting a properly executed proxy bearing a later date; or
- . voting in person at the annual meeting.

Unless revoked, all of your shares represented by a properly executed proxy received by our Secretary will be voted in accordance with your instructions. Shares represented by each proxy that is properly executed and returned and upon which no contrary instructions are indicated will be voted:

- . "FOR" the amendment to our articles of incorporation to increase the number of authorized shares of Common Stock and decrease the stated par value of our Common Stock;
- . "FOR" the election of each applicable nominated director; and
- . "FOR" the ratification of the selection for KPMG, LLP as the Company's independent auditor for fiscal 2002.

Your shares will be voted by proxy at the annual meeting if your proxy card is properly signed, dated and received by our Corporate Secretary prior to or at the annual meeting.

Other Matters to be Considered

Our board of directors is not aware of any other matter that will be brought before the annual meeting. If, however, other matters are presented, your proxy will be voted in the discretion of the holder of your proxy.

PROPOSAL 1. AMENDMENT TO THE ARTICLES OF INCORPORATION

Under our present capital structure as set forth in the articles of incorporation, we have 10,000,000 authorized shares of Common Stock and 1,000,000 authorized shares of Preferred Stock. Our board of directors unanimously believes that this capital structure is inadequate for the present and future needs of the Company. Accordingly, our board of directors has adopted a proposal to amend our articles of incorporation to increase the number of authorized shares of Common Stock from 10,000,000 shares to 250,000,000 shares and to decrease the stated par value of each share of Common Stock from \$.01 to \$.0001 (the "Charter Amendment"). As of March 29, 2002, 8,410,098 shares of Common Stock were outstanding, 300,000 shares have been reserved for issuance pursuant to outstanding warrants and 259,003 shares of Common Stock are reserved for issuance under current benefit plans, resulting in 81,798,040 shares remaining and available for our present and future needs.

As part of our financial restructuring, which is described in greater detail below, we issued warrants exercisable for an aggregate of 129,515,509 shares of our Common Stock to John Hancock Life Insurance Company, John Hancock Variable Life Insurance Company, Signature 1A (Cayman), Ltd. and Signature 3 Limited (collectively, the "Hancock Entities"), our subordinated lenders, and North Texas Opportunity Fund LP ("NTOF"), a new investor, as a necessary incentive to complete the restructuring.

In connection with the financial restructuring, the Company held a special meeting of its shareholders which was adjourned on December 28, 2001, and reconvened on December 29, 2001. The Company's shareholders were asked to approve the Charter Amendment. At the special meeting, approximately 61.9% of the shareholders voted in favor of the Charter Amendment, and 5.9% voted against the Charter Amendment. The Charter Amendment therefore failed to receive the necessary approval of the holders of a supermajority (66.7%) of the shares of the Common Stock. As a result, the Company's articles of incorporation have not been amended and although the warrants are by their terms immediately exercisable, these warrants in fact are not exercisable. Before the warrants may be exercised, we must amend our articles of incorporation to increase the number of authorized shares of Common Stock and to decrease the stated par value of the Common Stock.

Of the warrants exercisable for 129,515,509 shares of our Common Stock, the Hancock Entities beneficially own warrants exercisable for 45,414,529 shares as follows:

Name	Voting and Dispositive Power	
	Sole	Shared
-----	-----	-----
John Hancock Financial Services, Inc.	--	45,414,529
John Hancock Life Insurance Company	--	45,414,529
John Hancock Variable Life Insurance Company	--	6,812,179

By virtue of the warrants issued to the Hancock Entities, John Hancock Financial

Edgar Filing: FRESH AMERICA CORP - Form PRER14A

Services, Inc. has shared voting and dispositive power over an aggregate of 45,414,529 shares, 38,602,350 through its direct, wholly-owned subsidiary, John Hancock Life Insurance Company ("JHLICO"), and 6,812,179 through its indirect, wholly-owned subsidiary, John Hancock Variable Life Insurance Company ("JHVLIC"); JHLICO has shared voting and dispositive power over 38,602,350 shares held directly (consisting of warrants for 29,519,444 shares issued to JHLICO; warrants for 4,541,453 shares issued to Signature 1A (Cayman) Ltd., an advisory account of JHLICO; and warrants for 4,541,453 shares issued to Signature 3 Limited, an advisory account of JHLICO) and 6,812,179 held through JHVLICO, its wholly-owned subsidiary; and JHVLICO has shared voting and dispositive power over 6,812,179 shares held directly.

Of the warrants exercisable for 84,100,980 shares purchased by NTOF in the financial restructuring, warrants exercisable for 5,887,069 shares were purchased by Arthur Hollingsworth from NTOF subsequent to the financial restructuring. As a result, the beneficial ownership of the 84,100,980 warrants originally issued to NTOF in connection with the financial restructuring is as follows:

8

Name	Voting and Dispositive Power	
-----	Sole	Shared
-----	-----	-----
NTOF	-	78,213,911
NTOF Partners	-	78,213,911
NTOF LLC	-	78,213,911
NT Advisors	-	78,213,911
Arthur W. Hollingsworth	5,887,069	78,213,911
Luke M. Sweetser	-	78,213,911
Gregory A. Campbell	-	78,213,911

NTOF is a direct beneficial owner of warrants exercisable for 78,213,911 shares of our Common Stock. North Texas Opportunity Fund Capital Partners LP ("NTOF Partners") is an indirect beneficial owner of the warrants because NTOF Partners is the general partner of NTOF. NTOF LLC ("NTOF LLC") is an indirect beneficial owner of the warrants because NTOF LLC is the general partner of NTOF Partners. North Texas Investment Advisors LLC ("NT Advisors") is an indirect beneficial owner of the warrants because NT Advisors is the investment manager of NTOF. Arthur Hollingsworth is the direct beneficial owner of warrants exercisable for 5,887,069 shares of our Common Stock, and is an indirect beneficial owner of NTOF's warrants exercisable for 78,213,911 shares of our Common Stock because Hollingsworth is a manager of NTOF LLC and NT Advisors. Luke Sweetser and Gregory Campbell are both indirect beneficial owners of NTOF's warrants exercisable for 78,213,911 shares of our Common Stock because Mr. Sweetser is a manager of NTOF LLC and of NT Advisors and because Mr. Campbell is a manager of NTOF LLC and of NT Advisors. Hollingsworth, Sweetser and Campbell control the investment decisions of this group because they are the managers of (i) NT Advisors, which is the investment manager of NTOF, and (ii) NTOF LLC, which is the general partner of the general partner of NTOF.

In addition, at the special meeting of our shareholders in December 2001, our shareholders adopted our 2001 Stock Option Plan, but we are not currently able to reserve the 29,717,350 shares of Common Stock that may be issued pursuant to our 2001 Stock Option Plan. Approval of the Charter Amendment will allow us to reserve these shares for issuance.

Further, authorizing additional shares of Common Stock would provide the Company with more flexibility to issue shares of its Common Stock, as needed, for

Edgar Filing: FRESH AMERICA CORP - Form PRER14A

possible stock splits, acquisitions, financings and other corporate purposes from time to time as it deems necessary and in the best interests of the Company. At this time, the Company does not have any plans for issuing any additional shares of Common Stock other than as disclosed in this Proxy Statement.

Pending shareholder approval of this proposal to increase the number of authorized shares of Common Stock to 250,000,000 shares, and taking into account (a) the 8,410,098 shares currently outstanding and (b) shares reserved or to be reserved for issuance (i) pursuant to the exercise of the warrants for 129,515,509 shares issued in connection with the financial restructuring, (ii) pursuant to warrants for 300,000 shares that are currently outstanding, (iii) pursuant to outstanding options for 259,003 shares granted under our existing benefit plans, and (iv) pursuant to the 2001 Stock Option Plan (29,717,350 shares), we will have 81,798,040 authorized shares of Common Stock available for future needs of the Company.

Our board of directors unanimously believes that it is necessary to have the ability to issue additional shares of our Common Stock for general corporate purposes, as well as to effectuate the financial restructuring described below. Shareholders should be aware that, as set forth above, Messrs. Hollingsworth, Campbell and Sweetser may be deemed to beneficially own the 78,213,911 shares of Common Stock underlying the warrants issued to NTOF in connection with the financial restructuring and Mr. Hollingsworth is the sole beneficial owner of warrants exercisable for an additional 5,887,069 shares that were initially issued to NTOF in connection with the restructuring but subsequently purchased by Mr. Hollingsworth from NTOF. Therefore, Messrs. Hollingsworth, Campbell and Sweetser would significantly benefit from shareholder approval of Proposal 1. However, our previous board of directors (consisting of Messrs. Washburn, Martin, Gier and McKinney, with the exception of Mr. Martin, a creditor of the Company, who abstained from voting on the matter), approved the submission of the Charter Amendment to the shareholders at the special meeting of the Company's shareholders held in December 2001. When the Charter Amendment failed to receive the requisite approval at the special meeting, our board again

9

decided to submit the Charter Amendment for shareholder approval. Our board unanimously believes that our best interests and the best interests of our shareholders would be served by amending our articles of incorporation to increase the number of authorized shares of Common Stock and decrease the stated par value of the Common Stock. If approved by you, it is anticipated that the amendment will become effective as soon as practicable following the annual meeting.

Vote Required

Assuming the presence of a quorum, approval of the amendment to our articles of incorporation will require (1) the affirmative vote of two-thirds of the combined voting power of the Voting Shares, voting together as a single class, outstanding on the record date, and (2) the affirmative vote of two-thirds of the shares of Preferred Stock, voting as a separate class.

Because the holders of Preferred Stock vote together with the holders of Common Stock on the Charter Amendment, with respect to this proposal, each share of Preferred Stock is entitled to 250 votes per share, and each share of Common Stock is entitled to one vote per share. Therefore, the Preferred Stock represents 70% of the combined voting power of the Company's Voting Shares, which is a sufficient number of shares needed to approve the Charter Amendment without any other shareholder vote in favor of the Charter Amendment. The

Edgar Filing: FRESH AMERICA CORP - Form PRER14A

Company believes that the holders of the Preferred Stock currently intend to vote their shares in favor of the Charter Amendment.

Background of the Restructuring

During the past three years, we pursued various re-financing and strategic alternatives in an effort to restructure our debt and raise capital. Since October 1999, we had been operating under covenant default waivers and short-term extensions from our lenders. In addition, we failed to make the scheduled semi-annual interest payment due to our subordinated lenders on May 1, 2001, although our subordinated lenders extended the due date of the interest payment (without any penalty or premium charged to the Company) while we pursued re-financing alternatives. In February, 2001, the Company was introduced to NTOF by an independent broker. NTOF is a private equity fund that was established in August 2000 to invest in companies in underserved areas in North Texas and minority- and women-owned or managed companies located in that region. Prior to this introduction, there was no business or other affiliation between the Company and NTOF or any of its affiliates.

In late May 2001, we signed a letter of intent for a \$5 million equity investment by NTOF. In connection with the letter of intent, we received additional extensions of our senior credit facility and for the semi-annual interest payment on our subordinated debt as well as payments owed to other creditors in order to allow for the negotiation of a definitive agreement with respect to the equity- investment proposal. Although the Company had pursued various financial and strategic alternatives, at that time none had progressed beyond preliminary stages to warrant consideration by our Board, and the Company had no other active financing proposals or investment prospects. A condition to the NTOF investment was that our subordinated lenders exchange all of their subordinated debt, Series C preferred stock, warrants and all accrued and unpaid dividends thereon into Series D preferred stock.

In August 2001, Darren L. Miles was appointed as our President and Chief Executive Officer. Since 2000, Mr. Miles has been a director of Lewis Hollingsworth LP, a venture capital/private equity firm of which Mr. Hollingsworth is managing partner and Mr. Sweetser is a managing director. As set forth above, Messrs. Hollingsworth and Sweetser are beneficial owners and managers of NTOF. On August 14, 2001 we entered into definitive agreements for the equity-financing with NTOF, including a Securities Exchange and Purchase Agreement (the "Purchase Agreement") and a Shareholders Agreement (the "Shareholders Agreement" and, together with the Purchase Agreement, the "Agreements"), in each case entered into by and among the Company, NTOF, and the Hancock Entities. On September 5, 2001, we completed our restructuring pursuant to the Agreements and a Post-Closing Agreement dated as of September 5, 2001, by and among the Company, NTOF and the Hancock Entities.

Terms of Restructuring

In September 2001, the Company completed a financial restructuring pursuant to the Agreements whereby NTOF purchased 50,000 shares of the Company's Preferred Stock at a purchase price of \$100 per share and warrants

10

exercisable for 84,100,980 shares of our Common Stock at a purchase price of \$1 for all warrants for total cash proceeds of \$5,000,001. Mr. Hollingsworth subsequently purchased from NTOF, for the same price per share as paid by NTOF, 3,500 shares of Preferred Stock and, for \$1, warrants exercisable for 5,887,069 shares of our Common Stock. The exercise price of the warrants is \$0.0001 for each share of Common Stock represented by the warrants; provided that in no

Edgar Filing: FRESH AMERICA CORP - Form PRER14A

event will the aggregate exercise price for all of the shares of Common Stock covered by all warrants owned by either NTOF or Mr. Hollingsworth exceed \$100. In connection with the NTOF investment in the Company, the Hancock Entities exchanged \$20 million of subordinated debt, warrants to purchase 576,134 shares of the Company's Common Stock, 50,000 shares of Series C cumulative redeemable preferred stock and all accrued interest and dividends thereon, for 27,000 shares of the Company's Preferred Stock and warrants exercisable for 45,414,529 shares of our Common Stock. The warrants are exercisable for a ten-year period that commenced on August 14, 2001 and ends August 14, 2011. The exercise price of the warrants is \$.0001 per share and the warrants are subject to anti-dilution provisions providing adjustment in the event of any recapitalization, stock dividend, stock split, reorganization, merger or similar transaction or certain issuances of shares below their market value.

Impact of Failure to Approve Charter Amendment at 2001 Special Meeting

Because the Charter Amendment has not been approved, the warrants are not currently exercisable. In addition, because the Charter Amendment was not approved by December 31, 2001, the holders of Preferred Stock received enhanced rights under the terms of the Certificate of Designation governing the Preferred Stock (the "Certificate of Designation"). Initially, each share of the 77,000 shares of Preferred Stock had the right to receive cumulative dividends, payable monthly in cash and calculated on the basis of an annual dividend rate of \$8 for each share plus interest on any accrued but unpaid dividends. Because the Charter Amendment was not approved by December 31, 2001, the annual dividend rate increased to \$18 per share on December 31, 2001 pursuant to Section 2.2(g) of the Certificate of Designation. However, the Company has obtained a waiver for the enhanced dividend amount from the Preferred Shareholders for the period from December 29, 2001 until January 3, 2003. Therefore, the annual dividend rate will not increase to \$18 per share during this period, but will remain at the original annual dividend rate of \$8 for each share of Preferred Stock. The Company may not declare a dividend on any other class of capital stock so long as any accrued dividends for the Preferred Stock have not been paid. If the Company pays a dividend to holders of any other class of the Company's capital stock, then the Company will pay a dilution fee to the holders of the Preferred Stock.

When the Charter Amendment was not approved by December 31, 2001, pursuant to Section 2.5(b) of the Certificate of Designation, the holders of Preferred Stock also became entitled to vote as a separate class for all matters on which the holders of Common Stock are entitled to vote, with each share entitled to one vote per share, except where applicable law prevents class voting. Also, holders of the Preferred Stock became entitled to vote together with the holders of Common Stock as a combined class on any matter on which Common Stock was eligible to vote, with each share of Common Stock entitled to one vote per share and each share of Preferred Stock entitled to 250 votes per share, being 11,625,000 votes for NTOF, 875,000 for Mr. Hollingsworth and 6,750,000 for the Hancock Entities.

Because the holders of Preferred Stock are entitled to vote as a separate class for all matters on which the holders of Common Stock are entitled to vote, the Charter Amendment will not become effective unless it is approved by two-thirds of the shares of Preferred Stock in addition to being approved by two-thirds of the combined voting power of the Preferred Stock and the Common Stock. Because the Preferred Stock is entitled to 250 votes per share and the Common Stock is entitled to one vote per share, the Preferred Stock represents 70% of the combined voting power, which is a sufficient number to approve the Charter Amendment without the vote of any holder of Common Stock.

Pursuant to Article V of the Purchase Agreement, the Preferred Shareholders have a put right on the Preferred Stock after August 14, 2004, and immediately upon any breach by the Company of the financial restructuring agreements or any sale,

Edgar Filing: FRESH AMERICA CORP - Form PRER14A

merger or change of control of the Company, at \$100 per share plus accrued and unpaid dividends. Because the requisite shareholder approval for the Charter Amendment was not obtained, the holders of Preferred Stock have the right to exercise their put right at three times the face value of the Preferred Stock (\$300 per share), such amount being \$13,950,000 for NTOF, \$1,050,000 for Mr. Hollingsworth and \$8,100,000 for the Hancock Entities plus accrued and unpaid dividends. Additionally, the holders of the Preferred Stock, have the right to redeem their shares of Preferred Stock on the same terms of the put right after April 30, 2007 or immediately upon

11

the occurrence of any sale, merger or change of control of the Company, any qualified public offering with net proceeds of at least \$20,000,000 or any private equity financing with net proceeds of at least \$20,000,000.

Each share of Preferred Stock has a preference upon liquidation, dissolution, winding up or sale of the Company equal to \$100 per share plus accrued and unpaid interest. Because the Charter Amendment was not approved by December 31, 2001, the holders of the Preferred Stock have an enhanced right to a liquidation preference payment equal to the face value of the Preferred Stock plus 90% of the fair market value of the remaining property of the Company and the holders of the Company's Common Stock will have the right to a liquidation preference payment equal to the remaining 10% of the fair market value of the remaining property of the Company.

Impact of Failure to Approve Charter Amendment at 2002 Annual Meeting

Regardless of whether the Charter Amendment is approved at the annual meeting, the holders of Preferred Stock will continue to have the enhanced rights described above under the terms of the Certificate of Designation, unless the holders otherwise waive the enhanced rights or amend the terms of the Certificate of Designation. The warrants will remain unexercisable until the Charter Amendment is approved. If the Charter Amendment is approved at the annual meeting, the warrants will become exercisable, and the Company will be able to issue stock options to its associates as incentive compensation as described below in "Option Grants in Last Fiscal Year." As previously discussed, the holders of Preferred Stock have sufficient voting power to approve the Charter Amendment without the vote of any holder of Common Stock.

Other Preferred Stock Rights

Under the terms of the Preferred Stock and the Shareholders Agreement, NTOF has the right to appoint three directors to the Board of Directors and the Hancock Entities have the right to collectively appoint one director to the Board of Directors, unless they waive such right. Because the Hancock Entities waived their right to appoint a director, NTOF appointed four members to the Company's Board of Directors in October 2001. The current Board of Directors consists of five members. In addition, NTOF and the Hancock Entities each have the right to designate one observer to attend all meetings of the Board of Directors. The holders of Preferred Stock, voting as a separate class, are entitled to elect four of the Company's directors. The remaining director is elected by a vote or consent of the holders of our Common Stock, voting as a separate class.

Under the Shareholders Agreement, the Company granted each holder of Preferred Stock the preemptive right to purchase, pro rata, all or any part of new securities offered by the Company. The Shareholders Agreement also grants each holder of Preferred Stock the right of first offer and co-sale rights in the event another holder of Preferred Stock elects to sell its stock. Prior to a public offering with net proceeds of at least \$20,000,000, if the holder of 50%

Edgar Filing: FRESH AMERICA CORP - Form PRER14A

or more of the outstanding capital stock of the Company elects to sell all of its shares, then the holder will have pull-along rights with respect to the non-selling holders of Preferred Stock (i.e. the holder may require that the non-selling holders of Preferred Stock sell all of their shares of capital stock as well).

Under the Purchase Agreement, the Company has granted registration rights to NTOF and the Hancock Entities. The registration rights granted include two rights to demand that the Company register as soon as reasonably practicable the holder's shares for resale to the public pursuant to the Securities Act of 1933, an unlimited number of rights to register as soon as reasonably practicable the holder's shares for resale to the public pursuant to other public offerings and, upon the Company's eligibility for use of Form S-3 under the Securities Act of 1933, an unlimited number of rights to register as soon as reasonably practicable the holder's shares for resale to the public on Form S-3. Failure to register the holder's shares as soon as reasonably practicable, when requested, will result in a breach of the Purchase Agreement, and the holders would be entitled to their rights and remedies at law for such a contractual breach, which may include the awarding of money damages arising out of direct, indirect, special, consequential, or punitive damages suffered by the holders.

The Purchase Agreement also requires the Company to obtain NTOF's and/or the Hancock Entities' consent prior to taking certain actions in the operation of its business, other than pursuant to the terms of the financial restructuring. These actions include, but are not limited to, amending the Company's organizational documents adversely to NTOF and the Hancock Entities, declaring any dividends, selling or leasing any assets of the Company outside of the ordinary course of business, selling any additional capital stock of the Company (except pursuant to existing

12

warrants and under the Company's stock option plan for employees), entering into any transactions with affiliates (other than in arms-length transactions), paying any management or consulting fees, acquiring any debt or equity interest in another entity, increasing the compensation of any executive officer by 5% or more, terminating any key employee, adopting a new employee benefit plan or employment agreement, acquiring any property for more than \$500,000 or making any capital expenditure greater than \$250,000 individually or \$1,000,000 in the aggregate. The prior consent of NTOF and the Hancock Entities under the Purchase Agreement is not required prior to effecting the Charter Amendment.

If, during the time period which a holder of Preferred Stock has the right to put its shares of Preferred Stock to us as described above, we receive any bona fide third-party proposal, an "unlocking proposal," as defined in the Shareholders Agreement, relating to the sale of all or substantially all of our assets, a merger, consolidation or share exchange involving the Company that would result in a change in the beneficial ownership of our capital stock or a change in control of the Company, and if we accept the proposal within the time periods mandated by the Shareholders Agreement, then we must use good faith and commercially reasonable efforts to consummate the transactions described in the proposal. If, however, we do not accept the proposal within the time periods mandated by the Shareholders Agreement, then each holder of Preferred Stock will also have the right to cause us to purchase all of the capital stock of the Company that the holder owns for an amount of cash equal to the consideration that would have been paid to the holder had we accepted the proposal.

Ownership if the Charter Amendment is Approved

The table set forth above on page ___ under "Security Ownership of Certain Beneficial Owners" illustrates the current security ownership of shareholders. The following table sets forth information concerning the beneficial ownership of the Company's capital stock if the Charter Amendment is approved at the annual meeting. A comparison of the tables demonstrates that a change in control of the Company will occur immediately upon the approval of the Charter Amendment. Prior to approval of the Charter Amendment, NTOF, the Hancock Entities and Mr. Hollingsworth collectively owned no shares of Common Stock of the Company because the warrants they hold are not exercisable. Upon the approval of the Charter Amendment, such warrants become exercisable for a nominal exercise price, and NTOF, the Hancock Entities and Mr. Hollingsworth will collectively be deemed to have beneficial ownership of 129,515,509 shares of Common Stock, representing 77% of the issued and outstanding shares of the Company's Common Stock. Regardless of whether the Charter Amendment is approved, the ownership of the issued and outstanding Preferred Stock will remain unchanged. As previously noted, the Preferred Stock has sufficient voting power to determine the outcome of matters presented to the Company's shareholders for approval without the vote of any holder of Common Stock.

Board Recommendation

Our former board of directors (which consisted of Messrs. Washburn, Martin, Gier and McKinney) held a meeting on August 9, 2001 to consider and vote upon the Agreements and the proposed amendment to our articles of incorporation. At such meeting, our former board determined unanimously (with Mr. Martin, a creditor of the Company, abstaining) to authorize the Agreements and the Charter Amendment and recommend approval of the Charter Amendment to the shareholders.

When the Company's shareholders failed to approve the Charter Amendment at the special meeting of the Company's shareholders in December 2001, our current board in April, 2002 unanimously approved submission of the Charter Amendment for shareholder approval at the annual meeting. Our board considered various factors, including:

- . the fact that the Company's credit facilities were past due and subject to continuous short-term waivers;
- . the Company's recent operating losses and its extremely limited available working capital;
- . the fact that the Company's relationships with its suppliers, customers, employees and creditors might deteriorate in the near future;
- . the terms of the Agreements and the Charter Amendment; and
- . the effect of the warrants not being exercisable on the Company's shareholders, creditors and other stakeholders.

Edgar Filing: FRESH AMERICA CORP - Form PRER14A

In making its determination, the board did not give a disproportionate amount of weight to any one or more of the factors, but rather based its decision on the total mix of information available to it at the time.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE PROPOSED AMENDMENT TO OUR ARTICLES OF INCORPORATION.

15

PROPOSAL 2. ELECTION OF DIRECTORS

There are five directors whose terms expire at the annual meeting. The board of directors has proposed Arthur W. Hollingsworth, Darren L. Miles, Gregory A. Campbell and Luke M. Sweetser as nominees for re-election by the holders of our Preferred Stock, voting as a separate class, as directors to serve for one-year terms and until their successors are elected and qualified. The board has proposed Colon O. Washburn as nominee for re-election by the holders of our Common Stock, voting as a separate class, as a director to serve for a one-year term and until his successor is elected and qualified.

Assuming the presence of a quorum, election of four directors will require the affirmative votes of a plurality of the shares of our Preferred Stock cast, voting as a separate class, and the election of one director will require the affirmative votes of a plurality of the shares of our Common Stock cast, voting as a separate class. Election by the vote of a plurality of shares requires that a nominee for director receive more votes than any other nominee (or, in the case of the election of four directors by the holders of our Preferred Stock, more votes than the person receiving the fifth most votes) but does not require that a nominee receive a majority of votes cast.

Shares represented by proxies will be voted for the election of the foregoing nominees unless authority to do so is withheld. If, at the time of the annual meeting, any nominee should be unable to serve, which is not anticipated, the shares represented by proxy may be voted for a substitute nominee to be designated by the Board of Directors. For information regarding each of the nominees, see "Executive Officers and Directors."

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" EACH NOMINEE FOR DIRECTOR FOR WHICH YOU ARE ENTITLED TO VOTE.

16

PROPOSAL 3. RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

KPMG, LLP, independent certified public accountants, served as independent auditors for the Company for the fiscal year ended December 28, 2001 and has reported on the Company's financial statements for fiscal year 2001. The Board of Directors has selected KPMG, LLP as the Company's independent auditors for fiscal year 2002 and recommends that the shareholders ratify this selection.

A representative of KPMG, LLP is expected to be present at the annual meeting and will have an opportunity to make a statement if he desires to do so. He is also expected to be available to respond to appropriate questions.

Assuming the presence of a quorum, ratification of the selection of KPMG, LLP as the Company's independent auditors for fiscal 2002 will require (1) the affirmative votes of a majority of combined voting power of the Voting Shares

Edgar Filing: FRESH AMERICA CORP - Form PRER14A

cast, voting together as a combined class, and (2) the affirmative votes of a majority of the shares of our Preferred Stock cast, voting as a separate class.

Shareholder ratification is not required for the selection of KPMG, LLP as the Company's independent auditors. The selection is being submitted for ratification with a view toward soliciting the opinion of shareholders, which opinion will be taken into consideration in future deliberations.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF KPMG, LLP AS THE COMPANY'S INDEPENDENT AUDITORS.

DIRECTORS AND EXECUTIVE OFFICERS

The board of directors currently consists of five members. Pursuant to our bylaws, each director holds office for a term of one year or until such director's successor is elected and qualified or until such director's earlier resignation, death or removal. Colon O. Washburn has served as a member of the board since 1993. The other four members of our board of directors were designated by NTOF pursuant to the terms of our Preferred Stock. Under the terms of our Preferred Stock, NTOF has the right to designate three members of our board of directors, and the Hancock Entities have the right to designate one member of our board of directors, unless the Hancock Entities waive such right. Because the Hancock Entities waived their right to designate a director, NTOF appointed four members to our board of directors in October 2001. These directors are Arthur W. Hollingsworth, Luke M. Sweetser, Gregory A. Campbell and Darren L. Miles.

BOARD OF DIRECTORS AND COMMITTEES

Our business is managed under the direction of our board of directors. Our board of directors meets during the fiscal year to review significant developments affecting the Company and to act on matters requiring board approval. Our board of directors currently has established audit and compensation committees. We do not have a standing nominating committee. Nominees for director are selected by our board of directors. The committees devote attention to specific subjects and assist the board of directors in the discharge of its responsibilities. The current functions of each committee and its current members are described below.

Audit Committee

Our audit committee currently is composed of two members, Messrs. Hollingsworth and Sweetser, both of whom were appointed to the committee in October 2001. Neither of the current directors on the committee is independent as defined by the listing standards of The Nasdaq Stock Market.

Our audit committee met on one occasion during 2001. Our audit committee is responsible for reporting to the board of directors on the general financial condition of the Company and the results of our annual audit, and are responsible for ensuring that the Company's activities are conducted in accordance with applicable laws and regulations. Our Board of Directors adopted an audit committee charter for the Company on June 12, 2000 by written consent.

The following Report of the Audit Committee was approved and adopted by Arthur Hollingsworth and Luke Sweetser, members of the audit committee.

Report of the Audit Committee

The report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended (the "Securities Act")

Edgar Filing: FRESH AMERICA CORP - Form PRER14A

or the Exchange Act, except as to the extent that the Company specifically incorporates this information by reference and shall not otherwise be deemed filed under such Acts.

In accordance with its written charter adopted by the Board of Directors on June 12, 2000, the Audit Committee (the "Committee") assists the Board of Directors in fulfilling its responsibility for overseeing the quality and integrity of the accounting, auditing and financial reporting practices of the Company and its system of internal controls.

In discharging its oversight responsibility as to the audit process, the Committee obtained from the independent accountants a formal written statement describing all relationships between the accounts and the Company that might bear on the accountants' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," discussed with the accountants any relationships that may impact their objectivity and independence, and satisfied itself as to the accountants' independence.

The Committee reviewed with the Company's independent accountants the overall scope and plans for their audit. The Committee also discussed with management, the independent accountants, the quality and adequacy of the Company's internal controls and the overall quality of the Company's financial reporting process.

The Committee discussed and reviewed with its independent accountants communications required by generally accepted auditing standards, including those described in Statement of Auditing Standards No. 61, as amended, "Communication with Audit Committees" and discussed and reviewed the results of the independent accountants' examination of the consolidated financial statements. In addition, the Committee considered the compatibility of nonauditing services provided to the Company with the accountants' independence in performing their auditing functions.

The Committee reviewed and discussed interim financial information contained in each quarterly report and earnings announcement with management and independent accountants prior to public release as necessary. The Committee reviewed the audited consolidated financial statements of the Company as of and for the year ended December 28, 2001, with management and the independent accountants. Management has the responsibility for the

21

preparation of the Company's consolidated financial statements and the independent accountants have the responsibility for the audit of those statements.

Based on the above-mentioned reviews and discussions with management and the independent accountants, the Committee recommended to the Board that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the year ended December 28, 2001, for filing with the Securities and Exchange Commission. The Committee also recommended the appointment, subject to shareholder approval, of the independent accountants, and the Board of Directors concurs with such recommendation.

This Report is submitted by the members of the Audit Committee of the Board of Directors.

COMPENSATION COMMITTEE'S REPORT ON EXECUTIVE COMPENSATION

Since its formation in 1994, the Compensation Committee has been responsible for recommending bonuses and any increase in base salaries for the Company's executive officers.

The Compensation Committee believes that, in order for the Company to succeed, it must be able to attract and retain qualified executive officers. In determining the type and amount of executive officer compensation, the objectives of the Compensation Committee are to provide levels of base compensation, bonuses and long-term incentives (in the form of stock options or other plans) that will attract and retain talented executive officers and align their interests with the success of the Company. The Company's executive officer compensation program currently is comprised of base salary, bonus plan, long-term incentive compensation (in the form of stock options)

Edgar Filing: FRESH AMERICA CORP - Form PRER14A

and various benefits generally available to employees of the Company (such as health and disability insurance). Under the supervision of the Compensation Committee and the Board of Directors, the Company has developed and implemented compensation policies, plans and programs that seek to enhance the profitability of the Company and increase shareholder value.

Base Salaries

The Company's policy is to maintain base salaries competitive with salaries paid to similarly situated executive officers of companies of similar size in comparable industries. Although neither the Board of Directors nor the Compensation Committee has conducted a formal review of base salaries paid to similarly situated executive officers, the Company believes that the base salaries payable to its executive officers are comparable to those paid by similar companies located in the Company's geographical area and engaged in industries comparable to the Company's. The Compensation Committee anticipates that adjustments to base compensation will generally be made based upon assigned responsibility and performance and successful attainment of specific goals and objectives of the Company and individual employees.

Bonuses

Year-end cash bonuses are designed to motivate the Company's executive officers to achieve specific annual financial goals and to achieve favorable returns for the Company's shareholders. At the end of each fiscal year, the Compensation Committee will assess each executive's contributions to the Company as well as the degree to which specific annual financial, strategic, and operating objectives were met by the Company.

Long-Term Incentives

Stock option grants under the Company's stock option plans form the basis of the Company's long-term incentive compensation for executive officers and employees. The specific objective of the Company's stock option plans is to align the long-term interests of the Company's executive officers and employees with those of shareholders by creating a strong link between executive pay and shareholder returns. The Company encourages its executive officers and employees to develop and maintain a significant, long-term stock ownership position in the Company's Common Stock. Stock options are awarded to executive officers and employees in order to encourage future management actions aimed at improving the Company's sales efforts, product quality and profitability. The Company believes that success in these endeavors will increase the value of the Company's Common Stock for shareholders. Recipients of stock options will have the opportunity to share in the increased value that results from their efforts. The Plan Administration Committee makes specific awards of options based on an individual's ability to impact Company-wide performance and in light of the total compensation appropriate for the individual's position. The Compensation Committee may also consider other bonus or long-term incentives at their discretion.

Chief Executive Officer Compensation

Mr. Colon Washburn was the Company's Chief Executive Officer for the period of January 2001 until August 2001. Mr. Washburn resigned in 2001 as the Company's Chief Executive Officer. Mr. Washburn is a director of the Company and continues to be employed with the Company as an Executive Consultant pursuant to an employment agreement, which provides for a one-year term commencing on October 5, 2001, and which may be renewed for up to three successive one-year periods thereafter. In approving Mr. Washburn's compensation, the Board of Directors at that time evaluated and compared Mr. Washburn's duties, responsibilities and performance results, and the overall results of the Company, to industry norms

Edgar Filing: FRESH AMERICA CORP - Form PRER14A

to determine his base compensation. See subheading "Employment Agreements" under this section of the proxy statement.

Mr. Darren Miles joined the Company in August 2001 as the Chief Executive Officer. Mr. Miles is compensated as a consultant at an annual amount of \$250,000. In approving Mr. Miles' compensation, the Board of Directors at that time evaluated and compared Mr. Miles' duties, responsibilities and performance results, and the overall results of the Company, to industry norms to determine his base compensation. During October 2001, the Compensation Committee reviewed Mr. Miles performance and recommended a cash bonus of \$50,000 for fiscal 2001.

In November 2000, the Company entered into a resignation agreement and contract for services with Mr. David

25

Sheinfeld, the former Chief Executive Officer of the Company. Pursuant to the agreement, the Company paid Mr. Sheinfeld \$33,333 per month for the six months of January through June 2001. The payments decreased to \$8,333 for the last six months of 2001. See subheading "Severance Agreements" under this section of the proxy statement.
