Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On December 21, 2011, the Compensation Committee (the “Committee”) of the Board of Directors of Comstock Mining Inc. (the “Company”) granted an aggregate of 4,710,000 shares of restricted stock (“Performance Awards”) to employees of the Company including 2,850,000 Performance Awards to the Company’s named executive officers for 2012 under the Comstock Mining Inc. 2011 Equity Incentive Plan (the “Plan”). These grants are consistent with the compensation philosophy vesting only upon completion regarding performance criteria set forth in the Company’s proxy statement for the 2011 annual meeting of shareholders at which the shareholders approved the Plan up to 6,000,000 shares and with the performance criteria described in Mr. DeGasperi’s employment agreement dated April 2010.

The Performance Awards granted to each recipient shall vest, so long as each recipient is still employed by the Company at each relevant time and if the following company-wide performance objectives have been met: (i) 20% upon the certification by the Committee of the attainment of both the validation of qualified resources (at least measured and indicated) and reserves (probable and proven) aggregating to at least 1,000,000 ounces of gold equivalent and completion of the first metal pour from the mining operations; (ii) 20% upon the certification by the Committee of the attainment of both the validation of qualified resources (at least measured and indicated) and reserves (probable and proven) aggregating to at least 1,500,000 ounces of gold equivalent and the completion of three months of consecutive mining operations at an annual production rate of 15,000 ounces of gold equivalent; (iii) 20% upon the certification by the Committee of the attainment of both the validation of qualified resources (at least measured and indicated) and reserves (probable and proven) aggregating to at least 2,000,000 ounces of gold equivalent and the completion of three months of consecutive mining operations at an annual production rate of 17,500 ounces of gold equivalent; and (iv) the remaining 40% upon the certification by the Committee of the attainment of both the validation of qualified resources (at least measured and indicated) and reserves (probable and proven) aggregating to at least 3,250,000 ounces of gold equivalent and the completion of three months of consecutive mining operations at an annual production rate of 20,000 ounces of gold equivalent. If a change in control of the Company occurs, then the Performance Awards would vest immediately. In addition, for certain executives of the Company, following the date on which the recipient’s employment is terminated by the Company under certain conditions, the portion of the Performance Awards that would vest upon achieving the next objective shall vest. Any portion of the Performance Awards that do not vest by December 21, 2016 will be forfeited.

The grants made to the named executive officers are as follows: Corrado DeGasperi, 2,750,000 shares of restricted stock; and Mark A. Jewett, 100,000 shares of restricted stock. The Company intends to register certain shares granted under the Performance Awards for resale to allow executives to sell a sufficient number of shares to pay any tax obligation at the time of vesting.

The preceding description is qualified in its entirety by reference to the terms of the restricted stock agreement, the form of which is attached hereto as Exhibit 10.1 and incorporated herein by reference.
