You may obtain a description of the Fund's proxy voting policies and procedures, without charge, upon request by visiting Alliance Capital's web site at www.investor.alliancecapital.com or on the Securities and Exchange Commission's web site at <http://www.sec.gov>, or by calling Alliance Capital at (800) 227-4618.

AllianceBernstein Investment Research and Management, Inc., the principal underwriter of the AllianceBernstein mutual funds and an affiliate of Alliance Capital Management L.P., the manager of the funds, is a member of the NASD.

December 15, 2003

Annual Report

This report provides management's discussion of fund performance for Alliance National Municipal Income Fund's (the "Fund") annual reporting period ended October 31, 2003.

Investment Objective and Policies

The Fund is a closed-end management investment company designed for investors who seek high current income exempt from regular federal income tax. Under normal conditions, the Fund will invest at least 80%, and normally substantially all, of its assets in municipal securities paying interest that is exempt from regular federal income tax. In addition, the Fund normally invests at least 75% of its assets in investment grade municipal securities.

Investment Results

The following table provides performance data for the Fund and its benchmark, the Lehman Brothers Municipal Bond Index, for the six- and 12-month periods ended October 31, 2003. For comparison, returns for the Lipper General Municipal Debt Funds (Leveraged) Average (the "Lipper Average") are also included. The funds that comprise the Lipper Average have generally similar investment objectives to the Fund, although investment policies and sales and management fees for the various funds may differ.

INVESTMENT RESULTS*

Periods Ended October 31, 2003

	Returns	
	6 months	12 months
	-----	-----
Alliance National Municipal Income Fund (NAV)	2.23%	8.05%
Lehman Brothers Municipal Bond Index	1.47%	5.11%
Lipper General Municipal Debt Funds (Leveraged) Average	2.68%	8.09%

Edgar Filing: ALLIANCE NATIONAL MUNICIPAL INCOME FUND - Form N-CSR

The Fund's Market Price Per Share on October 31, 2003 was \$13.71. For additional Financial Highlights, please see pages 24-25.

* The Fund's investment results are for the periods shown and are based on the Fund's net asset value (NAV) as of October 31, 2003. All fees and expenses related to the operation of the Fund have been deducted. Returns for the Fund include the reinvestment of any distributions paid during each period. Past performance is no guarantee of future results.

The unmanaged Lehman Brothers Municipal Bond Index does not reflect fees and expenses associated with the active management of a mutual fund portfolio. The Index is a broad based total return performance benchmark for the long-term investment grade, tax-exempt bond market. The Lipper General Municipal Debt Funds (Leveraged) Average is comprised of leveraged closed-end funds with generally similar investment objectives to the Fund, although some may have different investment policies and sales and management fees. The Lipper Average included 64 and 62 funds for the six-month and 12-month periods ended October 31, 2003, respectively. An investor cannot invest directly in an index or an average, and its results are not indicative of any specific investment, including Alliance National Municipal Income Fund.

Alliance National Municipal Income Fund o 1

Investment Results

For the six months ended October 31, 2003, the municipal bond market posted positive returns despite municipal rates rising by 0.21%. Over that period, the Fund outperformed the Lehman Brothers Municipal Bond Index. The Fund's outperformance resulted from strong returns in the Fund's holdings in the special tax sector and of municipal bonds secured by payments from the master settlement agreement (MSA bonds) reached with tobacco manufacturers. These sectors outperformed the overall market. In addition, the Fund's leveraged structure benefited its performance, primarily because of historically low borrowing costs. Over the six-month period, the Fund underperformed its Lipper peer group as represented by the Lipper Average.

For the 12 months ended October 31, 2003, the municipal market generated positive total returns as interest rates declined for bonds of nearly every maturity. During this time frame, the Fund outperformed its benchmark. The Fund's stronger relative performance was largely due to strong returns for the Fund's insured holdings and for its holdings in the special tax sector. As over the six-month period, the effect of the Fund's leveraged structure benefited its performance for the 12-month period. The Fund also performed in line with its Lipper peer group, as represented by the Lipper Average, over this period.

Market Review

Since April, municipal bond yields have been volatile, in part due to increased volatility of most fixed income markets. This volatility is shown by the large difference in yield from the high to low points of the market. For example, the difference from peak to trough for bonds with maturities of 30 years was 89 basis points, (0.89%). In addition, the rate movement varied significantly by maturity. Yields for short-term bonds declined by 4 basis points, resulting in relative outperformance for short-term bonds since the decline in yield caused their prices to rise. Conversely, long-term bond yields rose by 21 basis points which caused their prices to fall. The relative outperformance of short-term bonds caused the yield difference between long and short bonds, known as the

Edgar Filing: ALLIANCE NATIONAL MUNICIPAL INCOME FUND - Form N-CSR

slope of the yield curve, to increase by 25 basis points. Short-term bonds also posted strong performance compared to taxable fixed income. For example, the ratio (the municipal yield divided by Treasury yield) of five-year municipal bond yields to five-year Treasury bond yields declined from 86% to 73%. A declining ratio indicates that municipal bonds are outperforming Treasury bonds. In comparison, the yield ratio for long-term bonds declined only slightly from 96% to 95%.

Several sectors of the municipal market experienced significant changes in relative value over the past six months. In the industrial development sector, municipal bonds backed by airlines recovered strongly as flight activity increased and investors discounted concerns regarding the airlines' financial condition. As mentioned above, MSA bonds also showed improvement in price compared to most other municipal bonds. This resulted, in part, from declining issuance reducing supply pres-

2 o Alliance National Municipal Income Fund

sure. In addition, a number of court rulings favoring the tobacco industry improved the outlook for the sector.

Among the more traditional issuers in the municipal market, state and local governments have just weathered some of the most difficult financial conditions in over a decade. According to the Center on Budget and Policy Priorities, the combined budget deficit of state governments this year was in excess of \$70 billion dollars; as required by state law in most cases, all of these budget gaps were closed. The State of California, alone, accounted for approximately \$26 billion of the cumulative deficit. The crises faced by state and local issuers, and the market's reactions, have increased the volatility of general obligation bonds and have in some cases provided opportunities to acquire general obligation bonds at cheaper prices than previously available.

Alliance National Municipal Income Fund o 17

NOTES TO FINANCIAL STATEMENTS October 31, 2003

NOTE A

Significant Accounting Policies

Alliance National Municipal Income Fund, Inc. (the "Fund"), was incorporated in the state of Maryland on November 9, 2001 and is registered under the Investment Company Act of 1940 as a non-diversified, closed-end management investment company. Prior to the commencement of operations on January 28, 2002, the Fund had no operations other than the sale to Alliance Capital Management L.P. (the "Adviser") of 6,667 shares in the amount of \$100,005 on January 23, 2002. The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Fund.

1. Security Valuation

In accordance with Pricing Policies adopted by the Board of Directors of the Fund (the "Pricing Policies") and applicable law, portfolio securities are valued at current market value or at fair value. The Board of Directors has delegated to the Adviser, subject to the Board's continuing oversight, certain responsibilities with respect to the implementation of the Pricing Policies. Pursuant to the Pricing Policies, securities for which market quotations are readily available are valued at their current market value. In general, the market value of these securities is determined as follows:

Securities listed on a national securities exchange or on a foreign securities exchange are valued at the last sale price at the close of the exchange or foreign securities exchange. If there has been no sale on such day, the securities are valued at the mean of the closing bid and asked prices on such day. If no bid or asked prices are quoted on such day, then the security is

Edgar Filing: ALLIANCE NATIONAL MUNICIPAL INCOME FUND - Form N-CSR

valued in good faith at fair value in accordance with the Pricing Policies. Securities listed on more than one exchange are valued by reference to the principal exchange on which the securities are traded; securities not listed on an exchange but traded on The Nasdaq Stock Market, Inc. ("NASDAQ") are valued in accordance with the NASDAQ Official Closing Price; listed put or call options are valued at the last sale price. If there has been no sale on that day, such securities will be valued at the closing bid prices on that day; open futures contracts and options thereon are valued using the closing settlement price or, in the absence of such a price, the most recent quoted bid price. If there are no quotations available for the day of valuations, the last available closing settlement price is used; securities traded in the over-the-counter market, (but excluding securities traded on NASDAQ) are valued at the mean of the current bid and asked prices as reported by the National Quotation Bureau or other comparable sources; U.S. Government securities and other debt instruments having 60 days or less remaining until maturity are valued at amortized cost if their original maturity was 60 days or

18 o Alliance National Municipal Income Fund

less, or by amortizing their fair value as of the 61st day prior to maturity if their original term to maturity exceeded 60 days; fixed-income securities, including mortgage backed and asset backed securities, may be valued on the basis of prices provided by a pricing service or at a price obtained from one or more of the major broker/dealers. In cases where broker/dealer quotes are obtained, the Pricing Policies provide that the Adviser may establish procedures whereby changes in market yields or spreads are used to adjust, on a daily basis, a recently obtained quoted price on a security; and OTC and other derivatives are valued on the basis of a quoted bid price or spread from a major broker/dealer in such security. Securities for which market quotations are not readily available are valued at fair value in accordance with the Pricing Policies.

2. Taxes

It is the Fund's policy to meet the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute all of its investment company taxable income and net realized gains, if any, to shareholders. Therefore, no provisions for federal income or excise taxes are required.

3. Organization Expenses and Offering Costs

Offering costs of \$614,150 (\$0.03 per common share) were charged to paid-in capital of the Fund at the completion of the initial offering of common shares on January 28, 2002. The Adviser agreed to pay the amount by which the aggregate of all the Fund's organization expenses and all offering costs (other than sales load) exceeded \$0.03 per common share.

Additionally, offering costs and sales load of \$283,710 and \$1,950,000, respectively, and offering costs of \$110,084 were charged to paid-in capital of the Fund in connection with the offering of preferred shares during the period ended October 31, 2002 and the year ended October 31, 2003, respectively.

4. Investment Income and Investment Transactions

Interest income is accrued daily. Investment transactions are accounted for on the date the securities are purchased or sold. Investment gains and losses are determined on the identified cost basis. The Fund amortizes premiums and accretes original issue discounts and market discounts as adjustments to interest income.

Edgar Filing: ALLIANCE NATIONAL MUNICIPAL INCOME FUND - Form N-CSR

5. Dividends and Distributions

Dividends and distributions to shareholders are recorded on the ex-dividend date. Income dividends and capital gains distributions are determined in accordance with federal tax regulations and may differ from those determined in accordance with accounting principles generally accepted in the United States. To the extent these differences are permanent, such amounts are reclassified within the capital accounts based on their federal tax basis treatment; temporary differences do not require such reclassification. For the fiscal year ended October 31, 2003 there were no permanent differences.

Alliance National Municipal Income Fund o 19

NOTE B

Advisory Fee and Other Transactions with Affiliates

Under the terms of an investment advisory agreement, the Fund pays the Adviser an advisory fee at an annual rate of .65 of 1% of the Fund's average daily net assets applicable to common and preferred shareholders. Such fee is accrued daily and paid monthly. The Adviser has agreed to waive a portion of its fees or reimburse the Fund for expenses in the amount of 0.25% of the Fund's average daily net assets applicable to common and preferred shareholders for the first 5 full years of the Fund's operations, 0.20% of the Fund's average daily net assets applicable to common and preferred shareholders in year 6, 0.15% in year 7, 0.10% in year 8, and 0.05% in year 9. For the year ended October 31, 2003, the amount of such fees waived was \$1,257,126.

Under the terms of a Shareholder Inquiry Agency Agreement with Alliance Global Investor Services, Inc. (AGIS), an affiliate of the Adviser, the Fund reimburses AGIS for costs relating to servicing phone inquiries for the Fund. During the year ended October 31, 2003, there was no reimbursement paid to AGIS.

NOTE C

Investment Transactions

Purchases and sales of investment securities (excluding short-term investments) for the year ended October 31, 2003, were as follows:

	Purchases -----	Sales -----
Investment securities (excluding U.S. government securities)	\$ 55,048,880	\$ 56,166,131
U.S. government securities	-0-	-0-

The cost of investments for federal income tax purposes, gross unrealized appreciation and unrealized depreciation are as follows:

Cost	\$ 474,982,459	
Gross unrealized appreciation	\$ 18,359,677	
Gross unrealized depreciation		(1,174,079)
Net unrealized appreciation	\$ 17,185,598	

NOTE D

Edgar Filing: ALLIANCE NATIONAL MUNICIPAL INCOME FUND - Form N-CSR

Common Stock

The Fund has 1,999,992,200 shares of \$.001 par value common stock authorized. There are 20,471,667 shares of common stock outstanding at October 31, 2003, of which the Adviser owns 6,667 shares. In addition to the shares issued to the Adviser, an initial public offering of the Fund's shares resulted in the issuance of 18,900,000 shares during the period ended October 31, 2002. Also, the Fund issued an additional 1,565,000 shares in connection with the exercise by the underwriters of the over-allotment option during the period ended October 31, 2002.

20 o Alliance National Municipal Income Fund

NOTE E

Preferred Stock

The Fund has authorized, issued and outstanding 7,800 shares of Auction Preferred Stock, consisting of 1,950 shares each of Series M, Series T, Series W and Series TH. The preferred shares have a liquidation value of \$25,000 per share plus accumulated, unpaid dividends. The dividend rate on the Auction Preferred Stock may change generally every 7 days as set by the auction agent for Series T and W. The dividend rate on the Series M is 1.35% effective through December 15, 2003. The dividend rate on the Series T is 0.84% effective through November 4, 2003. The dividend rate on the Series W is 0.92% effective through November 5, 2003. The dividend rate on the Series TH is 1.70% effective through August 4, 2005.

At certain times, the Preferred Shares are redeemable by the Fund, in whole or in part, at \$25,000 per share plus accumulated, unpaid dividends.

Although the Fund will not ordinarily redeem the Preferred Shares, it may be required to redeem shares if, for example, the Fund does not meet an asset coverage ratio required by law or to correct a failure to meet a rating agency guideline in a timely manner. The Fund voluntarily may redeem the Preferred Shares in certain circumstances.

The Preferred Shareholders, voting as a separate class, have the right to elect at least two Directors at all times and to elect a majority of the Directors in the event two years' dividends on the Preferred Shares are unpaid. In each case, the remaining Directors will be elected by the Common Shareholders and Preferred Shareholders voting together as a single class. The Preferred Shareholders will vote as a separate class on certain other matters as required under the Fund's Charter, the Investment Company Act of 1940 and Maryland law.

Alliance National Municipal Income Fund o 21

NOTE F

Distributions To Common Shareholders

The tax character of distributions paid to common shareholders during the fiscal periods ended October 31, 2003 and October 31, 2002 were as follows:

2003

2002

Edgar Filing: ALLIANCE NATIONAL MUNICIPAL INCOME FUND - Form N-CSR

	-----	-----
Distributions paid from:		
Ordinary income	\$ 56,946	\$ 26,652
Tax exempt income	17,845,503	11,365,824
	-----	-----
Total distributions paid	\$17,902,449	\$11,392,476(a)

As of October 31, 2003, the components of accumulated earnings/(deficit) applicable to common shareholders on a tax basis were as follows:

Undistributed tax exempt income	\$ 4,039,444
Accumulated capital and other losses	(3,829,443) (b)
Unrealized appreciation/(depreciation)	17,185,598
Total accumulated earnings/(deficit)	\$17,395,599

(a) Total distributions paid differ from the statement of changes in net assets applicable to common shareholders because for tax purposes dividends are recognized when actually paid.

(b) On October 31, 2003, the Fund had a net capital loss carryforward of \$ 3,829,443, of which \$1,199,398 expires in the year 2010 and \$2,630,045 expires in the year 2011. To the extent future capital gains are offset by capital loss carryforward, such gains will not be distributed.

NOTE G

Risks Involved in Investing in the Fund

Interest Rate Risk and Credit Risk-- Interest rate risk is the risk that changes in interest rates will affect the value of the Fund's investments in fixed-income debt securities such as bonds or notes. Increases in interest rates may cause the value of the Fund's investments to decline. Credit risk is the risk that the issuer or guarantor of a debt security, or the counterparty to a derivative contract, will be unable or unwilling to make timely principal and/or interest payments, or to otherwise honor its obligations. The degree of risk for a particular security may be reflected in its credit risk rating. Credit risk is greater for medium quality and lower-rated securities. Lower-rated debt securities and similar unrated securities (commonly known as "junk bonds") have speculative elements or are predominantly speculative risks.

NOTE H

Legal Proceedings

As has been previously reported in the press, the Staff of the U.S. Securities and Exchange Commission ("SEC") and the Office of the New York Attorney General ("NYAG") have been investigating practices in the mutual fund industry identified as "market timing" and "late trading" of mutual fund shares. Certain other regulatory authorities have also been conducting investigations into these

22 o Alliance National Municipal Income Fund

practices within the industry and have requested that Alliance Capital Management L.P. ("Alliance Capital"), the Fund's Adviser, provide information to them. Alliance Capital has been cooperating and will continue to cooperate with all of these authorities. The shares of the Fund are not redeemable by the

Edgar Filing: ALLIANCE NATIONAL MUNICIPAL INCOME FUND - Form N-CSR

Fund, but are traded on an exchange at prices established by the market. Accordingly, the Fund and its shareholders are not subject to the market timing and late trading practices that are the subject of the investigations mentioned above or the lawsuits described below. Please see "Subsequent Events" below for a description of the agreements reached by Alliance Capital and the SEC and NYAG in connection with the investigations mentioned above.

In addition, more than thirty private lawsuits have been filed against Alliance Capital and certain other defendants in which plaintiffs make claims purportedly based on or related to the same practices that are the subject of the SEC and NYAG investigations referred to above. Some of these lawsuits name the Fund as a party. Management of the Fund's Adviser believes that these private lawsuits are not likely to have a material adverse effect on the results of operations or financial condition of the Fund.

NOTE I

Subsequent Events

On December 18, 2003, Alliance Capital, the Fund's Adviser, confirmed that it had reached terms with the SEC and the NYAG for the resolution of regulatory claims relating to the practice of "market timing" mutual fund shares in some of the AllianceBernstein Mutual Funds. The agreement with the SEC is reflected in an Order of the Commission ("SEC Order"). The agreement with the NYAG is subject to final, definitive documentation. Among the key provisions of these agreements are the following:

(i) Alliance Capital agreed to establish a \$250 million fund (the "Reimbursement Fund") to compensate mutual fund shareholders for the adverse effects of market timing attributable to the market timing relationships described in the SEC Order (i.e., relationships Alliance Capital maintained with some investors who were permitted to engage in market timing trades in some of the AllianceBernstein Mutual Funds in return for or in connection with making investments (which were not actively traded) in other Alliance Capital products, including hedge funds and mutual funds, for which Alliance Capital receives advisory fees). According to the SEC Order, the Reimbursement Fund is to be paid, in order of priority, to fund investors based on (i) their aliquot share of losses suffered by the fund due to market timing, and (ii) a proportionate share of advisory fees paid by such fund during the period of such market timing;

(ii) Alliance Capital agreed to reduce the advisory fees it receives from some of the AllianceBernstein long-term, open-end retail funds, commencing January 1, 2004, for a period of at least five years; and

Alliance National Municipal Income Fund o 23

(iii) Alliance Capital agreed to implement changes to its governance and compliance procedures. Additionally, the SEC Order contemplates that Alliance Capital's registered investment company clients, including the Fund, will introduce governance and compliance changes.

The shares of the Fund are not redeemable by the Fund, but are traded on an exchange at prices established by the market. Accordingly, the Fund and its shareholders are not subject to the market timing practices described in the SEC Order and are not expected to participate in the Reimbursement Fund. Since the Fund is a closed-end fund, it will not have its advisory fee reduced pursuant to the terms of the agreements mentioned above.

See footnote summary on page 26.

 Alliance National Municipal Income Fund o 25

(a) Commencement of operations. Net asset value immediately after the closing

Edgar Filing: ALLIANCE NATIONAL MUNICIPAL INCOME FUND - Form N-CSR

of the first public offering was \$14.30.

(b) Based on average shares outstanding.

(c) Net of fees waived by the Adviser.

(d) Total investment return is calculated assuming a purchase of common stock on the opening of the first day and a sale on the closing of the last day of the period reported. Dividends and distributions, if any, are assumed for purposes of this calculation, to be reinvested at prices obtained under the Fund's dividend reinvestment plan. Generally, total investment return based on net asset value will be higher than total investment return based on market value in periods where there is an increase in the discount or a decrease in the premium of the market value to net asset value from the beginning to the end of such periods. Conversely, total investment return based on net asset value will be lower than total investment return based on market value in periods where there is a decrease in the discount or an increase in the premium of the market value to the net asset value from the beginning to the end of the period. Total investment return calculated for a period of less than one year is not annualized.

(e) These expense and net investment income ratios do not reflect the effect of dividend payments to preferred shareholders.

(f) Annualized.

26 o Alliance National Municipal Income Fund

REPORT OF ERNST & YOUNG LLP
INDEPENDENT AUDITORS

To the Shareholders and Board of Directors of Alliance National Municipal Income Fund, Inc.

We have audited the accompanying statement of assets and liabilities of Alliance National Municipal Income Fund, Inc. (the "Fund"), including the portfolio of investments, as of October 31, 2003, and the related statement of operations for the year then ended, the statement of changes in net assets applicable to common shareholders and the financial highlights for the year then ended and for the period from January 28, 2002 (commencement of operations) to October 31, 2002. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights. Our procedures included confirmation of securities owned as of October 31, 2003, by correspondence with the custodian and brokers. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to

Edgar Filing: ALLIANCE NATIONAL MUNICIPAL INCOME FUND - Form N-CSR

above present fairly, in all material respects, the financial position of Alliance National Municipal Income Fund, Inc. at October 31, 2003, the results of its operations for the year then ended, the changes in its net assets applicable to common shareholders and the financial highlights for the year then ended and for the period from January 28, 2002 (commencement of operations) to October 31, 2002, in conformity with accounting principles generally accepted in the United States.

/s/ Ernst & Young LLP

New York, New York
December 12, 2003,
except for Note I,
as to which the date is
December 23, 2003

FEDERAL TAX INFORMATION (unaudited)

In accordance with Federal tax law, the Fund's designation of "exempt-interest dividends" paid during the fiscal year ended October 31, 2003 was \$20,582,327.

As required by Federal tax law rules, shareholders will receive notification of their portion of the Fund's taxable ordinary dividends (if any) and capital gain distributions (if any) paid for the 2003 calendar year on Form 1099-DIV which will be mailed by January 31, 2004.

Alliance National Municipal Income Fund o 27

ADDITIONAL INFORMATION (unaudited)

Shareholders whose shares are registered in their own names can elect to participate in the Dividend Reinvestment Plan (the "Plan"), pursuant to which dividends and capital gain distributions to shareholders will be paid in or reinvested in additional shares of the Fund (the "Dividend Shares"). Equiserve Trust Company NA, (the "Agent") will act as agent for participants under the Plan. Shareholders whose shares are held in the name of broker or nominee should contact such broker or nominee to determine whether or how they may participate in the Plan.

If the Board declares an income distribution or determines to make a capital gain distribution payable either in shares or in cash, non-participants in the Plan will receive cash and participants in the Plan will receive the equivalent in shares of Common Stock of the Fund valued as follows:

(i) If the shares of Common Stock are trading at net asset value or at a premium above net asset value at the time of valuation, the Fund will issue new shares at the greater of net asset value or 95% of the then current market price.

(ii) If the shares of Common Stock are trading at a discount from net asset value at the time of valuation, the Plan Agent will receive the dividend or distribution in cash and apply it to the purchase of the Fund's shares of Common Stock in the open market on the New York Stock Exchange or elsewhere, for the participants' accounts. Such purchases will be made on or shortly after the payment date for such dividend or distribution and in no event more than 30 days after such date except where temporary curtailment or suspension of

Edgar Filing: ALLIANCE NATIONAL MUNICIPAL INCOME FUND - Form N-CSR

purchase is necessary to comply with Federal securities laws. If, before the Plan agent has completed its purchases, the market price exceeds the net asset value of a share of Common Stock, the average purchase price per share paid by the Plan agent may exceed the net asset value of the Fund's shares of Common Stock, resulting in the acquisition of fewer shares than if the dividend or distribution had been paid in shares issued by the Fund.

The Agent will maintain all shareholders' accounts in the Plan and furnish written confirmation of all transactions in the account, including information needed by shareholders for tax records. Shares in the account of each Plan participant will be held by the Agent in non-certificate form in the name of the participant, and each shareholder's proxy will include those shares purchased or received pursuant to the Plan.

There will be no charges with respect to shares issued directly by the Fund to satisfy the dividend reinvestment requirements. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Agent's open market purchases of shares.

The automatic reinvestment of dividends and distributions will not relieve participants of any income taxes that may be payable (or required to be withheld) on dividends and distributions.

28 o Alliance National Municipal Income Fund

Additional Information

Experience under the Plan may indicate that changes are desirable. Accordingly, the Fund reserves the right to amend or terminate the Plan as applied to any voluntary cash payments made and any dividend or distribution paid subsequent to written notice of the change sent to participants in the Plan at least 90 days before the record date for such dividend or distribution. The Plan may also be amended or terminated by the Agent on at least 90 days' written notice to participants in the Plan. All correspondence concerning the Plan should be directed to the Agent at Equiserve Trust Company N.A. c/o Alliance National Municipal Income fund, P.O. Box 43011, Providence, RI 02940-3011

Since the filing of the most recent amendment to the Fund's registration statement with the Securities and Exchange Commission, there have been (i) no material changes in the Fund's investment objectives or policies, (ii) no changes to the Fund's charter or by-laws that would delay or prevent a change of control of the Fund, (iii) no material changes in the principal risk factors associated with investment in the Fund, and (iv) no change to the persons primarily responsible for the day-to-day management of the Fund's portfolio, who are David Dowden, and Terrance Hults, each of whom is a Vice President of the Fund.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The registrant has adopted the following proxy voting policies and procedures of its investment adviser, Alliance Capital Management L.P.

July 2003

ALLIANCE CAPITAL MANAGEMENT L.P.

Statement of Policies and Procedures for
Voting Proxies on Behalf of Discretionary Client Accounts

Introduction

As a registered investment adviser, Alliance Capital Management L.P. ("Alliance Capital", "we" or "us") has a fiduciary duty to act solely in the best interests of our clients. As part of this duty, we recognize that we must vote client securities in a timely manner and make voting decisions that are in the best interests of our clients.

This statement is intended to comply with Rule 206(4)-6 of the Investment Advisers Act of 1940. It sets forth our policies and procedures for voting proxies for our discretionary investment advisory clients, including investment companies registered under the Investment Company Act of 1940. This statement is

Edgar Filing: ALLIANCE NATIONAL MUNICIPAL INCOME FUND - Form N-CSR

applicable to Alliance Capital's growth and value investment groups investing on behalf of clients in both US and global securities.

PROXY POLICIES

This statement is designed to be responsive to the wide range of subjects that can have a significant effect on the investment value of the securities held in our clients' accounts. These policies are not exhaustive due to the variety of proxy voting issues that we may be required to consider. Alliance Capital reserves the right to depart from these guidelines in order to avoid voting decisions that we believe may be contrary to our clients' best interests. In reviewing proxy issues, we will apply the following general policies:

Elections of Directors: Unless there is a proxy fight for seats on the Board or we determine that there are other compelling reasons for withholding votes for directors, we will vote in favor of the management proposed slate of directors. That said, we believe that directors have a duty to respond to shareholder actions that have received significant shareholder support. We may withhold votes for directors that fail to act on key issues such as failure to implement proposals to declassify boards, failure to implement a majority vote requirement, failure to submit a rights plan to a shareholder vote and failure to act on tender offers where a majority of shareholders have tendered their shares. In addition, we will withhold votes for directors who fail to attend at least seventy-five percent of board meetings within a given year without a reasonable excuse. Finally, we may withhold votes for directors of non-U.S. issuers where there is insufficient information about the nominees disclosed in the proxy statement.

Appointment of Auditors: Alliance Capital believes that the company remains in the best position to choose the auditors and will generally support management's recommendation. However, we recognize that there may be inherent conflicts when a company's independent auditor performs substantial non-audit related services for the company. Therefore, we may vote against the appointment of auditors if the fees for non-audit related services are disproportionate to the total audit fees paid by the company or there are other reasons to question the independence of the company's auditors.

Changes in Capital Structure: Changes in a company's charter, articles of incorporation or by-laws are often technical and administrative in nature. Absent a compelling reason to the contrary, Alliance Capital will cast its votes in accordance with the company's management on such proposals. However, we will review and analyze on a case-by-case basis any non-routine proposals that are likely to affect the structure and operation of the company or have a material economic effect on the company. For example, we will generally support proposals to increase authorized common stock when it is necessary to implement a stock split, aid in a restructuring or acquisition or provide a sufficient number of shares for an employee savings plan, stock option or executive compensation plan. However, a satisfactory explanation of a company's intentions must be disclosed in the proxy statement for proposals requesting an increase of greater than one hundred percent of the shares outstanding. We will oppose increases in authorized common stock where there is evidence that the shares will be used to implement a poison pill or another form of anti-takeover device, or if the issuance of new shares could excessively dilute the value of the outstanding shares upon issuance.

Corporate Restructurings, Mergers and Acquisitions: Alliance Capital believes proxy votes dealing with corporate reorganizations are an extension of the investment decision. Accordingly, we will analyze such proposals on a case-by-case basis, weighing heavily the views of the research analysts that cover the company and the investment professionals managing the portfolios in which the stock is held.

Edgar Filing: ALLIANCE NATIONAL MUNICIPAL INCOME FUND - Form N-CSR

Proposals Affecting Shareholder Rights: Alliance Capital believes that certain fundamental rights of shareholders must be protected. We will generally vote in favor of proposals that give shareholders a greater voice in the affairs of the company and oppose any measure that seeks to limit those rights. However, when analyzing such proposals we will weigh the financial impact of the proposal against the impairment of shareholder rights.

Corporate Governance: Alliance Capital recognizes the importance of good corporate governance in ensuring that management and the board of directors fulfill their obligations to the shareholders. We favor proposals promoting transparency and accountability within a company. For example, we will vote for proposals providing for equal access to proxies, a majority of independent directors on key committees, and separating the positions of chairman and chief executive officer.

Anti-Takeover Measures: Alliance Capital believes that measures that impede takeovers or entrench management not only infringe on the rights of shareholders but may also have a detrimental effect on the value of the company. We will generally oppose proposals, regardless of whether they are advanced by management or shareholders, the purpose or effect of which is to entrench management or dilute shareholder ownership. Conversely, we support proposals that would restrict or otherwise eliminate anti-takeover measures that have already been adopted by corporate issuers. For example, we will support shareholder proposals that seek to require the company to submit a shareholder rights plan to a shareholder vote. We will evaluate, on a case-by-case basis, proposals to completely redeem or eliminate such plans. Furthermore, we will generally oppose proposals put forward by management (including blank check preferred stock, classified boards and supermajority vote requirements) that appear to be intended as management entrenchment mechanisms.

Executive Compensation: Alliance Capital believes that company management and the compensation committee of the board of directors should, within reason, be given latitude to determine the types and mix of compensation and benefit awards offered. Whether proposed by a shareholder or management, we will review proposals relating to executive compensation plans on a case-by-case basis to ensure that the long-term interests of management and shareholders are properly aligned. We will analyze the proposed plans to ensure that shareholder equity will not be excessively diluted, the option exercise price is not below market price on the date of grant and an acceptable number of employees are eligible to participate in such programs. We will generally oppose plans that permit repricing of underwater stock options without shareholder approval. Other factors such as the company's performance and industry practice will generally be factored into our analysis. We will support proposals to submit severance packages triggered by a change in control to a shareholder vote and proposals that seek additional disclosure of executive compensation. Finally, we will support shareholder proposals requiring companies to expense stock options because we view them as a large corporate expense.

Social and Corporate Responsibility: Alliance Capital will review and analyze on a case-by-case basis proposals relating to social, political and environmental issues to determine whether they will have a financial impact on shareholder value. We will vote against proposals that are unduly burdensome or result in unnecessary and excessive costs to the company. We may abstain from voting on social proposals that do not have a readily determinable financial impact on shareholder value.

Proxy Voting Procedures

Proxy Voting Committees

Edgar Filing: ALLIANCE NATIONAL MUNICIPAL INCOME FUND - Form N-CSR

Our growth and value investment groups have formed separate proxy voting committees to establish general proxy policies for Alliance Capital and consider specific proxy voting matters as necessary. These committees periodically review new types of corporate governance issues, evaluate proposals not covered by these policies and recommend how we should generally vote on such issues. In addition, the committees, in conjunction with the analyst that covers the company, contact management and interested shareholder groups as necessary to discuss proxy issues. Members of the committees include senior investment personnel and representatives of the Corporate Legal Department. The committees may also evaluate proxies where we face a potential conflict of interest (as discussed below). Finally, the committees monitor adherence to guidelines, industry trends and review the policies contained in this statement from time to time.

Conflicts of Interest

Alliance Capital recognizes that there may be a potential conflict of interest when we vote a proxy solicited by an issuer whose retirement plan we manage, whose retirement plan we administer, or with whom we have another business or personal relationship that may affect how we vote on the issuer's proxy. We believe that centralized management of proxy voting, oversight by the proxy voting committees and adherence to these policies ensures that proxies are voted with only our clients' best interests in mind. That said, we have implemented additional procedures to ensure that our votes are not the product of a conflict of interests, including: (i) requiring anyone involved in the decision making process to disclose to the chairman of the appropriate proxy committee any potential conflict that they are aware of and any contact that they have had with any interested party regarding a proxy vote; (ii) prohibiting employees involved in the decision making process or vote administration from revealing how we intend to vote on a proposal in order to reduce any attempted influence from interested parties; and (iii) where a material conflict of interests exists, reviewing our proposed vote by applying a series of objective tests and, where necessary, considering the views of a third party research service to ensure that our voting decision is consistent with our clients' best interests. For example, if our proposed vote is consistent with our stated proxy voting policy, no further review is necessary. If our proposed vote is contrary to our stated proxy voting policy but is also contrary to management's recommendation, no further review is necessary. If our proposed vote is contrary to our stated proxy voting policy or is not covered by our policy, is consistent with management's recommendation, and is also consistent with the views of an independent source, no further review is necessary. If our proposed vote is contrary to our stated proxy voting policy or is not covered by our policy, is consistent with management's recommendation and is contrary to the views of an independent source, the proposal is reviewed by the appropriate proxy committee for final determination.

Proxies of Certain Non-US Issuers

Proxy voting in certain countries requires "share blocking." Shareholders wishing to vote their proxies must deposit their shares shortly before the date of the meeting (usually one-week) with a designated depository. During this blocking period, shares that will be voted at the meeting cannot be sold until the meeting has taken place and the shares are returned to the clients' custodian banks. Alliance Capital may determine that the value of exercising the vote does not outweigh the detriment of not being able to transact in the shares during this period. Accordingly, if share blocking is required we may abstain from voting those shares. In such a situation we would have determined that the cost of voting exceeds the expected benefit to the client.

Edgar Filing: ALLIANCE NATIONAL MUNICIPAL INCOME FUND - Form N-CSR

Proxy Voting Records

Clients may obtain information about how we voted proxies on their behalf by contacting their Alliance Capital administrative representative. Alternatively, clients may make a written request for proxy voting information to: Mark R. Manley, Senior Vice President & Assistant General Counsel, Alliance Capital Management L.P., 1345 Avenue of the Americas, New York, NY 10105.

ITEM 8. [RESERVED]

ITEM 9. CONTROLS AND PROCEDURES.

(a) The registrant's principal executive officer and principal financial officer have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-2(c) under the Investment Company Act of 1940, as amended) are effective at the reasonable assurance level based on their evaluation of these controls and procedures as of a date within 90 days of the filing date of this document.

(b) There were no significant changes in the registrant's internal controls that could significantly affect these controls subsequent to the date of their evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.

ITEM 10. EXHIBITS.

The following exhibits are attached to this Form N-CSR:
