Item 8.01 Other Events.

On June 19, 2012, BCB Community Bank, the wholly-owned subsidiary of BCB Bancorp, Inc., sold a package of 52 non-performing loans with a carrying value of \$17.3 million at March 31, 2012. These loans were primarily secured by a combination of commercial and residential real estate and, at the time of sale, resulted in an after tax loss of approximately \$4.7 million in excess of amounts previously charged to BCB Community Bank's allowance for loan losses.

During the second calendar quarter of 2012, management made the decision to sell these loans in order to reduce the on-going carrying costs of maintaining the non-performing loans at the Bank, as well as management's intent to reduce non-performing loans as a percentage of total loans. Management has determined the costs and time commitment required to resolve certain of its non-performing loans made it prudent to seek a qualified buyer at this time. The proceeds of \$10.2 million received from the sale of the loans may be used to fund loans currently in the Bank's pipeline and certain other investment opportunity alternatives.

Item 9.01 Financial Statements and Exhibits.

- (a) Financial Statements of Business Acquired: None
 - (b) Pro Forma Financial Information: None
