MANAGEMENT INFORMATION AND PROXY CIRCULAR

Solicitation of Proxies

This Management Information and Proxy Circular (Information Circular) is furnished in connection with the solicitation of proxies by the management of Bennett Environmental Inc. (BEI or the Corporation) to be voted at the annual general meeting of the shareholders of the Corporation to be held on Tuesday, May 13, 2003 (the Meeting) at the time and place and for the purposes set forth in the accompanying Notice of Meeting.

It is anticipated that this Information Circular and the accompanying Notice of Meeting and form of proxy will be first mailed to the shareholders of the Corporation on or about April 16, 2003. Unless otherwise stated, the information contained in this Information Circular is given as at April 7, 2003.

While it is expected that the solicitation for proxies will be conducted primarily by mail, the directors and employees of the Corporation may, without special compensation, solicit proxies personally or by telephone. The Corporation may retain other persons or companies to solicit proxies on behalf of management, in which event the customary fees for such services will be paid. All costs of solicitation will be borne by the Corporation.

Appointment and Revocation of Proxies

The individuals named in the accompanying form of proxy are directors or officers of the Corporation. A shareholder wishing to appoint some other person (who need not be a shareholder) to represent him or her at the Meeting has the right to do so, either by inserting such person's name in the blank space provided in the form of proxy and striking out the two printed names, or by completing another form of proxy. A proxy will not be valid unless the duly completed, signed and dated form of proxy is received at the office of Computershare Trust Company of Canada at 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, Attention: Proxy Department before 4:30 p.m. (Toronto time) on Friday, May 9, 2003, or not less than 48 hours (excluding Saturdays, Sundays and holidays) or any adjournment thereof, unless the Chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

A shareholder who has given a proxy may revoke it (a) by an instrument in writing executed by the shareholder or by his or her attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either (i) to the registered office of the Corporation at 900 Waterfront Centre, 200 Burrard Street, Vancouver, British Columbia, V7X 1T2 at any time up to and including the last business day preceding the day of the Meeting, or if adjourned, any reconvening thereof, or (ii) to the Chairman of the Meeting on the day of the Meeting or, if adjourned, any reconvening thereof, or (b) in any other manner provided by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

Voting of Shares Represented by Proxy and Discretionary Powers

Common Shares represented by proxies may be voted by the proxyholder on a show of hands, except where the proxyholder has conflicting instructions from more than one shareholder, in which case such proxyholder will not be entitled to vote on a show of hands. In addition, Common Shares represented by proxies will be voted on any poll. In either case, where a choice with respect to any

Table of Contents

matter to be acted upon has been specified in the proxy, the Common Shares will be voted or withheld from voting in accordance with the specification so made. **Where no choice is so specified with respect to any resolution or in the absence of certain instructions, the Common Shares represented by a proxy given to management will be voted in favour of the resolution. If more than one direction is made with respect to any resolution, such Common Shares will similarly be voted in favour of the resolution.**

The enclosed form of proxy when properly completed and delivered and not revoked confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the Meeting. In the event that amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the persons designated in the enclosed form of proxy to vote in accordance with their best judgement on such matters or business. At the time of the printing of this Information Circular, the management of the Corporation knows of no such amendment, variation or other matter which may be presented to the Meeting.

Record Date and Right to Vote

The record date for the determination of shareholders entitled to receive notice of the Meeting has been fixed by the Board of Directors at the close of business on April 7, 2003.

Every shareholder of record at the close of business on April 7, 2003 who personally attends the Meeting will be entitled to vote at the Meeting or any adjournment thereof, except to the extent that:

- (a) such shareholder has transferred the ownership of any of his or her Common Shares after April 7, 2003; and
- (b) the transferee of those Common Shares produces properly endorsed share certificates, or otherwise establishes that he or she owns the Common Shares, and demands, not later than 10 days before the Meeting, that his or her name be included in the list of shareholders entitled to vote at the Meeting,

in which case the transferee is entitled to vote those Common Shares at the Meeting.

A person duly appointed under an instrument of proxy will be entitled to vote the Common Shares represented thereby only if the proxy is properly completed and delivered in accordance with the requirements set out above under "Appointment and Revocation of Proxies" and has not been revoked.

Securities Entitled to Vote

As of April 7, 2003, 16,684,489 Common Shares were issued and outstanding. The Corporation has no other classes of voting securities.

Every shareholder who is present in person and entitled to vote at the Meeting shall have one vote on a show of hands and on a poll shall have one vote for each Common Share of which the shareholder is the registered holder and such shareholder may exercise such vote either in person or by proxyholder.

Table of Contents

Principal Shareholders

Quorum and Percentage of Votes Necessary to Pass Resolutions

Under By-Law No. 1 of the Corporation, the quorum for the transaction of business at the Meeting consists of two persons present in person, each being a shareholder entitled to vote at the Meeting or a duly appointed proxyholder for an absent shareholder so entitled, *and* holding or representing not less than 10% of the total number of issued Common Shares outstanding as of April 7, 2003.

The ordinary resolution to approve the expiry date of certain stock options issued under the Corporation's Stock Option Plan, as described under Particulars of Matters to be Acted Upon Approval of Amendments to Certain Stock Options, must be approved by a majority of more than 50% of the votes cast by the holders of Common Shares who vote in person or by proxy in respect of that resolution, *other than* votes attaching to Common Shares beneficially owned by persons who are insiders of the Corporation eligible to receive options or stock appreciation rights under the Stock Option Plan, or associates thereof, within the meaning of Part VI of the Toronto Stock Exchange Company Manual (referred to as approval of disinterested shareholders). All insiders of the Corporation are eligible to receive stock options and stock appreciation rights under the Stock Option Plan. As at the date of this Information Circular, the Corporation understands that a total of 2,246,541 votes, representing the votes of insiders of the Corporation and their associates, will not be counted for the purposes of determining whether this majority has been obtained.

Approval of Amendments to Certain Stock Options

On June 18, 2002, the Board of Directors of the Corporation approved an amendment to the terms of certain options held by John Bennett, the Chief Executive Officer and a director of the Corporation, to extend the expiry date of those options from June 30, 2002 to December 18, 2002. These options had been granted to Mr. Bennett on February 23, 1999 under the terms of the Corporation's Stock Option Plan and entitled Mr. Bennett to acquire a total of 115,000 Common Shares at an exercise price of \$5.30 per share. Prior to the new expiry date, Mr. Bennett exercised a portion of these options and acquired a total of 112,500 Common Shares. Mr. Bennett still holds these Common Shares.

The Toronto Stock Exchange has conditionally approved the amendment to the expiry date of these options, subject to, among other things, approval at the Meeting of the amendment by a majority of disinterested shareholders of the Corporation. See Quorum and Percentage of Votes Necessary to Pass Resolutions. In the event that the requisite shareholder approval is not obtained for this amendment, the Toronto Stock Exchange will require the Corporation to repurchase from Mr. Bennett the Common Shares acquired by Mr. Bennett upon the exercise of the options at a cost to the Corporation of not more than \$5.30 per Common Share (such price being the exercise price paid by Mr. Bennett for those shares).

Accordingly, at the Meeting shareholders of the Corporation will be asked to consider and, if thought appropriate, to pass the following ordinary resolution:

IT IS HEREBY RESOLVED, as an ordinary resolution of the shareholders of the Corporation, that the amendment to terms of certain options previously issued to John Bennett in order to extend the expiry date of those options from June 30, 2002 to December 18, 2002 is hereby ratified and approved.

- (2) All securities under option and subject to stock appreciation rights are for Common Shares of the Corporation.
- (3) Mr. Bennett was the President of the Corporation until August 28, 2000, at which time he ceased to act as President but continued as the Chief Executive Officer of the Corporation. Mr. Bennett's compensation is paid to him both directly and through a company, all the shares of which are owned by Mr. Bennett and his wife, Anne Bennett.
- (4) Mr. Richardson's resignation as President of the Corporation became effective on January 9, 2003.
- (5) Mr. Stern was appointed as the Chief Financial Officer and Secretary of the Corporation effective April 1, 2001.
- (6) On July 16, 2002 John Bennett was granted 95,000 stock options and each of Peter Richardson, Rick Stern, Danny Ponn and Zul Tejpar were granted 70,000 options. The stock options granted to the Named Executive Officers on July 16, 2002 were cancelled by the Board of Directors on October 7, 2002.

Long-Term Incentive Plan

The Corporation does not presently have a long-term incentive plan for its Named Executive Officers.

Stock Options

The Corporation has established a Stock Option Plan for the granting of incentive stock options and stock appreciation rights (SARs) to directors, officers and employees of the Corporation or any of its subsidiaries, or a consultant. The purpose of granting such options and SARs is to assist the

Table of Contents

Corporation in attracting, retaining and motivating directors, officers and employees of the Corporation or any of its subsidiaries, or a consultant, and to more closely align the personal interests of such directors, officers, employees and consultants to those of shareholders.

The Stock Option Plan permits the Board of Directors to grant options for the purchase of Common Shares of the Corporation for a term of up to 10 years. The number of Common Shares granted pursuant to each option is determined in the discretion of the Board of Directors, provided that (i) in the case of any one person, the aggregate number of Common Shares reserved for issuance may not exceed 5% of the Common Shares outstanding at the time of the grant less the aggregate number of Common Shares reserved for issuance to such person under any other option to purchase Common Shares from treasury granted as a compensation or incentive mechanism, and (ii) in the case of insiders, the aggregate number of Common Shares reserved for issuance may not exceed 10% of the Common Shares outstanding at the time of the issuance, less the aggregate number of Common Shares reserved for issuance to insiders under the Stock Option Plan or any other share compensation agreement.

In accordance with the provisions of the Stock Option Plan, the option price and the terms and conditions on which the options may be exercised are set out in written stock option agreements, in the form approved by the Board of Directors, entered into by the Corporation and each option holder. Under the Stock Option Plan, the option price is determined by the Board of Directors, provided that the price is not less than the closing price of the Common Shares on the stock exchanges where they are traded on the trading day immediately preceding the date of the grant, or in the event that there were no transactions during the 10 day trading period immediately preceding the date of the grant, such value as determined by resolution of the Board of Directors, subject to the necessary approvals of applicable regulatory authorities. The options are not transferable and terminate on the earlier of the expiry date and 30 days after the optionee ceases to be eligible for any reason whatsoever, other than death. In the event of death, the option is fully exercisable by the optionee's legal representative on the earlier of the expiry date and six months from the date of death. If within six months of a change in control of the Corporation an optionee ceases to be eligible to receive stock options for any reason other than death, the optionee will be permitted to exercise his or her options until the earlier of the expiry date for those options and the date that is 12 months from the date of such termination.

Pension and Retirement Savings Plans

Except as described below, the Corporation and its subsidiaries do not have any pension arrangements.

Pursuant to a reward-for-tenure agreement between the Corporation and John Bennett, the Corporation is obligated, for a period of 10 years ending in 2003, to fund an insurance policy, the proceeds of which will be used as a pension for Mr. Bennett. If Mr. Bennett remains employed by the Corporation for the full 10 year term, the proceeds of this policy are expected to generate an annual pension of \$69,000. The annual premium paid by the Corporation for this policy is approximately \$58,515.

Termination of Employment, Change in Responsibilities and Employment Contracts

During the financial year ended December 31, 2002, the Corporation had agreements with John Bennett, Peter Richardson, Rick Stern, Danny Ponn and Zul Tejpar whereby the Corporation agreed to pay these Named Executive Officers an annually adjusted salary and a bonus, other perquisites and personal benefits in consideration for services rendered to the Corporation. Under the terms of the agreements, if the employment of a Named Executive Officer is terminated for reasons including a change of control, the Corporation may be obligated to pay the Named Executive Officer for each full or partial year of service provided to the Corporation, an amount equal to 1/6th of the Named Executive Officer's current annual salary and the most recent bonus awarded to him (or the most recent bonus awarded prior to termination, whichever is higher), plus in the case of a change in control, 1/2 of the Named Executive Officer's annual salary. Further, if Mr. Bennett's employment is terminated as the result of a change of control of the Corporation, the Corporation will be obligated to fund the insurance

policy underlying this contract until the maturity of this policy in 2003, such premiums totaling approximately \$58,515.

In addition, the Corporation has entered into a consulting contract with Bennett Environmental Consultants Ltd., a company all of the shares of which are owned by John Bennett and his wife, Anne Bennett, for Mr. Bennett's services to the Corporation in consideration for annual compensation in the amount of \$160,000, plus consulting bonuses. Under the terms of this consulting contract, for reasons including a change of control, the Corporation will be obligated to pay Mr. Bennett the sum of \$146,666 to terminate the contract.

Mr. Richardson resigned as President of the Corporation effective January 9, 2003. As of the date of this Information Circular, the Corporation and Mr. Richardson had yet to agree upon the terms of any payments to be paid to Mr. Richardson in connection with his resignation.

Compensation of Directors

The Corporation has no formal arrangements for cash or non-cash compensation to its directors in their capacity as directors. However, during the financial period ended December 31, 2002, the directors of the Corporation were granted the stock options set out in the table below.

Name	Number of Securities Under Option granted (#)	Exercise or Base Price (\$/Security)	Market Value on Date of Grant (\$/Security)(1)	Expiry Date
John Bennett	95,000	12.30	12.30	Cancelled(1)
Adam LaPointe	25,000	12.30	12.30	Cancelled(1)
Pierre Meunier	25,000	12.30	12.30	Cancelled(1)
George Ploder	30,000	9.10	9.10	December 4, 2007
David Williams	25,000	12.30	12.30	Cancelled(1)

(1) The options granted to the Named Executive Officers on July 16, 2002 were cancelled by the Board of Directors on October 7, 2002.

Director and Officer Liability Insurance

The Corporation has purchased and maintains insurance in the amount of US\$5.0 million for the benefit of the directors and officers of the Corporation against liabilities incurred by such persons as directors and officers of the Corporation and its subsidiaries, except where the liability relates to such persons failure to act honestly and in good faith with a view to the best interests of the Corporation. The annual premium paid by the Corporation for this insurance in respect of the directors and officers as a group is US\$102,770. No premium for this insurance is paid by the individual directors and officers. The insurance contract underlying this insurance does not expose the Corporation to any liability in addition to the payment of the required premiums.

Report on Executive Compensation

It is the responsibility of the Board of Directors as a whole to review and recommend compensation policies and programs to the Corporation as well as salary and benefit levels for its

Table of Contents

executives. During fiscal 2002, John Bennett was a member of the Board of Directors and an executive of the Corporation.

The Corporation's compensation policies and programs are designed to be competitive with the industry and to recognize and reward executive performance consistent with the success of the Corporation's business. These policies and programs are intended to attract and retain capable and experienced people.

In addition to industry comparables, the Board of Directors considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long range interests of the Corporation and its shareholders, overall financial and operating performance of the Corporation and the Board of Directors' assessment of each executive's individual performance and contribution towards meeting goals and objectives. The Board of Directors considers the same factors in its determination of Mr. Bennett's compensation as Chief Executive Officer.

Mr. Bennett's compensation is comprised of three components, salary, cash bonuses and stock options/SAR's. On average, compensation is generally comprised of 40% salary, 30% cash bonus and 30% stock options/SAR's. The salary component is considered to be comprised of direct salary from the Corporation and payment as part of a management consulting fee agreement Mr. Bennett has with the Corporation. Mr. Bennett's salary was last revised in 2001 and the salary was set by the Board at a level subjectively determined to be commensurate with the role, responsibilities and objectives for the position. Mr. Bennett's salary for 2002 was \$241,328.

The total compensation plan for executive officers is comprised of three components: base salary, cash bonuses and stock options/SAR's. The relative emphasis placed on each of the various components is dependent on the individual circumstances of the executive officer. However, on average, compensation is generally comprised of one-third salary, one-third cash bonus and one-third stock options/SAR's. In establishing base salaries, the Board of Directors reviews competitive market data, salary surveys and consults with recruitment specialists for each of the executive positions and determines a placement at an appropriate level in a range. Compensation is typically negotiated with the candidate for the position prior to his or her final selection as an executive officer. The compensation range for executives normally moves annually to reflect external factors such as inflation.

Cash bonuses are used to reward officers for meeting specific performance targets as mutually agreed upon on an annual basis. All officers are eligible for the same cash bonus structure based on a sliding scale percentage of EBITDA (earnings before interest, taxes, depreciation and amortization) to a maximum payout per officer. Based upon the Corporation's performance for 2002, cash bonus payments of \$258,250 were made in 2003 to each officer.

The third component of the compensation plan is the Stock Option Plan. As stated above, the purpose of granting stock options and SAR's is to assist the Corporation in attracting, retaining and motivating directors, officers and employees of the Corporation or any of its subsidiaries, or a consultant and to closely align the personal interests of such directors, officers, employees and consultants with those of shareholders. The amount and terms of outstanding options and SAR's are taken into account when determining whether and how many new option and SAR grants be made.

Performance Graph

The following graph compares the yearly percentage change in the Corporation's cumulative total shareholder return on its Common Shares with the cumulative total return of the S&P/TSX Composite Index for the years ended December 31, 2002, 2001, 2000, 1999 and 1998:

Indebtedness of Directors, Executive Officers and Senior Officers

No director, executive officer, senior officer, proposed nominee for election as a director or associate or affiliate of any such director, senior officer or proposed nominee, is or at any time since the beginning of the most recently completed financial year, has been indebted to the Corporation or its subsidiaries.

Interest of Management and Others in Material Transactions

Other than as disclosed in this Information Circular, no insider, proposed nominee for election as a director, or any associate or affiliate of the foregoing, had any material interest, direct or indirect, in any transaction or proposed transaction since the commencement of the Corporation's 2002 fiscal year which has materially affected or would materially affect the Corporation or any of its subsidiaries.

Management Contracts

There are no management functions of the Corporation which are to any substantial degree performed by persons other than the directors or senior officers of the Corporation.

Corporate Governance

The rules of the Toronto Stock Exchange require the Corporation to disclose its corporate governance practices to shareholders on an annual basis. A description of the Corporation's approach to corporate governance, with references to the guidelines set out in Part IV of the Toronto Stock Exchange Company Manual, is described below.

Mandate of the Board of Directors

The mandate of the Board of Directors is to supervise the management of the business and affairs of the Corporation, and to develop the Corporation's approach to corporate governance issues. In

Table of Contents

fulfilling its mandate, the Board, either directly or through the Corporate Governance Committee, is responsible for, among other things:

- (a) adopting a strategic planning process and ensuring that such a process is carried out on an annual basis;
- (b) identifying the principal risks of the Corporation's business and ensuring the implementation of the appropriate systems to manage these risks;
- (c) succession planning for the Corporation, including appointing, training and monitoring senior management;
- (d) establishing and monitoring a communications policy for the Corporation;
- (e) ensuring the integrity of the Corporation's internal control and management information systems;
- (f) monitoring and assessing the corporate governance system in place in the Corporation; and
- (g) developing and monitoring the Corporation's corporate disclosure policy and the business conduct policy for its directors and officers.

The frequency of meetings of the Board and the nature of the matters discussed, depend upon the state of the Corporation's affairs and the opportunities or risks which the Corporation faces.

Composition of the Board of Directors

The report of the Toronto Stock Exchange Committee on Corporate Governance issued in December 1995 (the TSX Report) recommends that a board of directors be constituted with a majority of individuals who qualify as "unrelated directors". The TSX Report defines as an "unrelated director" a director who is independent of management and is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act with a view to the best interests of the corporation, other than interests and relationships arising from shareholdings. The TSX Report also recommends that in circumstances where a corporation has a "significant shareholder" (i.e., a shareholder with the ability to exercise the majority of the votes for the election of the directors), in addition to a majority of unrelated directors, the board of directors should include a number of directors who do not have interests in, or relationships with, either the corporation or the significant shareholder, and which fairly reflects the investment in the corporation by shareholders other than the significant shareholder.

The Board of Directors of the Corporation has examined the relevant definitions in the TSX Report and have individually considered their respective interests in, and relationships with, the Corporation. The present Board consists of five directors, four of whom are unrelated directors. John Bennett, the Chief Executive Officer of the Corporation, is a related director because of his management position with the Corporation. The Corporation does not have a significant shareholder. The Board considers its size of five directors to be appropriate at the current time.

Committees of the Board of Directors

The Board of Directors has no committees, other than an Audit Committee and a Corporate Governance Committee, the details of which are summarized below.

Table of Contents

Audit Committee

In accordance with its charter, a copy of which is attached as Schedule A to this Information Circular, the Audit Committee reviews the annual and interim financial statements of the Corporation and certain other public disclosure documents required by regulatory authorities and makes recommendations to the Board of Directors with respect to such statements and documents. The Audit Committee also makes recommendations to the Board regarding the appointment of independent auditors, reviews the nature and scope of the annual audit as proposed by the auditor and management, reviews with management the risks inherent in the Corporation's business and risk management programs relating thereto, and assesses the auditor's performance. The Audit Committee also reviews with the auditor and management the adequacy of the internal accounting control procedures and systems within the Corporation.

The Audit Committee is currently comprised of four of the five directors of the Corporation. These four members of the Audit Committee are unrelated and independent within the meanings of the Toronto Stock Exchange guidelines and the American Stock Exchange listing standards, respectively. The Board believes that all members of the Audit Committee are required under the Corporation's Audit Committee charter to have a working familiarity with basic finance and accounting practices and to be able to read and understand financial statements. All the members of the Corporation's Audit Committee meet or exceed these qualifications as Mr. Ploder has a professional certification as a chartered accountant, Mr. Williams and Mr. Lapointe have past and current employment experience as senior officials with financial oversight responsibilities, and Mr. Meunier has been an active member of the Audit Committee since 1997.

Corporate Governance Committee

The Corporate Governance Committee was established by the Board of Directors on September 16, 2002. The Corporate Governance Committee, with the approval of the Board of Directors, has retained a management consultant to advise the Committee on various governance matters. The Corporate Governance Committee will oversee the Corporation's governance and make recommendations to the Board of Directors regarding the composition and effectiveness of the Board of Directors and management. The Corporate Governance Committee is comprised of David Williams, Adam LaPointe and Pierre Meunier.

Independence of Board of Directors from Management

As stated above, the present Board consists of five directors, four of whom are unrelated directors. John Bennett, the Chief Executive Officer of the Corporation, is a related director because he holds a management position with the Corporation and serves as the Chairman of the Board of Directors of the Corporation. The TSX Report states that the independence of a board of directors is most simply assured by appointing a chair who is not a member of management. The Board has considered this issue and supports Mr. Bennett's continued chairmanship.

Decisions Requiring Prior Approval of the Board of Directors

The Board of Directors has delegated the day-to-day management of the business and affairs of the Corporation to the President, the Chief Executive Officer, and the Chief Financial Officer. However, in addition to those matters which must by law or by the By-laws of the Corporation be approved by the Board of Directors, management is required to seek Board approval for major transactions, whether in the ordinary course of business or not.

Table of Contents

Recruitment of New Directors and Assessment of the Board of Directors Performance

The Board of Directors is responsible for (i) monitoring the effectiveness, size and composition of the Board of Directors, the Audit Committee and the Corporate Governance Committee, and the individual performance of its directors, (ii) identifying and recommending potential appointees to the Board of Directors, (iii) periodically reviewing the directors and officers third party liability insurance to ensure that the coverage of such insurance is adequate, and (iv) approving an appropriate orientation and education program for new members to the Board of Directors.

The Board of Directors considers its orientation and education program for new directors to be an important element in ensuring responsible corporate governance. In addition to extensive discussions with respect to the business and operations of the Corporation, a new director receives records of historical public information on the Corporation, together with the mandates and prior minutes of applicable committees of the Board. In addition, Board meetings are regularly held at the Corporation's offices in order to assist the directors in better understanding the Corporation's operations.

Receiving and Dealing with Shareholder Feedback and Concerns

Shareholder inquiries and concerns are dealt with promptly by senior management of the Corporation. To date, the Board of Directors has not been required to take an active role in responding to shareholder inquiries and concerns.

Engagement of Outside Advisors by Individual Directors

In certain circumstances, it may be appropriate for an individual director to engage an outside advisor at the expense of the Corporation. The engagement of an outside advisor is subject to the approval of the Board of Directors.

Expectations of Management

The Board of Directors expects management of the Corporation to conduct the business and affairs of the Corporation in accordance with the Corporation's ongoing strategic plan and to meet or surpass the annual and long-term goals of the Corporation. As a part of its annual strategic planning process, the Board specifies its expectations of management both over the next financial year and in the context of the Corporation's long-term goals. The Board reviews management's progress in meeting these expectations at Board meetings held on a regular basis.

Compensation of the Board of Directors

The Board of Directors reviews on an annual basis the necessity for compensation for the directors of the Corporation.

Interest of Certain Persons in Matters to be Acted Upon

Other than as disclosed herein, no person who has been a director or officer of the Corporation at any time since the beginning of the last financial year or any proposed nominee for election as director, nor any associate or affiliate of such person, has an interest in the matters to be acted upon at the Meeting.

Table of Contents

Other Matters to be Acted Upon

However, if any other matters properly come before the Meeting, it is the intention of the persons named in the form of proxy accompanying this Information Circular to vote the same in accordance with their best judgement of such matters.
