**BENNETT ENVIRONMENTAL ANNOUNCES COMPREHENSIVE REVIEW
OF NEW JERSEY FEDERAL CREOSOTE CONTRACT**

Oakville, Ontario, July 30th, 2004 Bennett Environmental Inc. announced that a Special Committee of independent Directors has been formed to oversee the Company's review of the New Jersey Federal Creosote (FC) Phase III project, together with the process by which Bennett monitors contractual arrangements for existing and future work from the site. The Special Committee is composed of Pierre B. Meunier, George Ploder and David Williams. The Washington based law firm of Piper Rudnick LLP is assisting with the review. The Special Committee has asked Al Bulckaert, President and CEO who joined Bennett in February 2004, to act as spokesperson for the Committee.

Bennett is continuing a process that includes the evaluation of the circumstances surrounding the FC Phase III contract awards and shipments made under them, said Al Bulckaert. We intend to ensure that the best possible processes are in place so that awards and shipments under indefinite quantity/indefinite delivery contracts are reported appropriately to investors. The Special Committee anticipates that it will complete its review by the end of September.
