Forward-Looking Statements

This presentation contains forward-looking statements. These statements relate to future events or to future financial performance and involve known and unknown risks, uncertainties and other factors that may cause MSCI's, RiskMetrics' and the combined company's actual results, levels of activity, performance, or achievements to be materially different from any future results, levels of activity, performance, or achievements expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements by the use of words such as "may," "could," "expect," "intend," "plan," "seek," "anticipate," "believe," "estimate," "predict," "potential," or "continue" or the negative of these terms or other comparable terminology. You should not place undue reliance on forward-looking statements because they involve known and unknown risks, uncertainties and other factors that are, in some cases, beyond MSCI's, RiskMetrics' and the combined company's control and that could materially affect actual results, levels of activity, performance, or achievements. Such risks, uncertainties and factors include, but are not limited to: the risk that a condition to closing of the proposed merger may not be satisfied; the risk that a regulatory approval that may be required for the proposed merger is not obtained or is obtained subject to conditions that are not anticipated; the failure to consummate or delay in consummating the proposed merger for other reasons; the combined company's ability to achieve the synergies and value creation contemplated by the proposed merger; the combined company's ability to promptly and effectively integrate the businesses of RiskMetrics and MSCI; and the diversion of management time on merger-related issues.

Other factors that could materially affect MSCI's, RiskMetrics' and the combined company's actual results, levels of activity, performance or achievements can be found in MSCI's Annual Report on Form 10-K for the fiscal year ended November 30, 2009 and filed with the SEC on January 29, 2010, in RiskMetrics' December 31, 2009 Annual Form 10-K which was filed with the SEC on February 24, 2010 and in their respective quarterly reports on Form 10-Q and current reports on Form 8-K. If any of these risks or uncertainties materialize, or if MSCI's or RiskMetrics' underlying assumptions prove to be incorrect, actual results may vary significantly from what MSCI or RiskMetrics projected. Any forward-looking statement in this release reflects MSCI's or RiskMetrics' current views with respect to future events and is subject to these and other risks, uncertainties and assumptions relating to MSCI's or RiskMetrics' operations, results of operations, growth strategy and liquidity. MSCI and RiskMetrics assume no obligation to publicly update or revise these forward-looking statements for any reason, whether as a result of new information, future events, or otherwise.

The information provided herein may include certain non-GAAP financial measures. The reconciliation of such measures to the comparable GAAP figures are included on page 16 of this presentation.

The following slides are part of a presentation by MSCI and are intended to be viewed as part of that presentation. The presentation is based on information generally available to the public and does not contain any material, non-public information. No representation is made that it is accurate or complete. The presentation has been prepared solely for informational purposes, is neither an offer to sell nor the solicitation of an offer to buy any security or instrument and has not been updated since it was originally presented.
