Independent Auditors' Report

To the Profit Sharing Committee of the
Triangle Pacific Corp. Salaried Employees' Profit
Sharing Plan:

We have audited the accompanying statements of net assets available for benefits of the Triangle Pacific Corp. Salaried Employees' Profit Sharing Plan as of December 31, 2000 and 1999, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Triangle Pacific Corp. Salaried Employees' Profit Sharing Plan as of December 31, 2000 and 1999, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form 11-K

for investment purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TRIANGLE PACIFIC CORP. SALARIED EMPLOYEES' PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2000 and 1999

(1) General Information

The Triangle Pacific Corp. Salaried Employees' Profit Sharing Plan (the Plan) was established on January 5, 1976 by Triangle Pacific Corporation (the Company). The Plan was amended and restated effective January 1, 1993, to comply with applicable requirements of the Internal Revenue Code (IRC). On July 22, 1998, Triangle Pacific Corp. was acquired by Armstrong World Industries, Inc. (a subsidiary of Armstrong Holdings, Inc.). The Board of Directors of Triangle Pacific Corp. intends to continue providing retirement benefits through the Company's defined contribution plans.

(2) Description of the Plan

The following description of the Plan provides only general information.

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form 11-K

Participants should refer to the Plan document for more detailed information.

(a) General

The Plan is a defined contribution plan which provides retirement benefits to the salaried employees of the Company who have worked 1,000 hours in a consecutive 12-month period, and have attained age 21. The participants are not required nor permitted to make any contributions to the profit sharing portion of the Plan except for transfers of balances from other qualified plans, but participants are permitted to contribute up to 10% of their compensation to the 401(k) portion of the Plan. The Plan is administered by Bruce Hardwood Flooring, LLC, a subsidiary of Triangle Pacific Corporation, and advised by the Company's Profit Sharing Committee (Committee), whose members are appointed by the Board of Directors of the Company (the Board).

(b) Contributions

Company contributions to the profit sharing portion of the Plan are discretionary and are determined by the Board. Total contributions per Plan year, including profit sharing and 401(k), to any one participant cannot exceed the lesser of \$30,000 or 25% of the participant's compensation. A participant will not receive a Company profit sharing contribution during a year in which the participant has a break in service. Effective January 1, 1998, the Plan was amended and restated (Amendment) to define the criteria of the Company contributions to the 401(k) portion. Company contributions to the 401(k) portion are matching contributions that provide a 50% match of participant's tax deferred contribution to the Plan up to 6% of the participants' eligible compensation. Participants are fully vested in the current value of their own contributions and earnings thereon, and become 100% vested in Company contributions upon completion of five years of service. Forfeitures resulting from non-vested employee termination (\$54,023 in 2000 and \$159,397 in 1999) are treated as a Company contribution and serve to reduce Company contributions in the year following the terminations.

Notes to Financial Statements

(c) Payment of Benefits

Upon termination of employment, participants generally may elect to receive the total value of their account attributable to their contributions, as well as the vested value of their Company contributions. Participants who are age 59 1/2 or over, or become permanently and totally disabled are automatically 100% vested in the value of Company contributions and related earnings credited to their account. In the event that termination is caused by death, the participant becomes 100% vested and the balance will be paid in full to the beneficiary. Participants may also make hardship withdrawals from their vested amounts, subject to provisions of the Plan document and determination of eligibility by the plan administrator.

(d) Participant Accounts and Allocations

Allocations of Plan income are made to the participants based upon their relative account balances in the Plan at the beginning of each year. The annual Company contribution is allocated on a proportional basis relative to each participant's compensation for the year, as defined. Participants withdrawing from the Plan with a vested interest may only receive their account balance in a lump-sum payment.

Participants are able to direct all contributions to their account in 10% increments to the various investment funds. The Magellan, Equity Income, and the Overseas funds are classified as equity funds while the Intermediate Bond and Retirement Money Market funds are classified as fixed income funds. The Asset Manager Fund is considered to be a mixture of both equity and fixed income funds.

- . Armstrong Holdings, Inc. Common Stock - Effective April 1, 1999, the Plan was amended to include Armstrong World Industries, Inc. common stock as one of the investment options. On May 1, 2000, Armstrong Holdings, Inc. acquired the stock of Armstrong World Industries, Inc. An indirect holding in Armstrong World Industries, Inc. makes up substantially all of the assets of Armstrong Holdings, Inc. Armstrong Holdings, Inc. is publicly traded on the New York Stock Exchange. On December 6, 2000, Armstrong World Industries, Inc. filed a voluntary petition for relief under Chapter 11 of the U.S. Bankruptcy Code in Wilmington, DE in order to use the court-supervised reorganization process to achieve a resolution of its asbestos liability. Triangle Pacific Corp. was not included in the filing. As of December 19, 2000, the Plan was amended to eliminate the Armstrong Holdings, Inc. Common Stock fund as an investment option effective with contributions made on or after December 27, 2000 and transfers processed on or after January 1, 2001.
- . Fidelity Magellan Fund - The Fidelity Magellan Fund is a diversified portfolio of common stocks of domestic and foreign issuers. The portfolio seeks capital appreciation by investing in growth stocks, value stocks or both.

a guide in structuring the fund and selecting the investments.
