Pennsylvania Real Estate Investment Trust

2,500,000 SHARES OF BENEFICIAL INTEREST

In recognition of the importance to our success of our non-employee trustees, officers and other key employees and of the officers and key employees of our subsidiaries, and pursuant to our obligations under our agreement to merge with Crown American Realty Trust, our Board of Trustees adopted the Pennsylvania Real Estate Investment Trust 2003 Equity Incentive Plan, as amended. The 2003 Plan allows us to:

- o issue incentive and nonqualified options to purchase shares of beneficial interest in us, as well as restricted shares, share appreciation rights, performance shares, contract shares, bonus shares and dividend equivalent rights to our non-employee trustees, officers and other key employees and to the officers and key employees of our subsidiaries; and
- o issue options to purchase shares of beneficial interest in us to former trustees, officers and employees of Crown and its subsidiaries as replacement awards for awards issued under Crown equity plans (provided the merger with Crown is consummated), whether or not such individuals become our trustees, officers or employees or trustees, officers or employees of our subsidiaries.

We expect the 2003 Plan to help us to attract and retain key individuals with the training, experience and expertise we desire, and to furnish additional incentive to these key individuals to promote our financial success by providing them with an equity ownership interest in us and/or an equity-based incentive to further our interests. Subject to any future adjustments for share splits and similar events, the total number of shares that may be issued under the 2003 Plan is 2,500,000 if our merger with Crown occurs and 1,500,000 if the merger does not occur. In either case, the total number of shares that may be issued includes the shares that remained available under the Pennsylvania Real Estate Investment Trust 1999 Equity Incentive Plan when it was amended - subject to approval of the 2003 Plan by our shareholders - to suspend the issuance of awards.

On October 20, 2003, the closing price of our shares on the New York Stock Exchange was \$34.35 per share. Our principal executive offices are located at The Bellevue, 200 S. Broad Street, Philadelphia, Pennsylvania 19102, and our telephone number is (215) 875-0700.

Consider carefully the Risk Factors beginning on page 2 before deciding to invest in our shares.

These securities have not been approved or disapproved by the Securities and Exchange Commission nor has the Securities and Exchange Commission passed upon the accuracy or adequacy of this prospectus. Any representation to the contrary

is a criminal offense.

The date of this prospectus is November 6, 2003.

PENNSYLVANIA REAL ESTATE INVESTMENT TRUST

PREIT, which is organized as a business trust under Pennsylvania law, is a fully integrated, self-administered and self-managed real estate investment trust, founded in 1960, that acquires, develops, redevelops and operates retail properties. We conduct substantially all of our operations through PREIT Associates, L.P., and we have elected, and conduct our operations in a manner intended, to comply with the requirements for qualification as a real estate investment trust (a "REIT") under the Real Estate Investment Trust Act of 1960, Sections 856-60 of the Internal Revenue Code of 1986, as amended.

Our principal executive offices are located at The Bellevue, 200 S. Broad St., Philadelphia, Pennsylvania, 19102, and our telephone number is (215) 875-0700.

RISK FACTORS

Risks Related to Our Properties and Our Business

Our retail properties are concentrated in the Mid-Atlantic region of the United States and adverse market conditions in that region may impact the ability of

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

our tenants to make lease payments and to renew leases, which may reduce the amount of income generated by our properties.

Our retail properties currently are concentrated in the Mid-Atlantic region of the United States. To the extent adverse conditions affecting retail properties - such as population trends and changing demographics, income, sales and property tax laws, availability and costs of financing, construction costs and weather conditions that may increase energy costs - are particularly adverse in Pennsylvania or in the Mid-Atlantic region, our results of operations will be more notably affected. If the sales of stores operating at our properties were to decline significantly due to economic conditions, the risk that our tenants will be unable to fulfill the terms of their leases or will enter into bankruptcy may increase. In particular, economic and market conditions in the Mid-Atlantic region have a substantial impact on the performance of our anchor and other tenants and may impact the ability of our tenants to make lease payments and to renew their leases. If, as a result of such tenant difficulties, our properties do not generate sufficient income to meet our operating expenses, including debt service, our results of operations would be adversely affected.

Our substantial debt, a significant portion of which is variable rate debt, may adversely affect our operating results and put us at a competitive disadvantage.

As a result of our substantial debt obligations, we may not have sufficient cash flow from operations to meet required payments of principal and interest on our debt or to pay distributions on our securities at historical or recently announced increased rates, which could affect our ability to qualify as a REIT or to make necessary investments in new business initiatives. In addition, increases in interest rates on our existing indebtedness, which includes a significant portion of variable rate debt, would increase our interest expense, which could harm our cash flow and our ability to pay distributions.

We also will assume significant indebtedness in connection with our proposed merger with Crown American Realty Trust. As of June 30, 2003, Crown had approximately \$753.7 million in total debt outstanding, all of which was secured by its real estate assets. This excludes Crown's pro rata portion of \$18.6 million of outstanding debt owed by Palmer Park Mall Venture, a joint venture between us and Crown that holds title to the Palmer Park Mall. We currently expect to repay a portion of Crown's outstanding debt with proceeds from additional debt financings that we currently are negotiating with prospective lenders, but we cannot assure you that we can obtain additional debt financings on favorable terms, if at all. Following the merger, we also will be obligated to pay a quarterly dividend of \$1.375 per share to the holders of the 11% preferred shares that we will issue in connection with the merger.

-2-

Our existing indebtedness, and our increased leverage as a result of the Crown merger, could have negative consequences to our shareholders, including:

- o requiring us to use a significant portion of our cash flow from operations to make interest and principal payments on our debt rather than for other purposes such as working capital, capital expenditures or dividends;
- o harming our ability to obtain additional financing in the future for working capital, capital expenditures, acquisitions, development activities or other general corporate purposes;

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

- o limiting our flexibility to plan for or react to changes in business and economic conditions; and
- o making us more vulnerable to a downturn in our business or the economy generally.

Further, our existing \$200 million revolving credit facility expires on December 28, 2003 and may be extended for an additional year only with the approval of the lenders. We may be unable to extend the term of this credit facility or to replace this facility on favorable terms, if at all.

Our financial covenants may restrict our operating or acquisition activities, which may harm our financial condition and operating results.

Our existing \$200 million credit facility currently requires our operating partnership, PREIT Associates, L.P., to maintain certain asset and income to debt ratios and minimum income and net worth levels. These covenants could reduce our flexibility in conducting our operations by limiting our ability to borrow and may create a risk of default on our debt if we cannot continue to satisfy these covenants. If we default under this credit facility, the lenders could require us to repay the debt immediately and could take possession of the properties securing the credit facility. We rely on borrowings under this credit facility to finance acquisitions, construction of our development properties, renovations and capital improvements to our properties and for working capital. If we are unable to borrow under our credit facility or to refinance existing indebtedness, our financial condition and results of operations would be adversely impacted.

We may be unable to manage effectively our rapid growth and expansion in the retail sector, which may result in disruptions to our business.

We recently completed the acquisition of six shopping malls from The Rouse Company. In addition, we expect to make future acquisitions or investments in real properties, other assets and other companies, including our pending merger with Crown American Realty Trust. The merger involves the integration of two large and complex real estate businesses that currently operate independently. We have retained the services of Generative Leadership Group and PricewaterhouseCoopers, LLP to assist with the integration of the Crown assets and personnel. Following the merger and the related transactions, the gross leasable area of our owned, managed or leased retail properties will be approximately 115% higher than it was prior to the Rouse shopping mall acquisition. We also recently completed the sale of all 19 properties in our multifamily portfolio.

-3-

The integration efforts required in connection with the merger and the Rouse shopping mall acquisition, together with our continuing efforts to transform our strategic focus to ownership of retail properties, are substantial and may cause disruptions in our operations and divert management's attention away from day-to-day operations, which could impair our relationships with our current tenants and employees. In addition, the Rouse shopping mall acquisition and the Crown merger pose specific risks for our ongoing operations, including that:

- o we may not achieve the expected operating efficiencies, value-creation potential, economies of scale or other benefits of those transactions;

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

- o we may not have adequate personnel and financial and other resources to successfully handle our substantially increased operations;
- o we may not be successful in leasing space in properties acquired from Rouse or to be acquired from Crown in the merger;
- o we may not be able to successfully take advantage of or maintain Crown's relationships with tenants, particularly if key personnel of Crown with longstanding relationships with Crown tenants terminate their employment or are terminated in connection with the merger;
- o the combined portfolio may not perform at the level we anticipate;
- o we may experience difficulties and incur unforeseen expenses in connection with assimilating and retaining Crown employees, assimilating Crown's business and assimilating the properties acquired from Rouse and Crown; and
- o we may experience problems and incur unforeseen expenses in connection with upgrading and expanding our systems and processes required as a result of the Rouse shopping mall acquisition and the Crown merger.

If we fail to integrate successfully these properties and/or fail to realize the intended benefits of these transactions, our operating results and financial condition may be materially harmed.

Competition may impede our ability to renew leases or re-let space as leases expire and require us to undertake unbudgeted capital improvements, which could harm our operating results.

We face competition from similar retail centers that are near our retail properties with respect to the renewal of leases and re-letting of space as leases expire. Any new competitive properties that are developed close to our existing properties also may impact our ability to lease space to creditworthy tenants. Increased competition for tenants may require us to make capital improvements to properties that we would not have otherwise planned to make. Any unbudgeted capital improvements could adversely affect our results of operations. Also, to the extent we are unable to renew leases or re-let space as leases expire, it would result in decreased cash flow from tenants and adversely affect our results of operations.

-4-

Rising operating expenses could reduce our cash flow and funds available for future distributions.

Our properties and any properties we acquire in the future are and will be subject to operating risks common to real estate in general, any or all of which may negatively affect us. If any property is not fully occupied or if rents are being paid in an amount that is insufficient to cover operating expenses, then we could be required to expend funds for that property's operating expenses. The properties will be subject to increases in real estate and other tax rates, utility costs, operating expenses, insurance costs, repair and maintenance costs and administrative expenses.

Although some of our properties are leased on terms that require tenants to pay a portion of the expenses associated with the property, renewals

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

of leases or future leases may not be negotiated on that basis, in which event we will have to pay those costs. If we are unable to lease properties on a basis requiring the tenants to pay all or some of the expenses associated with the property, or if tenants fail to pay required tax, utility and other impositions, we could be required to pay those costs, which could adversely affect our operating results.

Any tenant bankruptcies or leasing delays we encounter, particularly with respect to our anchor tenants, could adversely affect our operating results and financial condition.

We receive a substantial portion of our income as rent under long term leases. At any time, any of our tenants may experience a downturn in its business that may weaken its financial condition. Our tenants may delay lease commencement, fail to make rental payments when due, or declare bankruptcy. Any leasing delays, tenant failures to make rental payments when due or tenant bankruptcies could result in the termination of the tenant's lease and, particularly in the case of a key anchor tenant, material losses to us and harm to our results of operations. Some of our tenants occupy stores at multiple locations in our portfolio, and so the impact of any bankruptcy of those tenants may be more significant on us than others. If tenants are unable to comply with the terms of our leases, we may modify lease terms in ways that are unfavorable to us. In addition, under many of our leases, our tenants pay rent based on a percentage of their sales or other operating results. Accordingly, declines in these tenants' performance directly impacts our operating results.

In addition to the loss of rental payments from an anchor tenant, a lease termination by an anchor tenant or a failure by that anchor tenant to occupy the premises could result in lease terminations or reductions in rent by other tenants of the same shopping center whose leases permit cancellation or rent reduction if an anchor tenant's lease is terminated. In that event, we may be unable to re-lease the vacated space. In addition, the leases of some anchor tenants may permit the anchor tenant to transfer its lease to another retailer. The transfer to a new anchor tenant could cause customer traffic in the retail center to decrease, which could reduce the income generated by that retail center. A transfer of a lease to a new anchor tenant also could allow other tenants to make reduced rental payments or to terminate their leases at the retail center, which could adversely affect our results of operations.

-5-

PREIT-RUBIN manages properties owned by third parties, and the loss, interruption or termination of one or more management contracts could harm our operating results.

Risks associated with PREIT-RUBIN's management of properties owned by third parties include:

- o the property owner's termination of the management contract;
- o loss of the management contract in connection with a property sale;
- o non-renewal of the management contract after expiration;
- o renewal of the management contract on terms less favorable than current terms;
- o decline in management fees as a result of general real estate market conditions or local market factors; and

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

- o claims of losses due to allegations of mismanagement.

The occurrence of one or more of these events could adversely affect our results of operations.

We may not be successful in identifying suitable acquisitions that meet our criteria, which may impede our growth.

Integral to our business strategy has been our strategic acquisitions of retail properties. Our ability to expand through acquisitions requires us to identify suitable acquisition candidates or investment opportunities that meet our criteria and are compatible with our growth strategy. We analyze potential acquisitions on a property-by-property and market-by-market basis. We may not be successful in identifying suitable real estate properties or other assets in our existing geographic markets or that otherwise meet our acquisition criteria or in consummating acquisitions or investments on satisfactory terms. Failures in identifying or consummating acquisitions could reduce the number of acquisitions we complete and slow our growth, which could adversely affect our results of operations.

We face increasing competition for the acquisition of real estate properties and other assets, which may impede our ability to make future acquisitions or may increase the cost of these acquisitions.

We compete with many other entities engaged in real estate investment activities for acquisitions of retail shopping centers, including institutional pension funds, other REITs and other owner-operators of retail properties. These competitors may drive up the price we must pay for real estate properties, other assets or other companies we seek to acquire or may succeed in acquiring those properties, assets or companies themselves. In addition, our potential acquisition targets may find our competitors to be more attractive suitors because they may have greater resources, may be willing to pay more, or may have more compatible operating philosophy. In particular, larger REITs may enjoy

-6-

significant competitive advantages that result from, among other things, a lower cost of capital and enhanced operating efficiencies. In addition, the number of entities and the amount of funds competing for suitable investment properties may increase. This would result in increased demand for these assets and therefore increased prices paid for them. If we pay higher prices for properties, our profitability will be reduced, and shareholders may experience a lower return on their investment.

Illiquidity of real estate investments could significantly impede our ability to respond to adverse changes in the performance of our properties and harm our financial condition.

Because real estate investments are relatively illiquid, our ability to promptly sell one or more properties in our portfolio in response to changing economic, financial and investment conditions is limited. The real estate market is affected by many factors, such as general economic conditions, availability of financing, interest rates and other factors, including supply and demand, that are beyond our control. We cannot predict whether we will be able to sell any property for the price or on the terms we set, or whether any price or other terms offered by a prospective purchaser would be acceptable to us. We also cannot predict the length of time needed to find a willing purchaser and to close the sale of a property.

We may be required to expend funds to correct defects or to make

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

improvements before a property can be sold. We cannot assure you that we will have funds available to correct those defects or to make those improvements, and if we cannot do so, we may not be able to sell the property, or may be required to sell the property on unfavorable terms. In acquiring a property, we may agree to provisions that materially restrict us from selling that property for a period of time or impose other restrictions, such as limitations on the amount of debt that can be placed or repaid on that property. These factors and any others that would impede our ability to respond to adverse changes in the performance of our properties could significantly harm our financial condition and operating results.

We have entered into tax protection agreements for the benefit of some limited partners of PREIT Associates, L.P. that may limit our ability to sell some of our properties that we may otherwise want to sell, which could harm our financial condition.

As the general partner of PREIT Associates, L.P. we have agreed to indemnify certain former property owners who have become limited partners of PREIT Associates, L.P. against tax liability that they may incur if we sell these properties within a certain number of years in a taxable transaction. In particular, we have provided tax protection of up to approximately \$5.0 million related to the August 1998 acquisition of the Woods Apartments for a period of eight years ending in August 2006. Because the Woods Apartments were sold in connection with the disposition of the multifamily portfolio and because that transaction was treated as a tax-free exchange in connection with the acquisition of Exton Square Mall, The Gallery at Market East and Moorestown Mall from The Rouse Company, we now are obligated to provide tax protection to the former owner of the Woods Apartments if we sell any of Exton Square Mall, The Gallery at Market East or Moorestown Mall prior to August 2006. In addition, we have agreed to provide substantial tax protection to Mark E. Pasquerilla and entities affiliated with him in connection with our proposed merger with Crown. In some cases, these agreements may make it uneconomical for us to sell these properties, even in circumstances in which it otherwise would be advantageous to do so, which could harm our ability to address liquidity needs in the future or otherwise harm our financial condition.

-7-

Our investments in development properties may not yield anticipated returns, which would harm our operating results and reduce the amount of funds available for distributions.

A component of our growth strategy is exploring our rights in development properties. To the extent we continue current development projects or enter into new development projects, they will be subject to a number of risks, including, among others:

- o inability to obtain required zoning, occupancy and other governmental approvals;
- o expenditure of money and time on projects that may never be completed;
- o higher than estimated construction costs;
- o cost overruns and timing delays due to lack of availability of materials and labor, delays in receipt of zoning and other regulatory approvals, weather conditions and other factors outside our control; and

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

- o inability to obtain permanent financing upon completion of development activities.

Unanticipated delays or expenses associated with our development properties could adversely affect the investment returns from these projects and adversely affect our financial condition and results of operations.

Some of our properties are in need of maintenance and/or renovation, which could harm our operating results.

Some of our retail properties, including two of the six retail properties acquired as part of the Rouse shopping mall acquisition and some of the malls that we expect to acquire in our merger with Crown, were constructed or last renovated more than 10 years ago. Older properties may generate lower rentals or may require significant expense for maintenance and/or renovations, which could harm our results of operations.

Our business and, in particular, our acquisition integration efforts could be harmed if Ronald Rubin, our chairman and chief executive officer, and other members of our senior management team terminate their employment with us.

Our future success depends, to a significant extent, upon the continued services of Ronald Rubin - our chairman and chief executive officer - and of our corporate management team. We are critically dependent upon our corporate management team and other key employees to lead our integration efforts for acquisitions. Although we have entered into employment agreements with Mr. Rubin and certain other members of our corporate management team, they could elect to terminate those agreements at any time. In addition, although we have purchased a key man life insurance policy in the amount of \$5 million to cover Mr. Rubin, we cannot assure you that this would compensate us for the loss of his services. Further, under the terms of his employment agreement with us, Edward A. Glickman, our chief financial officer, is entitled to terminate his employment with us for good reason upon completion of our proposed merger with Crown unless he is offered a three year employment agreement following the merger providing him with the same title and responsibilities and the same or greater compensation and benefits as in effect immediately before the merger. If Mr. Glickman were to so terminate his employment, he would be entitled to, among other things, three times the sum of his current salary plus the average of his annual bonus over the three years before the merger. The loss of services of one or more members of our corporate management team could harm our business and our prospects.

-8-

We hold substantial investments in unconsolidated partnerships and joint ventures, which we may not be able to successfully manage.

Many of our retail properties are owned by partnerships in which we are a general partner or by joint ventures in which we have substantially the same powers as a general partner. Under the terms of the partnership and joint venture agreements, major decisions, such as a sale, lease, refinancing, expansion or rehabilitation of a property, or a change of property manager, require the consent of all partners or co-venturers. Accordingly, necessary actions may be delayed significantly because decisions must be unanimous and it may be difficult or even impossible to remove a partner or co-venturer that is serving as the property manager.

Business disagreements with partners may arise. We may incur substantial expenses in resolving these disputes. To preserve our investment, we may be required to make commitments to or on behalf of a partnership or joint venture during a dispute. Moreover, we cannot assure you that our resolution of

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

a dispute with a partner will be on terms that are favorable to us.

Other risks of investments in partnerships and joint ventures include:

- o partners or co-venturers might become bankrupt or fail to fund their share of required capital contributions;
- o partners or co-venturers might have business interests or goals that are inconsistent with our business interests or goals;
- o partners or co-venturers may be in a position to take action contrary to our policies or objectives; and
- o we may incur liability for the actions of our partners or co-venturers.

We may be unable to obtain long term financing required to finance our partnerships and joint ventures, which could harm our operating results.

The profitability of each partnership or joint venture in which we are a partner or co-venturer that has short-term financing or debt requiring a balloon payment is dependent on the availability of long-term financing on satisfactory terms. If satisfactory long-term financing is not available, we may have to rely on other sources of short-term financing, equity contributions or the proceeds of refinancing other properties to satisfy debt obligations which may not be as favorable to us. Although we do not own the entire interest in connection with many of the properties held by these partnerships and joint ventures, we may be required to pay the full amount of any obligation of the partnership or joint venture that we have guaranteed in whole or in part or we may elect to pay a partnership's or joint venture's obligation to protect our equity interest in its properties and assets, which could cause us to use a substantial portion of our funds from operations, reducing amounts available for distribution.

-9-

The costs of compliance with environmental laws may harm our operating results.

Under various federal, state and local laws, ordinances and regulations, an owner, former owner or operator of real estate may be liable for the costs of removal or remediation of hazardous or toxic substances present at, on, under, in or released from its property. They also may be liable to the government or to third parties for substantial property damage, investigation costs or clean up costs. In addition, some environmental laws create a lien on the contaminated site in favor of the government for damages and costs the government incurs in connection with the contamination. Contamination may affect adversely the owner's ability to sell or lease real estate or borrow with real estate as collateral.

From time to time, we respond to inquiries from environmental authorities with respect to properties both currently and formerly owned by us. We are aware of certain environmental matters at some of our properties, including ground water contamination, and the presence of asbestos containing materials. We have, in the past, performed remediation of such environmental matters, but we may be required in the future to perform testing relating to these matters and further remediation may be required. As of the date of this prospectus, we have reserved \$0.1 million for future remediation of these matters, but we may incur costs associated with such remediation that exceed such amount.

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

In addition, at five of the properties in which we currently have an interest, and at two properties in which we formerly had an interest, environmental conditions have been or continue to be investigated and have not been fully remediated. Groundwater contamination has been found at five of these properties. While the former owners of two of the properties with groundwater contamination presently are remediating such contamination, any failure of such former owners to properly remediate such contamination could result in liability to us for such contamination. Dry cleaning operations were performed at three of the properties. Soil contamination has been identified at two of the properties having dry cleaning operations and groundwater contamination was found at the third property having dry cleaning operations. Although these properties may be eligible under state law for remediation with state funds, we cannot assure you that sufficient funds will be available under state legislation to pay the full costs of any such remediation and we may incur costs in connection with such remediation.

Asbestos-containing materials are present in a number of our properties, primarily in the form of floor tiles and adhesives. Fire-proofing material containing asbestos is present at some of our properties in limited concentrations or in limited areas. We have taken certain actions to remediate or to comply with disclosure requirements, as necessary or appropriate, in connection with the foregoing, but we may be required to take additional actions or to make additional expenditures.

We are aware of environmental concerns at Christiana Power Center Phase II, one of our development properties. The final costs and necessary remediation are not known and may cause us to decide not to develop the property, which would result in us having incurred unnecessary development costs and could have an adverse impact on our operating results. We also are a party to a number of agreements for the purchase of property for development in which initial

-10-

environmental investigations have revealed environmental risk factors that might require remediation by the owner or prior owners of the property. Such environmental risks may cause us to decide not to purchase such properties, which would result in us having incurred unnecessary development expenses and could adversely affect our results of operations.

In addition, the malls that we expect to acquire as part of our merger with Crown have some environmental issues. Many of these malls contain, or at one time contained, underground and/or above ground storage tanks used to store waste oils or other petroleum products primarily related to the operation of auto service center establishments at those malls, three malls were constructed on sites a portion of which previously had been used as landfills and two malls were constructed on former strip mines. In some cases, the underground storage tanks have been abandoned in place, filled in with inert materials or removed and replaced with above ground tanks. Historical records indicate that soil and groundwater contamination from underground tanks and, in one case, a hydraulic lift, requiring remediation has occurred at five of the malls, and subsurface investigations (Phase II assessments) and remediation work either are ongoing or are scheduled to be conducted at three of those malls. In addition, dry cleaning operations formerly were conducted at two of the malls. There also are minor amounts of asbestos-containing materials in most of the Crown malls, primarily in the form of floor tiles, mastics and roofing materials. Fireproofing and insulation containing asbestos also are present in some of the malls in non-public areas, such as mechanical rooms. Two of the Crown malls also contain wastewater treatment facilities that treat wastewater at the malls before discharge into local streams. Operation of these facilities is subject to

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

federal and state regulation.

Our environmental liability coverage for the types of environmental liabilities described above, which currently covers liability for pollution and on-site remediation of up to \$2 million in any single claim and \$4 million in the aggregate, may be inadequate, which could result in our being obligated to fund those liabilities.

In addition to the costs of remediation described above, we may incur additional costs to comply with federal, state and local laws, ordinances and regulations relating to environmental protection and human health and safety generally. We cannot assure you that future laws, ordinances or regulations will not impose any material environmental liability, or that the current environmental condition of our properties will not be affected by the operations of our tenants, by the existing condition of the land, by operations in the vicinity of the properties - such as the presence of underground storage tanks - or by the activities of unrelated third parties. In addition, there are various local, state and federal fire, health, life-safety and similar regulations that may be applicable to our operations, and that may subject us to liability in the form of fines or damages for noncompliance.

If we suffer losses that are not covered by insurance or that are in excess of our insurance coverage limits, we could lose invested capital and anticipated profits.

Catastrophic losses - such as losses due to wars, earthquakes, floods, hurricanes, pollution and environmental matters - generally either are uninsurable or are not economically insurable, or may be subject to insurance coverage limitations, such as large deductibles or co-payments. If one of these events occurred to, or caused the destruction of, one or more of our properties, we could lose both our invested capital and anticipated profits from that property. In addition, if we are unable to obtain insurance in the future at acceptable levels and at a reasonable cost, the possibility of losses in excess of our insurance coverage may increase and we may not be able to comply with covenants under our debt agreements, which could adversely affect our financial condition.

Some of our properties are held by special purpose entities and are not generally available to satisfy creditors' claims in bankruptcy, which could impair our ability to borrow.

Some of our properties are owned or ground-leased by subsidiaries that we created solely to own or ground-lease those properties. The mortgaged properties and related assets are restricted solely for the payment of the related loans and are not available to pay our other debts, which could impair our ability to borrow, which in turn could harm our business.

-11-

RISKS RELATED TO OUR PROPOSED MERGER WITH CROWN AMERICAN REALTY TRUST

The shares that we issue to common shareholders of Crown American Realty Trust in the merger may have a market value that is higher than expected.

Crown common shareholders will receive 0.3589 of our common shares in the merger for each Crown common share they own at the time of the closing of the merger. The market price of our common shares at the time of the merger closing may vary significantly from the price on the date that the merger agreement was signed. These price variations may arise due to, among other things, changes in our business, operations, financial condition and prospects,

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

market assessments of the likelihood that the merger will be completed and the timing of its completion, demand for retail space in the Mid-Atlantic region and other markets, the financial condition of current or prospective tenants, interest rates, general market and economic conditions, factors affecting the retail industry in general and other factors.

The exchange ratio for Crown common shares to be converted into our common shares in the merger was fixed at the time the merger agreement was signed and will not be adjusted based on changes in the trading price of our common shares or Crown common shares before the closing of the merger. The merger agreement does not provide Crown or us the right to terminate the merger agreement based upon fluctuations in the market price of our common shares. Accordingly, increases in the market price of our common shares when compared with the market price at the time the merger agreement was signed could cause the total value of the consideration we are required to pay to Crown common shareholders in the merger to be higher than expected, resulting in us effectively paying a higher than expected amount in the merger.

Our operating performance may be adversely affected following the merger if we choose not to sell specified assets acquired in the Crown merger.

As a result of the Crown merger, we will acquire six properties that have occupancy rates and sales volume substantially lower than that of the remainder of Crown's properties being acquired in the merger. After the merger, we intend to pursue the reposition and potential disposition of these properties. We currently expect to make investments in some of these properties in order to reposition them for potential sale. However, we cannot predict whether we will be able to sell any property for the price or on the terms we set. We also cannot predict the length of time needed to find a willing purchaser and to close the sale of a property. In addition, whether or not we ultimately sell these properties, we may not recover our investment in these properties, which could harm our financial condition and results of operations.

We may incur substantial expenses and payments if the merger does not occur, which could materially harm our financial condition.

We already have incurred substantial expenses in connection with the merger. We cannot assure you that the merger will be consummated. The merger agreement provides for us to pay a termination fee of \$20 million, \$7 million or \$3.5 million if we terminate the merger agreement under specified circumstances. Any of these payment obligations could materially harm our financial condition.

-12-

The \$20 million termination fee represented approximately 1.26% of our approximate \$1.592 billion market capitalization at the time the merger agreement was signed. The \$20 million termination fee could adversely affect our ability to engage in another transaction that did not include the Crown merger if we incurred such payment obligation upon a termination of the merger agreement with Crown.

After the merger, Mark E. Pasquerilla may have the ability to exercise influence over us and may delay, defer or prevent us from taking actions that would be beneficial to our shareholders.

Following the merger, Mark E. Pasquerilla and his affiliates will own approximately 6.31% of our outstanding common shares assuming the redemption of their units of limited partnership interest in PREIT Associates, L.P. ("PREIT Partnership Units") for our common shares. Mr. Pasquerilla also will become a

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

member of our board of trustees. Accordingly, Mr. Pasquerilla may be able to exercise influence over the outcome of certain matters such as decisions relating to the election of the board of trustees and the determination of our day-to-day corporate and management policies, and possibly over the outcome of any proposed merger or consolidation that we consider. Mr. Pasquerilla's ownership interest in us may discourage third parties from seeking to acquire control of us, which may adversely affect the market price of our common shares. As a condition to the merger, Mr. Pasquerilla and certain of his affiliates will enter into a standstill agreement that would limit their rights in connection with, among other things, a proposed change in control of us. However, we cannot assure you that Mr. Pasquerilla and his affiliates will abide by the terms of the standstill agreement, and the standstill agreement will not prevent Mr. Pasquerilla from voting his shares or taking other actions with respect to matters not covered by the standstill agreement.

We could be disqualified as a REIT or have to pay taxes if Crown does not qualify as a REIT at the time of the merger.

If Crown failed to qualify as a REIT at the time of the merger, we may have undistributed "C corporation earnings and profits." If that occurred and Crown did not distribute the earnings and profits prior to the merger transaction, we may not qualify as a REIT. In addition, we might be liable for taxes owed by Crown as a result of its failure to qualify as a REIT for years prior to the merger. Finally, if Crown did not qualify as a REIT at the time of the merger, we would be required to pay corporate income tax on any gain existing at the time of the merger transaction on assets acquired in the transaction if those assets were sold within ten years after the transaction. This would be the case even though the merger is expected to qualify as a "tax-free reorganization."

-13-

RISKS RELATED TO OUR ORGANIZATION AND STRUCTURE

Some of our officers have interests in properties that we manage and therefore may have conflicts of interest that could adversely affect our business.

We provide management, leasing and development services for partnerships and other ventures in which some of our officers, including Ronald Rubin, our chairman and chief executive officer, have either direct or indirect ownership interests. In addition, we lease substantial office space from Bellevue Associates, an entity in which some of our officers have an interest. Our officers who have interests in both sides of these transactions face a conflict of interest in deciding to enter into these agreements and in negotiating their terms, which could result in our obtaining terms that are less favorable than we might otherwise obtain, which could adversely affect our business.

Limited partners of PREIT Associates, L.P. may vote on certain fundamental changes we propose, which could inhibit a change in control that might result in a premium to our shareholders.

Our assets generally are held through PREIT Associates, L.P., a Delaware limited partnership of which we are the sole general partner. We currently hold a majority of the outstanding PREIT Partnership Units. However, PREIT Associates may from time to time issue additional PREIT Partnership Units to third parties in exchange for contributions of property to PREIT Associates. These issuances will dilute our percentage ownership of PREIT Associates. PREIT Partnership Units generally do not carry a right to vote on any matter voted on by our shareholders, although limited partner interests may, under certain

circumstances, be redeemed for our shares. However, before the date on which at least half of PREIT Partnership Units issued on September 30, 1997 in connection with our acquisition of The Rubin Organization have been redeemed, the holders of PREIT Partnership Units issued on September 30, 1997 are entitled to vote such units and additional units received or to be received pursuant to the transactions that were the subject of the September 30, 1997 issuance, along with our shareholders as a single class, on any proposal to merge, consolidate or sell substantially all of our assets. Our partnership interest in PREIT Associates is not included for purposes of determining when half of the partnership interests issued on September 30, 1997 have been redeemed, nor are they counted as votes. These existing rights could inhibit a change in control that might otherwise result in a premium to our shareholders. In addition, we cannot assure you that we will not agree to extend comparable rights to other limited partners in PREIT Associates.

Our organizational documents contain provisions that may discourage a takeover of us and depress our share price.

Our organizational documents contain provisions that may have an anti-takeover effect and inhibit a change in our management. These provisions include:

- (1) There are ownership limits and restrictions on transferability in our trust agreement. In order to protect our status as a REIT, no more than 50% of the value of our outstanding shares (after taking into account options to acquire shares) may be owned, directly or

-14-

constructively, by five or fewer individuals and the shares must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year. To assist us in satisfying these tests, subject to some exceptions, our trust agreement prohibits any shareholder from owning more than 9.9% of our outstanding shares of beneficial interest (exclusive of preferred shares) or more than 9.9% of any class or series of preferred shares. The trust agreement also prohibits transfers of shares that would cause a shareholder to exceed the 9.9% limit or cause us to be beneficially owned by fewer than 100 persons. Our board of trustees may exempt a person from the 9.9% ownership limit if they receive a ruling from the Internal Revenue Service or an opinion of counsel or tax accountants that exceeding the 9.9% ownership limit as to that person would not jeopardize our tax status as a REIT. Absent an exemption, this restriction may:

- o discourage a tender offer or other transactions or a change in management or control that might involve a premium price for our shares or otherwise be in the best interests of our shareholders; or
 - o compel a shareholder who had acquired more than 9.9% of our shares to transfer the additional shares to a trust and, as a result, to forfeit the benefits of owning the additional shares.
- (2) Our trust agreement permits our board of trustees to issue preferred shares with terms that may discourage a third party from acquiring our company. Our trust agreement permits our board of trustees to create and issue multiple classes and series of

preferred shares and classes and series of preferred shares having preferences to the existing shares on any matter, including rights in liquidation or to dividends and option rights and other securities having conversion or option rights and may authorize the creation and issuance by our subsidiaries and affiliates of securities having conversion and option rights in respect of our shares. Our trust agreement further provides that the terms of such rights or other securities may provide for disparate treatment of certain holders or groups of holders of such rights or other securities. The issuance of such rights or other securities could have the effect of delaying or preventing a change in control over us, even if a change in control were in the shareholders' interest.

- (3) Our staggered board of trustees may affect the ability of a shareholder to take control of our company. Our board of trustees has three classes of trustees. The term of office of one class expires each year. Trustees for each class are elected for three year terms upon the expiration of the term of the respective class. The staggered terms for trustees may affect the ability of a shareholder to take control of us, even if a change in control were in the best interests of our shareholders.

In addition, we have adopted a shareholder rights plan that may discourage a tender offer or other transaction that might involve a premium price for our shares or otherwise be in the best interests of our shareholders.

-15-

RISKS RELATED TO THE REAL ESTATE INDUSTRY

Negative perceptions of the retail sector generally may result in a decline in our share price.

A substantial portion of our portfolio consists of retail shopping centers and we expect to continue to focus on acquiring retail shopping centers in the future. To the extent that the investing public has a negative perception of the retail sector, the value of our shares could be negatively impacted, which could result in our shares trading at a discount below the inherent value of our assets as a whole.

Costs associated with complying with the Americans with Disabilities Act may adversely affect our financial condition and results of operations.

Our properties are subject to the Americans with Disabilities Act of 1990. Under the Americans with Disabilities Act, all places of public accommodation are required to comply with rules related to access and use by disabled persons. The Americans with Disabilities Act's requirements could require costly modifications to our properties and could result in imposition of injunctive relief, monetary penalties or, in some cases, an award of damages. Future legislation also may impose additional requirements that we cannot predict.

Legislative actions, higher insurance costs and potential new accounting pronouncements could increase our operating expenses and impact our financial condition and results of operations.

In order to comply with the Sarbanes-Oxley Act of 2002 as well as

proposed changes to listing standards by the New York Stock Exchange, we have been and continue to be enhancing our internal controls, hiring additional personnel and utilizing additional outside legal, accounting and advisory services. These activities increase our operating expenses. In addition, insurers likely will increase premiums as a result of higher claims rates incurred over the past year, so our premiums for our insurance policies, including our directors' and officers' insurance policies, may increase.

We cannot predict the impact that proposed accounting pronouncements, such as the proposed accounting treatment that would require merger costs to be expensed in the period in which they are incurred, will have on our financial condition or results of operations.

Possible terrorist activity or other acts of violence or war could adversely affect our financial condition and results of operations.

Future terrorist attacks in the United States, such as the attacks that occurred in New York and Washington, D.C. on September 11, 2001, and other acts of terrorism or war, may result in declining economic activity, which could harm the demand for and the value of our properties and may adversely affect the value of an investment in our securities. A decrease in retail demand could make it difficult for us to renew or re-lease our properties at lease rates equal to or above historical rates. Terrorist activities also could directly impact the value of our properties through damage, destruction or loss, and the availability of insurance for such acts may be lower, or cost more, which could

-16-

adversely affect our financial condition and results of operations. To the extent that our tenants are impacted by future attacks, their businesses similarly could be adversely affected, including their ability to continue to meet obligations under their existing leases. These acts may erode business and consumer confidence and spending, and may result in increased volatility in national and international financial markets and economies. Any one of these events may decrease demand for real estate, decrease or delay the occupancy of our new or renovated properties, increase our operating expenses due to increased physical security for our properties and limit our access to capital or increase our cost of raising capital.

TAX RISKS

If we fail to qualify as a REIT our shareholders could be adversely affected.

We believe that we have qualified as a REIT since our inception and intend to continue to qualify as a REIT. However, we cannot assure shareholders that we have been qualified or will remain qualified. To qualify as a REIT, we must comply with certain highly technical and complex requirements under the Internal Revenue Code. We cannot be certain we have complied with such requirements because there are very limited judicial and administrative interpretations of these provisions. Even a technical or inadvertent mistake could jeopardize our REIT status. In addition, facts and circumstances that may be beyond our control may affect our ability to qualify as a REIT. We cannot assure you that new legislation, regulations, administrative interpretations or court decisions will not change the tax laws significantly with respect to our qualification as a REIT or with respect to the federal income tax consequences of qualification.

If we fail to qualify as a REIT, we will be subject to federal income

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

tax on our taxable income at regular corporate rates. Also, unless the Internal Revenue Service granted us relief under statutory provisions, we would remain disqualified from treatment as a REIT for the four taxable years following the year during which we first failed to qualify. The additional tax incurred at regular corporate rates would reduce significantly the cash flow available for distribution to shareholders and for debt service. In addition, we would no longer be required to make any distributions to shareholders.

We may be unable to comply with the strict income distribution requirements applicable to REITs or compliance with such requirements could adversely affect our financial condition.

To obtain the favorable treatment associated with qualifying as a REIT, we are required each year to distribute to our shareholders at least 90% of our net taxable income. In addition, we are subject to a tax on the undistributed portion of our income at regular corporate rates and may also be subject to a 4% excise tax on this undistributed income. We could be required to seek to borrow funds on a short-term basis to meet the distribution requirements that are necessary to achieve the tax benefits associated with qualifying as a REIT, even if conditions are not favorable for borrowing, which could adversely affect our financial condition.

-17-

Recent change in taxation of corporate dividends may adversely affect the value of our shares.

President Bush signed the Jobs and Growth Tax Relief Reconciliation Act of 2003 into law on May 28, 2003 (the "Jobs and Growth Tax Act"). The Jobs and Growth Tax Act, among other things, generally reduces to 15% the maximum marginal rate of federal tax payable by individuals on dividends received from a regular C corporation. This reduced tax rate, however, will not apply to dividends paid to individuals by a REIT on its shares except for certain limited amounts. The earnings of a REIT that are distributed to its shareholders generally will remain subject to less federal income taxation than earnings of a non-REIT C corporation that are distributed to its shareholders net of corporate-level income tax. The Jobs and Growth Tax Act, however, could cause individual investors to view shares of regular C corporations as more attractive relative to shares of REITs than was the case prior to the enactment of the legislation because the dividends from regular C corporations generally will be taxed at a lower rate, while dividends from REITs generally will be taxed at the federal income tax rate applicable to ordinary income, up to a maximum marginal rate of 35%. We cannot predict what effect, if any, the enactment of this legislation may have on the value of the stock of REITs in general or on the value of our shares in particular, either in terms of price or relative to other investments.

USE OF PROCEEDS

We will use the proceeds, if any, from the issuance of shares under the 2003 Equity Incentive Plan for general purposes and as working capital.

-18-

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

DESCRIPTION OF THE PLAN

The following summary of the material provisions of the Pennsylvania Real Estate Investment Trust 2003 Equity Incentive Plan, as amended through Amendment No. 1 (the "2003 Plan"), is qualified in its entirety by reference to the 2003 Plan and any applicable agreements entered into under the 2003 Plan.

Purpose of the 2003 Plan

The 2003 Plan provides a means for us to:

- o award equity-based benefits to our officers and other key employees, the officers and key employees of our subsidiaries, and our non-employee trustees; and
- o issue options to former trustees, officers and employees of Crown American Realty Trust and its subsidiaries as replacement awards for awards issued under Crown equity plans (provided the merger with Crown is consummated), whether or not such individuals become our trustees, officers or employees or trustees, officers or employees of our subsidiaries.

We adopted the 2003 Plan to attract and retain key individuals with the training, experience and expertise we desire, and to furnish additional incentive to these key individuals to promote our financial success by providing them with an equity ownership interest in us and/or an equity-based incentive to further our interests. We also adopted the 2003 Plan to fulfill our obligations under our merger agreement with Crown to issue replacement awards to former trustees of Crown and to certain former employees of its subsidiaries.

Eligibility

We may grant awards under the 2003 Plan to our non-employee trustees, officers and key employees, to officers and key employees of our subsidiaries and - if the merger with Crown is consummated - to former non-employee trustees, officers and employees of Crown and its subsidiaries.

Shares Subject to the 2003 Plan

Aggregate Available. Subject to any future adjustment for share splits and similar events, the total number of shares that we can issue under the 2003 Plan is 2,500,000 if the merger with Crown occurs and 1,500,000 if the merger does not occur. In either case, the shares available under the 2003 Plan include the shares that remained available under the Pennsylvania Real Estate Investment Trust 1999 Equity Incentive Plan when it was amended - subject to approval of the 2003 Plan by our shareholders - to suspend the issuance of awards.

-19-

Additional Rules. Shares delivered under the 2003 Plan may be authorized but unissued shares or reacquired shares. We may purchase shares to be delivered under the 2003 Plan if we determine that it is advisable to do so. You may not receive options and/or share appreciation rights for more than 250,000 shares during any calendar year under the 2003 Plan. In addition, the aggregate fair market value, determined at the time the option is granted, of shares with respect to which options that qualify as incentive stock options ("ISOs") under the Code are exercisable for the first time by you during any calendar year, under the 2003 Plan and under any other ISO plan of ours or of our subsidiaries, may not exceed \$100,000. If any award that requires you to

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

exercise the award for shares to be delivered terminates without having been exercised in full, or if any award payable in cash or shares is paid in cash rather than in shares, the unexercised portion of the award or the portion that was paid in cash will continue to be available for future awards.

Adjustments in Shares; Corporate Transactions

If a share dividend, share split, reverse split or similar change in our capitalization occurs, our Executive Compensation and Human Resources Committee (the "Committee") will make appropriate adjustments to the maximum number of shares that may be delivered under the 2003 Plan, the maximum number of shares with respect to which options or share appreciation rights may be granted to you in any calendar year, the exercise price of outstanding awards and the number of shares issuable after an award is exercised or vests.

If a corporate transaction occurs (such as a merger, consolidation or acquisition of property or shares), each outstanding award will be assumed by the surviving or successor entity. In the event of a proposed corporate transaction, however, the Committee may terminate all or a portion of any outstanding award, effective upon the closing of the corporate transaction, if the Committee determines that doing so is in our best interests. If so, the Committee will give you, if you hold an option or a share appreciation right, not less than seven days' notice before the termination, and you may exercise any option or share appreciation right that is to be so terminated, to the extent it is then exercisable, before the termination. Further, in the event of a corporate transaction, the Committee, in its discretion, may:

- o accelerate the date on which options and share appreciation rights become exercisable;
- o remove restrictions from outstanding restricted shares;
- o cause the delivery of any performance shares, even if the associated performance goals have not been met;
- o cause the delivery of any contract shares even if the date such shares are to be delivered has not been reached; and/or
- o cause the payment of any dividend equivalent rights.

-20-

Finally, the Committee may, in lieu of the action described above, arrange to have the surviving or acquiring entity grant you a replacement award that, in the judgment of the Committee, is substantially equivalent to the replaced award.

Securities that may be Offered

Share Options. The 2003 Plan permits the Committee to grant ISOs and options that do not qualify as ISOs ("NQSOs"). Only our key employees or those of our subsidiaries may receive ISOs. The Committee also determines the exercise price of each option. The exercise price of an ISO, however, may not be less than 100% of the fair market value of the underlying shares on the date of grant (110% in the case of an ISO granted to a greater-than-10% shareholder, if any). The exercise price of any option may not be less than the par value of the underlying shares. The Committee may not reduce the exercise price of an option after it is granted.

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

The Committee will fix the term of each option, but no term may exceed 10 years from the date of grant (five years in the case of an ISO granted to a greater-than-10% shareholder, if any). The Committee will determine at what time or times each option may be exercised. The exercisability of options may be subject to any restrictions the Committee may determine, including your having to meet one or more performance goals based on the performance criteria set forth in "Performance Shares" below. Options may be made exercisable in installments, and the exercisability of options may be accelerated by the Committee.

The exercise price of an option granted under the 2003 Plan must be paid in full in cash or by check, bank draft or money order or, if the terms of the option permit, by delivery of shares you have held for a period of time required for them to be "mature" shares for accounting purposes, by delivery of an irrevocable undertaking by a broker to deliver promptly to us sufficient funds to pay the exercise price, or by any combination of the foregoing.

Share Appreciation Rights. The Committee may grant share appreciation rights, either alone or in tandem with options, entitling you upon exercise to receive an amount in cash and/or shares, as determined by the Committee, measured by the increase since the date of grant in the value of the shares covered by the right. Share appreciation rights granted in tandem with options will be exercisable only at the time or times, and to the extent, that the related option is exercisable and will terminate after the exercise of the related option. The Committee may accelerate the date or dates on which share appreciation rights not granted in tandem with share options may be exercised. Share appreciation rights may be subject to any restrictions the Committee may determine (including your having to meet one or more goals based on the performance criteria set forth in "Performance Shares" below).

Restricted Shares. The Committee may grant shares to you without payment, but subject to any restrictions the Committee may determine (including your having to meet one or more goals based on the performance criteria set forth in "Performance Shares" below). The Committee may accelerate the date(s) on which the restrictions will lapse. Before the lapse of restrictions on restricted shares, you will have voting and dividend rights on the shares, unless the Committee determines otherwise. If you make an election under Section 83(b) of the Code with respect to restricted shares, regarding the immediate recognition of income, you must provide us with a copy of the election within 10 days of filing your election with the Internal Revenue Service.

-21-

Performance Shares. The Committee may grant awards entitling you to receive shares without payment if certain performance criteria are met. Receipt of the shares may be conditioned on your achievement of goals using one or more of the following criteria: funds from operations, return on assets, return on net assets, asset turnover, return on equity, return on capital, market price appreciation of shares, economic value added, total shareholder return, net income, pre-tax income, earnings per share, operating profit margin, net income margin, sales margin, cash flow, market share, inventory turnover, sales growth, capacity utilization, increase in customer base, environmental health and safety, diversity or quality. The business criteria may be expressed in absolute terms or relative to the performance of other individuals or companies or to that of an index. The Committee may waive or modify any conditions in a performance share award at any time.

Contract Shares. The Committee may grant awards entitling you to receive shares without payment if you continue providing services to us or to

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

one of our subsidiaries through the date or dates specified in your award agreement.

Bonus Shares. The Committee may grant awards entitling you to receive shares without payment as a bonus to you for services provided to us or to one of our subsidiaries.

Dividend Equivalent Rights. The Committee may grant awards entitling you to receive a benefit in lieu of cash dividends that would have been payable on any or all shares subject to another award granted to you, or that would have been payable on a number of notional shares unrelated to any award, in either case had the shares been outstanding.

Listing and Registration of Shares

If at any time we determine, in our discretion, that the listing, registration or qualification of shares issuable under the 2003 Plan on any securities exchange or under the laws of any jurisdiction or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the operation of the 2003 Plan, or that we or our shareholders or key employees should seek to obtain an exemption from any above-listed requirements or to continue any listing, registration or qualification, then the purchase or grant of shares under the 2003 Plan will be postponed unless and until the listing, registration, qualification, consent, approval or action has been effected, obtained or taken under conditions we deem acceptable. In addition, if you acquire shares under the 2003 Plan, you may be required to assure us satisfactorily that you are acquiring the shares for investment and not with a view to distribution.

-22-

Restrictions on Resale and Related Matters

The following is a brief summary of some of the restrictions on the resale of shares acquired under the 2003 Plan. The application of federal securities laws in particular situations may be complex, and you should seek professional advice before reselling your shares.

Securities Act of 1933 and Rule 144. Shares acquired under the 2003 Plan will be registered under the Securities Act of 1933, as amended (the "Securities Act"). Accordingly, the shares are not "restricted securities" within the meaning of Rule 144 under the Securities Act and, except for resales by our "affiliates," may be resold without reference to the requirements of Rule 144. Our "affiliates," under applicable SEC regulations and interpretations, are persons who, alone or with others, directly or indirectly, control us. Despite the registration of shares under the 2003 Plan, our "affiliates" may only sell shares in an exempt non-public sale or in compliance with the volume and manner of sale requirements of Rule 144.

Short-Swing Profit Restrictions. Section 16(b) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the rules thereunder, generally require directors, "officers" (as defined in the rules) and direct or indirect beneficial owners of more than 10% of our shares to repay us any "profits," as determined under the rules, that they may realize, directly or indirectly, from any purchase and sale, or sale and purchase, of our equity securities in any period of less than six months. The grant of an option in accordance with the 2003 Plan is an exempt purchase for short-swing profit liability purposes. Further, the exercise of an option under the 2003 Plan is

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

not considered a purchase for short-swing profit liability purposes. The sale of shares received after exercising an option, except for the sale of previously held shares to pay the exercise price of an option, will be a non-exempt sale for purposes of short-swing profit liability, and so will be matched with other non-exempt purchases within six months before or after the sale.

The grant of a share appreciation right under the 2003 Plan generally is not considered a purchase for short-swing profit liability purposes. Further, the exercise of a share appreciation right under the 2003 Plan is not considered a purchase or sale for short-swing profit liability purposes.

The grant of a restricted share in accordance with the terms of the 2003 Plan is also exempt for short-swing profit liability purposes. The lapse of restrictions when a restricted share vests under the 2003 Plan also is exempt for short-swing profit liability purposes. Accordingly, the grant and vesting of a restricted share under the 2003 Plan will not be matched with any other share-related transaction, and will not result in short-swing profit liability. The sale of shares received under a restricted share award under the 2003 Plan, however, will constitute a non-exempt sale for purposes of short-swing profit liability, and so will be matched with non-exempt purchases within six months before or after the sale.

The grant of performance shares under the 2003 Plan similarly is exempt from short-swing profit liability, as is the vesting of performance shares. The sale of the shares received pursuant to the performance share award, however, is not exempt from short-swing profit liability and will be matched with non-exempt purchases made within six months before or after the sale.

-23-

The grant of contract shares under the 2003 Plan similarly is exempt from short-swing profit liability, as is the delivery of contract shares. The sale of the shares received pursuant to the contract share award, however, is not exempt from short-swing profit liability and will be matched with non-exempt purchases made within six months before or after the sale.

The grant of bonus shares under the 2003 Plan similarly is exempt from short-swing profit liability. The sale of the shares received pursuant to the bonus share award, however, is not exempt from short-swing profit liability and will be matched with non-exempt purchases made within six months before or after the sale.

Other. The resale of shares issued under the 2003 Plan, whether after the exercise of options received or through other awards under the 2003 Plan, is subject to other applicable provisions of the securities laws, including prohibitions against trading on inside information, as well as to the applicable terms of the 2003 Plan and of any share option or other agreements we enter into with you. Further, we refer you to "--Federal Income Tax Consequences" below for information concerning the federal income tax consequences of awards you have received under the 2003 Plan.

Administration

The 2003 Plan is administered by our Executive Compensation and Human Resources Committee, which consists of at least two trustees who are appointed by, and serve at the pleasure of, our Board of Trustees. The Committee has full authority, subject to the terms of the 2003 Plan and the merger agreement with Crown, to select the individuals to be granted awards under the 2003 Plan, to

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

grant awards on our behalf, to set the terms of the awards and generally to administer the 2003 Plan. You may obtain additional information about the 2003 Plan and/or the Committee by contacting Pennsylvania Real Estate Investment Trust, The Bellevue, 200 South Broad Street, Third Floor, Philadelphia, PA 19102, Attention: Executive Compensation and Human Resources Committee; telephone 215-875-0700.

Amendment and Duration of 2003 Plan

The Committee may at any time discontinue granting awards under the 2003 Plan and the Committee may amend any outstanding award, other than lowering the exercise price of options. The Board may at any time terminate or amend the 2003 Plan, except that the following amendments may not be made without our shareholders' approval:

- o an increase in the maximum number of shares with respect to which ISOs may be granted under the 2003 Plan;
- o a change in the class of employees eligible to receive ISOs under the 2003 Plan;
- o an extension of the 2003 Plan's duration with respect to ISOs;

-24-

- o any amendment to the 2003 Plan requiring shareholder approval under the \$1 million deduction limit on compensation in Section 162(m) of the Code; and
- o any amendment of the 2003 Plan requiring shareholder approval under the rules of the New York Stock Exchange, or as required under any other applicable law, rule or regulation.

Further, no amendment or termination of the 2003 Plan may adversely affect your rights, without your consent, under any award previously granted. ISOs may not be granted under the 2003 Plan after July 23, 2013.

Transferability

No ISO granted under the 2003 Plan may be transferred other than by will or by the laws of descent and distribution. No other award may be transferred except to the extent provided in your award agreement. During your lifetime, an award requiring exercise may be exercised only by you, or in the event of your incapacity, the person(s) legally appointed to act on your behalf.

Treatment of Awards after Termination of Service

If your employment or service terminates by reason of death or disability, all options and share appreciation rights then held by you that were not exercisable immediately before the termination of service will terminate on that date, except as otherwise stated in your award agreement or your employment agreement. Any options or share appreciation rights that were exercisable or that became exercisable upon such an event will remain exercisable for one year from the date of termination, or for a shorter or longer period as stated in your award agreement or employment agreement. In the event of any other termination of employment or service, all options and share appreciation rights held by you that are not then exercisable will terminate, except as otherwise stated in your award agreement or employment agreement. Any options or share appreciation rights that were exercisable generally will continue to be

exercisable for three months, or for a shorter or longer period as stated in your award agreement or employment agreement. Notwithstanding the post-termination exercise periods described above, no option or share appreciation right may be exercised beyond its original term.

If your employment or service is terminated for any reason, including death or disability, before the lapse of the restrictions on your restricted shares, you must forfeit the shares to us; except that your award agreement or employment agreement may provide that the restrictions lapse after a particular kind of termination of service. Except as otherwise stated in your award agreement or employment agreement, rights under performance share awards, contract share awards, bonus share awards and dividend equivalent rights to which you have not become irrevocably entitled will terminate upon your death, retirement or other termination of employment or service with us.

-25-

Federal Income Tax Consequences

We believe that, with respect to options and other awards granted under the 2003 Plan, the normal operation of the 2003 Plan generally should have, under the Code and the regulations and rulings thereunder, all as in effect on October 1, 2003, the principal federal income tax consequences described below. The consequences described below do not take into account any changes to the Code or the regulations thereunder that may occur after October 1, 2003.

ISOs. To the extent options granted to you under the 2003 Plan qualify the ISOs under Section 422 of the Code, our principal federal income tax consequences and yours generally should be as follows:

(1) You will not recognize taxable income on the grant of the ISO. Moreover, you generally will not recognize taxable income on your exercise of the ISO, provided you were our employee or that of any of our subsidiary corporations, as defined in Section 424(f) of the Code, during the entire period from the date of grant of the ISO until three months before the date of exercise, increased to 12 months if employment ceased due to permanent and total disability. An amount, generally equal to the excess of the fair market value of the shares over the exercise price at the time of exercise, however, will be included in your alternative minimum taxable income in the year of exercise. The employment requirement is waived if you die. Of course, in all of these situations, the ISO itself may provide a shorter exercise period after employment ceases than the allowable period under the Code. If the employment requirements described above are not met, the tax consequences relating to NQSOs, discussed below, will apply.

(2) If you dispose of the shares acquired under the ISO at least two years after we grant you the ISO and at least one year following the date the shares are transferred to you following your exercise of the ISO, you will recognize a long-term capital gain or loss equal to the difference between the amount realized on the disposition and the exercise price, assuming you held the shares as capital assets.

(3) If you make a disqualifying disposition of the shares, that is, you dispose of the shares within two years after we grant you the ISO or within one year after the shares are transferred to you following exercise of the ISO, but all other requirements of Section 422 of the Code are met, you generally will recognize ordinary income

on disposition of the shares in an amount equal to the lesser of (i) the fair market value of the shares on the date of exercise minus the exercise price, or (ii) the amount realized on disposition minus the exercise price. Disqualifying dispositions of shares may also, depending on the sales price, result in either long-term or short-term capital gain or loss under the Code rules that govern other stock dispositions, assuming that you held the shares as capital assets.

(4) If all requirements of Section 422 of the Code, including the holding and employment requirements described in (1) and (2) above, are met, we are not entitled to any federal income tax deduction with respect to the ISO. If any of the requirements are not met, we will be allowed a federal income tax deduction to the extent of the ordinary income includable in your gross income in accordance with the provisions of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

-26-

NQSOs. If options, when granted to you under the 2003 Plan, are NQSOs or if options, when granted to you, are intended to be ISOs but fail to qualify as ISOs, our principal federal income tax consequences and yours generally should be as follows:

(1) You will not recognize taxable income on the grant of the NQSO.

(2) You will recognize ordinary income at the time you exercise the NQSO, in an amount equal to the excess of the shares' fair market value at the time of the exercise over the exercise price.

(3) We will not be entitled to a deduction on the grant of the NQSO. We will be entitled to a deduction to the extent of the ordinary income you recognized in accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

(4) Gain or loss that you recognize after a subsequent disposition of shares will be short-term or long-term capital gain or loss, if the shares are otherwise capital assets in your hands.

(5) Section 162(m) of the Code generally limits the extent to which the compensation paid to our chief executive officer, or the person acting in that capacity, and the four highest compensated executives other than the chief executive officer (collectively, the "Covered Employees") is deductible by us when the annual compensation for any Covered Employee exceeds \$1,000,000 in a taxable year. Compensation for purposes of Section 162(m) includes cash compensation and non-cash benefits paid for services, including, with respect to NQSOs, the difference between the exercise price and the market value of the shares at the time of exercise, subject to some exclusions. However, if the 2003 Plan is approved by our shareholders, the spread on the exercise of NQSOs will not be treated as compensation for purposes of Section 162(m). Thus, we will be entitled to deduct any compensation recognized on the exercise of the NQSOs granted under the 2003 Plan.

Share Appreciation Rights. To the extent that we grant you share appreciation rights under the 2003 Plan and you exercise them, our principal

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

federal income tax consequences and yours generally should be as follows:

(1) When we grant the share appreciation right, you recognize no taxable income, and we are not entitled to a deduction.

(2) When you exercise the share appreciation right, you recognize ordinary income as of the date of exercise in an amount equal to the excess of the fair market value of the shares on the date of exercise over the value on their date of grant.

-27-

(3) We are entitled to a deduction, in the same year in which you recognize income, to the extent of the amount includable in your gross income and in accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

(4) Our otherwise allowable deduction for compensation paid or accrued to any Covered Employee generally is limited under Section 162(m) of the Code to \$1,000,000 per taxable year. However, if the 2003 Plan is approved by our shareholders, the spread upon exercise of share appreciation rights will not be treated as compensation for purposes of Section 162(m). Thus, we will be entitled to deduct any compensation recognized on your exercise of share appreciation rights granted under the 2003 Plan.

Restricted Shares. Our principal federal income tax consequences and yours if you are granted restricted shares under the 2003 Plan generally should be as follows:

(1) When we grant you restricted shares, you will not recognize taxable income, and we will not be entitled to a deduction, unless you timely elect under Section 83(b) of the Code to be taxed at the time of the grant.

(2) When we pay dividends attributable to restricted shares, you will recognize ordinary income.

(3) After the lapse of all restrictions on shares issued through a restricted share award, you will recognize ordinary income in an amount equal to the fair market value of the shares on the date of vesting, unless you elected previously and timely under Section 83(b) of the Code to be taxed at the time of grant.

(4) The basis of the shares you receive after the vesting of restricted shares is the amount you recognized as income attributable to the shares, as described in (3) above. Your holding period for the shares begins on the day after the date of vesting. When you dispose of the shares, you will recognize a long-term or short-term capital gain or loss, under Code rules that govern stock dispositions, assuming that you held the shares as capital assets.

(5) Generally, we will be entitled to a deduction, in the same year in which you recognize income, equal to the amount of ordinary income includable in your gross income in accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

(6) The otherwise allowable deduction for compensation paid or accrued to any Covered Employee generally is limited under Section 162(m) of the Code to \$1,000,000 per taxable year. Restricted share grants, and the dividends received on them, should be treated as compensation for purposes of this \$1,000,000 limit (unless the Covered Employee's vesting in them is subject to performance criteria).

-28-

(7) We recognize no gain or loss when we issue restricted shares under the 2003 Plan.

Performance Shares. Our principal federal income tax consequences and yours if you are granted performance shares under the 2003 Plan generally should be as follows:

(1) When we grant you performance shares, you will recognize ordinary income in an amount equal to the fair market value of the shares on the date of grant.

(2) The basis of the shares you receive through the performance share award is the amount you recognize as income attributable to the shares, as described in (1) above. Your holding period for the shares begins on the day after the date of the grant. When you dispose of the shares, you will recognize a long-term or short-term capital gain or loss, under Code rules that govern stock dispositions, assuming that you held the shares as capital assets.

(3) Generally, we will be entitled to a deduction, in the same year in which you recognize income, equal to the amount of ordinary income includable in your gross income in accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

(4) The otherwise allowable deduction for compensation paid or accrued to any Covered Employee generally is limited under Section 162(m) of the Code to \$1,000,000 per year. However, if the 2003 Plan is approved by our shareholders, the performance shares will not be treated as compensation for purposes of Section 162(m). Thus, we will be entitled to deduct any compensation recognized through the Covered Employee's receipt of the performance shares.

(5) We recognize no gain or loss when we issue performance shares under the 2003 Plan.

Contract Shares. Our principal federal income tax consequences and yours if you are granted contract shares under the 2003 Plan generally should be as follows:

(1) You will not recognize taxable income on the grant of the contract shares.

(2) When we deliver the contract shares to you, you will recognize ordinary income in an amount equal to the fair market value of the shares on the date of delivery.

(3) The basis of the shares you receive through the contract share award is the amount you recognize as income attributable to the shares, as described in (2) above. Your holding period for the shares

begins on the day after the date of the delivery. When you dispose of the shares, you will recognize a long-term or short-term capital gain or loss, under Code rules that govern stock dispositions, assuming that you held the shares as capital assets.

-29-

(4) Generally, we will be entitled to a deduction, in the same year in which you recognize income, equal to the amount of ordinary income includable in your gross income in accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

(5) The otherwise allowable deduction for compensation paid or accrued to any Covered Employee generally is limited under Section 162(m) of the Code to \$1,000,000 per taxable year. Contract share awards should be treated as compensation for purposes of this \$1,000,000 limit.

(6) We recognize no gain or loss when we issue contract shares under the 2003 Plan.

Bonus Shares. Our principal federal income tax consequences and yours if you are granted bonus shares under the 2003 Plan generally should be as follows:

(1) When we grant you the bonus shares, you will recognize ordinary income in an amount equal to the fair market value of the shares on the date of grant.

(2) The basis of the shares you receive through the bonus share award is the amount you recognize as income attributable to the shares, as described in (1) above. Your holding period for the shares begins on the day after the date of the grant. When you dispose of the shares, you will recognize a long-term or short-term capital gain or loss, under Code rules that govern stock dispositions, assuming that you held the shares as capital assets.

(3) Generally, we will be entitled to a deduction, in the same year in which you recognize income, equal to the amount of ordinary income includable in your gross income in accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

(4) The otherwise allowable deduction for compensation paid or accrued to any Covered Employee generally is limited under Section 162(m) of the Code to \$1,000,000 per year. However, if the 2003 Plan is approved by our shareholders, the bonus shares will not be treated as remuneration for purposes of Section 162(m) if they are payable only upon the Covered Employee's meeting certain performance criteria. In that case, we will be entitled to deduct any compensation recognized through the Covered Employee's receipt of the bonus shares.

(5) We recognize no gain or loss when we issue bonus shares under the 2003 Plan.

-30-

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

Dividend Equivalent Rights. If we grant you dividend equivalent rights under the 2003 Plan, our principal federal income tax consequences and yours generally should be as follows:

(1) You will recognize ordinary income not later than the date that the dividend equivalent rights are paid to you.

(2) We are entitled to a deduction, in the same year in which you recognize income, equal to the amount includable in your gross income in accordance with the rules of Section 83 of the Code, and Section 162(m) of the Code to the extent applicable, and the regulations under those Sections.

(3) Our otherwise allowable deduction for compensation paid or accrued generally is limited under Section 162(m) of the Code to \$1,000,000 per Covered Employee per year. Amounts attributable to dividend equivalent rights should be treated as compensation for purposes of the \$1,000,000 limit.

Withholding Requirements

Our obligation to deliver shares after the exercise of any option, share appreciation right or other award under the 2003 Plan is subject to any applicable federal, state and local income tax withholding requirements. In addition, we are required to withhold FICA (Social Security) taxes on your income if you are an employee. In the case of an award under which shares may be delivered, the Committee may require that you remit to us an amount sufficient to satisfy the withholding requirements, or make other arrangements satisfactory to the Committee with regard to those requirements, before the delivery of any shares to you.

The Committee may permit or require you to satisfy these withholding obligations with respect to awards paid in shares by electing to have shares withheld from the award. Various additional tax consequences result from the use of shares to satisfy the withholding requirements. If you contemplate withholding shares in this manner, we strongly urge you to consult your tax advisor with respect to the associated tax treatment.

Other Considerations

The 2003 Plan is not a tax-qualified plan under Section 401(a) of the Code and, based on current law and published interpretations, we believe the 2003 Plan is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

The above paragraphs are only a summary of some of the federal income tax consequences relating to the 2003 Plan. We have not considered the effects of state, local and other laws, including, without limitation, tax laws, on the 2003 Plan or on you. These laws will vary depending on the particular jurisdiction(s) involved.

Because of the complexities involved in the application of federal, state and local tax laws to specific circumstances, and the uncertainties as to possible future changes in the tax laws, we strongly urge you to consult a tax advisor with respect to your own situation.

DESCRIPTION OF SHARES OF BENEFICIAL INTEREST

The following summary of the material terms of PREIT's shares of beneficial interest does not include all of the terms of the shares and should be read together with the trust agreement and by-laws of PREIT and applicable Pennsylvania law. In addition, this summary includes a description of the 11.00% Non-Convertible, Senior Preferred Shares of Beneficial Interest, par value \$0.01 per share, liquidation preference \$50.00 per share (the "11% preferred shares") of PREIT that will be issued by PREIT to the holders of the 11% preferred shares of Crown American Realty Trust upon completion of PREIT's proposed merger with Crown. Accordingly, you should read the form of the designating amendment to PREIT's trust agreement for such preferred shares. The PREIT trust agreement and by-laws and the form of designating amendment are incorporated by reference into the registration statement of which this prospectus is a part.

Authorized Capital Stock

Under the PREIT trust agreement, PREIT has the authority to issue up to 100,000,000 shares of beneficial interest and up to 25,000,000 preferred shares.

Shares of Beneficial Interest

Voting, Dividend and Other Rights. Subject to the provisions of the PREIT trust agreement regarding "Excess Shares" (See "--REIT Ownership Limitations and Transfer Restrictions Applicable to PREIT Shares of Beneficial Interest and 11% Preferred Shares"), (i) the holders of PREIT shares are entitled to one vote per share on all matters voted on by shareholders, including elections of trustees, and (ii) subject to the rights of holders of any preferred shares, including the PREIT 11% preferred shares, the holders of PREIT shares are entitled to a pro rata portion of such distributions as may be declared from time to time by the trustees from funds available therefor, and upon liquidation are entitled to receive pro rata all of the assets available for distribution to such holders. See "--New 11% Preferred Shares--Dividends and --Liquidation." The majority of shares voting on a matter at a meeting at which at least a majority of the outstanding shares are present in person or by proxy constitutes the act of the shareholders, except with respect to the election of trustees (see below). The PREIT trust agreement permits the holders of securities of PREIT affiliates to vote with PREIT shareholders on certain matters, and PREIT trustees have granted that right to certain holders of currently outstanding PREIT Partnership Units with respect to fundamental changes in PREIT (i.e. mergers, consolidations and sales of substantially all of PREIT's assets). See "- Summary of the Operating Partnership Agreement and PREIT Partnership Units - Authorization of PREIT Partnership Units and Voting Rights." Shareholders do not have any pre-emptive rights to purchase PREIT securities.

The PREIT trust agreement provides that the trustees may issue multiple classes and series of shares of beneficial interest and, subject to the rights of the holders of the PREIT 11% preferred shares, classes and series of preferred shares having preferences to the existing shares in any matter, including rights in liquidation or to dividends and option rights (including shareholder rights plans), and other securities having conversion or option rights and may authorize the creation and issuance by PREIT subsidiaries and

affiliates of securities having conversion and option rights in respect of shares. Thus, the rights of holders of existing shares of beneficial interest

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

are subject and junior to preferred rights, including the rights of holders of the PREIT 11% preferred shares as to dividends and in liquidation (and other such matters) and to the extent set forth in any subsequently authorized preferred shares or class of preferred shares.

Board of Trustees. The board of trustees is divided into three classes serving staggered three-year terms. The PREIT trust agreement does not provide for cumulative voting in the election of trustees, and the candidates receiving the highest number of votes are elected to the office of trustee.

Trustee Nomination Process. The PREIT trust agreement provides that nominations for election to the office of trustee at any annual or special meeting of shareholders shall be made by the trustees, or by petition in writing delivered to the secretary not fewer than 35 days before the meeting signed by the holders of at least two percent of the shares outstanding on the date of the petition. Nominations not made in accordance with these procedures will not be considered unless the number of persons nominated is fewer than the number of persons to be elected to the office of trustee at the meeting. In this latter event, nominations for the trustee positions that would not otherwise be filled may be made at the meeting by any person entitled to vote in the election of trustees.

New 11% Preferred Shares

In connection with the proposed merger of PREIT and Crown, PREIT will issue 11% preferred shares to current holders of Crown 11% preferred shares. The number of shares designated as PREIT 11% preferred shares will be 2,475,000. The number of 11.00% preferred shares may be decreased by the PREIT board from time to time, though not below the number of PREIT 11% preferred shares then outstanding. The terms of the new PREIT 11% preferred shares will be identical in all material respects to the existing Crown 11% preferred shares.

Rank. The PREIT 11% preferred shares will, with respect to dividend rights and rights upon liquidation, dissolution or winding up of PREIT, rank senior to all classes or series of equity securities of PREIT, except that the PREIT 11% preferred shares will rank on a parity with additional preferred shares issued by PREIT the terms of which specifically provide that such preferred shares rank on a parity with the PREIT 11% preferred shares with respect to dividend rights or rights upon liquidation, dissolution or winding up of PREIT so long as the aggregate liquidation preference of the additional preferred shares and the PREIT 11% preferred shares together do not exceed \$123,750,000.

Dividends. Holders of the PREIT 11% preferred shares will be entitled to receive, when, as and if declared by the board of trustees, out of funds legally available for the payment of dividends, cumulative, preferential cash dividends in an amount per share equal to \$5.50 per annum. Each dividend will be payable to holders of record as they appear on the transfer books of PREIT on the record date as provided below.

In addition, holders of the PREIT 11% preferred shares may be eligible to receive additional dividends ("Additional Dividends") from time to time if PREIT's "Total Debt" (as defined in the designating amendment) exceeds the product of 6.5 times "EBITDA" (as defined in the designating amendment) (the

"Leverage Ratio") without the consent of the holders of at least 50% of the PREIT 11% preferred shares outstanding at that time. Holders who consent to a

waiver of such restriction will be paid a consent fee. If required to be paid, Additional Dividends will be for an amount per share equal to 0.25% of the Preferred Liquidation Preference Amount (as defined below) on an annualized basis for the first quarter with respect to which an Additional Dividend is due. For each quarter thereafter that PREIT continues to exceed the permitted Leverage Ratio, the Additional Dividend will increase by an amount per share equal to an additional 0.25% of the Preferred Liquidation Preference Amount on an annualized basis. However, the maximum total dividend on the PREIT 11% preferred shares, including any Additional Dividends, will not at any time exceed 13% of the Preferred Liquidation Preference Amount per annum.

If any PREIT 11% preferred shares are outstanding, no full dividends will be declared or paid or set apart for payment on the capital shares of PREIT or any other series ranking, as to dividends, on a parity with or junior to the PREIT 11% preferred shares for any period unless full cumulative dividends (including any Additional Dividends) have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for such payment on the PREIT 11% preferred shares for all past dividend periods and the then current dividend period. When dividends are not paid in full (or a sum sufficient for such full payment is not so set apart) upon the PREIT 11% preferred shares and the shares of any series of preferred shares ranking on a parity as to dividends with the PREIT 11% preferred shares, all dividends declared upon the PREIT 11% preferred shares and any series of preferred shares ranking on a parity as to dividends with the PREIT 11% preferred shares will be declared pro rata so that the amount of dividends declared per share on the PREIT 11% preferred shares and such other series of preferred shares will in all cases bear to each other the same ratio that accrued and unpaid dividends per PREIT 11% preferred share and such other series of preferred shares bear to each other. No interest, or sum of money in lieu of interest, will be payable in respect of any dividend payment or payments on the PREIT 11% preferred shares which may be in arrears.

Except as provided in the immediately preceding paragraph, unless full cumulative dividends (including any Additional Dividends) on the PREIT 11% preferred shares have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for all past dividend periods and the then current dividend period, no dividends (other than distributions payable in PREIT common shares or other capital shares ranking junior to the PREIT 11% preferred shares as to dividends and upon liquidation, dissolution or winding up of PREIT) will be declared or paid or set aside for payment, and no other distribution will be declared or made, upon the PREIT common shares or any other capital shares of PREIT ranking junior to or on a parity with the PREIT 11% preferred shares as to dividends, nor will any PREIT common shares or any other capital shares of PREIT ranking junior to or on a parity with the PREIT 11% preferred shares as to dividends or upon liquidation, dissolution or winding up of PREIT be redeemed, purchased or otherwise acquired for any consideration (or any moneys be paid to or made available for a sinking fund for the redemption of any such shares) by PREIT (except by conversion into or exchange for other capital shares of PREIT ranking junior to the PREIT 11% preferred shares as to dividends and upon liquidation, dissolution and winding up).

-34-

Any dividend payment made on PREIT 11% preferred shares will first be credited against the earliest accrued but unpaid dividend due with respect to the PREIT 11% preferred shares which remains payable.

Liquidation Rights. In the event of any liquidation, dissolution or winding up of PREIT, the holders of PREIT 11% preferred shares will be entitled

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

to be paid out of the assets of PREIT legally available for distribution to its shareholders a liquidation preference equal to the sum of \$50.00 per share plus an amount equal to any accrued and unpaid dividends thereon (whether or not earned or declared) to the date of payment (the "Preferred Liquidation Preference Amount"), before any distribution of assets is made to holders of PREIT common shares or any other capital shares that rank junior to the PREIT 11% preferred shares as to liquidation rights. After payment of the full amount of the liquidating distributions to which they are entitled, the holders of the PREIT 11% preferred shares will have no right or claim to any of the remaining assets of PREIT.

If liquidating distributions have been made in full to all holders of PREIT 11% preferred shares, the remaining assets of PREIT will be distributed among the holders of any other classes or series of capital shares ranking junior to PREIT 11% preferred shares upon liquidation, dissolution or winding up of PREIT, according to their respective rights and preferences and in each case according to their respective number of shares.

The consolidation or merger of PREIT with or into any other corporation, or the sale, lease, transfer or conveyance of all or substantially all of the property or business of PREIT, will not be deemed to constitute a liquidation, dissolution or winding up of PREIT for these purposes.

Redemption. The PREIT 11% preferred shares will not be redeemable prior to July 31, 2007, except under certain limited circumstances to preserve PREIT's status as a REIT. See "--REIT Ownership Limitations and Transfer Restrictions Applicable to PREIT Shares of Beneficial Interest and 11% Preferred Shares." On and after July 31, 2007, PREIT, at its option (to the extent PREIT has legally available funds) upon not less than 30 nor more than 60 days written notice, may redeem the PREIT 11% preferred shares, in whole or in part, at any time or from time to time, during the periods and at the redemption price set forth below plus any accrued and unpaid dividends to the date of redemption:

| Redemption Period ----- | Redemption Price Per 11% Preferred Share ----- |
|-------------------------------------|--|
| July 31, 2007 through July 30, 2009 | \$52.50 |
| July 31, 2009 through July 30, 2010 | \$51.50 |
| On or after July 31, 2010 | \$50.00 |

Notwithstanding the foregoing, unless full cumulative dividends on all outstanding PREIT 11% preferred shares have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for all past dividend periods and the then current dividend period, (i) no PREIT 11% preferred shares will be redeemed unless all outstanding PREIT 11% preferred shares are simultaneously redeemed; except, that the foregoing will not prevent the purchase or acquisition of PREIT 11%

-35-

preferred shares pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding PREIT 11% preferred shares, and (ii) PREIT will not purchase or otherwise acquire directly or indirectly through a subsidiary or otherwise, any PREIT 11% preferred shares.

If fewer than all of the outstanding PREIT 11% preferred shares are to be redeemed, the number of shares to be redeemed will be determined by PREIT and such shares may be redeemed pro rata from the holders of record of such shares

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

in proportion to the number of such shares held by such holders (as nearly as may be practicable without creating fractional PREIT 11% preferred shares) or any other equitable method determined by PREIT.

All PREIT 11% preferred shares redeemed will be retired and will be restored to the status of authorized and unissued preferred shares, without designation as to series, and may thereafter be reissued as any series of preferred shares.

The PREIT 11% preferred shares have no stated maturity and will not be subject to any sinking fund.

Voting Rights. Holders of the PREIT 11% preferred shares will not have any voting rights, except as set forth below or as otherwise from time to time required by law. Subject to the provisions in the PREIT trust agreement regarding Excess Shares, in any matter in which the PREIT 11% preferred shares may vote, including any action by written consent, each share will be entitled to one vote. The holders of each share may separately designate a proxy for the vote to which that share is entitled.

Whenever dividends on any PREIT 11% preferred shares have been in arrears for six or more quarterly dividend periods (regardless of whether such periods are consecutive), the holders of such PREIT 11% preferred shares (voting separately as a class with all other series of preferred shares upon which rights to vote on such matter with PREIT 11% preferred shares have been conferred and are then exercisable) will be entitled to vote for the election of two additional trustees of PREIT at a special meeting called by the holders of record of at least 10% of the PREIT 11% preferred shares and any other preferred shares, if any (unless the request is received less than 90 days before the date fixed for the next annual or special meeting of the shareholders), or at the next annual meeting of shareholders, and at each subsequent annual meeting until all dividends accumulated on such PREIT 11% preferred shares for the past dividend periods and the then current dividend period have been fully paid or declared and a sum sufficient for the payment thereof set aside for payment. In this event, the entire board will be increased by two trustees. Each of the two trustees will be elected to serve until the earlier of (i) the election and qualification of the trustee's successor or (ii) payment of the dividend arrearage for the PREIT 11% preferred shares.

If any trustee elected by the holders of the PREIT 11% preferred shares ceases to serve as a trustee before the trustee's term expires, the holders of the PREIT 11% preferred shares (and any other series of preferred shares, if any, entitled to vote on such matter, as described above) then outstanding may, at a special meeting of the holders called as provided above, elect a successor to hold office for the unexpired term of the trustee whose place is vacant.

-36-

So long as any PREIT 11% preferred shares remain outstanding, PREIT will not (i) without the affirmative vote or consent of the holders of all of the PREIT 11% preferred shares outstanding at the time (such series voting separately as a class), authorize, create or issue, or increase the authorized or issued amount of, any class or series of capital shares ranking senior to the PREIT 11% preferred shares with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any such shares; or (ii) without the affirmative vote or consent of the holders of at least two-thirds of the PREIT 11% preferred shares outstanding at the time (such series voting separately as a class), amend, alter or repeal the provisions of the PREIT trust agreement, whether by merger,

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

consolidation or otherwise, so as to materially and adversely affect any right, preference, privilege or voting power of the PREIT 11% preferred shares or the holders thereof; except that any increase in the amount of the authorized preferred shares, or the creation or issuance of any other series of preferred shares, or any increase in the amount of authorized shares of preferred shares or any other series of preferred shares, in each case ranking on a parity with or junior to the PREIT 11% preferred shares with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up of PREIT, will not be deemed to materially and adversely affect such rights, preferences, privileges or voting powers.

The foregoing voting provisions will not apply if, at or prior to the time when the act with respect to which such vote would otherwise be required is effected, all outstanding PREIT 11% preferred shares have been redeemed or called for redemption upon proper notice and sufficient funds have been deposited in trust to effect such redemption.

PREIT Shareholder Rights Plan

The following summary of the Rights Agreement, dated as of April 30, 1999, as the same may be amended from time to time (the "Rights Agreement"), between PREIT and American Stock Transfer and Trust Company, as rights agent (the "Rights Agent") does not include all of the terms thereof and should be read together with the Rights Agreement, which is incorporated by reference into the registration statement of which this prospectus is a part.

PREIT has adopted a shareholder rights plan. The description and terms of the rights are set forth in the Rights Agreement. Each right entitles its registered holder to purchase from PREIT one share at a price of \$70.00 (the "Exercise Price"), subject to certain adjustments.

The rights, unless earlier redeemed or exchanged by the board of trustees, become exercisable upon the close of business on the day (the "Distribution Date") that is the earlier of (i) the tenth day following a public announcement that a person or group of affiliated or associated persons (an "Acquiring Person"), with certain exceptions set forth below, has acquired beneficial ownership or voting control of 15% or more of PREIT outstanding voting shares, and (ii) the tenth business day (or such later date as may be determined by the board of trustees prior to such time as any person or group of affiliated or associated persons becomes an Acquiring Person) after the date of the commencement or public announcement of a person's or group's intention to commence a tender or exchange offer the consummation of which would result in the acquisition of beneficial ownership or voting control of 15% or more PREIT outstanding voting shares (even if no shares are actually acquired pursuant to such offer). The rights will expire at the close of business on March 31, 2009, unless earlier redeemed or exchanged by PREIT as described below.

-37-

Unless the rights are redeemed or exchanged, if a person or group of affiliated or associated persons become an Acquiring Person, each holder of record of a right, other than the Acquiring Person (whose rights will become null and void), will have the right to pay the Exercise Price in return for shares having a market value equal to double the Exercise Price. In addition, after a person or group becomes an Acquiring Person, if PREIT were to undergo a change of control, each holder of record of a right, other than the Acquiring Person (whose rights will become null and void), will have the right to pay the Exercise Price in return for shares of the acquiring entity having a market value equal to double the Exercise Price.

At any time after any person or group of affiliated or associated persons becomes an Acquiring Person and prior to the acquisition by such Acquiring Person of 50% or more of PREIT's outstanding voting shares, the board of trustees may exchange the rights (other than rights owned by the Acquiring Person which will have become null and void), in whole or in part, at an exchange ratio of one share per right (subject to adjustment).

The rights have anti-takeover effects in that they will cause substantial dilution to a person or group of affiliated or associated persons that attempts to acquire PREIT on terms not approved by the board of trustees. The rights should not interfere with any merger or other business combination approved by the board of trustees because the rights may be redeemed by PREIT at \$0.001 per right at any time until the close of business on the tenth day (or such later date as described above) after a person or group has obtained beneficial ownership or voting control of 15% or more of PREIT voting shares.

Transfer Agent and Registrar

The transfer agent and registrar for the PREIT shares of beneficial interest is, and for the PREIT 11% preferred shares will be, American Stock Transfer & Trust Co.

Limited Liability of Shareholders

The PREIT trust agreement provides that shareholders, to the fullest extent permitted by applicable law, are not liable for any act, omission or liability of a trustee and that the trustees have no power to bind shareholders personally. Notwithstanding the foregoing, there may be liability in some jurisdictions that may decline to recognize a business trust as a valid organization. With respect to all types of claims in such jurisdictions, and with respect to tort claims, certain contract claims and possible tax claims in jurisdictions where the business trust is treated as a partnership for certain purposes, shareholders may be personally liable for such obligations to the extent that PREIT does not satisfy such claims. PREIT conducts substantially all of its business in jurisdictions other than the Commonwealth of Pennsylvania in entities recognized in the relevant jurisdiction to limit the liability of equity owners. PREIT carries insurance in amounts that it deems adequate to cover foreseeable tort claims.

Summary of the Operating Partnership Agreement and PREIT Partnership Units

The following summary of the First Amended and Restated Agreement of Limited Partnership of PREIT Associates, L.P., as amended (the "Operating Partnership Agreement"), and PREIT Partnership Units does not include all of the terms thereof and should be read together with the Operating Partnership Agreement, which is incorporated by reference into the registration statement of which this prospectus is a part.

General. PREIT is the sole general partner of PREIT Associates. PREIT contributed to PREIT Associates, or to entities wholly owned by PREIT Associates, the real estate interests owned, directly or indirectly, by PREIT, or the economic benefits thereof, in exchange for a general partnership interest in PREIT Associates and a number of Class A PREIT Partnership Units that equaled, in the aggregate, the number of PREIT shares of beneficial interest issued and outstanding on September 30, 1997. Pursuant to the proposed merger between PREIT and Crown American Realty Trust, PREIT Associates will issue to

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

PREIT, 11% Senior Preferred Units, representing another class of PREIT Partnership Units. The number of 11% PREIT Partnership Units issued will at any time always equal the number of PREIT 11% preferred shares outstanding. See "--New 11% Preferred Shares" for a description of the PREIT 11% preferred shares.

Management. Under the Operating Partnership Agreement, PREIT, as the sole general partner of PREIT Associates, has the authority, to the exclusion of the limited partners, to make all management decisions on behalf of PREIT Associates. In addition, PREIT, as general partner, will have the ability to cause PREIT Associates to create and issue subsequent classes of limited or preferred partner interests with terms different from the limited partner and general partner interests currently outstanding. PREIT has agreed in the Operating Partnership Agreement to conduct substantially all of its business activities through PREIT Associates unless a majority in interest of the PREIT Partnership Units (exclusive of PREIT Partnership Units owned by it) consent to the conduct of business activities outside PREIT Associates.

Authorization of PREIT Partnership Units and Voting Rights. The Operating Partnership Agreement authorizes the issuance of an unlimited number of PREIT Partnership Units in one or more classes. Holders of PREIT Partnership Units are entitled to distributions from PREIT Associates as and when made by PREIT as the general partner. Because PREIT will, of necessity, have to make distributions on the Class A PREIT Partnership Units held directly or indirectly by PREIT at the times and in the amounts as will permit PREIT to make distributions to PREIT shareholders necessary to preserve its status as a REIT for federal income tax purposes, it is anticipated that the other holders of PREIT Partnership Units will receive such distributions at the approximate time, and in the same amounts, as distributions are declared and paid by PREIT to PREIT shareholders.

Holders of PREIT Partnership Units generally will have no right to vote on any matter voted on by holders of PREIT shares except that, prior to the date on which at least half of the PREIT Partnership Units issued on September 30, 1997 in connection with the organization of PREIT Associates have been redeemed, the holders of PREIT Partnership Units issued and outstanding on September 30, 1997 are entitled to vote those PREIT Partnership Units and additional PREIT Partnership Units that they may have received and may receive in the future pursuant to the transactions that were the subject of the September 30, 1997 issuance, along with PREIT shareholders as a single class, on any proposal to merge, consolidate, or sell substantially all of the assets of PREIT. PREIT Partnership Units owned by PREIT are not included for purposes of determining when half of the PREIT Partnership Units issued and outstanding on September 30, 1997 have been redeemed, nor are they counted as votes. If the holders of PREIT

-39-

shares vote on such a transaction and holders of PREIT Partnership Units are entitled to vote thereon, each covered PREIT Partnership Unit will be entitled to one vote for each share issuable by PREIT upon the redemption of such PREIT Partnership Unit and the necessary vote to effect such action shall be the sum of an absolute majority of the outstanding PREIT Partnership Units entitled to vote on such matter and the applicable vote of the holders of PREIT outstanding shares, which such vote may be met by any combination of holders of PREIT Partnership Units or shares.

The Operating Partnership Agreement also provides that PREIT may not engage in a fundamental transaction (e.g., a merger) unless, by the terms of

such transaction, the PREIT Partnership Units are treated in the same manner as that number of shares for which they are exchangeable by PREIT upon notice of redemption are treated. Holders of PREIT Partnership Units also have the right to vote on certain amendments to the Operating Partnership Agreement. In addition, so long as any 11% PREIT Partnership Units remain outstanding, PREIT Associates will not (i) without the affirmative vote or consent of the holders of all of the 11% PREIT Partnership Units outstanding at the time, authorize, create or issue, or increase the authorized or issued amount of, any class or series of capital shares ranking senior to the 11% PREIT Partnership Units with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any such shares; or (ii) without the affirmative vote or consent of the holders of at least two-thirds of the 11% PREIT Partnership Units outstanding at the time (such series voting separately as a class), amend, alter or repeal the provisions of the Operating Partnership Agreement, whether by merger, consolidation or otherwise, so as to materially and adversely affect any right, preference, privilege or voting power of the 11% PREIT Partnership Units or the holders thereof; provided, however, that any increase in the amount of the authorized preferred units, or the creation or issuance of any other series of preferred units, or any increase in the amount of authorized shares of preferred units or any other series of preferred units, in each case ranking on a parity with or junior to the 11% PREIT Partnership Units with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up of PREIT Associates, will not be deemed to materially and adversely affect such rights, preferences, privileges or voting powers.

Redemption Rights. Class A and Class B PREIT Partnership Units are redeemable by PREIT Associates at the election of a limited partner holding such units, at such time, and for such consideration, as set forth in the Operating Partnership Agreement. In general, and subject to certain exceptions and limitations, holders of Class A PREIT Partnership Units (other than PREIT and PREIT subsidiaries) may, beginning one year following the respective issue dates, give one or more notices of redemption with respect to all or any part of the Class A PREIT Partnership Units so received and then held by such party. Class B PREIT Partnership Units are redeemable at the option of the holder at any time after issuance. The 11% PREIT Partnership Units will be redeemable in the same amounts and during the same time periods as the PREIT 11% preferred shares. See "--New 11% Preferred Shares--Redemption."

If a notice of redemption is given, PREIT has the right to elect to acquire the PREIT Partnership Units tendered for redemption for its own account, either in exchange for the issuance of a like number of shares (subject to adjustments for stock splits, recapitalizations, and like events) or a cash

-40-

payment equal to the average closing price of the shares over the ten consecutive trading days immediately prior to receipt by PREIT, in its capacity as general partner of PREIT Associates, of the notice of redemption. If PREIT declines to exercise such right, then on the tenth day following tender for redemption, PREIT Associates will pay a cash amount equal to the number of Class A or Class B PREIT Partnership Units so tendered multiplied by such average closing price. PREIT Associates is required to distribute to PREIT such additional amounts as may be required from time to time to pay the redemption price of the PREIT 11% preferred shares and such payment shall also be treated as payment of the redemption of the same number of 11% PREIT Partnership Units deemed to be redeemed.

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

Ranking; Liquidation. The 11% PREIT Partnership Units will, with respect to distribution rights and rights upon liquidation, rank senior to the other PREIT Partnership Units. Upon liquidation of PREIT Associates, each 11% PREIT Partnership Unit will be entitled to receive a liquidation preference equal to \$50.00, plus any accrued and unpaid dividends on the PREIT 11% preferred shares prior to payment or distribution of any amounts to other PREIT Partnership Units.

REIT Ownership Limitations and Transfer Restrictions Applicable to PREIT Shares of Beneficial Interest and 11% Preferred Shares

Among the requirements for qualification as a REIT under the Internal Revenue Code are (i) not more than 50% in value of PREIT outstanding shares, including the shares of beneficial interest and the PREIT 11% preferred shares (after taking into account options to acquire shares), may be owned, directly or indirectly, by five or fewer individuals (as defined in the Internal Revenue Code to include certain entities) during the last half of a taxable year, (ii) the shares must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year, and (iii) certain percentages of PREIT's gross income must be from particular activities. In order to continue to qualify as a REIT under the Internal Revenue Code, the trustees have adopted, and PREIT shareholders have approved, provisions of the PREIT trust agreement that restrict the ownership and transfer of shares (the "Ownership Limit Provisions").

The Ownership Limit Provisions provide that no person may beneficially own, or be deemed to own by virtue of the attribution provisions of the Internal Revenue Code, more than 9.9% of any separate class of PREIT shares. For this purpose, the shares of beneficial interest and the PREIT 11% preferred shares are treated as separate classes. The trustees may exempt a person from the Ownership Limit Provisions with a ruling from the Internal Revenue Service or an opinion of counsel or PREIT's tax accountants to the effect that such ownership will not jeopardize PREIT's status as a REIT.

Issuance or transfers of shares in violation of the Ownership Limit Provisions or which would cause PREIT to be beneficially owned by fewer than 100 persons are void ab initio and the intended transferee acquires no rights to the shares.

In the event of a purported transfer or other event that would, if effective, result in the ownership of shares in violation of the Ownership Limit Provisions, such transfer or other event with respect to that number of shares that would be owned by the transferee in excess of the Ownership Limit

-41-

Provisions automatically are exchanged for an equal number of excess shares (the "Excess Shares"), authorized by the PREIT trust agreement, according to the rules set forth therein, to the extent necessary to insure that the purported transfer or other event does not result in the ownership of shares in violation of the Ownership Limit Provisions. Any purported transferee or other purported holder of Excess Shares is required to give written notice to PREIT of a purported transfer or other event that would result in the issuance of Excess Shares.

Excess Shares are not treasury shares but rather continue as issued and outstanding shares of beneficial interest. While outstanding, Excess Shares will be held in trust. The trustee of such trust shall be PREIT. The beneficiary of such trust shall be designated by the purported holder of the Excess Shares.

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

Excess Shares are not entitled to any dividends or distributions. If, after the purported transfer or other event resulting in an exchange of shares of beneficial interest for Excess Shares and prior to PREIT's discovery of such exchange, dividends or distributions are paid with respect to the shares that were exchanged for Excess Shares, then such dividends or distributions are to be repaid to PREIT upon demand. Excess Shares participate ratably (based on the total number of shares and Excess Shares) in any liquidation, dissolution or winding up of PREIT. Except as required by law, holders of Excess Shares are not entitled to vote such shares on any matter. While Excess Shares are held in trust, any interest in that trust may be transferred by the trustee only to a person whose ownership of shares will not violate the Ownership Limit Provisions, at which time the Excess Shares will be automatically exchanged for the same number of shares of the same type and class as the shares for which the Excess Shares were originally exchanged. Prior to any transfer of any interest in the Excess Shares held in trust, the purported transferee or other purported holder, as the case may be, must give advance notice to PREIT of the intended transfer and PREIT must waive in writing its purchase rights. The PREIT trust agreement contains provisions that are designed to insure that the purported transferee or other purported holder of Excess Shares does not receive in return for such a transfer an amount that reflects any appreciation in the shares for which Excess Shares were exchanged during the period that such Excess Shares were outstanding. Any amount received by a purported transferee or other purported holder in excess of the amount permitted to be received must be paid to PREIT. If the foregoing restrictions are determined to be invalid by any court of competent jurisdiction then the intended transferee or holder of any Excess Shares may be deemed, at PREIT's option, to have acted as an agent on PREIT's behalf in acquiring such Excess Shares and to hold such Excess Shares on PREIT's behalf.

The PREIT trust agreement further provides that Excess Shares shall be deemed to have been offered for sale to PREIT at the lesser of (i) the price paid for the shares by the purported transferee or, in the case of a gift, devise or other transaction, the market price for such shares at the time of such gift, devise or other transaction or (ii) the market price for the shares on the date PREIT or its designee exercises its option to purchase the Excess Shares. PREIT may purchase such Excess Shares during a 90-day period, beginning on the date of the violative transfer if the original transferee-shareholder gives notice to PREIT of the transfer or, if no notice is given, the date the board of trustees determines that a violative transfer or other event resulting in an exchange of shares for the Excess Shares has occurred.

-42-

Each shareholder upon demand is required to disclose to PREIT in writing such information with respect to the direct, indirect and constructive ownership of shares as the board of trustees deems necessary to comply with the provisions of the PREIT trust agreement or the Internal Revenue Code applicable to a REIT or to comply with the requirements of any taxing authority or governmental agency. Certificates representing shares of any class or series issued after September 29, 1997 will bear a legend referring to the restrictions described above.

Certain Provisions Affecting a Change in Control

In addition to PREIT's shareholder rights plan, the following may deter a potential acquiror from acquiring PREIT:

Ownership Limits and Restrictions on Transferability. In order to protect PREIT's status as a REIT, no more than 50% of the value of PREIT's outstanding shares (after taking into account options to acquire shares) may be

owned, directly or constructively, by five or fewer individuals and the shares must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year. To assist it in satisfying these tests, subject to some exceptions, PREIT's trust agreement prohibits any shareholder from owning more than 9.9% of PREIT's outstanding shares of beneficial interest (exclusive of preferred shares) or more than 9.9% of any class or series of preferred shares. The trust agreement also prohibits transfers of shares that would cause a shareholder to exceed the 9.9% limit or cause PREIT to be beneficially owned by fewer than 100 persons. PREIT's board of trustees may exempt a person from the 9.9% ownership limit if they receive a ruling from the Internal Revenue Service or an opinion of counsel or tax accountants that exceeding the 9.9% ownership limit as to that person would not jeopardize PREIT's tax status as a REIT. Absent an exemption, this restriction may discourage a tender offer or other transaction or change in management or control that might involve a premium price for PREIT's shares or otherwise be in the best interests of PREIT's shareholders.

Staggered Board. PREIT's board of trustees has three classes of trustees. The term of office of one class expires each year. Trustees for each class are elected for three year terms upon the expiration of the term of the respective class. The staggered terms for trustees may affect the ability of a shareholder to take control of PREIT, even if a change in control were in the best interests of PREIT's shareholders.

Multiple Classes and Series of Shares of Beneficial Interest. PREIT's trust agreement permits its board of trustees to create and issue multiple classes and series of preferred shares and classes and series of preferred shares having preferences to the existing shares on any matter, including rights in liquidation or to dividends and option rights (including shareholder rights plans), and other securities having conversion or option rights and may authorize the creation and issuance by PREIT's subsidiaries and affiliates of securities having conversion and option rights in respect of shares. PREIT's trust agreement further provides that the terms of such rights or other securities may provide for disparate treatment of certain holders or groups of holders of such rights or other securities. The issuance of such rights or preferred shares could have the effect of delaying or preventing a change in control over PREIT, even if a change in control were in the best interests of PREIT's shareholders.

-43-

FEDERAL INCOME TAX CONSIDERATIONS

The following discussion summarizes the federal income tax considerations that may be material to an owner of shares of PREIT. The following discussion, which is not exhaustive of all possible tax considerations, does not give a detailed discussion of any state, local or foreign tax considerations; nor does it discuss all of the aspects of federal income taxation that may be relevant to a prospective shareholder in light of his or her particular circumstances or to certain types of shareholders who are subject to special treatment under the federal income tax laws (including, but not limited to, (1) insurance companies, (2) tax-exempt entities, (3) financial institutions, (4) broker-dealers, (5) foreign corporations, (6) persons who are not citizens or residents of the United States, (7) trusts, estates, regulated investment companies, other REITs, or S corporations, (8) persons subject to the alternative minimum tax, (9) persons holding their shares as part of a hedge, straddle, conversion or other risk-reduction or constructive sale transaction, (10) persons holding the shares through a partnership or similar pass-through entity, (11) persons with a "functional currency" other than the U.S. dollar, (12) U.S. expatriates and (13) persons who do not hold the shares as a capital

asset).

THIS DISCUSSION IS NOT INTENDED TO BE, AND SHOULD NOT BE CONSTRUED TO BE, TAX ADVICE. YOU ARE ADVISED TO CONSULT WITH YOUR OWN TAX ADVISOR REGARDING THE SPECIFIC TAX CONSEQUENCES TO YOU OF THE OWNERSHIP OF SHARES IN AN ENTITY ELECTING TO BE TAXED AS A REIT, INCLUDING THE FEDERAL, STATE, LOCAL, FOREIGN AND OTHER TAX CONSEQUENCES AND POTENTIAL CHANGES IN APPLICABLE TAX LAWS.

Taxation of PREIT

General. If PREIT qualifies for taxation as a REIT, it generally will not be subject to federal corporate income taxes on net income that it currently distributes to shareholders but PREIT's shareholders will generally be taxed at ordinary income rates on dividends that they receive other than dividends designated by PREIT as capital gain dividends or qualified dividend income. This differs from non-REIT C corporations, which generally are subject to federal corporate income taxes but whose individual stockholders are currently taxed on dividends they receive at capital gains rates. In general, income earned by a REIT and distributed to its shareholders will be subject to less federal income taxation than if such income were earned by a non-REIT C corporation, subjected to corporate income tax, and then distributed to shareholders and subjected to tax at capital gain rates.

While PREIT is generally not subject to corporate income taxes on income that PREIT distributes currently to shareholders, PREIT will be subject to federal tax as follows:

1. PREIT will be taxed at regular corporate rates on any "REIT taxable income." REIT taxable income is the taxable income of a REIT subject to specified adjustments, including a deduction for dividends paid.

-44-

2. Under some circumstances, PREIT may be subject to the "alternative minimum tax" due to PREIT's undistributed items of tax preference and alternative minimum tax adjustments, if any.

3. If PREIT has net income from the sale or other disposition of "foreclosure property" that is held primarily for sale to customers in the ordinary course of business, or other nonqualifying income from foreclosure property, PREIT will be subject to tax at the highest corporate rate on this income.

4. PREIT's net income from "prohibited transactions" will be subject to a 100% tax. In general, prohibited transactions are sales or other dispositions of property, other than foreclosure property, held primarily for sale to customers in the ordinary course of business.

5. If PREIT fails to satisfy either the 75% or the 95% gross income test discussed below, but nonetheless maintains, its qualification as a REIT because other requirements are met, PREIT will be subject to a tax equal to the gross income attributable to the greater of (1) the amount by which 75% of PREIT's gross income exceeds the amount qualifying under the 75% test for the taxable year or (2) the amount by which 90% of PREIT's gross income exceeds the amount of PREIT's income qualifying under the 95% test for the taxable year, multiplied in either case by a fraction reflecting the ratio of PREIT's net income to its gross income.

6. PREIT generally will be subject to a 4% excise tax on any shortfall

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

to the extent PREIT fails to distribute during each calendar year (or pay income taxes on) at least the sum of:

- o 85% of PREIT's ordinary income for the year;
- o 95% of PREIT's capital gain net income for the year; and
- o any undistributed taxable income from prior taxable years.

7. PREIT will be subject to a 100% penalty tax on amounts received by PREIT (or on certain expenses deducted by a taxable REIT subsidiary) if certain arrangements among PREIT, its tenants and/or a taxable REIT subsidiary of PREIT, as further described below, are not comparable to similar arrangements among unrelated parties.

8. If PREIT acquires any assets from a taxable C corporation in a carry-over basis transaction, PREIT could be liable for specified tax liabilities inherited from that C corporation with respect to that corporation's "built-in gain" in its assets. Built-in gain is the amount by which an asset's fair market value exceeds its adjusted tax basis at the time PREIT acquired the asset. Applicable Treasury regulations, however, allow PREIT to avoid the recognition of gain and the imposition of corporate level tax with respect to a built-in gain asset acquired in a carry-over basis transaction from a C corporation unless and until PREIT disposes of that built-in gain asset during the 10-year period following its acquisition, at which time PREIT would recognize, and would be subject to tax at the highest regular corporate rate on, the built-in gain.

-45-

If PREIT is subject to taxation on its REIT taxable income or is subject to tax due to the sale of a built-in gain asset that was acquired in a carry-over basis transaction from a C corporation, some of the dividends PREIT pays to its shareholders may be subject to tax at the reduced capital gains rates, rather than ordinary income rates.

In addition, notwithstanding PREIT's status as a REIT, PREIT may also have to pay certain state and local income taxes, because not all states and localities treat REITs in the same manner that they are treated for federal income tax purposes. Moreover, each of PREIT's taxable REIT subsidiaries (as further described below) is subject to federal corporate income tax on its net income.

Requirements for REIT Qualification. The Internal Revenue Code generally defines a REIT as a corporation, trust or association (1) that is managed by one or more trustees or directors; (2) the beneficial ownership of which is evidenced by transferable shares of stock, or by transferable certificates of beneficial interest; (3) that would be taxable as a domestic corporation, but for Sections 856 through 859 of the Internal Revenue Code; (4) that is neither a financial institution nor an insurance company subject to certain provisions of the Internal Revenue Code; (5) the beneficial ownership of which is held by 100 or more persons; (6) not more than 50% in value of the outstanding shares of which are owned, directly or indirectly, by five or fewer individuals (as defined in the Internal Revenue Code to include certain entities) during the last half of each taxable year; (7) that makes an election to be a REIT for the current taxable year or previously has made such an election which has not been terminated or revoked; and (8) that meets certain other tests, described below, regarding the nature of its income and assets. The Internal Revenue Code provides that conditions (1) through (4), inclusive, must be met during the entire taxable year and that condition (5) must be met during at least 335 days of a taxable year of 12 months, or during a proportionate part

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

of a taxable year of less than 12 months. PREIT's trust agreement contains certain restrictions regarding the transfers of its shares and provides certain disclosure requirements for 1% or greater shareholders that are intended to assist PREIT in continuing to satisfy the share ownership requirements described in (5) and (6) above. These restrictions, however, may not ensure that PREIT will be able to satisfy these share ownership requirements. If PREIT fails to satisfy these ownership requirements, PREIT will fail to qualify as a REIT.

In addition, PREIT must satisfy all relevant filing and other administrative requirements established by the Internal Revenue Service that must be met to maintain REIT status, use a calendar year for federal income tax purposes, and comply with the record keeping requirements of the Internal Revenue Code and regulations promulgated thereunder. To qualify as a REIT, PREIT cannot have at the end of any taxable year any undistributed earnings and profits that are attributable to a non-REIT taxable year.

A REIT is permitted to have wholly owned subsidiaries. Such a subsidiary will constitute a "qualified REIT subsidiary" unless the REIT elects to have it treated instead as a "taxable REIT subsidiary." A qualified REIT subsidiary is not treated as a separate entity for federal income tax purposes. Rather, all of the assets, liabilities and items of income, deductions and credit of a qualified REIT subsidiary are treated as if they were those of the REIT. A qualified REIT subsidiary is not subject to federal corporate income taxation, although it may be subject to state and local taxation in some states.

-46-

A REIT is also generally permitted to own any percentage of the stock of a "taxable REIT subsidiary," provided that the aggregate value of the REIT's interests in taxable REIT subsidiaries does not exceed 20% of the value of the REIT's gross assets and the aggregate value of the REIT's interests in its taxable REIT subsidiaries and the securities of other issuers does not exceed 25% of the value of the REIT's gross assets. Provided that certain limitations on operating activities are satisfied, an entity that is taxable as a corporation and is wholly or partially owned by a REIT will qualify as a "taxable REIT subsidiary" if both the REIT and the subsidiary so elect. A taxable REIT subsidiary is subject to federal income tax, and state and local income tax where applicable, as a regular C corporation. If a REIT receives dividends from a taxable REIT subsidiary, then dividends from the REIT to its shareholders, to the extent attributable to the taxable REIT subsidiary dividends, generally will be eligible to be subject to tax at reduced capital gains rates, rather than taxed at ordinary income rates.

A REIT is deemed to own its proportionate share of the assets of a partnership in which it is a partner and is deemed to receive its proportionate share of the income of the partnership. Thus, PREIT's proportionate share of the assets, liabilities and items of income of PREIT Associates, L.P. and each of the real estate partnerships or other pass-through entities in which PREIT Associates holds an interest (the "Title Holding Partnerships") will be treated as assets, liabilities and items of income of PREIT for purposes of applying the requirements described herein, provided that PREIT Associates and the Title Holding Partnerships are treated as partnerships for federal income tax purposes.

Income Tests. To maintain its qualification as a REIT, a REIT must satisfy two gross income requirements each year. First, at least 75% of a REIT's gross income each year (other than gross income from prohibited transactions) must be derived directly or indirectly from investments in real property or mortgages on real property (including "rents from real property" and, in certain

circumstances, interest) or from certain types of temporary investments. Second, at least 95% of a REIT's gross income each year (other than gross income from prohibited transactions) must be derived from the same items that qualify under the 75% income test, and/or from dividends, interest and gain from the sale or disposition of stock or securities.

Rents will qualify as "rents from real property" in satisfying the gross income requirements for a REIT described above only if several conditions are met. These conditions relate to the identity of the tenant, the computation of the rent payable and the nature of the property leased. First, the amount of rent must not be based in whole or in part on the income or profits of any person. However, an amount received or accrued generally will not be excluded from rents from real property solely by reason of being based on a fixed percentage or percentages of receipts or sales. Second, rents received from a "related party tenant" will not qualify as rents from real property in satisfying the gross income tests unless the tenant is a taxable REIT subsidiary, at least 90% of the property is leased to unrelated tenants and the rent paid by the taxable REIT subsidiary is substantially comparable to the rent paid by the unrelated tenants for comparable space. A tenant is a related party tenant if the REIT, or an actual or constructive owner of 10% or more of the REIT, actually or constructively owns 10% or more of the tenant. Third, if rent attributable to personal property, leased in connection with a lease of real property, is greater than 15% of the total rent received under the lease, then the portion of rent attributable to the personal property will not qualify as rents from real property.

-47-

PREIT does not anticipate receiving rents that fail to meet these conditions in amounts that, together with other types of nonqualifying income earned by PREIT, would cause PREIT to fail to satisfy the gross income tests.

In addition, for rents to qualify as "rents from real property," PREIT generally must not furnish or render more than a de minimis amount of services to tenants, other than through an "independent contractor" from whom PREIT derives no revenue or a taxable REIT subsidiary. The "independent contractor" requirement, however, does not apply to the extent the services provided by PREIT are "usually or customarily rendered" in connection with the rental of space for occupancy only and are not otherwise considered "rendered to the occupant." If the impermissible tenant service income (which is the greater of the amount actually received from an impermissible service to tenants or 150% of the cost of such service) that PREIT receives with respect to a property exceeds 1% of PREIT's total income from that property, then all of the income from that property will fail to qualify as rents from real property. Although PREIT-RUBIN, which, together with PREIT Services, LLC, comprise PREIT's commercial property development and management business, renders services with respect to rental properties of PREIT Associates and the Title Holding Partnerships, and PREIT-RUBIN does not constitute an "independent contractor" for this purpose, PREIT believes that the services being provided by PREIT-RUBIN with respect to these properties in past years have been usual or customary and should not otherwise be considered "rendered to the occupant." Moreover, for years beginning after December 31, 2000, PREIT and PREIT-RUBIN have elected for PREIT-RUBIN to be treated as a taxable REIT subsidiary. PREIT believes that the aggregate amount of any nonqualifying income in any taxable year earned by PREIT Associates and the Title Holding Partnerships has not caused, and will not cause, PREIT to exceed the limits on nonqualifying income under the 75% and 95% gross income tests.

PREIT Associates owns all of the outstanding shares of PREIT-RUBIN. As a taxable REIT subsidiary, PREIT-RUBIN is taxable as a regular corporation. PREIT-RUBIN performs management, development and leasing services for PREIT

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

Associates and other real estate owned in whole or in part by third parties. The third-party income earned by and taxed to PREIT-RUBIN would be nonqualifying income if earned directly by PREIT. As a result of the corporate structure, all third-party and other services income will be earned by and taxed to PREIT-RUBIN at applicable federal and state corporate income tax rates and will be received by PREIT only indirectly as dividends, after reduction by these taxes. Any such dividends will be qualifying income under the 95% test but will not be qualifying income for purposes of the 75% test.

If PREIT fails to satisfy one or both of the 75% and 95% gross income tests for any taxable year, it may nevertheless qualify as a REIT for that year if it is entitled to relief under the Internal Revenue Code. It is not possible, however, to state whether in all circumstances PREIT would be entitled to the benefit of these relief provisions. Even if these relief provisions were to apply, however, a tax would be imposed with respect to the "excess net income" attributable to the failure to satisfy the 75% and 95% gross income tests.

Asset Tests. PREIT, at the close of each quarter of its taxable year, must satisfy several tests relating to the nature of its assets: (1) at least 75% of the value of PREIT's total assets must be represented by "real estate

-48-

assets," cash, cash items and government securities; (2) not more than 25% of PREIT's total assets may be represented by securities other than those in the 75% asset class; (3) of the investments included in the 25% asset class (other than shares of a taxable REIT subsidiary or a qualified REIT subsidiary), the value of any one issuer's securities owned by PREIT may not exceed 5% of the value of PREIT's total assets, and PREIT may not own more than 10% of the vote or value of any one issuer's outstanding securities; and (4) not more than 20% of PREIT's total assets may be represented by the securities of one or more taxable REIT subsidiaries.

Securities, for purposes of the asset tests, may include debt PREIT holds from other issuers. However, debt PREIT holds in an issuer will not be taken into account for purposes of the 10% value test if the debt securities meet the "straight debt" safe harbor and (1) the issuer is an individual, (2) the only securities of the issuer that PREIT holds are straight debt or (3) if the issuer is a partnership, PREIT holds at least a 20 percent profits interest in the partnership. Debt will meet the "straight debt" safe harbor if the debt is a written unconditional promise to pay on demand or on a specified date a sum certain in money, the debt is not convertible, directly or indirectly, into stock, and the interest rate and the interest payment dates of the debt are not contingent on profits, the borrower's discretion or similar factors.

PREIT believes that it has complied, and anticipates that it will continue to comply, with these asset tests. PREIT is deemed to hold directly its proportionate share of all real estate and other assets of PREIT Associates and all assets deemed owned by PREIT Associates through its ownership of partnership interests in other partnerships. As a result, PREIT believes that more than 75% of its assets are real estate assets. In addition, PREIT does not plan to hold any securities other than securities in a qualified REIT subsidiary or taxable REIT subsidiary of PREIT representing more than 10% of the vote or value of any one issuer's common stock, or securities of any one issuer the value of which exceeds 5% of the value of PREIT's gross assets. Further, PREIT does not plan to hold securities of taxable REIT subsidiaries that, in the aggregate, exceed 20% of the total value of PREIT's assets. As previously discussed, PREIT is deemed to own its proportionate share of the assets of a partnership in which it is a partner so that the partnership interest, itself, is not a security for purposes of this asset test.

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

After initially meeting the asset tests at the close of any quarter, PREIT will not lose its status as a REIT for failure to satisfy the asset tests at the end of a later quarter solely by reason of changes in asset values. If the failure to satisfy the asset tests results from an acquisition of securities or other property during a quarter, the failure can be cured by disposition of sufficient nonqualifying assets within 30 days after the close of that quarter. PREIT intends to maintain adequate records of the value of its assets to ensure compliance with the asset tests, and to take any other action within 30 days after the close of any quarter as may be required to cure any noncompliance. No assurance can be given, however, that this other action will always be successful.

Annual Distribution Requirements. To qualify as a REIT, PREIT generally must distribute to its shareholders each year at least 90% of its REIT taxable income (computed without the dividends paid deduction and excluding net capital gains) and 90% of PREIT's net income after tax, if any, from foreclosure property, minus the sum of certain items of noncash income. Distributions must

-49-

generally be made during the taxable year to which they relate. Distributions may be made in the following year in two circumstances. First, if PREIT declares a dividend in October, November, or December of any year with a record date in one of these months and pays the dividend on or before January 31 of the following year, PREIT will be treated as having paid the dividend on December 31 of the year in which the dividend was declared. Second, distributions may be made in the following year if the dividends are declared before PREIT timely files its tax return for the year and if made before the first regular dividend payment made after such declaration. To the extent that PREIT does not distribute all of its net capital gain or distributes at least 90%, but less than 100% of its REIT taxable income, as adjusted, PREIT will be subject to tax on the undistributed amounts at regular corporate tax rates. In addition, PREIT may be subject to a 4% nondeductible excise tax on the excess of the required distribution over the sum of the amounts actually distributed and amounts retained for which federal income tax was paid if PREIT fails to distribute during a calendar year (or, in the case of distributions with declaration and record dates falling in the last three months of the calendar year, by the end of January following such calendar year) at least the sum of (1) 85% of PREIT's REIT ordinary income for such year, (2) 95% of PREIT's REIT capital gain net income for such year, and (3) any undistributed taxable income from prior periods.

PREIT may elect to retain rather than distribute all or a portion of its net capital gains and pay the tax on the gains. In that case, PREIT may elect to have its shareholders include their proportionate share of the undistributed net capital gains in income as long-term capital gains and receive a credit for their share of the tax paid by PREIT. For purposes of the 4% excise tax described above, any retained amounts would be treated as having been distributed.

PREIT believes that it has made, and expects to continue to make, timely distributions sufficient to satisfy the annual 90% distribution requirement. It is possible, however, that PREIT, from time to time, may not have sufficient cash or other liquid assets to meet the 90% distribution requirement and to avoid all corporate-level taxes. In that event, PREIT may arrange for short-term, or possibly long-term, borrowing (by itself or by PREIT Associates) to meet the 90% distribution requirement and avoid the corporate-level taxes.

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

Under some circumstances, PREIT may be able to rectify a failure to meet the distribution requirement for a year by paying deficiency dividends to shareholders in a later year, which may be included in PREIT's deduction for dividends paid for the earlier year. Thus, PREIT may be able to avoid being taxed on amounts distributed as deficiency dividends. However, PREIT will be required to pay interest based upon the amount of any deduction taken for deficiency dividends.

Failure to Qualify. If PREIT fails to qualify for taxation as a REIT in any taxable year, PREIT will be subject to tax (including any applicable alternative minimum tax) on its taxable income at regular corporate rates. If PREIT fails to qualify as a REIT, it will not be required to make any distributions to its shareholders and any distributions that are made will not be deductible by PREIT. As a result, PREIT's failure to qualify as a REIT would significantly reduce both the cash available for distributions by PREIT to its shareholders and its earnings. In addition, if PREIT fails to qualify as a REIT, all distributions to shareholders, to the extent of PREIT's current and accumulated earnings and profits, will be taxable as regular corporate

-50-

dividends, which means that shareholders taxed as individuals currently would be taxed on those dividends at capital gains rates and corporate shareholders generally would be entitled to a dividends received deduction with respect to such dividends. Unless entitled to relief under specific statutory provisions, PREIT also will be disqualified from taxation as a REIT for the four taxable years following the year during which qualification was lost. It is not possible to state whether in all circumstances PREIT would be entitled to this statutory relief.

Limitations Applicable to Taxable REIT Subsidiaries. Certain provisions of the Internal Revenue Code are designed to curtail a REIT's ability to minimize the taxable income of any taxable REIT subsidiary, such as PREIT-RUBIN. A 100% tax will apply to any excessive interest expense or other deductions paid by a taxable REIT subsidiary to the REIT and to any amounts by which the taxable REIT subsidiary undercharges tenants of the REIT. Also, there are limitations on the deductibility of interest by highly leveraged taxable REIT subsidiaries.

Income Taxation of PREIT Associates, the Title Holding Partnerships and their Partners

The following discussion summarizes certain federal income tax considerations applicable to PREIT's investment in PREIT Associates and the Title Holding Partnerships:

Classification of PREIT Associates and Title Holding Partnerships as Partnerships. PREIT will be entitled to include in its income its distributive share of the income and to deduct its distributive share of the losses of PREIT Associates (including PREIT Associates' share of the income or losses of the Title Holding Partnerships) only if PREIT Associates and the Title Holding Partnerships (collectively, the "Partnerships") are classified for federal income tax purposes as partnerships rather than as associations taxable as corporations. The Partnerships have not elected, and do not intend to elect, to be taxable for federal income tax purposes as corporations. Accordingly, under applicable "check-the-box" regulations, they should be classified as partnerships for federal income tax purposes.

Partnership Allocations. Although a partnership agreement generally will determine the allocation of income and losses among partners, the

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

allocations will be disregarded for tax purposes under Section 704(b) of the Internal Revenue Code if they do not comply with the provisions of Section 704(b) of the Internal Revenue Code and the Treasury Regulations promulgated thereunder as to substantial economic effect and other requirements.

If an allocation is not recognized for federal income tax purposes, the item subject to the allocation will be reallocated in accordance with the partners' interests in the partnership, which will be determined by taking into account all of the facts and circumstances relating to the economic arrangement of the partners with respect to the item. PREIT Associates' allocations of taxable income and loss are intended to comply with the requirements of Section 704(b) of the Internal Revenue Code and the Treasury Regulations promulgated thereunder.

Tax Allocations With Respect to Contributed Properties. The properties contributed directly or indirectly to PREIT Associates have generally been appreciated as of the time of contribution, and it is likely that properties contributed in the future will also be appreciated. Under Section 704(c) of the Internal Revenue Code, items of income, gain, loss and deduction attributable to

-51-

appreciated or depreciated property that is contributed to a partnership in exchange for an interest in the partnership must be allocated for federal income tax purposes in a manner so that the contributor is charged with or benefits from the unrealized gain or unrealized loss associated with the property at the time of the contribution. The amount of the unrealized gain or unrealized loss is generally equal to the difference between the fair market value of the contributed property at the time of contribution and the adjusted tax basis of the property at the time of contribution. The partnership agreements of the Partnerships require allocations of income, gain, loss and deduction attributable to the contributed property to be made in a manner that is consistent with Section 704(c) of the Internal Revenue Code. If the Partnerships sell contributed property at a gain or loss, the gain or loss will be allocated to the contributing partner(s) generally to the extent of the precontribution unrealized gain or loss.

Depreciation. The Partnerships' assets other than cash consist largely of appreciated property contributed by its partners. Assets contributed to a partnership in a tax-free transaction carry over their depreciation schedules. Accordingly, PREIT Associates' depreciation deductions for its real property are based largely on the historic depreciation schedules for the properties. The properties are being depreciated over a range of 15 to 40 years using various methods of depreciation which were determined at the time that each item of depreciable property was placed in service. Any real property purchased by the Partnerships will be depreciated over at least 39 years, except that residential buildings will be depreciated over 27.5 years, and land is nondepreciable. In certain instances where a partnership interest rather than real estate is contributed to the Partnership, the real estate may not carry over its depreciation schedule but rather may, similarly, be subject to the lengthier depreciation period.

Section 704(c) of the Internal Revenue Code requires that depreciation as well as gain and loss be allocated in a manner so as to take into account the variation between the fair market value and tax basis of the property contributed. Depreciation with respect to any property purchased by PREIT Associates subsequent to the admission of its partners, however, will be allocated among the partners in accordance with their respective percentage

interests in the Partnerships.

Sale of Partnership Property. Generally, any gain realized by a partnership on the sale of property held by the partnership for more than one year will be long-term capital gain, except for any portion of the gain that is treated as depreciation or cost recovery recapture. However, under the REIT requirements, PREIT's share as a partner of any gain realized by the Partnerships on the sale of any property held as inventory or other property held primarily for sale to customers in the ordinary course of a trade or business will be treated as income from a prohibited transaction that is subject to a 100% penalty tax. The prohibited transaction income could also have an adverse effect upon PREIT's ability to satisfy the income tests for REIT status. Under existing law, whether property is held as inventory or primarily for sale to customers in the ordinary course of a trade or business is a question of fact that depends on all the facts and circumstances with respect to the particular transaction. A safe harbor to avoid classification as a prohibited transaction exists as to real estate assets held for the production of rental income by a REIT for at least four years where in any taxable year the REIT has made no more than seven sales of property or, in the alternative, the aggregate of the adjusted bases of all properties sold does not exceed 10% of the adjusted bases of all of the REIT's properties during the year and the expenditures includable

-52-

in a property's net sales price. The Partnerships intend to hold properties for investment with a view to long-term appreciation, to engage in the business of acquiring, developing, owning, and operating and leasing properties and to make occasional sales of the properties as are consistent with PREIT's and PREIT Associates' investment objectives. No assurance can be given, however, that no property sale by the Partnerships will constitute a sale of inventory or other property held primarily for sale to customers.

Taxation of Shareholders

Taxation of Taxable Domestic Shareholders. As long as PREIT qualifies as a REIT, distributions made to PREIT's taxable domestic shareholders (or "U.S. shareholders") out of current or accumulated earnings and profits (and not designated as capital gain dividends or qualified dividend income) will be taken into account by them as ordinary income (at graduated federal income tax rates up to 35%). In determining the extent to which a distribution constitutes a dividend for tax purposes, PREIT's earnings and profits will be allocated first to distributions with respect to its preferred shares and then to its common shares. Corporate shareholders will not be eligible for the dividends-received deduction as to such amounts. Dividends paid by a REIT will generally not constitute qualified dividends that are taxed at the recently reduced federal capital gain tax rates (up to only 15%) that are generally applicable to dividend income earned by individuals from non-REIT C corporations, except to the extent the REIT dividends are attributable to dividend income earned by the REIT or are attributable to other REIT income on which certain income taxes have been paid by the REIT. PREIT does not anticipate that any substantial amount of its dividends will constitute qualified dividends.

Distributions in excess of current and accumulated earnings and profits will not be taxable to a U.S. shareholder to the extent that the distributions do not exceed the adjusted basis of the shareholder's shares. Rather, such distributions will reduce the adjusted basis of such shares. To the extent that distributions exceed the adjusted basis of a U.S. shareholder's shares, the distributions will be taxable as capital gains, assuming the shares are a capital asset in the hands of the U.S. shareholder.

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

Distributions will generally be taxable, if at all, in the year of the distribution. However, if PREIT declares a dividend in October, November, or December of any year with a record date in one of these months and pays the dividend on or before January 31 of the following year, PREIT will be treated as having paid the dividend, and the shareholder will be treated as having received the dividend, on December 31 of the year in which the dividend was declared.

PREIT may elect to designate distributions of its net capital gain as "capital gain dividends." Capital gain dividends are taxed to PREIT's U.S. shareholders as gain from the sale or exchange of a capital asset held for more than one year. This tax treatment applies regardless of the period during which the shareholders have held their shares. If PREIT designates any portion of a dividend as a capital gain dividend, the amount that will be taxable to the shareholder as capital gain will be detailed to U.S. shareholders on Internal Revenue Service Form 1099-DIV. Corporate shareholders, however, may be required to treat up to 20% of capital gain dividends as ordinary income.

-53-

Instead of paying capital gain dividends, PREIT may elect to require shareholders to include PREIT's undistributed net capital gains in their income. If PREIT makes such an election, U.S. shareholders (1) will include in their income as long-term capital gains their proportionate share of such undistributed capital gains and (2) will be deemed to have paid their proportionate share of the tax paid by PREIT on such undistributed capital gains and thereby receive a credit or refund for such amount. A U.S. shareholder of PREIT's shares will increase the basis in its shares by the difference between the amount of capital gain included in its income and the amount of tax it is deemed to have paid. PREIT's earnings and profits will be adjusted appropriately.

PREIT must classify portions of its designated capital gain dividend into the following categories:

1. a 15% gain distribution, which will be taxable to non-corporate U.S. shareholders at a maximum rate of 15%; or
2. an unrecaptured Section 1250 gain distribution, which will be taxable to non-corporate U.S. shareholders at a maximum rate of 25%.

In addition, a 20% gain distribution, which would be taxable to non-corporate U.S. shareholders of PREIT's shares at a maximum rate of 20%, rather than 15%, may be applicable for capital gain dividends attributable to PREIT's capital gains for periods prior to May 6, 2003.

Distributions made by PREIT and gain arising from the sale or exchange by a U.S. shareholder of PREIT's shares will not be treated as passive activity income, and as a result, U.S. shareholders of PREIT's shares generally will not be able to apply any "passive losses" against this income or gain. In addition, taxable distributions from PREIT generally will be treated as investment income for purposes of the investment interest limitations. A U.S. shareholder of PREIT's shares may elect to treat capital gain dividends, capital gains from the disposition of shares and income designated as qualified dividend income as investment income for purposes of the investment interest limitation, in which case the applicable gain or income will be taxed at ordinary income tax rates. U.S. shareholders of PREIT's shares may not include in their individual income tax returns any of PREIT's net operating losses or capital losses. PREIT's

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

operating or capital losses would be carried over by PREIT for potential offset against future income, subject to applicable limitations. PREIT will notify shareholders regarding the portions of distributions for each year that constitute ordinary income, return of capital and capital gain. In general, a domestic shareholder will realize capital gain or loss on the disposition of shares equal to the difference between (1) the amount of cash and the fair market value of any property received on the disposition and (2) the shareholder's adjusted basis of the shares. The gain or loss generally will constitute long-term capital gain or loss if the shareholder has held the shares for more than one year. For an individual shareholder, a long-term capital gain will generally be taxable at a maximum rate of 15%.

Loss upon a sale or exchange of shares by a shareholder who has held the shares for six months or less (after applying certain holding period rules) will be treated as a long-term capital loss to the extent of distributions from PREIT required to be treated by the shareholder as long-term capital gain (including both 15%- and 25%-rate gain).

-54-

Taxation of Tax-Exempt Shareholders. PREIT does not expect that distributions by PREIT to a shareholder that is a tax-exempt entity will constitute "unrelated business taxable income" ("UBTI"), provided that the tax-exempt entity has not financed the acquisition of its shares with "acquisition indebtedness" within the meaning of the Internal Revenue Code and the shares are not otherwise used in an unrelated trade or business of the tax-exempt entity. However, for a tax-exempt shareholder that is a social club, voluntary employee benefit association, supplemental unemployment benefit trust, or qualified group legal services plan exempt from federal income taxation under Internal Revenue Code Sections 501(c)(7), (c)(9), (c)(17) and (c)(20), respectively, or a single parent title-holding corporation exempt under Section 501(c)(2) the income of which is payable to any of the aforementioned tax-exempt organizations, income from an investment in PREIT's shares will constitute UBTI unless the organization properly sets aside or reserves such amounts for purposes specified in the Internal Revenue Code. These tax exempt shareholders should consult their own tax advisors concerning these "set aside" and reserve requirements.

Notwithstanding the above, however, a portion of the dividends paid by a "pension held REIT" are treated as UBTI as to any trust which is described in Section 401(a) of the Internal Revenue Code, is tax-exempt under Section 501(a) of the Internal Revenue Code, and holds more than 10%, by value, of the interests in the REIT. Tax-exempt pension funds that are described in Section 401(a) of the Internal Revenue Code are referred to below as "pension trusts."

A REIT is a "pension held REIT" if it meets the following two tests:

1. it would not have qualified as a REIT but for Section 856(h)(3) of the Internal Revenue Code, which provides that shares owned by pension trusts will be treated, for purposes of determining whether the REIT is closely held, as owned by the beneficiaries of the trust rather than by the trust itself; and

2. either (a) at least one pension trust holds more than 25% of the value of the interests in the REIT, or (b) a group of pension trusts, each individually holding more than 10% of the value of the REIT's shares, collectively owns more than 50% of the value of the REIT's shares.

The percentage of any REIT dividend from a "pension held REIT" that is treated as UBTI is equal to the ratio of the UBTI earned by the REIT, treating the REIT as if it were a pension trust and therefore subject to tax on UBTI, to the total

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

gross income of the REIT. An exception applies where the percentage is less than 5% for any year, in which case none of the dividends would be treated as UBTI.

Based on the current estimated ownership of PREIT's common and preferred shares and as a result of certain limitations on transfer and ownership of common and preferred shares contained in PREIT's trust agreement, PREIT does not expect to be classified as a "pension held REIT."

-55-

Taxation of Non-U.S. Shareholders. The rules governing U.S. federal income taxation of nonresident alien individuals, foreign corporations, foreign partnerships and other foreign shareholders (collectively, "Non-U.S. Shareholders") are complex, and no attempt will be made herein to provide more than a limited summary of these rules. Prospective Non-U.S. Shareholders should consult with their own tax advisor to determine the impact of U.S. federal, state and local income tax laws with regard to an investment in shares, including any reporting requirements. In particular, Non-U.S. Shareholders who are engaged in a trade or business in the United States, and Non-U.S. Shareholders who are individuals and who were present in the United States for 183 days or more during the tax year and have a "tax home" in the United States, may be subject to tax rules different from those described below.

Distributions that are not attributable to gain from sales or exchanges by PREIT of U.S. real property interests and not designated by PREIT as capital gain dividends or qualified dividend income will be treated as dividends of ordinary income to the extent that they are made out of current or accumulated earnings and profits of PREIT. These distributions, ordinarily, will be subject to a withholding tax equal to 30% of the gross amount of the distribution unless an applicable tax treaty reduces that tax or the dividends are treated as effectively connected with the conduct by the Non-U.S. Shareholder of a U.S. trade or business. Under some treaties, however, lower rates generally applicable to dividends do not apply to dividends from REITs. Dividends that are effectively connected with a trade or business will be subject to tax on a net basis, that is, after allowance for deductions, at graduated rates, in the same manner as U.S. shareholders are taxed with respect to these dividends, and are generally not subject to withholding. Applicable certification and disclosure requirements must be satisfied to be exempt from withholding under the effectively connected income exception. Any dividends received by a corporate Non-U.S. Shareholder that is engaged in a U.S. trade or business also may be subject to an additional branch profits tax at a 30% rate, or lower applicable treaty rate. PREIT expects to withhold U.S. income tax at the rate of 30% on any dividend distributions, not designated as (or deemed to be) capital gain dividends, made to a Non-U.S. Shareholder unless:

- o a lower treaty rate applies and the Non-U.S. Shareholder furnishes an Internal Revenue Service Form W-8BEN to PREIT evidencing eligibility for that reduced rate; or
- o the Non-U.S. Shareholder furnishes an Internal Revenue Service Form W-8ECI to PREIT claiming that the distribution is effectively connected income.

Distributions in excess of current and accumulated earnings and profits of PREIT will not be taxable to a Non-U.S. Shareholder to the extent that they do not exceed the adjusted basis of the shareholder's shares, but rather will reduce the adjusted basis of the shares. To the extent that these distributions exceed the adjusted basis of a Non-U.S. Shareholder's shares, they will give rise to tax liability if the Non-U.S. Shareholder would otherwise be subject to

tax on any gain from the sale or disposition of shares as described below (in which case they also may be subject to a 30% branch profits tax if the shareholder is a foreign corporation). If it cannot be determined at the time a distribution is made whether or not the distribution will be in excess of current or accumulated earnings and profits, the entire distribution will be subject to withholding at the rate applicable to dividends. However, the Non-U.S. Shareholder may seek a refund of the amounts from the Internal Revenue Service if it is subsequently determined that the distribution was, in fact, in excess of current or accumulated earnings and profits of PREIT.

-56-

PREIT may be required to withhold at least 10% of any distribution in excess of its current and accumulated earnings and profits, even if a lower treaty rate applies or the Non-U.S. Shareholder is not liable for tax on the receipt of that distribution. However, a Non-U.S. Shareholder may seek a refund of these amounts from the Internal Revenue Service if the Non-U.S. Shareholder's U.S. tax liability with respect to the distribution is less than the amount withheld.

PREIT generally will be required to withhold and remit to the Internal Revenue Service 35% of any distributions to Non-U.S. Shareholders that are designated as capital gain dividends, or, if greater, 35% of a distribution that could have been designated as a capital gain dividend. Distributions can be designated as capital gains to the extent of PREIT's net capital gain for the taxable year of the distribution. The amount withheld is creditable against the Non-U.S. Shareholder's United States federal income tax liability.

Although the law is not entirely clear on the matter, it appears that amounts of undistributed capital gain that are designated by PREIT as deemed distributions (as discussed under "Taxation of Taxable Domestic Shareholders" above) would be treated with respect to Non-U.S. Shareholders in the manner outlined in the preceding paragraph for actual distributions by PREIT of capital gain dividends. Under that approach, the Non-U.S. Shareholders would be able to offset as a credit against their United States federal income tax liability resulting therefrom their proportionate share of the tax paid by PREIT on the undistributed capital gains (and to receive from the Internal Revenue Service a refund to the extent their proportionate share of the tax paid by PREIT were to exceed their actual United States federal income tax liability). Under the Foreign Investment in Real Property Tax Act, which is referred to as "FIRPTA," distributions to a Non-U.S. Shareholder that are attributable to gain from sales or exchanges by PREIT of U.S. real property interests, whether or not designated as a capital gain dividend, will cause the Non-U.S. Shareholder to be treated as recognizing gain that is income effectively connected with a U.S. trade or business. Non-U.S. Shareholders will be taxed on this gain at the same rates applicable to U.S. shareholders, subject to a special alternative minimum tax in the case of nonresident alien individuals. Also, this gain may be subject to a 30% (or lower applicable treaty rate) branch profits tax in the hands of a Non-U.S. Shareholder that is a corporation.

Gain recognized by a Non-U.S. Shareholder upon a sale or exchange of PREIT's shares generally will not be subject to United States taxation unless:

-57-

- o the investment in PREIT's shares is effectively connected with a U.S. trade or business (or, in the case of a Non-U.S. Shareholder

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

that is an eligible resident of a foreign country that has an applicable tax treaty with the U.S., a U.S. permanent establishment of the Non-U.S. Shareholder), in which case the Non-U.S. Shareholder will be subject to the same treatment as a domestic shareholder with respect to any gain or loss;

- o the Non-U.S. Shareholder is a nonresident alien individual who is present in the United States for 183 days or more during the taxable year and has a tax home in the United States, in which case the nonresident alien individual will be subject to a 30% tax on the individual's net capital gains for the taxable year; or
- o PREIT's shares constitute a U.S. real property interests within the meaning of FIRPTA, as described below.

PREIT's shares will constitute U.S. real property interests within the meaning of FIRPTA unless PREIT is a "domestically controlled REIT," defined generally as a REIT for which at all times during a defined testing period less than 50% in value of its stock has been held directly or indirectly by foreign persons. PREIT believes that it is a domestically controlled REIT, and, therefore, that its shares do not constitute U.S. real property interests. However, because PREIT's shares are publicly traded, PREIT cannot guarantee that it is or will continue to be a domestically controlled REIT.

Even if PREIT were not to qualify as a domestically controlled REIT at the time a Non-U.S. Shareholder sells PREIT's shares, gain arising from the sale still would not be subject to FIRPTA tax if:

- o the class of shares sold is "regularly traded" on an established securities market, such as the NYSE (which PREIT believes to be the case); and
- o the selling Non-U.S. Shareholder has owned, actually or constructively, no more than 5% of the outstanding class of shares during the five-year period ending on the date of the sale.

If the gain on the sale of shares were to be subject to tax under FIRPTA, the Non-U.S. Shareholder would be subject to the same treatment as U.S. shareholders with respect to the gain (subject to applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals).

Backup Withholding Tax and Information Reporting

In general, information-reporting requirements will apply to payments of dividends on PREIT's shares to some U.S. shareholders, unless an exception applies.

The payor is required to withhold tax on such payments at the rate of 28% if (1) the payee fails to furnish a taxpayer identification number, or TIN, to the payor or to establish an exemption from backup withholding, or (2) the Internal Revenue Service notifies the payor that the TIN furnished by the payee is incorrect.

In addition, a payor of the dividends on PREIT's shares is required to withhold tax at a rate of 28% if (1) there has been a notified payee under-reporting with respect to interest, dividends or original issue discount described in Section 3406(c) of the Internal Revenue Code, or (2) there has been a failure of the payee to certify under the penalty of perjury that the payee is not subject to backup withholding under the Internal Revenue Code.

Some shareholders, including corporations, may be exempt from backup withholding. Any amounts withheld under the backup withholding rules from a payment to a shareholder will be allowed as a credit against the shareholder's United States federal income tax and may entitle the shareholder to a refund, provided that the required information is furnished to the Internal Revenue Service.

The payor will be required to furnish annually to the Internal Revenue Service and to PREIT's shareholders information relating to the amount of dividends paid on PREIT's shares, and that information reporting may also apply to payments of proceeds from the sale of PREIT's shares. Some shareholders, including corporations, financial institutions and certain tax-exempt organizations, are generally not subject to information reporting.

With regard to Non-U.S. Shareholders, information reporting generally will apply to payments of dividends on PREIT's shares, and backup withholding described above for a U.S. shareholder will apply, unless the payee certifies that it is not a U.S. person or otherwise establishes an exemption.

The payment of the proceeds from the disposition of PREIT's shares to or through the U.S. office of a U.S. or foreign broker will be subject to information reporting and backup withholding as described above for U.S. shareholders unless the Non-U.S. Shareholder satisfies the requirements necessary to be an exempt Non-U.S. Shareholder or otherwise qualifies for an exemption. The proceeds of a disposition by a Non-U.S. Shareholder of PREIT's shares to or through a foreign office of a broker generally will not be subject to information reporting or backup withholding. However, if the broker is a U.S. person, a controlled foreign corporation for U.S. tax purposes, a foreign person 50% or more of whose gross income from all sources for specified periods is from activities that are effectively connected with a U.S. trade or business, a foreign partnership if partners who hold more than 50% of the interest in the partnership are U.S. persons, or a foreign partnership that is engaged in the conduct of a trade or business in the U.S., then information reporting generally will apply as though the payment was made through a U.S. office of a U.S. or foreign broker.

Applicable Treasury regulations provide presumptions regarding the status of a PREIT shareholder when payments to such shareholder cannot be reliably associated with appropriate documentation provided to the payor. Because the application of these Treasury regulations varies depending on the shareholder's particular circumstances, you are advised to consult your tax advisor regarding the information reporting requirements applicable to you.

Sunset of Tax Provisions

Several of the tax considerations described herein are subject to a sunset provision. The sunset provision generally provides that for taxable years beginning after December 31, 2008, certain provisions that are currently in the Internal Revenue Code will revert back to a prior version of those provisions. These provisions include those related to the 15% capital gains rate and its application to qualified dividend income and other tax rates described herein. Prospective shareholders should consult their own tax advisors regarding the possible effects of these sunset provisions.

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

Other Tax Considerations

PREIT and its shareholders may be subject to state or local taxation in various state or local jurisdictions, including those in which it or they transact business or reside. The state and local tax treatment of PREIT and its shareholders may not conform to the federal income tax consequences discussed above. Prospective shareholders should consult their own tax advisors regarding the effect of state and local tax laws on an investment in shares of PREIT.

Tax Shelter Reporting

Under recently promulgated Treasury regulations, if a taxpayer recognizes a loss of \$2 million or more, in the case of an individual taxpayer, or \$10 million or more, in the case of a corporate taxpayer, the taxpayer may be required to file a disclosure statement with the Internal Revenue Service on Form 8886. Losses on sales of portfolio securities are in many cases exempt from this reporting requirement, but sales of REIT shares currently are not excepted. The fact that a loss is reportable under these regulations does not affect the legal determination of whether the taxpayer's treatment of the loss is proper. Stockholders should consult their tax advisors to determine the applicability of these regulations in light of their individual circumstances.

LEGAL MATTERS

The legality of the shares offered hereby will be passed upon for us by Drinker Biddle & Reath LLP. Drinker Biddle & Reath LLP will also pass on certain federal income tax matters respecting us.

EXPERTS

The consolidated financial statements and schedules of PREIT and subsidiaries as of December 31, 2002 and 2001, and for each of the years in the three-year period ended December 31, 2002 included in PREIT's Current Report on Form 8-K dated June 27, 2003 and filed on August 12, 2003 have been incorporated herein by reference in reliance upon the reports of KPMG LLP and Ernst & Young LLP, independent accountants, incorporated by reference herein, and upon the authority of said firms as experts in accounting and auditing.

The report of KPMG LLP dated March 27, 2003, except as to note 16, which is as of June 27, 2003, refers to the fact that PREIT has adopted Statement of Financial Accounting Standards No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets and Statement of Financial Accounting Standards No. 142, Goodwill and Other Intangible Assets as of January 1, 2002.

The financial statements of Lehigh Valley Associates at December 31, 2002 and December 31, 2001, and for the three years ended December 31, 2002 incorporated by reference in PREIT's Current Report on Form 8-K dated June 27, 2003 and filed on August 12, 2003, have been audited by Ernst & Young LLP, independent auditors, as set forth in their reports thereon included therein and incorporated herein by reference. Such financial statements are incorporated herein by reference in reliance upon such reports given on the authority of such firm as experts in accounting and auditing.

The statement of revenue and certain expenses of WG Park, L.P. for the year ended December 31, 2002 included in PREIT's Current Report on Form 8-K

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

dated September 12, 2003 and filed on September 17, 2003 have been incorporated herein by reference in reliance upon the report of KPMG LLP, independent accountants, incorporated by reference herein, and upon the authority of said firm as experts in accounting and auditing. The report of KPMG LLP dated September 12, 2003, includes a paragraph that states that the statement was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission, as described in note 2, and is not intended to be a complete presentation of the WG Park, L.P. revenue and expenses.

-61-

The combined statements of revenues and certain expenses of the Subject Properties - First Close and the Subject Properties - Second Close for the year ended December 31, 2002 and the statements of revenues and certain expenses of Cherry Hill Mall for the years ended December 31, 2002, 2001 and 2000 included in PREIT's Current Report on Form 8-K/A No. 2 dated April 28, 2003 (filed on September 26, 2003) have been incorporated herein by reference in reliance upon the report of KPMG LLP, independent accountants, incorporated by reference herein, and upon the authority of said firm as experts in accounting and auditing. The reports of KPMG LLP dated April 29, 2003 include a paragraph that states that the statements were prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission, as described in note 2, and are not intended to be a complete presentation of the revenues and expenses of the Subject Properties - First Close, the Subject Properties - Second Close and Cherry Hill Mall.

The consolidated financial statements and schedules of Crown American Realty Trust at December 31, 2002, and for the three years then ended incorporated by reference in Crown American Realty Trust's Current Report on Form 8-K dated June 9, 2003 and filed June 19, 2003, have been audited by Ernst & Young LLP, independent auditors, as set forth in their report thereon included therein and incorporated herein by reference. Such consolidated financial statements and schedules are incorporated herein by reference in reliance upon such report given on the authority of such firm as experts in accounting and auditing.

WHERE YOU CAN FIND MORE INFORMATION

We are subject to the informational requirements of the Securities Exchange Act of 1934, which require us to file reports, proxy statements and other information with the SEC. You may read and copy our SEC filings at the SEC's Public Reference Facilities, which are in Room 1024, 450 Fifth Street, N.W., Washington, D.C. 20549 and the SEC's following regional offices: 233 Broadway, New York, New York 10279 and 175 W. Jackson Boulevard, Chicago, Illinois 60604. Copies of the material can be obtained from the Public Reference Section of the SEC, 450 Fifth Street, N.W., Washington, D.C. 20549, at prescribed rates, by calling 1-800-SEC-0330. The SEC also maintains an Internet web site at <http://www.sec.gov> that contains our SEC filings. In addition, our shares are listed on the New York Stock Exchange and our SEC filings can be inspected at the offices of the New York Stock Exchange, 20 Broad Street, New York, New York 10005.

We filed with the SEC a registration statement on Form S-3 under the Securities Act of 1933 with respect to the securities we are offering by this

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 424B3

prospectus. This prospectus does not contain all of the information set forth in the registration statement because we have omitted some of the information as permitted by the SEC's rules and regulations. Statements contained in this prospectus as to the contents of any contract or other document are not necessarily complete. In each instance, each statement is qualified, in all respects, by reference to the copy of the applicable contract or document filed as an exhibit to the registration statement. For further information about us and our securities, we refer you to the registration statement and the exhibits and schedules that may be obtained from the SEC at its principal office in Washington, D.C. after payment of the SEC's prescribed fees.

The SEC allows us to "incorporate by reference" the information in documents we file with them. This means that we can disclose important information by referring you to these documents. The information we incorporate by reference is an important part of this prospectus, and information in documents we file after the date of this prospectus automatically will update and supersede information in this prospectus.

We filed the documents listed below under the Exchange Act with the SEC, and we incorporate each of the documents, and all documents filed after the date of this prospectus under Section 13(a), 13(c), 14 or 15(d) of the Exchange Act, into this prospectus by reference:

1. 2002 Annual Report on Form 10-K, filed on March 31, 2003.
2. Quarterly Reports on Form 10-Q for the quarters ended March 31, 2003, filed on May 15, 2003, and June 30, 2003, filed on August 14, 2003.
3. Current Reports on Form 8-K dated April 3, 2003 (filed on April 10, 2003), dated April 28, 2003 (filed on May 13, 2003, amended on June 20, 2003, amended on September 26, 2003), dated May 13, 2003 (filed on May 22, 2003), dated May 30, 2003 (filed on June 16, 2003, amended on August 8, 2003, amended on September 29, 2003), dated June 27, 2003 (filed on August 12, 2003), dated August 15, 2003 (filed on August 15, 2003 and amended on August 25, 2003), dated August 21, 2003 (filed on August 21, 2003) and dated September 2, 2003 (filed on September 17, 2003).

FORWARD LOOKING STATEMENTS

This prospectus, together with other statements and information publicly disseminated by us, contains certain "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and other matters that are not historical facts. These forward-looking statements reflect our current views about future events and are subject to risks, uncertainties and changes in circumstances that may cause future events, achievements or results to differ materially from those expressed or implied by the forward-looking statement. Factors that may cause our actual results to differ materially from those expressed or implied by our forward-looking statements include, but are not limited to:

- o the timing and full realization of the expected benefits from the recently completed and currently proposed transactions;
- o the cost, timing and difficulty of integrating the properties recently acquired or currently proposed to be acquired into our business; and
- o greater than expected operating costs, financing costs and business disruption associated with the recently completed and currently proposed transactions, including without limitation, difficulties in maintaining relationships with employees and tenants following the consummation of such transactions.

Additional factors that may cause our actual results to differ materially from those expressed or implied in our forward-looking statements include those discussed in the section entitled "Risk Factors." We do not intend to and disclaim any duty or obligation to update or revise any forward-looking statements to reflect new information, future events or otherwise.
