Exhibit 99.1 Press release dated April 25, 2003
announcing financial results for the
second quarter ended March 31, 2003.

Item 9. Regulation FD Disclosure.

The information contained in this Item 9 of this Current Report is being furnished pursuant to "Item 12. Disclosure of Results of Operations and Financial Condition", in accordance with SEC Release No. 33-8216. The information in this Current Report is being furnished and shall not be deemed "filed" for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section.

On April 25, 2003, the Company issued a press release announcing its preliminary financial results for the second quarter ended March 31, 2003. A copy of the press release is attached hereto as Exhibit 99.1.

In the press release, the Company presented the following non-GAAP (generally accepted accounting principles) financial measures:

- o The Company presented the Company's revenue growth rates at constant foreign exchange rates. Management believes that presenting growth rates at constant foreign exchange rates allows investors to view the business results of the Company and of its segments without the impact of fluctuations in foreign currency exchange rates, thereby facilitating comparisons to prior periods.
- o The Company presented the Company's earnings per share for the three and six-month periods ended March 31, 2002 after excluding the impact of a special charge relating to a manufacturing restructuring. Management believes that excluding this charge from earnings per share allows investors to more easily compare the Company's financial performance to the corresponding prior period and to understand the operating results of the Company without the effects of this charge.

The Company's management considers these non-GAAP financial measures internally in evaluating the Company's performance. Investors should consider these non-GAAP measures in addition to, not as a substitute for or as superior to, measures of financial performance prepared in accordance with GAAP. Reconciliations of these financial measures to the most directly comparable GAAP financial measures were provided in the press release.
