Certain sections of the Annual Report on Form 10-K for the fiscal year ended December 31, 2002 of the undersigned registrant, Bowne & Co., Inc. (the Company), are hereby superceded to reflect reclassified segment information resulting from modifications to its reportable segments.

The information included in this Form 8-K affects only disclosures related to segment results, and does not in any way restate or revise the Company's financial position, results of operations or cash flows.

As previously announced in our quarterly filings for this fiscal year, in the first quarter of 2003, the Company changed the manner in which it reports and evaluates segment information. The Company now reports certain administrative, legal, finance, and other support services which are not directly attributable to the segments in the category Corporate/Other. These costs had previously been allocated to the individual operating segments.

As required by Statement of Financial Accounting Standards (SFAS) No. 131, consolidated financial statements issued by the Company in the future will reflect modifications to its reportable segments resulting from these changes, including reclassification of all comparative prior period segment information. Accordingly, in this Form 8-K, the Company is providing the required reclassified segment information as they related to prior periods.

The attached exhibits contain the portions of the Company's 2002 Form 10-K that are affected by these changes. Exhibit 99(a) reflects changes made to Item 1 Business. Exhibit 99(b) reflects changes made to Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations. Exhibit 99(c) contains the complete set of consolidated financial statements from the Company's 2002 Form 10-K for which the segment information has been reclassified to conform to the new segment presentation. These financial statements, conformed for the changes, are now a part of the Company's historical financial statements.
