ITEM 2.01. COMPLETION OF ACQUISITION OR DISPOSITION OF ASSETS.

On November 18, 2005, International Coal Group, Inc. (the "Company") completed a corporate reorganization (the "Reorganization") pursuant to the Business Combination Agreement (the "Anker Business Combination Agreement") among ICG, Inc. (f/k/a International Coal Group, Inc.) ("ICG, Inc."), the Company, ICG Merger Sub, Inc., Anker Merger Sub, Inc. and Anker Coal Group, Inc. ("Anker"), dated as of March 31, 2005, as amended. Prior to the Reorganization, the Company's top-tier parent holding company was ICG, Inc. Upon completion of the Reorganization, the Company became the new top-tier parent holding company. In the Reorganization, the stockholders of ICG, Inc. received one share of common stock of the Company in exchange for each share of ICG, Inc. common stock, with the Company having issued an aggregate of 106,605,999 shares of its common stock pursuant to a registration statement on Form S-4. Additionally, in connection with the Reorganization, (i) the 300,000 outstanding shares of ICG, Inc. restricted stock issued to Bennett K. Hatfield, the Company's President and Chief Executive Officer, pursuant to his employment agreement were exchanged for an equal number of shares of restricted stock of the Company, and (ii) Mr. Hatfield's options to purchase 319,052 shares of ICG, Inc. common stock were converted into the right to purchase an equal number of shares of the Company's common stock. Prior to the Reorganization, the Company had 10,000,000 shares of common stock outstanding, consisting of 10,325,000 shares issued to ICG, LLC, which were cancelled in the Reorganization, and 325,000 shares of restricted stock granted to the Company's executive officers other than Mr. Hatfield.

On November 18, 2005, the Company also completed the acquisitions of Anker and CoalQuest Development LLC ("CoalQuest") pursuant to (i) the Anker Business Combination Agreement and (ii) the Business Combination Agreement among ICG, Inc., the Company, CoalQuest and the members of CoalQuest, dated as of March 31, 2005, as amended. In connection with these acquisitions, the Company issued an aggregate of 29,824,670 shares of common stock to an escrow agent for the benefit of the shareholders of Anker and the members of CoalQuest until the final determination of the number of shares issuable. The final aggregate number of shares to be issued to the former Anker shareholders will be equal to 163,250,000 divided by the price per share at which the Company's common stock is offered in its proposed public offering (subject to adjustment if certain contingent events occur), and the final aggregate number of shares to be issued to the former CoalQuest members will be equal to 101,750,000 divided by the price per share at which the Company's common stock is offered in its proposed public offering. If no public offering occurs by March 31, 2006, all 29,824,670 shares will be issued to the former Anker shareholders and CoalQuest members.

The escrowed shares are deemed outstanding; any dividends or distributions or other rights in respect of these shares will be added to and also held in escrow, and these escrowed shares will be voted in accordance with the instructions of the beneficial owners in accordance with their relative interest. If the shares deposited exceed the finally determined number of shares to be issued in the Anker and CoalQuest acquisitions, the excess shares will be returned to the Company.

Anker is a producer of steam and metallurgical coal. It operates 10 non-unionized deep and surface coal mines strategically located in West Virginia and Maryland. CoalQuest owns or controls approximately 377 million tons of coal reserves, as well as 142 million tons of coal resources, in Northern and Central Appalachia. Anker leases a majority of its coal reserves from CoalQuest. CoalQuest has no other material operations other than its leasing activity.
