(1)

This registration statement covers an indeterminate number of common stock, preferred stock, and warrants of Conexant Systems, Inc. as may from time to time be issued at indeterminate prices, in United States dollars or the equivalent thereof in any other currency, composite currency or currency unit, as shall result in an aggregate initial offering price for all securities in an amount not to exceed \$20,000,000. Any securities registered hereunder may be sold separately or as units with other securities registered hereunder.

- (2) Estimated solely for the purpose of calculating the registration fee, which is calculated in accordance with Rule 457(o) of the rules and regulations under the Securities Act of 1933. Rule 457(o) permits the registration fee to be calculated on the basis of the maximum offering price of all of the securities listed and, therefore, the table does not specify by each class information as to the amount to be registered, the proposed maximum offering price per unit or the proposed maximum aggregate offering price.
- (3) The registration fee has been calculated in accordance with Rule 457(o) under the Securities Act.
- (4) Shares of common stock may be issuable upon conversion of shares of preferred stock registered hereunder. No separate consideration will be received for such shares of common stock.

The Registrant hereby amends this Registration Statement on such date or dates as may be necessary to delay its effective date until the Registrant shall file a further amendment which specifically states that this Registration Statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933, or until the Registration Statement shall become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.

ABOUT CONEXANT SYSTEMS, INC.

We design, develop and sell semiconductor system solutions, comprised of semiconductor devices, software and reference designs for use in broadband communications applications that enable high-speed transmission, processing and distribution of audio, video, voice and data to and throughout homes and business enterprises worldwide. Our access solutions connect people through personal communications access products, such as personal computers (PCs), to audio, video, voice and data services over wireless and wire line broadband connections as well as over dial-up Internet connections. Our central office solutions are used by service providers to deliver high-speed audio, video, voice and data services over copper telephone lines and optical fiber networks to homes and businesses around the globe. In addition, media processing products enable the capture, display, storage, playback and transfer of audio and video content in applications throughout home and small office environments. These solutions enable broadband connections and network content to be shared throughout a home or small office-home office environment using a variety of communications devices.

We market and sell our semiconductor products and system solutions directly to leading original equipment manufacturers (OEMs) of communication electronics products, and indirectly through electronic components distributors. We also sell our products to third-party electronic manufacturing service providers, who manufacture products incorporating our semiconductor products for OEMs.

We have many years of operating history in the communications semiconductor business, including as part of the semiconductor systems business of Rockwell International Corporation (now Rockwell Automation, Inc.), and have been an independent public company since January 1999, following our spin-off from Rockwell. Since then, we have transformed our company from a broad-based communications semiconductor supplier into a fabless communications semiconductor supplier focused on delivering the technology and products for imaging, video, audio, and Internet

connectivity applications.

Our principal corporate office is located at 4000 MacArthur Boulevard, Newport Beach, CA 92660, and our main telephone number at that location is (949) 483-4600. We maintain a website at www.conexant.com. None of the information contained on our website or on websites linked is part of this prospectus.

Table of Contents**RISK FACTORS**

Investing in our securities involves a high degree of risk. Before making an investment decision, you should carefully consider any risk factors set forth in the applicable prospectus supplement and the documents incorporated by reference into this prospectus and the applicable prospectus supplement, as well as other information we include or incorporate by reference into this prospectus and in the applicable prospectus supplement.

USE OF PROCEEDS

We will retain broad discretion over the use of the net proceeds to us from any sale of our securities under this prospectus. We intend to use the net proceeds from the sale of the securities for general corporate purposes, including, but not limited to, repaying, redeeming or repurchasing existing debt, and for working capital, capital expenditures and acquisitions. Pending application of the net proceeds, we may initially invest the net proceeds in short-term investment grade securities.

RATIO OF EARNINGS TO FIXED CHARGES

Our ratio of earnings to fixed charges, for the periods indicated, are set forth below:

Six Fiscal Months Ended April 3, 2009	2008	2007	Fiscal Year(1) 2006	2005	2004
(2)	(2)	(2)	(2)	(2)	(2)

(1) Our fiscal year ends on the Friday nearest to September 30 of each year.

(2) For purposes of calculating this ratio, earnings consist of income (loss) from continuing operations before (i) income taxes, (ii) income (loss) from equity method investments and (iii) fixed charges. Fixed charges consist of interest expense, including amortization of debt issuance costs, and the portion of rent expense which we believe is representative of the interest component of rental expense. Earnings were insufficient to cover fixed charges by \$9.9 million for the six fiscal months ended April 3, 2009 and \$98.7 million, \$227.8 million, \$51.9 million, \$93.3 million and \$270.6 million for fiscal years 2008, 2007, 2006, 2005 and 2004, respectively.

DESCRIPTION OF CAPITAL STOCK**General**

This prospectus describes the general terms of our common and preferred stock. For a more detailed description of these securities, you should read the applicable provisions of Delaware law and our certificate of incorporation and bylaws. When we offer to sell a particular series of these securities, we will describe the specific terms of the series in a supplement to this prospectus. Accordingly, for a description of the terms of any series of securities, you must refer to both the prospectus supplement relating to that series and the description of the securities described in this prospectus. To the extent the information contained in the prospectus supplement differs from this summary description, you should rely on the information in the prospectus supplement.

Our authorized capital stock consists of:

100,000,000 shares of common stock, par value \$0.01 per share; and

25,000,000 shares of preferred stock, no par value.

As of July 16, 2009, there were 49,912,788 shares of common stock outstanding and no shares of preferred stock outstanding.

Certain of the provisions described under this section entitled [Description of Capital Stock](#) could have the effect of discouraging transactions that might lead to a change of control of Conexant.

Table of Contents

Our restated certificate of incorporation and by-laws:

establish a classified board of directors, whereby our directors are elected for staggered terms in office so that only one-third of our directors stand for election in any one year;

require stockholders to provide advance notice of any stockholder nominations for directors or any proposal of new business to be considered at any meeting of stockholders;

require a supermajority vote to remove a director or to amend or repeal certain provisions of our restated certificate of incorporation or by-laws;

preclude stockholders from acting by written consent without a meeting of stockholders; and

preclude stockholders from calling a special meeting of stockholders.

Common Stock

Holders of common stock are entitled to such dividends as may be declared by our board of directors out of funds legally available therefor. Dividends may not be paid on common stock unless all accrued dividends on preferred stock, if any, have been paid or set aside. In the event of our liquidation, dissolution or winding up, the holders of common stock will be entitled to share pro rata in the assets remaining after payment to creditors and after payment of the liquidation preference plus any unpaid dividends to holders of any outstanding preferred stock. See Dividend Policy.

Each holder of shares of common stock will be entitled to one vote for each such share outstanding in the holder's name. No holder of common stock will be entitled to cumulate votes in voting for directors. Our restated certificate of incorporation provides that, unless otherwise determined by our board of directors, no holder of shares of common stock will have any right to purchase or subscribe for any stock of any class that we may issue or sell.

Preferred Stock

Our restated certificate of incorporation permits us to issue up to 25,000,000 shares of our preferred stock in one or more series and with rights and preferences that may be fixed or designated by our board of directors without any further action by our stockholders. The powers, preferences, rights and qualifications, limitations and restrictions of the preferred stock of any series will be fixed by the certificate of designation relating to such series, which will specify the terms of the preferred stock, including:

the maximum number of shares in the series and the distinctive designation;

the terms on which dividends, if any, will be paid;

the terms on which the shares may be redeemed, if at all;

the terms of any retirement or sinking fund for the purchase or redemption of the shares of the series;

the liquidation preference, if any;

the terms and conditions, if any, on which the shares of the series shall be convertible into, or exchangeable for, shares of any other class or classes of capital stock;

the restrictions on the issuance of shares of the same series or any other class or series; and
the voting rights, if any, of the shares of the series.

Although our board of directors has no intention at the present time of doing so, it could issue a series of preferred stock that could, depending on the terms of such series, impede the completion of a merger, tender offer or other takeover attempt.

Table of Contents

Anti-Takeover Provisions

We are governed by the Delaware General Corporation Law, or DGCL. Our certificate of incorporation and bylaws contain provisions that could make more difficult the acquisition of the company by means of a tender offer, a proxy contest or otherwise.

Classified Board

Our certificate of incorporation provides that our directors, other than those who may be elected by the holders of preferred stock or any other series or class of stock, shall be divided into three classes of directors, as nearly equal in number as possible, with overlapping three-year terms. One class of directors is to be elected each year with a term extending to the third succeeding annual meeting after election. The classification of the board has the effect of requiring at least two annual stockholders meetings, instead of one, to replace a majority of the members of the board of directors.

Supermajority Vote

Our certificate of incorporation provides that the affirmative vote of at least 80% in voting power of the outstanding shares of our capital stock entitled to vote generally in the election of directors, voting together as a single class is required: (i) to remove any director from office at any time, which removal may only be for cause, (ii) in order for our stockholders to amend, alter or repeal our bylaws and (iii) to amend or repeal certain provisions of our certificate of incorporation, including those related to limiting liabilities of directors and removing directors.

Our restated certificate of incorporation also contains a fair price provisions pursuant to which a Business Combination (as defined in our restated certificate of incorporation) between us or one of our subsidiaries and an Interested Shareowner (as defined in our restated certificate of incorporation) requires approval by the affirmative vote of the holders of not less than 80 percent of the voting power of all of our outstanding capital stock entitled to vote generally in the election of directors, voting together as a single class, unless the Business Combination is approved by at least two-thirds of the Continuing Directors (as defined in our restated certificate of incorporation) or certain fair price criteria and procedural requirements specified in the fair price provision are met. If either the requisite approval of our board of directors or the fair price criteria and procedural requirements were not met, the Business Combination would be subject to the voting requirements otherwise applicable under the DGCL, which for most types of Business Combinations currently would be the affirmative vote of the holders of a majority of all of our outstanding shares of stock entitled to vote thereon. Any amendment or repeal of the fair price provisions, or the adoption of provisions inconsistent therewith, must be approved by the affirmative vote of the holders of not less than 80 percent of the voting power of all of our outstanding capital stock entitled to vote generally in the election of directors, voting together as a single class, unless such amendment, repeal or adoption were approved by at least two-thirds of the Continuing Directors, in which case the provisions of the DGCL would require the affirmative vote of the holders of a majority of the outstanding shares of our capital stock entitled to vote thereon.

Advance Notice Procedures

Our bylaws establish an advance notice procedure for stockholders to make nominations of candidates for election as directors at an annual or special meeting of the stockholders or bring other business before an annual meeting of the stockholders. This notice procedure provides that, in order to nominate candidates for election as directors or raise other matters at an annual meeting, the nominations must be made or the matters must be raised in the company's notice of meeting, or by or at the direction of our board of directors, or by a stockholder who (i) is a stockholder of record at the time of giving notice as required by the bylaws, (ii) is entitled to vote at the meeting, and (iii) complies with the notice provisions of the bylaws. If our chairman or other officer presiding at a meeting determines that a

person was not nominated or other business was not brought before the annual meeting in accordance with the notice procedure, that person will not be eligible for election as a director or that business will not be conducted at the meeting.

Table of Contents

Special Meetings of Stockholders

Under our bylaws, stockholders may not call a special meeting of the stockholders and the only business to be conducted at a special meeting of the stockholders will be the business brought before the meeting pursuant to the company's notice of meeting.

Authorized but Unissued Shares

Our authorized but unissued shares of common stock are available for future issuance without stockholder approval, subject to any limitations imposed by the listing standards of the NASDAQ Global Select Market. We may use these additional shares for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. Our board of directors also has the ability to issue shares of our authorized but unissued preferred stock in one or more series without further stockholder approval. The existence of authorized but unissued shares of common and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Action by Written Consent

Our bylaws do not permit stockholder action by written consent.

The overall effect of the foregoing provisions may be to deter a future tender offer. Stockholders might view such an offer to be in their best interest should the offer include a substantial premium over the market price of our common stock at that time. In addition, these provisions may have the effect of assisting our management to retain its position and place it in a better position to resist changes that the stockholders may want to make if dissatisfied with the conduct of our business.

The Delaware General Corporation Law

We are subject to Section 203 of the DGCL, which regulates corporate acquisitions. In general, Section 203 prohibits a publicly-held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years following the date the person became an interested stockholder, unless:

the board of directors approved the transaction in which the stockholder became an interested stockholder prior to the date the interested stockholder attained such status;

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholders owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding shares owned by persons who are directors and also officers and employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

the business combination is approved by a majority of the board of directors and by the affirmative vote of at least two-thirds of the outstanding voting stock that is not owned by the interested stockholder.

Transfer Agent and Registrar

The Transfer Agent and Registrar for our common stock is Mellon Investor Services LLC.

Listing

Our shares of common stock are quoted on the NASDAQ Global Select Market under the symbol CNXT.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase preferred stock (preferred stock warrants) or common stock (common stock warrants, and collectively with the preferred stock warrants, warrants). We may issue warrants independently or together with any other securities we offer pursuant to a prospectus supplement and the warrants may

be attached or separate from the securities. We will issue each series of warrants under a separate warrant agreement that we will enter into with a bank or trust company, as warrant agent.

the date on which the right to exercise the warrants will commence, and the date on which the right will expire; and

the maximum or minimum number of the warrants which may be exercised at any time.

Each warrant will entitle the holder of the warrant to purchase for cash at the exercise price set forth in the applicable prospectus supplement the shares of preferred stock or common stock being offered. Holders may exercise warrants at any time up to the close of business on the expiration date set forth in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants are void.

Holders may exercise warrants as set forth in the prospectus supplement relating to the warrants being offered. Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, forward the shares of preferred stock or common stock purchaseable upon the exercise. If less than all of the warrants represented by the warrant certificate are exercised, we will issue a new warrant certificate for the remaining warrants.

DESCRIPTION OF UNITS

We may issue securities in units, each consisting of two or more types of securities. For example, we might issue units consisting of a combination of preferred stock and warrants to purchase common stock. If we issue units, the prospectus supplement relating to the units will contain the information described above with regard to each of the securities that is a component of the units. In addition, each prospectus supplement relating to units will:

state how long, if at all, the securities that are components of the units must be traded in units, and when they can be traded separately;

state whether we will apply to have the units traded on a securities exchange or securities quotation system; and

describe how, for U.S. federal income tax purposes, the purchase price paid for the units is to be allocated among the component securities.

through agents;

through dealers; or

through a combination of any of the foregoing methods of sale.

We may distribute the securities from time to time in one or more transactions at

a fixed price or prices, which may be changed;

prices related to such prevailing market prices; or

negotiated prices.

Direct Sales

We may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act, with respect to any resale of the securities. A prospectus supplement will describe the terms of any sale of securities we are offering hereunder.

To Underwriters

The applicable prospectus supplement will name any underwriter involved in a sale of securities. Underwriters may offer and sell securities at a fixed price or prices, which may be changed, or from time to time at market prices or at negotiated prices. Underwriters may be deemed to have received compensation from us from sales of securities in the form of underwriting discounts or commissions and may also receive commissions from purchasers of securities for whom they may act as agent. Underwriters may be involved in any of the market offering of equity securities by or on our behalf.

Underwriters may sell securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions (which may be changed from time to time) from the purchasers for whom they may act as agent.

We will name any agent involved in a sale of securities, as well as any commissions payable by us to such agent, in a prospectus supplement. Unless we indicate differently in the prospectus supplement, any such agent will be acting on a reasonable efforts basis for the period of its apportionment.

If we utilize a dealer in the sale of the securities being offered pursuant to this prospectus, we will sell the securities to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale.

delivery on future dates. Such contracts will be subject to only those conditions set forth in the applicable prospectus supplement.

The underwriters, dealers and agents will not be responsible for the validity or performance of the contracts. We will set forth in the prospectus supplement relating to the contracts the price to be paid for the securities, the commissions payable for solicitation of the contracts and the date in the future for delivery of the securities.

General Information

Underwriters, dealers and agents participating in a sale of the securities may be deemed to be underwriters as defined in the Securities Act, and any discounts and commissions received by them, and any profit realized by them on resale of the securities, may be deemed to be underwriting discounts and commissions under the Securities Act. We may have agreements with underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, and to reimburse them for certain expenses.

Shares of our common stock are quoted on the Nasdaq Global Select Market. Unless otherwise specified in the related prospectus supplement, all securities we offer, other than common stock, will be new issues of securities with no established trading market. Any underwriter may make a market in these securities, but will not be obligated to do so and may discontinue any market making at any time without notice. We may apply to list any series of preferred stock or warrants on an exchange, but we are not obligated to do so. Therefore, there may not be liquidity or a trading market for any series of securities.

Underwriters, dealers or agents who may become involved in the sale of our securities may be customers of, engage in transactions with and perform other services for us in the ordinary course of their business for which they receive compensation.

ITEM 15. *Indemnification of Directors and Officers*

As authorized by Section 102(b)(7) of the Delaware General Corporation Law (the "DGCL"), the Amended and Restated Certificate of Incorporation (the "Certificate") of Conexant Systems, Inc. (the "Company") provides that a director of the Company will not be liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the Company or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for liability for payments of dividends of stock purchased or redemptions in violation of the DGCL, and (iv) for any transaction from which the director derived an improper personal benefit.

While the Certificate provides directors with protection from awards for monetary damages for breaches of their duty of care, it does not eliminate such duty. Accordingly, the Certificate will have no effect on the availability of equitable remedies, such as an injunction or rescission based on a director's breach of such director's duty of care.

The DGCL provides for indemnification of directors, officers, employees and agents subject to certain limitations. Our bylaws and the appendix thereto provide for the indemnification of our directors, officers, employees and agents to the extent permitted by Delaware law. Our directors and officers are insured against certain liabilities for actions taken in such capacities, including liabilities under the Securities Act of 1933 (the "Securities Act"). We have entered into indemnity agreements with our directors, executive officers and certain other key employees whereby we have agreed to indemnify the directors and officers to the extent permitted by Delaware law.

The Company maintains directors' and officers' liability insurance policies insuring directors and officers of the Company for certain covered losses as defined in the policies.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the

opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

ITEM 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for purposes of determining any liability under the Securities Act of 1933 to any purchaser:

(i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus

that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described in Item 15 above, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
