On July 16, 2009, Infineon Technologies AG (the Company) filed a Registration Statement on Form F-3 (F-3 Registration Statement) in connection with a rights offering of up to 337,000,000 ordinary shares, including ordinary shares represented by American depositary shares.

The Company is filing a press release announcing the preliminary results of the rights offering on this Report on Form 6-K, which is hereby incorporated by reference into, and forms a part of, the F-3 Registration Statement.

News Release/Presseinformation

Preliminary percentage of subscription rights exercised in Infineon's capital increase is 96.7 percent

Neubiberg, Germany August 3, 2009 Infineon Technologies AG reports the preliminary percentage of subscription rights exercised in the announced capital increase. With this figure currently standing at 96.7 percent, presumably at least 322 million shares will be issued to holders of subscription rights at a subscription price of Euro 2.15 per share. The gross proceeds from the capital increase will presumably amount to at least Euro 692 million.

The remaining shares, up to approximately 15 million (less any additional shareholders' subscription declarations received in the course of the day), can be subscribed by a fund managed by Apollo Global Management LLC. This corresponds to approximately 1.4 percent of Infineon's increased share capital totaling Euro 2.173 billion, assuming the capital increase is fully placed. Infineon expects the decision of the Apollo-managed fund no later than during the afternoon tomorrow.

Infineon expects trading in the shares issued through the exercise of subscription rights to begin on the Frankfurt Stock Exchange on Friday, August 7, 2009.

About Infineon

Infineon Technologies AG, Neubiberg, Germany, offers semiconductor and system solutions addressing three central challenges to modern society: energy efficiency, communications, and security. In the 2008 fiscal year (ending September), the company reported sales of Euro 4.3 billion with approximately 29,100 employees worldwide in continuing operations. With a global presence, Infineon operates through its subsidiaries in the U.S. from Milpitas, CA, in the Asia-Pacific region from Singapore, and in Japan from Tokyo.
