Persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB control number

A. H. Belo Corporation (the Company) is not able to timely file its 2009 Form 10-K without unreasonable effort or expense because, as stated in the Company's February 12, 2010 press release and in its preliminary earnings release dated February 24, 2010, additional time is required to finalize the accounting treatment of its pension obligations. This involves both the determination of the accounting policy to be applied and the amount, if any, to be recorded pursuant to that policy. The Company's 2009 financial statements otherwise are substantially complete.

PART IV OTHER INFORMATION

(1) Name and telephone number of person to contact in regard to this notification

(Name) (Area Code) (Telephone Number)

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s). Yes No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

On February 24, 2010, the Company publicly reported fiscal year 2009 revenues of \$518.3 million and a preliminary fiscal year 2009 net loss of \$110.3 million, or (\$5.37) per share, compared to revenues of \$637.3 million and a net loss of \$62.3 million, or (\$3.04) per share, for fiscal year 2008. For the reasons stated above, the preliminary 2009 results do not reflect any adjustments to account for the Company's pension obligations. Fiscal year 2009 preliminary results reflect lower advertising revenues, non-cash impairment charges of \$106.4 million related to goodwill and other asset write-offs, and \$2.3 million related to investment write-offs. Preliminary full year results also include a charge of \$4.2 million related to severance and related costs. These charges were partially offset by \$1.1 million related to insurance proceeds that the Company received in the second quarter of 2009. These preliminary full year results are described in more detail in the press release filed as Exhibit 99.1 to the Company's Form 8-K filed February 25, 2010.
