Dear Stockholder:

On behalf of the Board of Directors of Waters Corporation (Waters or the Company), I cordially invite you to attend the Annual Meeting of Stockholders (the Meeting) of the Company to be held at Waters Corporation, 34 Maple Street, Milford, Massachusetts 01757 on May 11, 2010 at 11:00 a.m., local time.

The notice of Meeting, Proxy Statement and proxy card from Waters are enclosed. You may also read the notice of Meeting, the Proxy Statement and Annual Report on the Internet at <http://www.proxydocs.com/wat>.

In 2008, Waters adopted the Securities and Exchange Commission rule allowing companies to furnish proxy materials to their stockholders over the Internet. We believe that this e-proxy process expedites stockholders' receipt of proxy materials, lowers the costs and reduces the environmental impact of our annual meeting. On April 1, 2010, we mailed to stockholders a Notice of Internet Availability of Proxy Materials (the Notice) containing instructions on how to access our Proxy Statement and Annual Report and vote by Internet. The Notice contains instructions on how you can (i) receive a paper copy of the Proxy Statement and Annual Report, if you only received a Notice by mail, or (ii) elect to receive your Proxy Statement and Annual Report over the Internet.

The matters scheduled to be considered at the Meeting are (i) to elect directors to serve for the ensuing year and until their successors are elected, (ii) to ratify the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2010 and (iii) to consider and act upon any other matters which may properly come before the Meeting or any adjournment thereof. These matters are more fully explained in the Proxy Statement that you are encouraged to read in its entirety.

The Company's Board of Directors values and encourages stockholder participation at the Meeting. It is important that your shares be represented, whether or not you plan to attend the Meeting. Please take a moment to vote on the Internet, by telephone, or if you receive a paper copy of the Proxy Statement and Annual Report, sign, date and return your proxy card in the envelope provided even if you plan to attend the Meeting.

We hope you will be able to attend the Meeting.

Sincerely,

Douglas A. Berthiaume

Chief Executive Officer*

This Proxy Statement is being furnished by the Board of Directors (the Board) of Waters Corporation (Waters or the Company), in connection with the Board's solicitation of proxies (each a Proxy and, collectively, Proxies), for use at the 2010 Annual Meeting of Stockholders (the Meeting) to be held on May 11, 2010 at 11:00 a.m., local time, at the Company's headquarters located at 34 Maple Street, Milford, Massachusetts 01757. Solicitation of Proxies, which is being made by the Board, may be made through officers and regular employees of the Company by telephone or by oral communications with stockholders following the original solicitation. No additional compensation will be paid to officers or regular employees for such Proxy solicitation. The Company has retained the Altman Group, Inc. to do a broker solicitation for a fee of \$4,500, plus reasonable out-of-pocket expenses. Expenses incurred in connection with the solicitation of Proxies will be borne by the Company.

VOTING MATTERS

The representation in person or by Proxy of a majority of the outstanding shares of common stock of the Company, par value \$.01 per share, entitled to vote at the Meeting is necessary to provide a quorum for the transaction of business at the Meeting. Shares can only be voted if a stockholder is present in person, has voted via the Internet or by telephone, or is represented by a properly signed Proxy. Each stockholder's vote is very important. Whether or not you plan to attend the Meeting in person, please vote over the Internet or sign and promptly return the Proxy card, which requires no additional postage if mailed in the United States. All signed and returned Proxies will be counted towards establishing a quorum for the Meeting, regardless of how the shares are voted.

Shares represented by Proxy will be voted in accordance with your instructions. You may specify how you want your shares to be voted by voting on the Internet, by telephone, or marking the appropriate box on the Proxy card. If your Proxy card is signed and returned without specifying how you want your shares to be voted, your shares will be voted in favor of the proposals made by the Board, and as the individuals named as Proxy holders on the Proxy deem advisable on all other matters as may properly come before the Meeting. The Proxy will be voted at the Meeting if the signer of the Proxy was a stockholder of record on March 17, 2010 (the Record Date).

Any stockholder voting by Proxy has the power to revoke the Proxy prior to its exercise either by voting by ballot at the Meeting, by executing a later dated Proxy or by delivering a signed written notice of the revocation to the office of the Secretary of the Company at 34 Maple Street, Milford, Massachusetts 01757 before the Meeting begins.

Representatives of the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP, are expected to be present at the Meeting. They will have the opportunity to make statements if they desire to do so and will be available to respond to appropriate questions.

As of the Record Date, there were 92,856,780 shares of Common stock outstanding and entitled to vote at the Meeting. Each outstanding share of Common stock is entitled to one vote. This Proxy Statement and form of Proxy is

first being made available to the stockholders on or about April 1, 2010. A list of the stockholders entitled to vote at the Meeting will be available for inspection at the Meeting and for ten days prior to the Meeting at the Company's headquarters for proper purposes relating to the Meeting.

CORPORATE GOVERNANCE

Annual Evaluation

During 2009, the Nominating and Corporate Governance Committee of the Board conducted its annual comprehensive evaluation of the Board and each of its committees. The evaluation, in the form of a questionnaire, was circulated to all members of the Board and the committees in November 2009. The Company's General Counsel received all of the questionnaires, compiled the results and circulated them to the Board and each committee for discussion and analysis in January-March 2010. It is the intention of the Nominating and Corporate Governance Committee to continue to engage in this process annually.

Related Party Transactions Policy

During 2007 the Board adopted a Related Party Transactions Policy, which covers Interested Transactions between a Related Party or parties and the Company. An Interested Transaction is a transaction or arrangement in which the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year and in which the Company and/or any Related Party may have an interest. A Related Party includes an executive officer, director or nominee for election as a director of the Company, any holder of more than a 5% beneficial interest in the Company, any immediate family member of any of the foregoing or any firm, corporation or entity in which any of the foregoing persons is employed or is a general partner or principal or in which such person or persons collectively have a 10% or greater beneficial ownership interest.

Pursuant to the policy, the General Counsel has the responsibility for identifying potential Interested Transactions and determining whether a proposed transaction or relationship is an Interested Transaction and accordingly, reportable to the Nominating and Corporate Governance Committee for consideration at its next regularly scheduled meeting. The Nominating and Corporate Governance Committee will review the material facts of all such Interested Transactions and report its recommendations to the Board which will either approve or disapprove the Interested Transaction.

The Nominating and Corporate Governance Committee and the Board have reviewed and determined that certain categories of Interested Transactions are deemed to be pre-approved or ratified (as applicable) by the Board under the terms of the policy. These are: (a) the employment and compensation arrangements of executive officers required to be reported in the Company's proxy statement; (b) Director compensation required to be reported in the Company's proxy statement; (c) ordinary course charitable contributions periodically reviewed by the Compensation Committee of the Board; and (d) ordinary course business transactions conducted on an arm's length basis with each of Genzyme Corporation (of which Mr. Berthiaume is a director) and Bristol-Myers Squibb Corporation (of which Dr. Glimcher is a director).

Equity Ownership Guidelines

Increasingly, stockholders of public companies are focusing on the amount of equity ownership by directors and officers of the companies in which they invest. In order to more closely align the interests of the Company's stockholders with those of management, the Company has minimum stock ownership guidelines for Directors and the Company's executive officers. These guidelines provide for the accumulation by the Chief Executive Officer of Common stock equal to five times his base salary over a three year period, which requirement also applies to any

Table of Contents

successor to the Chief Executive Officer. Additionally, members of the Company's Executive Committee, Messrs. Caputo, Ornell, Beaudouin and Ms. Rae, are each required to accumulate Common stock equal to two times their base salary over a five year period.

If, after the initial three or five year period of accumulation, as the case may be, any such executive officer shall become non-compliant with the guidelines, he or she shall have a period of twelve (12) months to again come into compliance with the guidelines. If, after such twelve month period, any such executive officer remains non-compliant, then, with respect to any subsequent exercise of a stock option by such executive officer, fifty percent (50%) of such executive's net after tax profit from such exercise shall be retained in shares of Common stock until compliance with the guidelines is achieved. Exceptions to these equity ownership guidelines may be considered by the Nominating and Corporate Governance Committee with respect to individual financial situations of current or future executives covered by the guidelines. For purposes of the accumulation of shares of Common stock to comply with these guidelines, in addition to any direct ownership of shares of Common stock by an executive officer or director, any shares of restricted stock and vested in the money stock options, which either were or will be granted by the Company to such executives or to members of the Board, shall apply toward the satisfaction of the guidelines. Pursuant to the guidelines, members of the Board are required to accumulate a minimum of 5,000 shares of common stock of the Company over a five year period. The ownership guidelines have been met by all board members and the named executive officers (as defined below).

Board Leadership Structure

As stated in the Company's Corporate Governance guidelines, the Board has no set policy with respect to the separation of the offices of Chairman and Chief Executive Officer, but instead makes a particular determination in the context of selecting a chief executive officer. Douglas A. Berthiaume has served as both Chairman of the Board and Chief Executive Officer since 1996.

Since 2004, Thomas P. Salice, an independent director, has served as the Board's lead director. In that capacity, he presides over executive sessions of the non-management Directors of the Board and provides a focal point for and facilitates communication among non-management Directors, Company management and Company stockholders.

The Board believes that, during the tenure of Mr. Berthiaume, combining the offices of Chairman of the Board and Chief Executive Officer has served the Company well, fostering strong and consistent leadership. The lead independent director's responsibilities increased in 2004 facilitating an appropriate balance between such leadership and independent and effective oversight of the Company's affairs.

Majority Voting

In 2006, following a review of public company trends and corporate governance practices, the Nominating and Corporate Governance Committee recommended and the Board approved majority voting for Directors and the by-laws of the Company were appropriately amended. The description of the Company's majority voting provisions can be found under Proposal 1. Election of Directors herein.

Guidelines and Code of Conduct

The Board has adopted Corporate Governance Guidelines, a Code of Business Conduct and Ethics for employees, executive officers and Directors and a whistleblower policy regarding the treatment of complaints on accounting, internal accounting controls and auditing matters. All of these documents are available on the Company's website at <http://www.waters.com> under the caption Governance and copies may be obtained, without charge, upon written request to the Company, c/o Secretary, 34 Maple Street, Milford, MA 01757.

Board Candidates

With respect to potential candidates to serve on the Board, the Nominating and Corporate Governance Committee considers suggestions from a variety of sources, including stockholders. Any nominations of candidates,

Table of Contents

together with appropriate biographical information, should be submitted in accordance with the company's by-laws to the Company, c/o Secretary, 34 Maple Street, Milford, MA 01757.

The Nominating and Corporate Governance Committee believes that candidates for service as a Director of the Company should meet certain minimum qualifications. In selecting Directors, the Board seeks individuals who are highly accomplished in their respective fields, with superior educational and professional credentials. Candidates should satisfy the Company's independence criteria, which are part of its Corporate Governance Guidelines and summarized below and the applicable listing standards of the New York Stock Exchange. In assessing candidates for director, the Nominating and Corporate Governance Committee will consider their skills, experience and diversity in the context of the overall composition of the Board.

The Company has a process for identifying and selecting candidates for Board membership. Initially, the Chairman/CEO, the Nominating and Corporate Governance Committee or other Board members identify a need to either expand the Board with a new member possessing certain specific characteristics or to fill a vacancy on the Board. A search is then undertaken by the Nominating and Corporate Governance Committee, working with recommendations and input from Board members, members of senior management, professional contacts, external advisors, nominations by stockholders and/or the retention of a professional search firm, if necessary. An initial slate of candidates is identified that will satisfy the criteria for Board membership and is presented to the Nominating and Corporate Governance Committee for review. Upon review by the Nominating and Corporate Governance Committee, a series of interviews of one or more candidates is conducted by the Chairman/CEO and at least one member of the Nominating and Corporate Governance Committee. During this process, the full Board is informally apprised of the status of the search and its input is solicited.

Upon identification of a final candidate, the entire Nominating and Corporate Governance Committee will meet to consider the credentials of the candidate and thereafter, if approved, will submit the candidate for approval by the full Board.

As noted above, the Nominating and Corporate Governance Committee, in assessing candidates for director, considers their skills, experience and diversity in the context of the Board's overall composition. The Company does not, however, have a specific policy with respect to the consideration of diversity in identifying director nominees.

Board/Director Independence

The Company's Corporate Governance Guidelines also include criteria adopted by the Board to assist it in making determinations regarding the independence of its members. The criteria, summarized below, are consistent with the New York Stock Exchange listing standards regarding director independence. To be considered independent, the Board must determine that a director does not have a material relationship, directly or indirectly, with the Company. A director will not be considered independent if he or she, or an immediate family member, has been within the last three years:

- an executive officer of the Company;

- a current partner or employee of an internal or external auditor of the Company or a partner or employee of an internal or external auditor of the Company who personally worked on the Company's audit;

- an executive officer of a public company that has been on the compensation committee of its board an executive officer of the Company;

a paid advisor or consultant to the Company receiving in excess of \$100,000 per year in direct compensation from the Company (other than fees for service as a director) within the past three years or has an immediate family member who has been a paid advisor or consultant to the Company; and

an employee (or in the case of an immediate family member, an executive officer) of a company that does business with the Company and the annual payments to or from the Company exceeded the greater of \$1 million or 2% of the other company's annual gross revenues.

In addition, a director will not be considered independent if he or she, or an immediate family member, has been an executive officer of a tax-exempt entity that receives contributions in any fiscal year from the Company

exceeding the greater of \$1 million or 2% of its gross revenues. A director also will not be considered independent if he or she has an immediate family member who is a current employee of an internal or external auditor of the Company who participates in such firm's audit, assurance or tax compliance practice.

The Board has determined that each Director, other than Mr. Berthiaume, the Company's Chairman, President and Chief Executive Officer, has no material relationship with the Company and otherwise qualifies as independent under applicable listing standards of the New York Stock Exchange.

Stockholder and Board Communications

With respect to communications with the Board on general matters, stockholders and interested parties may communicate directly with the lead director or with the non-management Directors as a group by writing to Waters Corporation, c/o Secretary, 34 Maple Street, Milford, Massachusetts 01757. Any such communication should include the name and return address of the stockholder, the specific Director or Directors to whom the contact is addressed and the nature or subject matter of the contact. All communication will be sent directly to the appropriate Board member.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The information contained in this report shall not be deemed to be soliciting material or filed or incorporated by reference in future filings with the SEC, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that Waters Corporation specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Exchange Act.

During 2009, the Audit Committee of the Board, in conjunction with management and PricewaterhouseCoopers LLP, the Company's independent registered public accounting firm, focused on the following items:

1. Compliance with Section 404 of the Sarbanes-Oxley Act of 2002 (the Act) and the adequacy of Company internal controls;
2. The appropriateness of Company financial reporting and accounting processes;
3. The independence and performance of the Company's independent registered public accounting firm;
4. Company compliance with laws and regulations; and
5. Review of the Company's independent registered public accounting firm's quality control procedures.

The Company retains Ernst & Young LLP to assist in elements of continuing compliance with Section 404 of the Act. The Company's compliance with Section 404 of the Act is managed primarily by the Company's Vice President, Audit & Risk Management in conjunction with the Company's Chief Financial Officer and its Vice President, Corporate Controller. During 2009, the Audit Committee received regular and detailed briefings from the Company's Vice President, Audit & Risk Management and PricewaterhouseCoopers LLP regarding the Company's compliance with Section 404 of the Act. On February 22, 2010, the Company's Vice President, Audit & Risk Management and PricewaterhouseCoopers LLP reported to the Audit Committee that no material weaknesses had been identified in the Company's internal controls over financial reporting as of December 31, 2009.

The Board has adopted a written charter setting out more specifically the functions that the Audit Committee is to perform. The charter is reviewed on an annual basis by the Committee and the Committee is advised as to any corporate governance developments which may warrant charter amendments. No such charter amendments were made in 2009. The charter is available at the Company's website at <http://www.waters.com> under the caption Governance. A discussion of the Audit Committee's role in risk oversight can be found under the heading Risk Oversight and Compensation Matters Board's Role in Risk oversight below.

As stated in its charter, the Audit Committee is tasked with, among other things, reviewing with Management the Company's guidelines and policies with respect to its approach to risk assessment and risk management. In addition, major financial risk exposures and means of monitoring and controlling these exposures, is to be discussed with management.

The Audit Committee held seven meetings during the fiscal year ended December 31, 2009. The Committee reviewed on a quarterly basis, with members of the Company's management team, the Company's quarterly and annual financial results prior to the release of earnings and the filing of the Company's quarterly and annual financial statements with the SEC. The Board has determined that each of the four current members of the Audit Committee Mr. Salice (Chairman), Mr. Conard, Mr. Miller and Ms. Reed is an audit committee financial expert as defined under applicable

rules and regulations of the SEC and has accounting or related financial management expertise within the meaning of the New York Stock Exchange rules. Company management has primary responsibility for the financial statements and reporting processes. The Company's independent registered public accounting firm, PricewaterhouseCoopers LLP, audits the annual financial statements and is responsible for expressing an opinion on their conformity with generally accepted accounting principles.

The Audit Committee has adopted the following guidelines regarding the engagement of PricewaterhouseCoopers LLP to perform non-audit services for the Company:

Company management will submit to the Audit Committee for approval a list of non-audit services that it recommends the Committee engage its independent registered public accounting firm to provide from time to time during the fiscal year and an estimated amount of fees associated with such services. Company management and the

Table of Contents

Company's independent registered public accounting firm will each confirm to the Audit Committee that each non-audit service on the list is permissible under all applicable legal requirements. The Audit Committee will, in its discretion, either approve or disapprove both the list of permissible non-audit services and the estimated fees for such services. The Audit Committee will be informed routinely as to the non-audit services actually provided by the Company's independent registered public accounting firm pursuant to this pre-approval process and the actual expenditure of fees associated therewith as well as new non-audit services being requested for approval.

To ensure prompt handling of unexpected matters, the Audit Committee delegates to its Chairman the authority to amend or modify the list of approved permissible non-audit services and fees. The Chairman will report action taken to the Audit Committee at the next Audit Committee meeting.

PricewaterhouseCoopers LLP and the Company ensure that all audit and non-audit services provided to the Company have been pre-approved by the Audit Committee.

The Audit Committee hereby reports for the fiscal year ended December 31, 2009 that:

1. It has reviewed and discussed the Company's audited financial statements for the fiscal year ended December 31, 2009 with Company management;
2. It has discussed with PricewaterhouseCoopers LLP those matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Codification of Statement on Auditing Standards, AU § 380) as adopted by the Public Company Accounting Oversight Board (PCAOB) in rule 3200T;
3. It has received from PricewaterhouseCoopers LLP written disclosures and a letter required by the applicable requirements of the PCAOB regarding PricewaterhouseCoopers LLP's communications with the Audit Committee concerning independence, and has discussed with PricewaterhouseCoopers LLP its independence;
4. It has considered whether, and determined that, the provision of non-audit services to the Company by PricewaterhouseCoopers LLP as set forth below, was compatible with maintaining auditor independence; and
5. It has reviewed and discussed with PricewaterhouseCoopers LLP its internal quality control procedures, and any material issues raised by the most recent internal quality control review, or peer review, or by any inquiry or investigation by governmental or professional authorities within the preceding five years.

Based on the items reported above, on February 22, 2010, the Audit Committee recommended to the Board that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009 for filing with the SEC. The recommendation was accepted by the Board on the same date.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee currently consists of Mr. Joshua Bekenstein, Mr. Christopher A. Kuebler, Mr. William J. Miller (Chairman), and Mr. Thomas P. Salice. During fiscal year 2009, no member of the Compensation Committee was an officer or employee of the Company or served as a member of the Board of Directors or Compensation Committee of any entity that has one or more executive officers serving as members of the Waters Board of Directors or its Compensation Committee and no executive of the Company served on the Compensation Committee or Board of Directors of any entity that has one or more executive officers serving on the Waters Board of Directors or Compensation Committee.

RISK OVERSIGHT AND COMPENSATION MATTERS

Board's Role in Risk Oversight

Included in the Company's Annual Report for the year ended December 31, 2009 are the risk factors affecting the Company which are periodically reviewed by the Board and the Audit Committee and updated or expanded as warranted. Additionally, the Company has an Enterprise Risk Management program under the direction of the Assistant Treasurer and the Vice President, Audit & Risk Management. This program seeks to identify, assess, monitor and report on risks affecting the Company's business and operations on an ongoing basis. Management of the Company actively participates in this program and briefs the Audit Committee on the risks affecting the Company and efforts undertaken to mitigate them.

Compensation Related Risk

During 2009, the Compensation Committee undertook an assessment of the Management Incentive Plan. The Compensation Committee focused on several key areas including plan measures and their alignment with Waters compensation philosophy and business strategy, the target setting process and pay opportunity. This provided a process to consider whether the current program, practices and procedures provide an appropriate balance between prudent business risk and resulting compensation. The Company does not believe that there are any compensation related risks that would have a material adverse effect on the company.

In March 2010, the Board adopted a Recoupment Policy for Management Incentive Plan awards in the event an executive officer engages in willful misconduct that results in a misstatement of financial results. In addition, the Compensation Committee has approved stock ownership guidelines for the named executive officers to further align the executive's interest with that of the stockholders over the long term.

Role of the Compensation Consultant

The Compensation Committee has engaged the services of Pearl Meyer & Partners as its outside independent compensation consultant during fiscal year 2009. Pearl Meyer & Partners participates in Compensation Committee meetings and executive sessions and advises the Compensation Committee on a range of executive and director compensation matters including plan design, competitive market assessments, trends, best practices and technical and regulatory developments. Pearl Meyer & Partners provides services to the Compensation Committee related only to executive and director compensation, including defining peer groups, comparing executive and director compensation arrangements to the peer groups, and providing market data and advice regarding executive and director compensation plans. The Compensation Committee has the authority to engage and terminate such independent legal, accounting and other advisors as it deems necessary or appropriate to carry out its responsibilities.

Role of Management in Executive Compensation

The Compensation Committee approves all compensation decisions for the named executive officers. In discharging its responsibility with regard to the compensation of the Company's CEO and other named executive officers, the Compensation Committee utilizes Pearl Meyer & Partners as its outside compensation consultant. The Vice President of Human Resources also provides the Compensation Committee with information and analysis on the Company's executive compensation programs as requested. Mr. Berthiaume provides the Compensation Committee with his assessment of the performance of the Company and the other named executive officers, and makes recommendations for the compensation of the other named executive officers. The Compensation Committee makes all decisions with respect to the compensation of the CEO and the other named executive officers. No named executive officer makes any decision on any element of his/her own compensation.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

Compensation Discussion and Analysis

Overview

This Compensation Discussion and Analysis discusses the compensation programs for our named executive officers which are comprised of those persons who served as (i) our principal executive officer during the year ended December 31, 2009, (ii) our principal financial officer during the year ended December 31, 2009 and (iii) our other three most highly compensated executive officers for the year ended December 31, 2009. For the fiscal year 2009, the named executive officers are Douglas A. Berthiaume, Chairman, President and Chief Executive Officer (CEO), Arthur G. Caputo, Executive Vice President and President, Waters Division, John A. Ornell, Vice President Finance and Administration and Chief Financial Officer, Mark T. Beaudouin, Vice President, General Counsel and Secretary and Elizabeth B. Rae, Vice President Human Resources. The compensation programs described below apply in many cases to larger groups of the Company's employees other than the five executive officers.

Philosophy and Objectives of Waters Executive Compensation Program

It is the philosophy of the Board's Compensation Committee that the Waters executive compensation program be both performance and market-based, and that a significant portion of compensation should be allocated to short and long-term variable performance-based compensation instruments. The objectives of the Company's executive compensation program are aligned with the Compensation Committee's philosophy and are as follows:

To focus senior management on achieving financial and operating objectives which provide long-term stockholder value;

To align the interests of senior management with the Company's stockholders; and

To attract and retain senior executive talent.

The compensation program is designed to motivate and reward executives for sustained high levels of achievement of the Company's financial and operating objectives. It is the Company's general intent to provide base salaries that are less than the market median for similarly situated executives in comparable firms, and to provide annual incentive target awards that are at or slightly above the market median. In aggregate, these two components, less than median base salaries and at or slightly greater than median incentives, provide a target total cash compensation opportunity that approximates the median of the market for achieving target performance goals. Actual base salaries may vary from this generally targeted position based on the performance, tenure, experience and contributions of the individual. Actual incentives will vary with the performance of the Company. Actual total cash can be less than or greater than the median of the market, based on these factors. We believe that the structure of our total cash compensation effectively aligns executives' interests with stockholders' interests by placing emphasis on the achievement of annual financial and operating objectives.

Sustained high levels of annual achievement of diluted earnings per share (E.P.S.) growth goals drive long-term stockholder value and the Company's compensation program is designed to reward the creation of stockholder value through the annual Management Incentive Plan and the use of non-qualified stock options (NSOs). E.P.S. growth goals have been the primary metric for executives in the Management Incentive Plan for fifteen years. Consistent use of this measure promotes executive team alignment, focuses the executive team on operational efficiencies and

profitability and provides a long-term perspective among executives. These E.P.S. growth targets are based on E.P.S. reported in accordance with generally accepted accounting principles (GAAP) and may be adjusted to exclude certain charges and credits, net of tax, including but not limited to purchased intangibles amortization and acquisition related costs, restructuring, litigation, lease termination costs, asset and equity investment impairments, out-of-period errors and other items considered unusual or one-time. The Compensation Committee reviews and approves the annual adjusted E.P.S. (non-GAAP E.P.S.) for purposes of measuring E.P.S. growth goal achievement. The Company considers these items non-operational transactions and not directly related to ongoing operations and therefore utilizes non-GAAP E.P.S. goals as the metric for the named executive officers in the annual Management Incentive Plan.

Table of Contents

Stock options align executive compensation with stockholder interests because options provide value to the executive only if the Company's stock price increases over time. The value of Waters' stock option grants enhance the competitive position of the executive's total direct compensation (base salary, annual bonus and stock options) and further increases the orientation of total compensation toward performance-based instruments. Additionally, Waters' stock options which vest over a five year period and have a ten year term are designed to meet our objective to retain executives. The Compensation Committee reviews competitive market data in determining the value of executive stock option grants. Consistent with this performance-oriented compensation philosophy, performance-based compensation instruments comprise a substantial portion of the total compensation (including benefits) for each of the named executive officers as outlined in the Summary Compensation Table below.

Role of the Compensation Committee

In determining the overall structure of the compensation elements, the Compensation Committee reviews the competitive market and compensation practice data as provided by Pearl Meyer & Partners and as described in the section titled "Data used to make Compensation Determinations". The Compensation Committee also reviews the executive's compensation package in total to ensure that the total compensation package emphasizes performance-based compensation elements and is designed to meet the overall objectives of the executive compensation program.

The Compensation Committee considers a range of factors in determining the amount of each compensation element for each executive officer. The range of factors includes Company performance, individual performance and experience, competitive compensation levels, the competitive markets, scope of responsibility and an individual's potential for making future contributions to the Company.

The Committee also considers risk in its review of executive compensation and believes that the Company has implemented several policies and practices to mitigate the risk that might arise from an orientation to performance-based incentive compensation such as Stock Ownership Guidelines, a Recoupment Policy, the use of an independent compensation consultant and periodic reviews of the performance-based compensation elements utilized in our executive compensation program.

Summary of Key Executive Compensation Actions in 2009

The following is a summary of the key developments relating to compensation in 2009 for our named executive officers. These key developments are discussed in further detail in the appropriate sections of this Compensation Discussion and Analysis:

Base salaries were not increased for 2009. Salary increases were approved for 2010 consistent with the factors described under the heading "Base Salary" and the philosophy of maintaining base salaries at or below the market median.

There were no payouts for 2009 under the Company's Management Incentive Plan for named executive officers. Consistent with prior years, the Company maintained the plan performance target of 15% non-GAAP E.P.S. growth for 2009. During 2009, Pearl Meyer & Partners conducted a study of the Management Incentive Plan and found that consistent achievement of 15% non-GAAP E.P.S. growth was a challenging metric when compared to a group of peer companies. For 2010, the performance measure under the Management Incentive Plan will continue to be non-GAAP E.P.S. growth and the performance target for 2010 will remain at 15%. Additional narrative on the Management Incentive Plan, as well as the study by Pearl Meyer & Partners is under the heading "Annual Incentive".

Stock options were granted on December 9, 2009 to Messrs. Caputo, Ornell, Beaudouin and Ms. Rae. Although the Compensation Committee intended to grant stock options to Mr. Berthiaume, he declined as he has in the prior five years to be considered for an option grant. Additional details regarding the grants to named executive officers is under the heading Long-Term Performance-Based Awards .

In March, 2010, the Compensation Committee recommended and the Board of Directors adopted a Recoupment Policy for incentive awards paid to executive officers under the Management Incentive Plan. A full description of the policy is under the heading Recoupment Policy .

Table of Contents**Elements of Executive Compensation**

There are three key elements of Waters' executive compensation program: base salary, annual incentive bonus, and long-term performance-based awards. Each element of executive compensation addresses specific objectives of the program and together they meet the overall objectives of the Waters executive compensation program. The mix of short-term cash incentives and long-term equity incentives focuses executives on achievement of annual financial and operating objectives that drive long-term stockholder value. In addition, the Compensation Committee reviews the combined total of all compensation elements, or total direct compensation, in order to appropriately position total direct compensation relative to both the marketplace and the Company's objectives. Although the amount of each element of compensation for each named executive officer differs based on position-specific market data, the criticality of the executive position to the business and the executive's level of contribution, competitive compensation for their respective positions and other individual factors, the overall structure and compensation elements utilized are consistent for the CEO and all other named executive officers.

Compensation Element	Objective
Base Salary	To attract and retain senior executives and other key employees.
Annual Incentive	To motivate executive officers, senior executives and other key employees to achieve annual non-GAAP E.P.S. growth and operating targets established at the beginning of the fiscal year.
Long-Term Performance Based Awards	To motivate senior executives and other key employees to contribute to the Company's long-term growth of stockholder value and to align compensation with the growth in Waters stock price. Long-Term Performance Based Awards are also designed to retain senior executives and key employees.

Base Salary

The base salaries for the named executive officers are reviewed annually by the Compensation Committee. Individual salaries are based upon a combination of factors including past individual performance and experience, Company performance, scope of responsibility, competitive salary levels and an individual's potential for making contributions to future Company performance. The Compensation Committee considers all these factors in determining base salary increases and does not assign a specific weighting to any individual factor.

At the end of fiscal year 2008, the Compensation Committee considered the factors listed above, the economic conditions at the end of fiscal 2008 and the projections for Company performance in 2009 and decided not to increase the named executive officers' base salaries for fiscal year 2009.

At the end of fiscal year 2009, the Compensation Committee reviewed the Company's performance during the challenging economic year of 2009 and the combination of factors including past individual performance and experience, scope of responsibility, competitive salary levels and an individual's potential for making contributions to future Company performance in determining salaries for 2010. The Pearl Meyer & Partners Competitive Market Assessment indicated that on average the base salaries for the named executive officers were at the 35th percentile of the competitive market for their respective positions. In December 2009, the Compensation Committee approved base salary increases for executive officers for fiscal year 2010 that ranged between 3% and 5%. Pearl Meyer & Partners provided the Compensation Committee with a recommendation indicating that a 3% salary increase was consistent with the current average market increase for executives. A 5% salary increase was approved for two named executive officers whose base salaries were below the 35th percentile of the competitive market for their respective positions. The 2010 base salaries of the named executive officers remain at or below the market median for their respective

positions which is consistent with Waters' philosophy to emphasize performance-based pay.

Annual Incentive

The Management Incentive Plan is the annual incentive plan for executive officers, senior executives, and other key employees of the Company. The Compensation Committee establishes performance targets at the beginning of each fiscal year for executive officers. Executive officers then establish performance targets for the remaining participants. Achievement of 100% of the performance target is required for an incentive payout equal to 100% of

Table of Contents

the incentive plan target. The 2009 target payouts for Messrs. Berthiaume, Caputo, Ornell, Beaudouin and Ms. Rae were, as a percentage of base salary, 100%, 90%, 75%, 60% and 40%, respectively. Mr. Ornell's target bonus as a percent of salary was increased from 60% in 2008 to 75% in 2009 in order to appropriately position Mr. Ornell's target total cash compensation relative to the market and the Company's executive compensation philosophy. The 2010 target payouts for Messrs. Berthiaume, Caputo, Ornell, Beaudouin and Ms. Rae are, as a percentage of base salary, 110%, 100%, 85%, 70% and 50%, respectively. The threshold payouts are 25% of the target payout for each executive officer, and are payable upon achievement of threshold performance. Performance below the threshold level results in no payout. The maximum payout under the plan is 3.75 times the target for Mr. Berthiaume and 3.5 times the target for Messrs. Caputo, Ornell, Beaudouin and Ms. Rae to a maximum payout amount of \$5,000,000 which was established to comply with the maximum payout requirements of Section 162(m) of the Internal Revenue Code.

The Compensation Committee has consistently established Management Incentive Plan targets for the named executive officers and other key employees based on 15% non-GAAP E.P.S. growth over the prior year. The Management Incentive Plan is designed to provide increasing levels of bonus payout to the named executive officers consistent with increasing levels of non-GAAP E.P.S. growth. The Compensation Committee evaluates the results of the Company's performance against previously established targets in order to determine the individual bonuses for the named executive officers under the Management Incentive Plan.

For the 2009 fiscal year, the Compensation Committee again established a 15% non-GAAP E.P.S. growth target over 2008. In addition, the Compensation Committee established a minimum threshold operating income performance requirement. In fiscal year 2009, the Company did not achieve the threshold operating income requirement or the threshold non-GAAP E.P.S. growth of 7%. Non-GAAP E.P.S. for 2009 was \$3.45 which represents 5% growth over 2008 non-GAAP E.P.S. of \$3.30. Non-GAAP E.P.S. for 2009 excluded purchased intangible amortization and acquisition related costs, restructuring charges and lease termination related costs. Non-GAAP E.P.S. for 2008 excluded purchased intangible amortization, restructuring charges, a litigation provision, and an out-of-period correction associated with software capitalization and amortization. The Company's performance in 2009 did not result in payouts for Messrs. Berthiaume, Caputo, Ornell, Beaudouin and Ms. Rae, respectively, under the Management Incentive Plan for fiscal year 2009. In the five years prior to 2009, the Company has achieved non-GAAP E.P.S. growth that has ranged from 10% to 26%.

During 2009, the Company reviewed the Management Incentive Plan with Pearl Meyer & Partners. The objectives of this review were to consider the Management Incentive Plan for alignment with Waters' compensation philosophy and emphasis on pay for performance and to review the performance measures utilized under the Management Incentive Plan to ensure these measures provided the best ongoing assessment of strategy execution and the creation of stockholder value. Results of the review indicated that the Management Incentive Plan and the use of non-GAAP earnings growth as a metric continue to meet the goals of aligning pay with performance and holding executives accountable for strong financial and operating performance targets. The review also found that consistent achievement of 15% annual non-GAAP earnings growth was a challenging metric. A review of ten years of non-GAAP earnings growth for a group of peer companies indicated that 15% non-GAAP E.P.S. growth was achieved approximately 50% of the time. This study also found that actual executive payouts under the Company's Management Incentive Plan were aligned with both Company performance versus the peer group and total stockholder return. For fiscal year 2010, the Compensation Committee has again established a 15% non-GAAP E.P.S. growth target and a minimum operating income threshold measure.

Long-Term Performance-Based Awards

The Compensation Committee considers and grants stock options to the named executive officers and other senior executives to align the interests of these executives with those of Waters' stockholders. We believe that stock options provide strong alignment between stockholders and these executives because the value of a stock option to an

executive is directly related to the stock price appreciation delivered to stockholders over time. Conversely, poor stock price performance provides no stock option value to the executive.

In 2005, the Compensation Committee reviewed and evaluated in detail various long-term incentive instruments with Pearl Meyer & Partners. Based on this analysis, the Compensation Committee determined that NSO s

Table of Contents

most effectively meet Waters' objectives for using performance oriented equity instruments for the named executive officers and other senior executives. Below the senior executive level, the Company's primary objective for long-term equity compensation is the retention of key talent. Relying in part on advice from Pearl Meyer & Partners, the Compensation Committee also determined that restricted stock units (RSUs) were the most effective long-term incentive instrument to meet its objective of retention for employees below the senior executive level. Waters continues to emphasize performance-based long-term incentive instruments for the named executive officers and other senior executives and has chosen not to employ RSUs for its named executive officers and other senior executives to date.

The Compensation Committee considered the operational and financial performance of the Company during fiscal year 2009, individual performance and competitive market data in determining NSO grants for the named executive officers. In addition to these factors, the Compensation Committee also considers dilution, share usage and Financial Accounting Standard Board Accounting Standard Codification Topic 718 Compensation - Stock Compensation (FASB ASC Topic 718) expense in determining the number of options to grant to the named executive officers. These factors were considered collectively without a specific weighting assigned to any one factor. The Compensation Committee also believes that it is important to provide meaningful reward and recognition opportunities to the named executive officers irrespective of the potential gains they may realize from prior long-term performance based awards.

It was the intention of the Compensation Committee to grant 125,000 NSOs to Mr. Berthiaume in 2009. As in the prior five years, Mr. Berthiaume declined to be considered for an option grant in 2009. The Compensation Committee expects to consider Mr. Berthiaume for future stock option grants.

The NSOs for Messrs Caputo, Ornell, Beaudouin and Ms. Rae were granted under the Waters Corporation 2003 Equity Incentive Plan based on the closing price of the Waters' common stock on the grant date, December 9, 2009. The FASB ASC Topic 718 value of the 2009 option grants for Messrs. Caputo and Beaudouin and Ms. Rae were approximately 8% lower than in 2008. Mr. Ornell's option grant was increased from 40,000 shares to 50,000 shares which represents a 15% increase in the FASB ASC Topic 718 value over his grant in 2008 and was increased to appropriately position his long term incentive award relative to the market competitive range for his position. All option grants will vest at 20% per year for five years, and have a ten-year term. The five-year vesting schedule supports both the long-term focus of this element of compensation and Waters' objective to retain senior executives.

Perquisites and Benefits

The Company does not offer any perquisites for the exclusive benefit of executive officers.

The named executive officers are eligible to participate in compensation and benefit plans that are generally offered to other employees, such as the Waters Employee Investment Plan (the 401(k) Plan), the Employee Stock Purchase Plan, health and insurance plans. They are also eligible to participate in the Waters 401(k) Restoration Plan (the 401(k) Restoration Plan) that is available to all employees who meet certain minimum earnings eligibility criteria. The Waters 401(k) Restoration Plan and the Waters Retirement Restoration Plan are designed to restore the benefits, matching contributions and compensation deferral that are limited by Internal Revenue Service benefit and compensation maximums. Effective December 31, 2007, future pay credit accruals to the Retirement Restoration Plan on behalf of senior executives were discontinued and no further pay credit accruals will be made on or after January 1, 2008. These plans are described more fully in the narrative that accompanies the Pension Benefits table and the Non-Qualified Deferred Compensation table in this Proxy Statement.

Change in Control/Severance Agreements

Messrs. Berthiaume, Caputo, Ornell, Beaudouin and Ms. Rae are each party to an Executive Change of Control/Severance Agreement, which is described in detail in the Payments Upon Termination or Change of Control section of this Proxy Statement.

The Company provides Change in Control/Severance Agreements for named executive officers if they are terminated or leave for good reason prior to or following a change in control to ensure continuity of executive management in the event of a change in control of the Company, and to provide transition income for executives so

that executives can evaluate a potential change in control in the best interests of the Company and stockholders. In addition, under the terms and conditions of the named executive officers' stock option agreements issued under the 1996 Long Term Performance Incentive Plan and the 2003 Equity Incentive Plan, in the event of a change in control, all of their outstanding and unvested stock options will fully accelerate and become fully exercisable. The terms of these agreements are more fully described in the Payments Upon Termination or Change of Control section herein.

Stock Ownership Guidelines

The importance of ownership in Waters' stock by its named executive officers is emphasized through ownership guidelines that require the CEO to acquire and retain common stock equal to five times his base salary over a three-year period. The named executive officers are required to acquire and retain common stock equal to two times their base salary over a five-year period. If a named executive officer does not achieve his or her ownership guideline within the three or five year periods, respectively, a disposition guideline will be applied. The disposition guideline requires that, upon subsequent exercise of a stock option, 50% of the named executive officer's net after tax profit from such exercise be retained in shares of Waters common stock until the stock ownership guideline is achieved. A named executive officer who achieves the ownership guideline and subsequently falls out of compliance will have 12 months to again achieve compliance before the disposition guideline on stock option exercises is applied. These guidelines were originally approved in February, 2004. The guidelines were amended in 2009 to include the stock option exercise disposition guideline and the inclusion of vested in-the-money stock options for the purpose of accumulating shares to comply with the stock ownership guidelines. The ownership guidelines have been met by all named executive officers, Mr. Berthiaume, Mr. Caputo, Mr. Ornell, Mr. Beaudouin and Ms. Rae.

Recoupment Policy

In March 2010, the Compensation Committee recommended and the Board of Directors adopted a Recoupment Policy for incentive awards paid to executive officers under the Company's Management Incentive Plan. Under this policy, if an executive officer engaged in misconduct that resulted in a restatement of financial results, the Compensation Committee, if it determined appropriate and subject to applicable laws, could seek reimbursement of the portion of Management Incentive Plan awards impacted by the event.

Stock Option Grant Practices

It has been the consistent practice of the Compensation Committee to grant stock options to senior executives annually at the Compensation Committee's December meeting. Grant prices are established based on the closing price of the common stock on the date of grant.

Tax and Accounting Implications

Waters considers all of the tax and accounting aspects of the compensation instruments utilized by the Company in determining the most efficient method to use in delivering executive compensation. This includes, but is not limited to, Section 162(m) of the Internal Revenue Code. Section 162(m) generally limits the tax deduction available to public companies for annual compensation paid to senior executives in excess of \$1 million unless the compensation qualifies as performance-based. The Compensation Committee believes that payments under the Management Incentive Plan and equity grants under the 2003 Equity Incentive Plan qualifies as performance-based compensation under Section 162(m) of the Internal Revenue Code. It is the Company's intent to qualify plans for full deductibility to the extent that it is consistent with the Company's overall compensation objectives.

Data used to make Compensation Determinations

Competitive Market Assessment

Competitive market data is an important component in determining the amount of compensation for each element for each named executive officer. The Compensation Committee utilizes its outside consultant, Pearl Meyer & Partners, to provide advice on the structure of executive compensation as well as competitive data on base salary, total cash compensation, and long-term incentives. In addition, the Compensation Committee reviews the

Table of Contents

total compensation package for each named executive officer from the perspective of total direct compensation, which includes base salary, actual bonus and the value of the long-term incentive grant.

Pearl Meyer & Partners and the Compensation Committee utilize multiple sources to review the competitive marketplace for each named executive officer. Sources include surveys such as the Hewitt Executive Compensation Survey and the CHiPS Executive and Senior Management Total Compensation Survey, as well as a core Industry Peer Group of 14 publicly traded firms within the life sciences and analytical instrument industry with generally similar revenues and market capitalization as Waters. The median revenue for the peer group for the four quarters ending September 30, 2009 was \$2,078,000,000 and the median market capitalization as of October, 2009 was \$4,101,000,000.

2009 Industry Peer Group Companies:

Agilent	Millipore
Beckman Coulter	Pall
Bio-Rad Laboratories	Perkin Elmer
Bruker	Roper Industries
Hologic	Sigma-Aldrich
Life Technologies	Thermo Fisher Scientific
Mettler-Toledo	Varian Medical

Each year, Pearl Meyer & Partners evaluates the peer group for continued appropriateness for external executive compensation comparisons based on the primary selection criteria of similarity in industry and or products and services, revenue and market capitalization. The target range for both revenue and market capitalization is 50% to 200% of Waters revenue and market capitalization. Pearl Meyer & Partners also evaluates any changes to the ownership or business model of existing peer group companies. Varian Inc. was included in the 2008 peer group and excluded from the 2009 peer group due to the acquisition by Agilent. Invitrogen, a 2008 peer group company is represented in the 2009 peer group under its new name, Life Technologies. Based on this evaluation, both Hologic and Roper Industries were added to the 2009 core peer group. Two companies in the peer group, Agilent and Thermo Fisher, have revenues above the target range; however they have been consistently included in the core peer group because they are top competitors for Waters products.

The Hewitt Executive Compensation Survey provides a general industry perspective based on revenue scope for each named executive officer position. The CHiPS Executive and Senior Management Total Compensation Survey provides a high technology perspective based on revenue for each named executive officer position. Data from the survey sources and the peer companies are combined to develop a primary market composite.

In addition, a supplementary peer group is utilized by the Compensation Committee to provide a broader industry perspective. This peer group, referred to as the High Technology Peer Group, is composed of companies within high technology industries such as Medical Equipment and Devices, Pharmaceuticals, Biotechnology and Biopharmaceuticals and Software. Companies in this High Technology Peer Group also fall within the revenue and market capitalization target ranges described above. For the four quarters ending September 30, 2009 the median revenue for this peer group was \$1,677,000,000 and the median market capitalization as of November 5, 2009 was of \$4,410,000,000.

High Technology Peer Group Companies:

Autodesk
C.R. Bard
Beckman Coulter
BMC Software
Cadence Design Systems
Citrix Systems
FLIR Systems
Hologic

King Pharmaceuticals
Life Technologies
McAfee
Millipore
ResMed
Sepracor
Varian Medical

Table of Contents

Using the same evaluation process described above, three companies that were in the High Technology Peer Group in 2008 were excluded from the peer group in 2009 due to significant changes as a result of acquisitions and mergers. These companies include Activision Blizzard, Barr Pharmaceuticals and Mylan. No new companies were added to this peer group for 2009 as the size of the group was determined sufficient for external executive compensation comparisons.

The table below summarizes the total compensation paid to or earned by our Chief Executive Officer, Chief Financial Officer and the three other most highly paid executive officers for the fiscal years ended December 31, 2009, 2008 and 2007, respectively.

Narrative Disclosure to the Summary Compensation Table and the Grants of Plan Based Awards Table

The non-equity incentive plan award payments, column (g) of the Summary Compensation Table, were earned under the Company's Management Incentive Plan during fiscal 2009, 2008 and 2007. Incentive payments, if any, were based on exceeding the threshold requirements for operating income and the above target achievement of the fiscal year non-GAAP E.P.S. goals. The estimated future payouts under the non-equity incentive plan awards in columns (c), (d) and (e) of the Grants of Plan-Based Awards Table represent the threshold, target and maximum payouts respectively for fiscal year 2009 under the Company's Management Incentive Plan.

The NSO awards listed in column (j) of the Grants of Plan-Based Awards Table were granted pursuant to the Waters Corporation 2003 Equity Incentive Plan. These stock option awards were granted at a meeting of the Compensation Committee held on December 9, 2009. The exercise price of \$59.44 is equal to the closing market price of the common stock on December 9, 2009. All stock option grants to Messrs. Caputo, Ornell, and Beaudouin and Ms. Rae vest at 20% per year for five years and have a ten-year term. There have been no re-pricings or modifications of stock option awards for the named executive officers.

The present value of the accumulated benefit is calculated in accordance with Financial Accounting Standard Board Accounting Standard Codification Topic 715 Compensation – Retirement Benefits. Please refer to the footnotes in the Company’s Annual Report for the fiscal year ended December 31, 2009 for the Company’s policy and assumptions made in the valuation of this accumulated benefit.

The Waters Retirement Plan (Retirement Plan) is a U.S. defined benefit cash balance plan for eligible U.S. employees. The Waters Retirement Restoration Plan (Retirement Restoration Plan) is a U.S. unfunded, non-qualified plan which restores the benefits under the Waters Retirement Plan that are limited by Internal Revenue Service benefit and compensation maximums. As a cash balance plan, each participant's benefit is determined based on annual pay credits and interest credits which are made to each participant's notional account. Effective December 31, 2007, future pay credits to the Retirement and Retirement Restoration Plans on behalf of senior executives were discontinued and no further pay credits will be made on or after January 1, 2008. Interest credits will continue to apply. Interest credits are based on the one-year constant maturity Treasury Bill rate on the first business day in November of the preceding plan year plus 0.5%, subject to a 5.0% minimum and a 10.0% maximum rate.

A participant is not vested in the Retirement and Retirement Restoration Plans until completion of five years of service at which time the employee becomes 100% vested. The normal retirement age under the plans is age 65. Messrs. Berthiaume and Caputo are currently eligible for early retirement under the Retirement Plan and Retirement Restoration Plan. Under these plans, early retirement is defined as attainment of age 62 with at least 10 years of service. However, former participants of the Millipore Retirement Plan (a former parent company of Waters) are eligible for early retirement upon attainment of age 55 with at least 10 years of service. Messrs. Berthiaume and Caputo are former Millipore Retirement Plan participants.

The valuation method and material assumptions used in calculating the benefit reported in column (d) are disclosed in the Company's Annual Report for the fiscal year ended December 31, 2009.

The table below summarizes the deferred compensation in the last fiscal year for the named executive officers.

Non-Qualified Deferred Compensation

Name	Executive Contributions in Last FY (\$)	Registrant Contributions in Last FY (\$)	Aggregate Earnings in Last FY (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$)
(a)	(b)	(c)	(d)	(e)	(f)
Douglas A. Berthiaume	\$132,300	\$117,600	\$1,067,898		\$4,270,794
Arthur G. Caputo			\$114,840		\$760,607
John A. Ornell	\$36,000	\$33,900	\$178,023		\$721,821
Mark T. Beaudouin	\$81,000	\$33,900	\$109,472		\$534,314
Elizabeth B. Rae	\$23,220	\$8,520	\$19,562		\$89,535

(b) Amounts in this column are also reported as salary (column(c)) or non-equity incentive compensation (column (g)) in the Summary Compensation Table.

- (c) Amounts in this column represent Company contributions to the 401(k) Restoration Plan. These amounts are also reported under All Other Compensation in the Summary Compensation Table.
- (d) Amounts reported in this column reflect participant directed earnings in investment vehicles consistent with the qualified 401(k) Plan with the exception of Waters Corporation common stock, the Self-directed Brokeragelink Option and the Fidelity Managed Income Portfolio. These amounts are not included in the Summary Compensation Table because the earnings are not above-market or preferential.
- (f) The aggregate fiscal year-end balance reported for the 401(k) Restoration Plan includes the following amounts that were previously reported in the Summary Compensation Table as compensation for 2009, 2008, 2007 and 2006 for Messrs. Berthiaume, Caputo, Ornell, Beaudouin and Ms. Rae: \$761,993, \$108,030, \$243,290, \$391,981 and \$87,442, respectively.

All non-qualified deferred compensation contributions made by the named executive officer, or by the Company on behalf of the named executive officer, are made pursuant to the 401(k) Restoration Plan. The purpose of the 401(k) Restoration Plan is to allow certain management and highly compensated employees to defer wages to a non-qualified retirement plan in addition to the amount permitted to be deferred under the 401(k) Plan (\$16,500 in 2009 or \$22,000 if age 50 or older). The 401(k) Restoration Plan is also intended to permit participants to receive the

additional matching contributions that they would have been eligible to receive under the 401(k) Plan if the Internal Revenue Service limit on compensation for such plans, \$245,000 in 2009, did not apply.

Payments Upon Termination or Change of Control

Messrs. Berthiaume, Caputo, Ornell, Beaudouin and Ms. Rae do not have employment agreements with the Company. However, each is party to an Executive Change of Control/Severance Agreement dated February 24, 2004 and amended February 27, 2008. Under the terms of their agreements, as amended, if any such executive's employment is terminated without cause during the period beginning 9 months prior to, and ending 18 months following, a change of control of the Company (as defined in the agreement), or such executive terminates his or her employment for good reason (as defined in the agreement) during the 18 month period following a change of control of the Company, such officer would be entitled to receive the following in a lump sum payment:

Two times the annual base salary;

Two times the greater of the annual accrued bonus in the year of termination or target bonus; and

Twenty-four months of continued insurance benefit coverage (life, accident, health and dental) substantially similar to the coverage he or she had been receiving prior to any such termination, or the premium equivalent.

The agreements further provide that the benefits will be supplemented by an additional payment to gross up the executive for any excise tax under the golden parachute excise tax provisions of the Code §§ 280G and 4999 to ensure that after the payments for change in control, the executive is in the same economic position as if the payment were not subject to an excise tax. This additional payment would be equal to the sum of the excise tax on any parachute payment and the additional tax attributable to the receipt of the gross-up payment.

In addition, under the terms and conditions of the named executive officers' stock option agreements issued under the 1996 Long Term Performance Incentive Plan and the 2003 Equity Incentive Plan, in the event of a change in control, all of their outstanding and unvested stock options will fully accelerate and become fully exercisable.

If the employment of the named executive officer had been terminated without cause or any officer resigned for good reason on December 31, 2009 and within 18 months of a change in control, they would have received the following cash severance and incremental benefits (given retroactive effect to the changes made) based on the price per share as of December 31, 2009.

Potential Payments Upon Change-in-Control

Name	Cash Severance		Benefits Continuation	Other Benefits		Total Value of Change-in-Control Related Benefits
	Base Salary (2X Current Base Salary)	Bonus (2X Target Bonus)		In-the-Money Value of Accelerated Stock Options	Excise Tax Gross-Up	
Douglas A. Berthiaume	\$1,470,000	\$1,470,000	\$33,122	\$0	\$0	\$2,973,122
Arthur G. Caputo	\$900,000	\$810,000	\$23,610	\$2,878,200	\$0	\$4,611,810

John A. Ornell	\$720,000	\$540,000	\$32,994	\$1,176,480	\$0	\$2,469,474
Mark T. Beaudouin	\$720,000	\$432,000	\$32,994	\$1,151,280	\$0	\$2,336,274
Elizabeth B. Rae	\$430,000	\$172,000	\$31,525	\$863,460	\$0	\$1,496,985

The cash severance was calculated assuming the base salary and annual bonus target under the Management Incentive Plan for 2009, in effect on December 31, 2009. The benefit continuation payment is based on premium costs as of December 31, 2009.

FASB ASC Topic 718 is the accounting standard used in determining the aggregate grant fair value of the option awarded. The FASB ASC Topic 718 aggregate grant date fair value of the option awarded was determined using the Black Scholes option pricing model without regard to estimated forfeitures. The assumptions used to calculate this amount are disclosed in the Company's Annual Reports for the fiscal years ended December 31, 2009.

- (c) Messrs. Bekenstein, Berendts, Conard, Kuebler, Miller, Salice, and Ms. Glimcher and Ms. Reed were each granted 1,000 restricted stock awards on January 2, 2009, with a FASB ASC Topic 718 fair value of \$38.09 and a vesting date of January 30, 2012. The closing price of the common stock was \$38.09 on January 2, 2009. On December 31, 2009, all Directors held 3,000 shares of unvested restricted stock.
- (d) Messrs. Bekenstein, Berendts, Conard, Kuebler, Miller, Salice, and Ms. Glimcher and Ms. Reed were each granted 3,500 non-qualified stock options on January 2, 2009, with a FASB ASC Topic 718 fair value of \$72,485 and a vesting schedule of 20% per year for five years. The closing price of the common stock on January 2, 2009 was \$38.09 per share. The outstanding non-qualified stock options for Messrs. Bekenstein, Berendts, Conard, Kuebler, Miller, Salice, Ms. Glimcher, and Ms. Reed on December 31, 2009, were 35,000, 35,000, 35,000, 15,000, 35,000, 31,000, 23,800 and 15,000 options, respectively.

There were no increases to Board compensation in 2009. Board compensation included a retainer of \$50,000 for the year, paid quarterly and \$1,500 for each Board and committee meeting attended. The lead director received an additional annual retainer of \$5,000 resulting in a total annual retainer of \$55,000. The annual retainer for the Audit Committee chairman was \$10,000. The chairmen of both the Nominating and Corporate Governance and Compensation Committees each received a \$5,000 annual retainer. As is our consistent practice, equity compensation of 1,000 restricted stock awards and 3,500 non-qualified stock options was granted on the first business day of the fiscal year. The exercise price of the stock option grant was equal to the closing price on the grant date.

All Directors are also reimbursed for expenses incurred in connection with their attendance at meetings. Directors who are full-time employees of the Company receive no additional compensation or benefits for service on the Board or its committees.

The Compensation Committee utilizes an outside external consultant, Pearl Meyer & Partners, to provide advice on the structure of Director compensation. Pearl Meyer & Partners and the Compensation Committee utilize sources of data consistent with the executive compensation assessment which include the peer group of 14 publicly traded firms, as well as data from a broader group of 15 high technology companies with products and services,

revenues and market capitalization similar to Waters. Based on the Pearl Meyer & Partners competitive assessment, the Board approved an increase in the lead director annual retainer from a total annual retainer of \$55,000 to a total annual retainer of \$65,000 for 2010. The Board also approved an increase to the Committee chairmen annual retainers. The Audit Committee Chairman annual retainer will increase from \$10,000 to \$15,000 and the Compensation and Nominating and Corporate Governance Committee chairmen annual retainer will increase from \$5,000 to \$7,500 for 2010. Based on the recommendation of Pearl Meyer & Partners to incorporate a value approach to equity grants to Directors, the restricted stock grant of 1,500 shares and a stock option grant of 4,000 shares were approved for each Board member. Consistent with prior practice, these equity grants were made on the first business day of the year, January 4, 2010. The exercise price of the stock option grant was equal to the closing price on January 4, 2010.

The Company also sponsors the 1996 Non-Employee Director Deferred Compensation Plan, which provides non-employee members of the Board with the opportunity to defer 100% of retainer, meeting and committee fees. Fees may be deferred in cash or invested in Waters common stock units. If a Director elects to defer his or her fees in Waters common stock units, the amount deferred is converted into common stock units by dividing the amount of fees payable by the average stock price of the Company's common stock for the fiscal quarter. Fees deferred in cash are credited with an interest rate equal to the lesser of the Prime Rate plus 50 basis points or the maximum rate of interest that may be used without being treated as an above market interest rate under the SEC guidelines. Messrs. Bekenstein and Conard elected to defer fees into Waters common stock units in 2009. Ms. Reed elected to defer 2009 fees in cash.
