ATTENDANCE AND VOTING MATTERS

Introduction

The Annual Meeting of the stockholders of Tiffany & Co. (the Company) will be held on Thursday, May 20, 2010, at 9:00 a.m. in the Cosmopolitan Suite of the Four Seasons Hotel, 57 East 57th Street, between Madison Avenue and Park Avenue, New York, New York.

This Proxy Statement and accompanying material, including the form of proxy, was first sent to the Company's stockholders on or about April 9, 2010. It was sent to you on behalf of the Company by order of the Company's Board of Directors (the Board).

You are entitled to vote at our 2010 Annual Meeting because you were a stockholder, or held Company stock through a broker, bank or other nominee, at the close of business on March 23, 2010, the record date for this year's Annual Meeting. That is why you were sent this Proxy Statement and accompanying material.

This proxy statement has been bound with our Annual Report on Form 10-K, which contains financial and other information about our business during Fiscal 2009 (February 1, 2009 to January 31, 2010). As is the practice of many other companies, the Company is now providing proxy materials by a notice and access process through the Internet. This enables the Company to reduce the cost of paper, printing and postage and, of great importance, to substantially reduce paper use in order to benefit our environment. Those stockholders who wish to receive a paper report may request one.

Matters to be Voted on at the 2010 Annual Meeting

There are two matters scheduled to be voted on at this year's Annual Meeting:

The election of the Board; and

Ratification of the selection of the independent registered public accounting firm to audit our Fiscal 2010 financial statements.

In addition, such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof may be voted on.

How to Vote Your Shares

You can vote your shares at the Annual Meeting by proxy or in person.

You can vote by proxy by having one or more individuals who will be at the Annual Meeting vote your shares for you. These individuals are called proxies and using them to cast your ballot at the Annual Meeting is called voting by proxy.

If you wish to vote by proxy, you must do one of the following:

Complete the enclosed form, called a proxy card, and mail it in the envelope provided; or

Call the telephone number listed on your proxy card or notice and follow the pre-recorded instructions; or

Use the Internet to vote by going to the Internet address listed on your proxy card or notice; have your proxy card or notice in hand as you will be prompted to enter your control number and to create and submit an electronic vote.

If you do one of the above, you will have designated three officers of the Company to act as your proxies at the 2010 Annual Meeting. One of them will then vote your shares at the Annual Meeting in accordance with the instructions you have given them on the proxy card, the telephone or the Internet with respect to each of the proposals presented in this Proxy Statement. If you sign and return your proxy card but do not give voting instructions, your proxy will vote the shares represented thereby **for** the election of each of the director nominees listed in Proposal No. 1 below, and **for** approval of Proposal No. 2, which is discussed below. Proxies will extend to, and be voted at, any adjournment or postponement of the Annual Meeting.

Alternatively, you can vote your shares in person by attending the Annual Meeting. You will be given a ballot at the meeting.

TIFFANY & CO.

PS - 3

Table of Contents

While we know of no other matters to be acted upon at this year's Annual Meeting, it is possible that other matters may be presented at the meeting. If that happens and you have signed and not revoked a proxy card, your proxy will vote on such other matters in accordance with his best judgment.

A special note for those who plan to attend the Annual Meeting and vote in person: if your shares are held in the name of a broker, bank or other nominee, you must bring a statement from your brokerage account or a letter from the person or entity in whose name the shares are registered indicating that you are the beneficial owner of those shares as of the record date. In addition, you will not be able to vote at the meeting unless you obtain a legal proxy from the record holder of your shares.

How to Revoke Your Proxy

If you decide to vote by proxy (including by mail, telephone or Internet), you can revoke—that is, change or cancel your vote at any time before your proxy casts his vote at the Annual Meeting. Revoking your vote by proxy may be accomplished in one of three ways:

You can send an executed, later-dated proxy card to the Secretary of the Company, call in different instructions, or access the Internet voting site;

You can notify the Secretary of the Company in writing that you wish to revoke your proxy; or

You can attend the Annual Meeting and vote in person.

The Number of Votes That You Have

Each share of the Company's common stock has one vote. The number of shares, or votes, that you have at this year's Annual Meeting is indicated on the enclosed proxy card.

What a Quorum Is

A quorum is the minimum number of shares that must be present at an Annual Meeting for a valid vote. For our stockholder meetings, a majority of shares outstanding on the record date and entitled to vote at the Annual Meeting must be present.

The number of shares outstanding at the close of business on March 23, 2010, the record date, was 126,379,941.

Therefore, 63,189,971 shares must be present at our 2010 Annual Meeting for a quorum to be established.

To determine if there is a quorum, we consider a share present if:

The stockholder who owns the share is present at the Annual Meeting, whether or not he or she chooses to cast a ballot on any proposal; or

The stockholder is represented by proxy at the Annual Meeting.

If a stockholder is represented by proxy at the Annual Meeting, his or her shares are deemed present for purposes of a quorum, even if:

The stockholder withholds his or her vote or marks "abstain" for one or more proposals; or

There is a broker non-vote on one or more proposals.

PS - 4

Table of Contents

What a Broker Non-Vote Is

Shares held in a broker's name may be voted by the broker, but only in accordance with the rules of the New York Stock Exchange. Under those rules, your broker must follow your instructions. If you do not provide instructions to your broker, your broker may vote your shares based on its own judgment or it may withhold a vote. Whether your broker votes or withholds its vote is determined by the New York Stock Exchange rules and depends on the proposal being voted upon. Based on recently adopted amendments to these rules, in the absence of instructions provided by you, your broker will no longer be permitted to vote your shares with respect to uncontested director nominations, and will be required to withhold its vote unless you provide instructions.

If your broker withholds its vote, that is called a broker non-vote. As stated above, broker non-votes are counted as present for a quorum.

What Vote Is Required to Approve Each Proposal

Each nominee for director shall be elected by a majority of the votes cast for or against the nominee at the Annual Meeting. That means that the number of shares voted for a nominee must exceed the number of shares voted against that nominee. To vote for or against any of the nominees named in this Proxy Statement, you can so mark your proxy card or ballot or, if you vote via telephone or Internet, so indicate by telephone or electronically.

You may abstain on the vote for any nominee but your abstention will not have any effect on the outcome of the election of directors. A broker non-vote has the same effect as an abstention: neither will have any effect on the outcome of the election of directors. To abstain on the vote on any or all of the nominees named in this Proxy Statement, you can so mark your proxy card or ballot or, if you vote via telephone or Internet, so indicate by telephone or electronically.

The proposal to ratify the selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm for Fiscal 2010 will be decided by the affirmative vote of the majority of shares present at the meeting. That means that the proposal will pass if more than half of those shares present at the meeting vote for the proposal. Therefore, if you abstain from voting in other words, you indicate abstain on the proxy card, by telephone or by Internet it will have the same effect as an against vote. Broker non-votes on this proposal will be treated the same as abstentions: both will have the same effect as an against vote.

Proxy Voting on Proposals in the Absence of Instructions

If you do not give any specific instructions as to how your shares are to be voted when you sign a proxy card or vote by telephone or by Internet, your proxies will vote your shares in accordance with the following recommendations of the Board:

FOR the election of all nine nominees for director named in this Proxy Statement; and

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm to examine our Fiscal 2010 financial statements.

Shares held in the Company's Employee Profit Sharing and Retirement Savings Plan will not be voted by the Plan's trustee unless specific instructions for voting are given by plan participants to whose accounts such shares have been allocated.

Employees of Tiffany and Company, a subsidiary of the Company, may also solicit proxies on behalf of the Board. These employees will not receive any additional compensation for their work soliciting proxies and any costs incurred by them in doing so will be paid for by Tiffany and Company.

This particular solicitation is being made by mail, but proxies may also be solicited in person, by facsimile, by telephone or by electronic mail (e-mail).

In addition, we will pay for any costs incurred by brokerage houses and others for forwarding proxy materials to beneficial owners.

OWNERSHIP OF THE COMPANY**Stockholders Who Own at Least Five Percent of the Company**

The following table shows all persons who were known to us to be beneficial owners of at least five percent of Company stock as of March 23, 2010. Footnote a) below provides a brief explanation of what is meant by the term beneficial ownership. This table is based upon reports filed with the Securities and Exchange Commission, commonly referred to as the SEC. Copies of these reports are publicly available from the SEC.

Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership (a)		Percent of Class
Trian Fund Management, L.P. 280 Park Avenue, 41 st Floor New York, NY 10017	7,828,984	(b) (c)	6.19%
BlackRock, Inc. 55 East 52 nd Street New York, NY 10055	7,053,871	(d)	5.58%

- a) Beneficial ownership is a term broadly defined by the SEC and includes more than the typical form of stock ownership, that is, stock held in the person's name. The term also includes what is referred to as indirect ownership such as where, for example, the person has or shares the power to vote the stock, sell it or acquire it within 60 days. Accordingly, some of the shares reported as beneficially owned in this table may actually be held by other persons or organizations. Those other persons and organizations are described in the reports filed with the SEC.
- b) The Filing Persons discussed below reported such beneficial ownership to the SEC on their Schedule 13D as of March 27, 2009 and that they shared voting power and shared dispositive power with respect to such shares. According to said Schedule 13D, the Filing Persons are Trian Partners GP, L.P., Trian Partners General Partner, LLC, Trian Partners, L.P., Trian Partners Master Fund, L.P., a Cayman Islands limited partnership, Trian Partners Parallel Fund I, L.P., Trian Partners Parallel Fund I General Partner, LLC, Trian Partners Parallel Fund II, L.P., Trian Partners Parallel Fund II GP, L.P., Trian Partners Parallel Fund II General Partner,

- d) BlackRock, Inc. (Blackrock) reported such beneficial ownership to the SEC on its Amendment to Schedule 13G as of December 31, 2009 and stated that, as a parent holding company or control person, it beneficially owned the number of shares referred to above. That Amendment stated that it amended the most recent Schedule 13G filings, if any, by Blackrock or Barclays Global Investors, NA (Barclays) and certain of the affiliates of Barclays. The Amendment stated that on December 1, 2009 Blackrock completed its acquisition of Barclays and that substantially all of the Barclays affiliates were, as a result of that acquisition, subsidiaries of Blackrock for purposes of Schedule 13G filings.

Compliance of Directors, Executive Officers and Greater-Than-Ten-Percent Stockholders with Section 16(a) Beneficial Ownership Reporting Requirements

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers and greater-than-ten-percent stockholders to file reports of ownership and changes in ownership with the SEC and the New York Stock Exchange. These persons are also required to provide us with copies of those reports.

Based on our review of those reports and of certain other documents we have received, we believe that, during and with respect to Fiscal 2009, all filing requirements under Section 16(a) applicable to our directors, executive officers and greater-than-ten-percent stockholders were satisfied.

Table of Contents**RELATIONSHIP WITH INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

PricewaterhouseCoopers LLP (PwC) serves as the Company's independent registered public accounting firm and, through its predecessor firms, has served in that capacity since 1984.

The Audit Committee has selected PwC as the independent registered public accounting firm to audit the Company's financial statements and effectiveness of internal controls for the fiscal year ending January 31, 2011. The Audit Committee is directly responsible for appointing the independent auditors. In making this selection, the Audit Committee considered the independence of PwC, and whether the audit and non-audit services PwC provides to the Company are compatible with maintaining that independence.

The Audit Committee has adopted a policy requiring advance approval of PwC's fees and services by the Audit Committee; this policy also prohibits PwC from performing certain non-audit services for the Company including: (i) bookkeeping, (ii) systems design and implementation, (iii) appraisal or valuation, (iv) actuarial, (v) internal audit, (vi) management or human resources, (vii) investment advice or investment banking, (viii) legal services, and (ix) expert services unrelated to the audit. All fees paid to PwC by the Company as shown in the table that follows were approved by the Audit Committee pursuant to this policy.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

The Board, In General

The Company is a Delaware corporation. Our principal subsidiary is Tiffany and Company, a New York corporation. In this Proxy Statement, Tiffany and Company will be referred to as simply Tiffany.

The Board is currently comprised of nine members. The Board can also fill vacancies and newly created directorships, as well as amend the By-laws to provide for a greater or lesser number of directors.

Directors are required by our By-laws to be less than age 72 when elected or appointed unless the Board waives that provision with respect to an individual director whose continued service is deemed uniquely important to the Company. Under the Company's Corporate Governance Principles, directors may not serve on a total of more than six public company boards. Service on the Board is included in that total.

The Role of the Board in Corporate Governance

The Board plays several important roles in the governance of the Company, as set out in the Company's Corporate Governance Principles. The Corporate Governance Principles may be viewed on the Company's website www.tiffany.com, by clicking on Investors at the bottom of the page and then selecting Corporate Governance from the left-hand column. The Corporate Governance Principles can also be found as Appendix I to this Proxy Statement.

The responsibilities of the Board include:

Management succession;

Review and approval of the annual operating plan prepared by management;

Monitoring of performance in comparison to the operating plan;

Review and approval of the Company's strategic plan prepared by management;

Consideration of topics of relevance to the Company's ability to carry out its strategic plan;

Review and approval of a delegation of authority by which management carries out the day-to-day operations of the Company and its subsidiaries;

Review of the Company's investor relations program;

Review of the Company's schedule of insurance coverage; and

Review and approval of significant actions by the Company.

Executive Sessions of Non-management Directors/Presiding Non-management Director

Non-management directors meet regularly in executive session without management participation. This encourages open discussion. At those meetings, Charles K. Marquis, Chairman of the Nominating/Corporate Governance Committee, presides. In addition, at least once per year the independent directors meet separately in executive session.

Communication with Non-management Directors

Stockholders may send written communications to the entire Board or to any of the non-management directors by addressing their concerns to Mr. Marquis, Chairman of the Nominating/Corporate Governance Committee (presiding director), at the following address: Corporate Secretary (Legal Department), Tiffany & Co., 600 Madison Avenue, 8th Floor, New York, New York 10022. All communications will be compiled by the Corporate Secretary and submitted to the Board or an individual director, as appropriate, on a periodic basis.

Director Attendance at Annual Meeting

The Board schedules a regular meeting on the date of the Annual Meeting of Stockholders to facilitate attendance at the Annual Meeting by the directors. All nine directors attended the Annual Meeting held in May 2009.

Independent Directors Constitute a Majority of the Board

The Board has affirmatively determined that each of the following directors (each of whom is also a nominee for re-election) is independent under the listing standards of the New York Stock Exchange in that none of them has a material relationship with the Company (directly or as a partner, shareholder or officer of any organization that has a relationship with the Company): Rose Marie Bravo, Gary E. Costley, Lawrence K. Fish, Abby F. Kohnstamm, Charles K. Marquis, Peter W. May, and J. Thomas Presby.

All of the members of the Audit, Nominating/Corporate Governance and Compensation Committee are independent as indicated in the prior paragraph.

The Board also considered the other tests of independence set forth in the New York Stock Exchange Corporate Governance Rules and has determined that each of the above directors and nominees is independent as defined in such Rules.

In addition, the Board has affirmatively determined that J. Thomas Presby, Gary E. Costley, Lawrence K. Fish, Abby F. Kohnstamm, and Charles K. Marquis meet the additional, heightened independence criteria applicable to audit committee members under New York Stock Exchange rules.

In determining that Mr. May is independent, the Board considered the *Commentary* set forth in the New York Stock Exchange's *Listed Company Manual*, section 303A.02, which states ... as the concern is independence from management, the Exchange does not view ownership of even a significant amount of stock, by itself, as a bar to an independence finding. See OWNERSHIP OF THE COMPANY, Stockholders Who Own At Least Five Percent of the Company above.

In determining that Mr. Fish is independent, the Board considered banking relationships that exist between ABN/AMRO and the Company. Both ABN/AMRO and Citizens Financial Group are subsidiaries of the Royal Bank of Scotland Group. Mr. Fish was, on first election, an employee of Citizens Financial Group and a director of Royal Bank of Scotland Group. A portion of the operations of ABN/AMRO was acquired by Royal Bank of Scotland Group. The Company does banking business with ABN/AMRO. Mr. Fish is no longer associated with any of those entities.

In determining that Ms. Bravo is independent, the Board considered the employment relationship between Ms. Bravo's adult stepdaughter and Tiffany. This stepdaughter is not an officer of the Company or Tiffany and does not reside in Ms. Bravo's household and, for purposes of the New York Stock Exchange categorical independence test she is not deemed an immediate family

member nor is her compensation as a Tiffany employee required to be considered under such test. She was hired in June 2009 after Tiffany acquired a product design group from a disbanding company; subsequent to this acquisition, she was recruited to this design group because she had previously worked for the group. She is not at a significantly high enough job level within Tiffany so that the Compensation Committee is involved in determining the elements or level of her compensation except as equity compensation is determined for the group of employees that work at her job level.

To our knowledge, none of the other independent directors has any direct or indirect relationship with the Company, other than as a director.

Board and Committee Meetings and Attendance during Fiscal 2009

All current and incumbent directors attended at least 87% of the aggregate number of meetings of the Board and those committees (including the Audit Committee, Compensation Committee, Stock Option Subcommittee, Nominating/Corporate Governance Committee, the Finance Committee, and the Corporate Social Responsibility Committee) on which they served during Fiscal 2009.

The full Board held six meetings. Attendance averaged 98% amongst all members.

The Audit Committee held eight meetings. Attendance averaged 95% amongst all members.

Nominating/Corporate Governance Committee

The primary function of the Nominating/Corporate Governance Committee is to assist the Board in matters of corporate governance. The Nominating/Corporate Governance Committee operates under the charter adopted by the Board. The charter may be viewed on the Company's website, www.tiffany.com, by clicking "Investors" at the bottom of the page, and then selecting "Corporate Governance" from the left-hand column. Under its charter, the role of the Nominating/Corporate Governance Committee includes recommending to the Board:

Policies on the composition of the Board;

Criteria for the selection of nominees for election to the Board;

Nominees to fill vacancies on the Board; and

Nominees for election to the Board.

Submitting Candidate Names

If you would like to submit the name of a candidate for the Nominating/Corporate Governance Committee to consider as a nominee of the Board for director, you may send your submission at any time to the Nominating/Corporate Governance Committee, c/o Mr. Patrick B. Dorsey, Corporate Secretary (Legal Department), Tiffany & Co., 600 Madison Avenue, New York, New York 10022.

Process for Identifying and Evaluating Nominees for Director

The Nominating/Corporate Governance Committee evaluates candidates recommended by stockholders in the same manner as it evaluates director candidates suggested by others, including those recommended by director search firms. See our Corporate Governance Principles which are available on our website www.tiffany.com (click "Investors" at the bottom of the page, then select "Corporate Governance" from the left-hand column) and as Appendix I to this Proxy Statement. In accordance with these principles, candidates for director shall be selected on the basis of their business experience and expertise, with a view to supplementing the business experience and expertise of management and adding further substance and insight into board discussions and oversight of management.

The policy is implemented through discussions at meetings of the Nominating/Corporate Governance Committee and through specifications provided to director search firms when such firms are retained. The Nominating/Corporate Governance Committee has no procedure or means of assessing the effectiveness of this policy other than the process described under "Self-Evaluation" below.

The Nominating/Corporate Governance Committee has no other policy with regard to the consideration of diversity in identifying director nominees.

Dividend Committee

The Dividend Committee declares regular quarterly dividends in accordance with the dividend policy established by the Board. The Dividend Committee acts by unanimous written consent and did not meet in Fiscal 2009.

Mr. Kowalski is the sole member of the Dividend Committee.

Compensation Committee

The primary function of the Compensation Committee is to assist the Board in compensation matters. The Compensation Committee operates under its charter which may be viewed on the Company's website, www.tiffany.com, by clicking Investors at the bottom of the page, and then selecting Corporate Governance from the left-hand column. Under its charter, the Compensation Committee's responsibilities include:

Approval of remuneration arrangements for executive officers; and

Approval of compensation plans in which officers and employees of Tiffany are eligible to participate.

Compensation for the non-management members of the Board is set by the Board with advice from the Nominating/Corporate Governance Committee.

Role of Compensation Consultants.

Two firms are retained by the Compensation Committee to provide advice with respect to the amount and form of executive compensation. Neither firm provides advice with respect to director compensation.

Towers Watson (formerly known as Towers Perrin) is the principal advisor to the Compensation Committee. The decision to retain Towers Watson was made by the Committee Chair. Management recommended Towers Watson and has assisted in arranging meetings between Towers Watson and the Committee.

Towers Watson performs two functions for the Compensation Committee. First, Towers Watson prepares and discusses with the Committee an annual competitive compensation analysis with respect to the executive officers positions. The use of this analysis is discussed in COMPENSATION DISCUSSION AND ANALYSIS, Competitive Compensation Analysis on Page PS-35. Second, Towers Watson recommends compensation initiatives to the Compensation Committee, including the structure of long- and short-term compensation components (including both equity and non-equity components) and the relative value that each component should constitute within the total portfolio of executive compensation.

TIFFANY & CO.

PS - 15

Table of Contents

Because Towers Watson also consults with management on compensation to be paid to non-executive employees, the Compensation Committee has retained and consulted with a separate independent compensation advisor, Independent Compensation Committee Adviser, LLC (Independent Consultant), to help the Committee understand all of the relevant compensation, financial and technical information it needs to make proper decisions regarding executive compensation. The Compensation Committee has told the Independent Consultant that they are to act independently of management and only at the direction of the Committee and that their ongoing engagement is determined solely by the Compensation Committee. The Independent Consultant is available to the Committee, as requested, to:

Review recommendations from management and Towers Watson and provide an additional layer of peer review to analyses and recommendations provided to the Committee;

Join other consultants in explaining relevant information and provide additional feedback to the Committee;

Help the Committee to identify key issues and ask probing questions; and

Review and comment upon all plans, agreements or other documents or actions the Committee is asked to adopt or approve.

The Independent Consultant provides no other services for the Company. For additional information regarding the operation of the Compensation Committee, including the role of consultants and management in the process of determining the amount and form of executive compensation, see Compensation Committee Process beginning on page PS-41 of the Compensation Discussion and Analysis below. The Compensation Committee's report appears on page PS-43.

Stock Option Subcommittee

The Stock Option Subcommittee determines the grant of options, restricted stock units, cash incentive awards and other matters under our 2005 Employee Incentive Plan. All members of the Compensation Committee are members of this subcommittee.

Compensation Committee Interlocks and Insider Participation

No director serving on the Compensation Committee or its Stock Option Subcommittee during any part of Fiscal 2009 was, at any time either during or before such fiscal year, an officer or employee of Tiffany & Co. or any of its subsidiaries. No interlocking relationship exists between the Board or Compensation Committee and the board of directors or compensation committee of any other company, nor has any interlocking relationship existed during Fiscal 2009.

Audit Committee

The Company's Audit Committee is an audit committee established in accordance with Section 3(a)-(58)(A) of the Securities Exchange Act of 1934. The primary function of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities with respect to the Company's financial matters. The Audit Committee operates under a charter adopted by the Board; that charter may be viewed on the Company's website, www.tiffany.com, by clicking Investors at the bottom of the page and then selecting Corporate Governance from the left-hand column. Under its charter, the Audit Committee's responsibilities include:

Retaining and terminating the Company's independent registered public accounting firm, reviewing the quality-control procedures and independence of such firm and evaluating their proposed audit scope, performance and fee arrangements;

Approving in advance all audit and non-audit services to be rendered by the independent registered public accounting firm;

Reviewing the adequacy of our system of internal control over financial reporting;

Establishing procedures for complaints regarding accounting, internal accounting controls or auditing matters;
and

Conducting a review of our financial statements and audit findings in advance of filing, and reviewing in advance proposed changes in our accounting principles.

The Board has determined that all members of the Audit Committee are financially literate, that at least one member of the Audit Committee meets the New York Stock Exchange standard of having accounting or related financial management expertise, and that Mr. Presby meets the SEC criteria of an audit committee financial expert. Mr. Presby is a member of the National Association of Corporate Directors and chairs the audit committees of four public companies in addition to that of the Company. In view of Mr. Presby's full-time commitment to work as an independent director, the Board has determined that his simultaneous service on five audit committees will not impair his ability to effectively serve on the Company's Audit Committee. The report of the Audit Committee is on page PS-22.

Finance Committee

In May 2008, the Board formed the Finance Committee to assist the Board with its oversight of the Company's capital structure, dividend policy, repurchase of the Company's capital stock, debt and equity financings, and the retention of investment bankers and other financial advisors to the Board. The Finance Committee operates under the charter adopted by the Board. The charter may be viewed on the Company's website, www.tiffany.com, by clicking "Investors" at the bottom of the page, and then selecting "Corporate Governance" from the left-hand column.

Corporate Social Responsibility Committee

In March 2009, the Board formed the Corporate Social Responsibility Committee to assist the Board with its oversight of the Company's policies and practices involving the environment, vendor workplace conditions and employment practices, community affairs, sustainable product sourcing, corporate charitable giving, governmental relations, political activities and diversity in employment. The Corporate Social Responsibility Committee operates under the charter adopted by the Board. The charter may be viewed on the Company's website, www.tiffany.com, by clicking "Investors" at the bottom of the page, and then selecting "Corporate Governance."

Self-Evaluation

The independent directors who serve on the Board conduct an annual evaluation of the workings and efficiency of the Board and of each of the Board committees on which they serve and make recommendations for change, if required.

Resignation on Job Change or New Directorship

Under the Company's Corporate Governance Principles, a director must submit a letter of resignation to the Nominating/Corporate Governance Committee on a change in employment or significant change in job responsibilities and upon accepting or resolving to accept a directorship with another public company. The Committee may either accept or reject such resignation, but must act within 10 days after considering, in light of the circumstances, the continued appropriateness of the continued service of the director.

Board Leadership Structure

The offices of Chairman of the Board and Chief Executive Officer are held by the same person, Michael J. Kowalski. The Company has a lead independent director (also referred to as presiding independent director). Charles K. Marquis occupies such position by virtue of his chairmanship of the Nominating/Corporate Governance Committee.

The Board Chairman organizes a preliminary agenda for each board meeting and submits it for the approval of the lead independent director.

The lead independent director chairs meetings of the independent and non-management directors (including meetings of the Nominating/Corporate Governance Committee) and during those meetings solicits the comments and suggestions of the independent directors and other non-management directors with respect to the agenda for Board meetings, the information to be provided by management and the quality of the discussions and decision-making process.

The Nominating/Corporate Governance Committee deems the existing structure appropriate in the context of the existing board size, the tenure of the directors with the Company, the overall experience of the directors and the experience that the directors have had with the existing Board Chairman and executive management group.

Mr. Kowalski has served as Board Chairman since the start of Fiscal 2003 and the directors have had the opportunity during that time to assess his skills at moderating discussions during meetings, his responsiveness to the Board's suggestions for agenda and the information provided by management to the directors.

The Nominating/Corporate Governance Committee may reassess the appropriateness of the existing leadership structure at any time, including following changes in management, in board composition or in the scope or complexity of the Company's operations.

Board Role in Risk Oversight

The Board believes (i) that management is responsible to manage the various risks that may arise in the Company's operations and (ii) that the Board has a role in overseeing management in the risk management function.

Management's approach to risk management includes systems of authorities and approval levels; internal control checks and balances; analytical methods for making and evaluating decisions; planning for annual business growth and profitability; strategic planning; and nurturing a corporate culture that rewards integrity and supports the TIFFANY & CO. brand image. This approach to risk management includes these goals: that every risk should, when possible and practicable, be identified, quantified as to monetary impact, assigned a probability factor, and properly delegated to management for a response. Operational risks so categorized are used to inform and shape the internal audit plan and are communicated to the Company's independent registered public accounting firm so that they can be referenced and used, if deemed appropriate, to inform and shape the external audit plan. Strategic risks are identified and are addressed in the strategic planning process.

Each year management is charged with the preparation of detailed business plans for the one-year and four-year or five-year periods and required to review these plans, as they are developed and refined, on three separate occasions with the Board. Among other items, such plans include budgets for capital expenditures, inventory purchases, cash flow and liquidity, hiring, borrowing and dividends. The Board requires management to plan on the basis of realistic assumptions

TIFFANY & CO.

PS - 18

Table of Contents

concerning sales and cost increases. In this process, the Board endeavors to assess whether management has made an appropriate analysis of the operational and brand risks inherent in the plans.

Each year the Board reviews and approves the annual business plan and the strategic plan mentioned in the previous paragraph. The Board also reviews specific risk areas on a regular basis. These are insured risks, management authority, investor relations, litigation risks, foreign currency risks, diamond supply risk and inventory risk.

The Audit Committee is required to discuss policies with respect to risk assessment and risk management and regularly does so. The Audit Committee concerns itself most specifically with the integrity of the financial reporting process, but also with personnel, asset and information security risk.

The Finance Committee concerns itself principally with liquidity risk.

The Company has not designated an overall risk management officer and has no formal policy for coordination of risk management oversight amongst the two board committees involved. The committee structure was not organized specifically for the purpose of risk management oversight.

The Board coordinates the risk management oversight function in the following manner. Both the Finance Committee and the Audit Committee share the minutes of their meetings with the Board and report regularly to the Board. All committee meetings are open to the other directors and many regularly attend because the committee meetings are regularly scheduled on the day of or the day preceding Board meetings.

Business Conduct Policy and Code of Ethics

Since the 1980s, the Company has had a policy governing business conduct for all Company employees worldwide.

The policy requires compliance with law and avoidance of conflicts of interest and sets standards for various activities to avoid the potential for abuse or the occasion for illegal or unethical activities. This policy covers, among other activities, the acceptance or giving of gifts from or to those seeking to do business with the Company, processing one's own transactions, political contributions and reporting dishonest activity. Each year, all employees are required to review the policy, report any violations or conflicts of interest and affirm their obligation to report future violations to management.

The Company has a toll-free hotline to receive complaints from employees, vendors, stockholders and other interested parties concerning violations of the Company's policies or questionable accounting, internal controls or auditing matters. The toll-free phone number is 877-806-7464. The hotline is operated by a third party service provider to assure the confidentiality and completeness of all information received. Users of this service may elect to remain anonymous.

We also have a Code of Business and Ethical Conduct for the directors, the chief executive officer, the chief financial officer and all other officers of the Company. The Code advocates, and requires those persons to adhere to, principles and responsibilities governing professional and ethical conduct. This Code supplements our business conduct policy. Waivers may only be made by the Board. A summary of our business conduct policy and a copy of the Code of Business and Ethical Conduct are posted on our website, www.tiffany.com, by clicking Investors at the bottom of the page, and then selecting Corporate Governance from the left-hand column. We have also filed a copy of the Code with the SEC as an exhibit to our Annual Report on Form 10-K for Fiscal 2009. The Board has not adopted a policy by which it will disclose amendments to, or waivers from, the Company's Code of Business and Ethical Conduct on our website. Accordingly, we will file a

TIFFANY & CO.

report on Form 8-K if that Code is amended or if the Board has granted a waiver from such Code, including an implicit waiver. We will file such a report only if the waiver applies to the Company's principal executive officer, principal financial officer, principal accounting officer or controller, and if such waiver relates to: honest and ethical conduct; full, fair, accurate, timely, and understandable disclosure; compliance with applicable governmental laws, rules and regulations; the prompt internal reporting of violations of the Code; or accountability for adherence to the Code.

The Nominating/Corporate Governance Committee, Audit Committee and Compensation Committee charters as well as the Code of Ethics and the Corporate Governance Principles are available in print to any stockholder who requests them.

Limitation on Adoption of Poison Pill Plans

On January 19, 2006, the Board terminated the Company's stockholder rights plan (typically referred to as a "poison pill") and adopted the following policy:

This Board shall submit the adoption or extension of any poison pill to a stockholder vote before it acts to adopt such poison pill; provided, however, that this Board may act on its own to adopt a poison pill without first submitting such matter to a stockholder vote if, under the circumstance then existing, this Board in the exercise of its fiduciary responsibilities deems it to be in the best interests of the Company and its stockholders to adopt a poison pill without the delay in adoption that is attendant upon the time reasonably anticipated to seek a stockholder vote. If a poison pill is adopted without first submitting such matter to a stockholder vote, the poison pill must be submitted to a stockholder vote within one year after the effective date of the poison pill. Absent such submission to a stockholder vote, and favorable action thereupon, the poison pill will expire on the first anniversary of its effective date.

TRANSACTIONS WITH RELATED PERSONS

The Board has adopted policies and procedures for the review, approval or ratification of transactions with the Company (or any subsidiary) in which any director or executive officer, any nominee for election as a director, any immediate family member of such an officer, director or nominee or any five-percent holder of the Company's securities has a direct or indirect material interest. Such transactions are referred to the Nominating/Corporate Governance Committee for review. In determining whether to approve or ratify any transaction, the Committee applies the following standard after considering the facts and circumstances of the transaction: whether, in the business judgment of the Committee members, the interests of the Company appear likely to be served by such approval or ratification.

The Board has ratified the hiring in Fiscal 2009 by Tiffany management of the following related person: Suzanne Jackey, an adult stepdaughter of Rose Marie Bravo, a director and a nominee for director. Ms. Jackey was hired as Tiffany's Director of Product Development and Merchandising - Leather Accessories because she had previously worked for the product development group hired to develop a new product line. Ms. Jackey is a salaried employee of Tiffany whose annual salary and bonus rate totaled approximately \$200,000 for fiscal year 2009.

REPORT OF THE AUDIT COMMITTEE

Included in the Company's Annual Report to Stockholders are the consolidated balance sheets of the Company and its subsidiaries as of January 31, 2010 and 2009, and the related consolidated statements of earnings, stockholders' equity and comprehensive earnings, and cash flows for each of the three years in the period ended January 31, 2010. These statements (the Audited Financial Statements) are the subject of a report by the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP (PwC). The Audited Financial Statements are also included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission.

The Audit Committee reviewed and discussed the Audited Financial Statements with the Company's management and otherwise fulfilled the responsibilities set forth in its charter. The Audit Committee has also discussed with the Company's management and independent registered public accounting firm their evaluations of the effectiveness of the Company's internal controls over financial reporting.

The Audit Committee has discussed with PwC the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees, as adopted by the PCAOB in Rule 3200T, and PCAOB Auditing Standard No. 5, An Audit of Internal Control Over Financial Reporting That Is Integrated With An Audit of Financial Statements.

The Audit Committee received from PwC the written disclosure and letter required by PCAOB Rule 3526

Communication with Audit Committees Concerning Independence, and has discussed the independence of PwC with that firm. The Audit committee has considered whether the provision by PwC of the tax consultation, tax compliance and other non-audit-related services disclosed above under RELATIONSHIP WITH INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM Fees and Services of PricewaterhouseCoopers LLP is compatible with maintaining PwC's independence and has concluded that providing such services is compatible with that firm's independence from the Company and its management.

The Audit Committee is aware that the provision of non-audit services by an independent accountant may, in some circumstances, create the perception that independence has been compromised. Accordingly, the Audit Committee has instructed management and management has agreed to develop professional relationships with firms other than PwC so that, when needed, other qualified resources will be available and will be used as appropriate.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Company's Board that the Audited Financial Statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2010.

Short- and Long-term Planning for Sustainable Earnings Growth

The performance of management in planning, execution and brand stewardship and variable external factors determines the Company's success in achieving its financial goals both short and long term.

As part of each year's planning process, the executive officers develop and submit for Board approval:

- A four-year or five-year strategic plan that balances earnings with brand stewardship (see below); and
- A profit plan for the fiscal year.

Both plans must incorporate challenging but achievable goals for sales growth, merchandising, gross margins, marketing expenditures, staffing, other expenses, capital spending and all other components of the Company's financial statements.

Brand stewardship refers to actions taken by management to maintain, in the minds of consumers, strong associations between the TIFFANY & CO. brand and product quality, product exclusivity, the highest levels of customer service, compelling store design and product display, and responsible product sourcing practices.

The Board recognizes that tradeoffs between short-term objectives and brand stewardship are often difficult. For example, variations in product mix can positively affect gross margins in the short term while negatively affecting brand image, and increased staffing can positively affect customer service while negatively affecting earnings.

Through the planning process, management must bring into balance expectations for quarterly and annual earnings growth and concerns for brand stewardship and sustainable earnings growth.

Objectives of the Executive Compensation Program

The Committee has established the following objectives for the compensation program:

To attract, motivate and retain the management talent necessary to develop and execute both the annual and strategic plans;

To reward achievement of annual and long-term financial goals; and

To link management's interests with those of the stockholders.

The total executive compensation program includes base salary, annual and long-term incentives and benefits.

Base Salary

The Committee pays the executive officers competitive salaries as one part of a competitive total compensation program to attract and retain them, but does not use salary increases as the primary means of recognizing talent and performance. For a discussion of how the Committee determines that the Company's base salaries for executives are competitive, see below under the heading *Competitive Compensation Analysis*.

The Committee last made a general adjustment to executive salaries in 2008. At that time the Committee determined that salaries would, in the future, be adjusted every other year if warranted by competitive conditions and individual performance factors.

January 2010 Action: The Committee determined to maintain 2010 salaries at 2008 levels in all but two instances. The Committee increased the 2010 base salary of those two executive officers because the *Competitive Compensation Analysis* discussed below indicated that these executives were being paid significantly below the market value for a comparable position. The executive officers who received these increases are not named executive officers in this Proxy Statement.

Short-term Incentives

The Committee uses short-term incentives to motivate executive officers to achieve the annual profit plan. Short-term incentives consist of annual incentive awards for the five named executive officers and bonus eligibility for the other executive officers. Annual incentive awards are primarily formula-driven, with payments based on the degree of achievement of the annual profit plan. Bonuses are entirely discretionary.

Although annual incentive awards are contingent upon the degree to which the annual profit plan is achieved, the Committee has the discretion to take other considerations into account. Such considerations include events, unanticipated at the time that incentive award targets were set, that affect earnings, and contributions to business outcomes consistent with the strategic plan. (For a description of the Incentive Awards, including incentive award targets from year-to-year and the conditions under which the Committee may exercise discretion, see DISCUSSION OF SUMMARY COMPENSATION TABLE AND GRANTS OF PLAN-BASED AWARDS - Non-Equity Incentive Plan Awards).

TIFFANY & CO.

PS - 28

Table of Contents

The Committee awards annual bonuses to the other executive officers. Although the Committee retains discretion with respect to bonuses, in practice it aligns bonuses with the annual incentive awards.

The Committee has established targets and maximums for annual incentive awards for each of the named executive officers. The Committee established these targets and maximums in Fiscal 2008, maintained them for Fiscal 2009 and determined that they will remain effective for Fiscal 2010. They are as follows:

Executive	Position	Target Incentive as a Percent of Base Salary	Maximum Incentive as a Percent of Base Salary
Michael J. Kowalski	Chairman & CEO	100%	200%
James E. Quinn	President	70%	140%
Beth O. Canavan	Executive Vice President	70%	140%
James N. Fernandez	Executive Vice President & CFO	70%	140%
Jon M. King	Executive Vice President	70%	140%

January 2010 Action:

In January 2010, the Committee determined to maintain target and maximum incentives for Fiscal 2010 at the same levels set for Fiscal 2008. *See above.*

In March 2009, the Committee established, as a condition to awarding the maximum incentive awards, that the Company attain Fiscal 2009 net earnings of \$116 million. At the same time the Committee also advised the executive officers that, in the absence of other factors, the Committee will exercise its discretion as follows:

To reduce the award to zero if Fiscal 2009 net earnings from continuing operations do not equal or exceed \$135,111,200;

To pay 80% of the target incentive award if Fiscal 2009 net earnings from continuing operations equal \$173,714,400;

To pay the target incentive award if Fiscal 2009 net earnings from continuing operations equal \$193,016,000;

To pay 120% of the target incentive award if Fiscal 2009 net earnings from continuing operations equal \$212,317,600;

To pay the maximum award if Fiscal 2009 net earnings from continuing operations equal or exceed \$250,920,800; and

To vary the incentive award payable if Fiscal 2009 net earnings from continuing operations fall between the amounts set forth above.

March 2010 Action: After reviewing and concurring with the recommendation of the chief executive officer, the Committee, in the exercise of its retained discretion, determined to pay incentive awards on the basis of Fiscal 2009 net earnings from continuing operations (\$265.7 million) as follows:

Michael J. Kowalski	\$ 2,000,000
James E. Quinn	\$ 1,036,000
Beth O. Canavan	\$ 840,000
James N. Fernandez	\$ 1,036,000
Jon M. King	\$ 840,000

March 2010 Action: The Committee established, as a condition to awarding the maximum incentive awards, that the Company attain Fiscal 2010 net earnings of \$189 million. At the same time the Committee also advised the executive officers that, in the absence of other factors, the Committee will exercise its discretion as follows:

To reduce the award to zero if Fiscal 2010 net earnings as publicly reported do not exceed \$220,500,000;

To pay the target incentive award if Fiscal 2010 net earnings as publicly reported equal \$315,000,000;

To pay the maximum award if Fiscal 2010 net earnings as publicly reported equal or exceed \$410,000,000; and

To vary the incentive award payable if Fiscal 2010 net earnings as publicly reported fall between the amounts set forth above.

Strategic Incentives

The Committee uses long-term incentives to promote the retention of executive officers and motivate them to achieve sustainable earnings growth.

The Committee considers equity-based awards to be appropriate because, over the long term, the Company's stock price should be a good indicator of management's success in achieving sustainable earnings growth.

The Committee awards both performance-based restricted stock units and stock options because each form of award complements the other in helping the Company retain and motivate its executive officers.

In its decision to use both forms of award, the Committee took into account the difficulty of setting appropriate strategic performance goals. This difficulty arises due to the significant degree of influence that noncontrollable and highly variable external factors have upon the Company's performance and the fact that the market does not always respond immediately to earnings growth.

Performance-based restricted stock units have the advantage of rewarding executives for meeting financial goals - even if the achievement of those goals is not reflected in the share price in the short term.

TIFFANY & CO.

PS - 30

Table of Contents

Stock options do not reward executives in a declining market. However, they do provide gains commensurate with those of shareholders, whether or not financial goals have been met.

In order to provide balance to the Company's long-term incentives, the Committee determined that the ratio of the estimated value of performance-based restricted stock unit awards to the estimated value of stock options awards should be as nearly 50/50 as practicable. For purposes of achieving this ratio the Committee values the awards as follows:

for options, on the basis of the Black-Scholes model; and

for performance-based restricted stock units, using the per share market value immediately prior to the grant on the assumption that units would vest at the earnings target (attainment of the ROA target was not considered in making this allocation).

Performance-Based Restricted Stock Unit Grants Made in January 2010

Complete vesting of performance-based restricted stock units granted in January 2010 is dependent upon achievement of an earnings threshold. Achievement of that threshold will give the Committee the discretion to vest the total number of stock units granted or any lesser number down to zero. However, the Committee has communicated to the executive officers that it will exercise its discretion to reduce the number of units vesting on the basis of both a cumulative earnings per share (EPS) goal and an average return on assets (ROA) goal over the three-year performance period (Fiscal Years 2010, 2011 and 2012).

Like most companies, the Company's stock price over the long term is primarily driven by growth in EPS. The Committee considers EPS performance to be the primary determiner of vesting and no shares will vest unless a threshold level of EPS performance is achieved.

The Company's ROA is also likely to significantly affect its stock price over the long term. This is due, in part, to the significance of inventory and store fitting-out expenses in its business. Thus the Committee uses ROA as a supplemental indicator of management's success in achieving sustainable earnings growth.

The EPS and ROA goals were set by the Committee in conformance to, and as part of the process of approving, the Company's strategic plan.

January 2010 Action: The Committee granted performance-based restricted stock units as described above in the per-share amounts shown in the table titled GRANTS OF PLAN-BASED AWARDS, Fiscal 2009, 2005 Employee Incentive Plan on PS-48.

March 2010 Action: The Committee established the following in respect of the above-referenced stock units, subject to adjustments as permitted under the Plan:

Earnings Target: \$9.10 per share (aggregate consolidated net earnings per share on a diluted basis over the three-year period);

ROA Target: 10.6% (consolidated return on average assets in each of the fiscal years in the performance period, expressed as a percentage and then averaged over the entire performance period);

Earnings Threshold: \$4.25 per share (aggregate consolidated net earnings per share on a diluted basis over the three-year period); and

Earnings Maximum: \$12.21 per share (aggregate consolidated net earnings per share on a diluted basis over the three-year period).

Performance-Based Restricted Stock Unit Grants Made in January 2009

When the Committee met in January 2009, it considered:

The Company's projected financial performance for Fiscal 2008;

The economic circumstances and uncertainty then confronting retailers of luxury goods and jewelry retailers in particular;

The difficulty of planning for Fiscal 2009 in the face of such uncertainty;

The diminished realizable and retentive value of equity awards made to the executive officers in prior fiscal years due to the effect of significant declines in the market value for the Company's stock and the Company's financial performance in Fiscal 2008; and

Whether the vesting provisions of performance-based restricted stock unit grants to be made in respect of the three-year performance period ending on January 31, 2012 should be changed, relative to those made for prior performance periods (see below), to recognize the economic uncertainty and to provide the Company with a better opportunity to retain the executives.

The Committee determined that the performance-based restricted stock unit grants made in January 2009 for the three-year performance period ending January 31, 2012 (Fiscal 2009, 2010 and 2011) will vest 100% for those executives who remain employed through the end of the performance period if consolidated earnings from continuing operations equal or exceed \$300 million in any one of the three fiscal years ending during the performance period. Unlike prior grants, there is no incremental opportunity for the executives if the earnings goal is overachieved, and no partial vesting for partial performance.

Performance-Based Restricted Stock Unit Grants Made in January 2007 and 2008

Complete vesting of performance-based restricted stock units granted in January 2007 and 2008 is dependent upon achievement of both EPS goal and an ROA goal over each three-year performance period following the grants. Due to the Company's financial performance in Fiscal 2008, it is unlikely the Company will meet the applicable three-year cumulative EPS goal and ROA goal for these grants, and these grants are not likely to vest.¹ The Committee has not retained any discretion in that regard.

For a more complete description of the performance-based restricted stock units, including a description of the circumstances in which a portion of the units may vest in various circumstances of death, disability, a Change of Control or at the initiative of the executive's employer and the goals set from year-to-year, see DISCUSSION OF SUMMARY COMPENSATION TABLE AND GRANTS OF PLAN-BASED AWARDS - Equity Incentive Plan Awards - Performance-Based Restricted Stock Units.

¹ For performance-based restricted stock units granted in January 2007 and 2008, goals are respectively as follows: Threshold cumulative net EPS of \$6.72 and \$8.54; Target cumulative

net EPS of \$7.76 and
\$9.87; Maximum
cumulative net EPS
of \$8.31 and \$10.62;
and ROA goal of
10.6% and 11.5%.

Stock Option Grants Made in January 2010

The Committee grants stock options in order to clarify the link between the interests of the executive officers and those of the Company's stockholders in long-term growth in share value and to support the brand stewardship over the long term. As in prior years, stock options have a 10-year term and vest at the rate of 25% per year. (For a description of the stock options see DISCUSSION OF SUMMARY COMPENSATION TABLE AND GRANTS OF PLAN-BASED AWARDS - Options).

January 2010 Action: As has been its practice, the Committee granted stock options to the executive officers on January 20, 2010. To see the number of stock options granted to each of the named executive officers on January 20, 2010 refer to GRANTS OF PLAN-BASED AWARDS Fiscal 2009, 2005 Employee Incentive Plan.

Retirement Benefits

Retirement benefits are offered to executive officers because the Committee seeks to retain them over the course of their career, especially in their later years when they have gained experience and become more valuable to the Company and to its competitors. (For a description of the retirement benefits see PENSION BENEFITS Features of the Retirement Plans).

Retirement benefits are not contingent upon corporate performance factors, although the average final compensation of each executive officer, on which retirement benefits are based, will be determined, in part, by reference to bonus and incentive awards made in the past. Such awards were determined by corporate performance factors.

Executives participate in three retirement plans: they participate in the same tax-qualified pension plan available to all full-time U.S. employees hired before January 1, 2006 and also receive incremental benefits under the Excess Plan and the Supplemental Plan.

The Excess Plan credits salary and bonus in excess of amounts that the Internal Revenue Service (IRS) allows the tax-qualified pension plan to credit in computing benefits, although benefits under both of these plans are computed under the same formula. The Committee considers it fair and consistent with the employee retention purpose of the tax-qualified pension plan to maintain for executives the relationship established for employees compensated below the IRS limit between annual cash compensation and pension benefits.

The Supplemental Plan serves as a stay-incentive for experienced executives by increasing the percentage of average final compensation provided as a benefit when the executive reaches specified service milestones.

Life Insurance Benefits

IRS limitations render the life insurance benefits that the Company provides to all full-time U.S. employees in multiples of their annual salaries largely unavailable to the Company's executive officers. The Company maintains the relationship established for lower-compensated employees between annual salaries and life insurance benefits through executive-owned, employer-paid whole life policies. (For an explanation of the key features of the life benefits, see DISCUSSION

TIFFANY & CO.

PS - 34

Table of Contents

OF SUMMARY COMPENSATION TABLE AND GRANTS OF PLAN-BASED AWARDS - Life Insurance Benefits). The Committee considers the increase in policy cash value attributable to Company contributions to be part of target total direct compensation for purposes of the *Competitive Compensation Analysis* discussed below. Effective in 2009, the Committee discontinued its prior practice of grossing-up Company contributions. Such gross-ups were last paid in Fiscal 2008.

Disability Insurance Benefits

The Committee provides executive officers with special disability insurance benefits because their salaries are inconsistent with the income replacement limits of the Company's standard disability insurance policies. Thus, these special disability benefits maintain the relationship established for employees compensated below the IRS limit between annual cash compensation and disability benefits. Disability insurance premiums are taxable to the executives and no gross-up is paid.

Competitive Compensation Analysis

Each year the Committee refers to competitive compensation (market) data because the Committee believes that such data are helpful in assessing the competitiveness of the total compensation offered to the Company's executive officers. However, the Committee does not consider such market data sufficient for a full evaluation of appropriate compensation for any individual executive officer. Accordingly, the Committee:

Has not set a benchmark to such data for any executive officer, although it does look to see if the Company's total executive program falls between the 25th and 75th percentile of market data;

Does not rely exclusively on compensation surveys or publicly available compensation information when it determines the compensation of individual executive officers; and

Also considers:

The comparability of compensation as between executive officers of comparable experience and responsibility;

Job comparability with market positions;

The recommendations of the chief executive officer; and

The Committee's own business judgment as to an individual's maturity, experience and tenure, capacity for growth, demonstrated success and desirability to the Company's competitors.

The Committee reviewed a comparability analysis prepared on November 18, 2009 by Towers Watson (then Towers Perrin), a nationally recognized compensation consulting firm.

The analysis included the following elements of compensation for each executive officer:

base salary;

target annual incentive or bonus as a percentage of salary;

target total cash compensation (salary plus target incentive/bonus award);

actual total cash compensation (salary plus actual incentive/bonus granted in the prior year);

expected value of long-term incentives as a percentage of salary;

target total direct compensation (target total cash compensation, life insurance cash value increases and the expected value of long-term incentives granted in the prior year);

TIFFANY & CO.

PS - 35

Table of Contents

actual total direct compensation (actual total cash compensation plus life insurance cash value increases and the expected value of long-term incentives granted in the prior year); and

pay mix.

The Committee believes that a competitive market for the services of retail executives exists, even among firms that operate in a different line of business. To fully understand market compensation levels for comparable executive positions, the analysis includes data for both retail and general industry companies, with greater emphasis on the former.

Defining an appropriate comparator group is a challenge because there are few U.S. companies of similar size in the luxury retail business with an integrated manufacturing function similar to the Company. Thus, as mentioned previously, the market data serve as reference points but the Committee does not benchmark to specific market pay levels.

In addition, for the retail market data, two retail groups are used. The first group is based on publicly available pay data from annual proxy statements, and the second group is based on pay data submitted to the Towers Perrin Retail Executive Compensation Survey. The second group includes privately-held companies and also provides compensation for positions that may not fall within the top five highest paid executives disclosed in the comparator companies proxy statements, but the composition of the group varies year-over-year due to survey participation. The analysis included data concerning compensation for senior positions provided by:

a survey of 16 public companies in the specialty retail industry with median revenues of \$3.1 billion (*see A below*);

a survey of 9 public and private companies in the retail industry with median revenues of \$3.4 billion (*see B below*); and

a survey of 244 companies in general industry with median revenues of \$2.6 billion.

Management consulted with Towers Watson on the selection of companies for comparison, but Towers Watson has maintained its own judgment in that regard.

(A) Specialty Retail Companies: Abercrombie & Fitch; Ann Taylor Stores; Coach Inc.; Foot Locker Inc.; J. Crew Group Inc.; Limited Brands Inc.; Liz Claiborne Inc.; Movado Group Inc.; Nordstrom Inc.; Pier 1 Imports Inc.; Polo Ralph Lauren Corp.; Saks Inc.; Sotheby's; Talbot's Inc.; Williams Sonoma Inc.; and Zale Corporation.

(B) Retail Companies: Abercrombie & Fitch; GAP Inc.; Harry Winston Diamond Corp.; J. Crew Group Inc.; Limited Brands Inc.; L.L. Bean; Nordstrom Inc.; Williams-Sonoma Inc.; and Zale Corporation.

For retail-specific positions, the analysis of competitive compensation was determined by reference only to surveys of the retail industry mentioned above.

Because the chief executive officer and the chief financial officer do not occupy retail-specific positions, the analysis of competitive compensation was determined by reference to surveys of the retail industry mentioned above and to the general industry survey mentioned above.

TIFFANY & CO.

PS - 36

Table of Contents

Relative to the competitive market data, the Company's target total compensation is positioned as follows:
the chief executive officer's target total compensation approximates the 50th percentile;

the target total compensation for the named executive officers in retail-specific positions (Mrs. Canavan, and Messrs. Quinn and King) approximates the 50th percentile;

the chief financial officer has significant operating responsibilities beyond those typically assigned to those with this title in the surveyed companies and, for that reason, Towers Watson compared his compensation to those in a chief financial officer position and to those in a chief operating officer position:

when compared to the chief financial officer position, his target total compensation is above the 75th percentile;

when compared to the chief operational officer data, his target total compensation approximates the 50th percentile.

Relative Values of Key Compensation Components

The Committee believes that the portion of an executive officer's compensation that is at risk (subject to adjustment for corporate performance factors) should vary proportionately to the amount of responsibility the executive officer bears for the Company's success. The Committee also believes that a minimum of 50% of the total compensation opportunity of the chief executive officer and 40% of the total compensation opportunity of the other executive officers should be comprised of long-term incentives. The Committee uses the following ratios to base salary as a means of awarding short- and long-term incentives. The Committee splits the estimated value of the long-term incentives evenly between the estimated value of performance-based restricted stock units and the estimated value of stock options.

Executive	Position	Target Short-term Incentive as a Percent of Salary	Maximum Short- term Incentive as a Percent of Salary	Long-term Incentive as a Percent of Salary
Michael J. Kowalski	Chairman & CEO	100%	200%	300%

Table of Contents*Equity Ownership by Executive Officers and Directors*

Under the equity ownership policy adopted by the Board and monitored by the Committee, executive officers and non-executive directors are required to accumulate shares (and options for shares) of the Company's common stock until they have ownership of shares or options having a total market value equal to the following multiples of their base salaries (minimum annual retainer in the case of directors):

Position/Level	Market Value of Company Stock Holdings as a Multiple of Base Salary (Minimum Annual Retainer in the case of Non-Executive Directors)
Chief Executive Officer	Five Times
Non-Executive Directors	Five Times
President	Four Times
Executive Vice President	Three Times
Senior Vice President	Two Times

Under the share ownership policy, so long as 25% of the required market value consists of shares of the Company's common stock owned by an executive officer or director, 50% of the positive current value of his or her vested (exercisable) stock options may also be counted towards compliance. For this purpose, the current value of a vested option is calculated as follows: current market value of the number of shares covered by the option less the total option exercise price.

Prior to satisfying this stock ownership requirement, an executive officer or director may not sell any shares except to: satisfy required withholding for income taxes due upon exercise of stock options or vesting of performance-based restricted stock units;

pay the exercise price upon exercise of stock options; and

dispose of no more than 50% of the remaining shares issued upon exercise of stock options or vesting of performance-based restricted share units (after paying the exercise price and tax withholding).

Executive officers and directors have until July 2011 to satisfy the stock ownership requirement.

The Committee reviewed progress toward compliance with the policy at meetings held in July 2009, November 2009 and January 2010. Progress was measured as of the previous month end. As of December 31, 2009, the chief executive officer had exceeded his goal by nearly four-fold and seven of the remaining ten executive officers had achieved their goal. Goal achievement is affected from period to period by fluctuations in the share price, through market transactions and by the vesting of stock options and restricted stock units.

As of December 31, 2009, seven of the eight non-management directors had met their share ownership requirements.

Speculative Transactions

The Board has directed executive officers not to engage in transactions of a speculative nature in Company securities, such as the purchase of calls or puts, selling short or speculative transactions as to any rights, options, warrants or convertible securities related to Company securities. This policy does not affect the right to exercise or hold a stock option issued to the executive by the Company.

Retention Agreements

The Committee continues to believe that, during any times of possible or actual transition of corporate control, it would be important to keep the team of executive officers in place, free of distractions that might arise out of concern for personal financial advantage or job security. The Company has not had a single controlling stockholder for many years, and, depending upon the circumstances, executive officers could consider acquisition of a controlling interest as described in the retention agreements to be a prelude to a significant change in corporate policies and an incentive to leave. For these reasons, the Company has entered into retention agreements with each of the executive officers which provide financial incentives for them to remain in place during any such times. (For a description of the retention agreements see POTENTIAL PAYMENTS ON TERMINATION OR CHANGE IN CONTROL - Retention Agreements).

The Committee believes that the retention agreements serve the best interests of the Company's stockholders because such agreements:

- will increase the value of the Company to a potential acquirer that requires delivery of an intact management team;

- will help to keep management in place and focused should any situation arise in which a change of control looms but is not welcome or agreement has not yet been reached;

- are a prudent defense to the possibility that one or more senior executive officers might retire or take a competing job offer during a time of transition; and

- are not overly generous.

The Committee also believes that the independent directors are fully capable of weighing the merits of any proposed transaction and reaching a proper conclusion in the interests of the stockholders, even in the face of management's advocacy of a transaction that would provide change in control payments to the executive officers.

Dual Triggers

The retention agreements are dual-trigger arrangements in that they provide no benefits unless two events occur: (i) a change in control followed by (ii) a loss of employment.

Definition of Change in Control

In Fiscal 2008, the Committee changed the definition of Change in Control for use in the Company's arrangements with the executive officers. This change was made effective for equity grants made in January 2009 and thereafter. This change was also made for the retention agreements (see above) and all executive officers surrendered the old form of retention agreement and entered into a new form with the changed definition. Under the new definition, a

Change in Control will be deemed to occur only in the following four situations:

- a 35% share acquisition;

- incumbent directors (including those nominated by incumbent directors) cease to be a majority;

- a corporate transaction, such as a merger, in which the shareholders prior to the transaction do not own 51% of the Company's assets; and

- a sale of all or substantially all of the assets of the Company or Tiffany.

TIFFANY & CO.

No Other Employment Agreements or Severance Plans for Executives

Apart from the retention agreements, the Company:

is not party to any employment agreement with any executive officer that provides for severance benefits on termination of employment;

does not maintain any severance payment policy for executive officers; and

has the right to terminate the employment of any executive for any reason or no reason prior to the occurrence of a change of control.

Equity Grant Change in Control Provisions

For grants made prior to January 2009, the Company's stock option and performance-based restricted stock unit award agreements provide for accelerated vesting of all options and restricted stock units upon a change in control.

In 2009, the Committee adopted a more focused view of the change in control circumstances which should permit accelerated vesting of stock options and performance-based restricted stock units.

The Committee believes that:

where practicable, executives should be required to meet the service vesting provisions of equity grants following a change in control;

the definition of *Change in Control* (see above) includes circumstances where it is sensible to require the executive to remain employed in order to vest in his/her equity grant and other circumstances where it is not sensible;

following a change in control, an executive should have the benefit of his/her equity grants if terminated without cause or if he/she resigns with good reason;

performance-based equity grants should be treated separately from grants that are purely time-vested because a change in control may result in a change in business strategy making it difficult, if not impossible, for the Company to achieve the performance criteria; and

the independent directors are fully capable of weighing the merits of any proposed transaction and reaching a proper conclusion in the interests of the stockholders, even in the face of management's advocacy of a transaction that would provide change in control payments to the executive officers.

Supplemental Plan Change in Control Provisions

Consistent with its view that *Change in Control* (*CIC*) entitlements should be triggered, in most circumstances, only on a loss of employment (a *dual-trigger*), the Committee's *CIC Review* also focused on the Supplemental Plan for executive retirement benefits. The Committee determined that the Plan, as previously structured, was inconsistent with that view.

Termination for Cause

Stock options granted under the 2005 Employee Incentive Plan may not be exercised after a termination for cause. Performance-based restricted stock units will not vest if termination for cause occurs before the conclusion of the three-year performance period.

TIFFANY & CO.

PS - 40

Table of Contents

Recoupment Provisions

All executive officers have signed non-competition covenants that have a two-year post-employment term. For those who are age 60 or older at termination of employment or who attain age 60 within six months of termination, the term ends six months after termination. For all executive officers, the term ends in six months after termination if a change in control (as defined in the retention agreements) has occurred prior to termination of employment or during the six-month period. For all executive officers, once the six-month minimum period has passed, a change of control will result in an early end to the term.

Violation of the non-compete covenants will result in:

loss of benefits under the Excess Plan and the Supplemental Plan;

loss of all rights under stock options and performance-based restricted stock units; and

mandatory repayment of all proceeds from stock options exercised or restricted stock units vested during a period beginning six months before termination and throughout the duration of the non-competition covenant.

Compensation Committee Process

Tally sheets

The Committee reviews tally sheets in July, November and January so that the total compensation and equity position in Company stock for each executive officer can be compared. The tally sheets are prepared by the Company's Human Resources Department for each executive officer and provided to the Committee.

The tally sheets include historical compensation and wealth accumulation data concerning:

current salary and potential threshold, target and maximum annual incentive awards;

salary and annual incentive award grants in prior years;

total cash compensation (salary plus annual incentive award for the previous year);

potential threshold, target and maximum returns on performance-based restricted stock unit awards and estimated value of stock option awards;

performance-based restricted stock unit and stock option awards made in prior years;

Consultations with the Chief Executive Officer

The Committee meets with the chief executive officer regularly and solicits his recommendations with respect to the compensation of the executive officers. In this context, his views as to the performance of the individual officers are provided to the Committee. Individual performance has not factored significantly in terms of incentive pay, although the Committee has reserved discretion in that regard, see DISCUSSION OF SUMMARY COMPENSATION TABLE AND GRANTS OF PLAN-BASED AWARDS, Non-Equity Incentive Awards.

Coordination with Financial Results and Annual and Strategic Planning Process

In January, the Committee reviews a forecast of financial results for the fiscal year ending that month with the chief financial officer and calculates the tentative payouts for short- and long-term incentives on that basis. Revised calculations and adjustments are prepared at the March meeting, when fiscal year financial results are nearly final and ready for public release, and when the annual profit plan and the strategic plan are presented for approval by the Board. After the public release of the financial results, the final calculation is made and the Committee authorizes management to make payment on prior year annual incentive awards and performance-based restricted stock unit awards for which the three-year performance period ended in the prior year and to enter into agreements with respect to current year annual incentive awards.

The Committee has limited discretion under the 2005 Employee Incentive Plan to adjust incentive awards for certain events, unanticipated at the time that incentive award targets were set, that affect earnings or for special contributions to other business outcomes consistent with the strategic plan. (For a description of the Incentive Awards, including the incentive awards set and the conditions under which the Committee may exercise discretion, see DISCUSSION OF SUMMARY COMPENSATION TABLE AND GRANTS OF PLAN-BASED AWARDS, Non-Equity Incentive Awards).

The Committee awards stock options to executive officers at the January meeting or when individual promotions are recognized. The Committee has never authorized management to make awards of stock options. Since 2005, awards of performance-based restricted stock units have also been made at the January meeting with reference to a preliminary draft of the Company's strategic plan, although the specific financial goals are not set until the March meeting when the strategic plan is adopted.

Limitation under Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code generally denies a federal income tax deduction to the Company for compensation in excess of \$1 million per year paid to any of the named executive officers. This denial of deduction is subject to an exception for performance-based compensation such as the performance-based restricted stock units, stock options and annual incentive awards discussed above. Although the Committee has designed the executive compensation program with tax considerations in mind, the Committee does not believe that it would be in the best interests of the Company to adopt a policy that would preclude compensation arrangements subject to deduction limitations.

The compensation paid to the executive officers is deductible by the Company except in the following respect: that portion of compensation paid to the chief executive officer labeled Salary and All Other Compensation in the Summary Compensation Table that, in the aggregate, exceeds \$1 million in any single year.

Salary amounts paid during Fiscal 2008 reflected 27 pay periods instead of the typical 26 pay periods.
- (b) Bonus amounts include amounts deferred at the election of the executive under the Deferral Plan and under the 401(k). Bonus amounts are earned in the fiscal year ended January 31, and paid in April.

- (a) No portion of these awards will pay out unless an Earnings Threshold is attained over the three-year Performance Period ending January 31, 2013. If the Earnings Threshold is attained, the Committee may vest the Maximum Number of Shares, but has the discretion to reduce the vested number of shares by any amount down to zero shares.

The Committee has communicated to the executive officers that it intends to exercise its discretion as indicated in the following chart (subject to interpolation):

Earnings Performance	Percent of Target Shares Vesting for Earnings Performance	ROA Adjustment to Shares Vesting for Earnings Performance (percent of Target)	Percent of Target Shares Vesting After ROA Adjustment	Percent of Maximum Number of Shares Vesting
Earnings Threshold Not Reached	0%	None	0%	None

The Committee set the Earnings Threshold and the Earning Target in terms of the Company's aggregate consolidated net earnings per share on a diluted basis (subject to adjustments as permitted under the Plan) over the three-year Performance Period.

The Earnings Threshold is \$4.25 per diluted share.

The Earnings Target is \$9.10 per diluted share.

The Earnings Maximum is \$12.21 per diluted share.

Table of Contents

The Committee set the ROA Target in terms of the Company's consolidated return on average assets in each of the fiscal years in the Performance Period, expressed as a percentage, and then averaged over the entire Performance Period.

The ROA Target is 10.6%.

Amounts listed in the sub-column labeled "Target Number of Shares" reflect the Target Number of Shares, assuming Earnings Target is reached, with no adjustment for Return on Assets Target. If both the Earnings Target and Return on Assets Target are met, the Board intends to exercise its discretion to vest the following increased number of shares for each executive officer: Michael J. Kowalski, 38,500; James E. Quinn, 15,400; Beth O. Canavan, 15,400; James N. Fernandez, 20,900; and Jon M. King, 15,400.

- (b) The exercise price of all options was equal to or greater than the closing price of the underlying shares on the New York Stock Exchange on the grant date. The Committee adopted the following pricing convention on January 18, 2007: the higher of (i) the simple arithmetic mean of the high and low sales price of such stock on the New York Stock Exchange on the grant date or (ii) the closing price on such Exchange on the grant date. Options granted before that date were priced at the simple arithmetic mean of the high and low sales price of such stock on the New York Stock Exchange on the grant date.
- (c) The grant date fair value of each option award was computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718.
- (d) The grant date fair value of each performance-based award was computed assuming that the Target Number of Shares would vest due to earnings performance and would be increased by ten percent due to return-on-asset performance. (b) Shares indicated are the aggregate of those available for grant under the Company's 2005 Employee Incentive Plan (the Employee Plan) and the Company's 2008 Directors Equity Plan (the Directors Plan). All plans provide for the issuance of options and stock awards. However, under both plans the maximum number of shares that may be issued (13,500,000 under the Employee Plan and 1,000,000 under the Directors Plan) is subject to reduction by 1.58 shares for each share that is delivered on vesting of a stock award. Column C reflects this reduction assuming that all shares granted as stock awards will vest.

**DISCUSSION OF SUMMARY COMPENSATION TABLE
AND GRANTS OF PLAN-BASED AWARDS**

Non-Equity Incentive Plan Awards

Each of the named executive officers was paid a cash (non-equity) annual incentive award for Fiscal 2009. At the beginning of Fiscal 2009 the Committee granted cash (non-equity) awards. The potential maximum pay out under these awards was to be determined on the basis of Fiscal 2009 earnings performance. When these awards were made the Committee retained discretion to reduce the maximum pay out. The Committee did not use that discretion to reduce the awards; accordingly, the awards paid out at the maximum.

The performance goal established for Fiscal 2009 was consolidated net earnings (subject to adjustment as permitted in the Plan) of \$116 million. Because that goal was reached, each of the named executive officers was tentatively eligible to receive a maximum incentive award of 200% of target, subject to the Committee's discretion to reduce the award.

When the Committee established the performance goal it also communicated to the named executive officers that it would reduce the maximum incentive award:

to zero, if Fiscal 2009 net earnings from continuing operations did not equal or exceed \$135,111,200;

to 80% of the target amount (100% of base salary for the chief executive officer and 70% of base salary for each of the other named executive officers), if net earnings from continuing operations equaled \$173,714,400;

to the target amount, if net earnings from continuing operations equal \$193,016,000; and

to 120% of the target amount if net earnings from continuing operations equal \$212,317,600.

The Committee has also communicated that the maximum award would only be made if net earnings from continuing operations equaled or exceeded \$250,920,800. If earnings fall between the markers indicated, the award will be interpolated accordingly.

The Committee also communicated that it reserves the right to consider other relevant factors in reducing an annual incentive award below the maximum allowable based on achievement of the 162(m) performance goal and the other earnings objectives set forth above.

The other relevant factors that the Committee indicated it would consider were:

annual progress towards strategic plan objectives;

business unit growth and/or profitability (where the executive officer has responsibility for such growth and/or profitability);

organizational development;

TIFFANY & CO.

PS - 51

Table of Contents

contributions to the working environment of his/her team and/or development of a positive working environment for employees;

business process improvement; and

cost containment and/or cost reduction efforts.

In Fiscal 2008, 2007 and 2006, annual incentive awards were paid out as follows:

In Fiscal 2008, the Company did not meet its net earnings objectives and annual incentive awards and bonuses were not paid out.

In Fiscal 2007, the Company exceeded its net earnings objectives and annual incentive awards and bonuses were paid out at 200% of the target amount.

In Fiscal 2006, the Company exceeded its net earnings objectives and annual incentive awards and bonuses were paid out at 121.3% of the target amount.

Annual incentive awards paid to the five named executive officers differ from bonuses paid to other executive officers as follows:

Annual incentive awards are paid under the terms of the 2005 Employee Incentive Plan and will be paid only if the Company meets objective performance goals. This promise is set out in written agreements.

Bonuses are not subject to written agreements. The Compensation Committee has the discretion to increase, decrease or withhold such bonuses. It has been the Committee's practice to align bonuses with annual incentive awards.

Annual incentive awards are designed so that the amounts paid out will be deductible to the Company and not count against the one million dollar limitation under Section 162(m) of the Internal Revenue Code. Each of the named executive officers is subject to that limitation.

If a bonus is paid to an executive officer other than a named executive officer, and the total annual cash compensation paid to that executive in the year of bonus was to exceed the one million dollar limitation, the excess would not be deductible to the Company for federal income tax purposes.

Equity Incentive Plan Awards Performance-Based Restricted Stock Units

In January 2005, the Compensation Committee first awarded equity incentive awards Performance-Based Restricted Stock Units (Units) to the executive officers. Units were subsequently granted in January of 2006, 2007, 2008, 2009 and 2010. The 2010 award is reflected in the GRANTS OF PLAN-BASED AWARDS table under the column headed Estimated Future Payouts Under Equity Incentive Plan Awards.

Units were granted in January 2007 and January 2008 under the 2005 Employee Incentive Plan on the following terms:

Units will be exchanged on a one-to-one basis for shares of the Company's common stock when and if the Units vest;

Vesting is determined at the end of a three-year performance period;

No Units will vest if the executive voluntarily resigns, retires or is terminated for cause during the three-year performance period, although partial vesting is provided for in cases of termination for death or disability;

TIFFANY & CO.

PS-52

Table of Contents

No Units will vest (other than for reasons of death, disability or on a change in control) if the Company fails to meet a three-year cumulative EPS performance threshold set by the Compensation Committee at the time the Units are granted;

Units will tentatively vest based on the following EPS performance hurdles:

30% at threshold;

50% at target; and

87.5% at maximum.

In the event of EPS performance above threshold and below target or above target and below maximum the number of Units that tentatively vest will be prorated. No Units will vest if threshold earnings performance is not achieved. After tentative vesting has been determined, a ROA test will be applied. If met, the tentatively vested number of Units will be increased by 15% (but not to over 100%); if not met, the tentatively vested number of Units will be reduced by 15%;

100% vesting will occur only if the Company meets both the EPS maximum and ROA goal; and

No dividends are paid, accrued or credited to Units until vesting.

Units were granted in January 2009 under the 2005 Employee Incentive Plan on the following terms:

Units will be exchanged on a one-to-one basis for shares of the Company's common stock when and if the Units vest;

Vesting is determined at the end of a three-year performance period;

No Units will vest if the executive voluntarily resigns, retires or is terminated for cause during the three-year performance period, although partial vesting is provided for in cases of termination for death or disability;

No Units will vest (other than for reasons of death, disability or on a change in control) if the Company fails to achieve consolidated earnings from continuing operations of \$300 million in any one of the three years within the performance period;

Units will vest 100% or not at all; and

No dividends are paid, accrued or credited to Units until vesting.

The grants of Units made in January 2006 were subject to satisfaction of the following performance tests over the performance period ending January 31, 2009:

Threshold: cumulative net EPS of \$5.67;

Target: cumulative net EPS of \$6.52;

Maximum: cumulative net EPS of \$6.98; and

Return on assets: 9.8%.

After earnings were adjusted for extraordinary transactions the Units vested at 36.4% of maximum (72.8% of target).

The grants of Units made in January 2007 were subject to satisfaction of the following performance tests over the performance period ending January 31, 2010:

Threshold: cumulative net EPS of \$6.72;

Target: cumulative net EPS of \$7.76;

Maximum: cumulative net EPS of \$8.31; and

Return on assets: 10.6%.

Table of Contents

The earnings threshold was not met and, therefore, no units vested.

Note: The performance tests for Units granted in January 2006 and January 2007 have been appropriately restated to reflect the adoption of the average cost method for inventory accounting in the first quarter of Fiscal 2008.

The grants of Units made in January 2008 are subject to satisfaction of the following performance tests over the performance period ending January 31, 2011:

Threshold: cumulative net EPS of \$8.54;

Target: cumulative net EPS of \$9.87;

Maximum: cumulative net EPS of \$10.62; and

Return on assets: 11.5%.

The grants of Units made in January 2009 are subject to satisfaction of the following performance test over the performance period ending January 31, 2012: consolidated earnings from continuing operations of \$300 million in any one of the three years within the performance period. The performance test was met in the period ending January 31, 2010 and, therefore, the Units will vest at 100% for those executives who remain employed through January 31, 2012. The Compensation Committee will properly adjust achieved performance so that executive officers will not be advantaged or disadvantaged in meeting the net EPS goals by extraordinary transactions.

Options

Options vest (become exercisable) in four equal annual installments:

Vesting of each installment is contingent on continued employment, except in the event of death, disability or change in control (see Explanation of Potential Payments on Termination or Change in Control).

The exercise price for each share subject to an option is its fair market value on the date of grant. (For an explanation of the method of determining the exercise price of options, see Note (b) to the GRANTS OF PLAN-BASED AWARDS table).

Options expire no later than the 10th anniversary of the grant date. Options expire earlier on:
termination of employment (three months after termination); or

death, disability or retirement (two years after the event).

Life Insurance Benefits

The key features of the life insurance benefit that the Company provides to its executive officers are:
executive officers own whole life policies on their own lives;

the death benefit is three times annual salary and target annual incentive award or bonus, as the case may be;

TIFFANY & CO.

PS-54

Table of Contents

the Company pays the premium on such policies in an amount sufficient to accumulate cash value;

premiums are calculated to accumulate a target cash value at age 65;

the target cash value will allow the policy to remain in force after age 65 without payment of further premiums with a death benefit equivalent to twice the executive officer's ending annual salary and target annual incentive or bonus amount;

the amount of the premiums paid by the Company is taxable income to the executive officer;

in 2008 and years prior thereto, the Company paid the additional amounts necessary in order to prevent the executive officer from being subjected to increased income taxes as a result of the taxable premium income; and

in 2009 and years thereafter, the Company will not pay any additional amounts to offset the income tax attributable to the premiums paid on behalf of the executives.

Notes to Outstanding Equity Awards at Fiscal Year-end Table

- (a) For any option reported, the grant date was ten (10) years prior to the expiration date shown. All options vest 25% per year over the four-year period following a grant date.

- (b) In this column, the number to the left of the slash mark indicates the number of shares on which the payout value shown in the column to the right was computed. See Notes (g), (h), (i) and (j) below. The number to the right of the slash mark indicates the total number of shares that would vest upon attainment of all performance objectives over the three-year performance period.

- (c) This grant will have vested three business days following the date on which the Company's financial results for Fiscal 2009 were publicly reported.
- (d) This grant will vest three business days following the date on which the Company's financial results for Fiscal 2010 are publicly reported.
- (e) This grant will vest three business days following the date on which the Company's financial results for Fiscal 2011 are publicly reported.
- (f) This grant will vest three business days following the date on which the Company's financial results for Fiscal 2012 are publicly reported.
- (g) This value has been computed based upon Company EPS and ROA performance in Fiscal 2009, 2008, and 2007. The earnings threshold was not met and, therefore, no units vested.
- (h) This value has been computed based upon Company EPS and ROA performance in Fiscal 2009 and 2008. The computation assumes that 0% of the units will vest based on EPS performance. The resulting value was computed on the basis of the stock closing price on January 29, 2010, \$40.61.
- (i) This value has been computed on the assumption that Earnings from Continuing Operations Target will be met in any of Fiscal 2009, 2010, or 2011. The performance test was met in the period ending January 31, 2010 and, therefore, the Units will vest at 100%. The resulting value was computed on the basis of the stock closing price on January 29, 2010, \$40.61.
- (j) This value has been computed at Earnings Per Share target and on the assumption that the Return on Asset performance goal will have been achieved. The resulting value was computed on the basis of the stock closing price on January 29, 2010, \$40.61.

Notes to Pension Benefits Table

- (a) The formal names of the plans are: the Tiffany and Company Pension Plan (Pension Plan), the Tiffany and Company Un-funded Retirement Plan to Recognize Compensation in Excess of Internal Revenue Code Limits (Excess Plan) and the Tiffany and Company Supplemental Retirement Income Plan (Supplemental Plan).
- (b) Mr. Kowalski has been credited with 6.4 years of service for his period of employment prior to October 15, 1984 with the corporation that was, immediately before that date, Tiffany's parent corporation. Under the Supplemental Plan, the combined benefit available under the retirement plans and Social Security is 60% of average final compensation for a participant with 25 or more years of service (see *Supplemental Plan*). Because Mr. Kowalski attained 25 years of service with Tiffany as of October 14, 2009, the total retirement benefit available to him will not increase as a result of the credited 6.4 years of service described above. Rather, the effect of this credited service has been to augment the present value of his accumulated benefit under the Pension Plan and Excess Plan only as follows, resulting in a reduced obligation under the Supplemental Plan:

Pension Plan	\$ 125,985
Excess Plan	\$ 1,308,060
Supplemental Plan	\$ (1,434,045)

- (c) Mr. Fernandez has been credited with 6.3 years of service for his period of employment prior to October 15, 1984 with the corporation that was, immediately before that date, Tiffany's parent corporation. Under the Supplemental

Plan, the combined benefit available under the retirement plans and Social Security is 60% of average final compensation for a participant with 25 or more years of service (see *Supplemental Plan*). Because Mr. Fernandez attained 25 years of service with Tiffany as of October 14, 2009, the total

retirement benefit available to him will not increase as a result of the credited 6.3 years of service described above. Rather, the effect of this credited service has been to augment the present value of his accumulated benefit under the Pension Plan and Excess Plan only as follows, resulting in a reduced obligation under the Supplemental Plan:

Pension Plan	\$ 97,982
Excess Plan	\$ 494,513
Supplemental Plan	\$ (592,495)

(d) Mr. Kowalski, Mr. Quinn and Mrs. Canavan are currently eligible for early retirement under each of the Pension, Excess and Supplemental Plan. see *Early Retirement* on PS-69. They are each eligible for early retirement because they have reached age 55 and have accumulated at least ten years of credited service. The normal retirement age under each of the plans is 65. However those eligible for early retirement may retire with a reduced benefit. For retirement at age 55, the reduction in benefit would be 40%, as compared to the benefit at age 65. The benefit reduction for early retirement is computed as follows:

For retirement between age 60 and age 65, the executive's age at early retirement is subtracted from 65; for each year in the remainder the benefit is reduced by five percent;

Thus, for retirement at age 60 the reduction is 25%;

For retirement between age 55 and age 60, the reduction is 25% plus an additional three percent for each year by which retirement age precedes age 60.

Assumptions Used in Calculating the Present Value of the Accumulated Benefits

The assumptions used in the Pension Benefit Table are that the executive would retire at age 65; mortality based upon the RP2000 Male/Female Mortality Table Projected to 2010; a discount rate of 6.50%. All assumptions were consistent with those used to prepare the financial statements for Fiscal 2009, with one exception. In preparing the financial statements for Fiscal 2009, a discount rate of 6.75% was used for the Excess Plan and Supplemental Plan.

Features of the Retirement Plans

Tiffany has established three retirement plans for eligible employees: the Pension Plan, the Excess Plan and the Supplemental Plan. The executive officers of the Company are eligible to participate in all three.

Average Final Compensation

Average final compensation is used in each plan to calculate benefits. A participant's average final compensation is the average of the highest five years of compensation received in the last 10 years of creditable service.

In general, compensation reported in the SUMMARY COMPENSATION TABLE above as Salary, Bonus or Non-Equity Incentive Plan Compensation is compensation for purposes of the Plans; amounts attributable to the exercise of stock options or to the vesting of restricted stock are not included. However, Internal Revenue Code requirements limit the amount of compensation that may be included in calculating the benefit under the Pension Plan.

TIFFANY & CO.

PS - 61

Table of Contents

Pension Plan

These are the key features of the Pension Plan:

it is a tax-qualified plan, that is, it is designed to comply with those provisions of the Internal Revenue Code applicable to retirement plans;

it is a funded plan (money has been deposited into a trust that is insulated from the claims of the Company's creditors);

it is available at no cost to regular full-time employees of Tiffany hired on or before December 31, 2005;

all executive officers are participants;

benefits vest after five years of service;

benefits are based on the participant's average final compensation and years of service;

benefits are subject to Internal Revenue Code limitations on the total benefit and the amount that may be included in average final compensation; and

benefits are not offset by Social Security.

The benefit formula under the Pension Plan first calculates an annual amount based on average final compensation and then multiplies it by years of service. This is the formula: $[(\text{average final compensation less covered compensation}) \times 0.015] \text{ plus } [(\text{average final compensation up to covered compensation}) \times 0.01] \times \text{years of service}$.

Covered compensation varies by the participant's birth date and it is an average of taxable wage bases calculated for Social Security purposes.

Example: covered compensation for a person born in 1952 is \$72,600. This person has average final compensation of \$100,000 and 25 years of service. The Pension benefit at age 65 would be calculated as follows: $[(\$100,000 - \$72,600) \times 0.015] \text{ plus } [(\$72,600) \times 0.01] \times 25 = \$28,425$ annual benefit for a single life annuity.

The form of benefit elected can reduce the amount of benefit. The highest benefit is available for an unmarried participant who elects to take the benefit over the course of his or her own life. A person who elects to take the benefit over the course of two lives, such as a 100% annuity over the lives of the participant and his or her spouse, will experience an actuarial reduction in the amount of his or her benefit.

Excess Plan

These are the key features of the Excess Plan:

it is not a qualified plan and is not subject to Internal Revenue Code limitations;

it is not funded (benefits are paid out of the Company's general assets, which are subject to the claims of the Company's creditors);

it is available only to officers and other select management employees whose benefits under the Pension Plan are affected by Internal Revenue Code limitations, including all executive officers;

it uses the same retirement benefit formula as is set forth in the Pension Plan, but includes in average final compensation earnings that are excluded under the Pension Plan due to Internal Revenue Code Limitations;

benefits are offset by benefits payable under the Pension Plan;

benefits are not offset by benefits payable under Social Security;

benefits vest after five years of service;

TIFFANY & CO.
PS - 62

Table of Contents

benefits are subject to forfeiture if employment is terminated for cause;

for those who leave Tiffany prior to age 65, benefits are subject to forfeiture for failure to execute and adhere to non-competition and confidentiality covenants;

benefits are payable upon the later of the participant's separation from service, as defined under the plan, or attainment of age 55; and

participants will not receive any distribution from the plan until six months following separation from service.

Supplemental Plan

These are the key features of the Supplemental Plan:

it is not a qualified plan and is not subject to Internal Revenue Code limitations;

it is not funded (benefits are paid out of the Company's general assets, which are subject to the claims of the Company's creditors);

it is available only to executive officers;

it uses a different benefit formula than that used by the Pension Plan and the Excess Plan;

benefits are offset by benefits payable under the Pension Plan and the Excess Plan;

benefits are offset by benefits payable under Social Security;

benefits do not vest until the executive attains, while employed by Tiffany, age 65, or age 55 if he or she has provided 10 years of service (benefits will vest earlier on a termination from employment following a change in control (See Definition of a Change in Control below));

benefits are subject to forfeiture if employment is terminated for cause;

for those who leave Tiffany prior to age 65, benefits are subject to forfeiture for failure to execute and adhere to non-competition and confidentiality covenants; and

participants will not receive any distribution from the plan until six months following separation from service as defined under the plan.

As its name implies, the Supplemental Plan supplements payments under the Pension Plan, the Excess Plan and from Social Security so that total benefits equal a variable percentage of the participant's average final compensation. Depending upon the participant's years of service with Tiffany, the combined benefit under the Pension Plan, the Excess Plan, the Supplemental Plan and from Social Security would be as follows:

Years of Service	Combined Annual Benefit As a Percentage of Average Final Compensation
less than 10	(a)
10-14	20%
15-19	35%
20-24	50%
25 or more	60%

- (a) The formula for benefits under the Pension and Excess Plans is a function of years of service and covered compensation (subject to Internal Revenue Code limitations in the case of the Pension Plan) and not any specific percentage of the participant's average final compensation (see above). A retiree with less than ten years of service would not receive

TIFFANY & CO.
PS - 63

Table of Contents

any benefit under the Supplemental Plan but could expect to receive a benefit of approximately 13% of average final compensation under the Pension and Excess Plans.

Early Retirement and Extra Service Credit

Please refer to Note (d) on PS-61 for a discussion of the early retirement features of the Plans.

Tiffany does not have a policy for or practice of granting extra years of credited service under the Plans. Mr. Kowalski and Mr. Fernandez have credit for service with Tiffany's former parent corporation. This credit was arranged in 1984 when the Company purchased Tiffany.

Note to Nonqualified Deferred Compensation Table

(a) This column includes amounts that are also included in the amounts shown in the columns headed Salary or Non-Equity Incentive Plan Compensation in the Summary Compensation Table.

- (b) Amounts shown in this column are not reported as compensation in the Summary Compensation Table because the Company's Executive Deferral Plan does not pay above-market or preferential earnings on compensation that is deferred.
- (c) Amounts shown in this column include amounts that were reported as compensation in the Summary Compensation Table for Fiscal 2009 and for prior fiscal years to the extent that such amounts were contributed by the executive but not to the extent that such amounts represent earnings. See Note (b) above.

Features of the Executive Deferral Plan

These are the key features of the Company's Executive Deferral Plan:

Participation is open to directors and executive officers of the Company as well as other vice presidents and director-level employees of Tiffany;

TIFFANY & CO.

PS - 64

Table of Contents

Directors of the Company may defer all of their cash compensation;

Employees may defer up to 50% of their salary and up to 90% of their cash annual incentive or bonus compensation;

The Company makes no contribution and guarantees no specific return on money deferred;

Deferrals are placed in a trust that is subject to the claims of Tiffany's creditors;

Deferred compensation is invested by the trustee in various mutual funds as directed by Tiffany, which follows the directions of participants;

The value in the participant's account (and Tiffany's responsibility for payment) is measured by the return on the investments selected by the participant;

Deferrals may be made to a Retirement Account and to accounts which will pay out on specified in-service dates;

Participants must elect to make deferrals in advance of the period during which the deferred compensation is earned;

Retirement Accounts pay out in 5, 10, 15 or 20 annual installments after retirement as elected in advance by the participant;

Except in the case of previously elected in-service payout dates, participants are not allowed to withdraw funds while they remain employed other than for unforeseeable emergencies and then only with the permission of Tiffany's Board;

Termination of services generally triggers a distribution of all account balances other than, in the case of retirement or disability, retirement balances; and

Most participants, including all executive officers, will not receive any distribution from the plan until six months following termination of services.

Table of Contents**POTENTIAL PAYMENTS ON TERMINATION OR CHANGE IN CONTROL**

The following table shows payments, the value of accelerated vesting of equity compensation and the value of benefits that would have been provided or that would have accrued, to the named executive officers in the event that a change in control of the Company had occurred on January 31, 2010 (first two columns to the right of the executive's name) and on the further assumption that the employment of the executive officer was involuntarily terminated without cause at that time (the other five columns):

Notes to Potential Payments on Termination or Change in Control Table

- (a) The value of early vesting of stock options granted prior to January 2009 was determined using \$40.61, the closing value of the Company's common stock on January 29, 2010. In the event of a change in control the unvested portion of such options vests in full.

- (b) The value of early vesting of performance-based restricted stock units granted in January 2008 and January 2007 was determined using \$40.61, the closing value of the Company's common stock on January 29, 2010. In the event of a change in control such units vest at the maximum number of shares.

- (c) Absent a change in control followed by termination of employment, the Supplemental Plan will vest only when the participant attains the in-service age of 55 years with ten years of service, or in-service age of 65 years.

- (d) Cash severance payments were determined by multiplying the sum of (i) actual salary and (ii) the target annual incentive award or bonus, by two.

- (e) The amounts shown in this column represent two years of health-care coverage determined on the basis of the Company's COBRA rates for post-employment continuation coverage. Such rates are available to all participating employees who

terminate from employment and were determined on the basis of the coverage elections made by the executive officer.

- (f) The value of early vesting of stock options granted in January 2009 and January 2010 was determined using \$40.61, the closing value of the Company's common stock on January 29, 2010. In the event of a change in control that is not a Terminating Transaction the unvested portion of such options will vest only upon the executive's involuntary termination from employment. For the purposes of this table it is assumed that the change in control was a 35% share acquisition and not a Terminating Transaction.
- (g) The value of early vesting of performance-based restricted stock units granted in January 2009 was determined using \$40.61, the closing value of the

Company's common stock on January 29, 2010. In the event of a change in control that is not a Terminating Transaction, only a portion of unvested performance-based restricted stock units will vest, pursuant to a schedule based on the applicable three-year performance period. For the purposes of this table it is assumed that the change in control was a 35% share acquisition and not a Terminating Transaction. Accordingly this column assumes a 30% early vesting of the restricted stock units. In the event of a Terminating Transaction, all unvested performance-based restricted stock units granted in January 2009 will vest, and the value to each of the executives would have been as follows:

Michael J. Kowalski	\$ 2,647,772
James E. Quinn	\$ 1,059,921
Beth O. Canavan	\$ 1,059,921
James N. Fernandez	\$ 1,470,082

Jon M. King

\$ 1,059,921

- (h) This column is the total of columns (a) through (g) in the table above. It assumes that two events have occurred: a change in control and a termination of employment following such change in control.

Explanation of Potential Payments on Termination or Change in Control*Retention Agreements*

The Company and Tiffany have entered into retention agreements with each of the executive officers. These agreements would provide a covered executive with compensation if he or she should incur an involuntary termination after a change in control. An involuntary termination does not include a termination for cause, but does include a resignation for good reason.

When, if ever, a change in control occurs, the covered executives would have fixed terms of employment under their retention agreements for two years.

If the executive incurs an involuntary termination during his or her fixed term of employment under a retention agreement, compensation would be payable to the executive as follows:

Two times the sum of the executive's salary and target annual incentive award or bonus, as severance; and

Two years of benefits continuation under Tiffany's health and welfare plans.

Table of Contents

Vesting of Options, Restricted Stock Units on a Change in Control

Pre-2009 Equity Grants

For stock option and restricted stock unit grants awarded prior to 2009, in the event of a change in control of the Company, all options granted to employees (including executive officers) become exercisable in full and all restricted stock units vest and convert to shares.

Post-2009 Equity Grants

Stock Option Grants

For grants awarded in 2009 or later, outstanding stock options will vest in full and become exercisable in the event of a change in control if it results in the dissolution of the Company, or the Company goes out of existence or comes under the substantial ownership (80%) of another person, and the acquiring party does not arrange to assume or replace the grant. These types of change in control events are referred to as terminating transactions. (See Definition of a Change in Control below).

For all other change in control events (see Definition of a Change in Control below), early vesting will occur in full but only if the named executive officer is involuntarily terminated from employment following the change in control.

Involuntary termination does not include a termination for cause, but does include a resignation for good reason.

Performance-Based Restricted Stock Unit Grants

For grants awarded in 2009 or later, outstanding performance-based restricted stock units will vest in full and convert to shares in the event of a terminating transaction.

For all other change in control events (see Definition of a Change in Control below), performance-based restricted stock units will vest in full if the change in control event occurs in the last fiscal year of a three-year performance period, 70% if it occurs in the second fiscal year of a three-year performance period; and 30% if it occurs in the first fiscal year of a three-year performance period. In the event of the first type of change in control event described in the definition below (a 35% share acquisition), such proportionate vesting will occur only if the named executive officer is involuntarily terminated following the change in control event.

Supplemental Retirement Benefits Vest on a Change in Control

Benefits under the Pension Plan and the Excess Plan are vested for all named executive officers. Benefits under the Supplemental Plan are vested for Mr. Kowalski, Mr. Quinn and Mrs. Canavan. In the event of a change in control benefits under the Supplemental Plan would early vest for Mr. Fernandez and Mr. King, should they be terminated from employment without cause, or resign from employment with good reason. Such vesting would not necessarily result in any payment at the time of such change in control.

PS - 68

Table of Contents

Definition of a Change in Control

For purposes of the Supplemental Plan, equity awards made in 2009, and the retention agreements, the term "change in control" means that one of the following events has occurred:

Any person or group of persons acting in concert (a "person" being an individual or organization) acquires 35% or more in voting power or stock of the Company, or the right to obtain such voting power;

A majority of the Board is, for any reason, not made up of individuals who were either on the Board on January 15, 2009, or, if they became members of the Board after that date, were approved by the directors;

As a result of a corporate transaction such as a merger, the stockholders of Tiffany immediately prior to such transaction do not own 51% of Tiffany's outstanding shares; or

All or substantially all assets of the Company or Tiffany are sold or disposed of to an unrelated party.

Certain change in control events will be considered "terminating transactions", provided the acquirer does not arrange to assume or replace the grant. Terminating transactions include (i) the dissolution of the Company, or (ii) if the Company comes under the substantial ownership (80%) of another person. The definition of "change in control" for equity awards made prior to 2009 is somewhat, but not substantially, different.

Non-Competition Covenants Affected by Change in Control

In the event of a change in control, the duration of certain non-competition covenants could be cut back from as long as two years following termination of employment to as little as six months in the event a change in control were to occur. In the table above, we have not assigned any value to a potential cutback.

Early Retirement

Mr. Kowalski was eligible to take early retirement on January 31, 2010. His early retirement benefit under the Pension Plan, the Excess Plan and the Supplemental Plan would have been approximately \$946,225 per year had he retired effective January 31, 2010, subject to applicable offsets by benefits payable under Social Security.

Mr. Quinn was eligible to take early retirement on January 31, 2010. His early retirement benefit under the Pension Plan, the Excess Plan and the Supplemental Plan would have been approximately \$499,125 per year had he retired effective January 31, 2010, subject to applicable offsets by benefits payable under Social Security.

Mrs. Canavan was eligible to take early retirement on January 31, 2010. Her early retirement benefit under the Pension Plan, the Excess Plan and the Supplemental Plan would have been approximately \$288,938 per year had she retired effective January 31, 2010, subject to applicable offsets by benefits payable under Social Security.

Death or Disability

If any of the named executive officers had died or become disabled on January 31, 2010, stock options then unvested would have early vested. The value of such early vesting is shown in the columns labeled "Early Vesting of Stock Options Granted Prior to 2009" in the table on page PS-66. If any of the named executive officers had died or become disabled on January 31, 2010, certain performance-based restricted stock units would have early vested. The value of such early

vesting would have been as follows for each of the named executive officers on January 31, 2010: Mr. Kowalski, \$2,743,612; Mr. Quinn, \$1,122,054; Mrs. Canavan, \$1,122,054; Mr. Fernandez, \$1,537,495; and Mr. King, \$1,122,054.

Discussion of Director Compensation Table

Directors who are not employees of the Company or its subsidiaries are paid or provided with the following for their service on the Board:

An annual retainer of \$75,000 (this was increased from \$50,000 effective June 1, 2009, at which time per-meeting-attended fees were eliminated. Under the prior practice a \$2,000 per meeting fee was paid);

An additional annual retainer of \$20,000 to the chairperson of the Audit Committee, and or \$15,000 to the chairperson of the Compensation, Finance, and Nominating/Corporate Governance Committee each;

Telephonic meeting fees were eliminated effective June 1, 2009. Under the prior practice a \$1,000 per telephonic meeting was paid;

Equity compensation, as discussed below; and

A retirement benefit, also discussed below.

Under Tiffany's Amended and Restated Executive Deferral Plan, directors may defer up to one hundred percent (100%) of their cash compensation and invest the amounts they defer in various accounts and funds established under the plan. However, the Company does not guarantee any return on said investments. The following table provides data concerning director participation in this plan:

Name	Director Contribution	Registrant Contribution	Aggregate Earnings		Aggregate	Aggregate Balance
	In Last Fiscal Year	In Last Fiscal Year	In Last Fiscal Year	Withdrawals/ Distributions	At Last Fiscal Year	At Last Fiscal Year
	(\$)	(\$)	(\$)	(\$)	(\$)	(\$)

Charles K. Marquis	\$ 0	\$ 0	\$ 99,451	\$ 0	\$ 384,628	\$ 384,628
William A. Shutzer	\$ 84,583	\$ 0	\$ 191,216	\$ 0	\$ 723,467	\$ 723,467

Tiffany also reimburses directors for expenses they incur in attending Board and committee meetings, including expenses for travel, food and lodging.

Historically, non-employee directors have been granted options with a strike price equal to fair market value on the grant date. Options for 10,000 shares were granted on appointment and annually thereafter. All options expire no later than ten years, although some grants expire earlier.

Effective with the election of directors in May 2009 equity compensation practices were changed. Each director now receives annual equity compensation with a value of \$100,000 on grant, half in the form of a 10-year term stock option (vested immediately) and half in the form of restricted stock units (payable after one-year of service or on retirement, at the prior election of the director). All options have a strike price equal to fair market value on the date of grant. The practice of

TIFFANY & CO.

PS - 71

Table of Contents

making grants to directors on appointment will be discontinued, although directors joining the board between annual meetings will receive a pro-rated annual grant.

Directors first elected prior to January 1, 1999 who retire as non-employee directors with five or more years of Board service are also entitled to receive an annual retirement benefit equal to \$38,000, payable at the later of age 65 or the retirement date. This benefit is payable quarterly and continues for a period of time equal to the director's length of service on the Board, including periods served as an employee director, or until death, if earlier. Directors Bravo, Marquis and Shutzer are the only directors entitled to participate in this benefit plan.

Mr. Kowalski is an employee of Tiffany. He therefore receives no separate compensation for his service as director.

Table of Contents**DISCUSSION OF PROPOSALS PRESENTED BY THE BOARD****Item 1. Election of Directors**

Each year, we elect directors at an Annual Meeting of Stockholders. At the 2010 Annual Meeting, nine directors will be elected. Each of them will serve until he or she is succeeded by another qualified director or until his or her earlier resignation or removal from office.

It is not anticipated that any of this year's nominees will be unable to serve as a director but, if that should occur before the Annual Meeting, the Board may either propose another nominee or reduce the number of directors to be elected. If another nominee is proposed, you or your proxy will have the right to vote for that person at the Annual Meeting.

Why the Nominees were Chosen to Serve. Each of the nine nominees for director was recommended for nomination by the Nominating/Corporate Governance Committee and nominated by the full Board to stand for election by the stockholders. The specific experience and qualifications that led the Nominating/Corporate Governance Committee to recommend each nominee is set forth in the brief biographies that follow, and all of the nominees have demonstrated, through their service on the Board, their skills as insightful questioners and collaborative decision-makers and their ability to express differing viewpoints in a collegial and constructive fashion. Each of the nominees has many and diverse skill sets, but those skills that most stand out are identified below at the end of each biography as Key Skills. If you are the beneficial owner, but not the record holder, of the Company's shares and wish to receive only one copy of the proxy statement and annual report in the future, you will need to contact your broker, bank or other nominee to request that only a single copy of each document be mailed to all stockholders at the shared address in the future.

(a Delaware corporation)

Corporate Governance Principles

(as adopted by the full Board of Directors on January 15, 2004
and amended and restated March 15, 2007)

1. *Director Qualification Standards; Size of the Board; Audit Committee Service.*

a. A majority of the directors shall meet the independence requirements set forth in Section 303A.01 and .02 of the New York Stock Exchange Corporate Governance Rules. A director shall not be deemed to have met such independence requirements unless the Board has affirmatively determined that it be so. In making its determination of independence, the Board shall broadly consider all relevant facts and circumstances and assess the materiality of each director's relationship(s) with the Corporation and/or its subsidiaries. If a director is determined by the Board to be independent, all relationships, if any, that such director has with the Corporation and/or its subsidiaries which were determined by the Board to be immaterial to independence shall be disclosed in the Corporation's annual proxy statement.

b. A director shall be younger than age 72 when elected or appointed and a director shall not be recommended for re-election by the stockholders if such director will be age 72 or older on the date of the annual meeting or other election in question, provided that the Board of Directors may, by specific resolution, waive the provisions of this sentence with respect to an individual director whose continued service is deemed uniquely important to the Corporation.

c. A director need not be a stockholder to qualify as a director, but shall be encouraged to become a stockholder by virtue of the Corporation's policies and plans with respect to stock options and stock ownership for directors and otherwise.

d. Consistent with 1.a. above, candidates for director shall be selected on the basis of their business experience and expertise, with a view to supplementing the business experience and expertise of management and adding further substance and insight into board discussions and oversight of management. The Nominating/Corporate Governance Committee is responsible for identifying individuals qualified to become directors, and for recommending to the Board director nominees for the next annual meeting of the stockholders.

e. From time to time, the Nominating/Corporate Governance Committee will recommend to the Board the number of directors constituting the entire Board. Based upon that recommendation, the current nature of the Corporation's business, and the talents and business experience of the existing roster of directors, the Board believes that nine directors is an appropriate number at this time.

f. The Board shall be responsible for determining the qualification of an individual to serve on the Audit Committee as a designated audit committee financial expert, as required by applicable rules of the SEC under Section 407 of the Sarbanes-Oxley Act. In addition, to serve on the Audit Committee, a director must meet the standards for independence set forth in Section 301 of the Sarbanes-Oxley Act. To those ends, the Nominating/Corporate Governance Committee will coordinate with the Board in screening any new candidate for audit committee financial expert or who will serve on the Audit Committee and in evaluating whether to re-nominate any existing director who may serve in the capacity of audit committee financial expert or who may serve on the Audit Committee. If an Audit Committee member simultaneously serves on the audit

Table of Contents

committees of more than three public companies, then, in the case of each such Audit Committee member, the Board must determine that such simultaneous service would not impair the ability of such member to effectively serve on the Corporation's Audit Committee and disclose such determination in the Corporation's annual proxy statement.

g. Any director who changes his or her employer or otherwise has a significant change in job responsibilities, or who accepts or intends to accept a directorship with another public company (or with any other organization that would require a significant time commitment) that he or she did not hold when such director was most recently elected to the Board, shall (1) advise the secretary of the Corporation of such change or directorship and (2) submit to the Nominating/Corporate Governance Committee, in care of the secretary, a signed letter, addressed to such Committee, resigning as a director of the Corporation effective upon acceptance of such resignation by such Committee but void *ab initio* if not accepted by such Committee within ten (10) days of receipt by the secretary. The secretary of the Corporation shall promptly advise the members of the Nominating/Corporate Governance Committee of such advice and receipt of such letter. The Nominating/Corporate Governance Committee shall promptly meet and consider, in light of the circumstances, the continued appropriateness of such director's membership on the Board and each committee of the Board on which such director participates. In some instances, taking into account all relevant factors and circumstances, it may be appropriate for the Nominating/Corporate Governance Committee to accept such resignation, to recommend to the Board that the director cease participation on one or more committees, or to recommend to the Board that such director not be re-nominated to the Board.

h. Subject to 1.b. above, directors of the Corporation are not subject to term limits. However, the Nominating/Corporate Governance Committee will consider each director's continued service on the Board each year and recommend whether each director should be re-nominated to the Board. Each director will be given an opportunity to confirm his or her desire to continue as a member of the Board.

i. The Corporation has amended its By-Laws to provide for majority voting in the election of directors. In uncontested elections, directors are elected by a majority of the votes cast, which means that the number of shares voted for a director must exceed the number of shares voted against that director. The Nominating/Corporate Governance Committee (or comparable committee of the Board) shall establish procedures for any director who is not elected to tender his or her resignation. The Nominating/Corporate Governance Committee will make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board will act on the Nominating/Corporate Governance Committee's recommendation within 90 days following certification of the election results. In determining whether or not to recommend that the Board of Directors accept any resignation offer, the Nominating/Corporate Governance Committee shall be entitled to consider all factors believed relevant by such Committee's members. Unless applicable to all directors, the director(s) whose resignation is under consideration is expected to recuse himself or herself from the Board vote. Thereafter, the Board will promptly disclose its decision regarding the director's resignation offer (including the reason(s) for rejecting the resignation offer, if applicable) in a Form 8-K furnished to the Securities and Exchange Commission. If the Board accepts a director's resignation pursuant to this process, the Nominating/Corporate Governance Committee shall recommend to the Board whether to fill such vacancy or reduce the size of the Board. If, for any reason, the Board of Directors is not elected at an annual meeting, they may be elected thereafter at a special meeting of the stockholders called for that purpose in the manner provided in the By-laws.

j. Including service on the Board of Directors of the Corporation, no director shall serve on the board of directors (or any similar governing body) of more than six public companies.

Table of Contents

4. *Director Compensation.*

a. Directors shall be compensated in a manner and at a level sufficient to encourage exceptionally well-qualified candidates to accept service upon the Board and to retain existing directors. Such actions will be taken with (i) a view to the effectiveness and execution of strategies propounded by and decisions taken by the chief executive officer with respect to the Corporation's long-term strategic plan and long-term financial returns and (ii) applicable legal and ethical considerations.

Specifically, the chief executive officer and the other executive officers are responsible for:

e. The secretary of the Corporation, or any assistant secretary of the Corporation, shall be available to act as secretary of any committee and shall, if invited, attend meetings of the committee and prepare minutes of the meeting for approval and adoption by the committee.

12. *Reliance.*
