PROCEDURAL MATTERS

General

This proxy statement and accompanying notice and proxy form are being furnished to the stockholders of Blue Dolphin in connection with the solicitation of proxies by the Board for use at the Annual Meeting and any adjournment or postponement thereof.

Date, Time and Place

The Annual Meeting will be held on Thursday, May 27, 2010 at 10:00 a.m. Central at Blue Dolphin's principal office, which is located at 801 Travis Street, Suite 2100, Houston, Texas 77002.

Purpose

At the Annual Meeting, stockholders will be asked to consider and vote upon proposals to: (1) elect seven directors, (2) ratify UHY as the Company's independent registered public accounting firm, (3) approve the Amendment to the Company's Certificate to effect a reverse stock split of the Common Stock, (4) approve the issuance of the SPA Shares pursuant to the SPA and (5) transact any other business that may properly come before the Annual Meeting and any adjournment or postponement thereof.

Record Date; Who Is Entitled to Vote

The Board has fixed the close of business April 26, 2010 as the Record Date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. A complete list of stockholders entitled to vote at the Annual Meeting will be open for examination by any stockholder during normal business hours for a period of ten days prior to the Annual Meeting at Blue Dolphin's principal office, which is located at 801 Travis Street, Suite 2100, Houston, Texas 77002. On the Record Date, there were 11,928,251 shares of Common Stock issued and outstanding. Stockholders are entitled to one vote per share of Common Stock held on the Record Date on each matter presented at the Annual Meeting.

Quorum

The holders of a majority of the shares entitled to vote and represented in person or by proxy shall constitute a quorum at the Annual Meeting for the transaction of business.

Abstentions and Broker Non-Votes

In 2009, the Securities and Exchange Commission (the "SEC") approved a New York Stock Exchange (NYSE) proposed amendment to NYSE Rule 452 modifying the election of directors from a routine matter to a non-routine matter. The change, in effect, prohibits brokers from exercising discretionary voting in all director elections. Discretionary voting is a practice in which brokers cast votes for routine matters, in the broker's discretion, on behalf of street name or beneficial shareholders that do not return their proxy form to the broker within ten (10) days prior to the stockholder's meeting. For purposes of the Annual Meeting, abstentions and broker non-votes will be counted as present for purposes of determining whether a quorum is present.

Votes Required for Approval

For proposals to be approved, Blue Dolphin's by-laws, as amended and restated (By-Laws), require an affirmative vote of a majority of the votes cast by the stockholders present and entitled to vote at the Annual Meeting, either in person or by proxy. The votes required for approval, and the impact of abstentions and broker non-votes for each proposal stockholders are being asked to consider and vote upon are as follows:

Proposal (1) Election of Directors: The nominees for election as directors at the Annual Meeting who receive the greatest number of votes cast by the stockholders, a plurality, will be elected as our directors. You may vote FOR any one or all of the nominees, or withhold your vote for any one or more of the nominees. Abstentions and broker non-votes will not affect the outcome of the election of directors;

Table of Contents

Proposal (2) Ratification of Independent Registered Public Accounting Firm: The affirmative vote of the holders of a majority of the shares of Common Stock entitled to vote and represented at the Annual Meeting, in person or by proxy, is required to approve the ratification of the independent registered public accountants for the year ending December 31, 2010. For the ratification of UHY to serve as our independent registered public accounting firm for the year ending December 31, 2010, you may vote **FOR** or **AGAINST** or abstain from voting. Abstentions and broker non-votes will have the same effect as a vote **AGAINST** the ratification of our independent registered public accountants for the year ending December 31, 2010;

Proposal (3) Filing of Amendment to Certificate for Reverse Stock Split: The affirmative vote of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is required to approve the proposal to amend our Certificate. For the adoption of the Amendment to our Certificate, you may vote **FOR** or **AGAINST** or abstain from voting. Abstentions and broker non-votes will have the same effect as a vote **AGAINST** the ratification of the Amendment to our Certificate; and

Proposal (4) Approval of Issuance of the SPA Shares: The affirmative vote of the holders of a majority of the shares of Common Stock entitled to vote and represented at the Annual Meeting, in person or by proxy, is required to approve the issuance of the SPA Shares. For the approval of the issuance of the SPA Shares, you may vote **FOR** or **AGAINST** or abstain from voting. Abstentions and broker non-votes will have the same effect as a vote **AGAINST** the approval of the issuance of the SPA Shares.

Voting Your Shares

All shares of Common Stock represented at the Annual Meeting by properly executed proxies will be voted in accordance with the instructions indicated on the proxies. If no instructions are indicated with respect to any shares for which properly executed proxies have been received, such proxies will be voted **FOR** Proposal Nos. (1) through (4).

Revoking Your Proxy

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked pursuant to the following actions:

- providing written notice of revocation;
- submitting a proxy of a later date; or
- voting in person at the Annual Meeting.

A written notice of revocation should be sent to Blue Dolphin Energy Company, Attention: Secretary, 801 Travis Street, Suite 2100, Houston, Texas 77002. Submission of a proxy of a later date can be sent to Blue Dolphin, through the Internet or by telephone, if applicable.

Adjournments and Postponements

Although it is not expected, holders of a majority of Common Stock, represented in person or by proxy, although representing less than a quorum, may adjourn or postpone the Annual Meeting for the purpose of soliciting additional proxies. If announced at the Annual Meeting, Blue Dolphin's by-laws, as amended and restated, permit an adjournment, without notice being given to the stockholders, if: (i) the adjournment is not more than thirty (30) days from the date of the Annual Meeting or (ii) no new record date is fixed for such adjourned meeting. Blue Dolphin stockholders already having sent in their proxies could revoke such proxies at any time prior to their use at the

adjournment or postponement.

(2) RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

For purposes of determining whether to select UHY as our independent registered public accounting firm to perform the audit of our consolidated financial statements for 2010, the Audit Committee conducted a thorough review of UHY's performance. The Audit Committee considered:

- UHY's performance on previous audits, including the quality of the engagement team and the firm's experience, client service, responsiveness and technical expertise;
- the firm's leadership, management structure and client and employee retention;
- the firm's financial strength and performance; and
- the appropriateness of fees charged.

UHY has been engaged as our independent registered public accounting firm since 2002. Through December 31, 2009, UHY had a continuing relationship with UHY Advisors, Inc. (Advisors) from which it leases auditing staff who are full-time, permanent employees of Advisors and through which UHY's partners provide non-audit services. UHY has only a few full-time employees and therefore, few, if any of the audit services performed were provided by permanent full-time employees of UHY. UHY manages and supervises the audit services and audit staff, and is exclusively responsible for the opinion rendered in connection with its examination. UHY representatives are expected to attend the Annual Meeting. They will have an opportunity to make a statement if they desire to do so, and will be available to respond to appropriate stockholder questions.

We are asking our stockholders to ratify the selection of UHY as our independent registered public accounting firm. Although ratification is not required by our By-Laws or otherwise, the Board is submitting the selection of

Table of Contents

UHY to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

Recommendation

THE BOARD RECOMMENDS A VOTE FOR THE RATIFICATION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

(3) APPROVAL OF AN AMENDMENT TO THE CERTIFICATE FOR A REVERSE STOCK SPLIT

This discussion is qualified in its entirety by reference to the Amendment, which is attached to this proxy statement as Annex B, incorporated herein by reference. You should read the entire Amendment carefully as it is the document that governs the contemplated reverse stock split.

Reason for the Amendment

The primary purpose of the Amendment to the Certificate is to effect a reverse stock split to increase Blue Dolphin's stock price sufficiently above NASDAQ's \$1.00 minimum bid price requirement for continued listing of our Common Stock (the Listing Requirement). On March 16, 2010, we were notified by NASDAQ that our Common Stock is subject to delisting as a result of our failure to comply with the Listing Requirement. We were granted a hearing before a NASDAQ Listing Qualifications Panel (the Panel) to appeal the delisting determination. The hearing is scheduled for May 5, 2010. Our Common Stock will continue to be listed and traded on the NASDAQ Capital Market until the Panel renders a written decision on the matter. NASDAQ typically reviews reverse stock splits as an acceptable method to regain compliance. However, there can be no assurance that we will be successful in our effort to regain compliance with the Listing Requirement and maintain our listing on NASDAQ.

The Reverse Stock Split

The Board has adopted, subject to stockholder approval: (i) the implementation of a reverse stock split of our Common Stock at a ratio within a range from 1 for 5 (1:5) to 1 for 10 (1:10), at the discretion of the Board, at any time prior to September 1, 2010, and (ii) filing of the Amendment to the Certificate once the final ratio has been determined by the Board. No fractional shares will be issued in connection with the reverse stock split. Each holder of Common Stock who would otherwise be entitled to receive a fractional share of Common Stock will, in lieu of such fractional share, be paid in cash at fair market value. No interest will accrue on the cash consideration payable pursuant to the terms of the reverse stock split. The Board elected not to alter the number of authorized shares or change the par value of the Common Stock, such number of authorized shares remaining at 100,000,000 shares and such par value remaining a \$0.01 per share.

The Board's selection of the specific reverse stock split ratio will be based primarily on the price level of the Company's Common Stock immediately prior to the reverse stock split and the expected stability of the price level of the Common Stock going forward. We expect that the primary focus of the Board in determining the reverse stock split ratio will be to select a ratio that they believe is likely to increase the marketability and liquidity of the Common Stock and encourage interest and trading in the Common Stock.

We believe that granting the Board the authority to set the ratio for the reverse stock split is essential because it provides the Board with the maximum flexibility to react to changing market conditions, thereby acting in the best

interests of the Company and our stockholders. If the Board implements the reverse stock split, the Company will make a public announcement regarding the determination of the exact reverse stock split ratio.

Reverse Stock Split Effective Date

If the proposal is approved, the Company will file the Amendment to the Certificate with the Secretary of the State of Delaware (Delaware), without any action on the part of our stockholders and without regard to the date or

Table of Contents

dates old stock certificates are physically surrendered for new stock certificates. The Amendment to the Certificate will be effective when it has been accepted by Delaware (the Effective Date). It is expected that, if the proposal is approved, the Amendment will be filed as promptly as practicable following the Annual Meeting; however, the exact timing of filing will be determined by the Board based on its evaluation as to when such action will be the most advantageous to the Company and its stockholders. We expect to be in compliance with all NASDAQ listing rules on the Effective Date of the Amendment since the reverse stock split will be effective on the Effective Date of the Amendment. A stockholder vote against the proposed Amendment to the Certificate will have the effect of preventing the reverse stock split, resulting in the eventual delisting of our Common Stock from the NASDAQ Capital Market.

Effects of the Reverse Stock Split

Total Shares Outstanding. The effect of the reverse stock split will be to reduce the total number of Common Stock outstanding. As a result, each common stockholder will own fewer shares of Common Stock. The percentage ownership interest or proportionate voting power of each common stockholder will remain the same, except for minor differences resulting from the repurchase of fractional shares. For example, a holder of 2% of the voting power of the outstanding shares of the Common Stock immediately prior to the reverse stock split would continue to hold 2% of the voting power of the outstanding shares of the Common Stock immediately after the reverse stock split.

The reverse stock split may increase the number of stockholders who own odd lots, or a number of shares that is less than 100 shares. Such stockholders may find it difficult to sell such shares and, in connection with any sale, may have to pay higher commissions and other transaction costs as compared to a sale involving a round lot, or a number that is in even multiples of 100.

Number and Exercise Price of Employee and Director Equity Awards. The reverse stock split will impact the number of shares of Common Stock available for issuance under the Company's stock incentive plan in proportion to the reverse stock split ratio. Under the terms of the Company's outstanding equity awards, the reverse stock split would cause a reduction in the number of shares of Common Stock issuable upon exercise, settlement or vesting of such awards in proportion to the exchange ratio of the reverse stock split and would cause a proportionate increase in the exercise price of such awards to the extent they are stock options or similar awards. The aggregate number of shares authorized for future issuance under the Company's stock incentive plan will also be proportionately reduced, as will the maximum aggregate limit on the number of shares that may be granted to any one participant under the plan. In implementing the proportionate reduction, the number of shares issuable upon exercise, settlement or vesting of outstanding equity awards will be rounded up to the nearest whole share.

Accounting. The par value per share of Common Stock will remain unchanged at \$0.01 per share after the reverse stock split. As a result, on the Effective Date, the stated capital on our consolidated balance sheet attributable to Common Stock will be reduced and the additional paid-in-capital account will be increased by the amount by which the stated capital is reduced. Per share net income or loss will be increased because there will be fewer shares of Common Stock outstanding. We do not anticipate that any other accounting consequences, including changes to the amount of stock-based compensation expense to be recognized in any period, will arise as a result of the reverse stock split.

Federal Income Taxes. The following is a general discussion of certain federal income tax consequences of the reverse stock split. This discussion does not purport to deal with all aspects of federal income taxation that may be relevant to holders of Common Stock and is not intended to be applicable to all categories of investors, some of which, such as dealers in securities, banks, insurance companies, tax-exempt organizations and foreign persons, may be subject to special rules. Furthermore, the following discussion is based on the current provisions of the Internal Revenue Code, as amended, and is subject to change. Holders of Common Stock are advised to consult their own tax advisors regarding the federal, state, local and foreign tax consequences of the reverse stock split as it may impact

them.

We believe the reverse stock split will be a tax-free recapitalization for the Company and its stockholders, and that generally, payment of cash at fair market value in lieu of fractional share interests will generally be a tax-free dividend. Stockholders in general will not recognize any gain or loss for federal income tax purposes as a result of

Table of Contents

the reverse stock split, and accordingly a Common Stock in the hands of a stockholder following the reverse stock split will have an aggregate basis for computing gain or loss equal to the aggregate basis of shares of Common Stock held by that stockholder immediately prior to the reverse stock split. A stockholder's holding period for the Common Stock will be the same as the holding period for the shares of Common Stock exchanged therefore.

Registration and Trading. Our Common Stock is currently registered under Section 12(b) of the Exchange Act, and the Company is subject to periodic reporting and other requirements of the Exchange Act. The proposed reverse stock split will not affect the registration of the Common Stock under the Exchange Act or the Company's obligation to publicly file financial and other information with the SEC. If the proposed reverse stock split is implemented, the affected stock will continue to trade on the NASDAQ under the same symbol it did prior to the stock split, which is

BDCO. However, to inform the market of the reverse stock split, NASDAQ will append a suffix character, D, to our trading symbol for approximately 20 days following the reverse stock split.

Exchange of Stock Certificates

Upon approval of the Amendment to the Certificate, we will use the services of Securities Transfer Corporation (STC), our current transfer agent, as exchange agent (Exchange Agent) to act for stockholders in effecting the exchange of certificates. As soon as practicable after the Effective Date, the Exchange Agent will mail letters of transmittal to holders of Common Stock describing the procedures for surrendering stock certificates in exchange for cash consideration or for a new certificate representing the number of whole shares of Common Stock after the reverse stock split. In order to receive the cash consideration or new paper stock certificate, holders of Common Stock must deliver their paper stock certificates and a properly completed letter of transmittal to the Exchange Agent as directed. Upon receipt of the required documentation, the Exchange Agent will, as soon as practicable, make the appropriate cash payment and, where applicable, deliver the new paper stock certificates. Until so surrendered, each current certificate representing shares of Common Stock will be deemed for all corporate purposes after the Effective Date to evidence ownership of Common Stock in the appropriately reduced whole number of shares.

Holders of paperless stock certificates will not receive a paper stock certificate. Upon delivery of a properly completed letter of transmittal to the Exchange Agent as directed, holders of paperless stock certificates will receive a new DRS statement from the Exchange Agent reflecting their new holdings. Holders of Common Stock whose shares are held by a broker or other nominee in street name will not receive paper or paperless stock certificates from the Exchange Agent representing the new shares. Instead, their accounts will be credited with the new shares in accordance with the procedures set forth by their broker or nominee.

No Going Private Transaction

Notwithstanding the decrease in the number of outstanding shares following the reverse stock split, the Board does not intend for this transaction to be the first step in a series of plans or proposals of a going private transaction within the meaning of Rule 13e-3 of the Exchange Act.

Reservation of Rights by the Board

The Board reserves the right to abandon the adoption of the Amendment being proposed without further action by our stockholders at any time before its effectiveness, even if the proposal has been approved by the stockholders and all other conditions to such adoption have been satisfied. Although the Board does not anticipate exercising its right to abandon the amendment nor does it contemplate specific events that would trigger abandonment, the Board will defer or abandon the conversion and reverse stock split if, in its business judgment, the conversion and reverse stock split are no longer in the best interests of the Company or its stockholders. By voting in favor of the proposal, you will be expressly authorizing the Board to determine not to proceed with and abandon the conversion and reverse stock split if

it should decide to do so. If the Board does not adopt the Amendment prior to the one year anniversary of the Annual Meeting, stockholder approval would be required again prior to implementing a conversion or reverse stock split.

(4) APPROVAL OF ISSUANCE OF THE SPA SHARES

This discussion is qualified in its entirety by reference to the SPA, which is attached to this proxy statement as Annex C, incorporated herein by reference. You should read the entire SPA carefully as it is the legal document that governs the contemplated share issuances.

Reason for the Issuance

We have sought and are continuing to seek financing to improve our financial position and provide us with working capital to fund our continuing business operations. Towards that end, our Board determined that it is in Blue Dolphin's and our stockholders' best interests to raise additional working capital through the private placement of: (i) Common Stock, (ii) Series A Preferred Stock, par value \$0.10 per share (Preferred Stock) convertible into Common Stock and (iii) warrants to purchase shares of our Common Stock.

Our Common Stock is listed on the NASDAQ Capital Market, and accordingly, is subject to NASDAQ Listing Rules that, among other things, require us to seek stockholder approval for certain aspects of a private placement as described in greater detail below.

Private Placement

On April 22, 2010, pursuant to the terms of the SPA, we: (i) sold 2,000,000 shares of Common Stock at \$0.50 per share for gross proceeds of \$1,000,000, (ii) sold 400,000 shares of Preferred Stock at \$5.00 per share for gross proceeds of \$2,000,000, such shares of Preferred Stock automatically converting into Common Stock at a rate of ten (10) shares of Common Stock for every one (1) share of Preferred Stock, and (iii) issued 900,000 warrants to purchase 900,000 shares of Common Stock, of which 300,000 warrants were exercisable upon issuance. Preferred Stock designations, preferences and rights, as well as warrant expiration dates and strike prices are detailed in the SPA, which is attached to this proxy statement as Annex B.

On an aggregate basis, at the initial closing of the SPA, we issued 2,300,000 shares of Common Stock, the maximum number of shares we were allowed to sell, without stockholder approval, under NASDAQ Rule 5635(d). Subsequent to the initial closing, subject to obtaining stockholder approval in accordance with NASDAQ Rule 5635(d), we intend to issue 4,000,000 shares of Common Stock, representing the converted Preferred Stock, and 600,000 shares of Common Stock, representing the converted remaining warrants.

Under the terms of the SPA, the purchase price and delivery of the Common Stock in respect of the SPA Shares will remain in an escrow account controlled by a third party escrow agent until: (i) stockholder approval of the issuance of the SPA Shares is obtained, and (ii) Blue Dolphin regains compliance with the Listing Requirement. Such portion of the purchase price shall be returned promptly to the investor if stockholder approval of the issuance of the SPA Shares is not obtained at the Annual Meeting, or any adjournment or postponement thereof, and Blue Dolphin becomes delisted from the NASDAQ Capital Market as a result of failing to regain compliance with the Listing Requirement.

Registration

Common Stock issued pursuant to the SPA is exempt from securities registration afforded by Section 4(2) of the Securities Act of 1933, as amended (the Securities Act), and Rule 506 of Regulation D as promulgated by the SEC under the Securities Act.

Use of Funds

We intend to use the net proceeds from the securities issued as part of the SPA for working capital needs and general corporate purposes.

Table of Contents

Effect of the Issuance on Current Stockholders

As the SPA Shares represent, in the aggregate on a converted basis, approximately 58% of the outstanding shares of Common Stock, pre-transaction, issuance will result in substantial dilution to existing stockholders since they will own a smaller percentage of Company's Common Stock. In addition, issuance will provide the investor with significant interest in the Common Stock, thereby making them a beneficial owner of 5% or more of the Common Stock, which could encourage the possibility of, or render easier, certain transactions or proxy contests.

Based on information currently available, Blue Dolphin's Board considered the possible negative impact that issuance of the SPA Shares would have on the current stockholders and concluded that any such impact would be outweighed by the positive effect on the stockholders resulting from the raising of additional capital, which is necessary to continue operations.

Recommendation

THE BOARD RECOMMENDS A VOTE FOR THE ISSUANCE OF THE SPA SHARES.

(5) TRANSACTION OF OTHER MATTERS

At the date of this proxy statement, the Board is not aware of any matter to be acted upon at the Annual Meeting other than those matters as described in Proposal Nos. (1) through (4), as described herein. If other business comes before the Annual Meeting, the persons named on the proxy will vote the proxy in accordance with their best judgment.

COMMITTEES AND MEETINGS OF THE BOARD

Board

During 2009, the Board consisted of Dr. Benz and Messrs. Goodpasture, Kaffie, Ostbye and Siem with Mr. Siem serving as Chairman. During the fiscal year ended December 31, 2009, the Board held five (5) regular meetings and seven (7) special meetings. Each director attended at least 75% of the total number of meetings of the Board and committees on which he served. The Board has two standing committees, the Audit Committee and the Compensation Committee.

Audit Committee

During 2009, the Audit Committee consisted of Dr. Benz and Messrs. Kaffie and Ostbye with Dr. Benz serving as Chairman. During the fiscal year ended December 31, 2009, the Audit Committee met four (4) times. The Board has affirmatively determined that all members of the Audit Committee are independent and that Dr. Benz qualifies as an Audit Committee Financial Expert. The Audit Committee's duties include overseeing financial reporting and internal control functions and the Audit Committee's charter is available on our website (www.blue-dolphin.com).

Compensation Committee

During 2009, the Compensation Committee consisted of Messrs. Goodpasture and Kaffie. During fiscal year ended December 31, 2009, the Compensation Committee met one (1) time. The Board has affirmatively determined that all members of the Compensation Committee are independent. The Compensation Committee does not have a charter, however, its duties are to oversee and set the Company's compensation policies, to approve compensation of executive officers and to administer its stock incentive plan.

Nominating Committee

Given the size of the Board and that a majority of its members are independent, as defined under NASDAQ Listing Rules, the Board adopted a Board Nomination Procedures policy in July 2005 in lieu of appointing a standing nominating committee. The policy is used by independent members of the Board when choosing nominees to stand for election.

Table of Contents

The Board will consider for possible nomination qualified nominees recommended by stockholders. As addressed in the Board Nomination Procedures policy, the manner in which independent directors evaluate nominees for director as recommended by a stockholder will be the same as that for nominees received from other sources. Stockholders who wish to propose a qualified candidate for consideration should submit complete information as to the identity and qualifications of that person to the Secretary of the Company no later than February 26, 2011, for the 2011 Annual Meeting of Stockholders. The information should be sent to: Blue Dolphin Energy Company, Attention: Secretary, 801 Travis Street, Suite 2100, Houston, Texas 77002. See Nominations and Proposals by Stockholders for the 2011 Annual Meeting of Stockholders in this proxy statement for more information.

The Board will continue to nominate qualified directors of whom the Board believes will make important contributions to the Board and the Company. The Board generally requires that nominees be persons of sound ethical character, be able to represent all stockholders fairly, have demonstrated professional achievements, have meaningful experience and have a general appreciation of the major business issues facing the Company. The Board also considers issues of diversity and background in its selection process, recognizing that it is desirable for its membership to have differences in viewpoints, professional experiences, educational backgrounds, skills, race, gender, age and national origin.

Director Attendance at Annual Meeting

The Company seeks to accommodate directors choosing to attend the Annual Meeting of Stockholders each year in person. In an effort to manage expenses, the Board typically holds a meeting immediately following the Annual Meeting of Stockholders. If a director is unable to attend the Board meeting in person, participation by telephone is permitted. In 2009, three (3) out of the five (5) directors attended the Annual Meeting of Stockholders.

AUDIT COMMITTEE REPORT

The duties and responsibilities of the Audit Committee are set forth in a written charter adopted by the Board. The Audit Committee is comprised solely of independent directors who have the requisite financial experience and expertise and meet the requirements of NASDAQ Listing Rule 5605(c) and SEC Rule 10A-3. The Audit Committee reviews and reassesses its written charter annually and recommends any changes to the Board for approval. In addition, the Audit Committee periodically reviews relevant requirements of the Sarbanes-Oxley Act of 2002, proposed and adopted rules of the SEC and new listing standards of the NASDAQ regarding Audit Committee procedures and responsibilities to ensure compliance. The Audit Committee charter was last amended by the Board in August 2008 and is available on our website (www.blue-dolphin.com). Although the Audit Committee Charter was reviewed in 2009, no changes to the charter were made at that time.

The Audit Committee's primary duties and responsibilities are to:

- assess the integrity of the Company's financial reporting process and systems of internal control regarding accounting;
- assess the independence and performance of the Company's independent registered public accounting firm; and
- provide an avenue of communication among the Company's independent registered public accounting firm, management and the Board.

Management is responsible for the Company's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board (PCAOB) and

to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee reviewed and discussed the audited consolidated financial statements of the Company for the fiscal year ended December 31, 2009 with the Company's management and management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with

Table of Contents

accounting principles generally accepted in the United States of America. The Audit Committee discussed with UHY the matters required to be discussed pursuant to PCAOB guidance related to communication with Audit Committees.

The Audit Committee received written disclosures and the letter from UHY as required by the PCAOB guidance related to communications with Audit Committees concerning independence, and the Audit Committee discussed with UHY their independence. The Audit Committee considered the non-audit services provided by UHY and determined that the services provided are compatible with maintaining UHY's independence. The Audit Committee must pre-approve all audit and non-audit services provided to the Company by its independent registered public accounting firm.

Fees paid to UHY in fiscal years ended December 31, 2009 and 2008 by the Company were as follows:

	2009	2008
Audit fees	\$ 163,000	\$ 128,000
Audit-related fees	12,000	13,529
Tax fees	23,000	21,288
All other fees		
Total	\$ 198,000	\$ 162,817

Audit fees include fees related to the audit of our consolidated financial statements and review of our quarterly reports that are filed with the SEC. Audit-related fees include fees related to consultation concerning financial accounting and reporting standards for share based payments to employees and non-employees, current and deferred taxes and revenue recognition. Tax fees primarily include fees for preparation of federal and state income tax returns as well as tax planning services.

Based on discussions with management and UHY, review of the representation of management and review of the report of UHY to the Audit Committee, the Audit Committee recommended to the Board that the Company's audited, consolidated financial statements be included in Blue Dolphin's Annual Report on Form 10-K for the fiscal year ended December 31, 2009, as filed with the SEC.

The Audit Committee:

CORPORATE GOVERNANCE**Leadership Structure**

The Company is led by Ivar Siem, who has served as Chairman of the Board since 1989 and Chief Executive Officer since 2004. Having a single leader for the Company is commonly utilized by other public companies in the United States, and we believe it has been effective for our Company as well. This leadership structure demonstrates to our employees, customers and stockholders that we are under strong leadership, with a single person setting the tone and having primary responsibility for managing our operations, and eliminates the potential for confusion or duplication of

efforts. We do not believe that appointing an independent Board chairman, or a permanent lead director, would improve upon the performance of the Board.

Risk Oversight

Our Board is actively involved in overseeing the risk management of the Company. Presentations by management to the Board include consideration of the challenges and risk to our business, and the Board and management actively engage in discussion on these topics. Furthermore, the two standing Board committees provide appropriate risk oversight. The Audit Committee oversees the accounting and financial reporting processes,

Table of Contents

as well as compliance, internal control, legal and risk matters. The Compensation Committee oversees compensation policies, including the approval of compensation for our Chairman and Chief Executive Officer. We believe that the processes established to report and monitor systems for material risks applicable to the Company are appropriate and effective.

Director Independence

The Board has affirmatively determined that each of its members, with the exception of Mr. Siem, are independent and have no material relationship with the Company (either directly or indirectly or as a stockholder or officer of an organization that has a relationship with the Company), and that all members of the Audit and Compensation Committees are independent, pursuant to NASDAQ Listing and SEC rules.

Pursuant to the SPA, the independent members of the Board have also nominated Joseph V. Donahue and Geoffrey B. Sando (also each a Director Nominee) to serve as directors until the next annual meeting of stockholders, or in each case until their successors have been duly elected and qualified, or until their earlier resignation or removal. The Board has affirmatively determined that Messrs. Donahue and Sando are independent under applicable NASDAQ Listing and SEC rules related to director independence.

Code of Conduct

In July 2005, the Board adopted a code of conduct applicable to all directors, officers and employees, as set forth in the Sarbanes-Oxley Act of 2002, which is publicly available on Blue Dolphin's website (www.blue-dolphin.com). The Code of Conduct requires all directors, officers and employees to act ethically at all times, and prohibits any employee from retaliating or taking any adverse action against anyone for raising or helping to resolve an integrity concern.

The Audit Committee established procedures to enable anyone who has a concern about the Company's conduct or policies, or any employee who has a concern about the Company's accounting, internal accounting controls or auditing matters, to communicate that concern directly to the Chairman of the Audit Committee. Violations and/or concerns may be sent anonymously by mail to Laurence N. Benz (Audit Committee Chairman, Blue Dolphin Energy Company), 13000 Equity Place, Suite 105, Louisville, Kentucky 40223, via email to larry@physicaltherapist.com or such other contact information for Dr. Benz that the Company may post on its website from time to time.

Code of Ethics

In April 2003, the Board adopted a Code of Ethics policy that is applicable to the principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. The Code of Ethics policy is posted on our website (www.blue-dolphin.com) and is available to any stockholder, without charge, upon written request to Blue Dolphin Energy Company, Attention: Secretary, 801 Travis Street, Suite 2100, Houston, Texas 77002. Any amendments or waivers to provisions of the Code of Ethics policy will be disclosed on our website.

Communicating with the Directors

As the Board does not receive a large volume of correspondence from stockholders, the Board, at this time, does not have a formal process by which stockholders can communicate with the Board. Instead, any stockholder who desires to contact the Board or specific members of the Board may do so by writing to: Blue Dolphin Energy Company, Attention: Secretary for Board, 801 Travis Street, Suite 2100, Houston, Texas 77002. Currently, all communications addressed in such manner are sent directly to the indicated directors. In the future, if the Board adopts a formal process for determining how communications are to be relayed to directors, that process will be disclosed on our website.

EXECUTIVE AND DIRECTOR COMPENSATION

Executive Compensation Policy and Procedures

Compensation for the Company's executive officers consists of base salary, cash bonuses and incentive awards that have historically consisted of stock options. The Company does not offer a retirement plan that provides for the payment of retirement benefits. In the event an employee of the Company retires after age 65, the non-vested portion of any stock options received expires immediately. The vested portion of any stock options received expires, to the extent not exercised, three months after retirement. The Compensation Committee has the authority to approve all forms of executive compensation based on its experience and informal consideration of compensation practices of oil and gas companies of similar size and business focus. The Compensation Committee has not used compensation consultants in the past in making its determinations. The Company believes that stock ownership by its executive officers and other employees furthers the alignment between the interests of the executive officers and other employees and the stockholders, thereby enhancing the Company's efforts to improve stockholder returns and increase stockholder value.

The Company's stock incentive plan provides that upon a change of control, the Compensation Committee may accelerate the vesting of options, cancel options and make payments in respect thereof in cash in accordance with the terms of the stock incentive plan, adjust the outstanding options as appropriate to reflect such change of control or provide that each option shall thereafter be exercisable for the number and class of securities or property that the optionee would have been entitled to receive had the option been exercised. The stock incentive plan provides that a change of control occurs if any person, entity or group acquires or gains ownership or control of more than 50% of the outstanding Common Stock or, if after certain enumerated transactions, the persons who were directors before such transactions cease to constitute a majority of the Board. Consummation of the Private Placement as set forth in the SPA will not trigger a change in control under our stock incentive plan.

The compensation of executive officers is reviewed on an annual basis, as well as when changes in responsibilities occur. The Compensation Committee may not delegate its authority to approve compensation determinations for executive officers. The Compensation Committee approves changes in compensation for Messrs. Heath and Howard based on the recommendations of Mr. Siem as principal executive officer and Chairman of the Board. The Compensation Committee determines the compensation for Mr. Siem.

Mr. Heath has a three year employment agreement with an annual base salary of \$175,000. His employment with the Company began May 1, 2007. Pursuant to the terms of a letter agreement dated October 9, 2009, the initial term of his employment agreement was extended from three years to four years. If the Company terminates Mr. Heath's employment for other than cause: (i) his base salary will be paid from the termination date through the expiration date of his employment agreement as severance and (ii) the non-vested portion of his stock options will expire immediately upon termination and the vested portion will expire, to the extent not exercised, within three months of termination. If Mr. Heath's employment is terminated due to death or disability (i) his base salary will be paid through the end of the month of termination and (ii) the non-vested portion of his stock options will expire immediately upon termination and the vested portion will expire, to the extent not exercised, on the one year anniversary of the termination date.

Compensation Risk Assessment

Our approach to compensation practices and policies applicable for non-executive employees throughout our organization is consistent with that followed for executive employees. Base pay is based on market median for each position, and bonuses and stock based incentives are based on individual and Company performance. Accordingly, we believe our practices and policies in this regard are not reasonably likely to have a materials adverse effect on our Company.

Directors who are also employees of the Company are not paid any fees or other compensation for services as a member of the Board or any committee of the Board. Compensation for members of the Board and committees of the Board is approved by the Board based on recommendations by Mr. Siem as principal executive officer and Chairman of the Board. As with employee stock ownership, the Company believes that stock ownership by members of the Board furthers the alignment between the interests of the directors and the stockholders, resulting in an enhancement of the Company's efforts to improve stockholder returns and increase stockholder value.

Compensation for Non-Employee Directors

Non-employee directors are paid an annual retainer of \$20,000, payable quarterly in Common Stock with the number of shares based upon the fair value on the date of payment. The shares are restricted from sale pursuant to holding periods under Rule 144 of the Securities Act, and applicable state securities laws. The Audit Committee chairman receives an additional annual retainer of \$5,000 and other Audit Committee members receive an additional annual retainer of \$2,500. The Audit Committee retainer is payable semi-annually in cash. No additional compensation is paid to directors serving on the Compensation Committee. Directors are entitled to be reimbursed for reasonable out-of-pocket expenses related to in-person meeting attendance.

The following table sets forth the compensation paid to non-employee directors in fiscal year ended December 31, 2009:

ANNEX A

FREQUENTLY ASKED QUESTIONS (FAQs)

The following questions and answers are presented to assist you in understanding the proposals presented as part of the Annual Meeting. The items addressed may not answer all questions that may be important to you as a stockholder. For additional information, please refer to the more detailed discussion contained elsewhere in this proxy statement.

General

1. Why am I receiving this proxy statement?

You are receiving this proxy statement because you are a Blue Dolphin stockholder as of the Record Date for the Annual Meeting.

2. When and where will the Annual Meeting be held?

The Annual Meeting will be held on Thursday, May 27, 2010 at 10:00 a.m. Central at Blue Dolphin's principal office, which is located at 801 Travis Street, Suite 2100, Houston, Texas 77002.

3. What are the proposals that will be voted on at the Annual Meeting?

You are primarily being asked to consider and vote upon proposals to: (1) elect seven directors, (2) ratify UHY as the Company's independent registered public accounting firm, (3) approve an Amendment to our Certificate to effect a reverse stock split of the Common Stock, (4) approve the issuance of the SPA Shares to an investor pursuant to the SPA for the private placement of, in the aggregate, 6,900,000 shares of Common Stock and (5) transact any other business that may properly come before the Annual Meeting and any adjournment or postponement thereof.

4. How many votes are required to adopt the proposal to adjourn or postpone the Annual Meeting to a later time, if necessary or appropriate, to obtain quorum or solicit additional proxies?

If a quorum is not met, the Board may submit a proposal to adjourn or postpone the Annual Meeting to a later date or dates until a quorum is met. If a quorum is met but there are insufficient votes to adopt the proposals, our By-Laws require the affirmative vote of a majority of the votes cast in order to adjourn or postpone the Annual Meeting to a later time. Withheld votes, abstentions and broker non-votes will have no effect on these matters.

5. Who is entitled to attend and vote at the Annual Meeting?

The record date for the Annual Meeting is April 26, 2010. If you own shares of Common Stock as of the close of business on the Record Date, you are entitled to notice of, and to vote at, the Annual Meeting or any adjournment or postponement of the Annual Meeting. As of the record date there were approximately 11,928,251 shares of Common Stock issued and outstanding.

6. How does Blue Dolphin's Board recommend that I vote on the proposals?

Blue Dolphin's Board has determined that each of the proposals presented in the proxy statement in the best interests of you our stockholder and unanimously recommends that you vote **FOR** each proposal presented in the proxy statement.

7. How are votes counted?

Votes will be counted by the inspector of election appointed for the Annual Meeting, who will separately count **FOR** and **AGAINST** votes and abstentions.

A-1

Table of Contents

8. What if I fail to instruct my brokerage firm, bank, trust or other nominee how to vote?

Your brokerage firm, bank, trust or other nominee will not be able to vote your shares unless you have properly instructed your nominee on how to vote. Because your brokerage firm, bank, trust or other nominee does not have discretionary authority to vote on the proposals, failure to instruct your broker or other nominee with voting instructions on how to vote your shares will have no effect on the approval of the proposals.

9. What do I need to do now?

After carefully reading and considering the information contained in this proxy statement, including the other documents included as annexes, please vote your shares as described below. You have one vote for each share of Common Stock you own as of the record date.

10. How do I vote if I am a stockholder of record?

You may vote by completing, signing and dating each proxy form you receive and returning it in the enclosed prepaid envelope, by using the Internet voting instructions printed on your proxy form or by appearing in person at the Annual Meeting.

If you are voting by Internet, your voting instructions must be received by 11:59 p.m. Eastern time on the date prior to the date of the Annual Meeting. Voting by mail or the Internet will not prevent you from voting in person at the Annual Meeting. You are encouraged to submit a proxy by mail or the Internet even if you plan to attend the Annual Meeting in person to ensure that your shares of Common Stock are present in person or represented at the Annual Meeting.

11. How do I vote if my shares are held by my brokerage firm, bank, trust or other nominee?

If your shares are held in a brokerage account or by another nominee, such as a bank or trust, then the brokerage firm, bank, trust or other nominee is considered to be the stockholder of record with respect to those shares. However, you still are considered to be the beneficial owner with your shares being held in street name. Street name holders generally cannot vote their shares directly and must instead instruct the brokerage firm, bank, trust or other nominee in how to vote their shares. Your brokerage firm, bank, trust or other nominee will only be permitted to vote your shares for you at the Annual Meeting if you instruct them in how to vote. Therefore, it is important that you promptly follow the directions provided by your brokerage firm, bank, trust or other nominee regarding how to instruct them to vote your shares. If you wish to vote in person at the Annual Meeting, you must bring a proxy from your brokerage firm, bank, trust or other nominee authorizing you to vote at the Annual Meeting.

In addition, because any shares you may hold in street name will be deemed to be held by a different stockholder than any shares you hold of record, shares held in street name will not be combined for voting purposes with shares you hold of record. To be sure your shares are voted, you should instruct your brokerage firm, bank, trust or other nominee to vote your shares. Shares held by a corporation or business entity must be voted by an authorized officer of the entity.

12. What constitutes a quorum for the Annual Meeting?

The presence, in person or by proxy, of stockholders representing a majority of the shares of Common Stock entitled to vote at the Annual Meeting will constitute a quorum for the Annual Meeting. If you are a stockholder of record and you submit a properly executed proxy form, vote via the Internet or vote in person at the Annual Meeting, then your shares will be counted as part of the quorum. If you are a street name holder of shares and you provide your brokerage

firm, bank, trust or other nominee with instructions as to how to vote your shares or obtain a legal proxy from such broker or nominee to vote your shares in person at the Annual Meeting, then your shares will be counted as part of the quorum. All shares of Common Stock held by stockholders that are present in person or represented by proxy and entitled to vote at the Annual Meeting, regardless of how such shares are voted or whether such stockholders abstain from voting, will be counted in determining the presence of a quorum.

Table of Contents

13. What does it mean if I receive more than one proxy?

If you receive more than one proxy, it means that you hold shares that are registered in more than one account. For example, if you own your shares in various registered forms, such as jointly with your spouse, as trustee of a trust or as custodian for a minor, you will receive, and you will need to sign and return, a separate proxy form for those shares because they are held in a different form of record ownership. Therefore, to ensure that all of your shares are voted, you will need to sign and return each proxy form you receive or vote via the Internet by using the different control number(s) on each proxy form.

14. What happens if I sell my shares of Blue Dolphin Common Stock before the Annual Meeting?

The record date for stockholders entitled to a vote at the Annual Meeting is earlier than the date of the Annual Meeting. If you transfer your shares of Common Stock after the record date but before the Annual Meeting, you will, unless special arrangements are made, retain your right to vote at the Annual Meeting.

15. Am I entitled to appraisal rights?

Under Delaware law, stockholders are not entitled to appraisal rights with respect to any of the proposals presented for the Annual Meeting.

16. Who can answer further questions?

For additional questions, please contact Blue Dolphin at (713) 568-4725. For assistance in submitting proxies or voting shares of Blue Dolphin Common Stock, stockholders of record should contact STC by phone at (469) 633-0101 or through their website at www.stctransfer.com. If your brokerage firm, bank, trust or other nominee holds your shares in street name, you should contact them for additional information.

Reverse Stock Split

1. What are the anticipated benefits of the reverse stock split?

The primary purpose of the reverse stock split is to increase our stock price sufficiently above NASDAQ's \$1.00 minimum bid price requirement for continued listing of our Common Stock. In addition, we believe that the reverse stock split will make our Common Stock more attractive to a broader range of institutional and other investors, as we have been advised that the current market price of our Common Stock affects its acceptability to certain institutional investors, professional investors and other members of the investing public.

2. What will be the impact of a reverse stock split?

The principal effect will be to decrease proportionately the number of outstanding shares of our Common Stock based on a ratio within a range from 1 for 5 (1:5) to 1 for 10 (1:10). Subject to stockholder approval, the Board will determine the final ratio prior to September 1, 2010.

3. What will happen to the stock price?

A reverse stock split reduces the number of shares and increases the share price proportionately. If, for example, the final ratio is determined to be 1 for 5, the number of shares would be divided by 5; the stock price would be multiplied by 5. A reverse stock split has no effect on the value of what stockholders own at the time the split is enacted. For illustrative purposes only, if our stock is trading at \$0.50 with 1,000,000 shares outstanding at the close of trading the

preceding day, and then a 1 for 5 reverse stock split goes into effect following the close of business on that day, the stock price would open at \$2.50 per share and the shares outstanding would change to 200,000, subject to the treatment of fractional shares (discussed below).

A-3

Table of Contents

4. What will be the effective date?

The reverse stock split will become effective at 11:59 p.m. on the day the Secretary of State of the State of Delaware accepts filing of our Amendment to our Certificate. The effect on trading of our Common Stock on the NASDAQ will begin at the open of trading the next business day.

5. What is the effect on registration and trading?

The reverse stock split has no impact on the registration of our stock. Our CUSIP number, however, will change on the Effective Date. Also, to inform the market of the reverse stock split, NASDAQ will append a suffix character, **D**, to our symbol for approximately 20 trading days following the reverse stock split.

6. What is the effect on par value?

There will be no effect on the par value of our Common Stock.

7. What is the effect on equity compensation plans?

The reverse stock split would reduce the number of shares of Common Stock authorized and available for issuance under our equity compensation plans. In addition, the number of shares represented by each outstanding stock option, whether vested or unvested, and each outstanding restricted stock award will be divided proportionately based on the final ratio. The exercise price per share for each option would be multiplied proportionately based on the final ratio.

8. How will the reverse split be implemented?

The implementation of the reverse stock split will differ depending on whether the shares are held beneficially in street name or whether they are registered directly in a stockholder's name. If you are a beneficial holder, the number of shares you hold will be adjusted by your broker to reflect the reverse stock split on the Effective Date and you generally will receive cash in your brokerage account for any resulting fractional shares, subject to your broker's particular processes with respect to these types of transactions. If you have questions with respect to how your broker will process the reverse stock split, you should contact your broker. If you are a direct stockholder of record, in exchange for a properly completed letter of transmittal and your certificate(s) representing pre-split shares, the Exchange Agent (STC) will issue your post-split shares either in paper form on a stock certificate or electronically (or paperless) through the Direct Registration System (DRS) (which is discussed in more detail below) and send you a check for any resulting fractional shares.

9. What if I don't own a round number of shares? Will you issue fractional shares?

Whether shares are held beneficially or directly, we will not issue fractional shares of Common Stock to our stockholders. Instead, fractional shares will be paid at fair market value. If you are a beneficial holder, payment for the fractional shares will be deposited directly into your account with the organization that holds your shares. Each broker has its own processes for handling the cash received in exchange for fractional shares. You should contact your broker for more information. Your bank or broker should also be able to tell you when you can expect to receive payment for any fractional shares. If you are a direct holder of record, payment for the fractional shares will be made by check, sent to you directly from the Exchange Agent upon receipt of your properly completed and executed letter of transmittal and paper stock certificate(s). If you are a direct holder of record and hold a paperless certificate through DRS, you will still need to complete and return an executed letter of transmittal to the Exchange Agent. No cash payment or share entitlement will be made to any stockholder until the stockholder has surrendered his or her outstanding certificate(s), together with the completed letter of transmittal. The transmittal forms will be sent out

shortly following the Effective Date of the reverse stock split. Checks will be sent approximately 5 to 7 business days after your request is received in good order. Please allow additional time for mailing.

A-4

Table of Contents

10. What if I cannot find my paper stock certificate(s)?

If, after trying to locate your paper stock certificate(s), you determine that some or all of your certificate(s) are lost, stolen or destroyed, follow the instructions provided in the letter of transmittal that you will receive in the mail from the Exchange Agent.

11. What is the effect on authorized but unissued shares of Common Stock?

The total authorized number of shares of Common Stock will not change. The number of shares issued and outstanding will be reduced proportionately based on the final ratio.

12. What if I am a stockholder of record and I take no action?

You will not receive new, post-split shares or payment for your fractional shares until you submit your certificate(s), together with your properly completed and executed letter of transmittal, to our Exchange Agent. Stockholders should not destroy any stock certificates and should not submit any certificates until requested to do so.

13. Will I receive new paper stock certificates?

At your discretion, you can either receive a paper stock certificate or a paperless stock certificate through DRS. If you elect to receive a paperless stock certificate, you will not receive a new, post-split paper certificate in exchange for your old, pre-split paper certificate. Instead, you will receive a statement that indicates how many new, post-split shares you hold through DRS. Enclosed with your statement will be a brochure instructing you how to access your stockholder account at a secure website with STC. The book-entry system works like a bank, with our transfer agent, STC, holding the shares in your account. Each time you have a transaction with respect to your DRS shares, you will receive a new DRS statement from STC. If you need information with respect to your DRS shares, you can contact STC. For more information on DRS, visit STC's website at www.stctransfer.com.

Private Placement

1. What are the plans for the proceeds?

The additional capital provided through the Private Placement will be used for working capital needs and general corporate purposes. Although our primary source of cash is cash flow from operations, in the past three years we have used a portion of our cash reserves to fund working capital requirements that were not funded from operations. During 2009, we had negative cash flow from operations mainly due to low utilization of our pipeline systems and decreased production at our producing properties.

2. How many total shares of Common Stock will be issued as part of the Private Placement?

On an aggregate basis, the SPA provides for the sale of 6,900,000 shares of Common Stock. At the initial closing of the SPA, we issued 2,300,000 shares of Common Stock, the maximum number we were allowed to sell without stockholder approval pursuant to NASDAQ listing rules. Issuance of the remaining 4,600,000 shares of Common Stock is subject to stockholder approval.

3. How will issuance of the SPA Shares affect my ownership?

Issuance will result in substantial dilution to existing stockholders since they will own a smaller percentage of our Common Stock post-transaction.

The language used in this Agreement will be deemed to be the language chosen by the parties to express their mutual intent, and no rules of strict construction will be applied against any party.

7.7 Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties and their successors and permitted assigns. The Company may not assign this Agreement or any rights or obligations hereunder without the prior written consent of the Investors. Each Investor may assign its rights under this Agreement to any Person to whom the Investor assigns or transfers any Securities, provided such transferee agrees in writing to be bound, with respect to the transferred Securities, by the provisions hereof that apply to the Investors.

7.8 No Third-Party Beneficiaries. This Agreement is intended for the benefit of the parties hereto and their respective successors and permitted assigns and is not for the benefit of, nor may any provision hereof be enforced by, any other Person, except that each Indemnified Party is an intended third party beneficiary of Section 6.1 and (in each case) may enforce the provisions of such Sections directly against the parties with obligations thereunder.

7.9 Governing Law. THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED AND ENFORCED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, COUNTY OF HARRIS.

7.10 Survival. The representations, warranties, agreements and covenants contained herein shall survive the Closing, provided that the representations and warranties contained herein shall terminate on the first anniversary of the Closing Date.

7.11 Execution. This Agreement may be executed in two or more counterparts, all of which when taken together shall be considered one and the same agreement and shall become effective when counterparts have been signed by each party and delivered to the other party, it being understood that the parties need not sign the same counterpart. In the event that any signature is delivered by facsimile or email transmission, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if

such facsimile page or email were an original thereof.

7.12 *Severability*. If any provision of this Agreement is held to be invalid or unenforceable in any respect, the validity and enforceability of the remaining terms and provisions of this Agreement shall not in any way be affected or impaired thereby and the parties will attempt to agree upon a valid and enforceable provision that is a reasonable substitute therefor, and upon so agreeing, shall incorporate such substitute provision in this Agreement.

7.13 Rescission and Withdrawal Right. Notwithstanding anything to the contrary contained in (and without limiting any similar provisions of) this Agreement, whenever an Investor exercises a right, election, demand or option owed to the Investor by the Company under this Agreement and the Company does not timely perform its related obligations within the periods therein provided, then, prior to the performance by the Company of the Company's related obligation, the Investor may rescind or withdraw, in its sole discretion from time to time upon written notice to the Company, any relevant notice, demand or election in whole or in part without prejudice to its future actions and rights.

7.14 Replacement of Securities. If any certificate or instrument evidencing any Securities is mutilated, lost, stolen or destroyed, the Company shall issue or cause to be issued in exchange and substitution for and upon cancellation thereof, or in lieu of and substitution therefor, a new certificate or instrument, but only upon receipt of evidence reasonably satisfactory to the Company of such loss, theft or destruction and the execution by the holder thereof of a customary lost certificate affidavit of that fact and an agreement to indemnify and hold harmless the Company for any losses in connection therewith. The applicants for a new certificate or instrument under such circumstances shall also pay any reasonable third-party costs associated with the issuance of such replacement Securities.

7.15 Remedies. In addition to being entitled to exercise all rights provided herein or granted by law, including recovery of damages, each of the Investors and the Company will be entitled to seek specific performance under this Agreement. The parties agree that monetary damages may not be adequate compensation for any loss incurred by reason of any breach of obligations described in the foregoing sentence and hereby agree to waive in any action for specific performance of any such obligation (other than in connection with any action for temporary restraining order) the defense that a remedy at law would be adequate.

7.16 Adjustments in Share Numbers and Prices. In the event of any stock split, subdivision, dividend or distribution payable in shares of Common Stock (or other securities or rights convertible into, or entitling the holder thereof to receive directly or indirectly shares of Common Stock), combination or other similar recapitalization or event occurring after the date hereof, each reference in this Agreement or any other certificate, instrument or document delivered in connection with this Agreement to a number of shares or a price per share shall be amended to appropriately account for such event. The Investors acknowledge that it is not anticipated that the Lazarus Transaction will trigger any adjustment under this Section 7.16.

Schedule 3.1(h)

Material Changes

1. Going Concern

The Company incurred a net loss of \$4,136,892 for the year ended December 31, 2009, and a net loss of \$1,966,240 for the year ended December 31, 2008. The Company has not had a profitable year since 2006. As of December 31, 2009, the Company had an accumulated deficit of \$30,107,651. The Company anticipates that it will continue to incur substantial operating losses and may require additional financing in the foreseeable future. These matters raise substantial doubt as to the Company's ability to continue as a going concern. Existing and anticipated working capital needs, lower than anticipated revenues, increased expenses or the inability to collect on an outstanding loan could all affect the Company's ability to continue as a going concern.

As described in the report of the Company's independent registered public accounting firm and in Note (1), Organization and Significant Accounting Policies, in the Notes to Consolidated Financial Statements included in the Company's annual report on Form 10-K for the period ended December 31, 2009 as filed with the Securities and Exchange Commission, these circumstances raise substantial doubt about the Company's ability to continue as a going concern. The Company's consolidated financial statements, which have been prepared in accordance with generally accepted accounting principles (GAAP), contemplate that the Company will continue as a going concern and do not contain any adjustments that might result if the Company was unable to continue as a going concern. This may make it more difficult for the Company to raise additional capital necessary to operate our business.

2. Loan Receivable

On July 31, 2009, the Company issued a \$2.0 million non-interest bearing loan (the Loan) to Lazarus Louisiana Refinery II, LLC (LLRII or the Borrower). The Loan was due on January 31, 2010. The Company agreed to forbear the Loan until June 11, 2010, provided the Borrower satisfied certain conditions set forth in the forbearance agreement. However, the Borrower was not successful in satisfying the conditions, and on April 9, 2010, the Company called on the full value of the Loan to be paid by April 13, 2010. As of the date of this disclosure, the Loan remains unpaid and is in default.

The Company has begun the process to collect on the collateral backing the Loan, including: (i) a first lien on property owned by Lazarus Environmental, LLC (LEN), (ii) a second lien on property owned by LLRII and (iii) a guarantee from Lazarus Energy Holdings, LLC (LEH). Although management believes the Loan could be paid in full at a date in the future, it is in the Company's best interests, as well as that of its stockholders, to reduce its exposure with respect to the loan receivable associated with the Loan.

As of December 31, 2009, the Company reserved an allowance for the entire \$2.0 million balance of the Loan and expensed \$1.5 million (net of \$500,000 for a consulting agreement that commenced on July 1, 2009 associated with the Loan). The Company also reserved the remaining \$250,000 of deferred consulting revenue and reserved against the \$250,000 of previously recognized consulting revenue.

3. NASDAQ Common Stock Listing

The Company's common stock is currently listed on the NASDAQ Capital Market under the symbol BDCO. The NASDAQ's listing requirements include a requirement that, for continued listing, an issuer's common shares trade at a minimum bid price of \$1.00 per share. This requirement is deemed breached when the bid price of an issuer's common shares closes below \$1.00 per share for 30 consecutive trading days. On September 16, 2009, the Company was

notified by the NASDAQ Listing Qualifications Department (Listing Qualifications) that its shares failed to meet the requirement for the specified time period and they could initiate steps to delist the Company s common stock from trading on the NASDAQ anytime after March 15, 2010, unless the Company s closing bid price exceeds \$1.00 per share for at least 10 consecutive trading days prior to that date. As a result of not regaining compliance within the specified compliance period, on March 16, 2010 Listing Qualifications notified the Company that, unless it requested a hearing before the Panel to appeal Listing Qualifications delisting

determination, the Company's common stock would be suspended from trading and cease being listed on the NASDAQ Capital Market on March 25, 2010. The Company timely requested, and was granted, a hearing before the Panel to appeal the delisting determination. The hearing is scheduled for May 5, 2010. The Company's common stock will continue to be listed and traded on the NASDAQ Capital Market until the Panel renders a written decision on the matter.

As a means to cure the Company's NASDAQ minimum bid requirement deficiency, on March 16, 2010, the Company's Board of Directors (the Board) adopted, subject to stockholder approval, a Certificate of Amendment to the Company's Certificate of Incorporation, as amended and restated, to implement a reverse stock split of the Company's common stock at a ratio within a range from 1 for 5 (1:5) to 1 for 10 (1:10), at the discretion of Board, at any time prior to September 1, 2010.

On April 24, 2010, the Company received a copy of a hearing memorandum prepared by Listing Qualifications for review by the Panel. The hearing memorandum, which was based on a review of the Company's NASDAQ history to date and the Company's compliance plan as submitted to the Panel, states that Listing Qualifications: (i) believes that the Company has set forth a definitive plan to regain compliance with the minimum bid price requirement and (ii) would not object to the Panel providing the Company an exception to effect the reverse stock split.

Disclaimer:

There can be no assurance that the Company will be successful in maintaining its listing on NASDAQ or the trading market for its common stock. A delisting of the Company's common stock from the NASDAQ could adversely affect the liquidity of the trading market for the Company's stock and therefore the market price of the Company's common stock. If the Panel determines to delist the Company's common stock and the Company's common stock is not eligible for quotation on another market or exchange, trading of the Company's common stock could be conducted in the over-the-counter market or on an electronic bulletin board established for unlisted securities such as the Pink Sheets or the OTC Bulletin Board. In such event, it could become more difficult to dispose of, or obtain accurate quotations for the price of the Company's common stock, and there would likely also be a reduction in the Company's coverage by security analysts and the news media, which could cause the price of the Company's common stock to decline further. If an active trading market for the Company's common stock is not sustained, it will be difficult for the Company's shareholders to sell shares of the Company's common stock without further depressing the market price of the Company's common stock or at all. A delisting of the Company's common stock also could make it more difficult for the Company to obtain financing for the continuation of our operations.
