**Item 8.01 Other Events.**

DUSA Pharmaceuticals, Inc.<sup>®</sup> (NASDAQ GM: DUSA), a dermatology company developing and marketing Levulan<sup>®</sup> Photodynamic Therapy (PDT), today announced that the United States Patent and Trademark Office has issued a notice of allowance for a key patent related to its proprietary PDT light source, the BLU-U<sup>®</sup>, Blue Light Photodynamic Therapy Illuminator.

The new patent will have method of treatment claims which cover the use of DUSA's blue light technology and aminolevulinic acid HCL (Levulan<sup>®</sup>) for the treatment of actinic keratosis as well as the diagnosis and treatment of other disease states such as acne, cancer, psoriasis and photodamaged skin. The patent also has claims that will cover DUSA's blue light technology in conjunction with its proprietary Levulan<sup>®</sup> Kerastick<sup>®</sup> formulation of aminolevulinic acid HCL. The patent, once issued, which is scheduled to occur on May 25, 2010, will cover the Company's approved Levulan<sup>®</sup> PDT therapy until June, 2019.

Except for historical information, this report contains certain forward-looking statements that represent our current expectations and beliefs concerning future events, and involve certain known and unknown risk and uncertainties. These forward-looking statements relate to the issuance of a patent and the methods of use and diseases covered by the claims in the patent, the enhancement of the Company's patent portfolio, continued revenue growth, the expected issue date and expiration date of the patent. These forward-looking statements are further qualified by important factors that could cause actual results to differ materially from future results, performance or achievements expressed or implied by those in the forward-looking statements made in this release. These factors include, without limitation, actions by regulatory authorities, the status of our patent portfolio, action of third parties, the impact of competitive products, and other risks and uncertainties identified in DUSA's Form 10-K for the year ended December 31, 2009 and other SEC filings from time to time.
