Item 2.05 Costs Associated with Exit or Disposal Activities.

On June 25, 2010, HealthMarkets, Inc. (the “Company”) determined that it would wind down the current business of Insphere Securities, Inc. (“ISI”) and related life agency sales offices located in Utah, Nevada and Arizona. ISI is a full-service broker-dealer and registered investment adviser. Securities and advisory services available through ISI include variable annuities, mutual funds, education savings plans, stocks, bonds, and fee-based asset management services. The Company determined that a wind down of this business was necessary, and in the best interests of the Company, after consideration of the expected costs of developing the recently acquired ISI business and the belief that the products and services available through ISI could be offered more efficiently to customers through contractual arrangements with third parties at an appropriate time in the future. The Company intends to maintain operations at ISI as necessary for an orderly transition of customer accounts and completion of applicable business and regulatory requirements. The Company intends to have this action substantially completed by September 30, 2010.

The Company estimates that the total pre-tax expense expected to be incurred in connection with this action will be between \$2.4 and \$2.8 million, consisting of approximately \$700,000 in employee termination costs, approximately \$400,000 related to the write-down of fixed assets and intangible assets, and approximately \$1.3 million to \$1.7 million related to facility and operations termination costs. All amounts are expected to be incurred as cash expenditures, other than approximately \$400,000 related to the write-down of fixed assets and intangible assets.
