**Table of Contents**

**TEEKAY LNG PARTNERS L.P. AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

**(all tabular amounts stated in thousands of U.S. dollars, except unit and per unit data or unless otherwise indicated)**

**1. Basis of presentation**

The unaudited interim consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles (or *GAAP*). These financial statements include the accounts of Teekay LNG Partners L.P., which is a limited partnership organized under the laws of the Republic of The Marshall Islands, its wholly owned or controlled subsidiaries, the Dropdown Predecessor, as described below, and variable interest entities for which Teekay LNG Partners L.P. or its subsidiaries are the primary beneficiaries (see Note 12) (collectively, the *Partnership*). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Certain information and footnote disclosures required by GAAP for complete annual financial statements have been omitted and, therefore, these interim financial statements should be read in conjunction with the Partnership's audited consolidated financial statements for the year ended December 31, 2009. In the opinion of management of Teekay GP L.L.C., the general partner of Teekay LNG Partners L.P. (or the *General Partner*), these interim consolidated financial statements reflect all adjustments, of a normal recurring nature, necessary to present fairly, in all material respects, the Partnership's consolidated financial position, results of operations, and changes in total equity and cash flows for the interim periods presented. The results of operations for the interim periods presented are not necessarily indicative of those for a full fiscal year. Significant intercompany balances and transactions have been eliminated upon consolidation. Certain of the comparative figures have been reclassified to conform to the presentation adopted in the current period.

The Partnership has accounted for the acquisition of interests in vessels from Teekay Corporation as a transfer of a business between entities under common control. The method of accounting for such transfers is similar to the pooling of interests method of accounting. Under this method, the carrying amount of net assets recognized in the balance sheets of each combining entity are carried forward to the balance sheet of the combined entity, and no other assets or liabilities are recognized as a result of the combination. The excess of the proceeds paid, if any, by the Partnership over Teekay Corporation's historical cost is accounted for as an equity distribution to Teekay Corporation. In addition, transfers of net assets between entities under common control are accounted for as if the transfer occurred from the date that the Partnership and the acquired vessels were both under the common control of Teekay Corporation and had begun operations. As a result, the Partnership's financial statements prior to the date the interests in these vessels were actually acquired by the Partnership are retroactively adjusted to include the results of these vessels during the periods they were under common control of Teekay Corporation.

On March 17, 2010, the Partnership acquired two 2009-built Suezmax tankers, the *Bermuda Spirit* and the *Hamilton Spirit* (or the *Centrofin Suezmaxes*), and a 2007-built Handymax Product tanker, the *Alexander Spirit*, from Teekay Corporation and the related long-term, fixed-rate time-charter contracts. These transactions were deemed to be business acquisitions between entities under common control. As a result, the Partnership's balance sheet as at December 31, 2009 and the consolidated statements of income, cash flows and changes in total equity for the six months ended June 30, 2010 reflect these three vessels, referred to herein as the *Dropdown Predecessor*, as if the Partnership had acquired them when each respective vessel began operations under the ownership of Teekay Corporation. These vessels began operations under the ownership of Teekay Corporation on May 27, 2009 (*Bermuda Spirit*), June 24, 2009 (*Hamilton Spirit*) and September 3, 2009 (*Alexander Spirit*). The effect of adjusting the Partnership's financial statements to account for these common control exchanges up to March 17, 2010, increased the Partnership's net income by \$2.3 million for the six months ended June 30, 2010 and \$0.5 million for the three and six months ended June 30, 2009.

The Partnership's consolidated financial statements include the financial position, results of operations and cash flows of the Dropdown Predecessor. In the preparation of these consolidated financial statements, general and administrative expenses and interest expense were not identifiable as relating solely to the vessels. General and administrative

expenses (consisting primarily of salaries and other employee related costs, office rent, legal and professional fees, and travel and entertainment) were allocated based on the Dropdown Predecessor's proportionate share of Teekay Corporation's total ship-operating (calendar) days for the period presented. In addition, the Dropdown Predecessor was capitalized in part with non-interest bearing loans or equity from Teekay Corporation and its subsidiaries. These intercompany loans and equity were generally used to finance the acquisition of the vessels. Interest expense includes the allocation of interest to the Dropdown Predecessor from Teekay Corporation and its subsidiaries based upon the weighted-average outstanding balance of these intercompany loans and equity and the weighted-average interest rate outstanding on Teekay Corporation's loan facilities that were used to finance these intercompany loans and equity. Management believes these allocations reasonably present the general and administrative expenses and interest expense of the Dropdown Predecessor.

**Adoption of New Accounting Pronouncements**

In January 2010, the Partnership adopted an amendment to Financial Accounting Standards Board (or *FASB*) Accounting Standards Codification (or *ASC*) 810, *Consolidations*, that eliminates certain exceptions to consolidating qualifying special-purpose entities, contains new criteria for determining the primary beneficiary, and increases the frequency of required reassessments to determine whether a company is the primary beneficiary of a variable interest entity. This amendment also contains a new requirement that any term, transaction, or arrangement that does not have a substantive effect on an entity's status as a variable interest entity, a company's power over a variable interest entity, or a company's obligation to absorb losses or its right to receive benefits of an entity must be disregarded. The elimination of the qualifying special-purpose entity concept and its consolidation exceptions means more entities will be subject to consolidation assessments and reassessments. During February 2010, the scope of the revised standard was modified to indefinitely exclude certain entities from the requirement to be assessed for consolidation. The adoption of this amendment did not have an impact on the Partnership's consolidated financial statements.

**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

(all tabular amounts stated in thousands of U.S. dollars, except unit and per unit data or unless otherwise indicated)

**2. Fair Value Measurements**

The following methods and assumptions were used to estimate the fair value of each class of financial instrument:

**Cash and cash equivalents and restricted cash** The fair value of the Partnership's cash and cash equivalents and restricted cash approximates its carrying amounts reported in the consolidated balance sheets.

**Long-term debt** The fair values of the Partnership's fixed-rate and variable-rate long-term debt are estimated using discounted cash flow analyses, based on rates currently available for debt with similar terms and remaining maturities.

**Advances to and from affiliates, joint venture partners and joint venture** The fair value of the Partnership's advances to and from affiliates, joint venture partners and joint venture approximates their carrying amounts reported in the accompanying consolidated balance sheets due to the current nature of the balances.

**Interest rate swap agreements** The Partnership transacts all of its interest rate swap agreements through financial institutions that are investment-grade rated at the time of the transaction and requires no collateral from these institutions. The fair value of the Partnership's interest rate swaps is the estimated amount that the Partnership would receive or pay to terminate the agreements at the reporting date, taking into account the fixed interest rate in the interest rate swap, current interest rates and the current credit worthiness of either the Partnership or the swap counterparties depending on whether the swaps are in asset or liability position. The estimated amount is the present value of future cash flows.

**Other derivative** The Partnership's other derivative agreement is between Teekay Corporation and the Partnership and relates to hire payments under the time-charter contract for the *Toledo Spirit* (see Note 10i). The fair value of this derivative agreement is the estimated amount that the Partnership would receive or pay to terminate the agreement at the reporting date, based on the present value of the Partnership's projection of future spot market tanker rates, which have been derived from current spot market tanker rates and long-term historical average rates.

The Partnership categorizes the fair value estimates by a fair value hierarchy based on the inputs used to measure fair value. The fair value hierarchy has three levels based on the reliability of the inputs used to determine fair value as follows:

- Level 1. Observable inputs such as quoted prices in active markets;
- Level 2. Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3. Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The estimated fair value of the Partnership's financial instruments and categorization using the fair value hierarchy for those financial instruments that are measured at fair value on a recurring basis is as follows:

	<b>June 30, 2010</b>		<b>December 31, 2009</b>	
	<b>Carrying Amount Asset (Liability) \$</b>	<b>Fair Value Asset (Liability) \$</b>	<b>Carrying Amount Asset (Liability) \$</b>	<b>Fair Value Asset (Liability) \$</b>
<b>Fair Value Hierarchy Level <sup>(1)</sup></b>				
Cash and cash equivalents and restricted cash	665,418	665,418	719,870	719,870
Advances to and from affiliates and joint venture	(100,354)	(100,354)	(81,904)	(81,904)
Long-term debt (note 8)	(1,401,449)	(1,276,122)	(1,475,085)	(1,318,419)
Advances to and from joint venture partners (note 7)	6,870	6,870	(1,294)	(1,294)

Derivative instruments ( <i>note 11</i> )					
Interest rate swap agreements assets	Level 2	95,481	95,481	36,744	36,744
Interest rate swap agreements liabilities	Level 2	(242,280)	(242,280)	(134,946)	(134,946)
Other derivative	Level 3	(12,900)	(12,900)	(10,600)	(10,600)

(1) The fair value hierarchy level is only applicable to each financial instrument on the consolidated balance sheets that is recorded at fair value on a recurring basis.

Changes in fair value during the six months ended June 30, 2010 for assets and liabilities that are measured at fair value on a recurring basis using significant unobservable inputs (Level 3) are as follows:

	<b>Asset/(Liability)</b>
	<b>\$</b>
Fair value at December 31, 2009	(10,600)
Total unrealized (losses)	(2,300)
Fair value at June 30, 2010	(12,900)

No non-financial assets or non-financial liabilities were carried at fair value at June 30, 2010 or December 31, 2009.

(all tabular amounts stated in thousands of U.S. dollars, except unit and per unit data or unless otherwise indicated)

**3. Equity Offerings**

On March 30, 2009, the Partnership completed a follow-on equity offering of 4.0 million common units at a price of \$17.60 per unit. As a result of the offering, the Partnership raised gross equity proceeds of \$71.8 million (including the General Partner's 2% proportionate capital contribution), and Teekay Corporation's ownership in the Partnership was reduced from 57.7% to 53.05% (including its indirect 2% general partner interest). The Partnership used the total net proceeds of approximately \$68.7 million, after deducting offering costs of \$3.1 million, to prepay amounts outstanding on two of its revolving credit facilities.

On November 20, 2009, the Partnership completed a follow-on equity offering of 3.5 million common units at a price of \$24.40 per unit, for gross proceeds of approximately \$85.4 million. On November 25, 2009, the underwriters partially exercised their over-allotment option and purchased an additional 0.5 million common units for an additional \$11.0 million in gross proceeds to the Partnership. As a result of these equity transactions, the Partnership raised gross equity proceeds of \$98.4 million (including the General Partner's 2% proportionate capital contribution), and Teekay Corporation's ownership in the Partnership was reduced from 53.05% to 49.2% (including its indirect 2% general partner interest). The Partnership used the total net proceeds after deducting offering costs of \$4.6 million from the equity offerings of approximately \$93.9 million to prepay amounts outstanding on two of its revolving credit facilities.

**4. Segment Reporting**

The Partnership has two reportable segments: its liquefied gas segment and its conventional tanker segment. The Partnership's liquefied gas segment consists of liquefied natural gas (or *LNG*) and liquefied petroleum gas (or *LPG*) carriers subject to long-term, fixed-rate time-charters to international energy companies and Teekay Corporation (see Note 10f). As at June 30, 2010, the Partnership's liquefied gas segment consisted of fifteen LNG carriers (including four LNG carriers that are accounted for under the equity method) and three LPG carriers, and the Partnership's conventional tanker segment consisted of ten Suezmax-class crude oil tankers and one Handymax Product tanker operating on long-term, fixed-rate time-charter contracts to international energy and shipping companies. Segment results are evaluated based on income from vessel operations. The accounting policies applied to the reportable segments are the same as those used in the preparation of the Partnership's consolidated financial statements.

The following tables include results for these segments for the periods presented in these financial statements.

	<b>Three Months Ended June 30,</b>					
	<b>2010</b>			<b>2009</b>		
	<b>Liquefied Gas Segment \$</b>	<b>Conventional Tanker Segment \$</b>	<b>Total \$</b>	<b>Liquefied Gas Segment \$</b>	<b>Conventional Tanker Segment \$</b>	<b>Total \$</b>

**TEEKAY LNG PARTNERS L.P. AND SUBSIDIARIES**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

(all tabular amounts stated in thousands of U.S. dollars, except unit and per unit data or unless otherwise indicated)

A reconciliation of total segment assets to total assets presented in the consolidated balance sheets is as follows:

	<b>June 30, 2010</b>	<b>December 31, 2009</b>
	\$	\$
Total assets of the liquefied gas segment	2,867,512	2,867,400
Total assets of the conventional tanker segment	575,543	583,525
Cash and cash equivalents	70,999	108,350
Accounts receivable and prepaid expenses	16,627	19,136
Consolidated total assets	3,530,681	3,578,411

**5. Leases and Restricted Cash***Capital Lease Obligations*

	<b>June 30, 2010</b>	<b>December 31, 2009</b>
	\$	\$
RasGas II LNG Carriers	470,439	470,138
Spanish-Flagged LNG Carrier	104,735	119,068
Suezmax Tankers	190,316	195,064
Total	765,490	784,270
Less current portion	39,568	41,016
Total	725,922	743,254

*RasGas II LNG Carriers.* As at June 30, 2010, the Partnership owned a 70% interest in Teekay Nakilat Corporation (or *Teekay Nakilat*), which is the lessee under 30-year capital lease arrangements relating to three LNG carriers (or the *RasGas II LNG Carriers*) that operate under time-charter contracts with Ras Laffan Liquefied Natural Gas Co. Limited (II), a joint venture between Qatar Petroleum and ExxonMobil RasGas Inc., a subsidiary of ExxonMobil Corporation. All amounts below and in the table above relating to the RasGas II LNG Carriers capital leases include the Partnership's joint venture partner's 30% share.

Under the terms of the RasGas II LNG Carriers capital lease arrangements, the lessor claims tax depreciation on the capital expenditures it incurred to acquire these vessels. As is typical in these leasing arrangements, tax and change of law risks are assumed by the lessee. Lease payments under the lease arrangements are based on certain tax and financial assumptions at the commencement of the leases. If an assumption proves to be incorrect, the lessor is entitled to increase the lease payments to maintain its agreed after-tax margin.

During 2008 the Partnership agreed under the terms of its tax lease indemnification guarantee to increase its capital lease payments for the three LNG carriers to compensate the lessor for losses suffered as a result of changes in tax rates. The estimated increase in lease payments is approximately \$8.1 million over the term of the lease, with a carrying value of \$7.8 million as at June 30, 2010. This amount is included as part of other long-term liabilities in the Partnership's consolidated balance sheets. In addition, the Partnership's carrying amount of the remaining tax

indemnification guarantee is \$9.1 million and is also included as part of other long-term liabilities in the Partnership's consolidated balance sheets.

The tax indemnification is for the duration of the lease contract with the third party plus the years it would take for the lease payments to be statute barred, and ends in 2041. Although there is no maximum potential amount of future payments, Teekay Nakilat may terminate the lease arrangements on a voluntary basis at any time. If the lease arrangements terminate, Teekay Nakilat will be required to pay termination sums to the lessor sufficient to repay the lessor's investment in the vessels and to compensate it for the tax effect of the terminations, including recapture of any tax depreciation.

At their inception, the weighted-average interest rate implicit in these leases was 5.2%. These capital leases are variable-rate capital leases. As at June 30, 2010, the commitments under these capital leases approximated \$1.0 billion, including imputed interest of \$566.8 million, repayable as follows:

<b>Year</b>	<b>Commitment</b>
Remainder of 2010	\$ 12,000
2011	\$ 24,000
2012	\$ 24,000
2013	\$ 24,000
2014	\$ 24,000
Thereafter	\$ 929,284

**Table of Contents**

**TEEKAY LNG PARTNERS L.P. AND SUBSIDIARIES**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

(all tabular amounts stated in thousands of U.S. dollars, except unit and per unit data or unless otherwise indicated)

As the payments in the next five years only cover a portion of the estimated interest expense, the lease obligation will continue to increase. Starting 2024, the lease payments will increase to cover both interest and principal to commence reduction of the principal portion of the lease obligations.

*Spanish-Flagged LNG Carrier.* As at June 30, 2010, the Partnership was a party to a capital lease on one LNG carrier, the *Madrid Spirit*, which is structured as a Spanish tax lease. Under the terms of the Spanish tax lease for the *Madrid Spirit*, which includes the Partnership's contractual right to full operation of the vessel pursuant to a bareboat charter, the Partnership will purchase the vessel at the end of the lease term in December 2011. The purchase obligation has been fully funded with restricted cash deposits described below. At its inception, the interest rate implicit in the Spanish tax lease was 5.8%. As at June 30, 2010, the commitments under this capital lease, including the purchase obligation, approximated 91.7 million Euros (\$112.2 million), including imputed interest of 6.2 million Euros (\$7.5 million), repayable as follows:

<b>Year</b>	<b>Commitment</b>
Remainder of 2010	26,918 Euros (\$32,942)
2011	64,825 Euros (\$79,300)

*Suezmax Tankers.* As at June 30, 2010, the Partnership was a party to capital leases on five Suezmax tankers. Under the terms of the lease arrangements the Partnership is required to purchase these vessels after the end of their respective lease terms in 2011 for a fixed price. At the inception of these leases, the weighted-average interest rate implicit in these leases was 7.4%. These capital leases are variable-rate capital leases; however, any change in the lease payments resulting from changes in interest rates is offset by a corresponding change in the charter hire payments received by the Partnership. As at June 30, 2010, the remaining commitments under these capital leases, including the purchase obligations, approximated \$209.7 million, including imputed interest of \$19.4 million, repayable as follows:

<b>Year</b>	<b>Commitment</b>
Remainder of 2010	\$ 11,812
2011	\$ 197,854

The Partnership's capital leases do not contain financial or restrictive covenants other than those relating to operation and maintenance of the vessels.

**Restricted Cash**

Under the terms of the capital leases for the RasGas II LNG Carriers and the Spanish-Flagged LNG Carrier described above, the Partnership is required to have on deposit with financial institutions an amount of cash that, together with interest earned on the deposits, will equal the remaining amounts owing under the leases, including the obligations to purchase the Spanish-Flagged LNG Carrier at the end of the lease period. These cash deposits are restricted to being used for capital lease payments and have been fully funded primarily with term loans (see Note 8).

As at June 30, 2010 and December 31, 2009, the amount of restricted cash on deposit for the three RasGas II LNG Carriers was \$478.1 million and \$479.4 million, respectively. As at June 30, 2010 and December 31, 2009, the weighted-average interest rates earned on the deposits were 0.6% and 0.4%, respectively. These rates do not reflect the effect of related interest rate swaps that the Partnership has used to economically hedge its floating-rate restricted cash deposit relating to the RasGas II LNG Carriers (see Note 11).

As at June 30, 2010 and December 31, 2009, the amount of restricted cash on deposit for the Spanish-Flagged LNG Carrier was 86.5 million Euros (\$105.8 million) and 84.3 million Euros (\$120.8 million), respectively. As at June 30, 2010 and December 31, 2009, the weighted-average interest rates earned on these deposits were 5.0%.

The Partnership also maintains restricted cash deposits relating to certain term loans, which cash totaled 8.6 million Euros (\$10.5 million) and 7.9 million Euros (\$11.3 million) as at June 30, 2010 and December 31, 2009, respectively.

***Operating Lease Obligations***

*Teekay Tangguh Joint Venture.*

On November 1, 2006, the Partnership entered into an agreement with Teekay Corporation to purchase its 100% interest in Teekay Tangguh Borrower LLC (or *Teekay Tangguh*), which owns a 70% interest in Teekay BLT Corporation (or *Teekay Tangguh Joint Venture*). As at June 30, 2010, the Teekay Tangguh Joint Venture was a party to operating leases whereby it is the lessor and is leasing its two LNG carriers (or the *Tangguh LNG Carriers*) to a third party company (or *Head Leases*). The Teekay Tangguh Joint Venture is then leasing back the LNG carriers from the same third party company (or *Subleases*). Under the terms of these leases, the third party company claims tax depreciation on the capital expenditures it incurred to lease the vessels. As is typical in these leasing arrangements, tax and change of law risks are assumed by the Teekay Tangguh Joint Venture. Lease payments under the Subleases are based on certain tax and financial assumptions at the commencement of the leases. If an assumption proves to be incorrect, the third party company is entitled to increase the lease payments under the Sublease to maintain its agreed after-tax margin. The Teekay Tangguh Joint Venture's carrying amount of this tax indemnification is \$10.6 million and is included as part of other long-term liabilities in the accompanying consolidated balance sheets of the Partnership. The tax indemnification is for the duration of the lease contract with the third party plus the years it would take for the lease payments to be statute barred, and ends in 2033. Although there is no maximum potential amount of future payments, the Teekay Tangguh Joint Venture may terminate the lease arrangements on a voluntary basis at any time. If the lease arrangements terminate, the Teekay Tangguh Joint Venture will be required to pay termination sums to the third party company sufficient to repay the third party company's investment in the vessels and to compensate it for the tax effect of the terminations, including recapture of any tax depreciation. The Head Leases and the Subleases have 20 year terms and are classified as operating leases. The Head Lease and the Sublease for each of the two Tangguh LNG Carriers commenced in November 2008 and March 2009, respectively.

**Table of Contents**

**TEEKAY LNG PARTNERS L.P. AND SUBSIDIARIES**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

(all tabular amounts stated in thousands of U.S. dollars, except unit and per unit data or unless otherwise indicated)

As at June 30, 2010, the total estimated future minimum rental payments to be received and paid under the lease contracts are as follows:

<b>Year</b>	<b>Head Lease Receipts <sup>(1)</sup></b>	<b>Sublease Payments <sup>(1)</sup></b>
Remainder of 2010	\$ 14,444	\$ 12,536
2011	\$ 28,875	\$ 25,072
2012	\$ 28,860	\$ 25,072
2013	\$ 28,843	\$ 25,072
2014	\$ 28,828	\$ 25,072
Thereafter	\$ 303,735	\$ 357,387
<b>Total</b>	<b>\$ 433,585</b>	<b>\$ 470,211</b>

(1) The Head Leases are fixed-rate operating leases while the Subleases have a small variable-rate component. As at June 30, 2010, the Partnership has received \$76.8 million of Head Lease receipts and has paid \$29.4 million of Sublease payments.

**Net Investments in Direct Financing Leases**

The Tangguh LNG Carriers commenced their time-charters with The Tangguh Production Sharing Contractors in January and May 2009, respectively. Both time-charters are accounted for as direct financing leases with 20 year terms and the following table lists the components of the net investments in direct financing leases:

	<b>June 30, 2010 \$</b>	<b>December 31, 2009 \$</b>
Total minimum lease payments to be received	720,599	739,972

Edgar Filing: Teekay LNG Partners L.P. - Form 6-K

Estimated unguaranteed residual value of leased properties	194,965	194,965
Initial direct costs	604	619
Less unearned revenue	(497,393)	(514,115)
Total	418,775	421,441
Less current portion	5,434	5,196
Total	413,341	416,245

As at June 30, 2010, estimated minimum lease payments to be received by the Partnership under the Tangguh LNG Carrier leases in each of the next five succeeding fiscal years are approximately \$19.7 million (remainder of 2010), \$38.5 million (2011), \$38.5 million (2012), \$38.5 million (2013) and \$38.5 million (2014). Both leases are scheduled to end in 2029.

**6. Intangible Assets**

As at June 30, 2010 and December 31, 2009, intangible assets consisted of time-charter contracts with a weighted-average amortization period of 19.2 years. The carrying amount of intangible assets for the Partnership's reportable segments is as follows:

	June 30, 2010			December 31, 2009		
	Liquefied Gas Segment	Tanker Segment	Total	Liquefied Gas Segment	Tanker Segment	Total
	\$	\$	\$	\$	\$	\$
Gross carrying amount	179,813	2,739	182,552	179,813	2,739	182,552
Accumulated amortization	(52,316)	(2,126)	(54,442)	(47,889)	(1,988)	(49,877)
Net carrying amount	127,497	613	128,110	131,924	751	132,675

Amortization expense of intangible assets for the three months and six months ended June 30, 2010 and 2009 was \$2.3 million and \$4.6 million, respectively. Amortization of intangible assets in each of the next five succeeding fiscal years are approximately \$4.6 million (remainder of 2010) and \$9.1 million per year for 2011 through 2014.

**Table of Contents**

**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

(all tabular amounts stated in thousands of U.S. dollars, except unit and per unit data or unless otherwise indicated)

**7. Advances to and from Joint Venture Partners**

	<b>June 30, 2010</b>	<b>December 31, 2009</b>
	\$	\$
Advances to BLT LNG Tangguh Corporation	6,900	
Advances to joint venture partner	6,900	

	<b>June 30, 2010</b>	<b>December 31, 2009</b>
	\$	\$
Advances from Qatar Gas Transport Company Ltd. (Nakilat)	30	115
Advances from BLT LNG Tangguh Corporation		1,179
Advances from joint venture partners	30	1,294

Advances to and from joint venture partners are non-interest bearing and unsecured. The Partnership did not recognize any interest income or incur any interest expense from the advances during the three and six months ended June 30, 2010 and 2009.

**8. Long-Term Debt**

	<b>June 30, 2010</b>	<b>December 31, 2009</b>
	\$	\$
U.S. Dollar-denominated Revolving Credit Facilities due through 2018	196,000	181,000
U.S. Dollar-denominated Term Loans due through 2019	384,143	396,601
U.S. Dollar-denominated Term Loans due through 2021	337,484	342,644
U.S. Dollar-denominated Term Loans due through 2021	123,344	126,013
U.S. Dollar-denominated Unsecured Loan		1,144
U.S. Dollar-denominated Unsecured Demand Loan	13,500	15,265
Euro-denominated Term Loans due through 2023	346,978	412,418
Total	1,401,449	1,475,085
Less current portion	75,665	77,398
Total	1,325,784	1,397,687

As at June 30, 2010, the Partnership had three long-term revolving credit facilities available, which, as at such date, provided for borrowings of up to \$542.5 million, of which \$346.5 million was undrawn. Interest payments are based on LIBOR plus margins. The amount available under the revolving credit facilities reduces by \$15.9 million

(remainder of 2010), \$32.2 million (2011), \$32.9 million (2012), \$33.7 million (2013), \$34.5 million (2014) and \$393.3 million (thereafter). All the revolving credit facilities may be used by the Partnership to fund general partnership purposes and to fund cash distributions. The Partnership is required to repay all borrowings used to fund cash distributions within 12 months of their being drawn, from a source other than further borrowings. The revolving credit facilities are collateralized by first-priority mortgages granted on seven of the Partnership's vessels, together with other related security, and include a guarantee from the Partnership or its subsidiaries of all outstanding amounts. The Partnership has a U.S. Dollar-denominated term loan outstanding, which, as at June 30, 2010, totaled \$384.1 million, of which \$216.0 million bears interest at a fixed-rate of 5.39% and requires quarterly payments. The remaining \$168.1 million bears interest based on LIBOR plus a margin and will require bullet repayments of approximately \$56.0 million per vessel due at maturity in 2018 and 2019. The term loan is collateralized by first-priority mortgages on three vessels, together with certain other related security and certain guarantees from the Partnership.

The Partnership owns a 69% interest in the Teekay Tangguh Joint Venture. The Teekay Tangguh Joint Venture has a U.S. Dollar-denominated term loan outstanding, which, as at June 30, 2010, totaled \$337.5 million. Interest payments on the loan are based on LIBOR plus margins. Following delivery of the Tangguh LNG Carriers in November 2008 and March 2009, interest payments on one tranche under the loan facility are based on LIBOR plus 0.30%, while interest payments on the second tranche are based on LIBOR plus 0.625%. Commencing three months after delivery of each vessel, one tranche (total value of \$324.5 million) reduces in quarterly payments while the other tranche (total value of up to \$190.0 million) correspondingly is drawn up with a final \$95.0 million bullet payment per vessel due 12 years and three months from each vessel delivery date. As at June 30, 2010, this loan facility is collateralized by first-priority mortgages on the two vessels to which the loan relates, together with certain other security and is guaranteed by the Partnership.

At June 30, 2010, the Partnership had a U.S. Dollar-denominated term loan outstanding in the amount of \$123.3 million. Interest payments on one tranche under the loan facility are based on six-month LIBOR plus 0.3%, while interest payments on the second tranche are based on six-month LIBOR plus 0.7%. One tranche reduces in semi-annual payments while the other tranche correspondingly is drawn up every 6 months with a final \$20 million bullet payment per vessel due 12 years and six months from each vessel delivery date. This loan facility is collateralized by first-priority mortgages on the two vessels to which the loan relates, together with certain other related security and is guaranteed by Teekay Corporation.

**Table of Contents**

**TEEKAY LNG PARTNERS L.P. AND SUBSIDIARIES**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

(all tabular amounts stated in thousands of U.S. dollars, except unit and per unit data or unless otherwise indicated)

The Partnership has a U.S. Dollar-denominated demand loan outstanding owing to Teekay Nakilat's joint venture partner, which, as at June 30, 2010, totaled \$13.5 million. Interest payments on this loan, which are based on a fixed interest rate of 4.84%, commenced in February 2008. The loan is repayable on demand no earlier than February 27, 2027.

The Partnership has two Euro-denominated term loans outstanding, which as at June 30, 2010 totaled 283.5 million Euros (\$347.0 million). Interest payments are based on EURIBOR plus a margin. The term loans have varying maturities through 2023. The term loans are collateralized by first-priority mortgages on two vessels to which the loans relate, together with certain other related security and guarantees from one of the Partnership's subsidiaries.

Also at June 30, 2010, the Partnership had a \$122.0 million credit facility that will be secured by three LPG Carriers (or the *Skaugen LPG Carriers*), of which two were acquired from I. M. Skaugen ASA (or *Skaugen*) in April 2009 and November 2009, and two Multigas ships to be acquired from Skaugen in 2011 (or the *Skaugen Multigas Carriers*). The facility amount is equal to the lower of \$122.0 million and 60% of the aggregate purchase price of the vessels. The facility will mature, with respect to each vessel, seven years after each vessel's first drawdown date. The Partnership expects to draw on this facility in 2010 to repay a portion of the amount it borrowed to purchase the two Skaugen LPG Carriers in April 2009 and November 2009. As at June 30, 2010, the Partnership had access to draw \$40 million on this facility. The Partnership intends to use the remaining available funds from the facility to assist in purchasing the remaining Skaugen LPG Carrier and the two Skaugen Multigas Carriers.

The weighted-average effective interest rate for the Partnership's long-term debt outstanding at June 30, 2010 and December 31, 2009 was 1.7%. This rate does not reflect the effect of related interest rate swaps that the Partnership has used to economically hedge certain of its floating-rate debt (see Note 11). At June 30, 2010, the margins on the Partnership's long-term debt ranged from 0.3% to 2.75%.

All Euro-denominated term loans are revalued at the end of each period using the then-prevailing Euro/U.S. Dollar exchange rate. Due primarily to the revaluation of the Partnership's Euro-denominated term loans, capital leases and restricted cash, the Partnership recognized foreign exchange gain (loss) of \$36.6 million, (\$22.4) million, \$59.9 million and (\$2.0) million for the three and six months ended June 30, 2010 and 2009, respectively.

The aggregate annual long-term debt principal repayments required for periods subsequent to June 30, 2010 are \$37.0 million (remainder of 2010), \$80.5 million (2011), \$260.2 million (2012), \$78.2 million (2013), \$78.7 million (2014) and \$866.8 million (thereafter).

Certain loan agreements require that minimum levels of tangible net worth and aggregate liquidity be maintained, provide for a maximum level of leverage, and require one of the Partnership's subsidiaries to maintain restricted cash deposits. The Partnership's ship-owning subsidiaries may not, among other things, pay dividends or distributions if the Partnership is in default under its term loans or revolving credit facilities. One of the Partnership's term loans is guaranteed by Teekay Corporation and contains covenants that require Teekay Corporation to maintain the greater of a minimum liquidity (cash and cash equivalents) of at least \$50.0 million and 5.0% of Teekay Corporation's total consolidated debt which has recourse to Teekay Corporation.

As at June 30, 2010, the Partnership and its affiliates were in compliance with all covenants relating to the Partnership's credit facilities and capital leases.

### 10. Related Party Transactions

a) The Partnership and certain of its operating subsidiaries have entered into services agreements with certain subsidiaries of Teekay Corporation pursuant to which the Teekay Corporation subsidiaries provide the Partnership with administrative, crew training, advisory, technical and strategic consulting services. During the three and six months ended June 30, 2010 and 2009, the Partnership incurred \$2.6 million, \$2.4 million, \$5.4 million and \$4.9 million, respectively, for these services. In addition, as a component of the services agreements, the Teekay Corporation subsidiaries provide the Partnership with all usual and customary crew management services in respect of its vessels. For the three and six months ended June 30, 2010 and 2009, the Partnership incurred \$7.6 million, \$6.0 million, \$14.6 million and \$12.2 million, respectively, for crewing and manning costs, of which \$2.8 million and \$3.3 million were payable to the subsidiaries of Teekay Corporation as at June 30, 2010 and December 31, 2009, respectively, and is included as part of accounts payable and accrued liabilities in the Partnership's consolidated balance sheets.

On March 31, 2009, a subsidiary of Teekay Corporation paid \$3.0 million to the Partnership for the right to provide certain ship management services to certain of the Partnership's vessels. This amount is deferred and amortized on a straight-line basis until 2012 and is included as a reduction of general and administrative expense in the Partnership's consolidated statements of income.

During the three and six months ended June 30, 2010, and 2009, nil, \$0.1 million, \$0.7 million and \$0.1 million, respectively, of general and administrative expenses attributable to the operations of the *Centrofin Suexmaxes* and *Alexander Spirit* were incurred by Teekay Corporation and have been allocated to the Partnership as part of the results of the Dropdown Predecessor.

**Table of Contents**

**TEEKAY LNG PARTNERS L.P. AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

**(all tabular amounts stated in thousands of U.S. dollars, except unit and per unit data or unless otherwise indicated)**

During the three and six months ended June 30, 2010 and 2009, nil, \$0.1 million, \$0.3 million and \$0.1 million, respectively, of interest expense attributable to the operations of the *Alexander Spirit* was incurred by Teekay Corporation and has been allocated to the Partnership as part of the results of the Dropdown Predecessor.

b) The Partnership reimburses the General Partner for all expenses incurred by the General Partner or its affiliates that are necessary or appropriate for the conduct of the Partnership's business. During the three and six months ended June 30, 2010 and 2009, the Partnership incurred \$0.3 million, \$0.1 million, \$0.5 million and \$0.3 million, respectively, of these costs.

c) The Partnership was a party to an agreement with Teekay Corporation pursuant to which Teekay Corporation provided the Partnership with off-hire insurance for certain of its LNG carriers. During the three and six months ended June 30, 2010 and 2009, the Partnership incurred nil, \$0.2 million, nil and \$0.5 million, respectively, of these costs. The Partnership did not renew this off-hire insurance with Teekay Corporation, which expired during the second quarter of 2009. The Partnership currently obtains third-party off-hire insurance for certain of its LNG carriers.

d) In connection with the Partnership's initial public offering in May 2005, the Partnership entered into an omnibus agreement with Teekay Corporation, the General Partner and other related parties governing, among other things, when the Partnership and Teekay Corporation may compete with each other and certain rights of first offer on LNG carriers and Suezmax tankers. In December 2006, the omnibus agreement was amended in connection with the initial public offering of Teekay Offshore Partners L.P. (or *Teekay Offshore*). As amended, the agreement governs, among other things, when the Partnership, Teekay Corporation and Teekay Offshore may compete with each other and certain rights of first offer on LNG carriers, oil tankers, shuttle tankers, floating storage and offtake units and floating production, storage and offloading units.

e) On November 1, 2006, the Partnership agreed to acquire from Teekay Corporation its 70% interest in the Teekay Tangguh Joint Venture, which owns the two Tangguh LNG Carriers and the related 20-year, fixed-rate time-charters to service the Tangguh LNG project in Indonesia. The customer under the charters for the Tangguh LNG Carriers is The Tangguh Production Sharing Contractors, a consortium led by BP Berau Ltd., a subsidiary of BP plc. The Partnership has operational responsibility for the vessels. The remaining 30% interest in the Teekay Tangguh Joint Venture is held by BLT LNG Tangguh Corporation, a subsidiary of PT Berlian Laju Tanker Tbk.

On August 10, 2009, the Partnership acquired 99% of Teekay Corporation's 70% ownership interest in the Teekay Tangguh Joint Venture for a purchase price of \$69.1 million (net of assumed debt). This transaction was concluded between two entities under common control and, thus, the assets acquired were recorded at historical book value. The excess of the purchase price over the book value of the assets of \$31.8 million was accounted for as an equity distribution to Teekay Corporation. The remaining 30% interest in the Teekay Tangguh Joint Venture is held by BLT LNG Tangguh Corporation. For the period November 1, 2006 to August 9, 2009, the Partnership consolidated Teekay Tangguh as it was considered a variable interest entity whereby the Partnership was the primary beneficiary.

f) In April 2008, the Partnership acquired the two 1993-built LNG Carriers from Teekay Corporation for \$230.0 million. The Partnership financed the acquisition with borrowings under one of its revolving credit facilities. The Partnership chartered the vessels back to Teekay Corporation at a fixed-rate for a period of ten years (plus options exercisable by Teekay Corporation to extend up to an additional 15 years). During the three and six months ended June 30, 2010 and 2009, the Partnership recognized revenues of \$9.5 million, \$17.8 million, \$10.1 million and \$20.1 million, respectively, from these charters.

g) As at June 30, 2010 and December 31, 2009, non-interest bearing advances to affiliates totaled \$4.9 million and \$20.7 million, respectively, and non-interest bearing advances from affiliates totaled \$106.4 million and \$104.3 million, respectively. These advances are unsecured and have no fixed repayment terms.

h) In July 2008, Teekay Corporation signed contracts for the purchase from subsidiaries of Skaugen of the Skaugen Multigas Carriers, which are two technically advanced 12,000-cubic meter newbuilding ships capable of carrying LNG, LPG or ethylene. The Partnership agreed to acquire these vessels from Teekay Corporation upon delivery. The

vessels are expected to be delivered in 2011 for a total cost of approximately \$94 million. Each vessel is scheduled to commence service under 15-year fixed-rate charters to Skaugen (see Note 12).

i) The Partnership's Suezmax tanker the *Toledo Spirit*, which was delivered in July 2005, operates pursuant to a time-charter contract that increases or decreases the otherwise fixed-hire rate established in the charter depending on the spot charter rates that the Partnership would have earned had it traded the vessel in the spot tanker market. The remaining term of the time-charter contract is 15 years, although the charterer has the right to terminate the time-charter in July 2018. The Partnership has entered into an agreement with Teekay Corporation under which Teekay Corporation pays the Partnership any amounts payable to the charterer as a result of spot rates being below the fixed rate, and the Partnership pays Teekay Corporation any amounts payable to the Partnership as a result of spot rates being in excess of the fixed rate. The amounts payable to or receivable from Teekay Corporation are settled at the end of each year.

j) On March 17, 2010, the Partnership acquired from Teekay Corporation two 2009-built Suezmax tankers, the *Bermuda Spirit* and the *Hamilton Spirit*, and a 2007-built Handymax Product tanker, the *Alexander Spirit*, and the associated long-term fixed-rate time-charter contracts for a total cost of \$160 million. As described in Note 1, the acquisition was accounted for as a reorganization of entities under common control and accounted for on a basis similar to the pooling of interest basis. The Partnership financed the acquisition by assuming \$126 million of debt, drawing \$24 million on its existing revolvers and using \$10 million of cash. In addition, the Partnership acquired approximately \$15 million of working capital in exchange for a short-term vendor loan from Teekay Corporation. The excess of the purchase price over the historical carrying value of the assets acquired was \$3.6 million and is reflected as a distribution of capital to Teekay Corporation.

**Table of Contents**

**TEEKAY LNG PARTNERS L.P. AND SUBSIDIARIES**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

(all tabular amounts stated in thousands of U.S. dollars, except unit and per unit data or unless otherwise indicated)

**11. Derivative Instruments**

The Partnership uses derivative instruments in accordance with its overall risk management policy. The Partnership has not designated these derivative instruments as hedges for accounting purposes.

The Partnership enters into interest rate swaps which either exchange a receipt of floating interest for a payment of fixed interest or a payment of floating interest for a receipt of fixed interest to reduce the Partnership's exposure to interest rate variability on its outstanding floating-rate debt and floating-rate restricted cash deposits. As at June 30, 2010, the Partnership was committed to the following interest rate swap agreements:

	Interest Rate Index	Principal Amount \$	Fair Value / Carrying Amount of Asset (Liability) \$	Weighted- Average Remaining Term (years)	Fixed Interest Rate (%) <sup>(1)</sup>
<b>LIBOR-Based Debt:</b>					
U.S. Dollar-denominated interest rate swaps <sup>(2)</sup>	LIBOR	445,231	(79,215)	26.6	4.9
U.S. Dollar-denominated interest rate swaps <sup>(2)</sup>	LIBOR	218,451	(54,771)	8.7	6.2
U.S. Dollar-denominated interest rate swaps	LIBOR	60,000	(9,282)	7.8	4.9
U.S. Dollar-denominated interest rate swaps	LIBOR	100,000	(19,544)	6.5	5.3
U.S. Dollar-denominated interest rate swaps <sup>(3)</sup>	LIBOR	237,500	(45,105)	18.5	5.2
<b>LIBOR-Based Restricted Cash Deposit:</b>					
U.S. Dollar-denominated interest rate swaps <sup>(2)</sup>	LIBOR	472,524	95,481	26.6	4.8
<b>EURIBOR-Based Debt:</b>					
Euro-denominated interest rate swaps <sup>(4)</sup>	EURIBOR	346,979	(34,363)	14.0	3.8
			(146,799)		

(1) Excludes the margins the Partnership pays on its floating-rate debt, which, at June 30, 2010,

ranged from  
0.3% to 2.75%  
(see Note 8).

- (2) Principal amount reduces quarterly.
- (3) Principal amount reduces semiannually.
- (4) Principal amount reduces monthly to 70.1 million Euros (\$85.8 million) by the maturity dates of the swap agreements.

The Partnership is exposed to credit loss in the event of non-performance by the counterparties to the interest rate swap agreements. In order to minimize counterparty risk, the Partnership only enters into derivative transactions with counterparties that are rated A- or better by Standard & Poor's or A3 by Moody's at the time of the transactions. In addition, to the extent practical, interest rate swaps are entered into with different counterparties to reduce concentration risk.

In order to reduce the variability of its revenue, the Partnership has entered into an agreement with Teekay Corporation under which Teekay Corporation pays the Partnership any amounts payable to the charterer of the *Toledo Spirit* as a result of spot rates being below the fixed rate, and the Partnership pays Teekay Corporation any amounts payable to the Partnership by the charterer of the *Toledo Spirit* as a result of spot rates being in excess of the fixed rate.

The following table presents the location and fair value amounts of derivative instruments, segregated by type of contract, on the Partnership's balance sheets.

	Accounts receivable	Current portion of derivative assets	Derivative assets	Accrued liabilities	Current portion of derivative liabilities	Derivative liabilities
<b>As at June 30, 2010</b>						
Interest rate swap agreements	4,523	15,672	75,286	(11,779)	(48,148)	(182,353)
Toledo Spirit time-charter derivative						(12,900)
	4,523	15,672	75,286	(11,779)	(48,148)	(195,253)
<b>As at December 31, 2009</b>						
Interest rate swap agreements	4,613	16,337	15,794	(11,539)	(50,056)	(73,351)
Toledo Spirit time-charter derivative						(10,600)

	(21,795)	(50,566)	(72,361)	(14,637)	7,043	(7,594)

**12. Commitments and Contingencies**

a) The Partnership consolidates certain variable interest entities (*or VIEs*). In general, a variable interest entity is a corporation, partnership, limited-liability company, trust or any other legal structure used to conduct activities or hold assets that either (1) has an insufficient amount of equity to carry out its principal activities without additional subordinated financial support, (2) has a group of equity owners that are unable to make significant decisions about its activities, or (3) has a group of equity owners that do not have the obligation to absorb losses or the right to receive returns generated by its operations. A party that is a variable interest holder is required to consolidate a VIE if it has both (a) the power to direct the activities of a VIE that most significantly impact the entity's economic performance and (b) the obligation to absorb losses of the VIE that could potentially be significant to the VIE or the right to receive benefits from the VIE that could potentially be significant to the VIE.

The Partnership consolidated Teekay Tangguh in its consolidated financial statements effective November 1, 2006. On that date Teekay Tangguh became a VIE and the Partnership became its primary beneficiary upon the Partnership's agreement to acquire all of Teekay Corporation's interests in Teekay Tangguh (see Note 10e). Upon the Partnership's acquisition of Teekay Tangguh on August 10, 2009, Teekay Tangguh was no longer a VIE.

The Partnership has also consolidated the Skaugen Multigas Carriers that it has agreed to acquire from Teekay Corporation as the Skaugen Multigas Carriers became VIEs and the Partnership became a primary beneficiary when Teekay Corporation purchased the newbuildings on July 28, 2008 (see Note 10h).

The following table summarizes the balance sheet of Skaugen Multigas Carriers as at June 30, 2010 and as at December 31, 2009:

	<b>June 30, 2010</b>	<b>December 31, 2009</b>
	<b>\$</b>	<b>\$</b>
<b>ASSETS</b>		
<b>Vessels and equipment</b>		
Advances on newbuilding contracts	59,268	57,430
Other assets	651	651
<b>Total assets</b>	<b>59,919</b>	<b>58,081</b>
<b>LIABILITIES AND DEFICIT</b>		
Accrued liabilities and other	266	112
Advances from affiliates	59,661	57,977
<b>Total liabilities</b>	<b>59,927</b>	<b>58,089</b>
<b>Total deficit</b>	<b>(8)</b>	<b>(8)</b>
<b>Total liabilities and total deficit</b>	<b>59,919</b>	<b>58,081</b>

The assets and liabilities of the Skaugen Multigas Carriers are reflected in the Partnership's financial statements at historical cost as the Partnership and the VIE are under common control. The Partnership's maximum exposure to loss as of June 30, 2010 and December 31, 2009, as a result of its commitment to purchase Teekay Corporation's interests in the Skaugen Multigas Carriers, is limited to the purchase price of its interest in both vessels, which is expected to be approximately \$94 million. The assets of the Skaugen Multigas Carriers cannot be used by the Partnership and the creditors of the Skaugen Multigas Carriers have no recourse to the general credit of the Partnership.

**Table of Contents**

**TEEKAY LNG PARTNERS L.P. AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

**(all tabular amounts stated in thousands of U.S. dollars, except unit and per unit data or unless otherwise indicated)**

b) In December 2006, the Partnership announced that it agreed to acquire the three Skaugen LPG Carriers upon delivery for approximately \$33 million per vessel. The first and second vessel delivered in April 2009 and November 2009, respectively, and the third vessel is expected to deliver in 2010. Upon delivery, the first and second vessels were, and the third vessel will be chartered to Skaugen at fixed rates for a period of 15 years.

c) As at June 30, 2010, Teekay Corporation has requested from the Teekay Tangguh Joint Venture reimbursement of approximately \$1.6 million relating to additional crew training expenses. No accrual has been made as acceptance of the reimbursement is pending the approval of the joint venture's board of directors.

**13. Supplemental Cash Flow Information**

a) Net change in parent's equity in the Dropdown Predecessor includes the equity of the Dropdown Predecessor when initially pooled for accounting purposes and any subsequent non-cash equity transactions of the Dropdown Predecessor (see Note 10j).

b) During the six months ended June 30, 2009, the Tangguh LNG Carriers commenced their external time-charter contract under direct financing leases. The recognition of the net investments in direct financing leases for both vessels of \$409.9 million were treated as non-cash transactions in the Partnership's consolidated statements of cash flows.

c) In June 2009, Teekay Corporation novated an interest rate swap, with a notional amount of \$30.0 million, to the Partnership for no consideration. The transaction was concluded between related parties and thus the interest rate swap was recorded at its carrying value. The excess of the liabilities assumed over the consideration received, amounting to \$1.6 million, has been charged to equity and treated as a non-cash transaction in the Partnership's consolidated statements of cash flows.

**14. Total Capital and Net Income Per Unit**

At June 30, 2010, of the Partnership's total number of units outstanding, 51% were held by the public and the remaining units were held by a subsidiary of Teekay Corporation. On July 15, 2010, the Partnership completed a private placement equity offering of 1.7 million common units (see Note 18). As a result of this offering, 52% of the units outstanding were held by the public.

During March 2009 and November 2009, the Partnership completed follow-on equity offerings of 4.0 million common units and 4.0 million common units, respectively (see Note 3).

On May 19, 2008, 25% of the subordinated units (3.7 million units) issued to Teekay Corporation in connection with the Partnership's formation and initial public offering were converted into common units on a one-for-one basis as provided for under the terms of the partnership agreement and began participating pro rata with the other common units in distributions of available cash commencing with the August 2008 distribution. The price of the Partnership's units at the time of conversion was \$29.07.

On May 19, 2009, an additional 3.7 million subordinated units were converted into an equal number of common units as provided for under the terms of the partnership agreement and participate pro rata with the other common units in distributions of available cash commencing with the August 2009 distribution. The price of the Partnership's units at the time of conversion was \$17.66 on May 19, 2009.

The subordination period ended on April 1, 2010 and the remaining 7.4 million subordinated units converted into an equal number of common units. The price of the Partnership's units at time of conversion was \$29.95 on April 1, 2010.

***Net Income Per Unit***

Net income per unit is determined by dividing net income, after deducting the amount of net income attributable to the Dropdown Predecessor, the non-controlling interest and the General Partner's interest, by the weighted-average number of units outstanding during the period.

The General Partner's, common unitholders' and subordinated unitholder's interests in net income are calculated as if all net income was distributed according to the terms of the Partnership's partnership agreement, regardless of whether those earnings would or could be distributed. The partnership agreement does not provide for the distribution of net

income; rather, it provides for the distribution of available cash, which is a contractually defined term that generally means all cash on hand at the end of each quarter after establishment of cash reserves determined by the Partnership's board of directors to provide for the proper conduct of the Partnership's business including reserves for maintenance and replacement capital expenditure and anticipated credit needs. Unlike available cash, net income is affected by non-cash items, such as depreciation and amortization, unrealized gains or losses on non-designated derivative instruments, and foreign currency translation gains (losses).

During the three and six months ended June 30, 2010 and 2009, cash distributions exceeded \$0.4625 per unit and, consequently, the assumed distribution of net income resulted in the use of the increasing percentages to calculate the General Partner's interest in net income for the purposes of the net income per unit calculation.

**Table of Contents**

**TEEKAY LNG PARTNERS L.P. AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

**(all tabular amounts stated in thousands of U.S. dollars, except unit and per unit data or unless otherwise indicated)**

**15. Other Information**

In December 2007, a consortium in which Teekay Corporation has a 33% ownership interest agreed to charter four newbuilding 160,400-cubic meter LNG carriers for a period of 20 years to the Angola LNG Project, which is being developed by subsidiaries of Chevron Corporation, Sociedade Nacional de Combustiveis de Angola EP, BP Plc, Total S.A. and Eni SpA. The vessels will be chartered at fixed rates, with inflation adjustments, commencing in 2011 and 2012 upon deliveries of the vessels. Mitsui & Co., Ltd. and NYK Bulkship (Europe) have 34% and 33% ownership interests in the consortium, respectively. In accordance with an existing agreement, Teekay Corporation is required to offer to the Partnership its 33% ownership interest in these vessels and related charter contracts not later than 180 days before delivery of the vessels.

**16. Restructuring Charge**

During 2009 the Partnership restructured certain ship management functions from the Partnership's office in Spain to a subsidiary of Teekay Corporation and changed the nationality of certain seafarer positions. During the three and six months ended June 30, 2010 and 2009 the Partnership incurred expenses of \$0.1 million, \$0.7 million, \$0.2 million and \$2.7 million, respectively, in connection with these restructuring plans. The carrying amount of the liability as at June 30, 2010 and December 31, 2009 was nil and \$0.6 million, which is included as part of accrued liabilities in the Partnership's consolidated balance sheets.

**17. Accounting Pronouncements Not Yet Adopted**

In September 2009, the FASB issued an amendment to FASB ASC 605, *Revenue Recognition*, that provides for a new methodology for establishing the fair value for a deliverable in a multiple-element arrangement. When vendor specific objective or third-party evidence for deliverables in a multiple-element arrangement cannot be determined, the Partnership will be required to develop a best estimate of the selling price of separate deliverables and to allocate the arrangement consideration using the relative selling price method. This amendment will be effective for the Partnership on January 1, 2011, although earlier adoption is allowed. The Partnership is currently assessing the potential impacts, if any, on its consolidated financial statements.

In July 2010, the FASB issued an amendment to FASB ASC 310, *Receivables*, that requires companies to provide more information in their disclosures about the credit quality of their financing receivables and the credit reserves held against them. The amendments that require disclosures as of the end of a reporting period are effective for the periods ending on or after December 15, 2010. The amendments that require disclosures about activity that occurs during a reporting period are effective for the periods beginning on or after December 15, 2010. The Partnership is currently assessing the potential impacts, if any, on its consolidated financial statements.

**18. Subsequent Events**

On July 15, 2010, the Partnership completed a direct equity placement of approximately 1.7 million common units at the price of \$29.18 per unit, for net proceeds of approximately \$51 million (including its General Partner's 2% proportionate capital contribution). The Partnership intends to use the net proceeds from the sale for general partnership purposes, which may include funding newbuilding deliveries or future vessel acquisitions.

**Table of Contents**

**TEEKAY LNG PARTNERS L.P. AND SUBSIDIARIES  
JUNE 30, 2010**

**PART I FINANCIAL INFORMATION**

**Item 2 MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

**OVERVIEW**

Teekay LNG Partners L.P. is an international provider of marine transportation services for liquefied natural gas (or *LNG*), liquefied petroleum gas (or *LPG*) and crude oil. We were formed in 2004 by Teekay Corporation, the world's largest owner and operator of medium sized crude oil tankers, to expand its operations in the LNG shipping sector. Our primary growth strategy focuses on expanding our fleet of LNG and LPG carriers under long-term, fixed-rate time-charters. We intend to continue our practice of acquiring LNG and LPG carriers as needed for approved projects only after the long-term charters for the projects have been awarded to us, rather than ordering vessels on a speculative basis. In executing our growth strategy, we may engage in vessel or business acquisitions or enter into joint ventures and partnerships with companies that may provide increased access to emerging opportunities from global expansion of the LNG and LPG sectors. We seek to leverage the expertise, relationships and reputation of Teekay Corporation and its affiliates to pursue these opportunities in the LNG and LPG sectors and may consider other opportunities to which our competitive strengths are well suited. We view our conventional tanker fleet primarily as a source of stable cash flow as we seek to expand our LNG and LPG operations.

Our primary goal is to increase our quarterly distributions to unitholders. During the first quarter of 2010, we increased distributions from \$0.57 per unit for each quarter in 2009 to \$0.60 per unit effective for the first quarter of 2010.

**SIGNIFICANT DEVELOPMENTS IN 2010**

**Acquisition of Three Conventional Tankers**

On March 17, 2010, we acquired from Teekay Corporation two 2009-built 159,000 deadweight tonnes Suezmax tankers, the *Bermuda Spirit* and *Hamilton Spirit*, and a 2007-built 40,083 deadweight tonnes Handymax Product tanker, the *Alexander Spirit*, and the associated fixed-rate contracts for a total cost of \$160 million. The remaining charter terms for these vessels are 11 years, 11 years and 9 years, respectively. We financed the acquisition by assuming \$126 million of debt, borrowing \$24 million under existing revolving credit facilities and using \$10 million of cash. In addition, we acquired approximately \$15 million of working capital in exchange for a short-term vendor loan from Teekay Corporation. As a result of these acquisitions, we increased our quarterly cash distribution by \$0.03 per unit beginning with the quarterly distribution paid in May 2010.

**Conversion of Subordinated Units**

On April 1, 2010, our remaining 7.4 million subordinated units converted to common units.

**Equity Offering**

On July 15, 2010, we completed a direct equity placement of approximately 1.7 million common units at the price of \$29.18 per unit, for net proceeds of approximately \$51 million, including our general partner's 2% proportionate capital contribution. We intend to use the net proceeds from the sale for general partnership purposes, which may include funding newbuilding deliveries or future vessel acquisitions.

**OTHER SIGNIFICANT PROJECTS**

**Agreement to Purchase Skaugen Multigas Carriers**

On July 28, 2008, Teekay Corporation signed contracts for the purchase from I.M. Skaugen ASA (or *Skaugen*) of two technically advanced 12,000-cubic meter newbuilding Multigas vessels (or the *Skaugen Multigas Carriers*) capable of carrying LNG, LPG or ethylene. We, in turn, agreed to acquire the vessels from Teekay Corporation upon delivery for a total cost of approximately \$94 million. Both vessels are scheduled to be delivered in 2011. Upon delivery, each vessel will commence service under 15-year fixed-rate charters to Skaugen.

**Angola LNG Project**

In December 2007, a consortium in which Teekay Corporation has a 33% ownership interest agreed to charter four newbuilding 160,400-cubic meter LNG carriers for a period of 20 years to the Angola LNG Project. The Angola LNG Project is being developed by subsidiaries of Chevron Corporation, Sociedade Nacional de Combustiveis de Angola

EP, BP Plc, Total S.A., and Eni SpA. The vessels will be chartered at fixed rates, subject to inflation adjustments, commencing in 2011. Mitsui & Co., Ltd. and NYK Bulkship (Europe) have 34% and 33% ownership interests in the consortium, respectively. Teekay Corporation is required to offer to us its 33% ownership interest in these vessels and related charter contracts not later than 180 days before delivery of the vessels. Deliveries of the vessels are scheduled for 2011 and 2012.

**RESULTS OF OPERATIONS**

We use a variety of financial and operational terms and concepts when analyzing our results of operations. Descriptions of key terms and concepts are included in Item 5. Operating and Financial Review and Prospects in our Annual Report on Form 20-F for the year ended December 31, 2009, filed with the SEC on April 29, 2010.

**Table of Contents****Items You Should Consider When Evaluating Our Results of Operations**

Some factors that have affected our historical financial performance and may affect our future performance are listed below:

***Our financial results reflect the results of the interests in vessels acquired from Teekay Corporation for all periods the vessels were under common control.*** In March 2010, we acquired interests in two Suezmax vessels, the *Bermuda Spirit* and the *Hamilton Spirit* (collectively, the *Centrofin Suezmaxes*), and a Handymax Product tanker, the *Alexander Spirit*, from Teekay Corporation. These transactions were deemed to be business acquisitions between entities under common control. Accordingly, we have accounted for these transactions in a manner similar to the pooling of interest method whereby our financial statements prior to the date these vessels were acquired by us are retroactively adjusted to include the results of these acquired vessels. The periods retroactively adjusted include all periods that we and the acquired vessels were both under common control of Teekay Corporation and had begun operations. As a result, our financial statements reflect these vessels and their results of operations, referred to herein as the *Dropdown Predecessor*, as if we had acquired them when each respective vessel began operations under the ownership of Teekay Corporation, which were May 27, 2009 (*Bermuda Spirit*), June 24, 2009 (*Hamilton Spirit*) and September 3, 2009 (*Alexander Spirit*).

***Our financial results reflect the consolidation of Teekay Tangguh and the Skaugen Multigas Carriers prior to our purchase of interests in those entities.*** On November 1, 2006, we entered into an agreement with Teekay Corporation to purchase its 100% interest in Teekay Tangguh Borrower LLC (or *Teekay Tangguh*), which owns a 70% interest in Teekay BLT Corporation (or *Teekay Tangguh Joint Venture*). We were required to consolidate Teekay Tangguh in our consolidated financial statements since November 1, 2006, even before we acquired this entity on August 10, 2009, as it was a variable interest entity and we were its primary beneficiary.

On July 28, 2008, Teekay Corporation signed contracts for the purchase of the two Skaugen Multigas Carriers from subsidiaries of Skaugen. As described above, we have agreed to acquire the companies that own the Skaugen Multigas Carriers from Teekay Corporation upon delivery of the vessels. Since July 28, 2008, we have consolidated these ship-owning companies in our financial statements as variable interest entities as we are the primary beneficiary. Please read Item 1 Financial Statements: Notes 10(e) and 10(h) Related Party Transactions, and Note 12(a) Commitments and Contingencies.

***Our financial results are affected by fluctuations in the fair value of our derivative instruments.*** The change in fair value of our derivative instruments is included in our net income as our derivative instruments are not designated as hedges for accounting purposes. These changes may fluctuate significantly as interest rates and spot tanker rates fluctuate relating to our interest rate swaps and to the agreement we have with Teekay Corporation for the *Toledo Spirit* time-charter contract, respectively. Please read Item 1 Financial Statements: Note 10(i) Related Party Transactions, and Note 11 Derivative Instruments. The unrealized gains or losses relating to the change in fair value of our derivative instruments do not impact our cash flows.

***Our financial results are affected by fluctuations in currency exchange rates.*** Under GAAP, all foreign currency-denominated monetary assets and liabilities, such as cash and cash equivalents, restricted cash, accounts receivable, accounts payable, advances from affiliates and long-term debt are revalued and reported based on the prevailing exchange rate at the end of the period. These foreign currency translations fluctuate based on the strength of the U.S. dollar relative mainly to the Euro and are included in our results of operations. The translation of all foreign currency-denominated monetary assets and liabilities at each reporting date results in unrealized foreign currency exchange gains or losses but do not impact our cash flows.

***The size of our fleet will change.*** Our historical results of operations reflect changes in the size and composition of our fleet due to certain vessel deliveries. Please read Liquefied Gas Segment below and Other Significant Projects above for further details about certain prior and future vessel deliveries.

***One of our Suezmax tankers earns revenues based partly on spot market rates.*** The time-charter for one Suezmax tanker, the *Teide Spirit*, contains a component providing for additional revenues to us beyond the

fixed-hire rate when spot market rates exceed certain threshold amounts. Accordingly, even though declining spot market rates will not result in our receiving less than the fixed-hire rate, our results at the end of each fiscal year may continue to be influenced, in part, by the variable component of the *Teide Spirit* charter.

***Our vessel operating costs are facing industry-wide cost pressures.*** The oil shipping industry is experiencing a global manpower shortage due to growth in the world fleet. This shortage resulted in significant crew wage increases during 2007, 2008, to a lesser degree in 2009 and during the first half of 2010. We expect the trend of significant crew compensation increases to abate in the short term. However this could change if market conditions adjust. In addition, factors such as pressure on raw material prices and changes in regulatory requirements could also increase operating expenditures. We took various measures during 2009 in an effort to reduce costs, improve operational efficiencies and mitigate the impact of inflation and price increases and have continued this effort during 2010.

***The amount and timing of drydockings of our vessels can significantly affect our revenues between periods.*** Our vessels are off-hire at various points of time due to scheduled and unscheduled maintenance. The financial impact from these periods of off-hire, if material, is explained in further detail below. Two vessels are scheduled for drydocking with an estimated 77 off-hire days for the remaining two quarters in 2010, compared to 78 off-hire days for the first half of the year.

**Table of Contents*****Liquefied Gas Segment***

Our fleet includes 15 LNG carriers (including our 40% interest in four LNG carriers that are accounted for under the equity method (or the *RasGas 3 LNG Carriers*), our 69% interest in the Tangguh Joint Venture, which owns the *Tangguh Hiri* and the *Tangguh Sago* (or the *Tangguh LNG Carriers*), our 70% interest in Teekay Nakilat Corporation (or *Teekay Nakilat*), which is the lessee under 30-year capital lease arrangements relating to three LNG carriers (or the *RasGas II LNG Carriers*)) and our 99% interest in the Kenai Joint Venture, which owns the *Arctic Spirit* and *Polar Spirit* (or the *Kenai LNG Carriers*) and three LPG carriers. All of our LNG and LPG carriers operate under long-term, fixed-rate time-charters. We expect our liquefied gas segment to increase due to the following:

We have agreed to acquire an LPG carrier for approximately \$33 million upon its delivery scheduled in 2010. Please read Item 1 Financial Statements: Note 12(b) Commitments and Contingencies.

As discussed above, we have agreed to acquire the Skaugen Multigas Carriers from Teekay Corporation for a total cost of approximately \$94 million upon their deliveries, which are scheduled for 2011. Please read Item 1 Financial Statements: Note 10(h) Related Party Transactions, and Note 12(a) Commitments and Contingencies.

As discussed above, Teekay Corporation is required to offer to us its 33% ownership interest in the consortium relating to the Angola LNG Project not later than 180 days before the deliveries of the related four newbuilding LNG carriers, which are scheduled for 2011 and 2012. Please read Item 1 Financial Statements: Note 15 Other Information.

The following tables compare our liquefied gas segment's operating results for the three and six months ended June 30, 2010 and 2009, and compares its net voyage revenues (which is a non-GAAP financial measure) for the three and six months ended June 30, 2010 and 2009 to voyage revenues, the most directly comparable GAAP financial measure. The following tables also provide a summary of the changes in calendar-ship-days and revenue days for our liquefied gas segment:

(in thousands of U.S. dollars, except revenue days, calendar-ship-days and percentages)	<b>Three Months Ended June 30,</b>		
	<b>2010</b>	<b>2009</b>	<b>% Change</b>
Voyage revenues	65,822	62,928	4.6
Voyage expenses (recoveries)	122	(34)	458.8
Net voyage revenues	65,700	62,962	4.3
Vessel operating expenses	12,744	12,144	4.9
Depreciation and amortization	15,394	15,193	1.3
General and administrative <sup>(1)</sup>	2,626	2,398	9.5
Restructuring charge		315	(100.0)
Income from vessel operations	34,936	32,912	6.1
Operating Data:			
Revenue Days (A)	1,259	1,123	12.1
Calendar-Ship-Days (B)	1,274	1,182	7.8
Utilization (A)/(B)	98.8%	95.0%	

(in thousands of U.S. dollars, except revenue days, calendar-ship-days and percentages)	<b>Six Months Ended June 30,</b>		
	<b>2010</b>	<b>2009</b>	<b>% Change</b>

Voyage revenues	131,608	121,246	8.5
Voyage expenses	95	258	(63.2)
Net voyage revenues	131,513	120,988	8.7
Vessel operating expenses	24,160	24,733	(2.3)
Depreciation and amortization	30,632	29,671	3.2
General and administrative <sup>(1)</sup>	5,370	4,532	18.5
Restructuring charge		1,182	(100.0)
Income from vessel operations	71,351	60,870	17.2
Operating Data:			
Revenue Days (A)	2,497	2,095	19.2
Calendar-Ship-Days (B)	2,534	2,187	15.9
Utilization (A)/(B)	98.5%	95.8%	

<sup>(1)</sup> Includes direct general and administrative expenses and indirect general and administrative expenses (allocated to each segment based on estimated use of resources).

Our liquefied gas segment's operating results include 14 LNG and LPG carriers (not including the four RasGas 3 LNG Carriers that are accounted for under the equity method) and 13 LNG and LPG carriers during the six month periods ended June 30, 2010 and 2009, respectively. Our total calendar-ship-days increased by 15.9% to 2,534 days in the six months ended June 30, 2010 from 2,187 days in the six months ended 2009 as a result of the *Tangguh Sago*, *Norgas Pan* and *Norgas Cathinka* deliveries in March, April and November 2009, respectively.

During the six months ended June 30, 2010, two of our LNG carriers, the *Arctic Spirit* and *Dania Spirit*, were off-hire for approximately 22 days and 15 days, respectively, relating to scheduled drydockings.

*Net Voyage Revenues.* Net voyage revenues increased for the three and six months ended June 30, 2010, from the same periods last year, primarily as a result of:

increases of \$3.7 million and \$10.0 million for the three and six months ended June 30, 2010, respectively, due to the commencement of the time-charter for the *Tangguh* LNG Carriers in January and May 2009, respectively; and

increases of \$1.0 million and \$2.9 million for the three and six months ended June 30, 2010, respectively, due to the commencement of the time-charters for the *Norgas Pan* and the *Norgas Cathinka* in April and November 2009, respectively;

**Table of Contents**

partially offset by

decreases of \$1.3 million and \$0.3 million for the three and six months ended June 30, 2010, respectively, due to the effect on our Euro-denominated revenues from the weakening of the Euro against the U.S. Dollar compared to the same periods last year;

a decrease of \$1.2 million for the six months ended June 30, 2010, due to the *Arctic Spirit* being off-hire for 22 days in the first quarter of 2010 for a scheduled drydock;

decreases of \$0.6 million and \$1.1 million for the three and six months ended June 30, 2010, respectively, due to a decrease in the hire rates for the *Arctic Spirit* and *Polar Spirit* as compared to the same periods last year as a result of crewing rate adjustments; and

a decrease of \$0.2 million for the three months ended June 30, 2010, due to the *Dania Spirit* being off-hire for 15 days in the second quarter of 2010 for a scheduled drydock.

*Vessel Operating Expenses.* Vessel operating expenses increased for the three months ended June 20, 2010 and decreased for the six months ended June 30, 2010, from the same periods last year, primarily as a result of:

an increase of \$1.4 million for the three and six months ended June 30, 2010, due to additional crew training expenses relating to the *Al Marrouna*, the *Al Areesh* and the *Al Daayen*;

partially offset by

decreases of \$0.7 million and \$1.8 million for the three and six months ended June 30, 2010, respectively, due to the cancellation of loss-of-hire insurance in 2009 and reduction in manning levels for certain of our LNG carriers.

*Depreciation and Amortization.* Depreciation and amortization increased for the three and six months ended June 30, 2010, from the same periods last year, primarily as a result of:

increases of \$0.9 million and \$1.3 million for the three and six months ended June 30, 2010, respectively, relating to depreciation of drydock expenditures incurred during the third and fourth quarters of 2009 and the first quarter of 2010; and

increases of \$0.3 million and \$0.7 million for the three and six months ended June 30, 2010, respectively, from the delivery of the *Norgas Pan* and *Norgas Cathinka* in April and November 2009, respectively;

partially offset by

decreases of \$0.9 million and \$1.1 million for the three and six months ended June 30, 2010, respectively, from the commencement of the time-charter contract for the *Tangguh Hiri* and the *Tangguh Sago* in January 2009 and May 2009, respectively, which are accounted for as direct financing leases.

***Conventional Tanker Segment***

During the six months ended June 30, 2010, we operated 10 Suezmax-class double-hulled conventional crude oil tankers and one Handymax Product tanker compared to 10 Suezmax-class conventional crude oil tankers for the same period in 2009. All of our conventional tankers operate under long-term, fixed-rate time-charters.

On March 17, 2010, we purchased from Teekay Corporation two 2009-built Centrofin Suezmaxes, and a 2007-built Handymax Product tanker, the *Alexander Spirit*. These vessels have been included in our results as if they were acquired on May 27, 2009 (*Bermuda Spirit*), June 24, 2009 (*Hamilton Spirit*) and September 3, 2009 (*Alexander Spirit*). As a result of these acquisitions, our total conventional tanker segment calendar ship days increased by 33.7% to 1,991 days for the six months ended June 30, 2010 from 1,489 days for the six months ended June 30, 2009.

**Table of Contents**

The following tables compare our conventional tanker segment's operating results for the three and six months ended June 30, 2010 and 2009, and compares its net voyage revenues (which is a non-GAAP financial measure) for the three and six months ended June 30, 2010 and 2009 to voyage revenues, the most directly comparable GAAP financial measure. The following tables also provide a summary of the changes in calendar-ship-days and revenue days for our conventional tanker segment:

(in thousands of U.S. dollars, except revenue days, calendar-ship-days and percentages)	<b>Three Months Ended June 30,</b>		
	<b>2010</b>	<b>2009</b>	<b>% Change</b>
Voyage revenues	26,024	19,505	33.4
Voyage expenses	371	256	44.9
Net voyage revenues	25,653	19,249	33.3
Vessel operating expenses	9,297	6,329	46.9
Depreciation and amortization	7,013	5,313	32.0
General and administrative <sup>(1)</sup>	2,411	1,757	37.2
Restructuring charge	126	394	(68.0)
Income from vessel operations	6,806	5,456	24.7
Operating Data:			
Revenue Days (A)	961	769	25.0
Calendar-Ship-Days (B)	1,001	769	30.2
Utilization (A)/(B)	96.0%	100%	
(in thousands of U.S. dollars, except revenue days, calendar-ship-days and percentages)	<b>Six Months Ended June 30,</b>		
	<b>2010</b>	<b>2009</b>	<b>% Change</b>
Voyage revenues	52,730	37,596	40.3
Voyage expenses	539	482	11.8
Net voyage revenues	52,191	37,114	40.6
Vessel operating expenses	18,909	12,481	51.5
Depreciation and amortization	13,931	10,161	37.1
General and administrative <sup>(1)</sup>	5,059	3,178	59.2
Restructuring charge	175	1,478	(88.2)
Income from vessel operations	14,117	9,816	43.8
Operating Data:			
Revenue Days (A)	1,950	1,489	31.0
Calendar-Ship-Days (B)	1,991	1,489	33.7
Utilization (A)/(B)	97.9%	100%	

- (1) Includes direct general and administrative expenses and indirect general and administrative expenses (allocated to each segment based on estimated use of corporate resources).

During the six months ended June 30, 2010, two of our Conventional carriers, the *Tenerife Spirit* and *Toledo Spirit*, were off-hire for approximately 26 days and 15 days, respectively, relating to scheduled drydockings.

*Net Voyage Revenues.* Net voyage revenues increased for the three and six months ended June 30, 2010, from the same periods last year, primarily as a result of:

increases of \$7.6 million and \$16.5 million for the three and six months ended June 30, 2010, respectively, due to the commencement of the time-charters for the two Centrofin Suezmaxes in May and June 2009, and the acquisition of the *Alexander Spirit* in September 2009 by Teekay Corporation;

partially offset by

a decrease of \$0.9 million for the three and six months ended June 30, 2010, due to the *Tenerife Spirit* and the *Toledo Spirit* being off-hire for 25 and 15 days, respectively, during the second quarter of 2010 for scheduled drydockings; and

decreases of \$0.2 million and \$0.4 million for the three and six months ended June 30, 2010, respectively, due to interest-rate adjustments to the daily charter rates under the time-charter contracts for five Suezmax tankers (however, under the terms of these capital leases, we had corresponding decreases in our lease payments, which are reflected as decreases to interest expense; therefore, these and future similar interest rate adjustments do not affect our cash flow or net income).

*Vessel Operating Expenses.* Vessel operating expenses increased for the three and six months ended June 30, 2010, from the same periods last year, primarily as a result of:

increases of \$3.0 million and \$6.0 million for the three and six months ended June 30, 2010, respectively, from the delivery of the two Centrofin Suezmaxes in May and June 2009 and the acquisition of the *Alexander Spirit* by Teekay Corporation in September 2009; and

an increase of \$0.4 million for the six months ended June 30, 2010 primarily due to higher planned maintenance activities relating to scheduled drydockings.

*Depreciation and Amortization.* Depreciation and amortization increased for the three and six months ended June 30, 2010, from the same periods last year, primarily as a result of increases of \$1.6 million and \$3.5 million, respectively, due to the delivery of the Centrofin Suezmaxes in May and June 2009 and the acquisition of the *Alexander Spirit* by Teekay Corporation in September 2009.

**Table of Contents*****Other Operating Results***

***General and Administrative Expenses.*** General and administrative expenses increased 21% and 35% to \$5.0 million and \$10.4 million for the three and six months ended June 30, 2010, from \$4.2 million and \$7.7 million for the same periods last year. These increases were primarily the result of:

- an increase of \$0.6 million relating to the reversal of our long-term incentive plan accrual during the six months ended June 30, 2009 resulting from the decline in Teekay Corporation's share price;
- increases of \$0.4 million and \$1.1 million for the three and six months ended June 30, 2010, respectively, due to the delivery of the Centrofin Suezmaxes in May and June 2009 and the acquisition of the *Alexander Spirit* by Teekay Corporation in September 2009; and
- increases of \$0.4 million and \$0.6 million for the three and six months ended June 30, 2010, respectively, due to increased corporate and office expenses.

***Restructuring Charge.*** During 2009, we restructured certain ship management functions from our office in Spain to a subsidiary of Teekay Corporation and changed the nationality of certain seafarer positions. During the three and six months ended June 30, 2009, we incurred \$0.7 million and \$2.7 million, respectively, in connection with these restructuring plans compared to an insignificant amount for the same periods in 2010.

***Interest Expense.*** Interest expense decreased 30.2% and 27.7% to \$11.3 and \$24.1 million for the three and six months ended June 30, 2010, from \$16.2 million and \$33.3 million for the same periods last year. Interest expense primarily reflects interest incurred on our capital lease obligations and long-term debt. This decrease was primarily the result of:

- decreases of \$2.4 million and \$6.7 million for the three and six months ended June 30, 2010, respectively, due to a decrease of LIBOR rates relating to our variable-rate debt;
- decreases of \$2.1 million and \$3.4 million for the three and six months ended June 30, 2010, respectively, from the scheduled loan payments on the *Catalunya Spirit*, and scheduled capital lease repayments on the *Madrid Spirit* (the *Madrid Spirit* is financed pursuant to a Spanish tax lease arrangement, under which we borrowed under a term loan and deposited the proceeds into a restricted cash account and entered into a capital lease for the vessel; as a result, this decrease in interest expense from the capital lease is offset by a corresponding decrease in the interest income from restricted cash); and
- decreases of \$0.2 million and \$0.4 million for the three and six months ended June 30, 2010, respectively, from declining interest rates on our five Suezmax tanker capital lease obligations (however, as described above, under the terms of the time-charter contracts for these vessels, we receive corresponding decreases in charter payments, which are reflected as a decrease to voyage revenues);

partially offset by

- an increase of \$0.6 million for the six months ended June 30, 2010 relating to higher amortization of deferred debt issuance costs;
- an increase of \$0.3 million for the six months ended June 30, 2010 relating to the interest expense attributable to the operations of the *Alexander Spirit* that was incurred by Teekay Corporation and allocated to us as part of the results of the Dropdown Predecessor; and
- increases of \$0.2 million and \$0.5 million for the three and six months ended June 30, 2010, respectively, from the delivery of the two Centrofin Suezmaxes in May and June 2009.

***Interest Income.*** Interest income decreased 59.3% and 55.9% to \$1.4 million and \$3.3 million for the three and six months ended June 30, 2010, from \$3.5 million and \$7.5 million for the same periods last year. Interest income primarily reflects interest earned on restricted cash deposits that approximate the present value of the remaining amounts we owe under lease arrangements on four of our LNG carriers. This decrease was primarily the result of:

- decreases of \$1.1 million and \$2.8 million for the three and six months ended June 30, 2010, respectively, due to decreases in LIBOR rates relating to the restricted cash in Teekay Nakilat that is used to fund capital lease payments for the RasGas II LNG Carriers; and
- decreases of \$0.9 million and \$1.2 million for the three and six months ended June 30, 2010, respectively, primarily from scheduled capital lease repayments on one of our LNG carriers which was funded from restricted cash deposits.

*Realized and Unrealized (Loss) Gain on Derivative Instruments.* Net realized and unrealized (losses) gains on derivative instruments decreased to losses of (\$45.5) million and (\$72.4) million for the three and six months ended June 30, 2010, respectively, from a gain of \$8.6 million and a loss of (\$7.6) million for the same periods in 2009 as set forth in the table below.

(in thousands of U.S. dollars)	<b>Three Months Ended June 30, 2010</b>			<b>Three Months Ended June 30, 2009</b>		
	Realized Gains (losses)	Unrealized gains (losses)	Total	Realized Gains (losses)	Unrealized gains (losses)	Total
Interest rate swap agreements	(10,581)	(32,868)	(43,449)	(8,736)	16,801	8,065
Toledo Spirit time-charter derivative		(2,100)	(2,100)		577	577
	(10,581)	(34,968)	(45,549)	(8,736)	17,378	8,642

**Table of Contents**

(in thousands of U.S. dollars)	Six Months Ended June 30, 2010			Six Months Ended June 30, 2009		
	Realized gains (losses)	Unrealized gains (losses)	Total	Realized gains (losses)	Unrealized gains (losses)	Total
Interest rate swap agreements	(21,795)	(48,266)	(70,061)	(14,637)	1,388	(13,249)
Toledo Spirit time-charter derivative		(2,300)	(2,300)		5,655	5,655
	(21,795)	(50,566)	(72,361)	(14,637)	7,043	(7,594)

*Foreign Currency Exchange Gains (Losses).* Foreign currency exchange gains were \$36.6 million and \$59.9 million for the three and six months ended June 30, 2010, compared to losses of \$22.4 million and \$2.0 million for the three and six months ended June 30, 2009, respectively. These foreign currency exchange gains and losses, substantially all of which were unrealized, are due primarily to the relevant period-end revaluation of our Euro-denominated term loans, capital leases and restricted cash for financial reporting purposes. Losses reflect a weaker U.S. Dollar against the Euro on the date of revaluation. Gains reflect a stronger U.S. Dollar against the Euro on the date of revaluation.

*Equity (Loss) Income.* Equity loss was \$2.9 million and \$1.6 million for the three and six months ended June 30, 2010, compared to equity income of \$11.9 million and \$21.1 million for the three and six months ended June 30, 2009. These changes are primarily due to unrealized losses on derivatives for the three and six months ended June 30, 2010 as compared to unrealized gains on derivatives for the same periods in the prior year and lower income recognized during the six months ended June 30, 2010 related to direct finance leases in our equity accounted interest in the four RasGas 3 LNG Carriers.

**Liquidity and Cash Needs**

As at June 30, 2010, our cash and cash equivalents was \$71.0 million, compared to \$108.4 million at December 31, 2009 (which included \$5.8 million related to the Dropdown Predecessor). Our total liquidity, which consists of cash, cash equivalents and undrawn medium-term credit facilities, was \$457.5 million as at June 30, 2010, compared to \$479.8 million as at December 31, 2009. The decrease in liquidity is primarily due to the acquisition of the Centrofin Suezmaxes and the *Alexander Spirit* from Teekay Corporation, repayments of long-term debt, advances and repayments to our joint venture partners and drydocking expenditures, partially offset by our ability to draw \$40 million of our \$122.0 million credit facility related to the Skaugen LPG Carriers and Skaugen Multigas Carriers. Please read Item 1 Financial Statements: Note 10(j) Related Party Transactions.

Our primary short-term liquidity needs are to pay quarterly distributions on our outstanding units and to fund general working capital requirements and drydocking expenditures, while our long-term liquidity needs primarily relate to expansion and maintenance capital expenditures and debt repayment. Expansion capital expenditures primarily represent the purchase or construction of vessels to the extent the expenditures increase the operating capacity or revenue generated by our fleet, while maintenance capital expenditures primarily consist of drydocking expenditures and expenditures to replace vessels in order to maintain the operating capacity or revenue generated by our fleet. We anticipate that our primary sources of funds for our short-term liquidity needs will be cash flows from operations, while our long-term sources of funds will be from cash from operations, long-term bank borrowings and other debt or equity financings, or a combination thereof.

We will need to use certain of our available liquidity or we may need to raise additional capital to finance existing capital commitments. We are required to purchase five of our Suezmax tankers, currently on capital lease arrangements, in 2011. We anticipate that we will purchase these tankers by assuming the outstanding financing obligations that relate to them. However, we may be required to obtain separate debt or equity financing to complete the purchases if the lenders do not consent to our assuming the financing obligations. In addition, as of June 30, 2010, we were also committed to acquiring one LPG carrier from Skaugen and the two Skaugen Multigas Carriers. These

additional purchase commitments, scheduled to occur in 2010 and 2011, total approximately \$127 million. We intend to finance these purchases with one or more of our existing revolving credit facilities, incremental debt, surplus cash balances, proceeds from the issuance of additional common units, or combinations thereof. Please read Item 1 Financial Statements: Note 12 Commitments and Contingencies.

**Cash Flows.** The following table summarizes our cash flow for the periods presented:

(in thousands of U.S. dollars)	<b>Six Months Ended June 30,</b>	
	<b>2010</b>	<b>2009</b>
Net cash flow from operating activities	91,858	91,040
Net cash flow used for financing activities	(120,155)	(18,650)
Net cash flow used for investing activities	(9,054)	(95,832)

**Operating Cash Flows.** Net cash flow from operating activities increased to \$91.9 million for the six months ended June 30, 2010 from \$91.0 million for the same period in 2009, primarily reflecting the increase in operating cash flows from the *Tangguh Sago* having commenced its charter in May 2009, the deliveries of the *Norgas Pan* and *Norgas Cathinka* in April 2009 and November 2009, respectively, the acquisitions of the Centrofin Suexmaxes and the *Alexander Spirit* partially offset by more off-hire days related to scheduled drydocking for the six months ended June 30, 2010, the timing of lease receipts from the Teekay Tangguh Joint Venture's operating leases and the timing of our cash receipts and payments. Net cash flow from operating activities depends upon the timing and amount of drydocking expenditures, repairs and maintenance activity, vessel additions and dispositions, foreign currency rates, changes in interest rates, fluctuations in working capital balances and spot market hire rates (to the extent we have vessels operating in the spot tanker market or our hire rates are partially affected by spot market rates). The number of vessel drydockings tends to vary each year.

**Financing Cash Flows.** Our investments in vessels and equipment are financed primarily with term loans and capital lease arrangements. Proceeds from long-term debt were \$35.0 million and \$88.5 million, respectively, for the six months ended June 30, 2010 and 2009. From time to time we refinance our loans and revolving credit facilities. During the six months ended June 30, 2010, we used the proceeds from long-term debt primarily to fund a portion of the acquisition of the Centrofin Suezmaxes and the *Alexander Spirit LLC*.

**Table of Contents**

Cash distributions paid during the six months ended June 30, 2010 increased to \$65.3 million from \$56.0 million for the same period last year. This increase was the result of an increase in our partnership units as a result of the 2009 follow-on equity offerings and an increase in the distribution per unit from \$0.57 per unit to \$0.60 per unit starting with the May 2010 distribution. Please read Item 1 Financial Statements: Note 3 Equity Offerings.

**Investing Cash Flows.** Net cash flow used for investing activities decreased to \$9.1 million for the six months ended June 30, 2010, from \$95.8 million for the same period in 2009, primarily reflecting the timing of the construction payments for the two Skaugen Multigas Carriers and the *Tangguh Sago* delivery in March 2009.

**Credit Facilities**

Our revolving credit facilities and term loans are described in Item 1 Financial Statements - Note 8 Long-Term Debt. Our term loans and revolving credit facilities contain covenants and other restrictions typical of debt financing secured by vessels, including, but not limited to, one or more of the following that restrict the ship-owning subsidiaries from:

- incurring or guaranteeing indebtedness;
- changing ownership or structure, including mergers, consolidations, liquidations and dissolutions;
- making dividends or distributions if we are in default;
- making capital expenditures in excess of specified levels;
- making certain negative pledges and granting certain liens;
- selling, transferring, assigning or conveying assets;
- making certain loans and investments; and
- entering into a new line of business.

Certain loan agreements require that minimum levels of tangible net worth and aggregate liquidity be maintained, provide for a maximum level of leverage and require one of our subsidiaries to maintain restricted cash deposits. Our ship-owning subsidiaries may not, among other things, pay dividends or distributions if we are in default under our loan agreements and revolving credit facilities. Our capital leases do not contain financial or restrictive covenants other than those relating to operation and maintenance of the vessels. One of our term loans is guaranteed by Teekay Corporation and contains covenants that require Teekay Corporation to maintain the greater of a minimum liquidity (cash and cash equivalents) of at least \$50.0 million and 5.0% of Teekay Corporation's total consolidated debt which has recourse to Teekay Corporation. As at June 30, 2010, we and our affiliates were in compliance with all covenants in our credit facilities and capital leases.

**Contractual Obligations and Contingencies**

The following table summarizes our long-term contractual obligations as at June 30, 2010:

	<b>Total</b>	<b>Remainder of 2010</b>	<b>2011 and 2012</b>	<b>2013 and 2014</b>	<b>Beyond 2014</b>
	<b>(in millions of U.S. Dollars)</b>				
<b>U.S. Dollar-Denominated Obligations:</b>					
Long-term debt <sup>(1)</sup>	1,054.4	31.4	140.1	143.0	739.9
Commitments under capital leases <sup>(2)</sup>	209.7	11.8	197.9		
Commitments under capital leases <sup>(3)</sup>	1,037.3	12.0	48.0	48.0	929.3
Commitments under operating leases <sup>(4)</sup>	470.2	12.5	50.1	50.2	357.4
Purchase obligations <sup>(5)</sup>	127.0	33.0	94.0		
<b>Total U.S. Dollar-denominated obligations</b>	<b>2,898.6</b>	<b>100.7</b>	<b>530.1</b>	<b>241.2</b>	<b>2,026.6</b>
<b>Euro-Denominated Obligations: <sup>(6)</sup></b>					
Long-term debt <sup>(7)</sup>	347.0	5.6	200.6	13.9	126.9
Commitments under capital leases <sup>(8)</sup>	112.2	32.9	79.3		

<b>Total Euro-denominated obligations</b>	459.2	38.5	279.9	13.9	126.9
<b>Totals</b>	3,357.8	139.2	810.0	255.1	2,153.5

(1) Excludes expected interest payments of \$9.8 million (remainder of 2010), \$34.3 million (2011 and 2012), \$28.4 million (2013 and 2014) and \$48.5 million (beyond 2014). Expected interest payments are based on the existing interest rates (fixed-rate loans) and LIBOR at June 30, 2010, plus margins that ranged up to 2.75% (variable-rate loans). The expected interest payments do not reflect the effect of related interest rate swaps that we have used as an economic hedge of certain of our floating-rate debt.

(2) Includes, in addition to lease payments, amounts we are

required to pay to purchase certain leased vessels at the end of the lease terms. We are obligated to purchase five of our existing Suezmax tankers upon the termination of the related capital leases, which will occur in 2011. The purchase price will be based on the unamortized portion of the vessel construction financing costs for the vessels, which we expect to range from \$31.7 million to \$39.2 million per vessel. We expect to satisfy the purchase price by assuming the existing vessel financing, although we may be required to obtain separate debt or equity financing to complete the purchases if the lenders do not consent to our assuming the financing obligations. We are also obligated to

purchase one of our existing LNG carriers upon the termination of the related capital leases on December 31, 2011. The purchase obligation has been fully funded with restricted cash deposits. Please read Item 1 Financial Statements: Note 5 Leases and Restricted Cash.

**Table of Contents**

- (3) Existing restricted cash deposits of \$478.1 million, together with the interest earned on these deposits, will be sufficient to repay the remaining amounts we currently owe under the lease arrangements.
- (4) We have corresponding leases whereby we are the lessor and expect to receive approximately \$433.6 million for these leases from 2010 to 2029.
- (5) In December 2006, we entered into an agreement to acquire three LPG carriers from Skaugen, for approximately \$33 million per vessel upon their deliveries. Two of the three vessels were delivered in 2009 and the third vessel is scheduled for delivery in 2010. In July 2008, Teekay Corporation signed contracts for the purchase of the Skaugen

Multigas Carriers and we have agreed to purchase these vessels from Teekay Corporation for a total cost of approximately \$94 million upon their deliveries. Both vessels are scheduled to be delivered in 2011. Please read Note 12 Commitments and Contingencies.

- (6) Euro-denominated obligations are presented in U.S. Dollars and have been converted using the prevailing exchange rate as of June 30, 2010.
- (7) Excludes expected interest payments of \$1.9 million (remainder of 2010), \$6.4 million (2011 and 2012), \$3.0 million (2013 and 2014) and \$8.7 million (beyond 2014). Expected interest payments are based on EURIBOR at June 30, 2010, plus margins that ranged up to 0.66%, as well as the prevailing U.S. Dollar/Euro

exchange rate as of June 30, 2010. The expected interest payments do not reflect the effect of related interest rate swaps that we have used as an economic hedge of certain of our floating-rate debt.

- (8) Existing restricted cash deposits of \$105.8 million, together with the interest earned on these deposits, will be expected to equal the remaining amounts we owe under the lease arrangement, including our obligation to purchase the vessel at the end of the lease term.

#### **Off-Balance Sheet Arrangements**

We have no off-balance sheet arrangements that have or are reasonably likely to have, a current or future material effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources. We are committed to acquire from Teekay Corporation the Skaugen Multigas Carriers upon delivery for a total cost of approximately \$94 million.

#### **Critical Accounting Estimates**

We prepare our consolidated financial statements in accordance with GAAP, which require us to make estimates in the application of our accounting policies based on our best assumptions, judgments and opinions. On a regular basis, management reviews the accounting policies, assumptions, estimates and judgments to ensure that our consolidated financial statements are presented fairly and in accordance with GAAP. However, because future events and their effects cannot be determined with certainty, actual results could differ from our assumptions and estimates, and such differences could be material. Accounting estimates and assumptions discussed in this section are those that we consider to be the most critical to an understanding of our financial statements, because they inherently involve significant judgments and uncertainties. For a further description of our material accounting policies, please read Item 5 Operating and Financial Review and Prospects in our Annual Report on Form 20-F for the year ended December 31, 2009.

At June 30, 2010, we had one reporting unit with goodwill attributable to it. As of the date of this filing, we do not believe that there is a reasonable possibility that the goodwill attributable to this reporting unit might be impaired within the next year. However, certain factors that impact this assessment are inherently difficult to forecast and, as such, we cannot provide any assurances that an impairment will or will not occur in the future. An assessment for impairment involves a number of assumptions and estimates that are based on factors that are beyond our control.

These are discussed in more detail in the following section entitled Forward-Looking Statements .

**FORWARD-LOOKING STATEMENTS**

This Report on Form 6-K for the three and six months ended June 30, 2010 contains certain forward-looking statements (as such term is defined in Section 27A of the Securities Exchange Act of 1933 as amended, and Section 21E of the Securities Exchange Act of 1934, as amended) concerning future events and our operations, performance and financial condition, including, in particular, statements regarding:

- our future financial condition;
- results of operations and revenues and expenses, including performance of our liquefied gas segment;
- our ability to make cash distributions on our units or any increases in quarterly distributions;
- LNG, LPG and tanker market fundamentals, including the balance of supply and demand in the LNG, LPG and tanker markets;
- future capital expenditures and availability of capital resources to fund capital expenditures;
- offers of vessels and associated contracts to us from Teekay Corporation;
- delivery dates of newbuildings;

**Table of Contents**

the commencement of service of newbuildings under long-term contracts;  
our liquidity needs;  
the duration of drydockings;  
the future valuation of goodwill;  
the expected timing, amount and method of financing for the purchase of joint venture interests and vessels, including our five Suezmax tankers operated pursuant to capital leases;  
the timing of the acquisition of the Angola LNG project vessels; and  
the timing of the acquisition of the Skaugen projects.

Forward-looking statements include, without limitation, any statement that may predict, forecast, indicate or imply future results, performance or achievements, and may contain the words believe , anticipate , expect , estimate , predict , will be , will continue , will likely result , plan , intend or words or phrases of similar meanings. These statements involve known and unknown risks and are based upon a number of assumptions and estimates that are inherently subject to significant uncertainties and contingencies, many of which are beyond our control. Actual results may differ materially from those expressed or implied by such forward-looking statements. Important factors that could cause actual results to differ materially include, but are not limited to: changes in production of LNG, LPG or oil; greater or less than anticipated levels of vessel newbuilding orders or greater or less than anticipated rates of vessel scrapping; changes in trading patterns; changes in our expenses; changes in applicable industry laws and regulations and the timing of implementation of new laws and regulations; LNG or LPG infrastructure constraints and community and environmental group resistance to new LNG or LPG infrastructure; potential development of active short-term or spot LNG or LPG shipping markets; potential inability to implement our growth strategy; competitive factors in the markets in which we operate; potential for early termination of long-term contracts and our potential inability to renew or replace long-term contracts; loss of any customer, time-charter or vessel; shipyard production or vessel delivery delays; changes in tax regulations; our potential inability to raise financing to purchase additional vessels; our exposure to currency exchange rate fluctuations; conditions in the public equity markets; LNG or LPG project delays or abandonment; and other factors detailed from time to time in our periodic reports filed with the SEC, including our Annual Report on Form 20-F for the year ended December 31, 2009. We do not intend to release publicly any updates or revisions to any forward-looking statements contained herein to reflect any change in our expectations with respect thereto or any change in events, conditions or circumstances on which any such statement is based.

**PART I FINANCIAL INFORMATION**

**ITEM 3 QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

**Interest Rate Risk**

We are exposed to the impact of interest rate changes primarily through our borrowings that require us to make interest payments based on LIBOR or EURIBOR. Significant increases in interest rates could adversely affect our operating margins, results of operations and our ability to service our debt. We use interest rate swaps to reduce our exposure to market risk from changes in interest rates. The principal objective of these contracts is to minimize the risks and costs associated with our floating-rate debt.

We are exposed to credit loss in the event of non-performance by the counterparties to the interest rate swap agreements. In order to minimize counterparty risk, we only enter into derivative transactions with counterparties that are rated A- or better by Standard & Poor's or A3 by Moody's at the time of the transactions. In addition, to the extent practical, interest rate swaps are entered into with different counterparties to reduce concentration risk.

The table below provides information about our financial instruments at June 30, 2010, that are sensitive to changes in interest rates. For long-term debt and capital lease obligations, the table presents principal payments and related weighted-average interest rates by expected maturity dates. For interest rate swaps, the table presents notional amounts and weighted-average interest rates by expected contractual maturity dates.

	Expected Maturity Date					There- after	Total	Fair Value Liability	Rate (1)
	Remainder of 2010	2011	2012	2013	2014				
(in millions of U.S. dollars, except percentages)									
<b>Long-Term Debt:</b>									
Variable Rate (\$U.S.) (2)	18.9	43.5	46.6	46.6	46.6	622.8	825.0	(746.8)	0.8%
Variable Rate (Euro) (3)(4)	5.6	11.9	188.7	6.7	7.2	126.9	347.0	(317.2)	1.1%
Fixed-Rate Debt (\$U.S.)	12.5	25.1	24.9	24.9	24.9	117.1	229.4	(212.1)	5.4%
Average Interest Rate	5.4%	5.4%	5.4%	5.4%	5.4%	5.3%	5.4%		
<b>Capital Lease Obligations (5)</b>									
(6) Fixed-Rate (\$U.S.) (7)	4.8	185.5					190.3	(190.3)	7.4%
Average Interest Rate (8)	7.5%	7.4%					7.4%		
<b>Interest Rate Swaps:</b>									
(9) Contract Amount (\$U.S.) (6)	9.0	18.4	18.9	19.4	19.9	530.4	616.0	(128.7)	5.6%
Average Fixed Pay Rate (2)	5.5%	5.5%	5.5%	5.6%	5.6%	5.6%	5.6%		
(10) Contract Amount (Euro) (4)	5.6	11.9	188.7	13.7	14.7	112.4	347.0	(34.4)	3.8%
Average Fixed Pay Rate (3)	3.8%	3.8%	3.8%	3.8%	3.8%	3.8%	3.8%		

(1) Rate refers to the weighted-average effective interest rate for our

long-term debt and capital lease obligations, including the margin we pay on our floating-rate debt and the average fixed pay rate for our interest rate swap agreements. The average interest rate for our capital lease obligations is the weighted-average interest rate implicit in our lease obligations at the inception of the leases. The average fixed pay rate for our interest rate swaps excludes the margin we pay on our floating-rate debt, which as of June 30, 2010 ranged from 0.3% to 2.75%. Please read Item 1 Financial Statements: Note 8 Long-Term Debt.

- (2) Interest payments on U.S. Dollar-denominated debt and interest rate swaps are based on LIBOR.
- (3) Interest payments on Euro-denominated debt and interest rate swaps are based on EURIBOR.
- (4) Euro-denominated amounts have been converted to U.S. Dollars using the prevailing exchange

rate as of June 30, 2010.

- (5) Excludes capital lease obligations (present value of minimum lease payments) of 85.5 million Euros (\$104.7 million) on one of our existing LNG carriers with a weighted-average fixed interest rate of 5.8%. Under the terms of this fixed-rate lease obligation, we are required to have on deposit, subject to a weighted-average fixed interest rate of 5.0%, an amount of cash that, together with the interest earned thereon, will fully fund the amount owing under the capital lease obligation, including a vessel purchase obligation. As at June 30, 2010, this amount was 86.5 million Euros (\$105.8 million). Consequently, we are not subject to interest rate risk from these obligations or deposits.

**Table of Contents**

- (6) Under the terms of the capital leases for the RasGas II LNG Carriers (see Item 1 Financial Statements: Note 5 Leases and Restricted Cash), we are required to have on deposit, subject to a variable rate of interest, an amount of cash that, together with interest earned on the deposit, will equal the remaining amounts owing under the variable-rate leases. The deposits, which as at June 30, 2010 totaled \$478.1 million, and the lease obligations, which as at June 30, 2010 totaled \$470.4 million, have been swapped for fixed-rate deposits and fixed-rate obligations. Consequently, Teekay Nakilat is not subject to interest rate risk from these obligations and deposits and, therefore, the lease obligations, cash deposits and related interest rate swaps have been excluded from the table above. As at June 30, 2010, the contract amount, fair

value and fixed interest rates of these interest rate swaps related to Teekay Nakilat's capital lease obligations and restricted cash deposits were \$445.2 million and \$472.5 million, (\$79.2) million and \$95.5 million, and 4.9% and 4.8%, respectively.

- (7) The amount of capital lease obligations represents the present value of minimum lease payments together with our purchase obligation, as applicable.
- (8) The average interest rate is the weighted-average interest rate implicit in the capital lease obligations at the inception of the leases.
- (9) The average variable receive rate for our U.S. Dollar-denominated interest rate swaps is set quarterly at 3-month LIBOR.
- (10) The average variable receive rate for our Euro-denominated interest rate swaps is set monthly at 1-month EURIBOR.

**Spot Market Rate Risk**

One of our Suezmax tankers, the *Toledo Spirit*, operates pursuant to a time-charter contract that increases or decreases the otherwise fixed-rate established in the charter depending on the spot charter rates that we would have earned had we traded the vessel in the spot tanker market. The remaining term of the time-charter contract is 15 years, although the charterer has the right to terminate the time-charter in July 2018. We have entered into an agreement with Teekay Corporation under which Teekay Corporation pays us any amounts payable to the charterer as a result of spot rates being below the fixed rate, and we pay Teekay Corporation any amounts payable to us from the charterer as a result of spot rates being in excess of the fixed rate. The amounts payable to or receivable from Teekay Corporation are settled at the end of each year. At June 30, 2010, the fair value of this derivative liability was \$12.9 million and the change from reporting period to period has been reported in realized and unrealized (loss) gain on derivative instruments.

**Foreign Currency Fluctuations**

Our functional currency is U.S. dollars. Our results of operations are affected by fluctuations in currency exchange rates. The volatility in our financial results due to currency exchange rate fluctuations is attributed primarily to foreign currency revenues and expenses and our Euro-denominated loans and restricted cash deposits. A portion of our voyage revenues are denominated in Euros. A portion of our vessel operating expenses and general and administrative expenses are denominated in Euros, which is primarily a function of the nationality of our crew and administrative staff. We also have Euro-denominated interest expense and interest income related to our Euro-denominated loans and Euro-denominated restricted cash deposits, respectively. As a result, fluctuations in the Euro relative to the U.S. Dollar have caused, and are likely to continue to cause, fluctuations in our reported voyage revenues, vessel operating expenses, general and administrative expenses, interest expense, interest income and realized and unrealized (loss) gain on derivative instruments.
