**Item 8.01 Other Events.**

On October 20, 2010 and October 28, 2010, respectively, Daniel R. Fishback, President and Chief Executive Officer of DemandTec, Inc. (the Company), and Joshua W.R. Pickus, a member of the Company's Board of Directors, each entered into a written stock sales plan in accordance with the guidelines specified under Rule 10b5-1 of the Securities Exchange Act of 1934, as amended, and the Company's policies regarding securities transactions. Rule 10b5-1 allows corporate officers and directors to adopt written, pre-arranged stock trading plans when they do not have material, non-public information. Under these plans, insiders can gradually diversify their investment portfolios and can avoid concerns about whether they had material, non-public information when they sold stock. All transactions under the plans will be disclosed publicly through required Form 4 and Form 144 filings with the Securities and Exchange Commission (the SEC).

Under Mr. Fishback's plan, he will sell up to 400,000 shares of the Company's Common Stock (Common Stock) currently outstanding or to be issued upon the exercise of outstanding stock options, up to 173,250 shares of Common Stock to be issued upon settlement of outstanding performance-based restricted stock units (PSUs), and 62,500 shares of Common Stock to be issued upon settlement of outstanding time-based restricted stock units (RSUs), commencing January 18, 2011. The plan is scheduled to terminate in January 2012, unless terminated earlier. The number of shares to be sold under the plan and the timing of such sales will depend on certain factors, including the prevailing market price and trading volume of the Common Stock as well as the number of shares actually issued upon settlement of the PSUs.

Under Mr. Pickus' plan, he will sell a number of shares of Common Stock sufficient to cover taxes to be payable upon the issuance of 11,331 shares of Common Stock upon settlement of currently outstanding PSUs, commencing on the earlier of (a) the Company's 2011 annual meeting of stockholders or (b) August 4, 2011. The plan is scheduled to terminate in January 2012, unless terminated earlier. The number of shares to be sold under the plan and the timing of such sales will depend on certain factors, including the prevailing market price and trading volume of the Common Stock and then-current tax rates.
