All stockholders who do not receive such a Notice of Internet Availability of Proxy Materials, including stockholders who have previously requested to receive a paper copy of the materials, will receive a full set of paper proxy materials by U.S. mail. This new process will reduce the Company's costs to print and distribute its proxy materials.

PROXY STATEMENT

Annual Meeting of Stockholders

April 29, 2011

**Important Notice Regarding the Availability of Proxy Materials for the Stockholders Meeting
to be held on April 29, 2011**

**The 2011 Proxy Statement and the Annual Report to Stockholders for the year ended
December 31, 2010 are available for viewing at <http://materials.proxyvote.com/129603>.
To vote by Internet, go to www.proxyvote.com, enter the information that is printed in
the box marked by the arrow on the proxy card and follow the instructions.**

The accompanying proxy is solicited on behalf of the Board of Directors (the Board) of Calgon Carbon Corporation (the Company) for use at the Annual Meeting of Stockholders to be held at 1:00 p.m., Eastern Time, on Friday, April 29, 2011 at the principal executive office of the Company, 400 Calgon Carbon Drive, Pittsburgh, Pennsylvania 15205. The accompanying Notice of Annual Meeting of Stockholders sets forth the purposes of the meeting.

The accompanying proxy may be revoked at any time before its exercise by giving written notice of revocation to the Secretary of the Company. The shares represented by proxies in the form solicited by the Board will be voted at the meeting. If a choice is specified on the proxy with respect to a matter to be voted upon, the shares represented by the proxy will be voted in accordance with that specification. If no choice is specified, the shares will be voted as stated below in this Proxy Statement. If, however, you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may be treated as broker non-votes. Generally, broker non-votes occur when a broker is not permitted to vote on a particular matter without instructions from the beneficial owner and instructions have not been given. Brokers that have not received voting instructions from their clients cannot vote on their clients behalf on non-routine proposals, such as the election of Directors and executive compensation matters, although they may vote their clients shares on routine proposals such as the ratification of the independent registered public accounting firm. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal.

It is expected that the Notice of Internet Availability of Proxy Materials will first be mailed to stockholders, and this Proxy Statement and the accompanying form of proxy will first be available to stockholders, on or about March 15, 2011. The Company's Annual Report to Stockholders for 2010 will also be available on or about March 15, 2011, but does not form a part of the proxy soliciting material. The cost of soliciting proxies will be borne by the Company. Following the original mailing of the proxy soliciting material, regular employees of the Company may solicit proxies by mail, telephone, electronic means and personal interview. The Company may also hire a proxy solicitation firm or may request brokerage houses and other nominees or fiduciaries to forward copies of the proxy soliciting material and the 2010 Annual Report to beneficial owners of the stock held in their names, and the Company will reimburse them for reasonable out-of-pocket expenses incurred in doing so.

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

The business of the Company is under general supervision of a Board of Directors (the Board) as provided by the laws of the State of Delaware, the Company's state of incorporation. The Board has established committees to assist it, consisting of the Executive Committee, the Compensation Committee, the Audit Committee and the Governance Committee. A current copy of each committee's charter is available to stockholders at the Company's website at www.calgoncarbon.com.

Executive Committee. Following the Annual Meeting, the Executive Committee will consist of Messrs. Schofield (Chairman), Cruickshank and Rupert and Ms. Roberts. The Executive Committee meets during the intervals between meetings of the Board, when prompt action is needed and it is impossible or inconvenient to convene a full meeting of the Board, and may exercise limited powers granted by the Board in the management of the business and affairs of the Company.

Compensation Committee. Following the Annual Meeting, the Compensation Committee will consist of Messrs. Rupert (Chairman), Cruickshank, Dearth and Schofield. All members of the Compensation Committee are independent as defined by the New York Stock Exchange standards for director independence. The Compensation Committee has a charter. The Compensation Committee's overall responsibility is to determine and implement the Company's general policies with respect to the compensation of its executive officers. The Compensation Committee determines the base salary payable to each executive officer, as well as the short-term cash incentive, if any, payable to each executive officer, and to certain key employees, pursuant to the Company's short-term cash incentive plan or otherwise. The Compensation Committee's other duties include evaluating the post-service arrangements with the executive officers; approving the report on executive compensation for inclusion in the Company's annual proxy statement; reviewing and discussing with management the Compensation Discussion and Analysis to be included in the Company's annual proxy statement; the creation, amendment and termination of certain employee benefit plans; and making administrative amendments to any director plans. The Compensation Committee also administers the Company's 2008 Equity Incentive Plan, has the authority to make long-term incentive awards thereunder and is responsible for evaluating whether the executives have met their applicable performance levels thereunder. Other matters related to the compensation of executive officers and key employees, such as the terms of employment contracts and certain employee benefits, are also reviewed by the Compensation Committee.

The Compensation Committee may delegate any of its responsibilities to a subcommittee comprised of one or more members of the Compensation Committee. In addition, the Compensation Committee may delegate to Company officers or a committee of employees any of its responsibilities with respect to non-equity based plans including, but not limited to, plans created pursuant to the Employee Retirement Income Security Act of 1974 and employment practices created consistent with the various state laws.

The Compensation Committee engages an outside compensation consultant, Pay Governance LLC (Pay Governance), to provide advice and recommendations on the amount and form of executive and director compensation. The aggregate fees paid to Pay Governance for determining and recommending the amount and form of executive and director compensation during the last fiscal year was \$66,496. In addition to such services, during the Company's last fiscal year, the Company engaged Towers Watson & Co. (Towers Watson) to provide additional services, including, but not limited to, actuarial services, pension plan consulting services, union negotiation assistance and participation in meetings. The aggregate fees paid to Towers Watson for such additional services was \$310,838. Since the engagement of Pay Governance, the Compensation Committee's consultant is independent and does no business for the Company or its senior management. The Compensation Committee's decision to hire Pay Governance was not made or recommended by Company management.

Audit Committee. Following the Annual Meeting, the Audit Committee will consist of Ms. Roberts (Chairperson) and Messrs. Alexander, Dearth and Lyons. All members of the Audit Committee are independent, as defined by the New York Stock Exchange standards for director independence. Ms. Roberts and Mr. Lyons have been designated by the Board as the Audit Committee's financial experts, as required by the Sarbanes-Oxley Act of 2002 and the SEC regulations thereunder. The Audit Committee operates under a charter, which is intended to comply with the requirements of the Sarbanes-Oxley Act of 2002 and the New York Stock Exchange corporate governance requirements.

Table of Contents

The Audit Committee's duties include:

- the annual recommendation to the Board of the selection (subject to stockholder ratification) of our independent registered public accounting firm
- approval of the audit and non-audit fees and services of our independent registered public accounting firm
- responsibility for determining the independence of such independent registered public accounting firm

The Audit Committee has such other duties and responsibilities as are set forth in its written charter. These other duties and responsibilities include reviewing annually the report of the independent registered public accounting firm; reviewing annually the scope of the independent registered public accounting firm's audit; meeting periodically with the independent registered public accounting firm and management; reviewing the Company's systems of internal accounting and financial controls and disclosure controls and procedures, and determining whether they are functioning adequately and reliably; assessing the performance and scope of internal audit services; reviewing and discussing with management the audited annual and quarterly financial statements of the Company and the Company's SEC filings; reviewing and discussing with management the form and content of the notes to the financial statements and Management's Discussion and Analysis of the financial statements; receiving and reviewing reports from management regarding compliance with corporate policies dealing with business conduct; reviewing business expense reporting; reviewing the Company's contingency plans in the event of a failure of its information technology systems; investigating and reporting to the Board as to any alleged breach of law or of the Company's internal policies which is brought to its attention; reviewing the audit reports of the Company's benefit plans; preparing the Audit Committee's report for inclusion in the Company's annual proxy statement; establishing procedures for the receipt, retention and treatment of complaints regarding accounting, internal controls and auditing and the confidentiality thereof; and overseeing the Risk Management Committee, which is more fully described below under *Board's Leadership Structure and Role in Risk Management*. Each year, the Audit Committee evaluates the performance of the independent registered public accounting firm and recommends to the Board the retention or, if appropriate, replacement of the independent registered public accounting firm. The Audit Committee also carries out other assignments given to it from time to time by the Board.

Governance Committee. Following the Annual Meeting, the Governance Committee will consist of Messrs. Cruickshank (Chairman), Alexander, Lyons and Newlin. All members of the Governance Committee are independent as determined under the New York Stock Exchange standards for director independence. The Governance Committee has a charter. The Governance Committee is responsible for the functioning of the Board and its committees, with the goal of causing the Board and its committees to satisfactorily address the major issues related to the performance and well-being of the Company. Among the duties of the Governance Committee is to review the size and composition of the Board and to make recommendations with respect to nominations for election or appointment of Directors. The Governance Committee has responsibility for reviewing, with the Board if appropriate, the Company's executive management succession plan for positions within that structure. The Governance Committee also periodically reviews legislative and regulatory issues affecting the Company as well as public interest issues identified by management as likely to affect the Company.

The Governance Committee follows the guidelines of the Company and examines, among other things, the following qualifications and skills of director candidates: their business or professional experience, their integrity and judgment, their records of public service, their ability to devote sufficient time to the affairs of the Company, the diversity of backgrounds and experience they will bring to the Board, and the needs of the Company. The Governance Committee also believes that all nominees should be individuals of substantial accomplishment with demonstrated leadership capabilities. The Governance Committee does not have a formal policy with regard to the consideration of diversity in identifying nominees for Director.

The Governance Committee will principally solicit suggestions from current Directors to identify potential candidates for Director, using the criteria described above. The Governance Committee may also employ the assistance of a

search firm. The Governance Committee will consider nominees recommended by stockholders provided that stockholders submit the names of nominees and the other information required by Section 1.08 of the by-laws of the Company in writing to the Secretary of the Company. Such information should be received no earlier than November 15, 2011 and no later than January 14, 2012 with respect to nominations for election at the 2012 Annual Meeting of Stockholders. The Governance Committee will consider stockholder-recommended nominees with the same weight as others.

Table of Contents

During 2010, the Compensation Committee held five meetings, the Governance Committee held four meetings, the Audit Committee held seven meetings and the Executive Committee held three meetings. The Board held eight meetings and executed one written consent in lieu of a meeting during 2010. All of the Company's directors attended at least 75% of the aggregate of (1) the total number of meetings of the Board held during the period for which he or she has been a Director and (2) the total number of meetings held by all committees of the Board on which he or she served during the periods that he or she served as a Director.

Board's Leadership Structure and Role in Risk Management

The Company's principal executive officer serves as the Chairman of the Board. The Company believes that this leadership structure is appropriate due to the complexity and technical nature of the Company's business. Mr. Stanik's experience in leadership positions throughout the Company during his tenure, as well as his role in developing and executing the strategic plan, is critical to the Company's future results. In addition to the Chairman of the Board, the Company has a lead independent director, Mr. Schofield (the Lead Director). Mr. Schofield's varied career experience and his history on the Board gives him important insight into the complexity of the Company's operations. The Lead Director aids in creating the agendas for Board meetings and presides over the executive sessions of the independent directors. The Lead Director periodically reviews and proposes revisions to the Board's procedures and advises committee chairs in fulfilling their designated roles including avoiding conflict between committees concerning their roles. The Lead Director communicates with the Chief Executive Officer on a regular basis. The Lead Director is also responsible for communicating the Board's annual evaluation of the Chief Executive Officer. The Lead Director will be the spokesperson for the Board when responding to crises.

The Company has established a Risk Management Committee, which consists of members of middle and upper management and is responsible for identifying risks to the Company, developing a plan to address those risks and overseeing the implementation of such plan and the mediation of additional risks as they arise. The Audit Committee has oversight responsibility for the Risk Management Committee, which includes an annual assurance that there is an Enterprise Risk Management Plan and risk assessment, periodic review of the progress against the Enterprise Risk Management Plan and assurance that the Board is aware of the risk assessment results and conclusions about risk tolerance and mitigation. Each year, the full Board receives a report on the progress of the Enterprise Risk Management Plan.

Risk Management and Compensation

The Compensation Committee has reviewed the Company's management of risk as it relates to the Company's executive compensation philosophy. The Compensation Committee determined that the Company's compensation program is not reasonably likely to result in a material adverse effect on the Company. The Compensation Committee made this determination following a detailed study performed by Towers Perrin, its compensation consultant at the time. Towers Perrin's study, which was presented to the Compensation Committee, included a process for assessing the Company's compensation programs through a risk screen and provided Towers Perrin's assessment of the risks associated with the Company's current compensation programs. The Compensation Committee believes, for the reasons noted below, that (1) the Company's compensation program does not encourage excessive risk-taking and (2) the Company takes reasonable steps to mitigate any risks related to compensation.

Compensation Committee Oversight: The Compensation Committee has oversight over the short-term cash incentive plans and the 2008 Equity Incentive Plan. The Committee also has discretion to modify awards for plans over which it has authority and the ability to recoup certain payments.

Compensation Mix: The compensation program is an appropriate mix of cash (salary and short-term incentive awards) and equity compensation. Short-term incentive awards represent less than 25% of the

compensation mix for all executives, align with the market and the Company's peers and are linked to corporate and/or business unit performance. Equity incentives are positioned at the market median and are granted annually to all executives. Long-term incentive awards are linked to stockholder returns.

Specific Plan Formulations: The Company's incentive plans are linked to specific award formulas (with discretion granted to the Compensation Committee to modify calculated awards as it deems appropriate),

Table of Contents

have payout ceilings in place and align with market practice. The Company has stock ownership guidelines in place for all Company executives.

Performance Metrics: The Company's short-term incentive plans focus on return on invested capital and operating income at both the corporate and business unit level and the long-term incentive plan focuses on stock price appreciation and performance relative to peers over the long-term. The Company's Chief Executive Officer thoroughly discusses corporate, business unit and individual performance with the Compensation Committee. Targeted pay levels are based upon peer, as well as industry, data.

Plan Governance: In addition to the Compensation Committee, the senior leadership team, the finance department, the legal department, the human resources department and the business unit managers are involved in the establishment and oversight of the compensation plans.

Ownership Requirements: The Company's stock ownership guidelines require executives to hold meaningful stock ownership, linking their interests to the interests of stockholders.

Table of Contents**ELECTION OF DIRECTORS (Proposal 1)**

The Board, acting pursuant to the by-laws of the Company, has determined that the number of Directors constituting the full Board shall be nine immediately following the Annual Meeting. The Board is to be divided into three classes of nearly equal size. One such class is elected every year at the Annual Meeting for a term of three years.

The Board has, upon recommendation of the Governance Committee, nominated Randall S. Dearth, Timothy G. Rupert and Seth E. Schofield for re-election as Directors in the Class of 2014, and each of them has agreed to serve if elected. Messrs. Dearth, Rupert and Schofield will hold office until the 2014 Annual Meeting of Stockholders, or until the Director's prior death, disability, resignation or removal. Proxies are solicited in favor of these nominees and will be voted for them unless otherwise specified.
