Dear Shareholder:

You are cordially invited to attend the 2011 Annual Meeting of Shareholders of Brightpoint, Inc. (Brightpoint) that will be held on Tuesday, May 10, 2011, at 9:00 a.m. local time, at Brightpoint s corporate headquarters located at 7635 Interactive Way, Suite 200, Indianapolis, Indiana 46278.

The notice contains instructions on how to access those documents over the Internet. The notice also contains instructions on how each of those shareholders can receive a paper copy of our proxy materials, including this proxy statement, our 2010 Annual Report to Shareholders and a proxy card. We believe that this process will provide our shareholders with easier access to these proxy materials, reduce the costs of printing and distributing our proxy materials and conserve environmental resources.

At the annual meeting you will be asked to vote on proposals to: (1) elect as Class II directors the nominees specified in the accompanying proxy statement; (2) approve, by a non-binding advisory vote, a resolution approving the compensation paid by Brightpoint to its named executive officers; (3) recommend, by non-binding advisory vote, the frequency at which Brightpoint s shareholders will be asked to approve, by a non-binding advisory vote, the compensation paid by Brightpoint to its named executive officers; and (4) ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011. In addition, you will be asked to act on such other business as may properly come before the annual meeting.

Your board of directors believes that proposals 1, 2 and 4 are in the best interests of Brightpoint and its shareholders and that it is also in the best interests of Brightpoint and its shareholders that every year there occur a non-binding advisory vote to approve the compensation paid by Brightpoint to its named executive officers and, accordingly, unanimously recommends a vote FOR Proposals 1, 2 and 4 and recommends that you select 1 Year as the desired frequency for a non-binding shareholder advisory vote to approve the compensation that Brightpoint pays to its named executive officers.

Enclosed is a notice of annual meeting and proxy statement containing detailed information concerning the foregoing proposals. Whether or not you plan to attend the annual meeting, we urge you to read this material carefully and encourage you to vote promptly. You may vote your shares via a toll-free telephone number or over the Internet. If you received a proxy card by mail, you may vote by signing, dating, and mailing the proxy card in the envelope provided. Instructions regarding all three methods of voting are contained on the proxy card.

As permitted by rules adopted by the United States Securities and Exchange Commission (sometimes referred to as the SEC), Brightpoint is making this proxy statement and its annual report available to its shareholders electronically via the Internet. On March 30, 2011, we mailed to our shareholders a notice containing instructions on how to access this proxy statement and our annual report and vote online. The notice instructs you on how to access and review all of the important information contained in the proxy statement and annual report. The notice also instructs you on how you may submit your proxy over the Internet. If you received a notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the notice.

Q. What am I voting on?

A. You are being asked to vote on four proposals at this year's annual meeting:

Proposal 1 to elect two Class II directors (Richard W. Roedel, and John F. Levy) to serve as such commencing immediately following our May 2011 annual meeting and until our annual meeting of shareholders in 2014;

Proposal 2 to approve, by non-binding advisory vote, a resolution approving the compensation paid by Brightpoint to its named executive officers;

Proposal 3 to recommend, by non-binding advisory vote, the frequency at which Brightpoint's shareholders of Brightpoint will be asked to approve, by a non-binding advisory vote, a resolution approving the compensation paid by Brightpoint to its named executive officers; and

Proposal 4 to ratify the appointment of Ernst & Young LLP as Brightpoint's independent registered public accounting firm for the fiscal year ending December 31, 2011;

In addition, you may be asked to consider and vote upon other matters that may properly come before the annual meeting, including approval of any adjournment or postponement of the meeting.

Q. Who is entitled to vote at the annual meeting?

A. Shareholders of record as of the close of business on March 18, 2011, the record date, are entitled to vote on each of the proposals at the annual meeting. Each shareholder is entitled to one vote per each share of our common stock held by such shareholder on the record date with respect to each proposal.

Q. How do I vote?

A. Shareholders can vote in person at the annual meeting or by proxy. There are three ways to vote by proxy:
By Telephone You can vote by telephone by calling 1-800-690-6903 and following the instructions on the notice or the printed proxy card;

Telephone and Internet voting facilities for shareholders of record will be available 24 hours a day and will close at 11:59 p.m. (EDT) on May 9, 2011.

Table of Contents

If your shares are held in the name of a bank, broker, or other holder of record, you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Telephone and Internet voting also will be offered to shareholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the annual meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it to the annual meeting in order to vote.

Q. How may I revoke or change my vote?

- A. You have the right to revoke your proxy any time before the meeting by: (a) notifying Brightpoint's corporate secretary of your revocation; or (b) returning a later-dated proxy. The last vote received chronologically will supersede any prior vote. You may also revoke your proxy by voting in person at the annual meeting. Attendance at the meeting, without voting at the meeting, will not in and of itself serve as a revocation of your proxy.

Q. What does it mean if I receive more than one notice or set of proxy materials?

- A. It may mean that you are the registered holder of shares in more than one account. You may call our transfer agent, American Stock Transfer & Trust Company, at 1-800-937-5449, if you have any questions regarding the share information or your address appearing on the notice or proxy materials.

Q. What is Householding?

- A. The SEC's Householding rule affects the delivery of our annual disclosure documents (such as annual reports, proxy statements, notices of internet availability of proxy materials and other information statements) to shareholders. Under this rule, we are allowed to deliver a single set of our annual report and proxy statement to multiple shareholders at a shared address or household, unless a shareholder at that shared address delivers contrary instructions to us through our transfer agent, American Stock Transfer & Trust Company. Each shareholder will continue to receive a separate proxy card or voting instruction card even when a single set of materials is sent to a shared address under the Householding rule. The Householding rule is designed to reduce the expense of sending multiple disclosure documents to the same address.

If you are a registered shareholder and you want to request a separate copy of this proxy statement or accompanying annual report, you may send a request to Brightpoint, Inc. at 7635 Interactive Way, Suite 200, Indianapolis, Indiana 46278, Attention: Investor Relations and a copy will be promptly sent to you. If you wish to receive separate documents in future mailings, please contact our transfer agent, American Stock Transfer & Trust. Our 2010 annual report and this proxy statement are also available through our website at www.brightpoint.com.

Two or more shareholders sharing an address can request delivery of a single copy of annual disclosure documents if they are receiving multiple copies by contacting American Stock Transfer & Trust in the manner set forth above.

Q. Who will count the votes?

- A. It is expected that a vice president of Brightpoint will tabulate the votes and act as the inspector of election.

Table of Contents

Q. What constitutes a quorum?

A. A majority of the outstanding shares, present or represented by proxy, of Brightpoint's common stock will constitute a quorum for the annual meeting. As of the record date, there were 68,194,235 shares of Brightpoint common stock, \$.01 par value per share, issued and outstanding.

Q. How many votes are needed for Proposal 1 the election of the two Class II directors?

A. Assuming a quorum is present, the two Class II directors will be elected by a plurality of the votes cast at the annual meeting, meaning the two nominees receiving the highest number of votes will be elected as directors. Only votes cast for a nominee will be counted, except that a properly executed proxy that does not specify a vote with respect to the nominees will be voted for the two nominees whose names are printed on the proxy card (Richard W. Roedel and John F. Levy). Since the vote on this proposal is determined by a plurality of the votes cast, neither abstentions, nor broker non-votes (as described below), will have any effect on the election of directors

Q. How many votes are needed for Proposal 2 the approval by non-binding vote of a resolution approving the compensation paid by Brightpoint to its named executive officers?

A. Assuming a quorum is present, the affirmative vote of the holders of a majority of the shares of Brightpoint common stock represented at the annual meeting, either in person or by proxy, and entitled to vote at the annual meeting is required for Proposal 2 to pass. As described below, for this proposal, abstentions and broker-non votes will have the same effect as a vote against the proposal.

Q. How many votes are needed for Proposal 3 the recommendation, by non-binding advisory vote, of the frequency at which the shareholders of Brightpoint should be asked to approve, by a non-binding advisory vote, a resolution approving the compensation paid by Brightpoint to its named executive officers?

A. Assuming a quorum is present, Proposal 3 will be decided by a plurality of the votes cast at the annual meeting, meaning the choice of frequency that receives the highest number of votes will be considered the advisory vote of Brightpoint's shareholders. Since the vote on this proposal is determined by a plurality of the votes cast, neither abstentions nor broker non-votes (as described below) will have any effect on determining the shareholders' recommendation with respect to the selection of the frequency of executive compensation approval votes.

Q. How many votes are needed to approve Proposal 4 the ratification of the appointment of Ernst & Young LLP as Brightpoint's independent registered public accounting firm for the fiscal year ending December 31, 2011?

A. Assuming a quorum is present, the affirmative vote of the holders of a majority of the shares of Brightpoint common stock represented at the annual meeting, either in person or by proxy, and entitled to vote at the annual meeting is required for Proposal 4 to pass. As described below, for this proposal, abstentions and broker-non votes will have the same effect as a vote against the proposal.

Q. What happens if I abstain from voting?

A.

If an executed proxy card is returned and the shareholder has explicitly abstained from voting on any proposal, the shares represented by the proxy will be considered present at the annual meeting for the purpose of determining a quorum. In addition, while they will not count as votes cast in favor of the proposal, they will count as votes cast on the proposal. As a result, other than with respect to Proposals 1 and 3, which will be determined by a plurality of the votes cast, an abstention on a proposal will have the same effect as a vote against the proposal.

Table of Contents

Q. What is a broker non-vote ?

A. A broker non-vote occurs when a broker submits a proxy that does not indicate a vote for one or more of the proposals because the broker has not received instructions from the beneficial owner on how to vote on such proposals and does not have discretionary authority to vote in the absence of instructions. While broker non-votes will be counted for the purposes of determining whether a quorum exists at the annual meeting, they will not be considered to have voted on any of the proposals on which such instructions have been withheld. In the case of those proposals requiring a majority vote in favor of the proposal, they will have the same effect as a vote against the proposal.

Q. Who bears the cost of soliciting of proxies?

A. The entire cost of soliciting proxies, including the costs of preparing, assembling, printing and mailing the notice and, as applicable, this proxy statement, the proxy and any additional soliciting material furnished to shareholders, will be borne by us. We have engaged Innisfree M&A Incorporated to assist in the distribution and solicitation of proxies. In addition to the estimated proxy solicitation cost of \$10,000 plus reasonable out-of-pocket expenses for this service, arrangements will be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to the beneficial owners of stock, and we may reimburse such persons for their expenses.

**PROPOSAL 1:
TO ELECT TWO CLASS II DIRECTORS**

General

Our by-laws provide that our board of directors be divided into three classes (Class I, Class II and Class III). At each annual meeting of shareholders, directors constituting one class are elected for a three-year term. At this year's annual meeting, two Class II directors will be elected to hold office for a term expiring at the annual meeting of shareholders to be held in 2014. Based upon the review of and recommendation by our board's corporate governance and nominating committee, the board has nominated Richard W. Roedel, and John F. Levy to serve as Class II directors.

In July 2010, James W.P. Reid-Anderson was appointed to the board as a Class II Director to fill a vacancy in that class. In September 2010, Mr. Reid-Anderson resigned from the board of directors in connection with his appointment as Chairman, President and Chief Executive Officer of Six Flags Entertainment Corporation. John F. Levy was approved as a director and joined the board of directors in September 2010 and his background and qualifications are discussed below. Marisa E. Pratt will not be standing for re-election to our board.

Each of the directors will be elected to serve during his term until a successor is elected and qualified or until the director's earlier resignation or removal.

At this year's annual meeting, the proxies granted by shareholders will be voted individually for the election, as directors of Brightpoint, of the persons listed below, unless a proxy specifies that it is not to be voted in favor of a nominee for director. Your broker is not permitted to vote on your behalf with respect to the election of the directors unless you affirmatively provide your broker with instructions as to how you wish to vote your shares. You may not vote your proxy for the election of a person to fill a directorship for which no nominee is named in this proxy statement. If, at the time of the annual meeting, any of the nominees named in the enclosed proxy should be unable or decline to serve as a director, the proxies are authorized to be voted for such substitute nominee or nominees as the board recommends. The board has no reason to believe that any nominee will be unable or decline to serve as a director.

Recommendation of our Board of Directors

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE ELECTION OF THE NOMINEES SPECIFIED BELOW.

Table of Contents**Nominees to be Elected as Class II Directors at This Year's Annual Meeting**

Director Compensation

General

Our corporate governance and nominating committee is responsible for approving and recommending to our board of directors, our directors' compensation. Each year, the corporate governance and nominating committee initiates discussions with respect to directors' compensation for the following year at its August committee meeting. At this meeting, the committee typically reviews director compensation surveys from off-the-shelf sources such as the NACD or Corporate Board Member magazine and commences discussions regarding any philosophical shifts or external trends in the marketplace. Thereafter, more data is compiled and reviewed by the members of the committee. Then, at its November meeting, the corporate governance and nominating committee discusses all the data collected and prepares its recommendation to the board. The committee's general philosophy is one of not wanting to change director compensation each year.

2010 Director Compensation

On December 20, 2007, our board of directors, upon the recommendation of the corporate governance and nominating committee, approved the compensation plan for our independent directors for 2008, 2009 and 2010. Each independent director, except for the lead independent director, received an annual cash retainer of \$120,000. In addition, the chairs of the audit, compensation and human resources, strategy, and corporate governance and nominating committees received additional annual fees of \$80,000, \$30,000, \$10,000, and \$30,000, respectively. The lead independent director received an annual cash retainer of \$250,000, but was not eligible to receive any additional compensation for board service, including for serving as chair of a committee.

On November 9, 2010, our board of directors, upon the recommendation of the corporate governance and nominating committee, approved the compensation plan for our independent directors for 2011 and 2012. The board's independent director compensation for those years will be paid entirely in cash as opposed to a combination of cash and equity. Each independent director, except for the lead independent director, will receive an annual cash retainer of \$135,000. In addition, the chairs of the audit, compensation and human resources, corporate governance and nominating and strategy committees will receive additional annual fees of \$80,000, \$30,000, \$30,000 and \$10,000, respectively. The lead independent director will receive an annual cash retainer of \$250,000, but will not be eligible to receive any additional compensation for board service, including for serving as chair of a committee.

Corporate Governance

Corporate Governance Principles

The board of directors of Brightpoint has adopted a set of corporate governance principles which are consistent with the board's responsibility for management oversight. These governance principles are designed to strengthen our company and protect the interests of Brightpoint shareholders while helping to ensure the continued vitality of the board. Copies of these governance principles may be accessed at our website www.brightpoint.com.

Highlights of the corporate governance principles adopted by the board include:

requiring that the board consist of a majority of independent directors and adopting a definition of independent director that is designed to help ensure that persons who serve as independent directors are truly independent;

appointing a lead independent director to act as a liaison between the board and management;

limiting the compensation that can be paid by Brightpoint to the members of the board to only compensation relating to their board or board committee service;

requiring the chairperson of the audit committee to be a financial expert ;

prohibiting independent directors or their family members from conducting business with Brightpoint;

establishing director compensation practices intended to align more closely the interest of the independent directors with Brightpoint's shareholders; and

encouraging the independent directors to meet in executive session.

Director Stock Ownership Policy

Our board, rather than requiring that any portion of annual board compensation be paid in equity, instead has adopted an independent director share ownership policy, which requires that directors shall beneficially own shares of our common stock with a market value of at least one and one-half (1.5) times the annual cash retainer. Each director must achieve these requirements within five years of the February 2009 adoption of this policy.

Director Independence

The board has determined that all of our current directors, with the exception of Mr. Laikin (our Chairman and Chief Executive Officer), meet the independence requirements set forth in our corporate governance principles and NASDAQ Marketplace Rules. In making determinations regarding a director's independence, the board considers all relevant facts and circumstances, including the director's commercial, banking, consulting, legal, accounting, charitable and familial relationships and such other criteria as the board may determine from time to time.

Combination of Board Chairperson and Chief Executive Officer

At the present time the board believes that combining the positions of Chairperson and Chief Executive Officer is more beneficial than separating the positions because it allows for a more unified vision and corporate leadership. The board further believes that the company's ongoing commitment to good governance practices, its strong focus on an independent board of directors, the frequent use of executive sessions at board meetings and for all board committees, and the robust role the company requires of its lead independent director all mitigate the potential negative aspects of combining the Chairperson and Chief Executive Officer positions.

Table of Contents

Risk Oversight

The company's risk mitigation strategy begins with a regular review of financial and broader, enterprise-level, strategic risks by our executive management team. The executive management team then prioritizes the risks and reports to the audit committee, which is charged with oversight of the company's enterprise risk management process. The audit committee, along with the other board committees and the full board, develops and continuously refines plans to mitigate both financial and strategic risks. The full board regularly conducts discussions about the most significant risks that may impact the company. The independent composition of the board and the depth and breadth of experience of the board members create both a structure and the capacity to effectively manage risk.

Shareholder Communications with Directors

Our board of directors, through its corporate governance and nominating committee, has established a process for shareholders to send communications to the board. You may communicate with the board, individually or as a group, by writing to: The Board of Directors of Brightpoint, Inc. c/o Corporate Secretary, 7635 Interactive Way, Suite 200, Indianapolis, Indiana 46278 or via e-mail: board.directors@brightpoint.com. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This report is designed to provide shareholders with an overview and analysis of our executive compensation program including our overarching philosophy, policies and practices used to determine compensation. During 2010, the following executives were named executive officers:

Robert J. Laikin, Chairman and Chief Executive Officer;

Anthony W. Boor, Executive Vice President, Chief Financial Officer and Treasurer;

Anurag Gupta, President, Europe, Middle East and Africa;

J. Mark Howell, President, Americas; and

R. Bruce Thomlinson, President, Asia Pacific.

The summary below is intended to provide additional context and to aid in interpreting the report detailed in the following sections.

Executive Summary

Brightpoint has a long-standing orientation in its executive compensation program toward paying for performance. This overall philosophy remained unchanged throughout the recent challenging business cycles. The compensation decisions made with respect to fiscal 2010 reflect the company's strong performance relative to the challenging financial and strategic objectives that were established at the beginning of the year.

The compensation committee's pay-for-performance philosophy ensures a link between Brightpoint's executive compensation and both overall company performance and individual performance. About two thirds of the executives total compensation opportunity is based directly on actual company and individual performance. Individual bonus and long term incentive targets link directly to the specific success factors in the company's strategic plan as well as to the company's financial results. We believe the decisions described in this proxy statement are consistent with our compensation philosophy and specifically our orientation toward rewarding performance that drives long-term shareholder value as well as our commitment to employees, partners and other stakeholders.

2010 Performance

The company's business results for the year were very strong despite challenging business conditions at the outset of 2010 as the global economy continued its slow recovery from recession. The company exceeded both the financial and strategic goals established at the beginning of 2010 and performed very well against its peers, the wireless sector, and key indices. The company's share price increased by 18.8% during 2010 which compares favorably with the NASDAQ (+16.9%), the Dow Jones (+11.0%), and the S&P 500 (+12.8%). Brightpoint's share price increased by approximately 101% over the two year period from the end of 2008 until the end of 2010.

Table of Contents

The company's financial performance for fiscal 2010 included the following highlights:

Revenue increased by 13% from fiscal 2009 primarily due to expanded relationships with wireless device manufacturers in the Europe Middle East and Africa and Asia-Pacific regions, as well as increased demand for prepaid and fixed fee wireless subscriptions in the Americas region;

Earnings per diluted share increased by 30% from fiscal 2009 to fiscal 2010;

The company's return on invested capital (ROIC) (measured on a Non-GAAP basis), which the company uses to measure the effectiveness of its use of invested capital to generate profits, was 13% as compared with 9% in fiscal 2009, an improvement of approximately 44% (please refer to Annex A for the calculation of ROIC);

The company's as adjusted (Non-GAAP) income from continuing operations was \$.88 per diluted share (please refer to Annex A for the calculation of adjusted income from continuing operations per diluted share), representing a 57% increase from fiscal 2009;

All regions met or exceeded their annual performance plans; and

The company handled approximately 99 million wireless devices during 2010, an increase of approximately 19% over 2009, which was both a company record and outpaced overall industry growth (approximately 13%). This year-over-year increase was attributable to the same factors set forth above that led to our annual revenue increase.

In addition to exceptional financial performance, the company continued to execute on its strategic objectives which are described in this report. The company also received recognition for its overall management practices including community involvement and sustainability. During the year, the company was pleased to be recognized by Fortune Magazine as one of the world's Most Admired Companies, and also won the Green Supply Chain Award from Supply & Demand Chain Executive Magazine.

2010 Executive Compensation

Our 2010 executive compensation program included base salary, short term cash incentive (bonus) and long-term incentive elements. We reintroduced the short term cash incentive program during 2010 after having discontinued the program during 2009 for one year in response to the economic challenges facing the company. As a result of strong financial, operational, and strategic results, we significantly exceeded all of the goals established by the compensation committee at the beginning of the year resulting in achieving the maximum corporate performance level defined in our short and long term incentive programs.

Key points demonstrating our pay-for-performance philosophy for 2010 compensation include the following:

In aggregate, our named executive officers received base salary increases of 5% in 2010, after having received no base salary increases in 2009. This calculation does not include the base salary of Anurag Gupta, who was first included among our named executive officers in 2010;

In aggregate, our named executive officers' total compensation, as stated on the Summary Compensation Table contained in this proxy, increased in direct proportion to the company's year over year improved performance. This increase was primarily due to the increase in the percentage of executive compensation that was at risk that, due to the achievement of predetermined strategic and financial measures, resulted in the award of restricted stock units under the company's 2010 executive equity plan and cash under the reinstated cash bonus program (that was suspended for 2009) which resulted in awards at or above target based upon the strong company performance;

Table of Contents

In aggregate, our named executive officers' total compensation at target in 2010 was at or slightly below the market median of our external comparator group;

For 2010, Brightpoint's Chairman and CEO, Robert Laikin, asked that his base salary be held at the same level as in 2008 and 2009, at \$900,000, and thus he did not receive any base salary increase for 2010; and

When giving effect to the value of all equity awards in the fiscal year in which they were earned, as opposed to the fiscal year in which they were granted, which in some cases is different, Mr. Laikin's total compensation increased by 42% from 2009 to 2010 (please see footnote 1 to the Summary Compensation Table for an explanation of which grants relate to which fiscal year). In addition, based on this analysis, 94% of that 42% increase is directly attributable to restricted stock units and cash bonus that were awarded upon a determination that predetermined financial and strategic performance measures had been achieved or exceeded. In comparison, Brightpoint's stock price increased by approximately 101% during the two year period from 2008 to 2010. While this analysis yields a different result for increase in total compensation than does the Summary Compensation Table, we believe it is instructive because it attributes all compensation to the year in which it was deemed earned. This analysis is in addition to, and is not intended to be a substitute for, the Summary Compensation Table. For reference, Mr. Laikin's total compensation in 2010 was approximately at the market median of our external comparator group.

The compensation and human resources committee and the board of directors believe that the 2010 compensation directly reflects the overall performance of the company and the contributions of the individual named executive officers. We believe that our compensation program effectively drives performance and is designed to attract, retain, and motivate the executive talent needed to effectively lead our organization and drive long-term shareholder value.

The discussion and analysis that follows includes sections related to:
the objectives of our compensation program;

the forms of compensation comprising our executive compensation program;

the compensation committee's process for determining compensation for each of our named executive officers;

the manner in which our compensation structure significantly mitigates the potential for inappropriate risk taking that would be detrimental to the company; and

determinations made by our compensation committee with respect to the various components of our named executive officers' compensation for 2010.

Objectives of our Compensation Program

We offer an executive compensation program that aligns executives' financial incentives with our strategic direction and corporate values. Our program is designed to attract and retain key talent needed to manage and grow our business and enhance shareholder value. Our executive compensation program includes both cash (base pay and short-term incentive) and non-cash (equity long-term incentive) components, and is designed to pay for performance.

In keeping with this executive compensation philosophy, our overall compensation program with respect to our named executive officers is designed to achieve the following objectives:

to provide our named executive officers with base salaries in the aggregate near the median of the relevant external market comparator group, recognizing that individual base salaries will vary above and below that

Table of Contents

level, reflecting individual job performance, including results and behaviors, as well as skills, experience and length of tenure in position;

to provide an opportunity for the total compensation paid to our named executive officers to significantly exceed the market median when exceptional individual and business performance is achieved;

to link a significant proportion of the compensation of these officers with the achievement of our overall performance goals, to ensure that individual performance is directed towards the achievement of our collective goals and to mitigate any incentive for an executive to pursue short-term individual gain at the cost of incurring inappropriate strategic and financial risk;

to enhance alignment of individual performance and contribution with long-term shareholder value and business objectives by providing equity awards through our Amended and Restated 2004 Long-Term Incentive Plan, also referred to as our 2004 Plan ;

to motivate and incentivize our named executive officers to continually contribute superior job performance throughout the year;

to retain the services of named executive officers so that they will continue to contribute to and be a part of our long-term success; and

to encourage the ongoing career development of our executives and other employees.

Forms of Compensation Comprising our Executive Compensation Program

We may provide our named executive officers with some or all of the following forms of compensation:

Base salaries. Base salary represents cash amounts paid during the fiscal year to named executive officers as direct compensation for their services to us. Base salaries and base salary increases are used to reward superior individual job performance on a day-to-day basis during the year and to encourage continued superior job performance. Base salaries and base salary increases also recognize the overall skills, experience, and tenure in position of each named executive officer;

Performance-based cash bonuses under our annual executive bonus program. Each year our compensation committee adopts, and routinely reviews the design of, an executive bonus program which provides our named executive officers and certain other key employees with the opportunity to earn a cash bonus payment if specific predetermined financial and strategic performance measures are attained. We use these cash bonuses to reward named executive officers for their contributions to our performance, as measured by our ability to achieve specified financial and strategic targets within our annual operating plan;

Discretionary cash bonuses based on outstanding performance. In keeping with its compensation philosophy of rewarding outstanding performance, the compensation committee may elect, in addition to performance-based cash bonuses earned under our annual executive bonus program, to recognize superior performance by awarding discretionary cash bonuses to certain named executive officers and certain other key employees based on both their individual performance and our overall performance;

Table of Contents

Performance-based grants of equity compensation under our annual executive equity program. Each year we primarily use performance-based equity grants under our 2004 Plan to ensure focus on key financial and strategic objectives. These awards recognize the named executive officers for their contributions to our overall corporate performance, as measured by our ability to achieve specified financial and strategic performance measures within our overall operating plan. Performance-based grants of equity compensation are subject to forfeiture, in whole or in part, if we do not achieve these pre-established performance measures. Those equity awards that are no longer subject to forfeiture vest in three equal annual installments subject to, and in accordance with our 2004 Plan and any agreement entered into between us and the grantee. The 2004 Plan allows for these awards to take the form of options, restricted stock units, and restricted stock awards. Each restricted stock unit entitles the holder to receive one share of our common stock upon the vesting date. A restricted stock award entitles the holder to receive shares of our common stock upon the grant date, which remain subject to the restrictions set forth in a restricted stock agreement. Unlike restricted stock units, shares of restricted stock are considered issued and outstanding immediately upon the date of grant. Since 2006, all of our performance-based equity grants to our named executive officers have been made in restricted stock units;

Discretionary grants of equity compensation. The compensation committee may also determine, on a case-by-case basis, if any additional equity grants are warranted due to individual or company performance or for motivation or retention reasons. These awards can take the form of options, restricted stock units and restricted stock awards and are also made under our 2004 Plan;

Initial equity grant upon being hired or appointed. Initial equity grants under our 2004 Plan may be made when an executive officer is hired or otherwise becomes a named executive officer. Such grants enable us to reward existing executive officers upon promotion to higher levels of management and to recruit new executives. Initial equity grants are determined based on overall market data, as well as comparisons to our other executives' similar grants or holdings;

Post-termination compensation. We do not offer any pension plan to our named executive officers aside from complying with statutory provisions in the different jurisdictions in which we operate around the world. We do, however, offer all our U.S.-based employees, including our U.S.-based named executive officers, the opportunity to participate in our ERISA-qualified 401(k) Plan. All U.S.-based named executive officers are eligible to participate in this 401(k) Plan and to receive a company match, subject to plan requirements and contribution limits established by the Internal Revenue Service. While we do not offer a qualified pension plan, three of our named executive officers have Supplemental Executive Retirement Plan agreements, referred to as SERPs, which will provide these executives with a ten-year benefit upon the latter of employment termination or achieving a specified age. Additionally, pursuant to our employment agreements with our named executive officers, they are each entitled to certain cash payments, and the acceleration of certain of their equity awards, upon a change of control coupled with a change in employment status (i.e., a double trigger); and

Other benefits. We generally do not offer perquisites to our named executive officers. We do, however, provide them with certain other benefits. These benefits include payments of life insurance premiums, payments of long-term disability insurance premiums, and company match in the 401(k) plan and employer contributions toward group medical insurance.

Process for Determining Named Executive Officer Compensation

As part of its ongoing duties, the compensation committee continually reviews its use of tools, consultants and the composition of the comparator group to ensure that the overall processes, data and analyses with which it works are up to date and relevant.

Approvals. The approval levels for our compensation program are as follows:

Table of Contents

for the compensation level of Mr. Laikin, our Chief Executive Officer, the compensation committee determines a recommendation for subsequent approval by the full board of directors;

for the compensation levels of each of the individuals reporting directly to Mr. Laikin including our named executive officers, our Chief Executive Officer, Mr. Laikin, supported by our Senior Vice President of Global Human Resources, Annette Cyr, provides input and recommendations to the compensation committee; the compensation committee approves and recommends that the board approve the compensation for these individuals; and

for the compensation levels of each of the company's officers (other than our named executive officers) as defined in Section 16 of the Securities and Exchange Act of 1934 and the rules and regulations promulgated thereunder, the compensation committee or full board of directors must approve each recommendation.

Competitive positioning. The committee engaged Meridian Compensation Partners, LLC (Meridian) to act as an independent compensation consultant to the committee for 2010. The scope of Meridian's engagement is to provide a comparator group against which to analyze our compensation packages in relation to companies similarly situated to us, to provide net compensation posture for each position and to determine the economic value of our equity awards for purposes of compensation benchmarking. The compensation committee then considers these analyses and insights as well as the individuals' performance and overall company performance, when determining compensation.

We believe that Meridian is independent because it is and was engaged by the compensation committee itself. Meridian has provided no products or services to us or any of our subsidiaries outside of its executive compensation consulting services provided to the committee.

Many of the companies included in the comparator group are distribution and logistics companies and retailers with focus areas and revenues similar to ours. The comparator group also includes some companies that are larger or smaller than us but which we believe to have similar business models. In accordance with its usual methodology, Meridian uses a regression analysis to normalize for these differences within our comparator group.

The composition of the Meridian comparator group is outlined below. The committee formulated the comparator group with the objective of having it remain relatively unchanged from year-to-year to allow for a longer term view of the company's relative competitiveness and performance. The companies comprising this group are:

Ametek, Inc.
Anixter International, Inc.
Arrow Electronics, Inc.
Expeditors International
Global Payments Inc.
Graphic Packaging Corporation
Imation Corp.
Ingram Micro Inc.
Insight Enterprise, Inc.
L-3 Communications Corporation
OfficeMax, Inc.
PC Connection, Inc.
Rockwell Automation
Synnex Corp.
Tech Data Corporation,
United Stationers Inc.
UTI Worldwide
W.W. Grainger, Inc.

Factors considered and reviewed. In performing its duties, the compensation committee takes into account the data and analysis provided by Meridian, as well as several other factors. The compensation committee considers the individual job performance of each named executive officer, including results achieved and behaviors demonstrated. The compensation committee also considers our overall performance. Relative individual tenure in position is taken into account, and relative internal equity among the named executive officers is also considered. Periodic review of tally sheets showing all elements of compensation for each named executive officer is conducted. Ultimately, the compensation committee members take into account all of these factors and data, and apply their own professional judgment in determining their recommendations and decisions on compensation.

Each of the components of compensation is considered as part of the total compensation amount and serves to meet one or more of our compensation objectives. More emphasis is placed on the variable components of compensation, comprised of annual bonus and long-term incentive compensation, so that a greater portion of total pay is at risk, based on performance. We believe the combination of competitive base salaries and opportunity to exceed the market median if performance warrants, yields a conservative but attractive compensation program that aids us in the attraction, retention and motivation of highly qualified executive personnel.

Timing and procedures. Each year, the compensation committee conducts several meetings in person and telephonically to review and consider executive compensation including external and internal data and analyses. The compensation committee finalizes its compensation decisions on all elements of compensation during the first quarter following the end of the fiscal year, generally at its February meeting. Making compensation decisions at this point allows the compensation committee not only to consider compensation survey data, but also to consider total annual performance against both financial and strategic performance measures. The February meeting is generally scheduled to coincide with a full meeting of the entire board of directors, and generally follows our quarterly and annual earnings release.

Compensation Structure and Mitigation of Risk

The compensation committee and the board believe that the design and structure of our executive compensation should mitigate any potential for undue risk-taking for short-term gain by executives, and should instead incent those executives to focus on the collective achievement of strategic goals of the company. The compensation committee has ensured that our executive compensation program contains a number of risk mitigation features, including:

- a significant portion of our executives' compensation is comprised of equity awards that vest over a long-term period, usually three years so that equity performance awards are realized after the performance measurement period;

- the executive equity program is entirely based on the achievement of robust corporate-wide strategic and financial performance measures;

- as these performance measures are being developed each year, at least two committees of the board review and provide advice to the compensation committee before the committee reviews and ultimately recommends approval by the full board;

- we have not granted any stock options for the past 5 years and currently have no intention to do so in the future, instead our equity awards are in the form of restricted stock units and restricted stock awards;

- we have deliberately chosen to emphasize components of the compensation program that are at risk to more effectively tie executive compensation to company performance. We reinstated the executive cash bonus program for 2010, which ties these bonus opportunities with performance, in recognition of the company's continuing success in a slowly improving but still challenging business environment; and

- the board has also adopted an executive stock ownership policy, which requires that the Chief Executive Officer beneficially own shares of our common stock with a market value of at least one and one-half (1.5) times his annual base salary and that our other named executive officers beneficially own shares of our

common stock with a market value at least equal their annual base salary. This requirement must be met

Table of Contents

within five years of the adoption of the policy or within five years from when the individual assumes a position with the company that is covered by the policy. Each of our named executive officers meets the stock ownership requirements of the policy.

The compensation committee and the board believe that for all of these reasons, the company's compensation structure for executives mitigates the potential for inappropriate risk taking.

Determinations Made with Respect to Executive Compensation in and for 2010***Base Salaries***

In February 2009 the compensation committee determined not to increase base salaries from their 2008 levels. In February 2010 the compensation committee recommended and the board approved increased base salaries for 2010, in recognition of strong company and individual performance. The base salaries for the named executive officers in 2009 and 2010 are as follows:

Named Executive Officer	2009 Base Salary	2010 Base Salary	Change Amount	Change %
J. Mark Howell President, Americas	\$ 550,000	\$ 580,000	\$ 30,000	5.5
Anthony W. Boor Executive Vice President, Chief Financial Officer and Treasurer	\$ 450,000	\$ 535,000	\$ 85,000	18.9
Bruce Thomlinson President, Asia Pacific	AUD 632,865	AUD 663,338	AUD 30,473	4.8
Anurag Gupta (1) President, Europe Middle East and Africa		\$ 475,000		N/A

(1) Mr. Gupta was named President, Europe, Middle East and Africa effective January 1, 2010.

In addition, and taking into account a request from Mr. Laikin that his salary remain unchanged, the compensation committee recommended and the board approved freezing the base salary for Robert J. Laikin, our Chief Executive Officer. Mr. Laikin's base salary for 2009 and 2010 is as follows:

Named Executive Officer	2009 Base Salary	2010 Base Salary	Change Amount	Change %
Robert J. Laikin Chairman of the Board and Chief Executive Officer	\$ 900,000	\$ 900,000	\$ 0	0

Table of Contents*Performance-based Cash Bonuses Under our Annual Executive Bonus Programs*

In February 2010, the compensation committee approved our 2010 executive bonus and equity programs, which established performance measures consisting of a financial target (non-GAAP adjusted income from continuing operations of \$.62 per share) (AICO) weighted at 50% and certain strategic objectives (four specific equally weighted measures associated with implementation of our long range business strategy) which, in the aggregate, were also weighted at 50%. The program provided that the financial measure for each regional president would be based upon company-wide AICO (weighted at 75% of the financial unit target) and regional AICO (weighted at 25% of the financial unit target). The regional presidents had the same opportunity (50%) for the strategic measures as other named executive officers. Under the 2010 executive bonus program, the target cash bonus established for Mr. Laikin was 100% of his respective 2010 base salary and the target bonus established for each of our other named executive officers was 50% of his 2010 base salary. Each named executive officer, excluding the chief executive officer, was eligible to earn: (1) between zero and 25% of base salary depending on the achievement of predetermined strategic goals; and (2) between zero and 37.5% (with a target of 25% of base salary) of base salary depending on the achievement of company and regional goals with respect to adjusted income from continuing operations. The cash bonus that the chief executive officer was eligible to earn was: (1) between zero and 50% of base salary depending on the achievement of predetermined strategic goals; and (2) between zero and 75% (with a target of 50% of base salary) of base salary depending on the achievement of the Company's goals with respect to adjusted income from continuing operations.

In February 2011, the compensation committee determined that our AICO of \$.88 per share for fiscal 2010 significantly exceeded the 2010 predetermined financial performance measure relating to company AICO of \$.62, that regional performance targets were met, and that performance-based cash bonuses would be awarded at the following levels, which met or exceeded the predetermined target award levels.

Bonus Payout as Percent of Target

In recognition of the executives' outstanding contributions to the company's continued success as well as to provide a meaningful motivation and retention tool, discretionary cash bonuses were awarded under the program for 2010 to all named executive officers other than our Chief Executive Officer. The committee recognized the significant performance of the company's executives in greatly exceeding financial targets in a very challenging environment. They also considered the significant progress made on numerous strategic initiatives, which are intended to drive the company's long-term success. Finally, the committee recognized that the executive team has had relatively minimal salary increases over the last two years and no cash bonus payments since February 2009 (for 2008 performance).

Performance-based Equity Awards Under our Annual Executive Bonus Program

In February 2010, the compensation committee adopted our 2010 executive equity program and, in accordance with that program, granted performance-based restricted stock units under our 2004 Plan to each of our named executive officers, including our Chief Executive Officer. These grants were subject to forfeiture, in whole or in part, prior to the first anniversary of the grant if we did not achieve the following pre-established financial and strategic measures.

The 2010 executive equity program established performance measures consisting of a financial target (income from continuing operations per diluted share of \$.62, as adjusted (Non-GAAP)) weighted at 50% and certain strategic objectives (four specific equally weighted measures associated with implementation of our long range business strategy) which, in the aggregate, were also weighted at 50%. Adjustments to earnings per diluted share from continuing operations generally include the exclusion of certain non-cash charges such as stock based compensation and amortization of acquired finite lived intangible assets as well as other items such as goodwill impairment charges and restructuring charges (please see Annex A for the calculation of adjusted income from continuing operations per diluted share). The Company considers these items unrelated to its core operating performance, and believes that use of this non-GAAP measure allows comparison of operating results that are consistent over time.

In determining the specific performance measures to incorporate into the 2010 executive equity program, we relied heavily on both our annual operating plan and our overall business strategy. We believe that these performance measures appropriately balanced shorter-term operational goals with long-term strategic imperatives and are attainable with stretch efforts. In analyzing our executive compensation programs, we have found that the performance measures have been achieved four out of the past five years.

Table of Contents

The strategic performance measures associated with the 2010 executive equity program were selected for focus because they are instrumental in driving our long-term strategy. These measures fit into the following categories:

continue to diversify vendor and customer base;

execute on our Europe strategy;

continue to improve company brand equity and customer commitment; and

enhance leadership development throughout the company.

Under the 2010 executive equity program, the number of restricted stock units that each named executive officer was granted, and was thus eligible to earn, was based on the dollar value of a percentage of his base salary, as follows: for Mr. Laikin 175%; and for each of Messrs. Boor, Howell, Gupta and Thomlinson- 125%. The number of restricted stock units for these grants was calculated for each named executive officer by dividing the dollar value of the applicable percentage of his base salary by the greater of a) per share closing price of our common stock on February 18, 2010, or b) \$5.00 per share, whichever was higher.

In February 2011, the compensation committee determined that our adjusted income from continuing operations of \$.88 per share for fiscal 2010 significantly exceeded the 2010 predetermined financial performance measure relating to adjusted income from continuing operations and that each of the 2010 strategic performance measures had been achieved or exceeded and that one hundred-percent (100%) of the restricted stock units granted had thus been earned by our executive officers. These earned restricted stock units commenced vesting in three equal annual installments in February 2011.

Discretionary grants of equity compensation. The compensation committee believes that discretionary grants of equity compensation were warranted and appropriate for the named executive officers for 2010 due to strong individual and collective performance and successfully addressing continued business challenges during the year. The committee recommended and the board approved the following grants of restricted stock units, all of which have a multi-year vesting schedule. In addition, the compensation committee approved grants of restricted stock units for certain other key employees, for purposes of individual reward and retention.

Named executive officer	RSUs Granted as Discretionary Equity Awards
Robert J. Laikin Chairman of the Board and Chief Executive Officer	78,802
J. Mark Howell President, Americas	15,760
Anthony W. Boor Executive Vice President, Chief Financial Officer and Treasurer	7,880
R. Bruce Thomlinson President, Asia Pacific	11,820
Anurag Gupta President, Europe, Middle East and Africa	15,760

Internal and external compensation comparisons. The committee worked with Meridian to conduct sensitivity analyses which reflect the increasing influence of supply chain solutions (logistics) as part of our overall business. Based on our comparator group review, Mr. Laikin's total compensation at target (\$3,375,000) was approximately at the median of the comparator group but when the impact of our services business was considered, it was below the aggregate median of the comparator group. Mr. Laikin's actual payments received during 2010 were also competitive with the market but when the impact of our solutions business was considered it was below the aggregate median of the comparator group. In the aggregate, the total compensation of all named executive officers is at or slightly below the market median, with some individual variance around the median based upon job performance, skills, experience and length of tenure in position.

The compensation committee considered internal comparisons with our other senior executives when setting Mr. Laikin's compensation. Our compensation programs are designed so that potential compensation opportunities are set relative to the executive's level of responsibility and impact on company success. Mr. Laikin's total compensation, assuming all of his targets are met, is roughly double that of the next most highly compensated named executive officer. We believe this is justified because of his strong job performance as Chief Executive Officer as well as his role as founder of the company.

Post-termination compensation

Post-retirement compensation. All U.S.-based named executive officers are eligible to participate in our ERISA-qualified 401(k) Plan and to receive a company match, subject to plan requirements and contribution limits established by the IRS. The 401(k) Plan provides a matching benefit of \$.50 per each dollar invested to a maximum of six percent of base salary, subject to these limitations. In 2008, 2009 and 2010, named executive officers and other highly compensated employees as defined by the IRS were subject to contribution and matching limitations based upon required annual non-discrimination testing. During 2010, the named executive officers were each allowed to contribute a maximum of \$12,384 to the 401(k) Plan and receive a matching contribution from us of up to \$6,192.

Table of Contents

In 2005, we entered into supplemental executive retirement plan agreements, referred to as SERP agreements, with Robert Laikin and Mark Howell. The payments under the SERP agreements will be made on an annual basis beginning on the later of the individual's termination date (other than termination for cause), or the attainment of age 50 or 53 for Messrs. Laikin or Howell, respectively, for a period of ten years or until such individual's death, if earlier. If Mr. Laikin or Mr. Howell is terminated for cause, then the benefit would not commence for that executive until he reached the age of 62 for a period of ten years or until such individual's death, if earlier. The benefit is an annual payment equal to a certain percentage of average base salary and is subject to a limit, referred to as the cap amount.

Assuming annual salary increases of 3% per year, the anticipated payments would reach the cap amount and would be paid to Mr. Laikin beginning on the later of termination or age 50 and to Mr. Howell beginning on the later of termination or age 53. In each case payments are made for a period of ten years or until such individual's death, if earlier. Payment under the amended and restated SERP agreements is contingent upon termination of service. The cap amount under Mr. Laikin's SERP agreement is \$496,000 per year and the cap amount under Mr. Howell's SERP agreement is \$344,000 per year.

In 2009, we entered into a SERP agreement with Tony Boor. The payments under the SERP agreement will be made beginning on the date of Mr. Boor's termination and will be paid for a period of ten years or until Mr. Boor's death, if earlier. The anticipated payments under Mr. Boor's SERP agreement are limited to the amount of \$344,000 per year.

The compensation committee believes that these SERP benefits are reasonable and recognize the long-term contributions of these three named executive officers.

Change of control agreements, severance arrangements. We have entered into employment agreements with each of our named executive officers, which are described below under the heading Employment agreements with named executive officers. Under these employment agreements, each of our named executive officers is entitled to severance payments upon the termination of their employment under certain circumstances, including, in each case, in the event we terminate their employment in breach of the employment agreement (other than for cause or disability) after a change of control (i.e., a double trigger). In addition, some of the agreements with our named executive officers provide for accelerated vesting of their stock options and or restricted stock awards upon the termination of their employment under certain circumstances. These potential change of control and severance payments are detailed in the Potential payments upon termination or change of control section below. We believe that these arrangements enhance our ability to retain superior executive talent and, if a change of control were to occur, to retain our top executives through a period of uncertainty, keep our management team intact, preserve the neutrality of the management team in negotiating and executing a transaction and keep the management team focused on the best interests of the shareholders, rather than their own job security.

Other benefits

During 2010, our named executive officers received, to varying degrees, a limited amount of other benefits that we paid on their behalf or for which we provided reimbursement. These benefits included the following:

payments of life insurance premiums. We continued to provide all U.S.-based named executive officers and other executives with a group life insurance plan at no cost. The life insurance plan provides a benefit of two times the executive's annual base salary up to a maximum of \$400,000 in the event of the death of the plan participant. This plan also provides an accidental death and dismemberment benefit with a maximum possible benefit equal to that of the life insurance benefit;

payments of long-term disability insurance premiums. We continued to provide all of our U.S.-based named executive officers, other U.S.-based executives and other key employees with a group long-term disability plan that provides a benefit in the event of the plan participant's disability equal to sixty percent of the participant's pre-disability income, up to a maximum of \$12,000 per month; and

Table of Contents

employer contributions toward group medical insurance. We continued to provide all of our U.S.-based named executive officers and other U.S.-based executives and employees with a group medical insurance program that provides both preventive and catastrophic benefits. Benefits offered to employees outside of the United States vary by local practice and statutory requirements in each of the jurisdictions in which we operate.

Tax Matters

Section 162(m)

Our policy is to maximize the tax deductibility of compensation paid to our most highly compensated executives under Section 162(m) of the Internal Revenue Code and related regulations, and our shareholders have approved our 2004 Long-Term Incentive Plan under which all forms of equity based compensation are made. We may, however, authorize payments to our named executive officers that may not be fully deductible if we believe such payments are in our shareholders' interests. All performance-based restricted stock unit awards have been structured to qualify as performance-based compensation exempt from the limitations on deductibility imposed by Section 162(m).

Sections 280G and 4999

The employment agreements for Messrs. Laikin, Howell and Boor provide for tax protection on severance payments resulting from a change of control in the form of a gross up payment to reimburse the executive for any excise tax under Internal Revenue Code Section 4999 as well as any additional income and employment taxes resulting from such reimbursement. Code Section 4999 imposes a 20% non-deductible excise tax on the recipient of an excess parachute payment and Code Section 280G disallows the tax deduction to the payor of any amount of an excess parachute payment that is contingent on a change of control. A payment as a result of a change of control must exceed three times the executive's base amount in order to be considered an excess parachute payment, and then the excise tax is imposed on the parachute payments that exceed the executive's base amount.

Section 409(A)

In December 2008, the compensation committee approved amendments to our 2004 Plan to conform the 2004 Plan to Section 409A of the Internal Revenue Code, referred to as Section 409A. In addition, the compensation committee approved amendments to the employment agreements of Messrs. Laikin, Boor and Howell, to conform those agreements to Section 409A.

- (1) The targeted cash bonuses under our 2010 executive bonus program were 100% of base salary for Mr. Laikin and 50% of base salary for each of the other participating named executive officers. The cash bonus program provides for threshold and maximum payments based upon the financial objectives associated with the annual program. The targeted equity incentives under our 2010 executive equity program administered under our 2004 Plan consisted of the potential to earn a number of shares equivalent to the dollar amount represented by 175% of base salary for Mr. Laikin, and 125% of base salary for each of Messrs. Howell, Boor, Gupta, and Thomlinson. The number of restricted stock units for these grants was calculated for each named executive officer by dividing the dollar value of the applicable percentage of his base salary by the per share closing price of our common stock on February 18, 2010.
- (2) Mr. Thomlinson is paid in Australian dollars. The amounts reported in this table are in U.S. dollars and for 2010 were calculated based on an exchange rate of 0.9772 Australian dollars to one US dollar in effect on December 31, 2010.

Employment agreements with named executive officers

Certain defined terms

We have entered into employment agreements with each of our named executive officers, all of which are described below. When used in those agreements, the following terms (except as described below with respect to the use of the term "cause" in the agreement of Mr. Thomlinson) have the following meanings:

Good reason is defined as:

any limitation upon or change to the employee's duties or reporting obligations;

any failure by us to comply with our material obligations under the employment agreement; or

the failure of any successor to our business to assume the employment agreement upon succession.

A change of control shall be deemed to occur, unless previously consented to in writing by the respective employee, upon the occurrence of any of the following:

individuals who as of the date of the agreement constituted our then current board of directors cease to constitute a majority of our board;

subject to certain specified exceptions, the acquisition, by any person or entity not affiliated with the respective employee or us, of beneficial ownership of 15% or more of our voting securities;

the commencement of a proxy contest against management for the election of a majority of our board of directors if the group conducting the proxy contest owns, has or gains the power to vote at least 15% of our voting securities;

the consummation under certain conditions by us of a reorganization, merger or consolidation or sale of all or substantially all of our assets to any person or entity not affiliated with the respective employee or us; or

our complete liquidation or dissolution.

Cause is defined as:

the willful and continuous failure of the employee to substantially perform his required duties;

the employee's willful criminal misconduct (including embezzlement and criminal fraud) that is materially injurious to us; or

the conviction of the employee of a felony.

Table of Contents

Under our employment agreements with Mr. Thomlinson, cause is defined as follows:

the employee's failure to perform any or all of his duties under the employment agreement after reasonable notice from us to him to rectify any such failure;

the employee's engagement in misconduct that is detrimental or injurious to us, monetarily or otherwise;

the employee being charged with an indictable offense; or

the employee's violation of our policies and procedures.

Under the agreement with Mr. Thomlinson, however, with respect to a failure to perform any or all of his duties under the agreement, Mr. Thomlinson's failure must relate to a material duty.

Messrs. Laikin's and Howell's Agreements

Originally effective in 1999, we have entered into five-year evergreen employment agreements with Mr. Laikin and Mr. Howell, which are automatically renewable for successive one-year periods. Currently, these agreements provide for an annual base compensation in 2010 of \$900,000 and \$580,000, respectively, and such bonuses as our board of directors may from time to time determine. If we provide the employee with notice of non-renewal or that we desire to terminate the agreement without cause, there is a final five-year term commencing on the date of such notice. The employment agreements provide for employment on a full-time basis and contain a provision that the employee will not compete or engage in a business competitive with our business during the term of the employment agreement and for a period of two years thereafter.

The employment agreements also provide for severance payments if the employee's employment is terminated as follows:

by him, without good reason, within 12 months after a change of control;

by him, for good reason, prior to and not as a result of a change of control; or

by us, other than for disability or cause, prior to and not as a result of a change of control, equal to (subject to a severance cap of \$9.0 million with respect to Mr. Laikin and \$4.5 million with respect to Mr. Howell) the greater of (a) \$2.25 million for Mr. Laikin and \$1.625 million for Mr. Howell and (b) five times the total compensation (including salary, bonus and the value of all perquisites) received from us during the twelve months prior to the date of termination. If after, or as a result of, a change of control, the employee's employment is terminated either by the employee for good reason or by us other than for disability or cause, the employee will be entitled to receive severance pay (subject to the respective severance cap) equal to ten times the total compensation (including salary, bonus, the value of all perquisites and the value of all stock options granted to the employee) received from us during the twelve months prior to the date of termination. In addition, the vesting of all options and restricted stock awards granted to the employee will be accelerated, so that the options become immediately exercisable and remain exercisable until the earlier of (a) 180 days from the date of the employee's termination and (b) the expiration of the stock option, and all restricted stock awards immediately vest, when and if (i) a change of control occurs, (ii) we, in breach of the agreement, terminate the employee's employment other than for disability or cause, or (iii) the employee terminates his employment for good reason.

Table of Contents*Mr. Boor's Agreement*

In May 2009, we entered into an amended and restated employment agreement with Mr. Boor for a four-year term that provides for an annual base compensation in 2010 of \$535,000 and such bonuses as our board of directors or the compensation committee of the board may from time to time determine. The employment agreement provides for employment on a full-time basis and contains a provision that Mr. Boor will not compete or engage in a business competitive with our business during the term of the employment agreement and for a period of two years thereafter.

The employment agreement also provides for a severance payment if Mr. Boor's employment is terminated by the company without cause. In addition to his salary through the termination date, this non-cause severance pay will be paid in a lump sum equal to (a) the salary received or earned and any cash bonus earned by Mr. Boor during the twelve months prior to the termination of his employment, multiplied by (b) 2.99. Mr. Boor will also be entitled to severance if he terminates his employment with the company for good reason or within twelve months after a change of control without good reason. In addition to his salary through the termination date, this change of control severance pay will be paid in a lump sum equal to (a) the salary plus any bonus received or earned by Mr. Boor during the twelve months prior to the termination date, multiplied by (b) 2.99. If there is an excise tax due on either such severance payment, the severance will be increased so that the excise tax on the severance payment will be paid as well as any income tax payable on such excise tax. The severance payments and accelerated vesting are subject to a cap of \$2.75 million.

Upon a change of control or a termination of Mr. Boor by the company without cause, all then-unvested stock options granted to Mr. Boor will be accelerated, so that the options become immediately exercisable and remain exercisable until 180 days thereafter or the expiration of the stock option, if shorter, and all then-unvested shares or units of restricted stock, restricted stock units or other stock based awards will vest immediately, however, with respect to such restricted stock, restricted stock units or other stock based compensation, the definition of change of control to be applied is the definition contained in the applicable employee benefit plan or award agreement.

Mr. Thomlinson's Agreement

In November 2008, we entered into a new five-year agreement with Mr. Thomlinson, which currently extends through December 31, 2013. As an employee under the new agreement, Mr. Thomlinson has an annual base compensation paid in Australian dollars of AUD 663,338 per annum (which, based on December 31, 2010 exchange rate of AUD 0.9772 to 1.00 United States dollars, is equivalent to USD \$648,214). Mr. Thomlinson also is eligible for discretionary bonuses, performance bonuses and participation in the executive bonus plans. From January 1, 2009 through December 31, 2013, Mr. Thomlinson is not entitled to participate in existing or future benefits and plans that we institute, including health benefits. Mr. Thomlinson is entitled to 28 days of paid leave; we may require Mr. Thomlinson to take any accrued but untaken annual leave by giving him one month notice. Upon termination as a result of Mr. Thomlinson's death or for cause, Mr. Thomlinson's designee or his estate shall receive Mr. Thomlinson's salary through the date of termination, including any statutory entitlements. If Mr. Thomlinson is terminated for disability, he will receive his salary until the date of such termination, plus one month. During the period of Mr. Thomlinson's employment, or consultancy, as the case may be and for two years after the termination of his employment, he may not divulge any trade secret, industrial process or any information concerning the business or finances of the company. Mr. Thomlinson is also prohibited, during the term of his employment or consultancy, as the case may be, and for one year thereafter, from competing with us, or taking an action that interferes with our business. After December 31, 2009, we or Mr. Thomlinson may terminate the agreement other than for disability or cause and convert Mr. Thomlinson's status to that of an independent contractor upon 90 days prior written notice. We may convert Mr. Thomlinson's status to independent contractor by providing a payment of 90 days remuneration in lieu of notice. If we terminate Mr. Thomlinson in such manner, and Mr. Thomlinson executes a normal release of claim, we shall pay Mr. Thomlinson USD \$500,000, less taxes, and we shall engage Mr. Thomlinson as a consultant. If such notice is given, Mr. Thomlinson's duties as a consultant will not exceed 20 hours per calendar month and the total compensation that Mr. Thomlinson shall receive as a consultant is \$200,000 U.S. dollars per calendar year. If Mr. Thomlinson's status is converted to that of consultant, the term of his engagement as consultant shall be the greater of the remaining years of the agreement or three years. We have the option to extend the term of consultancy for up to two additional years. Any, then existing, long-term incentive equity grants will continue to vest during the time in

which Mr. Thomlinson serves as a consultant. Upon

a change in control, if Mr. Thomlinson's status has not been converted to that of independent contractor, and if Brightpoint terminates Mr. Thomlinson's employment other than for reasons of death, disability or cause then he is to be paid the greater of (a) the remaining salary payable for the remainder of the term of his employment agreement or (b) \$1,000,000.

Mr. Gupta's Agreement

In January 2010, we entered into an employment agreement with Mr. Gupta as President, Europe, Middle East and Africa. Mr. Gupta's annual salary is \$475,000 and such bonuses as our board of directors or the compensation committee of the board may from time to time determine. Mr. Gupta's Employment Agreement originally provided for a base salary of \$375,000 but this was increased in June 2010 with an effective date of January 1 2010 to \$475,000, in accordance with the terms of his contract, by the board of directors upon the recommendation of the compensation committee. Mr. Gupta's agreement also provided a one-time signing bonus of US\$150,000. Mr. Gupta is entitled to certain benefits associated with his international assignment including relocation, housing, automobile and tax assistance. The agreement has an initial two year term, and, following the initial term, is renewable automatically for successive one year periods unless, more than 30 days prior to the expiration of the initial term or any renewal term, either Mr. Gupta or the company give the other party written notice of non-renewal. If we terminate Mr. Gupta's employment for cause or as a result of Mr. Gupta's death or disability, then Mr. Gupta is entitled to receive his base salary through the date of his termination, death or disability, as applicable. If we terminate Mr. Gupta other than for cause, death or disability, then Mr. Gupta is entitled to reasonable relocation costs to repatriate Mr. Gupta and his family to the United States, as well as Mr. Gupta's salary through the date of such termination. Additionally, the agreement gives Mr. Gupta the opportunity to execute a Separation Agreement and Release of Claims which shall include provisions for (i) a separation payment and (ii) the immediate vesting of all options and/or restricted stock units granted to Mr. Gupta. The separation payment shall be the lesser of (i) an amount equal to the cash compensation defined as base salary and bonus opportunity that would be paid to Mr. Gupta during the remaining term of the agreement (such amount shall not be less than one year's base salary) or (ii) US\$1,000,000. The agreement also contains non-competition and confidentiality provisions.

*Executive equity and bonus programs**2004 Long-Term Incentive Plan*

The equity component of our executive compensation program is derived from our 2004 Plan, which is administered by the compensation committee. Currently our incentive plan enables the compensation committee to grant to our employees, including our named executive officers, the employees of our subsidiaries, our directors, our consultants and other persons who are expected to contribute to our success, the following types of equity awards under the plan:

- non-qualified incentive stock options,
- performance units;
- restricted stock;
- deferred stock;
- other stock-based awards (which includes restricted stock units); and
- cash based awards.

Prior to 2005, all performance-based equity compensation for named executive officers was issued in the form of stock options. Beginning in 2005, we began issuing restricted stock units in combination with stock options and restricted stock awards as part of our equity program, primarily because of the increased stock-based compensation expense associated with stock options and similar instruments under SFAS 123R. Since 2006, all of our performance-based equity compensation has been issued under our 2004 Plan in the form of restricted stock units.

Table of Contents

No participant may be granted awards under the plan relating to more than 2,025,000 shares of our common stock in the aggregate, in any year. The total number of shares reserved and available for distribution under the incentive plan was originally set at 4,050,000 shares and was increased by 2,173,953 at the 2008 annual meeting and by 7,000,000 at the 2009 annual meeting for a total of 13,223,953 shares reserved and available for grant under the Plan. As of December 31, 2010, a total of 6,779,003 of such shares had been granted or reserved and 6,444,950 were available for future award grants.

In 2009 we sought and received shareholder approval to amend and restate our 2004 Plan to provide for (i) an increase in the number of common shares available for issuance under the 2004 Plan by 7,000,000, (ii) a double trigger change of control provision for all awards made after the approval of the amendments to the 2004 Plan and (iii) a prohibition against (x) reducing the exercise price of any stock options, (y) cancelling stock options that are not in-the-money and (z) re-granting or exchanging stock options for new stock options or other awards.

2010 Executive Equity and Bonus Programs

In February 2010, the compensation committee adopted our 2010 executive bonus and equity program and, as part of that program, granted performance-based restricted stock units under our 2004 Plan to each of our executive officers, including our chief executive officer. These grants were subject to forfeiture, in whole or in part if we did not achieve certain pre-established performance measures, including adjusted income from continuing operations (a non-GAAP measure), weighted at 50%, and four equally weighted strategic measures also weighted, in the aggregate, at 50%. In February 2011, our compensation committee determined that the predetermined financial measure relating to adjusted income from continuing operations was met and that each of the strategic performance measures under the 2010 executive equity plan were achieved or exceeded. As a result, one hundred percent (100%) of the grants made as part of the 2010 executive equity program were earned by our executive officers. These earned grants commenced vesting in three equal annual installments commencing in February 2011.

As part of our 2010 bonus and equity program approved by the compensation committee in February 2010, our executive officers were provided the opportunity to earn performance-based cash bonuses that could be earned based upon the achievement of certain financial and strategic measures as described earlier in this document in the section entitled *Compensation Discussion and Analysis*. In February 2011, our compensation committee determined that the predetermined company-wide and regional financial measures relating to adjusted income from continuing operations were achieved or exceeded and that each of the strategic performance measures under the 2010 executive equity plan were achieved or exceeded. As a result, each of the named executive officers were awarded performance based cash bonuses under our 2010 executive bonus and equity program in the specific amounts set forth in the *Bonus Payout as Percent of Target* table set forth in the *Compensation Discussion and Analysis* section of this proxy and ranging from between approximately 119% and 125% of the performance cash bonus target.

(1) The SERP calculation does not include years of service, which are included for informational purposes only.

(2) Figures represent present value of the benefit as calculated by Mercer Consulting. Retirement is assumed to occur at the plan's unreduced retirement age of 60 for Mr. Boor and 62 for Mr. Howell and Mr. Laikin and paid in the form of a temporary life annuity for not more than ten years. The present values for December 31, 2010 were determined using a discount rate of 5.25%.

Our amended and restated SERP agreements with Messrs. Laikin and Howell and our SERP agreement with Mr. Boor provide a supplemental retirement benefit for each of Messrs. Laikin, Howell and Boor subject to a cap amount.

Table of Contents

Assuming annual salary increases of 3% per year, the anticipated payments pursuant to the SERP agreements would reach the cap amount and would be paid in approximately the following amounts: \$496,000 per year to Mr. Laikin commencing at age 50; \$344,000 per year to Mr. Howell commencing at age 53; and \$344,000 per year to Mr. Boor commencing at age 60. Payment under the amended and restated SERP agreements is contingent upon termination of service.

The SERP agreements we have entered into with each of Messrs. Laikin and Howell do not provide an enhanced or reduced benefit based on the circumstances regarding termination, except that (a) if such person is fired for cause, he may not receive any payments under the SERP agreement until he has reached age 62 and (b) there is no survivor benefit in the event that termination results from the executive's death. The SERP agreement we have entered into with Mr. Boor does not provide an enhanced or reduced benefit based on the circumstances regarding termination, except that (a) if he is terminated for cause he may not receive any payments under the SERP agreement and (b) there is no survivor benefit in the event that termination results from the executive's death.

With respect to termination by us of a named executive officer's employment for cause (at any time) or by the named executive officer of his employment without good reason (and not as a result of a change of control), the executive is only entitled to his accrued and unpaid salary and his unvested stock options, restricted stock units and shares of restricted stock are deemed forfeited at such time. The following table sets forth potential payments receivable by our named executive officers upon termination of their employment under the various circumstances listed and assumes for purposes of calculating amounts due that the executive was terminated as of December 31, 2010:

- (1) In addition to the payments outlined herein, Messrs. Laikin, Howell and Boor are eligible for payments under supplemental executive retirement plans that will provide ten-year annuities commencing at the later of the executive's date of termination or age 50 (Mr. Laikin), or age 53 (Mr. Howell) or the termination date (Mr. Boor). A full discussion of these supplemental executive retirement plans may be found above in the section entitled Executive compensation 2010 pension benefits table.
- (2) The aggregate amount of (a) any cash severance payment made to the executive and (b) the value of any stock options and restricted stock awards or restricted stock units of the executive that are accelerated as a result of the termination of the executive's employment, may not exceed a designated severance cap of \$9,000,000 for Mr. Laikin, \$4,500,000 for Mr. Howell and \$2,750,000 for Mr. Boor; provided, however, that the value (\$1,571,400 in the case of Mr. Laikin and \$785,700 in the case of Mr. Howell) attributable to the accelerated vesting of the shares of restricted stock granted to Messrs. Laikin and Howell on April 7, 2005 is explicitly excluded from the severance caps applicable to such executives. For purposes of this table, we have assumed that, in situations where the executive's severance cap would be exceeded, the executive has chosen to receive first the maximum amount of his cash severance payment permitted by such severance cap and then, to the extent the severance cap is not yet exceeded, the remainder in acceleration of long-term incentives.
- (3) Severance payments include value of life, health and long-term disability insurance premiums and matching 401(k) contributions made by us.
- (4) Entitled to a payment equal to the greater of (a) \$2,250,000 in the case of Mr. Laikin and \$1,650,000 in the case of Mr. Howell and (b) five times his total compensation earned during the prior 12 months (including bonus and the value of all perquisites), subject to his applicable severance cap.
- (5) Entitled to a payment equal to ten times his total compensation earned during the prior 12 months (including bonus, the value of all perquisites and value of all stock options granted during such period), subject to his applicable severance cap.
- (6) In the event that the executive is terminated due to his disability, he will receive 100% of his salary for one year and 50% of his salary for a second year. Does not include up to \$12,000 per month that the executive might qualify for under our long-term disability plan.
- (7) Entitled to immediate vesting of all stock options (which may then be exercised for a period of up to 180 days) and immediate vesting of all shares of restricted stock, subject, in the case of Messrs. Laikin, Howell and Mr. Boor, to the executive's applicable severance cap.

- (10) Entitled to a lump sum payment equal to 2.99 times his salary (excluding any bonus or perquisites) earned or received during the prior 12 months.

- (16) Mr. Gupta will be provided an opportunity to execute a Separation Agreement and Release of Claims which shall include a separation payment to Mr. Gupta and a provision providing for the immediate vesting of all options and/or restricted stock units. The separation payment shall be the lesser of a) an amount equivalent to the Cash Compensation defined as base salary and bonus opportunity that would be paid to Mr. Gupta during the remaining term of the employment agreement (such amount will not be less than one year's base salary) or b) \$1,000,000.
- (17) Mr. Gupta will be provided an opportunity to execute a Separation Agreement and Release of Claims which shall include a separation payment to Mr. Gupta and a provision providing for the immediate vesting of all options and/or restricted stock units. Table of Contents***Employment Agreements****General*

Pursuant to their respective employment agreements, our named executive officers are entitled to payments upon a change of control and, in some cases, upon termination of their employment with us for other reasons, depending on the circumstances in which they leave their employment with us. Generally, the employment agreements with our named executive officers provide that upon a change of control, they are entitled to a lump sum payment equal to a multiple of their base salary (or their base compensation) if we terminate their employment in breach of their agreement other than for disability or cause. In addition, some of the agreements with our named executive officers provide for accelerated vesting of their stock options and/or restricted stock awards upon the termination of their employment under certain circumstances. A more detailed discussion of each of our employment agreements with our named executive officers, including, where applicable, details with respect to their severance formulas and severance caps and the definitions used in such agreements for terms such as change of control, good reason and cause, are set forth above in the section entitled Employment agreements with named executive officers.

Severance Payments

Each of Messrs. Laikin and Howell is entitled to a lump sum severance payment equal to the greater of (a) a designated amount and (b) a multiple of five times the aggregate salary, bonus and perquisites received by him during the prior 12 months, subject in each case to a designated severance cap, in the event that, prior to and not as a result of a change of control, his employment is terminated either by him with good reason or by us other than for disability or cause or in the event that he terminates his employment within 12 months after a change of control. In addition, each of them is entitled to a higher lump sum severance payment, an amount equal to ten times the aggregate salary, bonus, value of any perquisites and value of any stock options received by him during the prior 12 months, subject to his severance cap, if his employment is terminated either by him with good reason or by us other than for disability or cause, in each case, after or as a result of a change of control.

The employment agreements of each of Messrs. Laikin and Howell provide that in the event that the aggregate severance payments or benefits provided to him under his employment agreement and under all plans, programs and arrangements of the employer, referred to as the severance total, is determined to constitute a parachute payment under the Internal Revenue Code of 1986, as amended, then the severance total will be increased by an amount, referred to as the increase, sufficient so that after he pays (a) any income taxes on the increase and (b) any excise tax on the sum of the severance total and the increase, he will have received an amount, net of such taxes, equal to the severance total. Pursuant to their employment agreements neither Mr. Laikin nor Mr. Howell will be required to repay to us any amount that is finally determined by the Internal Revenue Service to have been in excess of the amount permitted to be received without incurring such excise tax.

Mr. Boor is entitled to a lump sum severance payment equal to 2.99 times the salary he received during the 12 months prior to the termination of his employment in the event that we, at any time, terminate his employment (other than for cause or disability) in breach of his employment agreement or he terminates his employment agreement either with good reason or within 12 months after a change of control. Mr. Boor's employment agreement provides that in the event any excise tax is due with respect to severance payments made under his employment agreement then the severance payments will be increased so that the excise tax on such severance pay shall be paid, as well as any income tax payable on such excise tax.

Mr. Gupta is entitled to receive, other than for cause, death or disability, reasonable relocation costs to repatriate Mr. Gupta and his family to the United States, as well as Mr. Gupta's salary through the date of such termination. Additionally, the agreement gives Mr. Gupta the opportunity to execute a Separation Agreement and Release of Claims which shall include provisions for (i) a separation payment and (ii) the immediate vesting of all options and/or restricted stock units granted to Mr. Gupta. The separation payment shall be the lesser of (i) an amount equal to the cash compensation defined as base salary and bonus opportunity that would be paid to Mr. Gupta during the remaining term of the agreement (such amount shall not be less than one year's base salary) or (ii) \$1,000,000.

Table of Contents

Mr. Thomlinson or the company may terminate the agreement other than for disability or cause and convert Mr. Thomlinson's status to that of an independent contractor upon 90 days prior written notice. We may convert Mr. Thomlinson's status to independent contractor by providing a payment of 90 days remuneration in lieu of notice. If we terminate Mr. Thomlinson in such manner, and Mr. Thomlinson executes a normal release of claim, we shall pay Mr. Thomlinson USD \$500,000, less taxes, and we shall engage Mr. Thomlinson as a consultant. Upon a change in control, if Mr. Thomlinson's status has not been converted to that of independent contractor, and if Brightpoint terminates Mr. Thomlinson's employment other than for reasons of death, disability or cause then he is to be paid the greater of (a) the remaining salary payable for the remainder of the term of his employment agreement or (b) \$1,000,000.

Post-termination obligations to us

While employed by us and for a period of two years after his employment with us terminates, each of Messrs. Laikin, Howell, Gupta and Boor has agreed not to engage in or have an interest in or offer any services to any business competitive with our principal business activities. Each of these executives has also agreed that for two years after his employment with us has terminated, he will not:

use, disseminate, or disclose any of our confidential information; or

interfere with or disrupt our business activities, including soliciting our customers or personnel.

Each has also agreed that at no time during the term of his respective employment agreement or thereafter will he disparage our commercial, business or financial reputation or misappropriate any of our trade secrets.

Mr. Thomlinson has agreed that during the term of his employment and for a period of one year following the termination of his employment, he will not compete with us in any territory in which he performed services for us pursuant to his employment agreement, and he will not have any interest in, or render services to, any of our competitors. Each has also agreed that during such one year period, he will not interfere with or disrupt our business activities, including soliciting our customers or personnel.

**PROPOSAL 2:
ADVISORY VOTE ON COMPENSATION
OF NAMED EXECUTIVE OFFICERS**

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, requires that we provide our shareholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

As described in detail under the heading *Compensation Discussion and Analysis*, we seek to structure the compensation of our executives in a manner that aligns pay with performance and the interests of our named executive officers with the interests of our shareholders, and that also enables us to attract and retain top talent to promote the success of our company. Our compensation programs are designed to reward performance that drives long-term shareholder value as well as our commitment to employees, partners and other stakeholders, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

In fiscal 2010 our named executive officers led the company to a number of strong achievements including: (i) a thirteen percent (13%) increase in revenue; (ii) a thirty percent (30%) increase in earnings per diluted share; (iii) a forty-four percent (44%) increase in ROIC; (iv) a fifty-seven percent (57%) increase in AICO per diluted share; and (v) an increase of approximately 19% in the number of wireless devices handled, all in comparison to 2009. In addition, we achieved or exceeded the predetermined financial and strategic performance measures set at the beginning of the year. Please read the Compensation Discussion and Analysis section of this proxy statement for details regarding executive compensation and for a discussion of the philosophy and objectives of Brightpoint's 2010 compensation plan for our named executive officers.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission. The vote is advisory, which means that the vote is not binding on the company, our board of directors or the compensation committee. However, even though the vote on this proposal is non-binding, the board of directors and compensation committee value shareholder opinions and will consider the outcome of the vote when making future decisions regarding the compensation of our named executive officers.

Accordingly, we ask our shareholders to vote on the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE *FOR* THE APPROVAL OF THE RESOLUTION APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

**PROPOSAL 3:
ADVISORY VOTE ON SELECTION OF THE FREQUENCY
OF ADVISORY VOTE ON EXECUTIVE COMPENSATION**

The Dodd-Frank Wall Street Reform and Consumer Protection Act also provides that shareholders must be given the opportunity to vote, on a non-binding, advisory basis, for their preference as to how frequently we should seek future advisory votes on the compensation of our named executive officers as disclosed in accordance with the compensation disclosure rules of the Securities and Exchange Commission, which we refer to as an advisory vote on executive compensation. By voting with respect to this Proposal 3, shareholders may indicate whether they would prefer that we conduct future advisory votes on executive compensation once every one, two, or three years. Shareholders also may, if they wish, abstain from casting a vote on this proposal.

After careful consideration, our board of directors has determined that an annual advisory vote on executive compensation will allow our shareholders to provide timely, direct input on the company's executive compensation philosophy, policies and practices as disclosed in the proxy statement each year. The board believes that an annual vote is therefore consistent with the company's efforts to engage in an ongoing dialogue with our shareholders on executive compensation and corporate governance matters.

This advisory vote on the frequency of future advisory votes on executive compensation is non-binding on the board of directors. Shareholders will be able to specify one of four choices for this proposal on the proxy card: 1 year, 2 years, 3 years or abstain. Shareholders are not voting to approve or disapprove the board's recommendation. Although non-binding, the board and the compensation committee will carefully review the voting results. Notwithstanding the board's recommendation and the outcome of the shareholder vote, the board may in the future decide to conduct advisory votes on a more or less frequent basis and may vary its practice based on factors such as discussions with shareholders and the adoption of material changes to compensation programs.

Shareholders may cast a vote on the preferred voting frequency by selecting the option of 1 year, 2 years, 3 years, or abstain when voting on this proposal. The proxy card provides shareholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and, therefore, shareholders will not be voting to approve or disapprove the recommendation of the Board of Directors.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR 1 YEAR FOR THE RECOMMENDED FREQUENCY OF SHAREHOLDER VOTES REGARDING THE COMPENSATION OF NAMED EXECUTIVE OFFICERS.

The following table sets forth certain information regarding the beneficial ownership of Brightpoint's common stock as of the record date, based on information obtained from the persons named below, by:

Compensation committee interlocks and insider participation

During the fiscal year ended December 31, 2010, our board of directors, which includes Mr. Laikin, neither modified nor rejected any recommendations of the compensation committee. Also during the fiscal year ended December 31, 2010, none of our executive officers served on the board of directors or the compensation committee of any other company any of whose executive officers serve on either our board or our compensation committee.

Transactions with related persons

We utilize the services of a third party for the purchase of corporate gifts, promotional items and standard personalized stationery. Mrs. Judy Laikin, the mother of Robert J. Laikin, our chief executive officer, was the owner of this third party until June 1, 2000 and is currently an independent consultant to this third party. We purchased approximately \$163,000 and \$82,000 of services and products from this third party during 2010 and 2009, respectively. These purchases were subject to review and authorization by the audit committee; and we believe that these purchases were made on terms no less favorable to us than we could have obtained from an unrelated party.

During the fiscal years ended December 31, 2010 and 2009, we paid to an insurance brokerage firm, for which the father of Robert J. Laikin acts as an independent insurance broker, \$178,000 and \$192,000, respectively, in service fees. In addition, we pay certain insurance premiums to the insurance brokerage firm, which premiums were forwarded to our insurance carriers. These purchases were subject to review and authorization by the audit committee; and we believe these services were purchased on terms no less favorable to us than we could have obtained from an unrelated party.

Our articles of incorporation and by-laws provide that we indemnify our officers and directors to the extent permitted by law. In connection therewith, we entered into indemnification agreements with our executive officers and directors. In accordance with the terms of these agreements we have reimbursed certain of our former executive officers and intend to reimburse our officers and directors for their legal fees and expenses incurred in connection with litigation and regulatory matters, if any. We did not make any such reimbursement payments during 2010.

Since March 27, 2006, the brother-in-law of Mr. Boor has been employed by Brightpoint's Americas operations and was recently promoted to the role of Senior Vice President Supply Chain for our Americas operations. During 2010, the brother-in-law of Mr. Boor received total compensation and benefits of \$245,486; this compensation was approved by the audit committee.

Review, approval or ratification of transactions with related persons

Pursuant to our Code of Business Conduct, all of our officers and directors who have family members or friends that are seeking to supply goods or services to Brightpoint are required to notify our general counsel, who will review the proposed transaction and notify the audit committee of our board of directors for review and action as he sees fit, including, if necessary, approval by our board of the proposed transaction.

Section 16(a) beneficial ownership reporting compliance

Based solely on a review of Forms 3, 4 and 5 and amendments thereto furnished to us with respect to our most recent fiscal year, the following reporting reports were not filed on a timely basis: (1) John Alexander du Plessis Currie filed a Form 4 on March 3, 2010 reporting a sale that occurred on February 24, 2010; (2) Alex Paskoff filed a Form 4 on May 20, 2010 reporting a grant of Restricted Stock Units that occurred on May 15, 2010; (3) Ryan Polk filed a Form 4 on May 21, 2010 that reported a sale of common stock that occurred on May 18, 2010; and Chad Anderson filed a Form 3 on May 26, 2010 to report his status as a Section 16 filer, which became effective on May 11, 2010.

REPORT OF AUDIT COMMITTEE

The responsibilities of the audit committee are to assist the board of directors in fulfilling the board's oversight responsibilities with respect to (i) the integrity of the company's financial statements; (ii) the system of internal control over financial reporting; (iii) the performance, qualifications and independence of the company's independent registered public accounting firm; (iv) the company's internal audit function and (v) compliance with the company's ethics policies and applicable legal and regulatory requirements. The committee fulfills its responsibilities through periodic meetings with our independent registered public accounting firm, internal auditors and members of our management.

Throughout the year the audit committee monitors matters related to the independence of Ernst & Young LLP, our independent registered public accounting firm. As part of its monitoring activities, the committee obtained a letter from Ernst & Young, containing a description of all relationships between us and Ernst & Young. After reviewing the letter and discussing it with management, the audit committee discussed with Ernst & Young its overall relationship with us and any of those relationships described in the letter that could impact Ernst & Young's objectivity and independence. Based on its continued monitoring activities and year-end review, the committee has satisfied itself as to Ernst & Young's independence. Ernst & Young also has confirmed in its letter that, in its professional judgment, it is independent of Brightpoint within the meaning of the Federal securities laws and within the requirements of Rule 3526 of the Public Company Accounting Oversight Board, "Communication with Audit Committees Concerning Independence."

The audit committee also discussed with members of our management, our internal auditors and our independent registered public accounting firm, the quality and adequacy of our internal controls and the internal audit function's management, organization, responsibilities, budget and staffing. The committee reviewed with both our independent registered public accounting firm and our internal auditors their audit plans, audit scope, and identification of audit risks.

The audit committee discussed and reviewed with the independent registered public accounting firm all matters required by auditing standards generally accepted in the United States, including those described in SAS 114, "The Auditor's Communication with Those Charged with Governance", as adopted by the Public Company Accounting Oversight Board. With and without management present, the committee discussed and reviewed the results of the independent registered public accounting firm's examination of the financial statements. The committee also discussed the results of the internal audit examinations.

The committee reviewed and discussed our audited financial statements as of and for the fiscal year ended December 31, 2010 with our management and Ernst & Young. Management has the responsibility for the preparation and integrity of our financial statements and Ernst & Young, as our independent registered public accounting firm, has the responsibility for the examination of those statements. Based on the above-mentioned review and discussions with management and Ernst & Young, the audit committee recommended to our board of directors that our audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 for filing with the Securities and Exchange Commission. The committee also reappointed Ernst & Young as our independent registered public accounting firm and seeks shareholder ratification of such appointment.

**PROPOSAL 4:
RATIFICATION OF THE APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

We have engaged Ernst & Young LLP as our independent registered public accounting firm since October 1994. In connection with the audit of our 2010 financial statements, we entered into an engagement agreement with Ernst & Young that set forth the terms by which Ernst & Young will perform audit services for us. That agreement is subject to alternative dispute resolution procedures. Ernst & Young reported on our financial statements for the fiscal year ended December 31, 2010 and the audit committee of our board of directors has appointed Ernst & Young to audit and report on our financial statements for the year ending December 31, 2011.

Although shareholder approval of the appointment of Ernst & Young is not required by law, our board of directors believes that it is advisable to give shareholders an opportunity to ratify this appointment. In view of the difficulty and expense involved in changing auditors on short notice, however, should the shareholders not ratify the selection of Ernst & Young, it is contemplated that the appointment of Ernst & Young for the fiscal year ending December 31, 2011 will be permitted to stand unless the board finds other compelling reasons for making a change. Disapproval by the shareholders will be considered a recommendation that the board select other auditors for the following year. Furthermore, although the appointment of Ernst & Young is being submitted for shareholder ratification, the audit committee reserves the right, even after ratification by shareholders, to change the appointment of Ernst & Young as auditors, at any time during the 2011 fiscal year, if it deems such change to be in our best interests.

Representatives of Ernst & Young are expected to be present at our annual meeting and will be given the opportunity to make a statement, if they desire, and to respond to appropriate questions.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2011.

There were no fees for products and services by Ernst & Young, other than the services described in the paragraphs captioned **Audit Fees**, **Audit-Related Fees**, and **Tax Fees** above for the years ended December 31, 2010 and 2009.

The audit committee has established its pre-approval policies and procedures, pursuant to which the audit committee approved the foregoing audit and permissible non-audit services provided by Ernst & Young in 2010. The audit committee's pre-approval policy is as follows: consistent with the audit committee's responsibility for engaging our independent auditors, all audit and permitted non-audit services require pre-approval by the audit committee. All requests or applications for services to be provided by the independent registered public accounting firm that do not require specific approval by the audit committee will be submitted to the Chief Financial Officer and must include a detailed description of the services to be rendered. The chief financial officer will determine whether such services are included within the list of services that have received the general pre-approval of the audit committee. The audit committee will be informed on a timely basis of any such services rendered by the independent auditor. Request or applications to provide services that require specific approval by the audit committee will be submitted to the audit committee by both the independent auditor and the chief financial officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the Securities and Exchange Commission's rules on auditor independence. The audit committee has designated our vice president of internal audit to monitor the performance of all services provided by the independent auditor and to determine whether such services are in compliance with this policy. The vice president of internal audit will report to the audit committee on a periodic basis on the results of his monitoring. The vice president of internal audit and management will immediately report to the chairman of the audit committee any breach of this policy that comes to the attention of the vice president of internal audit or any member of management. The audit committee will also review the internal auditor's annual internal audit plan to determine that the plan provides for the monitoring of the

(1) Adjusted income from continuing operations (non-GAAP) for the year ended December 31, 2010 excludes the following items:

\$14.8 million (pre-tax) of non-cash amortization expense related to acquired intangible assets.

\$10.3 million (pre-tax) of non-cash stock based compensation expense.

\$2.9 million (pre-tax) of acquisition expenses related to the purchase of Touchstone Wireless Repair and Logistics, L.P.

\$6.2 million (pre-tax) of restructuring charges which primarily consists of lease termination charges and severance charges in connection with continued global entity consolidation and rationalization.

\$0.9 million (pre-tax) of costs related to the settlement of a legal dispute that arose in 2006 with the landlord of the former headquarters of Dangaard Telecom in Denmark; Dangaard Telecom was acquired by the Company in July 2007.

\$0.2 million (pre-tax) charge related to a contingency that was assumed with the purchase of Dangaard Telecom in July 2007.

\$10.5 million tax benefit of the excluded expenses described above.

\$0.1 million of net discrete tax expense. \$3.1 million of expense is related to valuation allowances on deferred tax assets resulting from previous net operating losses in Colombia, Denmark, and Belgium that are no longer expected to be utilized and \$1.4 million of expense is related to valuation allowances on foreign tax credits that are no longer expected to be utilized in the U.S. This tax expense is offset by \$3.8 million of tax benefit related to the reversal of valuation allowances on deferred tax assets that are expected to be utilized as a result of restructuring the legal ownership of certain European subsidiaries and \$0.6 million of tax benefit related to the reversal of valuation allowance on deferred tax assets that are expected to be utilized in Denmark.

- (2) Adjusted income from continuing operations (non-GAAP) for the year ended December 31, 2009 excludes the following items:

\$15.5 million (pre-tax) of non-cash amortization expense related to acquired intangible assets.

\$6.4 million (pre-tax) of non-cash stock based compensation expense.

\$13.4 million (pre-tax) of restructuring charges in connection with our previously announced 2009 Spending and Debt Reduction Plan.

\$11.6 million tax benefit of the excluded expenses described above.

\$7.7 million non-cash, non-taxable gain on the settlement of an indemnification with NC Telecom Holding A/S.

\$11.4 million of net discrete tax benefit, which is comprised of a \$16.3 million benefit for the reversal of a valuation allowance on certain tax assets that are expected to be utilized in the U.S. and the reversal of a reserve on an uncertain tax position in Germany that became more likely than not to be sustained. These benefits were partially offset by \$4.9 million of income tax expense related to a valuation allowance on deferred tax assets resulting from previous net operating losses in Denmark, Colombia, and Spain that are no longer expected to be utilized.

- (3) Weighted average common shares outstanding diluted for year ended December 31, 2010 and 2009 includes the effect of 2.4 million (2010) and 1.9 million (2009) common shares outstanding that are presumed to be repurchased under the U.S. GAAP treasury stock method related to stock based compensation expense.

Table of Contents*Return on Invested Capital*

Below is the calculation of the company's ROIC for the trailing four quarters ended December 31, 2009 and 2010:

	Trailing Four Quarters Ended	
	December 31, 2010	December 31, 2009
Operating income after taxes (non-GAAP):		
Operating income from continuing operations	\$ 60,409	\$ 36,633
Plus: restructuring charge*	6,225	13,413
Less: estimated income taxes (1)	(23,322)	(17,516)
Operating income after taxes (non-GAAP)	\$ 43,312	\$ 32,530
Invested Capital:		
Debt	\$ 90,408	\$ 97,017
Shareholders' equity	244,353	276,927
Invested capital	\$ 334,761	\$ 373,944
Average invested capital (2)	\$ 343,419	\$ 382,467
ROIC (3)	13%	9%

- (1) Estimated income taxes were calculated by multiplying the sum of operating income from continuing operations and the restructuring charge by an effective tax rate of 35%, which represents an estimated, blended statutory tax rate for the markets in which we operate. The tax rate will be revised beginning in 2011 as our actual effective tax rate has been below 35% for several quarters due to a shift in the geographic mix of income. Using the 2010 non-GAAP effective tax rate of 27%, ROIC for the trailing four quarters ended December 31, 2010 would have been approximately 14%.
- (2) Average invested capital for quarterly periods represents the simple average of the beginning and ending invested capital amounts for the respective quarter. Average invested capital for the trailing four quarters represents the simple average of the invested capital amounts for the current and four prior quarter period ends.
- (3) ROIC is calculated by dividing non-GAAP operating income after taxes by average invested capital. ROIC for quarterly periods is stated on an annualized basis and is calculated by dividing non-GAAP operating income after taxes by average invested capital and multiplying the results by four.

* We exclude items such as restructuring charges from our calculation of Operating income after taxes (non-GAAP) because we do not believe such items are representative of expected future returns. Therefore, we believe decisions to allocate resources should not be influenced by such items.
