The following description of the Credit Agreement is a summary only and is qualified by the full text of the Credit Agreement which is filed herewith as Exhibit 10.1 and incorporated herein by reference.

The Credit Agreement amends and restates that certain Amended and Restated Credit Agreement dated December 6, 2006 among the Company, SESI, JPMorgan Chase Bank, N.A. and the lenders party thereto, which provided for a \$250 million revolving credit facility and a term loan in the aggregate principal amount of \$200 million. The term loan was not required to finance the Company's acquisition of Warrior Energy Services Corporation and, as a result, the Credit Agreement provides solely for a \$250 million senior secured revolving credit facility.

The proceeds of the credit facility may be used for capital expenditures, certain acquisitions as set forth in the Credit Agreement and general corporate purposes. Indebtedness under the Credit Agreement is secured by (a) the assets of SESI and certain of its domestic subsidiaries (b) certain outstanding shares of stock or partnership or membership interests of SESI and certain of its subsidiaries, (c) the Company's entire membership interest of SESI, (d) joint and several guaranties by certain of SESI's domestic subsidiaries and (e) a joint and several guaranty by the Company.

Borrowings will bear interest at a fluctuating rate per annum equal to (a) the higher of the prime rate or the federal funds effective rate plus 0.5% plus (b) an applicable margin ranging from 0.0% to 1.0%. All outstanding revolving loans, and accrued and unpaid interest, will be due and payable on June 14, 2011, the maturity date of the credit facility.

The Credit Agreement contains certain affirmative and negative covenants, including, among others, covenants regarding financial reporting, use of proceeds, notice requirements, taxes, insurance policies, compliance with laws, maintenance of properties, restrictions on certain payments, limitations on incurring indebtedness, mergers, acquisitions, certain sales of assets, granting liens, transactions with affiliates, incurring liabilities and investments. The Credit Agreement also contains certain financial covenants, including leverage ratio, adjusted leverage ratio and fixed charge coverage ratio requirements.

The Credit Agreement contains customary events of default. Upon the occurrence of an event of default that remains uncured after any applicable cure period, the lenders' commitment to make further loans may terminate and SESI may be required to make immediate repayment of all indebtedness to the lenders, and the lenders would be entitled to pursue other remedies against SESI, the collateral and the Company and the other guarantors under their guaranty.
