Proxy Statement

The proxy you received is solicited by the Board of Directors of Marshall & Ilsley Corporation (the "Company" or "M&I") for use at the Annual Meeting of Shareholders to be held on Tuesday, April 22, 2003 (the "Annual Meeting"). At the Annual Meeting, the shareholders of the Company will elect six Class I Directors, each of whom will hold office until April 2006 and, with respect to each Director, until his or her successor is elected and qualified. The Company's shareholders will also be asked to approve the Company's 2003 Executive Stock Option and Restricted Stock Plan (the "2003 Stock Option Plan"), the Company's Amended and Restated 1994 Long-Term Incentive Plan for Executives (the "1994 Long-Term Incentive Plan" or "LTIP"), and an amendment to the Company's Restated Articles of Incorporation to increase the authorized common stock of the Company from 320,000,000 shares to 700,000,000 shares.

The expense of printing and mailing proxy materials, including expenses involved in forwarding materials to beneficial owners of common stock held in the name of another person, will be borne by the Company. No solicitation other than by mail is contemplated, except that officers or employees of the Company or its subsidiaries may solicit the return of proxies from certain shareholders by telephone. In addition, the Company has retained Morrow & Co., Inc. to assist in the solicitation of proxies for a fee of approximately \$6,500 and any reasonable out-of-pocket disbursements. The Proxy Statement and the Proxy are being sent to the Company's shareholders commencing on or about March 10, 2003. Shareholders who have consented to electronic delivery of the Proxy Statement and the Company's Annual Report on Form 10-K will receive those documents via posting on M&I's web site: www.micorp.com/ereports.html.

Each shareholder of record at the close of business on February 27, 2003 will be entitled to one vote for each share of common stock registered in such shareholder's name. The Company has one class of capital stock outstanding: its \$1.00 par value common stock (the "Common Stock"). As of February 27, 2003, the Company had _____ shares of Common Stock outstanding. The presence, in person or by proxy, of the holders of a majority of the shares of the Common Stock outstanding on the record date is required for a quorum with respect to the matters on which action is to be taken at the Annual Meeting.

Any shareholder executing and delivering his or her proxy may revoke the same at any time prior to the voting thereof by advising the Secretary of the Company in writing (including executing a later-dated proxy or voting via the Internet) or by telephone of such revocation.

The Company has instituted the Dividend Reinvestment and Cash Investment Plan (the "Reinvestment Plan") administered by Continental Stock Transfer & Trust Company, as Trustee. Under the provisions of the Reinvestment Plan, shares of Common Stock are acquired and held in nominee name by Continental Stock Transfer & Trust Company for participating shareholders. Shares so held have been separately designated on the proxy card pertaining to each participant and will be voted at the Annual Meeting in the same manner in which the participant votes those shares registered in his or her own name either by proxy or in person.

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form PRE 14A

The Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002 is being provided to shareholders with this Proxy Statement.

Unless otherwise directed, all proxies will be voted FOR the election of each of the individuals nominated to serve as a Class I Director, FOR approval of the 2003 Stock Option Plan, FOR approval of the 1994 Long-Term Incentive Plan, and FOR approval of the proposed amendment to the Company's Restated Articles of Incorporation. Abstentions and broker non-votes (i.e., proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owners to vote shares as to a particular matter with respect to which the brokers or nominees do not have discretionary power to vote) will be treated as present for purposes of determining a quorum. Directors are elected by a plurality of the votes cast by holders of the Company's Common Stock entitled to vote at a meeting at which a quorum is present. In other words, the six nominees who receive the largest number of votes will be elected as directors. Any

shares not voted, whether by withheld authority, broker non-vote or otherwise, will have no effect in the election of directors except to the extent that the failure to vote for an individual results in another individual receiving a larger number of votes. Any votes attempted to be cast against a candidate are not given legal effect and are not counted as votes cast in an election of directors. Approval of the 2003 Stock Option Plan and the 1994 Long-Term Incentive Plan requires the affirmative vote of a majority of the votes cast on each proposal, provided that the total vote cast on such proposal represents over 50% of the Company's outstanding shares. With respect to the proposals to approve the 2003 Stock Option Plan and the 1994 Long-Term Incentive Plan, abstentions will have the effect of votes against such proposals and broker non-votes will not be counted as votes cast on either proposal. The affirmative vote of the holders of two-thirds of the Company's outstanding shares is required to approve the proposed amendment to the Company's Restated Articles of Incorporation. With respect to the proposal to approve the amendment to the Company's Restated Articles of Incorporation, abstentions and broker non-votes will have the effect of votes against such proposal.

LOANS AND OTHER TRANSACTIONS WITH THE COMPANY

Customers of the bank subsidiaries of the Company include nominees, directors and officers of the Company and their associates. Since January 1, 2002, such persons and firms have been indebted to the Company's bank subsidiaries for loans made in the ordinary course of business. All such loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with others and did not involve more than the normal risk of collectibility or present other unfavorable features. In addition to loans, bank subsidiaries of the Company provide other banking services in the ordinary course of business to directors and executive officers and their associates.

From time to time, directors and officers of the Company and their associates may sell shares of their Common Stock to the Company pursuant to the Company's stock repurchase program. The purchase price for any such sales is the prevailing market price at the time of such sale.

On January 30, 2003, the Company and Mississippi Valley Capital Company, a wholly-owned subsidiary of the Company, sold certain of their assets to Eagle Capital, LLC (Eagle Capital). Andrew N. Baur, a Director of the Company, owns a controlling interest in Eagle Capital. The assets sold to Eagle Capital generally consisted of equity investments in a number of investment partnerships and the name Mississippi Valley Capital Company. The cash consideration paid by Eagle Capital was \$3,382,275. In addition, Eagle Capital assumed certain liabilities related to the purchased assets. Under the terms of the purchase agreement, the Company will provide a minority member of Eagle Capital with office space rent-free for a year. The Company obtained an independent third-party appraisal of the fair market value of the assets sold to Eagle Capital (other than for one note which was sold at face value), and the transaction was approved by the Audit Committee.

In connection with the Company's merger with Mississippi Valley Bancshares, Inc. on October 1, 2002, Mr. Baur entered into an employment agreement with M&I Marshall & Ilsley Bank under which Mr. Baur will be employed until December 31, 2004. Under this agreement, Mr. Baur receives a base salary of \$311,000 per year and an annual incentive bonus of \$200,000, and is entitled to certain other benefits, including the right to participate in M&I's benefit and qualified retirement plans, the use of a car (which will be transferred to him at no cost on December 31, 2004), and the payment of club dues until he reaches the age of 65. Mr. Baur also will be provided with office space until December 31, 2009 and health insurance coverage until he reaches the age of 65 and, thereafter, he will be entitled to participate in M&I's Medicare supplemental insurance plan. Mr. Baur will be entitled to receive payments of \$2,000 per month after termination of employment until he reaches the age of 65.

- The executive officers who appear in the table (other than the Chief Executive Officer) may vary from year to year based primarily on the fact that some executive officers have annual incentive plan awards (bonuses) based on different criteria than other executive officers. This is the case in 2002 for Mr. Joseph L. Delgadillo, Chairman of the Board, President and Chief Executive Officer of Metavante Corporation, whose base salary is among the top five in the Company and who has appeared in the table for the last eight years.
- Salary adjustments for the Company's executive officers generally are effective on January 1 of each year. Accordingly, the 2002 base salaries reflected above were effective January 1, 2002 and earned during the calendar year. Due to uncertain economic conditions, approximately 70 senior managers of the Company, including the named executive officers, have agreed to no increase in base salaries for 2003.
- As of December 31, 2002, the following executives had unreleased Key Restricted Stock: Mr. Bolger 6,000 shares valued at \$161,280 and Mr. Furlong 20,000 shares valued at \$537,600. The values were arrived at using a year end 2002 closing market price of \$27.38 per share less consideration which is paid by the executive upon issuance of award. Dividends are paid on restricted stock.
- Amounts shown reflect the two-for-one M&I stock split that became effective on June 17, 2002.
- LTIP payouts in any given year are based on the number of LTIP units awarded with respect to the prior three-year period and the Company's performance during such period. Accordingly, the amount of LTIP payouts may vary from year to year and in some years there may be no payouts under the LTIP. For 2002 the named executive officers received payouts for awards made with respect to the three-year period from January 2000 through December 2002. The performance criteria for this three-year cycle were based upon both the Company's total shareholder return in relation to companies in the Keefe, Bruyette & Woods 50 Bank Index (the KBW 50 Index) and the Company's cumulative three-year earnings per share relative to predetermined goals. During this period, the Company's total shareholder return was below the threshold level and earnings per share performance exceeded the target level, which when combined resulted in payouts below the total targeted level of the plan.
- Includes the following amounts paid by M&I under the Retirement Program for 2002: Mr. Kuester \$16,470; Mr. Wigdale \$21,500; Mr. Bolger \$21,500; Mr. Furlong \$21,500; and Mr. Williams \$22,000. Includes the following amounts paid by M&I under a Split Dollar Life Insurance Plan for the benefit of the executives for 2002: Mr. Kuester \$6,384; Mr. Wigdale \$13,842; and Mr. Williams \$114. Includes the following employer contributions under the Executive Deferred Compensation Plan based on compensation paid or deferred during 2002: Mr. Kuester \$116,192; Mr. Wigdale \$124,515; Mr. Bolger \$58,847; Mr. Furlong \$47,504; and Mr. Williams \$31,428. Includes the following difference between the amount accrued by M&I on account balances under the Supplementary Retirement Benefits Plan and the Executive Deferred Compensation Plan for 2002 (utilizing crediting rates under the plans which are indexed to either the Moody's A Long-Term Corporate Bond Rate or the S&P 500 Index, based upon the participant's election) over the amount determined pursuant to SEC rules: Mr. Kuester \$111,359; Mr. Wigdale \$42,740; Mr. Bolger \$12,299; Mr. Furlong \$2,249; and Mr. Williams \$22,496. Includes the following management transition incentive based on duties performed over a multi-year period: Mr. Wigdale \$200,000.
- Mr. Wigdale served as Chief Executive Officer through December 31, 2001. Amounts shown for 2000 and 2001 were paid to Mr. Wigdale as compensation for his services as Chairman of the Board and Chief Executive Officer.
- Mr. Furlong joined the Company in April 2001. Upon hire, Mr. Furlong received an option to purchase 120,000 shares of the Company's Common Stock and an award of 20,000 shares of Key Restricted Stock, which awards are reflected in the table.

The following table provides information on options granted to the named executive officers during 2002.

- (1) Options generally become exercisable based on the following schedule: one-third on the first anniversary of the date of grant, an additional one-third on the second anniversary of the date of grant and the remaining one-third on the third anniversary of the date of grant. All options will become immediately exercisable upon a triggering event (which relates to a change of control of the Company). Employees who have attained age 55 and have at least ten years of service with the Company or a subsidiary receive options which are fully vested on the date of grant.
- (2) All options have an exercise price equal to 100% of the fair market value of the Company's Common Stock on the date of grant. The exercise price may be paid in cash or by delivery of shares of the Company's Common Stock.
- (3) The grant date present values were determined using the Black-Scholes model with the following common assumptions: a six-year expected period of time to exercise; a risk-free rate of return of 3.48%; an expected dividend yield of 2.24%; and a volatility factor of 31.09%.
- (4) Amounts shown reflect the two-for-one M&I stock split that became effective on June 17, 2002.

The following table provides information on options exercised during 2002, and options held at year end, by the named executive officers.

The following table provides information on long-term incentive plan awards to the named executive officers.

LONG-TERM INCENTIVE PLAN AWARDS IN LAST FISCAL YEAR

Name	Awards Granted December 2002 for the Performance Period Beginning January 2003	
	Number of Shares, Units or Other Rights(1)(2)	Performance or Other Period Until Maturation or Payout
Dennis J. Kuester	15,000	3 Years
James B. Wigdale	12,500	3 Years
Thomas M. Bolger	8,000	3 Years
Mark F. Furlong	6,000	3 Years
Jeffrey V. Williams	6,000	3 Years

- (1) Units awarded represent share equivalents of the Company's Common Stock. The performance period is the three years commencing on January 1, 2003 and ending on December 31, 2005 for awards granted in December 2002. Additional units will be credited to each participant's account when dividends are paid on shares of the Company's Common Stock. Vesting of units occurs at the end of the three-year period except in the case of the death or disability of the participant, termination of a participant's employment due to retirement, or the occurrence of a triggering event (which relates to a change in control of the Company). Upon the occurrence of a triggering event, units vest notwithstanding continued employment by the acquiring company. A payout multiple is applied to the units awarded to a participant based on the Company's performance in relation to two equally weighted performance criteria, which represent (a) the total return of the Company's Common Stock for the three-year period when compared with the total return for those stocks composing the KBW 50 Index and (b) the Company's cumulative earnings per share for the three-year period. The Company's performance in relation to the performance criteria is calculated independently, thereby allowing a participant to receive a payout under one of the criterion but not under the other. The minimum payout multiple is zero for each criterion and the maximum is 137.50%, resulting in a combined maximum of 275%. The resulting payout multiple is applied to the units awarded and units awarded to the participant in lieu of the payment of dividends. Before awards are paid, the Compensation Committee must certify the extent to which the performance criteria have been met.
- (2) Amounts shown reflect the two-for-one M&I stock split that became effective on June 17, 2002.

The following table sets forth certain information about shares of M&I Common Stock that are authorized for issuance under the Company's equity compensation plans as of December 31, 2002, not including the number of shares under the 2003 Stock Option Plan.

- (1) The table does not include information regarding the following plans: the Company's Dividend Reinvestment and Cash Investment Plan; the M&I Retirement Program (an employee benefit plan intended to meet the qualification requirements of Section 401(a) of the Internal Revenue Code of 1986, as amended); and the Directors Deferred Compensation Plan. Under the Directors Deferred Compensation Plan, directors may elect to defer all or a portion of their directors' fees into one of two accounts: (i) a cash account, earning interest at a

- rate payable to that earned on U.S. Treasury Bills with maturities of 13 weeks or (ii) a Common Stock account in which shares are purchased on the open market and held in trust until the director's retirement.
- (2) Includes 736,604 shares to be issued upon exercise of outstanding options under plans assumed by the Company in mergers. The weighted-average exercise price of outstanding options granted under plans assumed in mergers as of December 31, 2002 was \$18.03. There will be no further grants under these assumed plans.
 - (3) Does not include 322,900 outstanding units awarded and 882,600 units available for issuance under the 1994 Long-Term Incentive Plan (not including additional units credited to the accounts of participants in lieu of the payment of cash dividends or the proposed increase in the number of units under the plan). See Note (1) in the long-term incentive plan awards table for a description of the 1994 Long-Term Incentive Plan. Although the Compensation Committee has the discretion to pay LTIP awards in cash, Common Stock or a combination of both, all awards have been paid in cash and the Company is currently not aware of any circumstances which would cause the Compensation Committee to pay these awards in Common Stock.
 - (4) Includes 40,834 shares available for issuance under the 1993 Executive Stock Option Plan; 225,000 shares available for issuance under the 1995 Directors Stock Option Plan; 61,083 shares available for issuance under the 1997 Executive Stock Option and Restricted Stock Plan; 2,788,419 shares available for issuance under the 2000 Executive Stock Option and Restricted Stock Plan; and 1,541,115 shares available for issuance under the 2000 Employee Stock Purchase Plan. Under the 2000 Employee Stock Purchase Plan, eligible employees may purchase shares annually by payroll deductions, subject to certain aggregation limitations, at a purchase price equal to 85% of the lesser of the fair market value of the Company's Common Stock on the first day or last day of the offering period. The number of shares available for sale under this plan may be increased on January 1 of each year by an amount equal to the lesser of (i) 200,000 shares, (ii) the number of shares purchased by employees under the plan in the previous year or (iii) a lesser amount determined by the Board of Directors.
 - (5) All of the Company's existing equity compensation plans have been approved by shareholders.

RETIREMENT PLANS

The Marshall & Ilsley Corporation Nonqualified Retirement Benefit Plan (the "Nonqualified Plan") provides Messrs. Kuester and Wigdale with a supplemental retirement benefit. The purpose of the Nonqualified Plan is to provide an annual retirement benefit such that the sum of the benefits from the Retirement Growth Plan, the Corporation's Amended and Restated Supplementary Retirement Benefits Plan (the "SERP"), the SERP Account of the Corporation's Amended and Restated Deferred Compensation Plan, Social Security and the Nonqualified Plan equals 60% of the sum of the participant's average salary and annual short-term incentive compensation for his last five years of employment. The total benefit under the Nonqualified Plan is adjusted in the event of death or early retirement before age 62, and can be paid for life with a 120-month certain pay-out or on a joint and survivor basis at the option of the participant. The pay-out option elected may also affect the amount of the annual benefit. For Mr. Wigdale, the monthly retirement benefit under the Nonqualified Plan is \$41,313. For Mr. Kuester, the estimated monthly retirement benefit beginning at age 65 is \$37,753 (assuming he retires on or after attaining age 62), determined based on the five year average compensation earned through December 31, 2002 and various actuarial and interest rate assumptions. In the event of a Change in Control (as defined in the Nonqualified Plan), each participant who is actively employed will be deemed to retire on the date of the Change of Control but will have no reduction in benefits under the Nonqualified Plan for retiring prior to age 62. A participant has the option, in certain circumstances, to elect to receive the present value of the benefits to which he is entitled under the Nonqualified Plan upon a Change of Control regardless of his age at that point. Under the terms of the Nonqualified Plan, Mr. Wigdale was eligible to begin receiving benefits in January 2002. However, in connection with his continued full-time active employment, Mr. Wigdale has elected to forego the payments otherwise due to him for 2002 and 2003.

The Marshall & Ilsley Corporation Executive Deferred Compensation Plan (the "Deferred Compensation Plan") provides selected key employees of M&I, including the named executive officers, with the ability to defer up to 80% of base salary and 100% of bonus. Those employees electing to participate have two investment options for amounts deferred: a fixed rate option equal to the Moody's A Long-Term Corporate Bond Rate for the month of September of the previous year and an equity option equal to the total return of the S&P 500 Index. The percentage allocated to any investment option may not be less than 10% and elections may be changed semi-annually. Amounts deferred are distributable upon termination of employment at the election of the participant. Choices range from a lump sum distribution upon termination of employment to a pay-out over 15 years if a participant's employment terminates on or after age 55, other than because of death or disability, with at least 10 years of service. Amounts deferred and investment returns thereon are held in the Marshall & Ilsley Corporation Deferred Compensation Trust II of which Marshall & Ilsley Trust Company N.A. is the trustee (the "Trust").

M&I's Supplementary Retirement Benefits Plan (the "SERP") is a nonqualified benefit plan which through August 1999 covered employees whose compensation exceeded the statutory limits on compensation which were taken into account for purposes of crediting contributions to M&I's Retirement Growth Plan. Participants included all of the executive officers named in the Summary Compensation Table, except Mr. Furlong who joined the Company in April 2001. The SERP was suspended in August 1999 and M&I has made no further contributions to the SERP. Existing account balances under M&I's Retirement Growth Plan in the SERP will continue to vest as long as the participant remains employed by M&I and will be credited with the applicable investment return until pay-out pursuant to the terms of the SERP. The Deferred Compensation Plan was amended such that persons eligible to participate therein will receive an allocation equal to the amount that would have formerly been allocated under the SERP. This amount, which would have been allocated to such participant's account under M&I's Retirement Growth Plan absent the statutory limitations, is credited to an account which vests after an employee has five years of vesting service (as defined in M&I's Retirement Growth Plan). Participants have the same investment and pay-out elections as other accounts in the Deferred Compensation Plan, described above, and amounts credited under the SERP are held in the Trust.

In lieu of certain benefits under the Deferred Compensation Plan and/or the SERP, Messrs. Wigdale and Kuester and three other senior executives agreed in 2000 to receive certain life insurance benefits. Under this arrangement, M&I will pay premiums on the life insurance policies purchased for the benefit of the participants and will retain a collateral interest in those policies equal to the amount of the premiums paid by M&I under a split-dollar arrangement. The present value cost of any life insurance purchased under these split-dollar life insurance arrangements, after the return on premiums, was off-set by the present value of the reduction in projected benefits payable under the plans.

CHANGE OF CONTROL AGREEMENTS AND RELATED MATTERS

In order to assure management continuity and stability, as of February 1, 2003, M&I had substantially similar Change of Control Agreements (the "Change of Control Agreements") outstanding with all of the named executive officers, ten additional executive officers and 13 other officers and employees of the Company and its subsidiaries (collectively, the "Executives"). The Change of Control Agreements with four of the five named executive officers each have a term of three years. The Change of Control Agreements with the other Executives each have a term of two years.

The Change of Control Agreements guarantee the Executives specific payments and benefits upon a termination of employment as a result of a change of control of M&I. If a change of control occurs, the contract becomes effective and continues for the relevant term. The employment term renews on a daily basis until M&I gives notice to terminate the daily renewal.

The Change of Control Agreements provide for specified benefits after a change of control if the Executive voluntarily terminates for "good reason" or is involuntarily terminated other than for "cause" (as such terms are defined in the Change of Control Agreements). In addition, in the case of some Change of Control Agreements, at the end of six months after a change of control, the Executive may terminate employment for any reason and is entitled to receive full benefits. Upon a termination, the Executive is entitled to (a) a lump sum payment equal to two or three times (depending on whether the contract is a two- or three-year contract) the sum of the Executive's current base salary plus the higher of the Executive's bonus for the last year or the Executive's average bonus for the past three years, (b) a proportionate amount of any unpaid bonus deemed earned for the year of termination, (c) a lump sum payment equal to the retirement benefits lost as a result of not having been employed for the remaining contract term, (d) health and other benefits for the remaining contract term, and (e) payments for certain other fringe benefits. In the event of a termination of employment as a result of his death, the Executive's beneficiary is entitled to six months of base salary. No additional benefits are guaranteed under the contract upon an Executive's disability or termination of employment by M&I for cause.

The Change of Control Agreements provide that upon a change of control most restrictions limiting the exercise, transferability or other incidents of ownership of any outstanding award, restricted stock, options, stock appreciation rights, or other property rights of M&I granted to the Executive shall lapse, and such awards shall become fully vested, except in certain circumstances. In addition, upon certain events following a change of control, some option agreements provide that options will remain exercisable for the lesser of (a) the remainder of their respective

terms or (b) one year after the Executive's death. The Change of Control Agreements also provide for

gross-up payments in the event payments to an Executive under the Change of Control Agreement are subject to the excise tax (the Excise Tax) provided for under Section 4999 of the Internal Revenue Code of 1986, as amended (the Code), or any similar federal, state or local tax which may be imposed, in an amount such that the net amount retained by the Executive, after deduction of any Excise Tax on the payments and any federal, state and local income tax and Excise Tax on the gross-up payment, shall be equal to the payments then due.

NON-EMPLOYEE DIRECTOR COMPENSATION

Directors of M&I who are not employees are paid a retainer fee of \$18,000 per year. In addition, non-employee directors receive a fee of \$1,500 for each Board meeting which they attend and \$1,000 for each committee meeting which they attend. The chairs of the Audit, Compensation, Nominating and Corporate Governance, and Retirement Investment Committees are paid a retainer fee of \$5,000 per year. Mr. Urdan is also paid \$5,000 per year to act as presiding director at the non-management executive sessions of the Board. M&I has established a deferred compensation plan for its Directors. Under such plan, all or part of the fees received by a Director may be deferred at the election of the Director. Amounts deferred may be allocated to one of two accounts as selected by the participating Director: (i) the Common Stock account or (ii) a cash account, earning interest at a rate equal to that earned on U.S. Treasury Bills with maturities of 13 weeks. Deferred amounts are payable in a lump sum or in not less than two nor more than 10 annual installments, as elected by the participating Director, or, if no such election is made, in five annual installments. Messrs. Oscar C. Boldt (who retired from the Board in April 2002), Bueche, Chait, Jacobs, Johnson, Kellner, Mellows, Meyer, O Toole, Schaefer, Urdan and Wardeberg elected to defer compensation under the plan during 2002. Directors of M&I who are also Directors of subsidiaries of M&I receive compensation from such subsidiaries in varying amounts based on the Director compensation schedule of such subsidiaries. Directors of subsidiaries of M&I may also elect to defer compensation under the plan.

Directors of M&I who are not employees of M&I or its subsidiaries also participate in the 1995 Directors Stock Option Plan. On the date of each Annual Meeting of Shareholders, each participant in the plan elected or re-elected as a director at such Annual Meeting receives an option for that number of shares of Common Stock equal to the multiple of 5,000 and the number of years in the term to which such participant has been elected. In addition, a participant who is appointed to fill a vacancy on the Board of Directors, or a director who becomes a participant because such director ceases to be employed by the Company or its subsidiaries, will receive, on the date of the next Annual Meeting, an option for that number of shares of Common Stock equal to a multiple of 5,000 and the number of years remaining in such participant's term as a director of the Company. Under the terms of this plan, the option price per share will not be less than 100% of the fair market value of the shares on the date the option is granted, the options will not be exercisable more than 10 years after the date of grant, and the options will terminate no later than three years after the participant ceases to be a director of the Company for any reason. Such options may be exercised at any time after they are granted. The exercise price of an option may, at the participant's election, be paid in cash or previously owned shares of Common Stock or a combination thereof.

In connection with the merger with National City Bancorporation on August 1, 2001, M&I entered into a consulting and noncompetition agreement with Mr. Andreas. M&I agreed to pay Mr. Andreas a monthly consulting fee of \$25,000 and provide health and dental benefits to Mr. Andreas and his family for a term of one year beginning on January 1, 2002. Mr. Andreas agreed to provide consulting services to the Company and abide by certain confidentiality, nonsolicitation and noncompetition provisions for the term of the agreement.

COMPENSATION AND HUMAN RESOURCES COMMITTEE REPORT

General Policy

The Compensation and Human Resources Committee (the Compensation Committee) determines the compensation policy for executive officers, makes awards and sets performance criteria under the Company's incentive plans, and determines the salary levels for executive officers. The Company's compensation program is designed to offer a competitive total compensation value that will attract and retain high quality talent and

ensure alignment of a significant portion of the executive's total compensation to the annual and long-term performance of the Company as well as the creation of stockholder value. The Compensation Committee bases its compensation decisions primarily on its overall assessment of the executive's contribution to the profitability of the Company on both a long-term and short-term basis and the relevant market relationship of the executive officer's compensation. The Compensation Committee reviews the executive's performance in light of both the historical financial performance of the Company and the Compensation Committee's assessment of the executive's role in ensuring the

future financial success of the Company. In this respect, the Compensation Committee seeks to reward leadership, innovation and entrepreneurship. The compensation package for senior executives has both objective (performance based) and subjective elements. Awards under the Annual Executive Incentive Plan are based on the achievement of specified performance criteria determined by the Compensation Committee. For certain executive officers, the financial performance of the business unit or division for which that executive has responsibility may receive a proportionately larger consideration by the Compensation Committee in determining that executive's compensation. The Compensation Committee reviews the compensation plans for executives in order to determine whether such plans are consistent with the Company's objectives and financial performance.

The Compensation Committee is aware of the limitations imposed by Section 162(m) of the Internal Revenue Code of 1986, as amended, on the deductibility of compensation paid to certain senior executives to the extent it exceeds \$1 million per executive. The Compensation Committee currently intends to recommend compensation amounts and plans which will meet the requirements for deductibility.

2002 Compensation

Overview

With regard to 2002 compensation decisions, the Compensation Committee reviewed the Company's financial performance on both a long-term and short-term basis, the overall performance of each executive officer, the market relationship of compensation paid to the Company's executive officers and other information which the Compensation Committee deemed relevant in the case of any particular individual. A market study was prepared by the Compensation Committee's compensation consultants, Hewitt Associates LLC. The study provided the Compensation Committee with information on the Company's compensation practices relative to the market. The Compensation Committee also reviewed other analyses of the Company's compensation levels and financial performance which included comparisons to the companies in the KBW 50 Index, which is the same peer group used in the performance graph, and a more defined group of similarly sized bank holding companies. The Compensation Committee utilized the peer group data and other information in order to reflect competitive factors and performance. In the case of any particular individual, circumstances unique to such individual such as increased responsibilities or extraordinary effort may also be reflected. In assessing the Company's performance, the Compensation Committee considered, among other things, the profitability of the Company as a whole on both a long-term and short-term basis (including net income, earnings per share, return on average shareholders' equity and return on average assets). The Compensation Committee also considered total shareholder return in comparison to the Company's peers. The Compensation Committee's decisions with respect to compensation generally reflect all of the factors considered, including objective factors and the Compensation Committee's subjective assessment of the executive's performance.

Annual Executive Incentive Plan

The Annual Executive Incentive Plan provides for annual cash incentives (bonuses) to the participants, which include all but one of the executive officers, based upon one or more objective financial performance criteria selected by the Compensation Committee. Metavante Corporation's Chairman, President and Chief Executive Officer participates in a separate plan related to the performance of Metavante Corporation. The Annual Executive Incentive Plan rewards eligible senior executives with an incentive award based on a percentage of each participant's base salary if the performance goals set by the Compensation Committee are met for that year. In evaluating the participants' bonus opportunity under the Annual Executive Incentive Plan, the Compensation Committee compared each participant's base salary and bonus opportunity relative to those provided by peer companies. The performance criterion for 2002 was based upon earnings per share adjusted for certain items. Results under the plan exceeded the target performance levels established by the Compensation Committee for 2002, and resulted in eligible senior executives receiving payouts ranging from 46% to 147% of their respective 2002 base salaries as compared to payouts ranging from 42% to 125% of base salaries in 2001. In future years, the Compensation Committee may use performance criteria different than earnings per share.

Base Salary and Long-Term Incentive Compensation

In determining the base salaries for the Company's executive officers, the Compensation Committee takes a long-term view of the executive's job performance, the Company's financial performance and the salaries paid in the marketplace to executives with similar responsibilities. The Compensation Committee also reviewed the total

compensation opportunities of each senior executive officer. The Compensation Committee deemed it appropriate to increase the 2002 base salaries for certain senior executive officers. The Compensation Committee believes the base salaries, when viewed in conjunction with the annual incentive opportunities of the executive officers, are commensurate with the Compensation Committee's evaluation of the information reviewed.

The Compensation Committee made long-term incentive awards in 2002 under the Company's Executive Stock Option and long-term incentive plans. It is the intention of the Compensation Committee to continue to emphasize long-term incentives in the compensation provided to the Company's executive officers. In arriving at the 2002 long-term incentive award levels, the Compensation Committee compared the total compensation opportunities of each senior executive officer, and the values of each compensation component, in relation to those provided by peer companies for similar positions.

In determining the total number of options to be granted in 2002 to all employee recipients, including the executive officers, the Compensation Committee reviewed the annual option awards and cumulative options outstanding of the peer group companies in relation to outstanding shares. In 2002, grants to employees totaled 3,948,650 options, or approximately 1.8% of shares outstanding as of December 31, 2002. The Compensation Committee believes annual awards at this level are comparable to the award levels of the peer group companies.

Participants in the Company's 1994 Long-Term Incentive Plan, including the executive officers, received payouts for awards made with respect to the three-year period from January 2000 through December 2002. The performance criteria for this three-year cycle were based upon both the Company's total shareholder return in relation to companies in the KBW 50 Index and the Company's cumulative three-year earnings per share relative to predetermined goals. During this period, the Company's total shareholder return was below the threshold level and the earnings per share performance exceeded the target level under the plan. On a combined basis, this resulted in a payout level below the targeted level under the plan.

Chief Executive Officer Compensation

In determining Mr. Kuester's salary and long-term incentive awards, the Compensation Committee's review concentrated on the prevailing market rates of compensation for his position and the Company's current and prior year's financial performance. The Compensation Committee considered the compensation of the chief executive officers of the peer group companies, taking into account the Company's size and performance relative to the companies in the peer groups, in order to determine whether Mr. Kuester is compensated on a basis which is reasonably consistent. Mr. Kuester received an Annual Executive Incentive Plan Award of approximately 147% of his base salary, resulting from the Company's 2002 financial performance in relation to the goals established under the plan. It is the Compensation Committee's conclusion that Mr. Kuester's compensation is fair and appropriate.

The fees shown in this report were billed for services rendered by Deloitte & Touche LLP.

2003 EXECUTIVE STOCK OPTION AND RESTRICTED STOCK PLAN

The Board of Directors recommends a vote FOR approval of the 2003 Stock Option Plan.

The 2003 Stock Option Plan was adopted by the Board of Directors in order to attract and retain individuals who are key contributors to the success of the Company. The market remains competitive for highly talented individuals in the financial services industry, and stock options continue to be an effective recruitment and retention vehicle. The Company has utilized, and will continue to utilize, this resource in a prudent and cost-effective manner, as it does with all elements of compensation and benefits provided to its workforce.

Key features of the 2003 Stock Option Plan include the following:

- the plan is administered by the Compensation Committee, which is comprised solely of independent directors;
- the aggregate number of shares of Common Stock authorized under the plan is 12,000,000;
- no one person may receive options of 2,000,000 shares or more in aggregate;
- there is a cap of 1,200,000 on awards of restricted stock;
- the exercise price of options may not be less than the fair market value of the Common Stock on the date of grant; and
- options may not be repriced after the date of grant without shareholder approval, except as provided under the plan for stock splits, recapitalizations and similar events.

The complete text of the 2003 Stock Option Plan is set forth in Appendix A. The following summary of the material features of the 2003 Stock Option Plan is qualified in its entirety by reference to Appendix A.

The 2003 Stock Option Plan permits the Company to grant non-qualified stock options, incentive stock options, as defined in Section 422 of the Internal Revenue Code of 1986, as amended (which we refer to as ISOs), and restricted shares of Common Stock.

The aggregate number of shares of Common Stock subject to the 2003 Stock Option Plan is 12,000,000 shares, all of which may be granted as ISOs. No one person may receive options over more than 2,000,000 shares during the term of the plan, and the Company will not issue more than 1,200,000 restricted shares of Common Stock during the term of the plan. No award may be granted under the 2003 Stock Option Plan after April 21, 2013.

Under the 2003 Stock Option Plan, awards may be granted to current and prospective employees, non-employee directors, consultants and other persons who provide services to the Company. As of February 15, 2003, approximately 1,500 individuals would be eligible to participate in the 2003 Stock Option Plan.

In the event of any changes in the capital structure of the Company, the Compensation Committee may make equitable adjustments to outstanding awards so that the net value of the award is not changed. Any unvested awards will vest upon the occurrence of a change in control of the Company (as defined in the 2003 Stock Option Plan).

The 2003 Stock Option Plan is intended to qualify for favorable treatment under Section 16 of the Securities Exchange Act of 1934, as amended, pursuant to Rule 16b-3 and is designed to qualify for treatment as performance-based compensation under Section 162(m) of the Internal Revenue Code as regards the options. The 2003 Stock Option Plan will be administered by the Compensation Committee, which is comprised of at least three non-employee directors within the meaning of Rule 16b-3 and outside directors within the meaning of Section 162(m).

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form PRE 14A

The exercise price for non-qualified options and ISOs granted under the 2003 Stock Option Plan may not be less than 100% of the fair market value of the Common Stock on the date of grant of the option (or 110% in the case of ISOs granted to participants owning more than 10% of the Common Stock). In addition, the exercise price for non-qualified options and ISOs may not be reduced after the date of grant without the consent or approval of the Company's shareholders, except as provided under the plan for stock splits, recapitalizations and similar events. Options will be exercisable during the period specified in each option agreement and will generally be exercisable in installments pursuant to a vesting schedule to be designated by the Compensation Committee. No option will remain exercisable later than ten years after the date of grant (or five years from the date of grant in the case of ISOs granted to holders of more than 10% of the Common Stock). The closing sale price of the Common Stock on the New York Stock Exchange on February 15, 2003 was \$.

Restricted shares of Common Stock may also be granted under the 2003 Stock Option Plan. An award of restricted shares involves the immediate transfer by the Company to a participant of ownership of a specific number of shares of Common Stock in consideration of the performance of services and such other consideration as the Compensation Committee may designate. Restricted shares must be subject to a substantial risk of forfeiture for a

period to be determined by the Compensation Committee. In order to enforce these forfeiture provisions, the transferability of restricted shares will be prohibited or restricted in a manner and to the extent prescribed by the Compensation Committee for the period during which the forfeiture provisions are to continue.

In the event of termination of employment or service other than as a result of death, disability or retirement (as defined in the 2003 Stock Option Plan), a participant will generally have 90 days after termination to exercise options which were vested on the date of termination. A participant who is a director of the Company will generally have until the earlier of the tenth anniversary of the date of grant or the third anniversary of the termination of the participant's service as a director to exercise options which were vested on the date of termination. The Compensation Committee has discretion to provide the period for which, and the extent to which, options remain exercisable in the event of termination of employment resulting from death, disability or retirement. Restricted shares are generally forfeited upon termination of employment for any reason.

The 2003 Stock Option Plan may be amended by the Board of Directors, but certain amendments adversely affecting the rights of a participant under any existing award may not be made without obtaining the participant's written consent, and amendments increasing the number of shares which may be issued under the 2003 Stock Option Plan may not be made without obtaining shareholder approval.

Counsel for the Company has advised that the federal income tax consequences of non-qualified options, ISOs and restricted shares granted under the 2003 Stock Option Plan are generally as follows:

Non-qualified Options. The grant of a non-qualified option will have no federal income tax consequences to the Company or to a participant. A participant will recognize taxable ordinary income at the time of exercise of the option in an amount equal to the excess of the fair market value of the shares acquired at the time of exercise over the option price, and the Company will ordinarily be entitled to a deduction for such amount.

The holder of shares acquired upon exercise of a non-qualified option will, upon a subsequent disposition of such shares, generally recognize a short-term or long term capital gain or loss, depending upon the holding period of the shares, equal to the difference between the amount realized on the sale and the basis in such shares (the sum of the option price and the amount taxed as ordinary income at the time of exercise).

ISOs. Neither the grant nor exercise of an ISO will generally have any federal income tax consequences for a participant. The amount by which the fair market value of the shares acquired upon the exercise of any ISO exceeds the option price as of the date of exercise, however, is an item of tax preference for purposes of computing the alternative minimum tax on individuals. If a participant has held the shares acquired on the exercise of an ISO for at least two years from the date of the grant of the option and at least one year from the date of exercise, the participant will recognize taxable long-term capital gain or loss upon a subsequent disposition of the shares. In such circumstances, no deduction would be allowed to the Company for federal income tax purposes in connection with the grant or exercise of the option or the transfer of shares acquired upon such exercise.

If, however, the participant disposes of his or her shares within the holding periods described above, (i) the participant will recognize ordinary income in an amount equal to the difference between the fair market value of such shares on the date of exercise and the option price, provided that, if the disposition is a sale or exchange with respect to which a loss (if sustained) would be recognized by the participant and the amount realized from such sale or exchange is less than the fair market value on the exercise date, then the ordinary income will be limited to the excess of the amount realized upon the sale or exchange of the shares over the option price; (ii) the Company will be entitled to a deduction for such year in the amount of the ordinary income so recognized; and (iii) the participant will recognize capital gain or loss, as the case may be, in an

amount equal to the difference between the amount realized upon such sale or exchange of the shares and the sum of the option price plus the amount of ordinary income, if any, recognized upon such disposition.

Restricted Shares. The grant of restricted shares is not a taxable event to a participant, absent an election under Section 83(b) of the Internal Revenue Code. If no election is made, the participant will recognize income, taxable for income tax purposes at ordinary rates, upon the lapse of the restrictions governing the shares. The amount of the income will equal the fair market value of the shares when the restriction lapse, less any amount paid by the participant for the shares. If the participant makes a Section 83(b) election within 30 days of the date of grant, he or she will be deemed to have received ordinary income at the time of the grant of the restricted shares equal to their fair market value at the date of grant less any amount paid by the participant for the shares, determined

without regard to the restrictions imposed thereon. If the restricted shares are subsequently forfeited after a Section 83(b) election and before the restrictions lapse, the participant is not entitled to claim the loss for income tax purposes.

The Company or a subsidiary will be entitled to a deduction for income tax purposes when the participant recognizes ordinary income, either as a result of a Section 83(b) election or because of the lapse of the restrictions. The amount of the deduction will equal the amount of ordinary income recognized by the participant.

AMENDED AND RESTATED 1994 LONG-TERM INCENTIVE PLAN FOR EXECUTIVES

The Board of Directors recommends a vote FOR approval of the 1994 Long-Term Incentive Plan.

The Company is seeking shareholder approval of the 1994 Long-Term Incentive Plan as amended in order to continue to comply with Section 162(m) of the Internal Revenue Code which limits the deductibility of compensation paid to certain senior executives of the Company unless it is performance-based.

The Board of Directors approved amendments to the Company's 1994 Long-Term Incentive Plan in February 2003, subject to approval by the Company's shareholders. The plan was initially approved by the Compensation Committee, the Board of Directors and the Company's shareholders in 1994. Amendments to the plan were subsequently approved by the Compensation Committee, the Board and the Company's shareholders in 1998. The goal of the 1994 Long-Term Incentive Plan is to attract and retain key personnel and to provide them with an incentive to put forth maximum effort for the continued success and growth of the Company.

The principal changes effected by the proposed amendments to the 1994 Long-Term Incentive Plan are (i) increasing the number of units available for grant under the plan by 600,000 (adjusted for the two-for-one M&I stock split that became effective on June 17, 2002), leaving a total of 1,482,600 units available for future award (excluding units granted in lieu of the payment of cash dividends to participants), (ii) allowing cash-based awards to be made to employees of a subsidiary or division of the Company that are tied to the performance of the employing subsidiary or division, (iii) limiting any grant or payment of a cash-based award to an employee of a subsidiary or division that is tied to the performance of the employing subsidiary or division to \$1 million for each award period, and (iv) adding revenues and cost control of one or more of the Company's divisions as performance criteria that the plan's administrator may consider in setting performance goals under the plan.

Key features of the 1994 Long-Term Incentive Plan as amended include the following:

- the plan is administered by the Compensation Committee, which is comprised solely of independent directors;
- the Compensation Committee annually establishes the performance criteria to be met, based on what it deems to be measures and objectives which are critical to the creation of shareholder value;
- approximately 50 key employees are currently considered eligible to participate in the plan; and

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form PRE 14A

- all awards made to the Chairman, Chief Executive Officer, Chief Operating Officer and Chief Financial Officer of the Company must be unit-based (i.e., tied to the Company's overall performance).

The complete text of the 1994 Long-Term Incentive Plan as amended is set forth as Appendix B to this Proxy Statement. The following summary of the material features of the 1994 Long-Term Incentive Plan as amended does not purport to be complete and is qualified in its entirety by reference to Appendix B.

Administration

The plan's administrator is the Compensation Committee of the Board of Directors, composed of not less than three directors, and constituted so as to permit compliance with Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and Section 162(m) of the Internal Revenue Code of 1986, as amended. The Compensation Committee designates the amount, if any, to be awarded to participants, the performance goals which must be attained in order to receive different levels of payouts and any conditions, limitations or restrictions it deems

appropriate. Awards may be in the form of units denominated by reference to shares of Common Stock or, in the case of awards to employees of a subsidiary or division of the Company that are tied to the performance of the employing subsidiary or division, awards may be denominated in dollar amounts. However, all awards made to the Chairman of the Board, Chief Executive Officer, Chief Operating Officer or Chief Financial Officer of the Company must be unit-based. Previously, all awards under the plan were unit-based.

The plan may be terminated or amended by the Board of Directors, but no amendment increasing the number of units subject to the plan, or which under applicable law or regulatory provisions would require shareholder approval, can be made without obtaining shareholder approval. In addition, no termination or amendment may adversely affect the rights of a plan participant without the consent of such participant, other than a termination because the requisite shareholder approval is not obtained.

Participants

Employees eligible to receive awards under the plan are executive officers and senior managers of the Company or its subsidiaries. Approximately 50 persons currently are considered eligible to participate in the plan. The Compensation Committee has the authority to determine which employees will be participants and may take into account the nature of the services rendered by the employees, their present and potential contributions to the success of the Company, and other factors as the Compensation Committee in its discretion deems relevant.

Awards

Unit-based or cash-based awards may be made from time to time to participants under the plan. For unit-based awards, at such time as dividends are paid on shares, additional units will be credited to each account in lieu of the payment of cash dividends. If and to the extent pre-established performance goals are attained, participating employees are entitled to a percentage of the units awarded (increased by additional units credited to each participant's account in lieu of the payment of cash dividends during the performance period) or, in the case of cash awards to employees of a subsidiary or division of the Company that are tied to the performance of the employing subsidiary or division, the dollar amounts awarded. See Performance Criteria, below. Payment of units may be made in cash, shares or a combination of cash and shares in the discretion of the Compensation Committee.

The number of units that may be granted under the plan to any one individual is 600,000 units (adjusted for the 2002 stock split), excluding units granted in lieu of the payment of cash dividends. The amendments provide that any grant or payment of a cash-based award to an employee of a subsidiary or division that is tied to the performance of the employing subsidiary or division may not exceed \$1 million for each award period.

If the amendments are approved, the authorized number of units under the plan will be increased by 600,000 (adjusted for the two-for-one M&I stock split that became effective on June 17, 2002), to a total of 3,000,000 units (excluding units granted in lieu of the payment of cash dividends to participants). Awards with respect to 1,517,400 units have been made through January 31, 2003. If the amendments are approved, 1,482,600 units will be available to be granted under the plan in the future.

Termination of Employment

If a participant's employment terminates because of retirement or long-term disability (as defined in the plan), then the participant shall continue in the plan, but no further units or cash awards may be granted to him or her. If a participant's employment terminates because of death, or if a

retiree dies while still a participant, the Compensation Committee will determine the extent to which the applicable performance criteria have been met as of the close of the calendar year in which the participant dies or is disabled and will pay the appropriate amount prorated based on the number of days of the award period that the participant was in the plan. At the time of granting an award, the Compensation Committee may determine that other rules shall apply in the event of death. If a participant's employment is terminated for any other reason, his participation will cease and he will not be entitled to any award, unless the Compensation Committee determines otherwise. Notwithstanding the foregoing, if (a) a participant's employment is terminated as a result of, or in anticipation of, a triggering event (defined as certain change of control transactions), or (b) a participant's employment is not terminated, but a triggering event occurs, he or she will be entitled to a pay-out of his account based on the attainment of the performance criteria on the date the triggering event occurs, unless the Compensation Committee determines otherwise when the grant is made.

Performance Criteria

The Compensation Committee may consider a number of performance criteria in setting performance goals under the plan. The performance criteria may include one or more of earnings per share, net income, revenues, return on average assets, return on average equity, total shareholder return or cost control of the Company, and/or one or more of its subsidiaries, divisions or any other entity in which the Company owns more than 50% of the interests entitled to vote. Previously, revenues and cost control of one or more of the Company's divisions were not permissible performance criteria. The Compensation Committee retains sole discretion to determine the number of units to be credited to each account (in the case of employees who are awarded units), the dollar amounts to be earned by employees of a subsidiary or division of the Company upon attainment of performance goals tied to the performance of the employing subsidiary or division, the performance criteria for earning units or dollar amounts, the performance period, the performance objectives to be achieved (including defining the above terms and, if it deems appropriate, the exclusion of extraordinary items or any other adjustments which it considers proper), and the measure of whether and to what extent such objectives have been met.

Since 1998, the Compensation Committee has used two equally-weighted performance criteria for unit-based awards: the Company's total shareholder return in relation to the other members of the KBW 50 Index and cumulative earnings per share. The threshold, target and maximum earnings per share performance objectives are established by applying certain compound annual rates of growth to the earnings per share for the year prior to the start of the performance period. The Compensation Committee retains discretion to change the performance criteria for future award periods.

The computation of the number of units earned will be determined in accordance with the following award table with the minimum payout multiple being zero and the maximum payout multiple being 275%, applied to the units awarded plus the units credited in lieu of the payment of cash dividends:

	Performance Objectives		Payment Multiples(1)		
	KBW 50 Index Percentile Rank for Total Shareholder Return	Cumulative Three-Year Earnings Per Share (EPS)(2)	KBW 50	EPS	Total
Threshold	25.00%		12.50%	12.50%	25.00%
Target	50.00%		50.00%	50.00%	100.00%
	75.00%		92.50%	92.50%	185.00%
Maximum	95.00%		137.50%	137.50%	275.00%

(1) Applied to units awarded plus units credited in lieu of the payment of cash dividends.

(2) Because the Compensation Committee believes that earnings per share targets represent confidential business information, the disclosure of which would adversely affect the Company, the Compensation Committee has determined it is in the best interests of the Company not to publish such information.

At its December 2002 meeting, the Compensation Committee established cumulative net income as the performance criterion for cash-based awards to employees of Metavante Corporation for the three-year performance period beginning January 1, 2003, subject to shareholder approval. The Compensation Committee retains discretion to change the performance criteria for future award periods. A payout multiple is applied to the cash award based on Metavante's cumulative net income for the three-year performance period. The minimum payout multiple is

zero and the maximum is 200%. The computation of the targeted cash payment will be determined in accordance with the following award table:

	Performance Objectives		Payment Multiples
	Cumulative Three-Year Net Income		
	% Achieved	Profit(1)	
Threshold	90%		25.0%
95% of Target	95%		50.0%
Target	100%		100.0%
Maximum	115%		200.0%

- (1) Because the Compensation Committee believes that net income targets represent confidential business information, the disclosure of which would adversely affect the Company, the Compensation Committee has determined it is in the best interests of the Company not to publish such information.

If performance falls between two categories for either type of award, the percentage earned will be determined by linear interpolation. Before awards are paid, the Compensation Committee must certify the extent to which the performance criteria have been met.

The following table provides information on awards granted in December 2002 to the named executive officers, to all current executive officers as a group, to all non-executive directors as a group and to all other key employees as a group under the 1994 Long-Term Incentive Plan. If the shareholders do not approve the 1994 Long-Term Incentive Plan as amended, no further awards will be made under the plan.

AMENDMENT TO THE RESTATED ARTICLES OF INCORPORATION

The Board of Directors recommends a vote FOR approval of the amendment to the Company's Restated Articles of Incorporation.

The proposed amendment to the Company's Restated Articles of Incorporation increases the number of authorized shares of Common Stock from 320,000,000 shares to 700,000,000 shares. The Company is seeking to increase the number of authorized shares of Common Stock because a two-for-one stock split, which became effective June 17, 2002, significantly reduced the number of authorized but unissued shares available to the Company. As of January 31, 2003, of the 320,000,000 shares of Common Stock presently authorized,

shares were issued and outstanding and purchase plans (including the 2003 Stock Option Plan). shares were reserved for issuance pursuant to the Company's stock option and stock purchase plans (including the 2003 Stock Option Plan).

The Board of Directors has directed the officers of the Company to submit the following resolution, which includes the text of the amendment to the Restated Articles of Incorporation, with the new text shown in bold type:

BE IT RESOLVED, that the first paragraph of Article III of the Restated Articles of Incorporation of Marshall & Ilsley Corporation be, and hereby is, amended to read as follows:

ARTICLE III

The aggregate number of shares which the Corporation shall have the authority to issue, the designation of each class of shares, the authorized number of shares of each class, and the par value thereof per share, shall be as follows:

	Designation	Par Value	Authorized
	of Class	per Share	Number of Shares
	<u> </u>	<u> </u>	<u> </u>
Preferred Stock		\$ 1.00	5,000,000
Common Stock		\$ 1.00	700,000,000

BE IT FURTHER RESOLVED, except as set forth above, Article III shall remain in full force and effect without further amendment or modification.

The additional authorized shares of the Company's Common Stock may be used for any proper corporate purpose approved by the Board of Directors of the Company. Their availability could enable the Board of Directors to act with flexibility when favorable opportunities arise to expand or strengthen the Company's business through the issuance of Common Stock. Among the reasons for issuing additional shares would be to increase the Company's capital through sale of the Company's Common Stock, to engage in other types of capital transactions, to undertake acquisitions and to satisfy contractual commitments, including the Company's stock option and stock purchase plans. The Board of Directors has not proposed the increase in authorized capital stock with the intention of discouraging tender offers or takeover attempts. However, the availability of authorized shares for issuance could render more difficult or discourage a merger, tender offer, proxy contest or other attempt to obtain control of the Company.

The Company regularly reviews a range of financing transactions including the issuance of the Company's Common Stock. Except for shares reserved for issuance as described above, the Company has no present intention of issuing or selling Common Stock for any purpose, but may do so if market and other conditions indicate that such a course of action is advisable.

If the amendment to the Company's Restated Articles of Incorporation is approved, the Board of Directors generally may issue the additional authorized shares of Common Stock without further shareholder approval. In some instances, shareholder approval for the issuance of additional shares may be required by law or by the requirements of the New York Stock Exchange, on which the Common Stock is listed, or may otherwise be necessary or desirable. Except in such cases, the Company does not anticipate that further shareholder authorization will be solicited. Shareholders are not entitled to preemptive rights to purchase any new issue of Common Stock.

SUBMISSION OF SHAREHOLDER PROPOSALS

The 2004 Annual Meeting of Shareholders is scheduled for April 27, 2004. In accordance with the Company's By-Laws, nominations, other than by or at the direction of the Board of Directors, of candidates for election as directors at the 2004 Annual Meeting of Shareholders and any other shareholder proposed business to be brought before the 2004 Annual Meeting of Shareholders must be submitted to the Company no later than January 23, 2004. Shareholder proposed nominations and other shareholder proposed business must be made in accordance with the Company's By-Laws which provide, among other things, that shareholder proposed nominations must be accompanied by certain information concerning the nominee and the shareholder submitting the nomination, and that shareholder proposed business must be accompanied by certain information concerning the proposal and the shareholder submitting the proposal. To be considered for inclusion in the proxy statement solicited by the Board of Directors, shareholder proposals for consideration at the 2004 Annual Meeting of

Shareholders of the Company must be received by the Company at its principal executive offices, 770 North Water Street, Milwaukee, Wisconsin 53202 on or before November 11, 2003. INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee has selected Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending December 31, 2003. Deloitte & Touche audited the Company's financial statements for the fiscal year ended December 31, 2002. Representatives of Deloitte & Touche will be present at the Annual Meeting to make any statement they may desire and to respond to questions from shareholders. Arthur Andersen LLP previously served as the Company's independent auditors. Representatives of Arthur Andersen will not be present at the Annual Meeting.

On May 6, 2002, the Company dismissed Arthur Andersen as its independent public accountants and appointed Deloitte & Touche as its new independent accountants. The decision to dismiss Arthur Andersen and to retain Deloitte & Touche was approved by the Audit Committee.

Arthur Andersen's reports on the Company's consolidated financial statements as of and for the fiscal years ended December 31, 2001 and 2000 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

During the Company's two most recent fiscal years ended December 31, 2001, and the subsequent interim period through May 6, 2002, there were no disagreements between the Company and Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Arthur Andersen's satisfaction, would have caused them to make reference to the subject matter of the disagreement in connection with their reports.

None of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred within the Company's two most recent fiscal years ended December 31, 2001 and the subsequent interim period through May 6, 2002.

The Company provided Arthur Andersen with a copy of the foregoing disclosures. A copy of Arthur Andersen's letter, dated May 6, 2002, stating their agreement with these statements is attached as Exhibit 16 to the Company's Form 8-K filed with the Securities and Exchange Commission on May 7, 2002.

During the Company's two most recent fiscal years ended December 31, 2001, and the subsequent interim period through May 6, 2002, the Company did not consult with Deloitte & Touche regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Copies of these reports must also be furnished to the Company. Based solely on a review of these copies, the Company believes that during 2002 all filing requirements were complied with, except that Messrs. Bolger, Delgadillo, Mark R. Hogan, Kuester, Thomas J. O'Neill, John L. Roberts, Thomas A. Root, Wigdale, Williams and Donald H. Wilson and Ms. Patricia R. Justiliano each failed to timely report one transaction on Form 5. Kellner and Platten each failed to timely report one gift transaction on Form 5.

All determinations made by the Committee regarding the Plan or an Award shall be binding and conclusive as regards the Company, the Participants, and any other interested persons.

6. Delegation of Authority. Except to the extent prohibited by applicable law or the applicable rules of a stock exchange, the Committee may delegate to the chief executive officer and to other senior officers of the Company its duties under the Plan pursuant to such conditions or limitations as the Committee may establish. Any such delegation may be revoked by the Committee at any time.

7. Awards. The Committee shall determine the type or types of Award(s) to be made to each Participant and shall set forth in the related Award Agreement the terms, conditions and limitations applicable to each Award including any vesting requirements. In all events, upon the occurrence of a Change in Control, all Awards will become fully vested and immediately exercisable. The type of Awards available under the Plan are those listed in this Section 7.

(a) Stock Option. A grant of a right to purchase a specified number of shares of Common Stock the purchase price of which shall be not less than 100% of Fair Market Value on the date of grant, as determined by the Committee. In addition, the Committee may not reduce the purchase price for Common Stock pursuant to a stock option after the date of grant without the consent of the Company's shareholders, except in accordance with adjustments pursuant to Section 14 hereof. A stock option may be in the form of a nonqualified stock option for all Participants or an incentive stock option (ISO) for Participants who are employees. An ISO, in addition to being subject to applicable terms, conditions and limitations established by the Committee, complies with Section 422 of the Code which, among other limitations, provides that the aggregate Fair Market Value (determined at the time the option is granted) of Common Stock for which ISOs are exercisable for the first time by a Participant during any calendar year shall not exceed \$100,000; that ISOs shall be priced at not less than 100% of the Fair Market Value on the date of the grant (110% in the case of a Participant who is a 10% shareholder of the Company within the meaning of Section 422 of the Code); and that ISOs shall be exercisable for a period of not more than ten years (five years in the case of a Participant who is a 10% shareholder of the Company).

(b) Restricted Stock Award. An Award of stock for such consideration as the Committee may specify and which may contain transferability or forfeiture provisions including a requirement of future services and such other restrictions and conditions as may be established by the Committee and set forth in the Award Agreement.

8. Deferred Payment of Awards. The Committee may permit selected Participants to elect to defer payments of some or all types of Awards in accordance with procedures established by the Committee which are intended to permit such deferrals to comply with applicable requirements of the Code including, at the choice of Participants, the capability to make further deferrals for payment after retirement. Dividends or dividend equivalent rights may be extended to and made part of any Award denominated in stock or units of stock, subject to such terms, conditions and restrictions as the Committee may establish. The Committee may also establish rules and procedures for the crediting of dividend equivalents for deferred payments denominated in stock or units of stock.

9. Stock Option Exercise. The price at which shares of Common Stock may be purchased under a Stock Option shall be paid in full at the time of the exercise in cash or by means of tendering Common Stock, either directly or by attestation, valued at Fair Market Value on the date of exercise, or any combination thereof.

10. Tax Withholding. The Company shall have the right to deduct applicable taxes from any Award payment and withhold, at the time of delivery or vesting of shares under the Plan, an appropriate number of shares for payment of taxes required by law or to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for withholding of such taxes, but in no event in excess of the minimum withholding required by law. The Company may defer making delivery with respect to Common Stock obtained pursuant to an Award hereunder until arrangements satisfactory to it have been made with respect to any such withholding obligation. If Common Stock is used to satisfy tax withholding, such stock shall be valued based on the Fair Market Value when the tax withholding is required to be made.

11. Amendment or Discontinuance of the Plan. The Board may, at any time, amend or terminate the Plan; provided, however, that

(a)

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form PRE 14A

subject to Section 14 hereof, no amendment or termination may, in the absence of written consent to the change by the affected Participant (or, if the Participant is not then living, the affected beneficiary), adversely affect the rights of any Participant or beneficiary under any Award granted under the Plan prior to the date such amendment is adopted by the Board; and

- (b) without further approval of the shareholders of the Company, no amendment shall increase the number of shares of Common Stock which may be issued pursuant to Awards hereunder, except for increases resulting from Section 14 hereof.

12. Termination of Employment or Service. If the employment of a Participant terminates, other than pursuant to paragraphs (a) through (c) of this Section 12, all unexercised, deferred and unpaid Awards shall terminate 90 days after such termination of employment or service, unless the Award Agreement provides otherwise, and during such 90-day period shall be exercisable only to the extent provided in the Award Agreement. Notwithstanding the foregoing, (i) if a Participant's employment is terminated for Cause, to the extent the Award is not effectively exercised or has not vested prior to such termination, it shall lapse or be forfeited to the Company immediately upon termination and (ii) a director's option shall terminate upon the earlier of the tenth anniversary of the date of grant or the third anniversary of the termination of the Participant's service as a director. In all events, an Award will not be exercisable after the end of its term as set forth in the Award Agreement.

(a) Retirement. When a Participant's employment terminates as a result of Retirement, or early retirement with the consent of the Committee, the Committee (in the form of an Award Agreement or otherwise) may permit Awards to continue in effect beyond the date of Retirement, or early retirement, and the exercisability and vesting of any Award may be accelerated.

(b) Resignation in the Best Interests of the Company. When a Participant resigns from the Company and, in the judgment of the chief executive officer or other senior officer designated by the Committee, the acceleration and/or continuation of outstanding Awards would be in the best interests of the Company, the Committee may authorize, where appropriate taking into account any regulatory or accounting implications of such action, the acceleration and/or continuation of all or any part of Awards granted prior to such termination.

(c) Death or Disability of a Participant.

(i) In the event of a Participant's death, the Participant's estate or beneficiaries shall have a period specified in the Award Agreement within which to receive or exercise any outstanding Award held by the Participant under such terms, and to the extent, as may be specified in the applicable Award Agreement. Rights to any such outstanding Awards shall pass by will or the laws of descent and distribution in the following order: (a) to beneficiaries so designated by the Participant; if none, then (b) to a legal representative of the Participant; if none, then (c) to the persons entitled thereto as determined by a court of competent jurisdiction.

(ii) In the event a Participant is deemed by the Company to be disabled within the meaning of the Company's long-term disability plan, the Award shall be exercisable for the period, and to the extent, specified in the Award Agreement. Awards and rights to any such Awards may be paid to or exercised by the Participant, if legally competent, or a legally designated guardian or representative if the Participant is legally incompetent by virtue of such disability.

(iii) After the death or disability of a Participant, the Committee may in its sole discretion at any time (1) terminate restrictions in Award Agreements; (2) accelerate any or all installments and rights; and (3) instruct the Company to pay the total of any accelerated payments in a lump sum to the Participant, the Participant's estate, beneficiaries or representative, notwithstanding that, in the absence of such termination of restrictions or acceleration of payments, any or all of the payments due under the Awards might ultimately have become payable to other beneficiaries.

(iv) In the event of uncertainty as to interpretation of or controversies concerning this paragraph (c) of Section 12, the Committee's determinations shall be binding and conclusive.

(d) No Employment or Service Rights. The Plan shall not confer upon any Participant any right with respect to continuation of employment by the Company or service as a director, nor shall it interfere in any way with the right of the Company to terminate any Participant's employment at any time.

13. Nonassignability. Except as provided in subsection (c) of Section 12 and this Section 13, no Award or any other benefit under the Plan shall be assignable or transferable, or payable to or exercisable by anyone other than the Participant to whom it was granted. Notwithstanding the foregoing, the Committee (in the form of an Award Agreement or otherwise) may permit Awards, other than ISOs, to be transferred to members of the Participant's immediate family, to trusts for the benefit of the Participant and/or such immediate family members, and to partnerships or other entities in which the Participant and/or such immediate family members own all the equity interests. For purposes of the preceding sentence, immediate family shall mean a Participant's spouse, issue and spouses of his issue.

14. Adjustments. In the event of any change in the outstanding Common Stock of the Company by reason of a stock split, stock dividend, combination or reclassification of shares, recapitalization, merger, or similar event, the Committee may adjust proportionally (a) the number of shares of Common Stock (i) reserved under the Plan, (ii) available for ISOs, (iii) for which Awards may be granted to an individual Participant, and (iv) covered by outstanding Awards denominated in stock, (b) the stock prices related to outstanding Awards; and (c) the appropriate Fair Market Value and other price determinations for such Awards. In the event of any other change affecting the Common Stock or any distribution (other than normal cash dividends) to holders of Common Stock, such adjustments as may be deemed equitable by the Committee, including adjustments to avoid fractional shares, shall be made to give proper effect to such event. In the event of a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation, the Committee shall be authorized to issue or assume Awards, whether or not in a transaction to which Section 424(a) of the Code applies, by means of substitution of new Awards for previously issued awards or an assumption of previously issued awards.

15. Notice. Any notice to the Company required by any of the provisions of the Plan shall be addressed to the director of human resources or to the chief executive officer of the Company in writing, and shall become effective when it is received by the office of either of them.

16. Unfunded Plan. The Plan shall be unfunded. Although bookkeeping accounts may be established with respect to Participants who are entitled to Common Stock under the Plan, any such accounts shall be used merely as a bookkeeping convenience. The Company shall not be required to segregate any Common Stock, nor shall the Plan be construed as providing for such segregation, nor shall the Company nor the Board nor the Committee be deemed to be a trustee of any Common Stock to be granted under the Plan. Any liability of the Company to any Participant with respect to a grant of Common Stock or rights thereto under the Plan shall be based solely upon any contractual obligations that may be created by the Plan and any Award Agreement; no such obligation of the Company shall be deemed to be secured by any pledge or other encumbrance on any property of the Company. Neither the Company nor the Board nor the Committee shall be required to give any security or bond for the performance of any obligation that may be created by the Plan.

17. Governing Law. The Plan and all determinations made and actions taken pursuant hereto shall be governed by the laws of the State of Wisconsin without giving effect to its conflicts of law provisions.

18. Effective and Termination Dates. The effective date of the Plan is April 22, 2003. The Plan shall terminate on April 21, 2013 subject to earlier termination by the Board pursuant to Section 11, after which no Awards may be made under the Plan, but any such termination shall not affect Awards then outstanding or the authority of the Committee to continue to administer the Plan.

19. Other Benefit and Compensation Programs. Payments and other benefits received by a Participant pursuant to an Award shall not be deemed a part of such Participant's regular, recurring compensation for purposes of the termination or severance plans of the Company and shall not be included in, nor have any effect on, the determination of benefits under any other employee benefit plan, contract or similar arrangement, unless the Committee expressly determines otherwise.

3. ADMINISTRATION OF THE PLAN.

(a) The Plan shall be administered by the Compensation and Human Resources Committee of the Board of Directors of the Company. The Committee shall consist of not less than three members of the Board of Directors of the Company and shall be so constituted as to permit the Plan to comply with Rule 16b-3 under the 1934 Act, as such rule is currently in effect or as hereafter modified or amended, Section 162(m) of the Code, or any successor rule or other statutory or regulatory requirements.

(b) The Committee shall have sole authority in its discretion, but always subject to the express provisions of the Plan, to determine the Employees who will be Participants; the number of Units which will be credited to each Account in the case of Employees who are awarded Units; the dollar amounts to be earned by certain Employees of a Subsidiary or division of the Company upon the attainment of performance goals tied to the performance of the employing Subsidiary or division of the Company; the performance criteria for earning the Units credited to each Account, or dollar amounts in the case of Employees of a Subsidiary or division of the Company; and the period of time to which the performance criteria will be applied. The Committee shall have sole authority in its discretion to interpret the plan; to prescribe, amend and rescind rules and regulations pertaining to the Plan; to determine the terms and provisions of the respective awards to Participants; and to make all other determinations and interpretations deemed necessary or advisable for the administration of the Plan. The Committee's determination of the foregoing matter shall be conclusive and binding on the Company, all Employees, all Participants and all other persons.

4. ELIGIBILITY.

Only Employees shall be eligible to be Participants under the Plan. In determining which Employees will be Participants and the amount of the award hereunder, the Committee may take into account the nature of the services rendered by the respective Employees, their present and potential contributions to the success of the Company, its Subsidiaries or divisions, and other such factors as the Committee in its discretion shall deem relevant. In all events, awards made to the Chairman of the Board, Chief Executive Officer, Chief Operating Officer or Chief Financial Officer of the Company will be denominated in terms of Units. An Employee who has been granted an award under the Plan may be granted additional awards under the Plan if the Committee shall so determine. The Company shall effect the granting of awards hereunder in such manner as the Committee determines. No award may be granted under the Plan to a member of the Committee. In addition, any payment made to an Employee of a Subsidiary or division that is tied to the performance of that Subsidiary or division and, at the time of the grant was denominated in cash, shall not exceed a maximum of \$1,000,000 for each award period.

5. ESTABLISHMENT OF ACCOUNTS.

There shall be recorded in such Participant's Account the number of Units from time to time credited to the Participant by the Committee or pursuant to Paragraph 8 hereof. In no event will more than 3,000,000 Units, subject to adjustment under Paragraph 10 hereof, be granted under the Plan (excluding Units credited in lieu of dividends under Paragraph 8 hereof). No more than 600,000 Units will be granted to any one individual (again excluding Units credited

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form PRE 14A

in lieu of dividends and subject to adjustment under Paragraph 10) during the term of the Plan. Accounts shall be maintained solely for accounting purposes, and no assets of the Company shall be segregated or subject to any trust for any Participant's benefit by reason of the establishment of the Participant's Account. In addition, no Participant shall acquire any rights as a shareholder of the Company,

including the right to vote with respect to any matter before the shareholders of the Company or to receive dividends payable on the common stock, or, except as is specifically provided otherwise herein, any other rights, by reason of the establishment of the Participant's Account.

6. PERFORMANCE CRITERIA.

The Committee shall establish performance criteria which will govern whether and to what extent Participants will receive a pay-out of their Accounts, or, in the case of certain Employees of a Subsidiary or a division of the Company, the dollar amount, if any, to be paid to such Participant. The criteria among which the Committee may choose in establishing performance criteria are one or more of earnings per share, net income, revenues, return on average assets, return on average equity, total shareholder return or cost control of the Company and/or one or more of its Subsidiaries, divisions, or any other entity in which the Company owns more than 50% of the interests entitled to vote. The length of the performance period, the performance objectives to be achieved during the performance period (including defining the above terms, and if deemed appropriate, the exclusion of extraordinary items or any other adjustments considered proper), and the measure of whether and to what degree such objectives have been attained shall be conclusively determined by the Committee. No payment of awards under this Plan shall be made until the Committee certifies that the performance criteria to which such awards were subject have been met.

7. PAYMENT OF AWARDS.

The Committee, in its sole discretion, may pay awards earned under the Plan in cash, Shares or a combination of cash or Shares. Any Shares paid may be treasury Shares or authorized, but unissued, Shares.

8. DIVIDENDS AND DIVIDEND EQUIVALENTS.

At such time as dividends are paid on Shares, an Account of a Participant shall be credited with that number of additional Units equal to the product of (a) the number of Units then in the Account times (b) the amount of the dividend per Share divided by (c) the Market Price of a Share on the date a dividend is paid.

9. TERMINATION OF EMPLOYMENT.

(a) Any Participant whose employment with the Company, a Subsidiary or division is terminated due to retirement on such Participant's normal retirement date (as defined in the M&I Retirement Program or any successor thereto), early retirement with the consent of the Committee, or long-term disability (as defined in Company's long-term disability income plan), shall continue as a Participant in the Plan as to awards previously made (and any dividends or dividend equivalents earned in connection therewith), but shall not be entitled to any new awards after the date of retirement, early retirement or long-term disability.

(b) Any Participant whose employment with the Company, a Subsidiary or division is terminated due to or death or any Participant who dies after retirement, as defined in subparagraph (a), above, but while he still is a Participant in the Plan, shall continue as a Participant in the Plan as to awards previously made (and any dividends or dividend equivalents earned in connection therewith) until the close of the calendar year in which the Participant dies, unless the Committee decides to provide otherwise at the time an award is made. In such cases, the Committee will determine if and to what extent the performance criteria it established have been met as of the close of the calendar year. Based on this determination, a Participant, or, in the case of death, his beneficiary as determined pursuant to Paragraph 12, hereof, shall receive a prorated

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form PRE 14A

award within 90 days of the end of the calendar year based on a fraction, the numerator of which is the number of days from the beginning of the award period to the date of death or disability and the denominator of which is the total number of days in the award period.

(c) If a Participant's employment is terminated for any reason other than those specified in subparagraphs (a) and (b), above, his participation in the Plan shall immediately cease and he shall not be entitled to any award under the Plan, unless the Committee, in its sole discretion, determines otherwise.

(d) Notwithstanding the foregoing, if (i) a Participant's employment is terminated as a result of, or in anticipation of, a Triggering Event, or (ii) a Participant's employment is not terminated, but a Triggering Event occurs, a Participant shall receive an amount equal to the amount he would be entitled to receive at the close of the performance period based on the extent to which the performance criteria set by the Committee have been met as of the date of the Triggering Event, unless the Committee decides to provide otherwise at the time an award is made. Payment of the amount to which the Participant is entitled hereunder shall be made within 30 days after the occurrence of the Triggering Event.

(e) The Plan does not confer upon any Participant any right with respect to continuation of employment by the Company, a Subsidiary or division, nor shall it interfere in any way with the right of the Company, any Subsidiary or a division to terminate any Participant's employment at any time.

10. ADJUSTMENT PROVISIONS.

If the Company shall effect a subdivision or consolidation of Shares or other capital readjustment, the payment of a stock dividend, or other increase or reduction in the number of Shares outstanding, or shall effect a spin-off, split-off, or other distribution of assets to shareholders, without receiving consideration therefor in money, services or property, the number of Units in each Account and the number of Shares available for payment of awards hereunder shall be appropriately adjusted by the Committee.

11. NONASSIGNABILITY.

No Accounts or any payment under the Plan shall be subject in any manner to alienation, anticipation, sale, transfer (except by will or the laws of descent and distribution), assignment, pledge, or encumbrance. Any attempt to alienate, sell, transfer, assign, pledge or otherwise encumber any Account or any payment under the Plan shall be void and of no legal effect.

12. BENEFICIARY DESIGNATION.

If a Participant dies prior to the distribution to him of all amounts payable to him under the Plan, the amounts otherwise distributable to the Participant if living, shall be distributed to his designated beneficiary or beneficiaries. All beneficiary designations shall be made in the form prescribed by the Committee from time to time and shall be delivered to the Secretary of the Company. If there is no effective beneficiary designation on file at the time of the Participant's death, distribution of amounts otherwise payable to the deceased Participant under the Plan shall be made to his Estate. If the beneficiary designated by the Participant shall survive the Participant but die before receiving all distributions hereunder, all amounts otherwise payable to the deceased beneficiary shall be paid to such deceased beneficiary's Estate unless the Participant's beneficiary designation provides otherwise. The Company shall have no responsibility with respect to the validity of any beneficiary designation made by a Participant and shall be fully protected if it acts thereon in good faith.

13. TAXES.

Edgar Filing: MARSHALL & ILSLEY CORP/WI/ - Form PRE 14A

The Company shall be entitled to pay or withhold the amount of any tax which it believes is required as a result of the payment of any amounts under the Plan, and the Company may defer making payments hereunder until arrangements satisfactory to it have been made with respect to any such withholding obligations. A Participant may, at his election, satisfy his obligation for payment of withholding taxes by having the Company retain a number of Shares, if payment of the Account includes Shares, having an aggregate Market Price on the date the Shares are withheld equal to the amount of the withholding tax or by delivering to the Company Shares already owned by the Participant having an aggregate Market Price on the date the Shares are delivered equal to the amount of the withholding tax. The Company shall have the right to rely on a written opinion of legal counsel, which may be independent legal counsel or legal counsel regularly employed by the Company, if any question should arise as to the payment or withholding of taxes.

14. EFFECTIVENESS OF THE PLAN.

The Plan became effective upon approval by the Company's Executive Compensation Committee and Board of Directors on March 30, 1994, subject to ratification of the Plan by the vote of the holders of a majority of the Shares present or represented and entitled to vote at an annual or special meeting of the Company duly called and held which vote was received on August 23, 1994. An initial set of amendments hereto were approved by the Board of Directors on February 12, 1998, subject to approval at the April 28, 1998 Annual Meeting of shareholders, which approval was obtained. An additional set of amendments hereto were approved by the Board of Directors on February 20, 2003, subject to approval at the April 22, 2003 Annual Meeting of shareholders. If shareholder approval is not obtained, any awards previously made at the December 19, 2002 meeting of the Committee will be void and of no further effect.

16. TERMINATION AND AMENDMENT.

The Plan may be terminated, modified or amended by the Company's Board of Directors, *provided, however*, that any modification or amendment which would, under applicable law or other regulatory provisions require shareholder approval and any amendment to increase the number of Units available for grant under the Plan shall be subject to shareholder approval and *provided, further*, that no termination, modification or amendment of the Plan may, without the consent of a Participant, adversely affect the rights of such Participant in any outstanding award, other than a termination because the requisite shareholder approval is not obtained. In such event, any awards made subject to the consent of the shareholders shall be void and of no further effect.

17. GOVERNING LAW.

The Plan shall be construed, administered and governed in all respects under and by the applicable laws of the State of Wisconsin, without regard to its conflicts of law provisions.
