Report of Independent Auditors

The Employee Stock Ownership Plan Committee

Atmos Energy Corporation Employee Stock Ownership Plan and Trust

We have audited the accompanying statements of net assets available for benefits of the Atmos Energy Corporation Employee Stock Ownership Plan and Trust as of December 31, 2001 and 2000, and the related statement of changes in net assets available for benefits for the year ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility

Edgar Filing: ATMOS ENERGY CORP - Form 11-K

is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2001 and 2000, and the changes in its net assets available for benefits for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2001, and reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

ATMOS ENERGY CORPORATION EMPLOYEE STOCK
OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2001

1. Description of the Plan

The following brief description of the Atmos Energy Corporation Employee Stock Ownership Plan and Trust (the "Plan") is provided for general information only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. Effective March 1, 2002, the Plan's name was changed to the Atmos Energy Corporation Retirement Savings Plan and Trust.

General

The Plan is a trustee defined contribution retirement benefit plan offered to eligible employees of Atmos Energy Corporation (the "Company" or "Atmos"). The Plan is to continue for an indefinite term and may be amended or terminated at any time by the Board of Directors of Atmos (the "Board"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as

Edgar Filing: ATMOS ENERGY CORP - Form 11-K

amended ("ERISA").

In July 2001, the Company completed the acquisition of the assets of Louisiana Gas Service Company and LGS Natural Gas Company ("LGS") from Citizens Communications Company, formerly Citizens Utilities Company. Substantially all employees of LGS that joined the Company were immediately eligible to participate in the Plan. In addition, those employees were allowed to rollover into the Plan their assets which were held in the Citizens Utilities Company 401(k) Employee Benefit Plan ("Citizens Plan").

Eligibility

Substantially all employees of the Company (except employees cover by other agreements, leased employees and any employees covered by a collective bargaining agreement in which Plan participation has not been negotiated through good faith bargaining) are eligible to participate in the Plan as of the first payroll period coincident with or immediately following the date of hire ("Participants").

Contributions

Contributions to the Plan include contributions withheld by the Company on behalf of each Participant in an amount specified by the Participant pursuant to a salary reduction agreement, as well as matching Company contributions and any discretionary Company contributions.

4

1. Description of the Plan (continued)

Participants are eligible to receive matching Company contributions after completing at least one year of service, effective on the earlier of January 1, April 1, July 1 or October 1 after which one year of service has been completed.

Participants may elect a salary reduction (not to exceed \$10,500 in 2001), ranging from a minimum of 1% of eligible compensation, as defined by the Plan, up to the maximum allowed by the Internal Revenue Service ("IRS").

The Company shall contribute a matching Company contribution in an amount equal to 100% of each Participant's salary reduction contributions, up to a maximum of 4% of such Participant's eligible compensation for the Plan year. The Company's matching contribution meets the current IRS "Safe Harbor" definition. The Company may revoke or amend any Participant's salary reduction agreement if necessary to ensure that (1) each Participant's additions for any year will not exceed applicable IRS Code (the "Code") limitations and (2) Company matching contributions will be fully deductible for federal income tax purposes.

The Plan also provides that a discretionary contribution may be made at the option of the Board and in an amount determined annually by the Board. No discretionary contribution was made to the Plan in 2001.

All contributions to a Participant's account are immediately and fully vested.

Investment Options

Edgar Filing: ATMOS ENERGY CORP - Form 11-K

The Plan allows Participants' salary reductions to be invested among a variety of registered investment companies, one common/collective trust and Atmos common stock.

The Stock Purchase Program Fund, consisting of Atmos common stock, is non-participant and participant directed. All Company matching and discretionary contributions are directed into this fund and may not be transferred to another investment option until the plan year following the year a Participant reaches age 55. In any plan year subsequent to a Participant reaching age 55, a Participant will have the opportunity, during the first calendar quarter, to diversify, in a one-time election, his or her Atmos common stock into other available investment options. Contributions made to this fund by Participants may be transferred to other investment options during the last two weeks (14 calendar days) of each calendar quarter with the actual transfer taking place on the first business day after the start of the next calendar quarter. Effective March 1, 2002, contributions made to this fund by Participants are allowed to be traded on a daily basis.

5

1. Description of the Plan (continued)

In May 2000, the Company completed the acquisition of the Missouri natural gas distribution assets of Associated Natural Gas ("ANG") from a subsidiary of Southwestern Energy Corporation. Employees of ANG that joined the Company were allowed to transfer into the Plan his or her assets which were held in the Southwestern Energy Corporation 401(k) Plan ("Southwestern Plan"). To accommodate several ANG employees who held Entergy Corporation ("Entergy") common stock in the Southwestern Plan, an additional account was established in the Plan to hold the Entergy stock. This account was established as a frozen account where funds can be liquidated but no new stock added.

To accommodate several LGS employees who held Citizens Communications Company ("Citizens") Class B common stock in the Citizens Plan, an additional account was established in the Plan to hold the Citizens stock. This account was established as a frozen account where funds can be liquidated but no new stock added.

Distributions to Participants

Dividends received on Atmos common stock, in accordance with the Plan, must be distributed to Participants no later than 90 days after the Plan's year end. Currently, the dividends are distributed quarterly. However, a Participant may elect to have his or her dividends reinvested in Atmos common stock by making an election to make an additional salary reduction contribution in the amount of the quarterly dividend. This election must be made on the day prior to a dividend payment date and will remain in effect until the election is changed.

Effective March 1, 2002, dividends received on Atmos common stock will automatically be reinvested in Atmos common stock. However, a Participant may elect to have his or her dividends paid in cash. This election may be made at any time during the period beginning on the first business day on or after the dividend record date and ending at a time specified by the Employee Stock Ownership Plan Committee (the "Committee") on the last business day preceding

Edgar Filing: ATMOS ENERGY CORP - Form 11-K

the dividend payout date. Once a Participant elects to receive his or her dividends in cash, the election will remain in effect until the election is changed.

6

1. Description of the Plan (continued)

A Participant may elect to receive an annual distribution of Company matching or discretionary contributions made to his or her account prior to January 1, 1999 and which were allocated to his or her account at least two years prior to such election. These annual elections are made as of January 1. The annual distribution from the Plan is normally made in February of the following year. Company matching or discretionary contributions made after January 1, 1999 meet the current IRS "Safe Harbor" definition and are not eligible for in-service withdrawal.

In the event of retirement, death, termination due to disability or termination of employment for another reason, a Participant is entitled to withdraw the entire amount from each of his or her accounts. Withdrawals from a Participant's salary reduction account, as well as the Company matching and discretionary accounts, are also allowed upon proof of financial hardship meeting IRS "Safe Harbor" definitions or, if elected, subsequent to the Participant attaining age 59 1/2. Withdrawals from the Stock Purchase Program Fund may be in the form of Atmos common stock or cash, as determined by the Committee. However, a Participant has the right to have withdrawals made in the form of Atmos common stock upon written notice by the Participant.

Loans to Participants

A Participant may borrow up to the lesser of \$50,000 or 50% of his or her account balance, with a minimum loan amount of \$1,000. Loans are repaid through payroll deductions over periods of up to 5 years for general purpose loans or 15 years for primary residence loans. The interest rate is the U.S. prime rate plus 2% and is fixed over the life of the loan. A Participant may have two loans outstanding if the proceeds of one of the loans were used to purchase the Participant's primary residence.

Plan Termination

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time. In the event of the dissolution, merger, consolidation or reorganization of the Company, the Plan shall terminate and the trust shall be liquidated, unless the Plan is continued by a successor. Upon such liquidation, all accounts shall be distributed to the Participants.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting. Distributions to participants are recorded when paid.

7

Edgar Filing: ATMOS ENERGY CORP - Form 11-K

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Shares of registered investment companies are valued at published market prices which represent the net asset value of shares held by the Plan at year end. Investments in common stock are valued at quoted market prices. The fair value of investments in the common/collective trust are determined periodically by the Trustees based upon the current fair value of the underlying assets of the fund. The fair value of participant loans are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade date basis. Investment income is recorded on the accrual basis and dividend income is recorded on the ex-dividend date. Realized gains and losses from security transactions are reported on the average historical cost method. Capital gains and losses are included in interest and dividend income.

3. Administration of the Plan and Plan Assets

The Plan is administered by the Committee, consisting of at least three persons who are appointed by the Board. The members of the Committee serve at the pleasure of the Board without compensation. Certain administrative functions are performed by employees of the Company. No employee of the Company receives compensation from the Plan.

In accordance with the Plan, the Company has appointed the Committee as Trustee of the Plan. The Trustee may be removed at the discretion of the Board. The Trustee shall vote any common stock held in the trust in accordance with directions received from the Participants, or at its discretion if there are no such directions. The Plan's assets are held by T. Rowe Price Associates, Inc., the Custodian and Recordkeeper of the Plan.

All expenses of the Plan are paid by the Company except for processing fees related to loan withdrawals.

8

4. Non-Participant Directed Investments

Atmos common stock held in the Stock Purchase Program Fund is non-participant and participant directed. The investment activity related to Atmos common stock cannot be segregated between non-participant and participant directed. The following presents the information about the net assets and the components of the changes in net assets relating to the non-participant directed investments:

Distributions to participants per the Form 5500	\$ 7,241,535
	=====

Edgar Filing: ATMOS ENERGY CORP - Form 11-K

Amounts allocated to withdrawing participants are recorded on the Form 5500 for distributions to participants that have been processed and approved for payment prior to December 31 but not yet paid as of that date.

7. Income Tax Status

The Plan has received a determination letter from the IRS dated May 13, 1997 stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter. In February 2002, the Plan made an application with the IRS to receive a new determination letter stating that the Plan is qualified under Sections 401(a) and 501(a) of the Code. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.
