PROXY STATEMENT

INTRODUCTION

The accompanying proxy is solicited by the Board of Directors of Genesis Microchip Inc., a Delaware corporation (we, us, Genesis or the Company), for use at our 2005 annual meeting of stockholders to be held on Tuesday, September 13, 2005 at 10:00 a.m. Pacific Time, or any adjournment thereof, for the purposes set forth in this proxy statement and the accompanying Notice of Annual Meeting. The annual meeting will be held at our offices located at 180 Baytech Drive, Suite 110, San Jose, California 95134.

These proxy solicitation materials will be mailed on or about August 12, 2005 to all stockholders entitled to vote at our annual meeting.

**QUESTIONS AND ANSWERS ABOUT
THE PROXY MATERIALS AND THE ANNUAL MEETING**

Why are you sending me this proxy statement?

We are sending you this proxy statement and the enclosed proxy card because our Board of Directors is soliciting your proxy to vote at our annual meeting of stockholders. That meeting is scheduled to take place on Tuesday, September 13, 2005. This proxy statement summarizes information concerning the proposals to be voted on at that meeting. This information will help you to make an informed vote at the annual meeting.

What proposals will be voted on at the meeting?

We have scheduled two proposals to be voted on at the meeting:

1. The election of two Class I directors, each to serve for a term of three years expiring on the date of our 2008 annual meeting of stockholders or until a successor is elected; and
2. The ratification of the appointment of independent accountants for fiscal 2006.

What is the voting recommendation?

Your Board of Directors recommends that you vote your shares **FOR** the election of each of the nominees to the Board and **FOR** the other proposal.

Who is entitled to vote?

Only stockholders of record of our common stock at the close of business on July 15, 2005 are entitled to notice of, and to vote at, our annual meeting. As of the close of business on the record date, there were 34,221,940 shares of our common stock outstanding and entitled to vote held by approximately 199 stockholders of record. Each stockholder is entitled to one vote for each share of common stock held as of the record date.

Table of Contents

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of record

If your shares are registered directly in your name with our transfer agent, Mellon Investor Services LLC, then you are considered to be the stockholder of record with respect to those shares, and we are sending these proxy materials directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the meeting. We have enclosed a proxy card for you to use.

Beneficial owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and your broker or nominee is forwarding these proxy materials to you. Your broker or nominee is considered to be the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the meeting. Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee how to vote your shares.

How can I vote my shares in person at the meeting?

Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification.

Even if you currently plan to attend the annual meeting, we recommend that you also submit your proxy as described below so that your vote will be counted if you later decide not to attend the meeting. You may vote shares held in street name in person only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

How can I vote my shares without attending the meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct your vote without attending the meeting.

Stockholder of record

You may vote by granting a proxy. Please refer to the summary voting instructions included on your proxy card. You may vote by mail by signing your proxy card and mailing it in the enclosed postage prepaid and addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign the card but do not provide instructions, your shares will be voted as described below in How are votes counted?

Table of Contents

Beneficial owner

For shares held in street name, refer to the voting instruction card included by your broker or nominee.

Can I change my vote after I submit my proxy?

Yes. You can change your vote at any time before we vote your proxy at the annual meeting.

Stockholder of record

If you are a stockholder of record you can change your vote by:

Sending a written notice to our Secretary at our principal executive offices in Alviso, California stating that you would like to revoke your proxy,

Completing a new proxy card and sending it to our Secretary. The new proxy card will automatically replace any earlier-dated proxy card that you returned, or

Attending the annual meeting and voting in person.

If you choose to revoke your proxy by attending the annual meeting, you must vote at the meeting in accordance with the rules for voting at the annual meeting. Attending the annual meeting will not, by itself, constitute revocation of your proxy.

Beneficial owner

If you instructed a broker or nominee to vote your shares, follow your broker or nominee's directions for changing those instructions.

How are votes counted?

In the election of directors, you may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. For the other proposals, you may vote FOR, AGAINST or ABSTAIN. Shares may also be counted as broker non-votes. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because the broker has not received voting instructions from the beneficial owner and the broker lacks discretionary voting power to vote such shares.

The inspector of election appointed for the meeting, who will separately tabulate affirmative votes, negative votes, abstentions and broker non-votes, will tabulate all votes. Shares that are voted FOR, AGAINST or WITHHELD on a proposal will be treated as being present at the meeting for purposes of establishing a quorum. Shares that are voted FOR or AGAINST will also be treated as votes cast on the proposal. Shares that abstain from voting on a proposal, and shares held by a broker nominee in street name where the broker indicates on a proxy that it does not have discretionary authority to vote on the proposal, will be treated as shares that are present at the meeting for purposes of establishing a quorum, but will not be treated as votes cast on the proposal. Although not considered as votes cast, abstentions and broker non-votes may prevent a proposal from receiving the affirmative vote of a majority of the required quorum and, in that case, would have the same effect as votes against the proposal.

If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board (FOR all of our nominees to the Board, FOR all other items described in this proxy statement and in the discretion of the proxy holders on any other matters that properly come before the meeting).

What vote is required to approve each of the proposals?

With respect to the proposal to elect two Class I directors, the two nominees receiving the greatest number of votes will be elected, even if the votes they receive are less than a majority of shares present and entitled to vote. Abstentions are not counted towards the tabulation of votes cast for the election of directors.

Table of Contents

All other proposals require the affirmative FOR vote of a majority of those votes cast; that majority must also constitute at least a majority of the required quorum.

What does it mean if I receive more than one proxy or voting instruction card?

It means your shares are registered differently or are in more than one account. Please provide voting instructions for each proxy and voting instruction card you receive.

Where can I find the voting results of the meeting?

We will announce preliminary voting results at the annual meeting and publish final results in our quarterly report on Form 10-Q for the second quarter of fiscal year 2006, which ends September 30, 2005.

What happens if additional proposals are presented at the meeting?

Other than the proposals described in this proxy statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate(s) as may be nominated by the Board of Directors.

Must a minimum number of stockholders vote or be present at the annual meeting?

A quorum of stockholders is necessary to hold a valid meeting. Our bylaws provide that a majority of all of the shares of our stock entitled to vote, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the annual meeting. Shares that are voted FOR, AGAINST, WITHHELD or ABSTAIN on any proposal, as well as broker non-votes, will be treated as being present and entitled to vote for purposes of establishing a quorum.

Is cumulative voting permitted for the election of directors?

Stockholders may not cumulate votes in the election of directors.

Who will bear the cost of soliciting votes for the meeting?

We will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. If you choose to access the proxy materials and/or vote over the Internet, however, you are responsible for Internet access charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We may also hire our transfer agent, Mellon Investor Services LLC, or another proxy solicitor to assist us in the distribution of proxy materials and the solicitation of votes. We will pay any proxy solicitor a reasonable and customary fee plus expenses for those services. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our beneficial stockholders.

Board of Directors. The Board of Directors held 28 meetings during the fiscal year ended March 31, 2005. Each director attended or participated telephonically in 75% or more of the aggregate of (i) the total number of the meetings of the Board of Directors (held during the period for which such director was a director) and (ii) the total number of meetings of all committees on which such director served (held during the period for which such director served as a committee member) during the fiscal year ended March 31, 2005.

The Board of Directors has determined that each of its current directors, including all nominee directors, except Elias Antoun, Eric Erdman and Chandrashekar Reddy, has no material relationship with Genesis and is independent within the meaning of the NASDAQ Stock Market, Inc. director independence standards, as currently in effect.

Our Board of Directors has standing Compensation, Audit, Corporate Governance and Nominating Committees.

Compensation Committee. The Compensation Committee reviews and evaluates the compensation and benefits of our officers, reviews general policy matters relating to compensation and benefits of our employees and makes recommendations concerning these matters to the Board of Directors. The Compensation Committee also administers our stock option plans and stock purchase plan. The Compensation Committee held seven meetings during the fiscal year ended March 31, 2005.

Currently, our Compensation Committee consists of Mr. Diamond and Mr. Chang each of whom qualifies as independent in accordance with the published listing requirements of Nasdaq. Mr. Diamond serves as chairman of this committee.

Audit Committee. Among other things, the Audit Committee reviews the scope and timing of audit services and any other services that our independent accountants are asked to perform, the auditors' report on our consolidated financial statements following completion of their audit and our policies and procedures with respect to internal accounting and financial controls.

Currently, our Audit Committee consists of Mr. Christoffersen, Mr. Castor and Mr. Kidd. Mr. Kidd serves as chairman of this committee. The Audit Committee held eleven meetings during the fiscal year ended March 31, 2005. In addition to qualifying as independent in accordance with the published listing requirements of Nasdaq, each member of the Audit Committee qualifies as independent under special standards established by the SEC for members of audit committees. The Audit Committee also includes at least one independent member who is determined by the Board to meet the qualifications of an audit committee financial expert in accordance with SEC rules, including that the person meets the relevant definition of an independent director. Each of the current Audit Committee members has been determined to be an independent director and an audit committee financial expert. Stockholders should understand that this designation is a disclosure requirement of the SEC related to the Audit Committee members' experience and understanding with respect to certain accounting and auditing matters. The designation does not impose upon an Audit Committee member any duties, obligations or liability that are greater than are generally imposed on him as a member of the Audit Committee and the Board, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or the Board.

The report of the Audit Committee is included herein on page 27.

Corporate Governance Committee. The Corporate Governance Committee oversees the Company's disclosure controls and procedures, except for the financial reporting controls and procedures overseen by the Audit Committee, and recommends to the Board the adoption of any measures it deems advisable for the improvement of disclosure controls and procedures. As of July 1, 2005, our Corporate Governance Committee consisted of Messrs. Christoffersen, Chang and Reddy. Mr. Christoffersen serves as chairman of this committee. The Corporate Governance Committee met two times during the fiscal year ended March 31, 2005, in conjunction with regularly scheduled Board meetings.

Nominating Committee. The Nominating Committee is responsible for seeking, screening and recommending for nomination candidates for election to the Board of Directors. In so doing, the Nominating Committee may evaluate, among other things:

the current size, composition and needs of the Board and its committees;

such factors as judgment, independence, character and integrity, area of expertise, diversity of experience, length of service, and potential conflicts of interest of candidates; and

such other factors as the Committee may consider appropriate.

These factors, and any other qualifications considered useful by the Nominating Committee, are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. As a result, the priorities and emphasis of the Nominating Committee and of the Board may change from time to time to take into account changes in business and other trends, and the portfolio of skills and experience of current and prospective Board members. Therefore, the Nominating Committee has not established any specific minimum criteria or qualifications that a nominee must possess. The current Nominating Committee charter is available at our Web site located at www.gnss.com.

The Nominating Committee will evaluate candidates identified on its own initiative as well as candidates referred to it by other members of the Board, by our management, by stockholders who submit names to the Nominating Committee, or by other external sources. With regard to the newest nominees for election as Class I directors, the Nominating Committee recommended and the Board approved the nominations of Messrs. Christoffersen and Kidd for election as Class I directors at the 2005 annual meeting. Since our last annual meeting in 2004, we have not employed a search firm or paid fees to other third parties in connection with seeking or evaluating Board nominees.

candidates.

Table of Contents

With regard to referrals from our stockholders, the Nominating Committee's policy is to consider recommendations for candidates to the Board of Directors from stockholders holding not less than 1% of our outstanding common stock continuously for at least twelve months prior to the date of the submission of the recommendation. Candidates suggested by stockholders are evaluated using the same criteria as for other candidates. A stockholder that desires to recommend a candidate for election to the Board shall direct the recommendation in written correspondence by letter to Genesis Microchip Inc., attention of the Company's Secretary, at our offices at 2150 Gold Street, Alviso, California 95002. Such notice must include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, a signed letter from the candidate confirming willingness to serve, information regarding any relationships between the candidate and Genesis within the last three years, evidence of the required ownership of common stock by the recommending stockholder, and to the extent known by the stockholder, any relationships between the candidate and competitors, customers, suppliers and any other parties that might give rise to the appearance of a potential conflict of interest. Any stockholder who wishes to make a direct nomination for election to the Board at an annual or special meeting for the election of directors must comply with procedures set forth in our bylaws.

As of July 1, 2005, our Nominating Committee consisted of Mr. Diamond, Mr. Castor and Mr. Kidd, each of whom is independent in accordance with the published listing requirements of Nasdaq. Mr. Diamond serves as chairman of this committee. The Nominating Committee held three meetings during the fiscal year ended March 31, 2005.

Annual Meeting Attendance. The Company does not have a formal policy regarding the attendance of its directors at annual or special meetings of stockholders, but the Company encourages directors to attend such meetings. Of the three directors elected at the November 3, 2004 annual meeting and the four continuing directors not elected at that meeting, all seven directors attended that meeting.

Compensation of Directors

Directors who are not our employees receive \$5,000 per quarter as a retainer, \$1,000 for each meeting of the Board of Directors or committee thereof attended in person and \$500 for each meeting attended by teleconference. Non-employee chairmen of committees receive an additional retainer of \$1,250 per quarter for serving as a committee chairman, other than the chairman of the audit committee who receives an additional quarterly retainer of \$2,500. Directors who are our employees receive no separate compensation for services rendered as a director. All directors are reimbursed for reasonable expenses to attend meetings.

Non-employee directors automatically receive stock options under the terms of our 1997 Non-Employee Stock Option Plan. Upon first joining the board, non-employee directors receive an option to purchase 15,000 shares of our common stock. Those options are granted with an exercise price equal to the closing price of our stock on the last trading day before joining the board. Non-employee directors also automatically receive an option to purchase 10,000 shares of our common stock under our 2000 Nonstatutory Stock Option Plan upon first joining the Board. Since the option pool in our 1997 Non-Employee Stock Option Plan is nearly depleted, we intend to grant some of the stock options described above from our 2000 Nonstatutory Stock Option Plan or our 2001 Nonstatutory Stock Option Plan.

Grants are also made annually on the first day of the month following our annual meeting of stockholders. Each non-employee director receives an option to purchase 10,000 shares of our common stock plus 2,500 shares of our common stock for each committee on which the director serves. The options are granted with an exercise price equal to the closing price of our stock on the day preceding the date of the grant and vest over twelve months. The automatic annual option grants were made on December 1, 2004 at an exercise price of \$16.94 per share. No other stock option grants were made to non-employee directors in fiscal 2005.

Non-employee directors may also be granted stock options under the terms of our 2000 Nonstatutory Stock Option Plan or our 2001 Nonstatutory Stock Option Plan.

The following table summarizes the retainers and attendance fees and the number of stock option grants that were made to our non-employee directors, in their capacity as non-employee directors, during fiscal 2005:

PROPOSAL 2 APPOINTMENT OF INDEPENDENT ACCOUNTANTS

You are being asked to ratify the appointment of KPMG LLP in Canada as independent accountants for the fiscal year ending March 31, 2006.

We have selected KPMG as our independent accountants for the 2006 fiscal year. KPMG or its predecessor firms have served as our independent accountants since our inception in Canada in 1987. Representatives of KPMG are expected to be present at the annual meeting. They will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from you.

The approximate fees billed to us by KPMG for services rendered with respect to fiscal years 2005 and 2004 were as follows:

	2005	2004
Audit Fees	\$ 833,023	\$ 471,468
Audit-Related Fees	218,843	49,200
Tax Fees	522,529	377,371
Total Fees	1,574,395	898,039

Audit Fees. This category consists of fees paid for professional services provided in connection with the integrated audit of our financial statements and internal controls over financial reporting, and review of our quarterly financial statements and audit services provided in connection with other statutory or regulatory filings, including filings related to potential mergers and acquisitions.

Audit-Related Fees. This category consists of fees paid primarily for advisory services, research on accounting matters and due diligence related to mergers and acquisitions, and are not reported above under Audit Fees.

Tax Fees. This category consists of fees paid primarily for professional services rendered by KPMG in connection with tax advice related to specialized projects such as the implementation of the American Jobs Creation Act, acquisition activities and tax compliance, including technical tax advice related to the preparation of tax returns.

The Audit Committee has determined that the provision of non-audit services performed during fiscal 2005, including work related to acquisition activities and for tax planning and compliance purposes, is compatible with maintaining the independence of KPMG.

The Audit Committee has established a policy governing our use of KPMG for non-audit services. Under the policy, management may use KPMG for non-audit services that are permitted under SEC rules and regulations,

provided that management obtains the Audit Committee's approval before such services are rendered. In fiscal 2005, all fees identified above under the captions "Audit-Related Fees" and

Table of Contents

Tax Fees that were billed by KPMG were approved by the Audit Committee pursuant to the Company's pre-approval policies and procedures established by the Audit Committee.

The resolution must be passed by a majority of the votes cast at our annual meeting (which majority must also constitute at least a majority of the required quorum) to be approved. The persons named in the enclosed proxy intend to vote the shares represented by those proxies in favor of this resolution.

2000 Non-Statutory Stock Option Plan

Purpose

The purposes of the plan are to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to employees and consultants and to promote the success of our business.

Administration

The plan provides for administration by our Board of Directors or a committee appointed by the Board and is currently administered by the Compensation Committee of the Board of Directors. All questions of interpretation or application of the plan are determined by the Board of Directors or its appointed committee, and its decisions are final and binding upon all participants. Directors receive no additional compensation for their services in connection with the administration of the plan.

Eligibility to Participate in the Plan

Nonstatutory stock options may be granted to our employees, consultants and directors.

Number of Shares Covered by the Plan

The aggregate number of shares of common stock authorized for issuance under the plan is 1,500,000 shares plus an annual increase to be added on the first day of each fiscal year equal to the lesser of (i) 2,000,000 shares, (ii) 3.5% of the Company's outstanding shares of common stock on such date, or (iii) a lesser amount determined by the Board.

Awards Permitted under the Plan

The plan authorizes the granting of nonstatutory stock options only.

Terms of Options

The plan's administrator determines the exercise price of options granted under the plan and the term of those options. The options that are currently outstanding under the plan vest and become exercisable over periods of from one to four years beginning on the grant date. Payment of the exercise price may be made by cash, check, promissory note, other shares of our common stock, cashless exercise, any other form of consideration permitted by applicable law or any combination of the foregoing methods of payment. Options may be made exercisable only under the conditions the Board of Directors or its appointed committee may establish. If an optionee's employment terminates for any reason, the option remains exercisable for a period fixed by the plan administrator up to the remainder of the option's term; if a period is not fixed by the plan administrator, the exercise period is three (3) months, or twelve (12) months in the case of death or disability.

Capital Changes

In the event of any changes in our capitalization, such as stock splits or stock dividends, resulting in an increase or decrease in the number of shares of common stock, effected without receipt of consideration by us, appropriate adjustment will be made by us in the number of shares available for future grant and in the number of shares subject to previously granted but unexercised options.

Dissolution or Liquidation

In the event of the proposed dissolution or liquidation of our Company, the option holders will be notified of such event, and the plan administrator may, in its discretion, permit each option to fully vest and be exercisable until ten (10) days prior to such event, at which time the options will terminate.

Table of Contents

Merger, Asset Sale or Change of Control

With respect to options granted on or before October 16, 2001 (unless the optionees have consented otherwise), in the event of a merger of our Company with or into another corporation, or any other capital reorganization in which more than fifty percent (50%) of the outstanding voting shares of the Company are exchanged (other than a reorganization effected solely for the purpose of changing the situs of the Company's incorporation), each outstanding option under the plan will fully vest and be exercisable for a period often (10) days prior to the closing of such transaction, and the unexercised options will terminate prior to the closing of such transaction.

With respect to options granted after October 16, 2001 (as well as certain options granted before such date, with the consent of the optionees), in the event of a merger or proposed sale of all or substantially all of the assets of our Company, each outstanding option under the plan will be assumed or an equivalent option substituted by the successor corporation or a parent or subsidiary of the successor corporation. In the event the successor corporation refuses to assume or substitute outstanding options, the plan administrator will notify each optionee that his or her options will vest and be exercisable for a period of twenty (20) days from the date of such notice, and the unexercised options will terminate upon the expiration of such period.

Nonassignability

Options may not be assigned or transferred for any reason (other than upon death), except that the plan administrator may permit options to be transferred during the optionee's lifetime to members of the optionee's immediate family or to trusts, LLCs or partnerships for the benefit of such persons.

Amendment and Termination of the Plan

The plan provides that the Board of Directors may amend or terminate the plan without stockholder approval, but no amendment or termination of the plan or any award agreement may adversely affect any award previously granted under the plan without the written consent of the optionee.

Certain United States Federal Income Tax Information

An optionee generally will not recognize any taxable income at the time he or she is granted a non-statutory stock option. However, upon its exercise, the optionee will recognize ordinary income generally measured as the excess of the then fair market value of the shares purchased over the purchase price. Any taxable income recognized in connection with an option exercise by one of our employees is subject to tax withholding by us. Upon resale of such shares by the optionee, any difference between the sales price and the optionee's purchase price, to the extent not recognized as taxable income as described above, will be treated as long-term or short-term capital gain or loss, depending on the holding period.

Generally, we will be entitled to a tax deduction in the same amount as the ordinary income realized by the optionee with respect to shares acquired upon exercise of the non-statutory stock option.

The foregoing is only a summary of the effect of federal income taxation upon the optionee and us with respect to the grant and exercise of options granted under the plan and does not purport to be complete. In addition, the summary does not discuss the tax consequences of an optionee's death or the income tax laws of any state or foreign country in which the optionee may reside.

In addition, the summary does not discuss the tax consequences of an optionee's death or the income tax laws of any state or foreign country in which the optionee may reside.

2003 Stock Plan

In October 2003, the Board approved the 2003 Stock Plan (the "Plan"). The Plan provides for the grant of non-statutory stock options, stock purchase rights, restricted stock, stock appreciation rights, performance shares, and performance units, to newly hired employees as a material inducement to their decision to enter into our employ.

Awards under the Plan may not be granted to individuals who are former employees or directors of ours, except that a former employee who is returning to our employ following a bona-fide period of non-employment by us may receive awards under the Plan. Our Board or a committee appointed by the Board administers the Plan and controls its operation (the "Administrator"). However, all awards under the Plan must be approved by either a majority of our independent directors, or approved by a committee comprised of a majority of independent directors.

The Administrator determines, on a grant-by-grant basis, the term of each option, when options granted under the Plan will vest and may be exercised, the exercise price of each option, and the method of payment of the option exercise price. After a participant's termination of service with us, the vested portion of his or her option will generally remain exercisable for the period of time stated in the option agreement. If a specified period of time is not stated in the option agreement, the option will remain exercisable for three months following a termination for reasons other than death or disability, and for one year following a termination due to death or disability, in each case subject to the original term of the option. The Administrator also determines the terms and conditions of restricted stock awards (shares that vest in accordance with the terms and conditions established by the Administrator), stock purchase rights (rights to purchase shares of our common stock, and such shares are generally restricted stock), stock appreciation rights (the right to receive the appreciation in fair market value of our common stock between the exercise date and the date of grant), and performance shares and/or units (awards that will result in a payment to a participant only if the

Table of Contents

performance goals or other vesting criteria established by the Administrator are achieved or the awards otherwise vest).

In the event we experience a change in control, each outstanding option, stock purchase right and stock appreciation right will be assumed or substituted for by the successor corporation (or a parent or subsidiary of such successor corporation). If such awards are not so assumed or substituted, the Administrator will notify participants that their options, stock purchase rights, and stock appreciation rights will be exercisable as to all of the shares subject to the award for a period of time determined by the Administrator in its sole discretion, and that the award will terminate upon the expiration of such period. In addition, in the event we experience any dividend or other distribution, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of shares or other securities, or other change in our corporate structure affecting the shares occurs, the Administrator, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the Plan may make appropriate adjustments to outstanding awards and to the shares available for issuance under the Plan.

There are 1,000,000 shares of our common stock reserved under the Plan, and as of March 31, 2005, 75,000 shares remain for future issuance. By its terms, the Plan will automatically terminate in 2013, unless earlier terminated by the Board.

Employment Agreement with Mr. Antoun

On November 10, 2004 and November 29, 2004, respectively, we entered into an employment letter and change of control severance agreement with Mr. Antoun, currently our Chief Executive Officer and President. The employment letter states that Mr. Antoun's initial base salary is \$350,004. In addition, Mr. Antoun receives a car allowance and is eligible to participate in any applicable corporate bonus plan. The change of control severance agreement provides certain benefits upon an involuntary termination of employment following a change of control of Genesis, as set forth below under the heading Employment and severance agreements relating to change of control.

Separation Agreement and Release with Mr. Erdman

We entered into a Settlement Agreement and Release with Mr. Erdman, our former Interim Chief Executive Officer and former Chief Financial Officer, in connection with his resignation effective November 29, 2004. Under the agreement, Mr. Erdman was entitled to receive as severance a lump-sum payment equal to one year of his base salary, as well as (i) a bonus in the amount of \$51,325.65, less applicable withholdings, based on Mr. Erdman's eight months of employment with Genesis; (ii) reimbursement for up to 3 months of COBRA; (iii) commencing March 1, 2005 for a period of up to nine months, coverage under Genesis's health plan for its Canadian employees or reimbursement for the payments made by Mr. Erdman for the continuation of post-termination health benefits as provided under Canadian law; (iv) reimbursement for reasonable moving expenses incurred by Mr. Erdman's relocation from California to Canada; (v) reimbursement for certain return and tax advise, not to exceed \$10,000; and (vi) reimbursement for legal fees and costs incurred in the preparation of the agreement and the Consulting Agreement, discussed below. Mr. Erdman agreed and authorized the Company to deduct from the lump-sum severance payment monies overpaid to Mr. Erdman by the Company in relation to his vehicle allowance. Mr. Erdman was also entitled to: (i) accelerated vesting for all stock options granted to Mr. Erdman on or prior to August 12, 2003; (ii) twelve months of additional vesting for all stock options granted to Mr. Erdman after August 12, 2003; and (iii) the right to exercise all vested stock options (including those vesting under the agreement) for a period of up to eighteen months following the effective date of Mr. Erdman's termination. Mr. Erdman agreed to release all claims he may have had against the Company. Mr. Erdman also agreed to provisions concerning confidentiality, cooperation in litigation and non-solicitation of our employees and consultants. The agreement terminated our February 2004 Interim Chief Executive Officer employment agreement with Mr. Erdman, under which Mr. Erdman was to receive an annual base salary of \$275,000, a one-time bonus for his service in both the Interim Chief Executive Officer and Chief Financial Officer positions and certain other benefits. Mr. Erdman and the Company entered into a Consulting Agreement, dated as of December 3, 2004, whereby Mr. Erdman was to provide services related to the transition of his duties as the Company's former Interim Executive Officer at a rate of \$10,000 per month, until March 31, 2005.

Employment Agreement with Mr. Healy

On February 4, 2004, we entered into an employment letter and change of control severance agreement with Mr. Healy, currently our Senior Vice President, Finance and Chief Financial Officer. The employment

letter states that Mr. Healy's initial base salary is \$220,000 and that he will receive a one-time guaranteed bonus of \$80,000 at the end of twelve months of employment. In addition, Mr. Healy receives a car allowance and is eligible to participate in any applicable corporate bonus plan. The change of control severance agreement provides certain benefits upon an involuntary termination of employment following a change of control of Genesis, as set forth below under the heading "Employment and severance agreements relating to change of control." In addition, if during Mr. Healy's first two years of employment, he is involuntarily terminated without cause by our Chief Executive Officer (excluding an involuntary termination with or without cause by Eric Erdman), he will be entitled to receive similar severance benefits.

Employment Letter with Mr. Frisk

On February 15, 2000, we entered into an employment letter with Anders Frisk, currently our Executive Vice President. In addition to base salary, bonus, car allowance and other benefits, we granted Mr. Frisk options for 130,000 shares of our common stock that have since fully vested. In addition, pursuant to an employment agreement with Mr. Frisk, in the event that his employment is involuntarily terminated at any time, he will be entitled to a lump sum payment equal to 12 months of his base salary in effect as of the date of his termination.

Employment Letter with Dr. Chan

Dr. Chan, who currently serves as our Senior Vice President, Product Development, entered into an employment letter with Paradise Electronics, Inc., dated April 21, 1997, which we assumed upon our acquisition of Paradise. In addition to base salary, bonus and other benefits, Dr. Chan was granted stock options that have since fully vested.

Employment Letter with Mr. Mehrbians

On February 28, 2002, we entered into an employment letter with Mr. Mehrbians, who currently serves as our Senior Vice President, Product Marketing. In addition to base salary, bonus and other benefits, Mr. Mehrbians was granted a stock option with standard four-year vesting. On February 28, 2002, which was prior to his becoming an officer of the Company and prior to the enactment of the Sarbanes-Oxley Act of 2002, we agreed to provide Mr. Mehrbians with a loan of \$150,000, which amount has been forgiven pursuant to its requirement that Mr. Mehrbians remain employed by Genesis for three years.

Employment Letter with Mr. Tafazzoli

Mr. Tafazzoli, who currently serves as our Senior Vice President, Operations, entered into an employment letter with Paradise Electronics, Inc., dated February 17, 1998, which we assumed upon our acquisition of Paradise. In addition to base salary, bonus and other benefits, Mr. Tafazzoli was granted a stock option that has since fully vested.

Employment and Severance Agreements Relating to Change of Control

Messrs. Antoun and Healy have entered into change of control severance agreements that will provide certain benefits upon an involuntary termination of employment following a change of control of Genesis. The agreements generally provide that if, within 12 months after the change of control, or any other change of control of the combined company following a merger, the executive's employment is involuntarily terminated and signs a release of claims, then the executive will be entitled to the following severance benefits:

12 months of the executive's base salary, payable in a lump sum;

12 months of acceleration of vesting under all stock options, and 12 months of lapsing of Genesis's right of repurchase with respect to all restricted stock, held by the executive prior to the change of control;

the ability to exercise all vested stock options being assumed by the acquiring company that were originally granted to the executive by Genesis prior to the change of control for a period of 2 years following the termination of employment; and

health coverage and benefits at the same level of coverage as was provided immediately prior to termination, for up to 12 months following the termination of employment.

The agreements also generally provide that if, in the second year after the change of control, or any other change of control of the combined company following a merger, the executive's employment is involuntarily terminated, then the executive will be entitled to the following severance benefits:

a lump sum payment equal to the product of 100% of the executive's monthly base salary, multiplied by the number of months remaining in such second year as of the employment termination date;

12 months of acceleration of vesting under all stock options, and 12 months of lapsing of Genesis's right of repurchase with respect to all restricted stock, held by the executive prior to the change of control;

the ability to exercise all vested stock options granted to the executive by Genesis prior to the change of control for a period of 2 years following the termination of employment; and

health coverage and benefits at the same level of coverage as was provided immediately prior to termination, for that number of months remaining in such second year as of the employment termination date.

Options granted in the year ended March 31, 2005

The following table contains information about stock option grants made during the year ended March 31, 2005 to our Chief Executive Officers and to our five other most highly compensated executive officers in fiscal 2005. The stock options were granted under our 1997 Employee Stock Option Plan, our 2001 Nonstatutory Stock Option Plan, our 2000 Nonstatutory Stock Option Plan or our 2003 Nonstatutory Stock Option Plan. They have a maximum term of ten years, subject to earlier termination upon cessation of service.

The 5% and 10% assumed annual rates of compounded stock price appreciation are mandated by rules of the Securities and Exchange Commission. There is no assurance that the actual stock price appreciation over the option terms will be at the assumed 5% and 10% levels or at any other defined level. Unless the market price of our common stock appreciates over the term of the option, no value will be realized from the option grants made to the executive officer.

At no time since our formation have any of the members of our Compensation Committee served as our officers or employees or as officers or employees of any of our subsidiaries, except for Mr. Diamond as described in his biography on page 7. COMPENSATION COMMITTEE S REPORT ON EXECUTIVE COMPENSATION

To our Stockholders:

We are responsible for reviewing and/or establishing the compensation programs that relate to Genesis s executive officers, senior management and other key employees and for establishing the specific short and long-term

compensation elements thereunder. We oversee the general compensation structure for all of Genesis's employees and we administer the stock option and stock purchase plans. We are independent, non-employee directors.

The executive compensation program that has been established is designed to provide levels of compensation in formats that assist Genesis in attracting, motivating and retaining qualified executives by

Table of Contents

providing a competitive compensation package geared to individual and corporate performance. We strive to establish performance criteria, evaluate performance and establish base salary, bonuses and long-term incentives for our key decision makers based upon performance and designed to provide appropriate incentives for maximization of our short and long-term financial results for the benefit of our stockholders.

In order to meet our objectives, we have chosen four basic components for Genesis's executive compensation program to meet our compensation philosophy. Base salaries, which are the fixed regular component of executive compensation, are based upon:

base salary levels among a competitive, geographic peer group;

Genesis's past financial performance and future expectations;

the general and industry-specific business environment; and

individual performance.

Bonuses, which are directly linked to Genesis's performance, are designed to provide additional incentive cash compensation based on short-term performance of Genesis and its employees. Stock option grants, under the long-term component of executive compensation, are designed as an incentive to reward executive officers and employees for delivering value to our stockholders over a longer, measurable period of time. Historically, Genesis has used the grant of stock options that vest over some measurable period of time, generally four years, to accomplish this objective.

The base salaries for our Chief Executive Officers in fiscal 2005, Mr. Elias Antoun and Mr. Eric Erdman, were determined with reference to base salaries for chief executive officers of other comparable technology companies. Mr. Antoun has served as our Chief Executive Officer since November 29, 2004 for which he received \$119,360 in fiscal 2005 pursuant to his employment agreement. Mr. Erdman served as our Interim Chief Executive Officer from July 20, 2003 to November 29, 2004, for which he received a salary of \$213,018, a bonus of \$51,326, and severance of \$285,000, in fiscal 2005 pursuant to his employment agreement and separation agreement. Incentive options to purchase 500,000 shares of our common stock were granted to Mr. Antoun upon his employment as Chief Executive Officer. Incentive options to purchase 50,000 shares of our common stock were granted to Mr. Erdman in May 2004. No other stock options were granted to Mr. Antoun or Mr. Erdman in fiscal 2005.
