to LIBOR plus 75 basis points for borrowings under the facility it replaced. The facility contains covenants, including a debt to total capitalization covenant.

CenterPoint Energy Resources Corp. Credit Facility. CERC replaced its \$400 million five-year bank credit facility with a \$550 million five-year senior unsecured revolving credit facility. The facility has a first drawn cost of LIBOR plus 45 basis points based on CERC's current credit ratings, as compared to LIBOR plus 55 basis points for borrowings under the facility it replaced. The facility contains covenants, including a total debt to capitalization covenant.

General. Under each of the credit facilities, an additional utilization fee of 10 basis points applies to borrowings any time more than 50% of the facility is utilized, and the spread to LIBOR fluctuates based on the borrower's credit rating at the time of borrowing. Borrowings under each of the facilities are subject to customary terms and conditions. However, there is no requirement that the Company, CEHE or CERC make representations prior to borrowings as to the absence of material adverse changes or litigation that could be expected to have a material adverse effect. Borrowings under each of the credit facilities are subject to acceleration upon the occurrence of events of default that the Company, CEHE and CERC consider customary. The global coordinators for the three facilities are J.P. Morgan Securities Inc. and Citigroup Global Markets Inc., who also served as joint lead arrangers for the Company facility. Barclays Capital and Wachovia Bank, National Association served as joint lead arrangers for the CEHE facility. Citigroup Global Markets Inc., Banc of America Securities LLC and Deutsche Bank Securities Inc. served as joint lead arrangers for the CERC facility. J.P. Morgan Chase Bank, N.A. serves as the administrative agent for the parent and CEHE facilities, and Citibank, N.A. serves as the administrative agent for the CERC facility.

On March 31, 2006, the Company had no borrowings and approximately \$28.5 million of outstanding letters of credit under its \$1.2 billion credit facility, CEHE had no borrowings and approximately \$3.5 million of outstanding letters of credit under its \$300 million credit facility and CERC had no borrowings under its \$550 million credit facility.

The credit agreements described above are filed as Exhibits 4.1, 4.2 and 4.3 to this report and are incorporated by reference herein. The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the credit agreements.
