FORWARD-LOOKING STATEMENTS

Some of the statements made and information contained in this prospectus and the documents we incorporate by reference, excluding historical information, are forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995, the Securities Act of 1933 and the Securities Exchange Act of 1934. Forward-looking statements give our current expectations or forecasts of future events. Words such as may, assume, forecast, position, predict, strategy, expect, intend, plan, estimate, anticipate, believe, project, budget, potential, or expressions are used to identify forward-looking statements. They can be affected by assumptions used or by known or unknown risks or uncertainties. Consequently, no forward-looking statements can be guaranteed. Actual results may vary materially. You are cautioned not to place undue reliance on any forward-looking statements. You should also understand that it is not possible to predict or identify all such factors and should not consider the following list to be a complete statement of all potential risks and uncertainties. Any of the following factors may impact the achievement of results:

risks and uncertainties relating to the possible invalidity of the underlying beliefs and assumptions;

possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions;

actions taken or omitted to be taken by third parties, including customers, suppliers, business partners, competitors and legislative, regulatory, judicial and other governmental authorities and officials; and

attacks or threats of attacks by terrorists or war.

Without limiting the generality of the foregoing, forward-looking statements regarding the effects of the acquisition of May by Federated are subject to risks and uncertainties relating to, among other things, the successful and timely integration of the acquired businesses with our historical businesses, timely realization of expected cost savings and other synergies, and potential disruption from the transaction which could make it more difficult to maintain relationships with the companies' respective employees, customers and vendors.

No forward-looking statements should be relied upon as continuing to reflect the expectations of management or the current status of any matter referred to therein as of any date subsequent to the date on which such statements are made. Furthermore, future results of the operations of Federated and/or Federated Holdings could differ materially from historical results or current expectations because of a variety of factors that affect Federated and its consolidated subsidiaries, including:

the acquisition of May;

transaction costs associated with the renovation, conversion and transitioning of retail stores in regional markets;

the outcome and timing of sales and leasing in conjunction with the disposition of retail store properties;

the retention, reintegration and transitioning of displaced employees;

the sale of Federated's credit card operations and related strategic alliance;

Table of Contents

competitive pressures from department and specialty stores, general merchandise stores, manufacturers outlets, off-price and discount stores, and all other retail channels, including the Internet, mail-order catalogs and television; and

general consumer-spending levels, including the impact of the availability and level of consumer debt, levels of consumer confidence and the effects of the weather.

This list of factors is not exhaustive, and new factors may emerge or changes to these factors may occur that would impact our business. Additional information regarding these and other factors may be contained in Federated's filings with the SEC, especially on Forms 10-K, 10-Q and 8-K. All such risk factors are difficult to predict, contain material uncertainties that may affect actual results and may be beyond our control.

DESCRIPTION OF DEBT SECURITIES

General

The debt securities that we may offer by this prospectus consist of unsecured notes, debentures, or other evidences of indebtedness of Federated Holdings, a wholly-owned subsidiary of Federated, which securities we refer to as debt securities. Federated Holdings may issue debt securities in one or more series under an indenture, dated as of November 2, 2006, among Federated Holdings, as issuer, Federated, as guarantor, and U.S. Bank National Association, as trustee. A copy of the indenture is filed as Exhibit 4.6 to the registration statement of which this prospectus is a part and is incorporated herein by reference. Except as otherwise defined in this prospectus, capitalized terms used in this prospectus have the meanings given to them in the indenture.

The provisions of the indenture will generally be applicable to all of the debt securities. Selected provisions of the indenture are described in this prospectus. Additional or different provisions that are applicable to a particular series of debt securities will, if material, be described in a prospectus supplement relating to the offering of debt securities of that series. These provisions may include, among other things and to the extent applicable, the following:

the title of the debt securities;

the extent, if any, to which the debt securities are subordinated in right of payment to other indebtedness of Federated Holdings;

any limit on the aggregate principal amount of the debt securities;

any subordination provisions or other limitations applicable to guarantees of the debt securities;

the persons to whom any interest on the debt securities will be payable, if other than the registered holders thereof on the regular record date therefor;

the date or dates on which the principal of the debt securities will be payable;

the rate or rates at which the debt securities will bear interest, if any, and the date or dates from which interest will accrue;

the dates on which interest, if any, will be payable and the regular record dates for interest payment dates;

the place or places where the principal of and any premium and interest on the debt securities will be payable;

the period or periods, if any, within which, and the price or prices at which, the debt securities may be redeemed, in whole or in part, at the option of Federated Holdings;

the obligation, if any, of Federated Holdings to redeem or purchase the debt securities pursuant to sinking fund or similar provisions and the terms and conditions of any such redemption or purchase;

the denominations in which the debt securities will be issuable, if other than denominations of \$1,000 and any integral multiple thereof;

Table of Contents

the currency, currencies or currency units, if other than currency of the United States of America, in which payment of the principal of and any premium or interest on the debt securities will be payable, and the terms and conditions of any elections that may be made available with respect thereto;

any index or formula used to determine the amount of payments of principal of and any premium or interest on the debt securities;

whether the debt securities are to be issued in whole or in part in the form of one or more global securities and, if so, the identity of the depositary, if any, for the global securities;

the manner, if any, in which the debt securities will be exchangeable for the common stock or other securities of Federated or any other person;

the principal amount (or any portion of the principal amount) of the debt securities which will be payable upon any declaration of acceleration of the maturity of the debt securities pursuant to an event of default; and

the applicability to the debt securities of the provisions described under **Defeasance** below.

We may issue debt securities at a discount from their stated principal amount. Federal income tax considerations and other special considerations applicable to any debt security issued with original issue discount (an **original issue discount security**) may be described in an applicable prospectus supplement.

If the purchase price of any series of the debt securities is payable in a foreign currency or currency unit or if the principal of or any premium or interest on any series of the debt securities is payable in a foreign currency or currency unit, the restrictions, elections, general tax considerations, specific terms, and other information with respect to the debt securities and the applicable foreign currency or currency unit will be set forth in an applicable prospectus supplement.

Unless otherwise indicated in an applicable prospectus supplement:

the debt securities will be issued only in fully registered form (without coupons) in denominations of \$1,000 or integral multiples thereof; and

payment of principal and any premium or interest on the debt securities will be payable, and the exchange and transfer of debt securities will be registrable, at Federated Holdings' office or agency maintained for those purposes and at any other office or agency maintained for those purposes. No service charge will be made for any registration of transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge imposed in connection therewith.

Guarantees

Subject to the limitations described below and except as otherwise disclosed in the applicable prospectus supplement, Federated will fully, unconditionally and irrevocably guarantee the full and punctual payment when due, whether at maturity, by acceleration, by redemption, by repurchase, or otherwise, of all payment obligations on the debt securities of a series, whether for principal of, or any premium or interest on, the debt securities or otherwise.

In the case of subordinated debt securities of any series, Federated's guarantee will be subordinated in right of payment to its senior debt on the same basis as the subordinated debt securities of each series are subordinated to Federated

Holdings senior debt securities. No payment will be made by Federated under its guarantee during any period in which payments by Federated Holdings on any subordinated debt securities are suspended by the subordination provisions applicable to such series.

Each guarantee will be limited in amount to an amount not to exceed the maximum amount that can be guaranteed by Federated without rendering such guarantee voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally.

Table of Contents

Each guarantee will be a continuing guarantee and will:

(1) remain in full force and effect until either (a) payment in full of all the applicable debt securities (or such debt securities are otherwise satisfied and discharged in accordance with the provisions of the applicable indenture) or (b) released in connection with a redemption, if any;

(2) be binding upon Federated; and

(3) inure to the benefit of and be enforceable by the applicable trustee, the holders and their successors, transferees and assigns.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depository or its nominee identified in an applicable prospectus supplement. Unless and until it is exchanged in whole or in part for debt securities in registered form, a global security may not be registered for transfer or exchange except:

by the depository to a nominee of the depository;

by a nominee of the depository to the depository or another nominee of the depository;

by the depository or any nominee of the depository to a successor depository or a nominee of the successor depository; or

in any other circumstances described in an applicable prospectus supplement.

The specific terms of the depository arrangement with respect to any debt securities to be represented by a global security will be described in an applicable prospectus supplement. We expect that the following provisions will apply to depository arrangements.

Unless otherwise specified in an applicable prospectus supplement, any global security that represents debt securities will be registered in the name of the depository or its nominee. Upon the deposit of a global security with or on behalf of the depository for the global security, the depository will credit, on its book-entry registration and transfer system, the respective principal amounts of the debt securities represented by the global security to the accounts of institutions that are participants in such system. The accounts to be credited will be designated by the underwriters or agents of the debt securities or by Federated Holdings, if the debt securities are offered and sold directly by Federated Holdings.

Ownership of beneficial interests in debt securities represented by a global security will be limited to participants in the book-entry registration and transfer system of the applicable depository or persons that may hold interests through those participants. Ownership of those beneficial interests by participants will be shown on, and the transfer of ownership will be effected only through, records maintained by the depository or its nominee for such global security. Ownership of such beneficial interests by persons that hold through such participants will be shown on, and the transfer of such ownership will be effected only through, records maintained by the participants. The laws of some jurisdictions require that specified purchasers of securities take physical delivery of their securities in definitive form. These laws may impair your ability to transfer beneficial interests in a global security.

So long as the depository for a global security, or its nominee, is the registered owner of the global security, the depository or the nominee, as the case may be, will be considered the sole owner or holder of the debt securities

represented by the global security for all purposes under the indenture. Unless otherwise specified in an applicable prospectus supplement, owners of beneficial interests in the global security will not be entitled to have any of the debt securities represented by the global security registered in their names, will not receive or be entitled to receive physical delivery of any such debt securities in certificated form, and will not be considered the owners or holders of the debt securities for any purpose under the indenture. Accordingly, each person owning a beneficial interest in debt securities represented by a global security must rely on the procedures of the applicable depositary and, if the person is not a participant in the book-entry registration and transfer system of the applicable depositary, on the procedures of the participant through which the person owns its interest, to exercise any rights of an owner or holder of debt securities under the indenture.

Table of Contents

We understand that, under existing industry practices, if an owner of a beneficial interest in debt securities represented by a global security desires to give any notice or take any action that an owner or holder of debt securities is entitled to give or take under the indenture:

the applicable depositary would authorize its participants to give the notice or take the action; and

the participants would authorize persons owning the beneficial interests through the participants to give the notice or take the action or would otherwise act upon the instructions of the persons owning the beneficial interests.

Principal of and any premium and interest on debt securities represented by a global security will be payable in the manner described in an applicable prospectus supplement. Payment of principal of, and any premium or interest on, debt securities represented by a global security will be made to the applicable depositary or its nominee, as the case may be, as the registered owner or the holder of the global security. None of us, the trustee, any paying agent, or the registrar for debt securities represented by a global security will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in those debt securities or for maintaining, supervising, or reviewing any records relating to those beneficial ownership interests.

Certain Covenants of Federated Holdings

Maintenance of Office or Agency. Federated Holdings will be required to maintain an office or agency in each place of payment for each series of debt securities for notice and demand purposes and for the purposes of presenting or surrendering debt securities for payment, registration of transfer, or exchange.

Paying Agents, Etc. If Federated Holdings acts as its own paying agent with respect to any series of debt securities, on or before each due date of the principal of or any premium or interest on any of the debt securities of that series, Federated Holdings will be required to segregate and hold in trust for the benefit of the persons entitled to payment a sum sufficient to pay the amount due and to notify the trustee promptly of Federated Holdings action or failure to act. If Federated Holdings has one or more paying agents for any series of debt securities, prior to each due date of the principal of or any premium or interest on any debt securities of that series, Federated Holdings will be required to deposit with a paying agent a sum sufficient to pay the amount due and, unless the paying agent is the trustee, to promptly notify the trustee of its action or failure to act. All moneys paid by Federated Holdings to a paying agent for the payment of principal of or any premium or interest on any debt securities that remain unclaimed for two years after the principal or any premium or interest has become due and payable may be repaid to Federated Holdings, and thereafter the holder of those debt securities may look only to Federated Holdings for payment thereof.

Existence. Federated Holdings will be required to, and will be required to cause its subsidiaries to, preserve and keep in full force and effect its and their existence, charter rights, statutory rights, and franchises, except to the extent that the failure to do so would not have a Material Adverse Effect.

Restrictive Covenants. Any restrictive covenants applicable to any series of debt securities will be described in an applicable prospectus supplement.

Events of Default

The following are Events of Default under the indenture with respect to debt securities of any series:

(1) failure to pay principal of or premium, if any, on any debt security of that series when due;

- (2) failure to pay any interest on any debt security of that series when due, which failure continues for 30 calendar days;
- (3) failure to make any sinking fund payment in respect of any debt security of that series when it becomes due and payable;
- (4) failure to perform, or breach of, any other of Federated Holdings covenants in the indenture (other than a covenant included in the indenture solely for the benefit of a series of debt securities other than that

Table of Contents

series), which failure or breach continues for 60 calendar days after written notice thereof has been given to Federated Holdings as provided in the indenture;

(5) any nonpayment at maturity or other default (beyond any applicable grace period) under any agreement or instrument relating to any other indebtedness of Federated Holdings, the unpaid principal amount of which is not less than \$100 million, which default results in the acceleration of the maturity of the indebtedness prior to its stated maturity or occurs at the final maturity thereof;

(6) any guarantee of the debt securities of that series ceases to be in full force and effect (except as contemplated by the terms of the indenture) or is declared in a judicial proceeding to be null and void, or Federated denies or disaffirms in writing its obligations under its guarantee;

(7) specified events of bankruptcy, insolvency, or reorganization involving Federated Holdings or Federated; and

(8) any other Event of Default provided with respect to debt securities of that series.

Pursuant to the Trust Indenture Act of 1939, the trustee is required, within 90 calendar days after the occurrence of a default in respect of any series of debt securities, to give to the holders of the debt securities of that series notice of all uncured defaults known to it, except that:

in the case of a default in the performance of any covenant of the character contemplated in clause (4) above, no notice will be given until at least 30 calendar days after the occurrence of the default; and

other than in the case of a default of the character contemplated in clause (1), (2) or (3) above, the trustee may withhold notice if and so long as it in good faith determines that the withholding of notice is in the interests of the holders of the debt securities of that series.

If an Event of Default described in clause (7) above occurs, the principal of, and any premium and accrued interest on the debt securities of that series will become immediately due and payable without any declaration or other act on the part of the trustee or any holder of the debt securities of that series. If any other Event of Default with respect to debt securities of any series occurs and is continuing, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount of all debt securities of that series to be due and payable immediately. However, at any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree based on such acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series may, under specified circumstances, rescind and annul such acceleration. See **Modification and Waiver** below.

Subject to the duty of the trustee to act with the required standard of care during an Event of Default, the trustee will have no obligation to exercise any of its rights or powers under the indenture at the request or direction of the holders of debt securities, unless holders of debt securities shall have offered to the trustee reasonable security or indemnity. Subject to the provisions of the indenture, including those requiring security or indemnification of the trustee, the holders of a majority in principal amount of the debt securities of any series will have the right to direct the time, method, and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series.

No holder of a debt security of any series will have any right to institute any proceeding with respect to the indenture or for any remedy thereunder unless:

the holder has previously given to the trustee written notice of a continuing Event of Default with respect to the debt securities of that series;

the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have requested in writing that the trustee institute a proceeding as trustee in respect of the Event of Default;

the holder or holders have offered reasonable indemnity to the trustee to institute the proceeding as trustee;

Table of Contents

the trustee has not received from the holders of a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with the written request; and

the trustee has failed to institute the proceeding within 60 calendar days after receipt of the written request.

However, the limitations described above do not apply to a suit instituted by a holder of a debt security for enforcement of payment of the principal of and any premium or interest on such debt security on or after the applicable due dates for the payment of such obligations.

Federated Holdings is required to furnish to the trustee annually a statement as to the performance of its obligations under the indenture and as to any default in its performance.

Any additional Events of Default with respect to any series of debt securities, and any variations from the foregoing Events of Default applicable to any series of debt securities, will be described in an applicable prospectus supplement.

Modification and Waiver

In general, modifications and amendments of the indenture may be made by Federated Holdings, Federated and the trustee with the consent of the holders of not less than a majority in principal amount of the outstanding debt securities of each series affected thereby. However, no modification or amendment of the indenture may, without the consent of the holder of each outstanding debt security affected thereby:

change the stated maturity of, or any installment of principal of, or interest on, any debt security;

reduce the principal amount of, the rate of interest on, or the premium, if any, payable upon the redemption of, any debt security;

reduce the amount of principal of an original issue discount security payable upon acceleration of the maturity thereof;

change the place or currency of payment of principal of, and any premium or interest on, any debt security;

impair the right to institute suit for the enforcement of any payment on or with respect to any debt security on or after the stated maturity or prepayment date thereof; or

reduce the percentage in principal amount of outstanding debt securities of any series required for modification or amendment of the indenture or for waiver of compliance with certain provisions of the indenture or for waiver of certain defaults.

The holders of at least a majority in principal amount of the outstanding debt securities of any series may, on behalf of the holders of all debt securities of that series, waive Federated Holdings' compliance with specified covenants of the indenture. The holders of at least a majority in principal amount of the outstanding debt securities of any series may, on behalf of the holders of all debt securities of that series, waive any past default under the indenture with respect to that series, except:

a default in the payment of the principal of, any premium or interest on, any debt security of that series; or

a default of a provision of the indenture that cannot be modified or amended without the consent of the holder of each outstanding debt security of that series.

Defeasance

Unless otherwise specified in a prospectus supplement applicable to a particular series of debt securities and except as described below, upon compliance with the applicable requirements described below, Federated Holdings:

(1) will be deemed to have been discharged from its obligations with respect to the outstanding debt securities of that series; or

Table of Contents

(2) will be released from its obligations to comply with certain covenants described under Certain Covenants of Federated Holdings above and from certain prohibitions against consolidations, mergers, and the transfer of its assets described under Limitations on Merger and Other Transactions below with respect to the outstanding debt securities of that series, and the occurrence of an event described in any of clauses (3), (4), (5) and (8) under Events of Default above will no longer be an Event of Default with respect to the debt securities of that series except to the limited extent described below.

Following any defeasance described in clause (1) or (2) above, Federated Holdings will continue to have specified obligations under the indenture, including obligations to register the transfer or exchange of debt securities of the applicable series; replace destroyed, stolen, lost, or mutilated debt securities of the applicable series; maintain an office or agency in respect of the debt securities of the applicable series; and hold funds for payment to holders of debt securities of the applicable series in trust. In the case of any defeasance described in clause (2) above, any failure by Federated Holdings to comply with its continuing obligations may constitute an Event of Default with respect to the debt securities of the applicable series as described in clause (4) under Events of Defaults above.

In order to effect any defeasance described in clause (1) or (2) above, Federated Holdings must irrevocably deposit with the trustee, in trust, money or specified government obligations (or depositary receipts therefor) that through the scheduled payment of principal and interest in accordance with their terms will provide, without reinvestment, money in an amount sufficient to pay all of the principal and any premium and interest on the debt securities of such series on the dates such payments are due in accordance with the terms of such debt securities. In addition, among other things:

no Event of Default or event which with the giving of notice or lapse of time, or both, would become an Event of Default under the indenture shall have occurred and be continuing on the date of such deposit;

no Event of Default or any event described in clause (7) under Events of Default above shall have occurred and be continuing at any time on or prior to the 124th calendar day following the date of deposit;

in the event of any defeasance described in clause (1) above, Federated Holdings shall have delivered to the trustee an opinion of outside counsel, stating that (a) it has received from, or there has been published by, the United States Internal Revenue Service a ruling or (b) there has been a change in applicable federal income tax law, in either case to the effect that, among other things, the holders of the outstanding debt securities of such series will not recognize gain or loss for United States federal income tax purposes as a result of such deposit or defeasance and will be subject to United States federal income tax in the same manner as if such deposit or defeasance had not occurred;

in the event of any defeasance described in clause (2) above, Federated Holdings shall have delivered to the trustee an opinion of outside counsel to the effect that, among other things, the holders of the outstanding debt securities of such series will not recognize gain or loss for United States federal income tax purposes as a result of such deposit or defeasance and will be subject to United States federal income tax in the same manner as if such deposit or defeasance had not occurred;

Federated Holdings shall have delivered to the trustee an officer's certificate to the effect that (a) the debt securities of such series, if then listed on any securities exchange, will not be delisted solely as a result of such deposit and (b) any defeasance described in clause (1) or (2) above shall not result in a breach or violation of, or constitute a default under, any agreement to which Federated Holdings is a party or violate any law to which Federated Holdings is subject; and

Federated Holdings shall have delivered to the trustee a certificate from a nationally recognized firm of independent accountants or other person acceptable to the trustee expressing their opinion that the payments of

principal and interest when due on the deposited government obligations plus any deposited money will provide the cash at such times and in such amounts as will be sufficient to pay the principal of and any premium and interest when due on the debt securities of such series on the respective maturities or on any earlier date or dates on which the debt securities of such series shall be subject to redemption at the option of the holder thereof.

Table of Contents

If Federated Holdings fails to comply with its remaining obligations under the indenture with respect to the debt securities of the applicable series following a defeasance described in clause (2) above and the debt securities of that series are declared due and payable because of the occurrence of any undefeased Event of Default, the amount of money and government obligations on deposit with the trustee may be insufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from such Event of Default. However, Federated Holdings will remain liable in respect of such payments.

Satisfaction and Discharge

Federated Holdings, at its option, may satisfy and discharge the indenture (except for specified obligations of Federated Holdings and the trustee, including, among others, the obligations to apply money held in trust) when:

either:

(1) all of the debt securities previously authenticated and delivered under the indenture (subject to specified exceptions relating to debt securities that have otherwise been satisfied or provided for) have been delivered to the trustee for cancellation; or

(2) all of the debt securities not previously delivered to the trustee for cancellation have become due and payable, will become due and payable at their stated maturity within one year, or are to be called for redemption within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee, and Federated Holdings has deposited or caused to be deposited with the trustee as trust funds for such purpose an amount sufficient to pay and discharge the entire indebtedness on such debt securities, for principal and any premium and interest to the date of such deposit (in the case of debt securities which have become due and payable) or to the stated maturity or redemption date, as the case may be;

Federated Holdings has paid or caused to be paid all other sums payable by it under the indenture; and

Federated Holdings has delivered to the trustee an officer's certificate and an opinion of counsel, each to the effect that all conditions precedent relating to the satisfaction and discharge of the indenture have been satisfied.

Limitations on Merger and Other Transactions

Prior to the satisfaction and discharge of the indenture, Federated Holdings may not consolidate with or merge with or into any other person, or transfer all or substantially all of its properties and assets to another person unless:

either

(1) Federated Holdings is the continuing or surviving person in the consolidation or merger; or

(2) the person (if other than Federated Holdings) formed by the consolidation or into which Federated Holdings is merged or to which all or substantially all of the properties and assets of Federated Holdings are transferred is a corporation, partnership, limited liability company, business trust, trust or other legal entity organized and validly existing under the laws of the United States, any State thereof, or the District of Columbia, and expressly assumes, by a supplemental indenture, all of Federated Holdings' obligations under the debt securities and the indenture;

immediately after the transaction and the incurrence or anticipated incurrence of any indebtedness to be incurred in connection therewith, no Default exists; and

an officer's certificate is delivered to the trustee to the effect that both of the conditions set forth above have been satisfied and an opinion of outside counsel has been delivered to the trustee to the effect that the first condition set forth above has been satisfied.

The continuing, surviving, or successor person will succeed to and be substituted for Federated Holdings with the same effect as if it had been named in the indenture as a party thereto, and thereafter the predecessor person will be relieved of all obligations and covenants under the indenture and the debt securities.

Table of Contents

Governing Law

The indenture is, and the debt securities will be, governed by, and construed in accordance with, the laws of the State of New York.

Regarding the Trustee

The indenture and the Trust Indenture Act contain specified limitations on the right of the trustee, should it become a creditor of Federated Holdings within three months of, or subsequent to, a default by Federated Holdings to make payment in full of principal of or interest on any series of debt securities issued pursuant to the indenture when and as the same becomes due and payable, to obtain payment of claims, or to realize for its own account on property received in respect of any such claim as security or otherwise, unless and until such default is cured. However, the trustee's rights as a creditor of Federated Holdings will not be limited if the creditor relationship arises from, among other things:

the ownership or acquisition of securities issued under any indenture or having a maturity of one year or more at the time of acquisition by the trustee;

specified advances authorized by a receivership or bankruptcy court of competent jurisdiction or by the indenture;

disbursements made in the ordinary course of business in its capacity as indenture trustee, transfer agent, registrar, custodian, or paying agent or in any other similar capacity;

indebtedness created as a result of goods or securities sold in a cash transaction or services rendered or premises rented; or

the acquisition, ownership, acceptance, or negotiation of specified drafts, bills of exchange, acceptances, or other obligations.

The indenture does not prohibit the trustee from serving as trustee under any other indenture to which Federated Holdings may be a party from time to time or from engaging in other transactions with Federated Holdings. If the trustee acquires any conflicting interest within the meaning of the Trust Indenture Act and there is an Event of Default with respect to any series of debt securities, the trustee must eliminate the conflict or resign.

DESCRIPTION OF FEDERATED CAPITAL STOCK

Authorized Capital Stock

Federated is authorized to issue 1,125 million shares of capital stock, consisting of 1,000 million shares of common stock, par value \$0.01 per share, and 125 million shares of preferred stock, par value \$0.01 per share.

Common Stock

Holders of Federated common stock are entitled to one vote for each share held of record on all matters submitted to a vote of stockholders. Upon satisfaction of Federated's obligations to preferred stockholders, holders of Federated common stock may receive dividends when declared by the Federated board of directors. If Federated liquidates, dissolves or winds-up its business, holders of Federated common stock will share equally in the assets remaining after Federated pays all of its creditors and satisfies all of its obligations to preferred stockholders. Holders of Federated

common stock have no conversion, preemptive, subscription or redemption rights. Federated common stock is traded on the New York Stock Exchange under the symbol FD. The registrar and transfer agent for the common stock is The Bank of New York.

Preferred Stock

The Federated board of directors can, without approval of stockholders, issue one or more series of preferred stock. The board can determine the number of shares of each series and the rights, preferences and limitations of each series, including dividend rights, voting rights, conversion rights, redemption rights and any liquidation

Table of Contents

preferences and the terms and conditions of the issue. In some cases, the issuance of preferred stock could delay, defer or prevent a change in control of Federated and make it harder to remove present management, without further action by Federated stockholders. Under some circumstances, preferred stock could also decrease the amount of earnings and assets available for distribution to holders of Federated common stock if Federated liquidates or dissolves and could also restrict or limit dividend payments to holders of Federated common stock.

Federated has not issued any shares of preferred stock to date, and Federated does not plan to issue any shares of preferred stock.

Purposes and Effects of Certain Provisions of Federated's Certificate of Incorporation and By-laws

General

Federated's certificate of incorporation and by-laws contain provisions that could make more difficult the acquisition of control of Federated by means of a tender offer, open market purchases, a proxy contest or otherwise. A description of these provisions is set forth below.

Removal of Directors

Federated's certificate of incorporation provides that, except as may be otherwise provided by the terms of any series of preferred stock, a director may only be removed at any annual or special meeting of Federated's stockholders, the notice of which states that the removal of a director or directors is among the purposes of the meeting, by the affirmative vote of the holders of at least 80% of the then-outstanding shares of its voting stock entitled to vote in the election of directors, voting together as a single class. Federated's certificate of incorporation also requires the approval of the holders of at least 80% of the then-outstanding shares of its voting stock entitled to vote in the election of directors, voting together as a single class, to amend, alter or repeal any provision of Federated's certificate of incorporation governing the removal of directors.

Limitation of Director Liability

Federated's certificate of incorporation provides that, to the full extent permitted by the Delaware General Corporation Law or any other applicable law currently or hereafter in effect, no director will be personally liable to Federated or its stockholders for or with respect to any acts or omissions in the performance of his or her duties as a director of Federated. This provision in Federated's certificate of incorporation may have the effect of reducing the likelihood of derivative litigation against Federated's directors and may discourage or deter stockholders or management from bringing a lawsuit against Federated's directors for breach of their duty of care, even though such an action, if successful, might otherwise have benefited Federated and its stockholders. These provisions do not limit or affect a stockholder's ability to seek and obtain relief under federal securities laws.

No Stockholder Action by Written Consent

Federated's certificate of incorporation provides that any action required or permitted to be taken by the Federated stockholders must be effected at a duly called annual or special meeting of stockholders and may not be effected by a written consent of Federated stockholders. This prevents Federated stockholders from initiating or effecting any action by written consent, thereby limiting the ability of Federated stockholders to take actions opposed by Federated's board of directors.

Federated's certificate of incorporation requires the approval of the holders of at least 80% of the then-outstanding shares of its voting stock entitled to vote in the election of directors, voting together as a single class, to amend, alter

or repeal any provision of Federated's certificate of incorporation prohibiting stockholder actions by written consent. However, if a majority, but less than 80%, of Federated's then-outstanding shares of voting stock entitled to vote in the election of directors, voting together as a single class, votes to amend, alter or repeal any provisions of Federated's certificate of incorporation prohibiting stockholder actions by written consent, such amendment, alteration or repeal will become effective 12 months after such approval.

Table of Contents

Special Meetings of Stockholders

Federated's certificate of incorporation and by-laws provide that special meetings of stockholders may be called only by the chairman of the Federated board of directors, the secretary of Federated upon receipt of a written request from a majority of directors (assuming no vacancies) or the Federated board of directors upon receipt of a written request from not less than 15% of Federated's voting stock entitled to vote in the election of directors, voting together as a single class.

Section 203 of the Delaware General Corporation Law

Federated's certificate of incorporation contains a provision substantially the same as Section 203 of the Delaware General Corporation Law. Thus, Federated is subject to Section 203, which prohibits publicly held Delaware corporations from engaging in a business combination with an interested stockholder for a period of three years following the time of the transaction in which the person or entity became an interested stockholder, unless:

prior to that time, either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder is approved by the board of directors of the corporation;

upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the outstanding voting stock of the corporation, excluding for this purpose shares owned by persons who are directors and also officers of the corporation and by specified employee benefit plans; or

at or after such time the business combination is approved by the board of directors of the corporation and by the affirmative vote of at least 66 $\frac{2}{3}$ % of the outstanding voting stock which is not owned by the interested stockholder.

For the purposes of Section 203, a business combination is broadly defined to include mergers, asset sales and other transactions resulting in a financial benefit to the interested stockholder. An interested stockholder is a person who, together with affiliates and associates, owns or within the immediately preceding three years did own 15% or more of the corporation's voting stock.

DESCRIPTION OF DEPOSITARY SHARES

Federated may offer depositary shares (either separately or together with other securities) representing fractional shares of Federated's preferred stock of any series. In connection with the issuance of any depositary shares, Federated will enter into a deposit agreement with a bank or trust company, as depositary, which will be named in the applicable prospectus supplement. Depositary shares will be evidenced by depositary receipts issued pursuant to the related deposit agreement. Immediately following Federated's issuance of the security related to the depositary shares, Federated will deposit the shares of its preferred stock with the relevant depositary and will cause the depositary to issue, on Federated's behalf, the related depositary receipts. Subject to the terms of the deposit agreement, each owner of a depositary receipt will be entitled, in proportion to the fraction of a share of preferred stock represented by the related depositary share, to all the rights, preferences and privileges of, and will be subject to all of the limitations and restrictions on, the preferred stock represented by the depositary receipt (including, if applicable, dividend, voting, conversion, exchange, redemption, sinking fund, repayment at maturity, subscription and liquidation rights).

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of debt securities of Federated Holdings, common stock, preferred stock or depositary shares of Federated or any combination thereof. Warrants may be issued independently or together with any other securities offered by a prospectus supplement. Warrants may be attached to or separate from such securities. Warrants may be issued under warrant agreements to be entered into among Federated and/or Federated Holdings and a warrant agent specified in the applicable prospectus supplement. The warrant agent will act solely as an agent of Federated and/or Federated Holdings in connection with the warrants of a particular series

Table of Contents

and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

The applicable prospectus supplement will describe the terms of the warrants in respect of which this prospectus is being delivered, including, where applicable, the following:

the title of such warrants;

the aggregate number of such warrants;

the price or prices at which such warrants will be issued;

the designation, number and terms of the debt securities of Federated Holdings, the common stock, preferred stock or depositary shares of Federated or combination thereof, purchasable upon exercise of such warrants;

the designation and terms of the other securities, if any, with which such warrants are issued and the number of such warrants issued with each such security;

the date, if any, on and after which such warrants and the related underlying securities will be separately transferable;

the price at which each underlying security purchasable upon exercise of such warrants may be purchased;

the date on which the right to exercise such warrants shall commence and the date on which such right shall expire;

the minimum amount of such warrants which may be exercised at any one time;

information with respect to book-entry procedures, if any;

a discussion of any applicable federal income tax considerations; and

any other terms of such warrants, including terms, procedures and limitations relating to the transferability, exchange and exercise of such warrants.

DESCRIPTION OF PURCHASE CONTRACTS

We may issue purchase contracts, including contracts obligating holders to purchase from us, and for us to sell to holders, a specific or varying number of debt securities of Federated Holdings, shares of common stock, preferred stock or depositary shares of Federated, warrants, or securities of an entity unaffiliated with us, or any combination of the above, at a future date or dates. Alternatively, the purchase contracts may obligate us to purchase from holders, and obligate holders to sell to us, a specific or varying number of debt securities of Federated Holdings, shares of common stock, preferred stock or depositary shares of Federated, warrants, or other property, or any combination of the above. The price of the securities or other property subject to the purchase contracts may be fixed at the time the purchase contracts are issued or may be determined by reference to a specific formula described in the purchase contracts. We may issue purchase contracts separately or as a part of units each consisting of a purchase contract and one or more of the other securities of Federated Holdings and/or Federated described in this prospectus or securities of third parties, including U.S. Treasury securities, securing the holder's obligations under the purchase contract. The purchase contracts may require us to make periodic payments to holders or vice versa and the payments may be

unsecured or pre-funded on some basis. The purchase contracts may require holders to secure the holder's obligations in a manner specified in the applicable prospectus supplement.

The applicable prospectus supplement will describe the terms of any purchase contracts in respect of which this prospectus is being delivered, including, to the extent applicable, the following:

whether the purchase contracts obligate the holder or us to purchase or sell, or both purchase and sell, the securities subject to purchase under the purchase contract, and the nature and amount of each of those securities, or the method of determining those amounts;

whether the purchase contracts are to be prepaid or not;

Table of Contents

whether the purchase contracts are to be settled by delivery, or by reference or linkage to the value, performance or level of the securities subject to purchase under the purchase contract;

any acceleration, cancellation, termination or other provisions relating to the settlement of the purchase contracts; and

whether the purchase contracts will be issued in fully registered or global form.

DESCRIPTION OF UNITS

We may issue units comprising one or more securities of Federated Holdings and/or Federated described in this prospectus in any combination. Units may also include debt obligations of third parties, such as U.S. Treasury securities. Each unit will be issued so that the holder of the unit also is the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately at any time or at any time before a specified date or occurrence.

The applicable prospectus supplement will describe the terms of any units in respect of which this prospectus is being delivered, including, to the extent applicable, the following:

the designation and terms of the units and the securities included in the units, including whether and under what circumstances those securities may be held or transferred separately;

any provision for the issuance, payment, settlement, transfer or exchange of the units or of the securities included in the units; and

whether the units will be issued in fully registered or global form.

RATIO OF EARNINGS TO FIXED CHARGES

The following table shows Federated's historical ratio of earnings to fixed charges for the twenty-six weeks ended July 29, 2006 and each of the previous five fiscal years. Federated's ratio of earnings to fixed charges for each of the periods set forth below has been computed on a consolidated basis and should be read in conjunction with the consolidated financial statements, including the notes to those financial statements, and other information set forth in the reports filed by Federated with the SEC.

For purposes of determining the ratio of earnings to fixed charges, earnings consist of income from continuing operations before income taxes plus fixed charges (excluding interest capitalized). Fixed charges represent interest incurred, amortization of debt expenses, and that portion of rental expenses on operating leases deemed to be the equivalent of interest.

USE OF PROCEEDS

We intend to use the net proceeds from the sales of the securities described in this prospectus as set forth in the applicable prospectus supplement.

CERTAIN LEGAL MATTERS

In connection with particular offerings of the securities in the future, and if stated in the applicable prospectus supplements, the validity of those securities may be passed upon for us by Dennis J. Broderick, Federated's Senior Vice President, General Counsel and Secretary or by Jones Day, as our counsel, and for any underwriters or agents by counsel named in the applicable prospectus supplement.

Item 15. *Indemnification of Directors and Officers.*

Sections 721 through 726 of Article 7 of the New York Business Corporation Law, which is applicable to Federated Holdings, provide, in general, that a corporation may indemnify a director or officer made a party to an action (i) by a corporation or in its right in order to procure a judgment in its favor unless he shall have breached his duties, or (ii) other than an action by or in the right of the corporation in order to procure a judgment in its favor, against judgments, fines, amounts paid in settlement and reasonable expenses, including attorneys fees actually and necessarily incurred as a result of such action or proceeding, if such director or officer acted in good faith and in a manner he reasonably believed to be in or, in certain cases not opposed to, such corporation s interest and additionally, in criminal actions, had no reasonable cause to believe his conduct was unlawful. The statutory provisions for indemnification and advancement of expenses are not exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled independently of the applicable statutory provision.

Section 145 of the Delaware General Corporation Law, which is applicable to Federated, provides, in general, that each director and officer of a corporation may be indemnified against expenses (including attorneys fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with any threatened, pending or completed legal proceedings in which he or she is involved by reason of the fact that he or she is or was a director or officer, if he or she acted in good faith and in a manner that he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, if he or she had no reasonable cause to believe that his or her conduct was unlawful. If the legal proceeding, however, is by or in the right of the corporation, the director or officer may not be indemnified in respect of any claim, issue or matter as to which he or she has been adjudged to be liable to the corporation unless a court determines otherwise.

Federated Holdings by-laws provide for the indemnification of directors and officers of Federated Holdings to the fullest extent permitted by applicable law. Federated s certificate of incorporation and by-laws provide for the

indemnification of Federated's directors and officers to the fullest extent permitted by applicable law.

Federated also maintains insurance for officers and directors (including the officers and directors of Federated Holdings) against certain liabilities that such persons may incur in their capacities as such.

Pursuant to separate indemnification agreements with Federated, the directors and certain officers of Federated (including the directors and certain officers of Federated Holdings) are indemnified against certain liabilities that such persons may incur in their capacities as such, to the fullest extent permitted by applicable law.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrants pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrants under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, in a primary offering of securities of the undersigned registrants pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrants will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrants relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrants or used or referred to by the undersigned registrants;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrants or their securities provided by or on behalf of the undersigned registrants; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrants to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrants annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrants has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
