**Item 1.01. Entry into a Material Definitive Agreement.**

On November 24, 2008 (the Effective Date ), EchoStar 77 Corporation ( EchoStar 77 ), a direct wholly-owned subsidiary of EchoStar Corporation ( EchoStar ), entered into a satellite service agreement (the Satellite Agreement ) with SES Latin America S.A. ( SES ), which provides, among other things, for the provision by SES to EchoStar 77 of service on thirty-two (32) BSS transponders on the new QuetzSat-1 satellite expected to be placed in service at the 77° W.L. orbital location, all in accordance with the terms and conditions of the Satellite Agreement. SES will start the procurement process for the QuetzSat-1 satellite immediately. On November 24, 2008, EchoStar 77 also entered into a transponder service agreement with DISH Network L.L.C. ( DISH L.L.C. ), a wholly-owned subsidiary of DISH Network Corporation ( DISH Network ), pursuant to which DISH L.L.C. will receive service from EchoStar on twenty-four (24) of the BSS transponders covered by the Satellite Agreement (the DISH Agreement ). DISH Network was EchoStar's former parent corporation and is an affiliate of EchoStar by virtue of their common controlling shareholder, Charles W. Ergen. In addition, certain officers and directors of DISH Network, including Charles W. Ergen, are also directors and officers of EchoStar. The remaining eight (8) BSS transponders on the QuetzSat-1 satellite are expected to be used by Dish Mexico, an EchoStar joint venture, to provide direct-to-home (DTH) services in Mexico.

Under the terms of the Satellite Agreement, EchoStar 77 will make certain up-front payments to SES through the service commencement date on the QuetzSat-1 satellite and thereafter will make certain monthly payments to SES for the remainder of the service term. Unless earlier terminated under the terms and conditions of the Satellite Agreement, the service term will expire ten years following the actual service commencement date of the QuetzSat-1 satellite. Upon expiration of the initial term, EchoStar 77 has the option to renew the Satellite Agreement on a year-to-year basis through the end-of-life of the QuetzSat-1 satellite. Upon a launch failure, in-orbit failure or end-of-life of the QuetzSat-1 satellite, and in certain other circumstances, EchoStar 77 has certain rights to receive service from SES on a replacement satellite.

Under the terms of the DISH Agreement, DISH L.L.C. will make certain monthly payments to EchoStar 77 commencing when the QuetzSat-1 satellite is placed into service (the In-Service Date ) and continuing through the service term. Unless earlier terminated under the terms and conditions of the DISH Agreement, the service term will expire ten years following the In-Service Date. Upon expiration of the initial term, DISH L.L.C. has the option to renew the DISH Agreement on a year-to-year basis through the end-of-life of the QuetzSat-1 satellite. Upon a launch failure, in-orbit failure or end-of-life of the QuetzSat-1 satellite, and in certain other circumstances, DISH L.L.C. has certain rights to receive service from EchoStar 77 on a replacement satellite.
