State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

In May 2006, we were mentioned in a report suggesting that the Company was at moderate risk for options backdating (the Report) with respect to its annual grants of options to all employees of the Company dated October 28, 1999 and November 20, 2000. Shortly after the Report appeared, we were contacted by the Securities and Exchange Commission (SEC) with respect to our option practices for the years mentioned in the Report. We have cooperated fully with the SEC's informal inquiry, which is ongoing. As a result of the appearance of the Report, and concurrent with the SEC's informal inquiry, the audit committee of the Board of Directors undertook an investigation into our option practices for the period 1999 to 2000 as well as for 2001 and 2002. The review was conducted with the assistance of outside legal counsel and outside accounting consultants. The audit committee has completed its investigation and has concluded that nothing has come to its attention that would cause it to believe that there are any instances where management of the Company or the compensation committee of the Company retroactively selected a date for the grant of stock options during the 1999 through 2002 period. Also, management reviewed its option grant practices for the period from 2003 to date. In the course of management's inquiry, we identified certain issues with respect to the measurement date for one grant in each of 2000 and 2005 and have determined that the accounting for the 2000 and 2005 grants needs to be adjusted. Although our review is ongoing, the Company has preliminarily determined that the aggregate non-cash, stock based compensation expenses related to the 2000 grant is approximately \$9.7 million. With respect to the 2005 grant, since the new measurement date for the 2005 grant had a lower stock price than that used in its original accounting, we do not believe any adjustment to our financial statements is required with respect to this grant.

The Company intends to restate its previously issued financial statements and accordingly will be amending its Annual Report on Form 10-K for the fiscal year ended March 31, 2006. Accordingly, the audit committee in consultation with management has concluded that financial statements and related communications for all periods beginning October 1, 2000 through March 31, 2006 should not be relied on. The Company does not expect any adjustments to the financial statements recently announced for the three months ended June 30, 2006. As a result of the foregoing, the Company was unable to file its Quarterly Report on Form 10-Q for the period ended June 30, 2006, as we were in the process of finalizing the accounting for these options.

The Company intends to file its Amended Annual Report on 10-K/A for fiscal year ended March 31, 2006 and its Quarterly Report for the quarter ended June 30, 2006 by Monday, August 14, 2006, however there can be no assurance that we will be able to do so.
